Gus Dunn Elected County Chairman

A resolution calling for 100 percent of parity for farmers was one of 10 resolutions adopted during a 2½ hour Eastland County Democratic Convention Saturday.

G.A. Dunn Jr. of Rising Star, was selected as chairman of the nine delegates that will be traveling to the state convention in Fort Worth.

The Republican Party of Eastland County held its County Convention Saturday, May 13th at 10:00 a.m. in the Commissioner's Courtroom of the County Courthouse. Mr. Earl Bradley of Eastland, and Mr. Robert Vann of Cisco were elected delegates to State Convention to be held in Dallas on Sept. 8, 9th. The alternate delegates elected were Keith Whitt of Gorman and Loretta Bulgerin of Eastland.

The Eastland County Republicans adopted 23 resolutions to be submitted to the State Convention. These resolutions deal with international, national, state, and local issues and reflect the sentiment of county Republicans.

In international affairs, the convention expressed opposition to United Nations policy regarding human rights, genocide, and trade policies detrimental to U.S. interests; the payment of money to Panama under terms of the Panama Canal treaty; and opposition to the continued sales of large blocs of land to foreign nationals and the tax exempt

status of such land.

The convention members passed resolutions favoring "right to work" legislation the continued right to keep and bear arms, and opposing a forced conversion to the metric system.

They expressed their unhappiness with current educational trends by calling for greater local control of textbook and resource material, local approval for changing the minimum age of school children, and a greater responsiveness of the Texas Educational Agency to the Texas Legislature and the local communities.

The convention suggested that in view of the national government's inability to manage its finances, control its resources, and follow the principles established when the Republic of Texas agreed to join the U.S., that the citizens of Texas should be given the right to a referendum to decide if they wish to remain a part of the Union.

Finally the convention expressed disapproval of "gay rights" legislation the extension of the time limit for the ERA amendment, or the further expenditure of funds for the International Women's Year. They called on the Texas Legislature to rescind its earlier approval of the Equal Rights Amendment. In the most controversial decision of the day the convention supported the Helm's Human Life Amendment that opposes abortion on demand.

Hart, Fowler Named Top Honor Graduates

Debbie Hart and Noma Fowler have been named valedictorian and salutatorian respectively of the May High School Class of 1978.

Pecan Field Day To Be Held At Rex Hudson Orchard

A pecan spring field day will be conducted by the Eastland County Pecan Growers Association, Friday, May 19, near Rising Star. County Extension Agent DeMarquis Gordon says the field day will include discussions of pecan insect, disease and weed control. Other important pecan management practices will also be discussed.

The field day will be at the Rex Hudson orchard about three miles south of Rising Star and will begin at 9:00 a.m. and will end about noon.

Three Extension Service specialists, Dr. Chip Lee, Dr. Cliff Hoelscher, and Sammy Helmers will lead the discussion and answer questions. After the discussion the group will make a walking tour of the orchard to examine the development of insects and diseases. This will be followed by demonstration of two or three pecan sprayers.

Everyone interested in pecans are encouraged to attend the field day. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion, or national origin.

Services held for

Brother Of Lee

Services for Mr. A.C. Lee, brother of Weldon Lee were held Tuesday at the Hobbs Funeral Home in Ballinger. Mr. Lee died Monday.

From The Mayor

The City has installed 83,419 (15.8 miles) Linear feet of new Gas pipeline since July 20, 1977. Pressure checking of the Northwest section was completed Friday, May 12, 1978.

According to the pressure checks in both the southwest and northwest sections, the pipeline is adequately installed.

Councilman Bill Reed made the final checks for the City and is satisfied that we have a gas system that will not leak if properly maintained. I concur with Bill one hundred percent and commend him on a job well done.

We have begun setting meters in the west part of town by mid June. When this work is completed we will cut the old gas lines, purge them of old gas and abandon them. This will complete seventy percent of the total planned installation.

We still have some work to do in the new system in the west part of town, however. There are still some loose ends. Some ditches require some additional filling and covering. Some fences need to be put back up and some pipe will be cut and replaced.

To date, the patience and understanding of most citizens has been wonderful. For this, the City officials are grateful.

