## Wildcats Win Big, 55-0

Saturday night the Rising Star Wildcats demolished the Abilene Christian Panthers before a packed stadium. The first quarter started well for the Cats as backs Alcorn and Bailey seemed able to move the ball at will. Alcorn broke loose and raced 64 yards to the end zone, only to have it nullified by a clipping penalty. The very next play from the line of scrimmage, Alcorn again busted loose, good for 42 yards all

the way to the Panthers' 25-yard line. A mix-up and fumble gave Abilene the ball on their 25. Renee Rodriguez (who had been out injured most of the season) is back and he made a saving tackle which forced Abilene Christian to punt on 4th and 15. The next big play came when Evans hit Gey for a 62-yard pass and touchdown with only :22 left in first quarter. Alcorn's point after touchdown was good and the Cats Continued inside.....

## Peoples State Bank, Clyde, Is Awarded Top Five-Star Rating

Bauer Financial Reports, Inc., a Coral Gables, Fla. research firm is pleased to announce that Peoples State Bank of Clyde, Texas, with branches in Moran and Rising Star, has been awarded a five-star rating. This prestigious award identifies this institution as one of the safest, most credit-worthy banks in the United States.

The award is based on a zero- to five-star rating assigned by BFR based on its analysis of the March 31, 1990 financial data as filed with federal regulators. A five-star rating, for the safest banks in the country, indicates that the bank's tangible capital exceeds 9.0% of tangible assets, that there are no excessive delinquencies or repossessed assets and that the bank is profitable. "Customarily," notes Paul A. Bauer, president, "the five-star rating is awarded to traditional banks, institutions that serve the local community and watch their bottom line. Out of 12,592 banks report-

ing for the period ended March 31, 1990, 3,242 banks (only one out of four) received our five-star rating." Each bank that qualified received a free, personalized award certificate in recognition of their achievement to display on their premises. Bauer Financial Reports, Inc. analyzes and compiles data on all U.S. banks, thrifts and credit unions. A copy of our latest brochure is available to the public free by sending a self-addressed, stamped business envelope to: Brochure, Bauer Financial Reports, P.O. Drawer 145510, Coral Gables, FL 33114-5510 or by calling 1-305-441-2062. When contacted about this award, Peoples State Bank management stated, "It's nice to be recognized as one of the safest, most credit-worthy banks in the United States. We take our banking business very seriously, and do our best to serve our customers and communities with a strong financial institution."

## Election '90: New Era, New Politics

Even a glance at the November 6 General Election ballot shows that it is different, right down to some of the Eastland County offices. All those boxes in the right-hand column for certified write-in candidates show that more choices than usual will be available. Although the names of the write-in candidates are not printed on the ballot, they will be posted at each polling place. Another unusual thing about this ballot is that it has only one proposed (State) Constitutional Amendment. This one seeks 'to clarify the authority of the Senate to consider certain nominees to state and district offices and to provide for filling vacancies in those offices.' On the national level Senator Phil Gramm (R incumbent) is expected to win by a wide margin over his Democratic and Libertarian opponents. But Gramm hasn't been

taking his election for granted - he has campaigned extensively all year long. In the U.S. House of Representatives Charles Stenholm (D incumbent) is unopposed, and expected to draw most of the votes in the 17th District. Bi-partisan support is apparent here. Bi-partisan support is actually needed in many parts of Texas, for this domain is fast becoming a two-party state. The presence of twice-elected Governor Clements and the strong race of Republican candidate Clayton Williams show that the state can never be taken for granted by one party again. The outcome of the race between Ann Richards (D) and Clayton Williams is attracting national attention, and some of it is unfavorable. In the latest issue of 'Texas Monthly' the character and personality of each candidate is explored at length. This Continued inside.....

## Peoples State Bank Elects 5 Officers

Doug Ford, president of The Peoples State Bank, Clyde, announced the following officers of Peoples State Bank, Rising Star Branch that were elected at the Board of Directors meeting held October 9: James Ramsay, vice-president and branch manager; Dale Wolf, assistant vice-president and loan officer; Maxine Morgan, assistant cashier; Fredda Criswell,

assistant cashier; and Barbara Kanady, assistant Cashier. Doug Ford stated, "We are very happy that these people have become members of our banking staff and feel their many years of banking experience will certainly be an asset to The Peoples State Bank, and their leadership will be very instrumental in the Rising Star Branch."

## TAAS Tests Next Week

"Expect this test to be significantly more difficult and students and parents should understand that a maximum effort is needed to pass this test," stated Robby Stuteville, Rising star High School principal. The TAAS, or Texas Assessment of Academic Skills, is a new test, scheduled for next week. It replaces the TEAMS test of last year. Parents, please follow the same guidelines: Students should go to bed early, wear comfortable, appropriate dress and eat breakfast. Encourage your child to act their best and be positive in your tone of voice. Counselor Linda Webb reminds us, "Children are aware of adult expectations and we all want our child to exceed. Express confidence in your child to your child - not the neighbors. Have them physically ready. Love your kids when the test results come in."

