Huddleston Moves Shoe Shop

Moving day - Mr. Carver Huddleston is repair business from Main Street to Highway 36 (next to A.P. Smith's Barber Shop.)

Just Peanuts By Evelyn

I guess we can all breathe a sigh of relief once more - the expected freeze last night did no extensive damage to fruit trees or tender vegetation in the area, to my knowledge. Temperatures only remained below freezing for a short duration and no loss is estimated. Seems as though the mesquite trees missed their guess this year. With Easter being right around the corner, maybe our cold nights will be limited.

Congratulations to Ken Hounsel and Jami Long for their fine showing in the Eastland County Livestock Show this past weekend. Keep up the good work.

The local Jaycees have recently elected new officers and will have the installation of these people at the annual Jaycee Banquet to be held this year on March 31st in the High School gym.

The Rising Star track team is competing fast and furious this year in local meets. The Wildcat Relays are scheduled to be held in Rising Star this weekend, March 25th - so all you parents and friends come and support these hard working youngsters.

A large turnout last Tuesday night for the First Annual Appreciation Fish Fry, sponsored by Winfrey Feed and Seed brought lots of compliments to the chef for the evening. Following the meal, slides were shown and information given pertaining to various herbicides, fertilizers and products represented by the following companies. Smith Douglas Fertilizer Co., Elanco, Mobil, and Nitragin Soil Implant. A representative from the Gold-Kist Peanut Company of Comanche was also present and talked to the group stressing competitive production with other southern states.

A number of people have asked for further information of the Day Care Center which opened in the southwest part of town a couple of months ago. I am sorry to report that the Center is no longer in operation and I know of no further developments with regard to someone else beginning operation in the near future.

A sunrise Easter service is in the planning stages. Further information will be disclosed at a later date.

Rising Star residents will still be able to bring their broken and torn shoes and boots to be fixed - Carver Huddleston, owner and operator of Star Shoe Shop has only moved to a new location. Only the location is not so new to Mr. Huddleston, some years ago the shop was located in this building and later moved when he and his wife, Lucille occupied the building on Main Street together for sixteen years.

Atwood Places Name In Ring

Roland Atwood

I, Roland Atwood am a candidate for the position of city councilman for the City of Rising Star.

I was born and raised here and also attended the Rising Star Public Schools. I have attended Cisco Junior College for two years.

I have been in the oil field for the past twenty years. If elected, I will do my utmost to uphold the honesty and integrity to the city and work to the best of my ability to make the necessary local changes to meet our present and future economic needs.

I am in favor of good city government and allowing our city to grow.

Your vote and support on April 2nd will be appreciated.

Grandson Of Local People Doing Fine After Surgery

John Wesley Flippin, twelve year old grandson of Mr. and Mrs. Thomas Flippin who recently underwent open heart surgery in Children's Medical Center in Dallas, is reportedly doing great.

The surgery which lasted from 8 a.m. to 3 p.m. was the fourth operation for the youth. Doctors anticipate a normal life for the lad which include participation in a number of sporting events. John is expected to be released from the hospital later in the week and is eternally grateful for all the wonderful people who donated blood to be used during the surgery.

Request Made To Housing Authority Board

A request has been made by the Department of Housing and Urban Development to the Housing Authority Board of Rising Star that the city require individual meters to the local housing units. At the present time, there is only one master meter for the entire project. The City Council has received this information and will act on this request in the near future.

Jaycees Elect Officers

The Rising Star Jaycees elected new officers for the year at their regular scheduled Thursday night meeting. Those who will serve are as follows: President: Randy Goldston; Internal Vice-President: Charlie Moore; External Vice-President: Jim Williams; Secretary-Treasurer: Morris Delong; State Director: Scott Felker; and Directors: Bobby Burns and Tommy Pernel. Outgoing officers are: President: David Harris; Vice-President: David Pollock and Secretary-Treasurer: Ray Daniels.

The annual Jaycee Banquet has been set for Thursday night, March 31st in the High School Gym. New officers will be installed at this event. Tickets will be available for \$3.00 each or 2 for \$5.00 from any members of the local Jaycees.

Food Stamp Workers Will No Longer Come To Area

The Eastland Food Stamp Workers will no longer make monthly visits to Rising Star, Gorman, Ranger or Cisco. If you wish to request an application or report changes, please call 629-1772, or write P.O. Box 471, Eastland, Texas 76448. The office is located on the third floor of the Eastland County Courthouse. If you are unable to come to the office, please call and the worker will make arrangements to visit your home.

Dennard Named To Dean's List

SAN MARCOS - Donald Dennard of Rising Star and Sue McInis of Eastland were among the 3377 Southwest Texas State University students whose fall semester grades earned them places on the Dean's List.

To make the regular Honor Roll, a student must be enrolled for a minimum of 12 semester hours of coursework, excluding physical education activities, and achieve at least an overall "B" average.

To make the Superior Honor Roll, requires grades of "A" in at least 12 of the required 15 semester hours of coursework and no lower than a "B" in the other three-hour course. This translates into a 3.8 grade-point average on the 4.0 scale for honor.

Undergraduate courses only are considered in the tabulated list. Incomplete, or "I" grades earned during the fall semester, disqualifies students from the Honor Rolls.

Dennard of Box 95 in Rising Star was on the regular Honor Roll.

Ms. McInis of 306 W. Patterson in Eastland also made the regular Honor Roll.

Chamberlain Asks For Support In The April 2nd Election

Charlie Chamberlain

I, Charlie Chamberlain, am a candidate for councilman for the city of Rising Star. I believe I have the know-how and the get-up-and-go to serve the people in this capacity. I have had 35 years of experience in plumbing contracting--which includes gas, water and sewer maintenance and repairs. I also worked for a number of years with El Paso Natural as Company, working on pipeline installation and maintenance.

Five years I was with the Army Corps of Engineers, at Biggs Field, Texas in utilities maintenance. I feel that the need, now, is to utilize our resources, and to start to work on our gas system then our streets. I feel that now is the time to encourage new business and industries. If Rising Star intends to grow, it should be now--not ten years from now.

I have served this community for the past 13 years, working in most all your homes as a plumber; I believe I have treated all with honesty and integrity. I can serve you as city councilman with the same fairness. If I am elected, I will work to the best of my ability to serve and help the people of Rising Star. If we need to make changes to meet our future economy, then changes should be made. We must endeavor to grow and advance, for standing still means only deterioration.

There are 1009 wonderful people in this city, so let's put our shoulders to the wheel, and start rolling.