There is an expression at City Hall that derides a few of us "old sores heads". I have heard it and it goes like this, "They had rather pay \$4.00 per thousand cubic feet for gas than have a little ditch cut in their yard".

I have also hear some expressions from citizens concerning the City

government and its employees. Some can't be printed in a moral society.

There is 31,537 feet of gas pipeline installed in the southwest part of town. This pipeline was installed under contract and cost us \$11,037.95. City employees repaired all cuts in the water, sewer and old gas lines, cleared the right of way for ditching, removed and replaced fences.

There is 51,882 feet of gas line in the northwest part of town. City employees installed this portion. They also cleared their right of way and repaired all cuts in water, sewer and old gas lines. They also replaced all fences. In addition, these employees handled 54 work sheets in assistance to fuse pipe and to help the City "catch up" on service needs.

Most of these employees who were hired to install the gas system performed in an acceptable manner. The city officials assigned to see that the system in the northwest section of town also performed in an acceptable manner. Both the employees and the officials have received considerable criticism for this work and most of it was not justified.

The cost of installation of the gas line in the northwest side is \$18,000 dollars. City officials will plan to have the gas pipeline in the east part of town installed under contract. We have \$27,000 in the new gas system fund to install the pipeline on the east side. We have materials on hand to complete the east side.

The Mayor

Bennie Young Addresses Citizens

Bennie Young a representative from the Rehab Center in Abilene, was the guest speaker for the Senior Citizens on May 9. He showed film on the work being done there. It included the special needs of babies and the stroke victim of no age limit. He told us of a new modern room and equipment for testing a persons hearing and all we needed to obtain testing or treatment was a

written request from our family physician. Come by and have home-made refreshments with us on Tuesdays and get acquainted.

Bro. Dick Williams will be the speaker on May 23, which is regular luncheon day. Bring a covered dish and enjoy good food and friendly fellowship.

Recognition Program Held Thursday

COACHES AND State Competitors From May

Coach-Frank Gray and State Competitor Nicky Newbury

Wednesday, May 10 a recognition program was held in the Rising Star Gym to honor the coaches and terms of May and Rising Star High Schools. Superintendent Bobby Fortune opened the program by remarking that it had occurred to him recently, that two schools within 8 miles of each other held the distinct honor of having State championship teams, and thought that this merited some special recognition and celebration.

Supt. Fortune then introduced coaches Grayum Hart, Donnie Rhodes, and Dan McGeer from May and had them say a word about their teams. The entire May 1977 State Championship 6-May Football team was asked to stand and was recognized. Carla placed 5th at the Girls State Track Meet in the Discuss. Ted placed 5th in the mile run at the Boys State meet this past weekend. Coaches Frank Gray and Robby Stuteville were introduced and Coach Stuteville gave some sell deserved praise to his 1978 girls scout championship track team. Nicky Newbury was recognized as Rising Star entry in the Boy's State meet. Nicky placed 6th in the hurdles this past weekend at Austin. The program ended with some of the coaches serving ice cream to both student bodies and the honored teams.

Social Security

At one time or another, you've probably thought about what your family would do if you died and they no longer had any income. More than likely, you have some kind of life insurance to help provide for them, such as group life insurance through your employment, for example. Or, maybe you've taken out an individual policy with an insurance company. Maybe you even have both.

But, do you know that you are providing survivors insurance protection for your family through your work covered by social security? It wouldn't be surprising if you don't, because many people tend to think of social security primarily as a retirement plan. Social security does provide a monthly income for you and your family when you retire. But, it also protects your family if you should die.

Monthly survivors benefits can be paid to your unmarried children who are under 18, or under 22 if they are full-time students. If you have an unmarried son or daughter 18 or older who was severely disabled before 22 and continues to be disabled, he or she also can get payments.

Your widow or widower can get checks at any age if she or he is caring for your child who is under 18 or disabled and getting benefits on your work record.

If your widow or widower doesn't have any dependent children, she or he can get checks starting at age 60. For a disabled widow or widower, benefits can start as early as age 50.

Survivors benefits also can be paid to dependent parents 62 or older, and, under certain conditions, to a surviving divorced wife.