## Rising Star Homecoming 1990

Many homecoming exes enjoyed class reunions Friday night and Saturday and quite a number attended the Rising Star High School Ex-Students Association meeting at the gymnasium Saturday morning. The homecoming crowd was impressed with the performance of the award-winning Wildcat Band, 42 members strong, which entertained prior to the meeting. Directing the band were co-drum majors Patricia Pavon and Wid Keeling. The Drum Corps, predecessor of the band, was started in the school year of 1939-40 and was honored for its longevity. Former corps members Guy Nell Westerman West, Gloria Jones Phillips and Sarah Cox Roebuck, without benefit of practice together, gave an impressive performance on drums. The Class of 1940, honored guests at the assembly, had 23 of its members present; the group selected Dr. Billie Hopper Nowlin and Dr. Neal Chastain as Coming Home Queen and King. The assembly elected Frances Duggan Agnew and Roger Smith as Homecoming Queen and King. David Harris, vice-president, made note of the death of Irene Mayfield, a former teacher and director for the association, since last year's meeting and called for a moment of silence in her honor. The group's citizenship award for 1990 went to Toby Long, son of Barbara and Tony Long. Speaking to the assembly was Wayne Sellers, a 1933

50th Anniversary Class of '40

graduate of RSHS. While in Rising Star he worked for his dad, Doc Sellers at the Rising Star Record, then majored in journalism at Texas Tech and worked in the newspaper field his entire career. He retired as editor and publisher of the Palestine Herald-Press in 1980 and is the recipient of many awards for his newspaper, library and civic works, and also held offices and served on boards in those fields and as a layman of his church. Sellers said that from childhood on, the first sighting of Rising Star has brought a happy feeling when returning after an absence. Throughout his schooling here the young Wayne took speaking and debating classes and even as a boy began preparing for his career by authoring articles for the Methodist "Haversack" and for the Boy Scouts publication. He recalled incidents from his school days and mentioned the names of several

who are well known here. Officers other than Harris are Barbara Richter Long, president; Kim Harris Childers, secretary/treasurer; Carolyn Hunt Walker, reporter; and Carolyn Ratliff, publicity. Serving on the permanent Board of Directors are its chairman, Guy Nell West; Jeannine Jacobs Bailey, secretary; members, Weldon Hill, Ray Nunnally, L.E. Allen and Randy Goldston; and honorary member, James Steel. The organization sponsors the homecoming parade, which had more than two dozen entries this year. It was classed as a very good parade by many spectators. The parade was headed by the Wildcat Band, with its members wearing their new uniforms. The band's new covered trailer, donated by the Rising Star Branch of Peoples State Bank, Clyde, was in the parade also. The trailer will be outfitted so that as well as carrying instruments, the new uniforms may be hung inside it. Band members, director, boosters and well wishers are very proud of the band's appearance in the new uniforms and of the new trailer. Band di-

rector is Tim Riley. Future cheerleaders of the Class of 2005 closed the parade by leading a final cheer. Crowd pleasers Lindsey Herring and Allison Agnew, both three years old, are the daughters of Kathy and Tod Herring and Peggy and Frank Agnew. Parade winners were 1st, Second Grade; 2nd, Junior High; 3rd, Kindergarten; and honorable mention, Wildcat Band. The pep rally, noisy and full of spirit, must have given the Wildcat football team plenty of encouragement. The Wildcats pounced on the Panthers from Abilene Christian High and won the game 55-0 with the large homecoming crowd cheering them on. Homecoming 1990 indeed carried out the Ex-Students Association theme and joined the present with the past and future.

A ham and bean, plus stew supper will be held at the school cafeteria from 5 to 7 p.m. Friday, October 11. The meal is being sold for \$4 a plate. For the convenience of football fans the supper is being served prior to the football game between arch rivals, the Rising Star Wildcats and Cross Plains Buffaloes. The supper will mark the kick-off for the membership drive being held by the Rising Star Chamber of Commerce & Agriculture. The participation of a larger segment of the area's citizens in Chamber activities planned for giving boosts to the local economy is one of the goals of the membership drive. If the Chamber is to achieve its goals, backing and support, both active and inactive, of citizens of different business backgrounds and different age levels are important, and important to the area-wide community as a whole.

### FALL WEBWORMS

The fall webworms have gotten a lot of attention during my first week in the county. The first question asked was, "What can I do about these webworms?", came from Maybelle Trout of Eastland.

Fall webworms are the larval stage of moths. The larvae are about 1 inch long and are pale yellow or green. They are covered by tufts of long whitish hairs. A dusky stripe bordered by a yellow stripe will be on the back. The main identifiable characteristic of the fall webworm is the web it builds in the tree or limb.

The fall webworm will feed on a variety of trees and shrubs. I have seen webs in mulberry, poplar, willow, pecan, and oak.

Newly hatched larvae begin feeding and spin a web over the foliage as they feed. These webs can cover an entire branch. There are some trees in the county where several webs are covering 50% of the tree. This type of defoliation can weaken a tree and could result in the tree dying.

Control can be accomplished without insecticides where there are only one to two webs in a larger tree. Simply prune out the web and destroy it.

In trees which are too small or the webs are too numerous for pruning an insecticide may be required. Before applying an insecticide, use a large pole to break up the web. This will help the insecticide reach the larvae. A high pressure spray

will also be required to reach the taller trees and help penetrate the web.

There are several insecticides which can be used for fall webworms. Some of these products are Dipel, Sevin, Diazinon and Malathion. Whichever product you select make sure you read and follow the label instructions.

The publication entitled Fall Webworms (L-1811), is available in the County Extension Office located in the basement of the county courthouse in Eastland.

## National 4-H Week October 7-13

Eastland County 4-H members are gearing up for a lot of special programs and activities the week of October 7-13, which is National 4-H Week.

Theme of this year's observance is "Celebrate 4-H."

To climax the week of celebration, the 4-Hers and their families will have their an-

nual countywide 4-H awards banquet in Eastland on Saturday evening, October 13. The Olden 4-H Club is hosting the event at the Eastland High School cafeteria beginning at 6 p.m. Awards will be presented to the 4-H members for their year's work and accomplishments.