I will appreciate your vote on April 2, 1977.

Charlie Chamberlain

FROM OUR CHURCHES

Church Of Christ

The New Testament speaks of the "New Birth" (John 3:3-21). It is said to be of "water and of the Spirit" (John 3:5). Is this purely an operation of God, through the overwhelming, formative action of His Spirit, or is it a cooperative process, involving both the work of God and man?

In Matthew 28:19, as well as in Mark 16:15 and Luke 24:46-49, Jesus sends his apostles out to "preach the Gospel to every creature." The end result of this was to be "salvation" (Mark 16:16) or "remission of sins" (Luke 24:47). Obviously, this was the definition of that which Jesus had called the "New Birth", in John 3; that which would permit one to "enter into the kingdom of God" (John 3:5). But, the question comes again: How does this come about?

When the Spirit came on Pentecost (Acts 2) and the Gospel was announced for the first time, by Peter, sinners were convicted through the message (Acts 2:37). Jesus had said that the Holy Spirit would do precisely that (John 16:7-11).

How was it done? Through the preached Word! Jesus called the word the "Seed of the kingdom" (Luke 8:11). James stresses the function of the word (James 1:18-25). Luke, in Acts, shows that in every case of conversion (or "New Birth"), the Good News was preached and acted upon.

Those who heard the word preached (the product of the Holy Spirit), believed; in God and in Jesus as his Son, repented (changed their love and practice with reference to sin) and were immersed (baptized) in water (Acts 2:36-38; 8:12; 8:35-39; 9:1-19; 10:34-48; 16:14-15; 16:29-34; 17:22-34; 18:8). Because water baptism followed Gospel preaching, faith and repentance, in every case, it is obvious that the water of John 3:5 can refer to nothing else but this.

Here then is the Biblical definition of the "New Birth". It is of the "water" and the "Spirit". It involves both the work of God and the reaction of man. God has provided the means (the blood of Jesus), has told us how to appropriate forgiveness (faith, repentance and baptism), which he offers through grace (Ephesians 2:8-9), and has urged that we accept this loving gift of his and live as "new creatures" (2 Corinthians 5:17).

Bible study should be a family affair. We have a Bible class for every age group: on Sunday at 9:30 a.m., on Wednesday at 7 p.m., and we urge also your attendance at the Assemblies: on Sunday at 10:30 a.m. and 6 p.m.

We extend our sympathy to Vonda White, following the death week before last of her mother Mrs. May Dillard, in Cross Plains. We also sorrow with Dehila Walker and the family, following the death of her first great-grandchild: the child of Mr. and Mrs. Randy Wynne, of Woodward, Oklahoma. Death came shortly after birth Monday before last.

Our sick seem to be improved. Ruth Middleton is home and able to be out some now. Vina White is also back home and was with us Sunday. Effie Williams says she is feeling better. Pearl Lockhart has been having a hard time lately, with all the dust. Buck Maples has not been feeling good the last several weeks. Several have the flu. Sue Barnes is doing some better.

We enjoyed having the two preachers with us from France Sunday before last, as well as the chorus from Crowley's Ridge Christian College.

God bless you during this week and beyond. Call us if we can serve you in any way.

"In Everything Give Thanks" When Paul and Silas were falsely accused, beaten and thrown into prison, they could have had a good reason to complain for their misfortune. But the beauty of this story is that they didn't. No doubt the severe beating they had received was painful and almost unbearable but instead of finding fault with their accusers and with God, they began to pray and praise God the condition they found themselves in. "And at midnight Paul and Silas prayed, and sang praises unto God: and the prisoners heard them" Acts 16:25.

Usually the midnight hour speaks of the pending doom of an angry God, to most Christians. That midnight hour suggests the hour of judgment. But has it ever dawned upon our minds that midnight is the beginning of a new day? Does it not suggest that the old is passed and the time for the new is about to begin? True, the hour may appear dark but nevertheless, as the hours begin to pass it becomes lighter and lighter with the full arrival of the sun.

"Rejoice evermore," wrote Paul. "Pray without ceasing. In everything give thanks: for this is the will of God in Christ Jesus concerning you." 1st Thes. 16:18. If we could learn this secret which Paul and Silas practiced we would find life much easier to understand and cope with. It is very hard to praise and give God thanks when things are going wrong. But it can be done!

Something happened when Paul and Silas praised God. The foundations of the prison were shaken and every door was opened and every prisoner's band were loosed. Practice giving thanks unto the Lord daily. See if it doesn't make a big difference in your life. Our attitude makes the difference. Our visions differ.

Two men stood in front of the prison window one night. One saw the stars, the other saw only the bars. Which one are you?

Learning to live with other people is both trying and difficult at times.

The Christian is not at a loss as to what and how to relate to other people. The Bible has much to say on the subject of human relations.

Think on the following from the book, of Proverbs.

"Every man is right in his own eyes."

"For lack of wood the fire goes out, and where there is no whisperer, contention ceases."

"A fool gives full vent to his anger, but the wise man, holding it back, quiets it."

"A brother offended is harder to be won than a strong city."

From Ecclesiastes we learn, "Two are better than one, because they gain great reward in their toil. For if they fall, the one will lift up his companion; but woe to the one alone who falls, when there is no other to lift him up."

Calvin A. Primus has written what he calls a "Short course in Human relations."

God is a good God! Are you a happy Christian today?? We should be a happy and joyous people. When one accepts Jesus Christ as his or her personal Savior and is born into the Family of God. That one is set free from the bondage of Sin and Becomes a new creature in Christ Jesus. Leaving behind the old way of life with its malice, hatred, selfishness, unkindness, bitterness, uncleanness, covetousness and fornication, and walking in a newness of life. A life filled with the fruits of the Spirit: "Love, Joy, Peace, Longsuffering, gentleness, goodness, faith, meekness and temperance." Galatians 5:22,23.

If we are not walking in the newness of life in Christ Jesus and bearing the fruits of the Spirit we are not a member of the Family of God. St. John 15:5: "I am the Vine, ye are the branches. He that abideth in me, and I in Him, the same bringeth forth much fruit; for without me, ye can do nothing."

St. John 15:2: Every branch in me that beareth not fruit he taketh away; and every branch that beareth fruit, He purgeth it that it may bring forth more fruit."