In order for your family to get survivors benefits, you must have credit for a certain amount of work under social security. The exact amount would depend on your age when you die. But, payments can be made to your children and widow or widower caring for them even if you only have 1 1/2 years of work in the 3 years before you die.

The amount of the monthly benefit payable to your family would be based on your earnings over the years. At present, the payment for a widow or widower and two or more children ranges from \$171.50 to \$804.10 a month. Your family's benefit would be increased automatically to keep pace with increases in the cost-of-living.

A lump-sum death benefit of \$255 also is payable when a worker dies. Ordinarily, it goes to the widow or widower. If there are no survivors, however, the lump-sum death payment can be used to help pay the worker's burial expenses. Before payments can start, someone must apply for

Thursday, May 18, 1978

them, and an application should be filed as soon as possible after a worker's death. A long delay in applying could cause loss of some benefits because back payments can not always be made.

The application can be filed at any social security office. Some of the documents which should be submitted with the application are the worker's social security card, or a record of his or her social security number; and evidence showing the worker's recent earnings, such as the Form W-2 or self-employment tax return for the year before he or she died. Proof of death is usually obtained from the funeral home.

The children's birth certificates also would be needed if they are eligible for benefits. And, the widow or widower would need her or his birth certificate (or some other proof of age) and marriage certificate.

An application shouldn't be delayed, however, if all these proofs aren't available. The people in the social security office can tell whoever applies about other proffs and where to get them.

Social security survivors insurance provides amontly income your family can count on in the event of your death. Tell them about this protection and be sure they know to contact their local social security office.

MEETINGS

On Monday, May 22, Dr. William B. Thomas, Extension Swine Specialist, will be in Eastland County for a one night meeting with county swine producers. The meeting will begin at the Texas Electric Reddy Room in Eastland at 7:30 p.m.

Educational background. B.S. in animal husbandry, 1953; M.S. in animal science, 1958; Ph. D. in nutrition, 1968, Texas A&M University. Experience. U.S. Army, 1953-55; a assistant county agricultural agent, 1955-56; graduate assistant, Texas A&M University, 1956-57; head, Livestock Department, Rio Farms, Inc. 1957-61; swine specialist, Texas Education Agency, 1961-63; instructor, Animal Science Department, Texas A&M University, 1963-66; research associate, Veterinary Microbiology Department, Texas A&M University, 1966-69; Extension swine specialist 1969 to present.

Area of specialization in addition to directing the Extension swine program, Dr. Thomas works closely with county agricultural agents and swine producers in the areas of swine breeding and selection nutrition, buildings and equipment and herd health. Honors received Distinguished undergraduate student, Texas A&M University, 1952-53. Member of Gamma Sigma Delta, international honor society for agriculture. Additional information. Dr. Thomas is a native of Nueces County. He is a member of the American Society of Animal Science and the graduate faculty at Texas A&M University. He serves as chairman of the Extension Swine Committee. He has served as a judge at

some of the major swine shows in Texas. Family information Dr. Thomas is married to the former Jo Nell Hobrecht of Blanco. They have a daughter, Lorena Ann, and a son, William Michael.

Dr. Thomas is no stranger to Eastland County, having visited here on numerous occasions. He will be on hand at this time to speak to producers on problems relating to housing and facilities to deal with summer heat, herd health problems and least cost rations. A question and answer session will follow and producers are invited to attend and question Dr. Thomas about specific problem situations. The swine committee will meet prior to the program to select topics of interest for this fall's educational meeting.

As always, Extension sponsored programs are open to all people regardless of socio-economic level, race, color, sex, religion or national origin, and the public is invited to attend.

THANK YOU FOR THE SUBSTANTIAL LEAD IN THE 1ST PRIMARY

- ★ Work and Experience constitute the record of Judge J. Neil Daniel. He refused to neglect his court while campaigning for promotion.
- ★ In the 1st Primary—the people, where the candidates live and work, gave Judge Daniel a majority of the votes cast. Judge Daniel's run-off opponent ran third.
- ★ Qualification is the only issue, and it covers many factors: Background - Integrity - Diligence - Ability for hard work - Education - Training and Experience.
- ★ Judge Daniel had extensive trial experience prior to becoming District Judge and as District Judge has heard and disposed of more than 4356 cases.
- ★ Judge J. Neil Daniel is the only candidate with Judicial experience. He knows the law and he knows the courts.
- ★ The record speaks — there is absolutely no substitute for Judicial experience.
- ★ Promote Judge J. Neil Daniel to the Court of Civil Appeals.