Eastland County boasts

over 400 4-H members who are among more than 5,000,000 4-Hers across the country who will participate in the week long celebration.

In celebrating National 4-H Week, we recognize that 4-H is truly a people development program states County Extension Agents, Mrs. Janet Thomas and Scott Hodges

with the Texas Agricultural Extension Service, the parent organization of 4-H.

4-H helps young people develop skills that will be useful in the real world. It helps them discover their strengths and weaknesses. It provides exposure to a variety of career fields and help youth to build positive self-

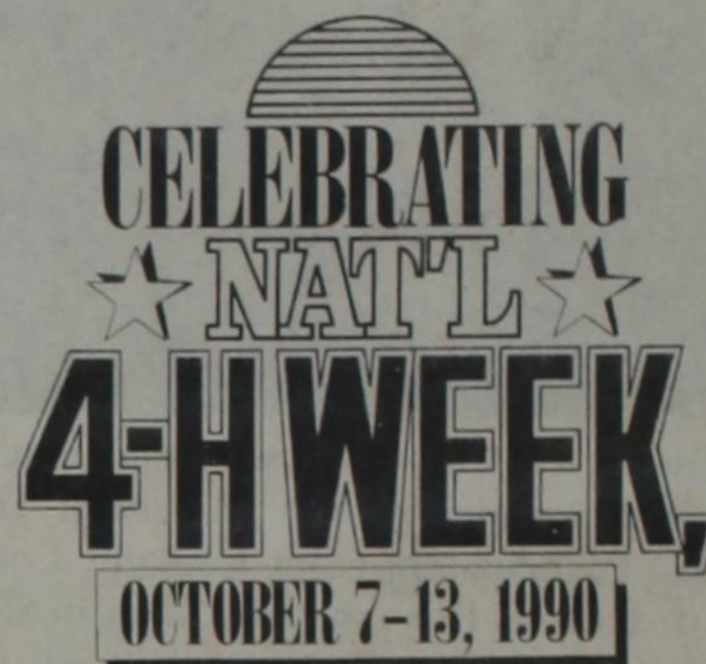

concepts for directing their lives. And, most importantly, 4-Hers learn and have fun doing it. And families can add to the fun by learning and growing together. 4-H is a family oriented organization with youth working "To Make The Best Better" which is the 4-H Club motto.

Volunteer leaders assisting in the 4-H program also learn new skills while sharing their expertise with young people. About 125 adult volunteer

leaders work with 4-H girls and boys in Eastland County through nine different 4-H Clubs.

The 4-Hers can choose from some 70 different project and program areas designed to help them prepare for the future.

For more information about the 4-H program, contact the Eastland County Extension Service office which is located in the Eastland County Courthouse on the west end of the basement floor.

**4-H IS A FAMILY AFFAIR!** One of the many fine 4-H families in Eastland County are Nannette and Fred Keith and their children Jeremy and Jessica. Parents are indispensable in 4-H. They share both in the work and success of the club. Enrolling parents with their children enroll makes good sense because much of 4-H work centers around the home and family. 4-H is a family-oriented organization and parents are requested

to attend as many activities as possible. In this way, if the member misses something that is said or done, he or she can get help from their parents. 4-H families who have spent many hours supporting their children in 4-H projects have said that "a backache now is better than a heartache later." Join your family in 4-H today! Call the local Extension Service Office, at 629-1093, for more information on 4-H clubs in your area.

# City Kids Join 4-H

The 4-H program in Texas which began in 1908 in Jack County with the Boy's Corn Club has come along way! The 4-H heritage continued with the 4-H Girl's Tomato Clubs being organized in Milam County in 1912. These

rural clubs for boys and girls were the forerunner of 4-H in Texas.

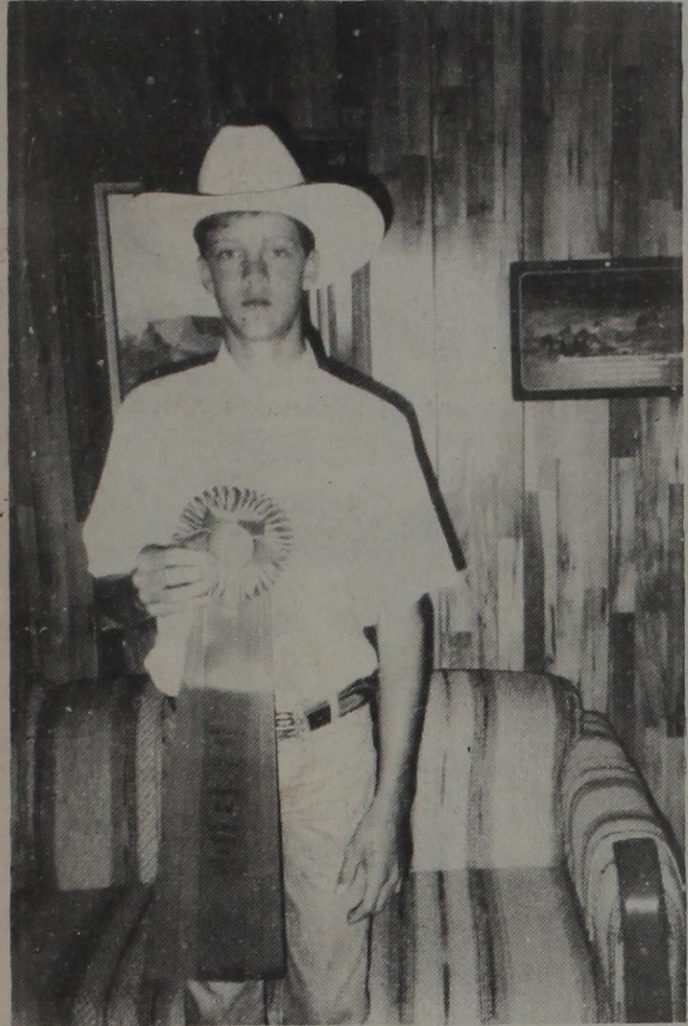

Today's Texas 4-H program is both rural and urban. Of the 5,145,548 youth in 4-H in the nation only 13.7% live on farms. The latest percentage, 38.4% live in town

under 10,000. 30% live in cities over 50,000 population.