When we look at the fruit on a peach tree, we expect to see peaches. An apple tree bears apples, not lemons. So a Christian bears good fruit, the fruits of the Spirit, not the fruits of the flesh which are: Idolatry, witchcraft, hatred, variance, emulations, wrath, strife, seditious, heresies, envyings, Murders, drunkenness, revellings and such like." Galatians 5:20-21. "They which do such things shall not inherit the Kingdom of God." May we search our hearts and find an honest answer to this question. What kind of fruit am I bearing, the fruits of the Spirit or the fruits of the Flesh.

We invite you to come and visit with us. If you do not have a church home we extend a warm welcome to you to worship with us.

May God Bless each one.
Vernon McGinn Pastor

First United Methodist Church

Today it is very difficult for many people to have faith in God. This is because we have gone through a global war and the world has been brought to the brink of doubt and despair. All ages are not like our own, however, for faith in God rises and falls with the centuries. Ages of faith and doubt succeed one another. Today we are in a valley of religious indifference and doubt. This means that we must guard and nourish our religion very carefully of religious depression, most of us want a deep and thrilling faith in God. How can we have it?

The experience of other people often helps us to develop a faith of our own. Particularly when this experience is expressed by men of authority and people whom we trust, they are very helpful to us. It puts us at the receiving end of those words of Our Lord, when he said: "Let your light so shine before men that they may see your good works and glorify your Father who is in heaven."

Another basis for a vigorous religious faith is our own personal experience. Faith is not a theory; it is action. A person needs to act upon what faith he now has and thus make religion a matter of vital

experience. Try a regular devotional period every day for a month, and see what happens to your faith. Try living for a month as if you expected God and the world of nature and people to cooperate with you. See what happens. Attend regularly services of Divine Worship, eagerly and thoughtfully for a while and see whether God become more real to you.

Out of this crucible of your won experience there will come a renewal of your faith in God.

You will be living in harmony with him and therefore have the religious insight with which to be aware of his presence. God is the heart of our faith; he is its beginning and its end. He is the answer to our deepest questions. Seek him in a sincere determination and a new life will be opened up unto you.

Several of our membership are reported to be ill from some virus and colds, however, none are reported to be seriously affected. Mr. E.L. Amis has been discharged from the Hendricks Hospital in Abilene and is home recovering and doing very well. Mr. Ted Hudson was admitted to the Graham Memorial Hospital in Cisco last Saturday. It is not known at this time what his problems were, however, he is not serious and should be back home in a couple of days. For each of these, as for all our friends and members we lift our

prayers to our Heavenly Father and wish them the best of life inspite of our momentary problems.

May each and all find the happiness and the peace we want as we endeavor to witness and serve our Lord and Master. Come by and visit with us and if we can be of help one to another let us know. May Our good Lord find each of in Worship each Sunday.

Retirement Proofs

According to Glyn Hammons, manager of the Abilene Social Security office, this is a busy time of year because many people choose the early part of the year to retire and file for Social Security retirement benefits. Many unnecessary delays in receiving benefits can be avoided by bringing all necessary proofs and documents to the Social Security office when filing the original application.

Several items are nearly always necessary for the prompt processing of retirement applications. These are last year's W-2 forms or tax return if self-employed in order to be credited with prior year's work and earnings, military discharge papers for those who have been in the armed forces, and proofs of age.

Proof of age can consist of various types of document. The most preferable is a birth or baptismal certificate recorded before age five. Other things which can be used to prove a age are delayed birth certificates, family Bibles, school or census records, children's birth certificates, insurance policies, or other documents at least five years old that show age or date of birth.

If a spouse will also be applying for benefits, the five documents should be brought for that person.

Children of the retiring worker may also be eligible for benefits if they are under 18 years of age, or full-time students, or were handicapped before age 22. For these children, their birth certificates should be brought when applying as well as school information for students and medical information for handicapped children over age 18.

If the person filing for retirement benefits will bring as much of a necessary information and documentation as possible to the initial interview, his claim can be processed more promptly and benefits received more quickly.

If you have any questions concerning what to bring in to file your retirement application, phone 698-1360.

Peanut Industry Leaders Review

SAN ANTONIO, March 16-- (Spl.)...Key leaders of the Texas peanut industry met in San Antonio Friday (March 4) to review progress being made in peanut annual research and education activities.

Members of the Texas Peanut Producers Board heard major peanut program accomplishments from scientists with the Texas Agricultural Experiment Station and specialists with the Texas Agricultural Extension Service who work with the state's peanut industry. The Board provides annual grant funds that are supplemental to those provided by the Experiment Station and Extension Service for research and demonstration work with peanuts, explained Wendell Sellers of Floresville, board chairman.

On hand to present progress reports of peanut project work were about 25 scientists with the Experiment Station and more than a dozen Extension Service specialists who are headquartered at College Station, Yoakum and Stephenville. Dr. Olin Smith, associate professor of peanut breeding with the Experiment Station, and Dr. Leland D. Tripp, Extension agronomist for peanuts and oilseed crops, were conference coordinators.

Besides Chairman Sellers, other members of the Peanut Producers Board include Dick Palmore of Dublin, Billy Heiser of Pearsall, Steve Ridgeway of Pleasanton, J.O. Jackson, Jr., of Gorman, J.N. Pruitt of Mineral Wells, Bill Huff of Grapeland, Billy Carruth of DeLeon, and Lyndell Coan of DeLeon. Wayne Eaves of Gorman, executive secretary of the Peanut Producers Board, moderated the program.

Advisory Committee members who assist the Board include Earl Behrens of Mason; Calvin Felts, Telephone; Robert Jameson, Seminole; Carl Miller, Brookshire, and Ronnie Sells of Giddings.

Progress reports on projects

now underway were presented in consumer marketing, peanut utilization, featuring the blending of peanuts and milk proteins for cheese; nitrogen fixation progress, production demonstrations; work progress in harvesting, and a grower information series containing five components, including Southern blight, Segregation III peanuts, fungicide application, weather monitoring and plant parasites.

Other progress reports were given on the outlook for new breeding materials that are resistant to peanut diseases, screening for new germ plasm for disease resistance, and advances in insect and weed control project and demonstration work.

Among new areas for research and demonstration potentials were research on freeze damage to peanuts as a result of the recent severe winter, expansion of insect control projects, work on maturation of peanuts, new aspects of foliar (leaf) fertilization, interaction effects of soil nutrition on soil borne diseases, and disease control demonstrations based on the use of infrared photography.