FROM OUR CHURCHES

Church of Christ

The importance and value of the Bible have been recognized and stressed repeatedly over the centuries, especially among the common people. But it is equally true that the worth of the Scriptures has been judged to be incalculable by many of the great figures of history, even in instances where these have been unwilling to commit themselves entirely to its principles. The following quotations reflect the esteem in which the Sacred Volume has been held.

George Washington: "It is impossible to rightly govern the world without God and the Bible."

John Quincy Adams: "So great is my veneration for the Bible that the earlier my children begin to read it, the more confident will be my hope that they will prove useful citizens of their country and respectable members of society. I have for many years made it a practice to read through the Bible once every year."

Patrick Henry: "The Bible is worth all the other books which have ever been printed."

Napoleon: "The Bible is no mere book, but a Living Creature, with a power that conquers all that oppose it."

Abraham Lincoln: "I believe the Bible is the best gift God has ever given to man. All the good from the Savior of the world is communicated to us through this book."

Ulysses S. Grant: "The Bible is the sheet-anchor of our liberties."

Andrew Jackson: "That book, sir, is the rock on which our republic rests."

Sir Isaac Newton: "There

are more sure marks of authenticity in the Bible than in any profane history."

We mourn with the Weldon Lee family, following the death of his brother Alto Lee. We also join Mrs. Sam Jones and her family, on the death of a nephew Mr. Harrison.

Snova Walker is in Hendrick Medical Center in Abilene for tests. Emmett Howard is still at home and enjoying the visit of his son from Scotland. It was good to have Adrian Jenkins and Leonard Harris back with us Sunday. Effie Williams has not been too well lately, but was able to be in the Assembly Sunday morning. Buck Maples is still not feeling good.

Have a good week. Call on us if we can serve in any way.

FIRST UNITED METHODIST CHURCH

If you were not in Church last Sunday you were missed and you missed also. Regular Church attendance is necessary to keep your Christian life alive and to fulfill the duties of your Christian life. There are experiences in life that cannot be what they should be unless they are experienced with others. What kind of family gathering could you have if no family members showed up? What kind of PTO meeting would it be if no members showed up? What kind of Chamber of Commerce meeting would it be if no one showed up? What kind of football game would our young men play if no one showed up to cheer them on? How would our State Champion Girls Track team have felt if there had been one one there cheering them

to win the State Track meet? What kind of business could survive if no one showed up day after day? Your attendance in Church is important too! You can worship alone, but the truth is that togetherness is vital to you and to the church. A man once said that he did not belong or attend any church because he has as good or better than the members who did. He probably was right, but what he failed to realize is that the church does more than help people be good. The Church goes beyond goodness to salvation. To be good. To pick up one's cross and follow in the footsteps of Jesus goes far beyond just being good. Make no mistake about it we all need the fellowship of the church and the Church of Jesus Christ needs us all. This Sunday morning we will have a special service for our graduating seniors. We encourage you to attend Church this and every Sunday.

Women in like manner must be grave, not slanders, temperate, faithful in all things. (1 Timothy 3:11)

Scripture Thought

OF THE WEEK

Attention was given the Word of God by Bro. Phillip Schaefer, who assists Pastor Jones, as he brought a message relative to the church being a "family" and Pastor Jones responded with a challenge to the entire congregation from God's Word. Afterwards, followed a fine lunch prepared by the ladies of the church.

The old church building has long been considered such a landmark that it is referred to on all the county maps. The new facilities (which are traditional southern design, fully carpeted, central heated and air-conditioned, and furnished with all new church furniture) are located twelve miles south of Cisco, on hwy. 183. The church owns three acres of highway frontage. Pastor Jones is actively engaged, in addition to pastoring Eastland County's fastest growing rural church, preaching crusades, revivals, and special services across the fellowship of the United Pentecostal Church, International.