4-H has expanded its program to be much more than cooking and showing a calf. 4-H's goal is to create a learning environment for youth that is stimulating to the development of life skills in:

- \* Competency - developing skills and knowledge.
  - \* Coping - dealing with stress.
  - \* Contributory - learning to help others.
- 4-H members excel in public speaking, leadership development, and citizenship-community service projects.

The Eastland County 4-H Horse Club is very active. Holly Greenwood, Tessie Ingram, and Theresa Grace are shown with their horses at one of the past horse shows. The major objective of the 4-H horse project is to increase knowledge and improve skills in horse science and horsemanship. Through this project, youth also develop personal confidence and leadership ability. The 4-H adult club manager for the 4-H Horse Club is Mrs. Theresa Ingram, of Cisco.

The State 4-H Center, located on Lake Brownwood, provides wonderful statewide leadership and subject matter retreats throughout the year. Eastland County is fortunate to have the opportunity for many of our 4-Hers to benefit from these trainings. At the Statewide 4-H Leadership Retreat in January were (left to right): Cathy Thomas, Scott Hodges, Barbie Butler, Christy Arther, Brian Bailey, Natalie Stevens, Toby Long, Diane Butler, Robbie Daskevich, Tommy Thompson, Ricky Agnew, John Seaberry, Gable White, Tommy Squires, and Amy Logan. 4-H builds leaders for tomorrow!

# What 4-H Is .....

4-H is the youth development program of the Texas Agricultural Extension Service, which is a part of the Texas A & M University System. County Extension

Agents are the local representatives of this nationwide system and they are charged with the responsibility of managing the 4-H program in each county.

4-H is an informal educational program that focuses on the needs, interests and concerns of young people. Adult volunteers are the corner stone of the 4-H program. They organize and conduct educational experiences in community and family settings.

The mission of the 4-H program is to offer participants opportunities to acquire knowledge, to develop life

skills and to form attitudes that will enable them to become self-directing, productive and contributing members of society.

Goals of the 4-H members are:

- \* Acquire knowledge in certain areas of agriculture, natural resources, home economics, science and technology.
- \* Acquire a positive self-concept.
- \* Learn to respect and get along with people.
- \* Learn to practice leadership skills, and fulfill leadership roles.

ship roles.

\* Learn about the practice good citizenship.

\* Explore and evaluate career and job opportunities.

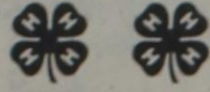

\* Establish positive attitudes toward productive use of leisure time.

\* Develop an active plan for attaining personal goals.

The policy of the Texas Agricultural Extension Service is to extend equal opportunities for membership and participation in 4-H activities to all Texas youth. Any youth can become a member of 4-H when he or she reaches nine years of age or has entered the third grade. A youth's last year in 4-H shall be the calendar year in which his or her 19th birthday occurs.

"Learn by Doing" is the motto of the 4-H Club. Here 4-Hers are learning skills in grooming their sheep projects for show. Several 4-Hers look on and gain some pointers as Tommy Thompson works with his sheep.

Learning new skills and knowledge are an important part of all 4-H projects. These 4-Hers are participating in a C.P.R. class at the Eastland Hospital. Mrs. Becky McIntire, R.N.; was the instructor. Congratulations 4-Hers on being certified in CPR.

The Eastland County Recreation Team is one of more than 20 county 4-H Recreation teams across Texas. The Eastland County 4-H Rec Team is under the direction of Mrs. Patti Cozart, as their adult leader. # Hall-Barker Vows Exchanged

Mrs., Mr. Craig Barker

Harvey Baptist Church in Stephenville was the setting for the wedding of Karmen Ruth Hall and Craig Wayne Barker on Saturday, August 4, at 2:00 p.m.

Parents of the bride are Cliff and Kathy Hall of Stephenville. Grandparents are A.W. Scrivner of Dermott, Pauline Scrivner of Snyder, Mrs. Cliff Hall Sr. of Rising Star and Stephenville and the late Cliff Hall, Sr. of Rising Star.

Doctors Tommy and Ruby Barker of Stephenville are parents of the groom. His

grandparents are Mr. and Mrs. Weldon Cumbie and Mr. and Mrs. Edwin Barker, all of Plainville.

Guests were greeted by Tanya Stewart, cousin of the bride from Brady. The registry book rested on a lace-covered table. Also on the table were a wooden carousel horse, a brass framed picture of the couple and a basket of yellow, pink and dusty rose birdseed roses made by the bride's aunt, Betty Stewart of Brady.

The altar of the church

featured a carousel garden setting. White lattice decorated with illusion, greenery and ribbon streamers of peacock blue, dusty rose and yellow set the backdrop for two carousel horses, hand painted by the bride and her mother. Twin white wrought iron benches were placed on each side of the setting between the altar base and guests. Tiny carousel horses and an abundance of greenery, live plants and ribbon streamers completed the setting.