Presenting progress reports were Texas Agricultural Experiment Station scientists Dr. J.P. Nichols, Dr. Karl Mattil, Dr. R.W. Weaver, Dr. J.W. Smith, Dr. T.E. Boswell, Dr. D.H. Smith, Dr. B.L. Jones, Dr. R.E. Pettit and Dr. O.D. Smith, while requests for new research potentials were presented by Dr. N.K. Person, Dr. A.M. Schubert, Dr. R.M. Jones and Dr. B.L. Jones.

Texas Agricultural Extension Service specialists who presented progress reports were Dr. Tripp, Dr. C. Wendell Horne and Dr. Thomas A. Lee, Jr., Ben R. Spears, former Extension agronomist, now retired, reported on progress being made on a peanut harvester digger that he has designed. New potentials for peanut demonstration work were outlined by Dr. Horne and Dr. Lee.

Telephone Companies

Testify At Senate Hearings

DALLAS, TEXAS, March 18, 1977--The nation's independent telephone companies will return to Congress this month to testify at Senate hearings on an issue which the telephone industry considers a major threat to the low cost basic phone service now being provided to consumers.

"Hearings on the future of telecommunications, including the impact of Federal Communications Commission policies fostering so-called competition, have been set by the Senate communications sub-committee for late March," James F. Miles, President of Continental Telephone Company of Texas, said.

Wilson B. Garnett, President of the U.S. Independent Telephone Association, will testify March 28 on behalf of independent phone companies and customers. Other witnesses will include Paul H. Henson, Chairman of the United Telecommunications, Inc., one of the largest non-Bell System holding companies, and R.G. Nehring, President of Arizona Telephone Co., a small company serving less than 1000 people.

USITA is a national trade group which represents the interests of the 1,600 non-Bell System companies.

Independent (non-Bell) telephone companies serve over 28 million telephones in more than half of the nation's telephone territory, and Continental Telephone Company of Texas serves approximately 143,330 telephones in 176 exchanges.

The Senate testimony follows three days of House hearings last September into the issue of so-called competition in communications. The industry states that recent decisions by

the Federal Communications Commission will cause higher rates for residential and small business users, and therefore are not in the public interest. The FCC has permitted customers to own their own telephone equipment, and has allowed non-telephone companies to provide intercity communications services to business firms.

"Last year the whole telephone industry supported the principles behind the Consumer Communications Reform Act, which nearly 200 Representatives and Senators co-sponsored, to encourage Congress to review national communications policy," Miles stated. "The same legislations has been reintroduced in this Congress and already has over 50 sponsors--more than at the comparable times in the last session."

"Objective outside studies done for USTA indicate the FCC policies will cause rate increases up to 60 per cent (excluding inflation) by 1985 for basic residential, rural and small business service," he said. "That is why we are particularly pleased to see the Senate joining the House in reviewing this issue."

"The telephone companies could successfully meet competition, but to do so we would have to change our pricing structure so that each type of customer would be charged according to the costs of providing his type of service. This inevitably would mean higher rates for residential consumers, whose rates purposely have been kept low to meet the objectives of the Communications Act of 1934," Miles stated. That legislation called for low cost, widespread telephone service for all Americans.

Saturday Club Hears Mayor Candidates

Mrs. Horace White and Miss Elizabeth Robertson were hostesses for the Saturday club March 16th.

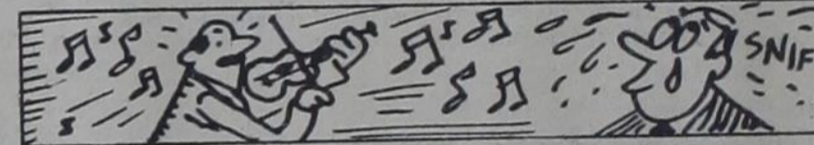

In the absence of the program chairman Mrs. Ed Witt, president, introduced the speakers. They were Mr. John Lee and Mr. W.G. Reed who are candidates for Mayor of our town. They each made a good talk and promise to give our city their time and support if elected. We appreciated their willingness to come and give us their ideas on what they think our town needs. The president thanked them for coming after the candidates made their talk, we had another speaker on the program.

Mrs. Jack Thomas from the Extension department of Eastland made a talk and showed slides on the Metric system to be used in the kitchen she saves in the near future this

will be the measurement system we will use-we are wondering if it won't be difficult for us to change from our old method, "a little of this and a little of that," or a cup full or table spoonful.

After the slides we had a short business session. Fifteen members answered to roll call, with three visitors Mrs. Frank Jacobs, Mrs. James Rutherford and Mrs. Jack Thomas. Delicious refreshments were served by the hostesses chicken and cheese sandwiches with pickles and cheese twists also fruit nut bars with coffee.

The table was beautiful covered with a lace cloth centered with a vase of flowering almond and Japonica. The Club will meet again April 6th with Mrs. E. B. McCollum as hostess and Mrs. Carl Marsh as program Chairman.

4-H Contests To Be Held

March 25th, 7:30 p.m. the Eastland County 4-H Contests will be held at the Cisco High School Auditorium.

Now, you might ask, just what kind of contest is this? 4-Hers (individual or a team or two) prepare a Method Demonstration in some area of 4-H in which they are interested. These can range from peanut production, to child abuse, to safety tips for a trip. In the demonstration, they actually show how to do something or explain how to do others. For instance: in a hand skills demonstration on cake decorating, a 4-Her would actually use icing use icing to

what each member liked to do best.

Plans are being made for the next meeting at which time there will be a covered dish luncheon. The date for the meeting is Thursday, March 24th at 11:30 a.m. Brother Dick Williams, of the First Baptist Church will be the guest speaker.

Quilting is scheduled to begin at this session.

Our thanks to those who contributed to our needs: Mr. Bill Reed, Mrs. Della Webb, Mrs. Dora Parent, the Boy Scouts, West Texas Utilities, Mrs. Breeding and Mr. Geye and the Ag. Boys for helping move these things.

Anyone needing transportation may call these numbers: 643-3731; 643-3347; 643-4751.

Refreshments were served by Mrs. Margaret Livingston, Mary Harper and Edie Anderson.

A prayer was led by Mr. G.E. McDonald.

Games and a lesson on macrame were led by Della Webb. A good time was had by all. Come join us next Thursday.

make decorations for a cake while explaining steps in preparation.

Much work is put into these demonstrations. 4-Hers must gather material, then prepare their talk outline, and actually learn to do the demonstration.

Most talks are limited to 12 minutes and can be junior (9-14) or senior (14-19) 4-H members. There are 26 demonstrations areas possible.

If a demonstration wins at the County level, it proceeds to district competition on April 23. Then district winning seniors attend the State 4-H Round-Up, June 7-9 at College Station.