He is a product of Cisco Junior College, having also attended Ranger Junior College, McMurry and Hardin Simmons University of Abilene. He is presently in the process of relocating

from the rural area of the church to a home he and the family have purchased in Cisco. The congregation gave Pastor Jones in excess of \$1,400 toward the purchase of the home located at 1501 Bullard, and after extensive remodeling, they expect to make the move during the next week. Rev. and Mrs. Jones have a daughter, Staci, who is nine years old, and attends the Cisco Public Schools.

"As It Looks From Here" OMAR BURLESON Congressman 17th District

WASHINGTON, D.C.—THE PRESIDENT'S TAX PROPOSAL has now been before the Ways and Means Committee since January 21, 1978. Since that time, long and tedious hearings have been conducted with literally hundreds of witnesses testifying pro and con. We are now out of the hearings stage and attempting to write a bill and there are about as many ideas as there are Members of the Committee.

IT IS CERTAIN THAT THE PRESIDENT'S PROPOSAL HAS LITTLE CHANCE OF approval in the form submitted. If the measure were approved as the Administration proposes, we would end up with a \$67 to \$70 billion deficit. The bill provides for cuts of \$22.5 billion for individuals and about \$6 billion for business for the year 1979. It further provides that certain tax cuts of 1977, which expire at the end of this year, be partially extended, bringing the total to about \$34 billion.

TAX REFORMS, WHICH MEANS CLOSING WHAT SOME WANT TO DESCRIBE AS "LOOPHOLES," recover \$9 billion in tax revenues, leaving a net reduction of approximately \$25 billion.

FOR AN AVERAGE AMERICAN FAMILY OF FOUR with a \$15,000 income, the proposal would cut their tax by \$258. In the meantime, the family would lose the \$35 tax credit per person now provided. This is not nearly the whole story. The net tax cut to such a family would be offset two to three times over, by the increased rate of inflation to which the increased deficit would contribute. In short, it amounts to giving with one hand and taking it away with the other.

THERE IS A PROPOSAL

BEFORE THE COMMITTEE to extend the tax cuts enacted in 1977, including the \$35 credit per person, the small business surtax exemption, earned income credit and a few other provisions for reduced taxes. It would reduce the deficit of approximately \$60 billion now projected to about \$35 billion. The reduction of this approximately \$25 billion from the deficit would result in the Federal Government not having to borrow this sum, making it available to the private sector for industrial expansion at lower interest rates. It would result in an attack on inflation and make possible more employment in the industrial sector and, in the longer term, reduce pressures on material and labor costs, contribute to American exports and a healthier economy generally.

IT IS NOT SO MUCH THE DOLLAR WHICH REMAINS after taxes to the individual and businesses; it is the value, the quality of the dollar and the measurement of what it can buy.

Dollars developed through tax cuts resulting in higher deficits, are certainly less useful than the dollars that remain after a tax policy which reduces the deficit to around \$35 billion.

IF THERE IS THE WISDOM TO MOVE IN THIS DIRECTION, in time it will create economic conditions which can turn this Country around in its problems with inflation, depreciation of the dollar world-wide and reduced imbalance of payments.

SOME ARGUE THAT THIS IS A CASE FOR HIGH TAXES. It isn't. Rather it's a case for responsibility -- against continually rising costs of everything, instability in our economy -- the

Letters TO THE EDITOR

We, the undersigned, would like to respond to the previous "Letter to the Editor" written by Billie Pell. We felt that we as not only concerned citizens, but citizens who use the ball park could not let such a misrepresentation go unanswered. We spend a great deal of our summer at the ball park, whether playing a game of our own, watching our family and friends, or rooting for the little league teams. This park has become a focal point of the community and we would like to see it continue. We understand the city's predicament in the past about having the money and man power to maintain the park as it should have been. This is why we are so proud and fortunate to have a civic organization such as the Jaycees to devote their time and money to making our park what it was meant to be; a place for the people of Rising Star to visit, play, laugh, and work together.