Ann Post of Stephenville provided wedding selections at the organ. Jeff Trice, Jeff Huffman and David Wilcox, all of Stephenville, and Cloyd Teague of Fort Worth ushered the guests and family members to their seats. Jeff Trice played "St. Elmo's Fire" on the saxophone as the grandparents and parents were seated.

The bride's mother wore a dress of shimmer polyester in dark peacock blue, accented lightly with black highlights. The groom's mother chose a

drop-waisted Vogue design dress of brocade cotton in aqua. Both mothers wore fresh rose corsages accented with baby's breath, pearl shoots and peacock blue ribbon. Mrs. Hall's roses were bright yellow and Dr. Barker's were dusty rose.

The groom's father was attired in shades of gray western wear and his boutonniere was single fresh rose in dusty rose, accented with baby's breath and peacock blue ribbon.

Mike Walton of Stephenville, sang "The Wedding Song." Accompanying him on the guitar was brother of the groom, Brian Barker, of Morgan Mill. Ann Post presented "The Bridal Chorus" at the organ as Scott Cury, youth director at the church who performed the double ring ceremony, and the groom joined best man, Mike Walton, at the altar. The groom was attired in a black tuxedo tails jacket over white tux shirt, white vest and white bow tie. Black Wranglers, black boots and belt completed his attire. His belt was complemented by a western buckle, a gift from the bride, engraved with the couple's names and wedding date. His fresh twin-rose boutonniere was in dusty rose and yellow, accented with baby's breath and peacock blue ribbon. The best man was attired in boots, black Wranglers, yellow tux shirt, black suspenders and black bow tie. His single fresh rose boutonniere was in yellow, accented with peacock blue ribbon.

Bridesmaids Sharon Wrinkle of Stephenville and Natalie Stephens of Eastland were escorted to the altar by Cliff J. Hall of Stephenville and Brian Barker of Morgan Mill, brothers of the bride and groom. Each couple stood at the carousel horses.

The bridesmaids' dresses were of peacock blue hanky linen featuring a dropped V waist, with full gathered skirt. Sharon's molded bodice had a sweetheart neckline, above-the-elbow full sleeves and a V back with twin diagonal straps across the V. Accenting the back of her skirt was a bow flounce featuring a large

rosette. Natalie's shaped bodice featured an off-the-shoulder pleated drape that encircled her shoulders and was accented in the front with a large rosette. Both wore black patent shoes and carried a single long stemmed fresh rose in dusty rose, accented with baby's breath and tied with yellow ribbon. The groomsmen wore boots, black Wranglers, dusty rose tux shirts, black suspenders and black bow ties. Their fresh single rose boutonnieres were in dusty rose, accented with peacock blue ribbon.

Maid of honor, Tametha Barker, sister of the groom of Stephenville, also wore a peacock blue hanky linen dress featuring a dropped V waist and full gathered skirt. Her fitted bodice featured a V neckline with full sleeves caught just above the elbow with small rosettes. The skirt back featured three ruffled tiers accented at the waist with three rosettes. Black patent shoes also complimented her attire. She carried a bright yellow long-stemmed fresh rose accented with baby's breath and tied with dusty rose ribbon. She was met at the altar by the best man, who then escorted her up the steps to wait for the bride.

Preceding the brides entrance, the ring bearer, Chad McCright, escorted the flower girl, Dana McCright, both cousins of the bride from Snyder, to the altar. She gently dropped rose petals from a lace covered satin basket, sprinkled with seed pearls and accented with dusty rose and yellow ribbons. Her dress, also of peacock blue hanky linen, featured a dropped-waist, double tiered skirt and accented with a rosette where the top tier draped up to the waistline. Double-tiered angel sleeves topped the bodice. She wore baby's breath in her hair with yellow and dusty rose ribbons. She also wore black patent shoes.

Chad wore boots, black Wranglers, yellow tux shirt, black suspenders and black bow tie. His single rose boutonniere was in yellow, accented with peacock blue ribbon. He approached the best man, then the maid of

honor, as they removed the wedding bands from ribbons of yellow and dusty rose attached to a heart-shaped lace covered satin pillow, sprinkled with seed pearls. The basket and pillow were made by the mother and grandmother 25 years ago and have been used in family weddings since that time. Chad and Dana then took their places sitting on one of the wrought iron benches.

The bride was given in marriage by her parents and escorted to the altar by her father. He was attired in shades of gray western wear. His single rose boutonniere was yellow, accented with peacock blue ribbon.

The bride's dress was in satin peau, featuring a sweetheart neckline and a low V back. The molded bodice featured a "quilted" effect highlighted with seed pearls, inset in the front and back. The full puff sleeves formed a snug fit above the elbow and were caught with a small rosette. They also had insets of "quilting" and seed pearls. The softly gathered skirt was caught to the extended dropped waistline which formed a V in the front and back. The lower front skirt featured three applied satin carousel horses, lavished with seed pearls. The detachable semi-cathedral length train was caught to the back waist with a cluster of rosettes. It featured a larger version of the applied satin- and pearl-lavished carousel horse. Adorning her hair and caught to a pearl band was a short pouf of illusion sprinkled with shoots of seed pearls and cascading lengths of lily of the valley and seed pearls. She wore satin and pearl bridal slippers. Her dress and headpiece were completely designed and made by the bride and her mother. Her bridal bouquet was a fresh garden cascade of yellow and pink roses, alstroemeria lilies, baby's breath with trailing English ivy and streamers of peacock blue, dusty rose and yellow.