New Rules For Earned Income

Dallas - New rules for claiming the earned income credit make more low income families eligible for the credit for 1976, the Internal Revenue Service today said.

Since a number of persons overlooked this tax benefit last year, the IRS urged all taxpayers to read the tax return instruction carefully to see if they qualify for the credit.

The refundable credit, originally enacted by the 1975 Tax Reduction Act with rules liberalized by the 1976 Tax Reform Act, is available to qualified taxpayers even if their incomes are not high enough to require them to file a return.

To qualify for the earned income credit, the taxpayer's adjusted gross income or earned income, whichever is larger, must be less than \$8,000. Earned income means wages, salaries, tips and other employee compensation as well as net earnings from self-employment.

In addition, the taxpayers must pay over half the cost of keeping up a home that is the principal residence for the entire year of the taxpayer or at least one of the taxpayer's children who is eighteen under age 19, a full-time student or is disabled. The home may be rented or owned by the taxpayer.

A major change made by the new law allows the credit to a taxpayer even if the taxpayer is not entitled to claim a dependency exemption for their child under age 19 or a full-time student. However, the taxpayer must be able to claim their son or daughter as a dependent if the child is disabled and 19 or older.

The name of the taxpayer's child who qualified the taxpayer for the credit must be entered on the return. In addition, married taxpayers must file a joint return to claim the credit unless they meet the criteria for filing as Single or Unmarried Head of Household.

If a joint return is filed, the \$8,000 maximum income limitation is applied to the combined income of both spouses.

WHAT OF THE JEW? COMPOSED BY LAURA WALKER 3-20-77

Oh, ye gentile of today Know ye not what the Master will say
If to one of His little ones, the Jew
You have turned away?
These words of Rebuke, on that day you will hear
Depart from me, ye wicked Into Everlasting torment
Where the devil and his angels were meant.
So sing oh Israel, ye chosen ye blessed
Bow low, low, as you worship your great King
Worship your Jehovah, make glad in your heart
And His dear Son, whose mission is done.
Yes, He finished His mission
When he died on the Cross
Between Heaven and Earth
Baring all our sins and dross.
Some think the Jew is queer and cradly as can be
They think they'll never reach Eternity
Any Bible tells me plain, with Christ again they'll reign
If only they'll witness His name.
Weep, oh Israel, ye chosen, ye blessed
I bringeth Deliverence, I bringeth thee rest
Your enemies and foes from my wrath all will flee.
You'll reign with me, Eternally.
Rejoice, oh Israel, ye chosen ye blessed
I'll smite with my rod, and my staff, you will see
Then I'll reign as your King forever and ever
In a land where there will be both Jews and Gentiles together.
Dedicated to all Churches

Everyone has been super busy this week. Besides the events, all the banquets seem to be going on at the same time. There are also track meets, the building of the new concession, and the student council is involved in repairing the press box. Both the FHA and the Junior-Senior banquet are to be this week. The FHA banquet is to be for both the FHA'ers and parents. I am really looking forward to the Junior-Senior banquet. It will be a change being honored for a night. The Rising Star Invitational Track meet is to be this Friday. With all the rush, rush of preparing for banquets and tracks meets the flu bug has had a chance to move in; and it has. It seems like everyone has a case of it. Well, that's about it for this week. Hope you have a nice day.

Pioneer News

Mrs. A.C. Halsell

This is agriculture week. Maybe there will be something constructive come out of the "rhetoric" we will be hearing this week. The complexity of life caused by a planned economy, poses doubts in the mind of thinking people as to what CAN be done to improve the status quo of the American farmer. It was in the decade of the Fifties, one could easily observe the exodus of the small farmer to the towns and cities. Then in the Sixties we began to observe how the swelling of Metropolitan population added to monumental social and economic problems of the whole country.

These are negative viewpoints of the solution of an enormous problem; one that breaks down into many many lesser problems, yet to be solved. A more positive viewpoint may be taken, now that we observe an exodus back to the rural areas by many brave souls who, no doubt, have vision of a more ideal environment for "growing kids" and making a life for themselves. Let us hope that inflation, energy controls etc. do not reverse this latest trend toward a rural society made up of the large ARMY of young men and women who "Can't find jobs." And now some quotes by writers more talented to say jobs. "And now some quotes by writers more talented to say it like it ought to be said:

"To own a bit of ground, to scratch it with a hoe, to plant seeds, and to watch the renewal of life this is the commonest delight of the race, the most satisfactory thing a man can do." Warner

God Almighty first planned a garden, and indeed it is the purest of human pleasures." Francis Bacon.

And finally remember that Emerson said, "Every great man is unique."

Many relatives and friends visited Mr. and Mrs. Calvin Rody this week. They were Mrs. Ethel Brown, Mike McCarty, Mr. and Mrs. Bill Sessums of Pioneer, Mr. and Mrs. H.A. Freeman and Mr. and Mrs. Bob Rody of Cross Plains, Mr. and Mrs. Bob McNeil of Baird, Mr. and Mrs.

N.A. Rody Anson; Mr. Frank Crow, Baird, Mrs. Baxter of Cross Plains and Mr. and Mrs. Cliff Holden of Kentucky.

Mrs. Thomas Flippin brought her father, Mr. Willard Melton, from the Eastland Hospital to the Cross Plains Rest Home last Thursday. She reports that he is doing well and he can walk without a cane. He is recovering from hip surgery. She also reports that their grandson, Johnnie Flippin is doing very well in a Dallas Hospital after open-heart surgery last Tuesday. He can walk around and he is taking solid foods. Mrs. Flippin and family wish to extend their thanks to the blood donors in the Rising Star Cross Plains area. Katy Wolf, a former resident of Pioneer and now residing in Haskell, is in Hendricks Hospital, Abilene, where she is being treated for a broken arm.

Visitors with Mrs. Ethel Brown were Mrs. Elwood Baxter of Cross Plains, Velma Brown, Pioneer and Mrs. Dean of Rising Star.

Mr. and Mrs. C.T. Barton of Pioneer and Mr. Billie Zirkle of Rising Star visited, during the week, with Mr. and Mrs. J.T. Beggs.

On Friday evening Mrs. Henry Ring hosted a surprise Birthday Party at the Lakewood Recreation Center for Mr. Henry Ring, Homer Don Parsons and Mrs. Edna B. Gattis. A large group of family and friends attended. There were many beautiful decorated tables, including the Buffet table. Games of 42 and Yahtzee were played. This was a gala event, not only for the honorees but for all the guests.