And believe us a tremendous amount of work has been involved in getting the park in the shape it is today. We first became involved with the politics surrounding the city park last year. The rumor floated around that a housing project was going to be built on the present park land. The city desperately needs a housing project and we all hope to see one erected in the near future; however, this caused a great deal of concern among the various people who would have been affected by the relocation of our ball park. Further investigations have disclosed that the proposed

integrity of our dollar. With this must go a drastic reduction in Government spending if we are to bring sanity to our fiscal affairs.

housing project cannot be built at the park. Needless to say this brought up the issue of how stable our park is. The Jaycees did not think they should spend another year of work let alone more money on the present park if there was the possibility (no matter how remote) that the park might have to be relocated. So comes the misrepresentation that the Jaycees want the city to give them the park. This is not our understanding of their intent and we felt that we should try to present what we feel is the main point of controversy. The Jaycees would like a guarantee that the ball park will remain a ball park before they invest anymore time or money. We understand that the city is considering the best way in which the Jaycees and the city officials can reach such an agreement that will benefit the city, the Jaycees, and the people of Rising Star. We feel this is a matter best left alone until a decision has been reached. Letters such as the one printed last week can only cause bad feelings on the part of everyone concerned. Or main purpose in organizing to write this letter was to alleviate in a small way some of the afore mentioned bad feelings. If by so doing we can help our city officials and our Jaycees better understand each other, then our purpose has been accomplished. We would like to take this opportunity to join the Jaycees in commending the city officials on the recently adopted park ordinances. They are long overdue and should help us all enjoy our park more. We also thank the city's open-mindedness and the Jaycees' forethought should be mentioned. With citizens such as these making our city a better place to live, work, and play we are proud to be a part of Rising Star.

Mr. and Mrs. Price were married on May 22, 1928 in Glen Rose, Texas. Mrs. Price is the former Thelma Humphries.

The Price's have lived most of their 50 years of married life in and around Comanche county.

Mr. Price worked for 35 years as a mechanic in Sipe Springs. Mrs. Price was a nurse in the community for 35 years.

Since their retirement, the Price's enjoy gardening and Thelma pieces quilts and enjoys arts and crafts.

Using That Pressure Canner This Year?

With the price of food rising constantly many people are dusting off that old pressure cooker, with plans to do more food preservation this summer. For the safety of everyone concerned you and your loved ones, it would be a smart idea to have your gauge checked before you start using that pressure cooker. Gauge accuracy is of utmost importance because food will spoil if not processed correctly and none of us wish to throw away ones processed foods or take the risk of food

poisoning. Dorothy Diddle, Homemaking teacher invites you to bring your cooker to the Homemaking department on or before Monday, June 5th 1978 to get the cooker checked with a master gauge. The cost will be \$2.00 per cooker. Janet Thomas, County Agent in cooperation with the Rising Star Vocational Homemaking Department will be at the Home Ex cottage from 9:30 a.m. to 4 p.m. to check the cookers. You may wait for the test to be done or pick them up at a later date.

Senior News

Since this is the last year for the great Seniors of '78, I have decided to write what everyone is going to be when they grow up. Ha! The valdicatorian-Karen and saluatorians Glenn got kicked out of school for skipping class. K.G. is going to be a policewoman like Angie Dickinson with G.D. being Sgt. Crowley. C.B. always acts very dumb but the rest of her make up for it, so she has decided to try for the part of Chrissie in Three's Company. Starring M.B. as Jack Tripper always trying to make out with C.B. and D. Lawrence as Janet, who doesn't believe in any hanky panky. Making her first TV appearance is K.C.R. as Mrs. Roper and M.H. as Mr. Roper who is always trying to avoid her. D.R. is trying for the part of The World War I Flying Ace in the Snoopy Comic Strip. T.L. is going to be Grizzly Adams living out in the wilderness starring T.S. as Ben. B. Wallace is going to take Nancy Drew's place in "The Nancy Drew Mystery." She will be writing the scripts and acting them out and she will also be teaming

up with Linda Ronstad as a singing star. N.N. has been such a great track star in high school, but we finally found out his secret. He shorted out one day, so we all know that he is bionic. J.H. has finally decided to take the part as Moma in "What's Happening" with B.N. starring as her daughter, De. With big brother J. Childress making his debut. R.V. is going to lie Re Run always telling his wild stories.