The train was carried by Jason and Justin Guynes, cousins of the bride from Snyder. They were attired in

boots, black Wranglers, dusty rose tux shirts, black suspenders and bow ties. Their single fresh rose boutonnieres were in dusty rose, tied with peacock blue ribbon. After they reached the altar and the bride was given in marriage to the groom, the train bearers took their seats on the remaining wrought iron bench.

Something old was a white Bible that was a childhood gift to the bride's mother 33 years ago. It had been covered with satin, lace and seed pearls to match the basket and pillow and also had been carried by family members in previous weddings.

Something new was the bride's dress and a diamond watch, a gift from the groom. Something borrowed was a pearl necklace and earrings belonging to the groom's mother. Something blue was the toss garter. For good luck the bride wore an elegant white lace garter entwined with ribbon and roses of emerald green, her "good luck color"

Before the ceremony, Robyn Barker Howland, cousin of the groom from Waco, and Brian Barker sang "Household of Faith." Their piano accompaniment was by Colin Howland, cousin of the groom from Waco. Following the ceremony, Mike Walton sang "The Lord's Prayer," accompanied at the piano by Robyn Barker Howland.

The reception was held in the church fellowship hall following the ceremony. White lattice draped with illusion, greenery and streamers in peacock blue, dusty rose and yellow formed the backdrop for the bride's and groom's tables. The carousel horses were placed on either side of the lattice.

The bride's table was covered in white lace over peacock blue and featured a gathered skirt of white illusion. The four-tiered white wedding cake rested on tall columns. Underneath the raised cake was a small cake holding a blown glass carousel horse. Atop the cake rested a blown glass bride and groom. Peacock blue ribbon flowed from the ornament to four

satellite cakes resting on the table around the columns. The two front satellite cakes held the wedding cake ornaments belonging to both the bride's and groom's parents. The cake was made by the bride's mother. A large crystal punch bowl held pink lemonade. Mixed nuts and heart mints were also available. Scattered fresh cut flowers complemented the table.

The groom's table was also covered in white lace over peacock blue and featured a gathered skirt in white. The chocolate cake was iced with chocolate and decorated to look like a computer, complete with disk and electronic program. It was made and decorated by the groom. Coffee was served from a silver service and chocolate covered nuts were offered. The bride's toss bouquet added the finishing touch to the table.

Serving at the tables were Pat Guynes, cousin of the bride from Snyder; Jeanene Kraft, cousin of the bride from Alvin; Lynda Barker, cousin of the groom from Lubbock; and Rita Davis. Heading the houseparty was June Hill, aunt of the groom from Mansfield. Others in the houseparty were Gwynell Jefferies, Leona Goodman, Rhonda Wilcox and Lounell Archid.

The gift table held a wooden carousel horse, hand painted and decorated in the wedding colors by Tom and Ann Post. Another basket of birdseed roses in pink, dusty rose and yellow, made by Betty Stewart, completed the decor.

The rehearsal dinner was hosted by the groom's parents at K-Bob's Steak House.

Showers honoring the couple were hosted in Stephenville and Lubbock. The bride was also honored with a lingerie shower.

Both are 1989 graduates of Stephenville High School, Craig graduating as valedictorian and Karmen as salutatorian of their class.

After a honeymoon trip to Disney World in Florida, the couple are at home in Lubbock where they both attend Texas Tech University and are employed on campus.

**Six Flags Over Texas To Hold Fright Nights Halloween Celebration Oct. 12**

Ghosts, goblins and other creepy creatures will stalk guests at Six Flags Over Texas as the Arlington theme park begins its annual Fright Nights Halloween celebration Oct. 12.

The official "mascot" of the three-weekend event, an inflatable gorilla six stories tall, will leer at passing motorists on I-30 from his perch on the side of the park's landmark

observation tower.

Elaborate Halloween decorations, including ghosts in the trees, a huge, grinning jack-o-lantern and a crypt with room for three skeletons will dominate the entry mall.

A make-believe undertaker lurking near a genuine horse-drawn hearse will measure passersby.

Major additions have been made to the park's featured

haunted houses. One of the walk-through attractions, sponsored by the March of Dimes, will have a completely new theme.

A new musical with a Halloween tempo will be presented in the Southern Palace Music Hall, and magic show will be featured in the Lone Star Theater.

Even the traditional Six Flags gunfight will take on a Halloween theme.

The Spelunkers will be missing from the popular Spelunkers Cave ride, replaced by an assortment of

Halloween horrors crouched in the cave's dark corners.

Six Flags will be in full operation during Fright Nights.

There will be no extra charge for the event, with the exception of a \$1 donation for the March of Dimes haunted house.

The park will be open from 6 p.m. until midnight on Fridays, Oct. 12 and 26. Fright Nights will not be staged on Friday the 19th. Operating hours on Saturdays, Oct. 13, 20, and 27 will be 10 a.m. until midnight. Hours on

Sundays, Oct. 14, 21 and 28 will be 10 a.m. until 10 p.m.

Six Flags is currently on its weekend-only fall schedule which continues through Nov. 11th.

**Quotes, Quips**

Making the transition from grade school to junior high school can be awfully challenging, but most of the 7th graders I talked to like junior high.

Gary Stone thinks, "Jr. high school is O.K., but I hate being treated like a kid!" Samantha Kerr feels that the 7th grade is really fun, but it is also hard. "It is a real privilege to be able to spend time on the high school campus, but switching classes and bumping into people in the halls isn't too much fun," exclaims Samantha. She also thinks you have to rush, rush, rush.