Those having Sunday lunch with Mr. and Mrs. Homer Parsons were Mr. and Mrs. Cowan Hutton, Lynn Hutton, and friend, Champ Champion.

Wannetta Parsons wishes to state that interested citizens may write to Singer Sewing Machine Co. P.O. Box 2545 N.Y. N.Y. 10001, if they wish to express disapproval of the canceling of Anita Bryant's film contract because of her stand against legalizing

homosexuality. Wannetta announces that she has been invited to Coleman to speak against ERA in the near future. The date will be announced over the Cross Plains Radio News and in the Newspaper soon.

Drs. Lou and Charles Rodenberger spent Thursday, Friday and Saturday with her parents, Mr. and Mrs. A.C. Halsell, during Spring Break from A&M Uni. Dianna Taylor had lunch with her grandparents, Mr. and Mrs. A.C. Halsell, Friday, enroute home to Denton from San Angelo State College, where she will visit her parents during Spring Break. Rev. and Mrs. John Swift and Rhonda visited Mr. and Mrs. Halsell on Thursday. Dr. Charles Rodenberger will speak to a Junior Engineering group in Breckenridge, on Wednesday at 9:00 a.m.

Mr. and Mrs. Jerry Fleming and family of Denver City visited his parents during the weekend. Other visitors were Mr. and Mrs. Bill Sessums and Mrs. Betty Merion of Pioneer.

Easter Sunrise Services

Easter Sunrise Service is set for April 10 at 6:30 a.m. at the First Baptist Church.

Further information about the service will be presented by Pastor Hubert Taylor of the First United Methodist Church.

Commentary

By Myrtle Owen

"Community on Revelation"

Rev. 1: And I turned to see the voice that spake with me. Verses 12 through 16 and 17: And being turned, I saw seven golden candlesticks; (v-13) and in the midst of the seven candlesticks one like unto the Son of man, clothed with a garment down to the foot, and girt about the paps with a golden girdle.

(v. 17) His head and his hairs were white like wool, as white as snow; and his eyes were as a flame of fire; (v. 15) and his feet like unto fine brass, as if they burned in a furnace; and his voice as the sound of many waters. (v. 16) and he had in his right hand seven stars; and out of his mouth went a sharp two edged sword; and his countenance was as the sun shined in his strength.

Com: The seven candlesticks are the seven churches. Christ in the midst of the church. In John 8:12, Jesus said, "I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life." Christ dwells among the churches to make his followers also lights in a sin-darkened world.

TIRE SAFETY FILLERS

The Tire Industry Safety Council says the severe winter of 1976-77 is expected to produce a record number of potholes on America's streets and highways. This in turn will create an additional hazard to tires. The Council says properly inflated tires and reduced speeds on bad roads are the best way to deal with potholes.

Robin "Red Breast" and potholes are sure signs of spring, says the Tire Industry Safety Council. If you want to avoid cuts, bruises, and blowouts that may occur when striking potholes, slow down on bad roads and give your tires a chance.

The winter of 1976-77, with its record breaking cold, was probably the toughest in recent history on roads, says the Federal Highway Administration. Damage is expected to be very severe, creating hazards to both tires and cars. The Tire Industry Safety Council says slow down on pothole-marred roads and make sure your tires are properly inflated.

Austin--Comptroller Bob Bullock announced Tuesday that city sales tax rebates for the first quarter of 1977 totaled a record \$89.5 million, up 18.5 percent from the same month period last year. Bullock said that the record rebates--which exceeded the previous quarterly high by more than \$5 million (second quarter, 1976) were based on record sales during the 1976 Christmas season. (Most retailers file their sales tax reports on a quarterly basis. These reports for the Christmas quarter were due January 31 for procession and are now reflected in the March allocations.) "We knew that Christmas sales were going to be up, but, frankly, this was more than we dared hope for," said Bullock. "This is a late but welcome Christmas gift for city treasurers across the state." Bullock said his office has sent 867 Texas cities checks totaling \$59 million as their March share of city sales tax collections. This is an 11.7 percent increase over the same month last year. Bullock also announced that his office has adopted a new rule change which will reduce the paperwork for same 20,000 "mom and pop" grocery store owners and other small retail businesses. Effective immediately, those small retailers who collect \$300 or less a year in state sales taxes will be allowed to file their returns and remit the tax money to the state once a year instead of every three months. Only those sales tax permit holders who collected \$100 or less a year in state sales taxes have been eligible in the past to take advantage to the yearly filings, the Comptroller said. The rule change will also ease the workload for his office, cutting state costs for handling the returns, Bullock said. The city of Rising Star is to receive \$3,396.79 for the period ending 2-25-77.

City sales and use tax allocation summary thru period ending 02-25-77: (1) Gross Collections, \$3,420.38; (2) State 2 percent fee-\$68.41; (3) Prior Period Bal. -\$214.59; (4) AMT Retained-\$169.77; (5) Payment To City-\$3,396.79 (-5-1-2 plus 3 -4)

Bergland To Testify In On Farm Bill

Farm policy shifts to center stage in Washington D.C. as Congressional hearings approach closing sessions in mid-March when Agriculture Secretary Bob Bergland will present testimony on several farm program bills that are set to expire or be changed this year.

David W. Martin, ASCS Executive Director, said Secretary Bergland is expected to present the Administration's views on March 15 to the Senate Committee on Agriculture, Nutrition and Forestry on farm bills under consideration.

On March 17 Secretary Bergland will participate in a hearing of the House Committee on Agriculture on basic legislation, Martin said.

Legislation that will expire, extend or be replaced in 1977 has been under review in recent weeks by both Congressional groups and top staff of the agriculture department. The laws include the Agricultural and Consumer Protection Act of 1973, applicable to feed grains, wheat, cotton, wool and dairy products; the Rice Production Act of 1975; and authorization for Public Law 480, also known as the Agricultural Trade and Development Assistance Act of 1954.

Being reconsidered also is funding authorization for expiring programs under the Food Stamp Act of 1964.

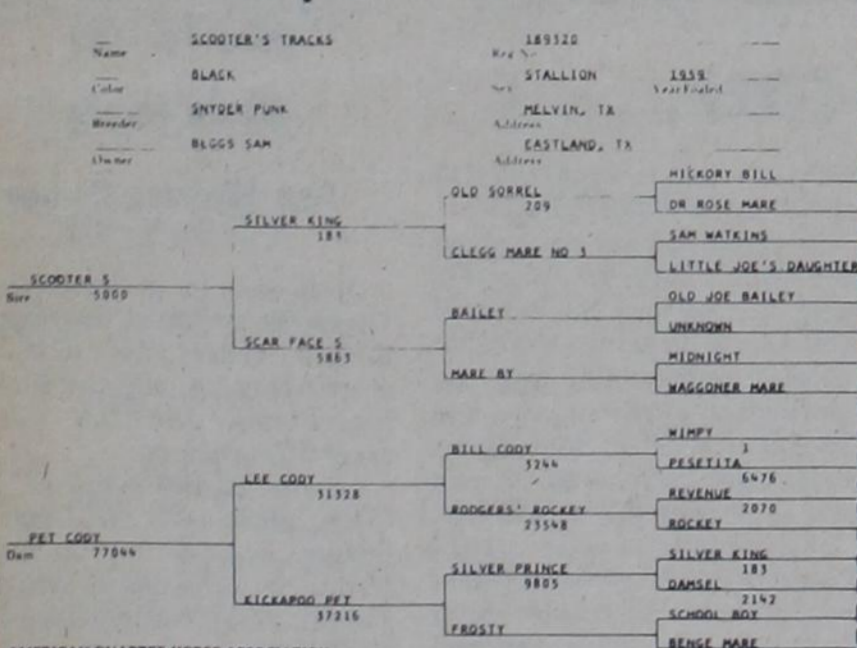

Secretary Bergland said that other farm programs that will be considered for updating, and in some cases extended and newly directed (but, not expiring), include: rural development, agricultural research, the peanut program, conservation programs, and the Federal Insecticide, Fungicide and Rodenticide Act.

Roof Garden Theatre
To Present
"The Real Inspector"

One of the most successful plays of the 1972 New York season, "The Real Inspector Hound," is the upcoming attraction at the Roof Garden Dinner Theater for the evenings of March 26, 27 and 28 according to an announcement by Cisco Junior College Drama Director Mary Reed. The CJC Fine Arts Department produces the various plays and other entertainment events at the Roof Garden Theater.

The shows on Saturday and Sunday evenings, March 26, and 27, are scheduled to begin with dinner at 7:30 p.m. The Monday evening performance on March 28 will be a dessert show. Prices are \$6.00 for the dinner-show combinations and \$2.50 for the dessert show. Although Monday is set as "student night," others will be welcome providing seats are available, Mrs. Reed said.

Reservations are necessary for all performances, and may be made by calling 442-2567. Also cancellations should be made no later than the day prior to the performance Mrs. Reed stated. The college switchboard is open until 5:00 daily.

The Saturday and Sunday menu will consist of tossed salad, filet mignon, baked potato, English peas with pearl onions, rolls, butter, key lime pie and tea or coffee.

"The Real Inspector Hound" begins with two drama critics - Birdboot and Moon - sitting in a box at the premiere of an old-fashioned mystery-melodrama. The play they are watching takes place in the drawing room of an old Gothic mansion. Moon, a second-string critic, suffering from extreme paranoia about his underdandy status, wishes his superior a slow but certain death. The other, Birdboot, is an established critic who is not above trading a good review for the favors of a desirable young actress.

Both men are on assignment to review an Agatha Christie-type thriller, full of maids, revolvers and dead bodies.

The action on stage, abounding in deliberate cliches, is interspersed with cynical comments and asides from the critics, who seem to be more involved with their own problems than the play. Occasionally, however, they realize why they are there and burst forth with a perperly literary bit of exposition. This situation accelerates with mounting insanity as Birdboot cannot resist answering a stage telephone, discovers the call is for him - and so, becomes caught up in the action. The call becomes a life or death matter as he and Moon pass from being observers to being participants in the play.

At the Roof Garden Theater, James Day and Steve Johnson (Birdboot and Moon) will be seen as the two drama critics whose attention to the play-within-a-play is minimal to begin with but grows in importance as they become a part of the action. Daniell Eaves and Sherry Bryant (Cynthia and Felicity) will play the leading lady and the ingenue whose beauty and desirability prompt Mr. James Day's (Birdboot's) entrance on stage. Kathy Edwards (Mrs. Drudge), as the housekeeper, has the important task of turning on the radio in time for announcements such as "Essex County Police are still searching in vain for the madman who is at large in the deadly marshes of the coastal region." Others taking part in the show will be: Tony Miller (Inspector Hound), George Broom (Mangus), Dale Fuller (Simon Gascoyne), Jolinda Chisum (The Body), Wyley Pebbles (BBC Voice), and Kelley Stewart is the student director and stage manager.

Mrs. Mary Reed, as director, is setting the light and airy pace for this farce and Mr. Fred Mullinax is designing the ominous drawing room where the play-within-a-play takes place.

As for my people, children are their oppressors, and women rule over them. O my people, they that lead thee cause thee to err, and destroy the way of thy paths. (Isaiah 3:12)

Austin Avenue Church
Of Christ To Have Series

NEWS RELEASE
"Lesson's In Living" is the theme for this year's evangelistic sermon series at the Austin Ave. Church of Christ, 1020 Austin AVE. in Brownwood. The dates for these lessons begin Sunday March 20 and continue through Friday March 25th. Services will be at the regular times of 10:30 a.m. and 6:00 p.m. on Sunday and at 7:30 p.m. Monday-Friday.

Herbert Newman, former minister at Austin Ave. has been invited back as the speaker. While attending Abilene Christian College in 1929 he preached his first sermon at Buffalo Gap. In his ministry he has served the Church of Christ in San Antonio, Fort Worth, Amarillo, Big Spring, Midland, Rvalde, and Kilgore in addition to Brownwood. He is currently in his 5th year as preacher for the Church of Christ in Llano.

Accompanying Mr. Newman to Brownwood for the lesson series will be his wife Mary. They have two children, a son who is an attorney and city judge in Lufkin, and a daughter that lives in Barksdale.

The selection of the theme "Lessons in Living" was made with 20th Century man in mind," said John Shero, minister of the church. "With our extended life and increased income, many even in Brownwood have not found real life," he continued. "These sermons will be simple gospel messages aimed at bringing God's answers to man's problems," he concluded.

"I am looking forward to the meeting with much anticipation and pleasure. To return to Austin Ave. is just like a visit back home after a long absence. How sweet it is!" stated Newman. Ten years of his preaching life was spent with Austin Ave. having served from 1939-1944 and from 1954-1959. Jack Franks will lead the singing for these services. A nursery will be staffed and available for all services. The public is cordially invited to attend.