Michael Perales thinks being at high school has its ups and downs. "Up here we are free, but we always get griped at up here," complains Michael. He also feels that getting through the halls is a real challenge. Justin Cook thinks high school is like a big house with a lot of people.

Steven Stephens thinks high school doesn't make you feel like a wimp. Amy Collins exclaims, "I think it's cool being on the high school campus and switching classes because if you don't like a teacher that you have, you switch classes and you don't have to worry about him or her for the rest of the day."

Well 7th graders, I hope you have a fun year. Maybe it will get easier by the time you graduate!

The best award given was for attendance. This was a special treat, ice cream. Let me tell you that's motivation! The Principal's Advisory Counsel met Wednesday to discuss goals for the elementary campus. One of the goals discussed was playground equipment. Teachers, support staff, school board members and parents all attended this discussion.

Lisa Bush's favorite thing to do at the playground is to talk and laugh as loud as she can.

Can you believe the dedication of our Wildcat football team? I'll bet you can't say that about any of the surrounding teams!

Several wildcats went to the CP football game Friday night. Let's just say they didn't come back sweating! Who the heck is Boozie Hound? You tell me!

What senior guy is loyal and true no matter how early in the morning? Isn't he a sweetheart?

What LadyCat went to bed early Saturday night? Was she sick?

How did Gorman's bonfire get started?

What "Kids" went to a senior girl's house at 1:30 in the morning? You mean you can't figure it out?

Did Gorman's bonfire get a little outa control Saturday night?

O.K., I want to know which "gang" went to CP Sunday night!

What coach didn't get most attractive? Well, I'll bet his class doesn't make good grades from now on.

What senior moved back to RS and can't stay out of trouble? No! it's not PL!

Who are the "Big Gossipers" 2nd period? Well, by 3rd period the office walls are steaming!

Thanks to everyone for making Homecoming '90 a success!

A "special" thanks to Ms. Ezzell. We love you! See ya next week!

**Wildcats Win 55-0**

led 7-0.

Hollis came up with a quarterback sack at the buzzer. Abilene Christian started the second quarter deep in their own territory and finished most of the game that way. Wildcats Hollis and Donnie Horton caused a fumble and the Cats recovered on the Panthers' 3-yard line. Alcorn rushed in for a TD with 11:06 left. Alcorn's PAT was good and the Cats led 14-0.

The next Wildcat TD came when Evans hit Bailey for a 37-yard pass. Bailey tried to pass for two points on a bad snap, but the pass was incomplete. With 9:06 left the scoreboard read Home 20 Visitors 0.

Abilene Christian tried to rally and a roughing the kicker penalty gave them a first down but they didn't get anywhere. Jarod Horton intercepted a Panther pass and ran it back giving them more experience for this week's game against arch rivals, Cross Plains Buffaloes. Although the Cats had too many penalties they had a good game.

Come out Friday and cheer the Wildcats to a victory over Cross Plains; one of the most important games of the season, it should be exciting.

The coaches regrouped at halftime and decided to let all their players get some play-

ing time. Alcorn came out and junior Jeff Medley went in. Medley had some good gains for over 10 yards but was short of the end zone. The ball went over on downs but Jarod Horton intercepted a Panther pass and ran 32 yards for a TD with 11:06 on the clock. Alcorn proved he could do it all when he passed to Geye on the extra point attempt, giving the Cats a 48-0 lead.

The Cats tried again to find the end zone and Medley broke tackles to the 1 but the ball went over on downs. The Panthers still came up short when Bailey picked off a pass and returned it to 6 yards to set up the next Wildcat score. With 2:32 left Medley scored from 1 yard out. Alcorn's kick was good and the Cats moved ahead 55-0.

In the fourth quarter Michael Sizemore came up with a fumble recovery and gave the Cats another chance to score, but to no avail. Geye filled in at QB and picked up 32 yards on a keeper and Medley had several more good gains. The game ended Rising Star 55, Abilene Christian 0.

This was a very good learning game for the Wildcats, 38 yards to set up the next Wildcat TD. Alcorn dashed 25 yards for the six points; the PAT was no good and with 5:09 left the Cats led 26-0.

The Panthers were forced to punt on their next possession when Wilson came up with a QB sack and Bailey scampered 47 yards on the

Thursday, October 11, 1990  
punt return for the next TD. Alcorn's PAT split the uprights and the Cats moved to 33-0.

The final score before halftime came as Alcorn picked up his third TD of the game after he broke tackles and sped 44 yards to the end zone. Alcorn's PAT was good and the score moved to 40-0 with :59 left.

Halftime ceremonies saw the crowning of Band Sweetheart Patricia Pavon by Band Beau Chris Harrelson. Football Sweetheart Wendy Green was presented flowers, a helmet and kisses by Wildcat team senior captains, Jimmy Evans, Brian Bailey, Donny Alcorn, Larry Hollis and Bobby Flores.

**Dental Degree Data**

Q. What is the educational background of the average dentist?  
A. The graduating dentist of today usually has had four years of pre-dental education, including basic anatomy, biology and chemistry, leading to a bachelor's degree. Prior to entering dental school, the aspiring dentist must pass a qualifying entrance exam to test mental abilities and physical dexterity. The first two years of dental school are spent learning the appropriate techniques for restoring the health of the teeth and gums, as well as basic human anatomy, physiology, and related subjects. The latter two years consist of work in the clinic with actual patients under the direct supervision of qualified instructors. Finally, the candidate is required to pass an examination to show his or her competence to practice in a particular state.

## Saturday Club

The Saturday Club met October 3 for its regular business meeting. The club creed was led by Eleanor Nunnally, federation counselor. The Federation song was led by Ann Murdoch, accompanied by Pauline Hudson on the piano.

Thank you cards were acknowledged and the minutes from the last meeting were read by Connie Hightower, recording secretary.

A report on the Rising Star Ambulance Service was given by Blanche Cawley.

Our theme for this meeting was "Federation," which means "a union of organizations." Bea Kruger, parliamentarian, gave an interesting history of the women's clubs, beginning 100 years ago to the present time. State, national and world clubs have worked together to help preserve and maintain historical landmarks, organized libraries, financial scholarships, contributions to civic and humane activities and volunteer work. There are many more accomplishments too numerous to mention.

These ladies really got things done once they got their foot in the door.

Our guest, Betty Gray, presented her guest, Corrie Cawley from Eastland, who spoke on literacy and the importance of helping people learn to read and to learn the basic things to help them in society and everyday contacts. Volunteers are badly needed to help in this project. For more information, call Corrie at 629-1813.

The club will have a yard and bake sale at the city library Friday and Saturday, October 12 and 13. Come and browse and take home some goodies.

Our hostesses for this meeting were Bea Kruger, Eleanor Nunnally and Edra Butler. We want to thank them for a very lovely brunch and a very interesting, as well as educational, program.

## PTO 'Thank You'

type of scrutiny is part of the price of being a public figure.

Another special feature of the Governor's race: this is the first time a woman has been a party nominee for Governor since the last term of Miriam A. Ferguson in 1933.

On another state race, the Rick Perry (R), Jim Hightower (D, incumbent) battle for Commissioner of Agriculture is attracting a lot of interest, in Eastland County and elsewhere. With the Farm Bureau officially behind Perry, the situation is up for grabs.

In Eastland County the Democratic Party has always furnished local candidates with few exceptions. This is the year of exceptions - among the long list of Democrats for County offices there is a Republican: Marie Rabel for District Clerk.

Mrs. Rabel, the wife of building contractor Gary Rabel, lives in the Nimrod community. She works in a Doctor's office in Eastland and also in her husband's office.

She says she is running for District Clerk because of her interest in good government, and because of her previous experience in County Government. Before moving to Eastland County nine years ago she worked in a County courthouse in Nevada, first in a hired and then an elective position. She also helped put in a computer system there. In Election Precinct 8

(Cisco and surrounding area) voters will find a square and a blank space near the bottom of the right-hand corner. This is the place where voters may write in the name of Billy Bacon (incumbent), candidate for County Commissioner, Pct. 4.

Bacon has followed the procedure required by law, and is certified as a write-in candidate.

Billy Bacon says one of his reasons for running as a write-in candidate is because a lot of people have asked him to. Another consideration is that turnout in the party primaries in his Precinct was very low, with only about one-third of the approximately 2600 reg-

istered voters casting ballots. He would like to see a larger majority make the decision for Commissioner.

Bacon also says that he considers the office very important - one that requires special qualifications. Another thing - he says he has a number of road projects he wants to complete.

This write-in candidacy and others make a person wonder whether voters will break with tradition this year.

In Eastland County moving toward a system where independent candidates can step in and be elected without being party nominees? Or, judging by the race for District Clerk - is there a chance that Eastland County will become a two-party County?

# Single Copy Issue Price to Go Up

For the first time in more than eleven years of continuing production increases, the single copy price of this newspaper will be raised. The current price of a newspaper bought from a newsstand or vendor will be increased from 25 cents to 50 cents on Thursday, November 1.

The price of a single copy was raised from 15 cents to 25 cents in August, 1979.

The yearly subscription rates will remain unchanged unless postal increases force the current rates upward. Preliminary indications are that postal rates will increase early in 1991.

The costs of insurance, utilities and other overhead expenses, as well as production expenses, have increased throughout the past eleven years and suppliers of ink and newsprint have advised the newspapers that prices will be increased with the next

deliveries. The immediate and continuing increases in oil and transportation prices following Iraq's takeover of Kuwait are being passed on.

Although the subscription rate for mailing the newspaper locally has increased several times since 1979, an annual subscription is still less costly than the single issue price of 25 cents; local subscribers pay 17 cents per issue at the current rate of \$9 a year. After the increase to 50 cents, a subscription will offer even more savings over the single copy price. Local subscribers are valuable to the newspaper and its advertisers and the publisher will keep that subscription figure as low as possible.

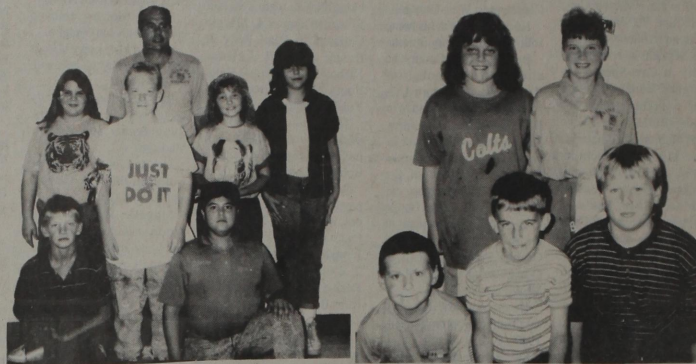

Subscriptions to Texas towns more than 30 miles from Rising Star are \$13 a year, just about enough to pay for the mailing. The rate for mailing out of state is \$19 a year; the local paper may be mailed to service personnel overseas with APO or FPO numbers at the out-of-state subscription rate. Subscriptions make excellent gifts for those away in college, in the service or living away temporarily.

Holiday special: \$1.00 off all NEW subscriptions, senior citizen renewals and APO numbers.