Edition Of "Wonderful West Texas" Available

Robert D. Woofler, Chairman of the West Texas Chamber of Commerce Tourist and Travel Development Committee, reports that the fourth edition of the WTCC "Wonderful West Texas" Fun and Adventure Map was released March 13 at the Dallas Sports and Vacation Show.

The Fun and Adventure Map is the feature travel publication for the WTCC providing travel information for the 132-county WTCC service area. Quantity production enables a mass distribution program to be carried out utilizing direct mail. Texas highway Tourist Information Centers, travel shows, participating auto clubs and other interested travel related groups. Woofler, president and Chief Executive Officer of Community Public Service Company headquartered in Fort Worth, stated, "that all inquiries received by the WTCC Travel Development Department receive a copy of the Fun and Adventure Map in addition to any special information requested." A minimum of 100,000 copies of the publication are distributed annually.

Sixty-nine points of interest are highlighted in the 1977 edition number keyed for the visitors convenience on a colorful travel map of West Texas. Woofler noted, "that by consulting the fun and Adventure Map many fine attractions are called to one's attention that might otherwise be overlooked and that use of the map in vacation planning can save time, fuel and money."

The publication features areas of interest, museums and colleges and universities along with a list of state parks located in West Texas and other interesting travel information. For a free copy of the "Wonderful West Texas" Fun and Adventure Map write: West Texas Chamber of Commerce, P.O. Box 1561, Abilene, Texas 79604. Advertising rates are available upon request.

Oil News

A Coleman County wildcat drilled seven miles north of Tapha has been completed as a lower Fry gas discovery.

It is Chaparra Minerals Inc. of Abilene No. 1 McCulloch McCord, spotting 1,600 feet from the south and 1,407 feet from the west lines of Section 41, BBB&C Survey.

Absolute, open flow was 1,300,000 cubic feet of dry gas daily from perforations at 3,503-11 feet. The pay was treated with 1,000 gallons of acid.

Operator set the 4 1/2 inch casing at 3,818 feet. Total depth was 3,974 feet, and plugged back to 3,590 feet.

Chaparral (Lower Fry) Field is the suggested name.

H.L. Neeb of Abilene completed No. 2 Jim Bob Thweatt in the Caraway Jennings Sand) Field two miles east of Fisk.

Location is 330 feet from the north and 6,452 feet from the east lines of Abraham Byrd Survey 74.

It had an absolute, open flow of 4,900,000 cubic feet of dry gas daily from perforations at 2,093-95 feet.

Operator set the 4 1/2 inch casing at 2,184 feet, one foot off bottom.

Work Is Progressing On New Sanitary Landfill

Entrance to the new dump ground - the road is bordered on the right by landowner Wilbur Caudle and on the left by Ray Agnew.

Future sight of the sanitary landfill located two miles northeast of the city just off cemetery road. Shown above is the test pit dug some weeks ago.

Work was begun on the new sanitary landfill located approximately 2 miles northeast of Rising Star, just off the Cemetery Road in late October or early November of last year. A new location was sought by the City due to a number of State requirements and restrictions placed upon them following inspection by the Health Department.

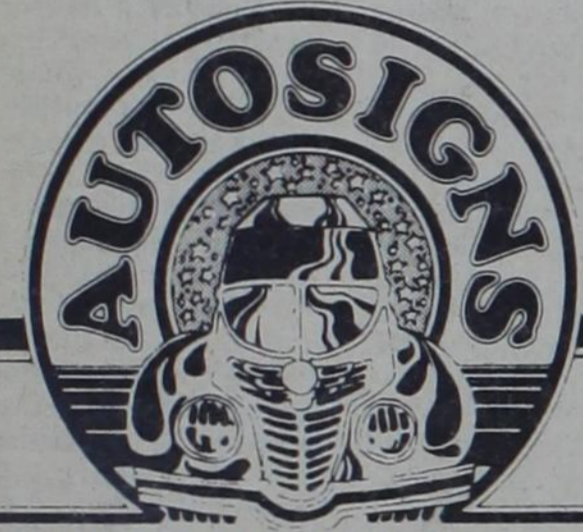

The sight for the landfill is located on property presently owned by the State of Texas. The city acquired a ten year lease with the option to buy if it is ever sold by the state. Once the location was found and a right of way acquired from Ray

Agnew, work was begun on a road which leads to the sight. City employees built a 8 foot road which has been calched and is completed to the location.

The test pit which has been dug caught a measurable amount of precipitation in a rain some-time ago. This pit when completed, will cover some 20 feet, comprised of some sand and fourteen feet of clay. Hubbard Construction Contractors will begin work on the actual pit in the near future and once this is finished, a fence will be erected and the facility will be in operation. The pit will be covered once a month and no boring will be allowed.

TEXAS OFFICE OF TRAFFIC SAFETY

Mar. 21-Apr. 19

ARIES (Mar. 21 to Apr. 19): Emotional trouble can be compounded by heavy traffic. Let traffic thin before starting home.

TAURUS (Apr. 20 to May 20): Time to put away childish things. Mementos hanging from your rearview mirror only serve as distractions.

GEMINI (May 21 to June 21): Can the common cold be fatal? It can if your normal alertness is dimmed by the side effects of a cough.

CANCER (June 22 to July 21): A bad habit can be distracting. Curtail smoking lest you drop a lighted cigarette while driving in heavy traffic.

LEO (July 22 to Aug. 21): You may be tempted to roar in spite of bad driving conditions. Slow down on slick streets.

VIRGO (Aug. 22 to Sept. 22): Be prepared for sudden danger. Make sure your seat belt is buckled before you start rolling.

LIBRA (Sept. 23 to Oct. 22): Don't be too trusting or take anything for granted. There may be danger to you from cars running red lights.

SCORPIO (Oct. 23 to Nov. 21): Someone may attempt to victimize you soon. Make sure you lock your car when you go shopping.

SAGITTARIUS (Nov. 22 to Dec. 21): You like singing along with a tune, but don't let your car radio take your mind off driving.

CAPRICORN (Dec. 22 to Jan. 20): Look out for significant additions to your life routine, like a stop sign on a previously unmarked intersection.

AQUARIUS (Jan. 21 to Feb. 19): An adventurous mood may lead you down unknown byways. Be alert for new hazards.

PISCES (Feb. 20 to Mar. 20): An agitated mental state may cause you to blow trifling traffic incidents up to major proportions. Keep your control.