Charlies Angels are going off the air but Frank's Angels are making their first appearance. Frank, who quit the show of Kojak thinks this will be a much more enjoyable show. With the three beautiful girls, D. Benson, D. Boyett and J.W. and R.K. is trying out for the part of Pruitt in C.P.O. Sharkey. C.P.O. Sharkey is R.B. who is always getting excited about his crew like D.W., G.F. and D.T. who is always sneaking girls on the ship and usually trying to sink their submarine.

Well that is what everyone in our class is going to be like. That's it.

Diana

This is a little early for the Drum Major and Majorettes but we would like to thank

everyone that brought something at our bakesale. Drum Major Belinda Surtzer Majorettes: Taby Chambers head; Joanne Carpenter and Regina White. We are fixing to start selling chances on a Electric Pendulum Clock. It is a very pretty clock. It will be on display at some store in town and chances are 50 cents they are very cheap so maybe you will buy 2 or 3. The reason we are doing this is where we can help ourselves go to camp. That really cost. So look around for one of us and buy a couple of chances.

Thanks

Belina [Drum Major]

Before I say anything else, I'd like to correct a mistake that I made last time. I said that Carolyn had run the 100 yard dash in 11.4 minutes. Really I don't know how I managed that! She could probably run to May and back in that time. It really was 11.4 seconds. Well, you win some you lose some.

Wednesday, May tenth, we had an ice cream party. The May high School students wome with their coaches and we all had ice cream cones. Not only did the poor coaches have to dish out the ice cream, Mr. Hart from May and Mr. Steeteville had to make speeches. Mr. Fortune was sort of a master of ceremonies for the program.

Eight of the boys went to the State Track Meet. Nicky Newbury was our entry in the hurdles. He placed 6th. That's all for now.

NEWS FROM THE FISH BOWL

Well Hi! again, this week in the fish bowl we have two new FHA officers, K.H. got President, and J.A.C. got Secretary. The fish did pretty good on their car wash, 68.00, approximately. Well we're all real proud of T.U. and C.M. because they went to state and help win the class IB- championship. We're fixing to dissect a pig in Biology. No one's looking forward to it, that I know of. We'll see ya later. From the Fish Bowl JoAnne.

SUPER FINE IN 79

Can you believe it just one more week of school. I can't believe it just one more week and we will be Seniors, and then everyone will be thinking where w we are going to go to college. There is not much to say now since school all most out. I would like t to thank everyone who read "Super Fine in 79" this year it has really been alot of fun. I would like to thank Beth for bearing with me for all the times I forgot to write in the news. Well maybe the next time you here from me I will be a Senior. Until then I see ya Belinda.

Senior Citizens Meet

The Senior Citizens met in their regular Wednesday meeting May 10, with twenty-one members attending. After lunch the MCIC met for a business meeting.

The Improvement Club made \$57.00 on the circus May 5. Motions were made and carried to buy an air conditioner, a lawn mower and a vacuum cleaner. The May Day lunch and activities grossed about \$600.00

Many musicians, singers and entertainers donated their time and talents. A complete list of those names was not available, but the Buffalo Gals from Buffalo Gap are: band leader Ruby Purcell on the tamberine, Ima Maxwell on bass tub, Kitty Cole on harmonica, Marie Thornton on maccrous, and Sallie Hamilton on guitar. They are available for fund raising programs and may be contacted by writing to Box 622, Buffalo Gap, TX.

The musicians and singers cut an 8 track tape which is available by calling 259-2182; they are sold at cost.

Much hard work has been done on our Club building as we raise funds to buy

materials. After the business meeting windows were washed and more work was done.

The MCIC officers elected for the ensuing year were M.J. McDaniel, president; Earl Epley, 1st vice-president; Rosalie McDaniel, secretary; Effie McGregor, Treasurer; and Earl Eply and Grace Glenn volunteered to be the program and entertainment committee. The nominating committee were Sook Burnett, Marshall Campbell and Mrs. Grace Glenn.

There will be a chili supper at the Community Center, followed by a past presidents ball on May 26, beginning at 7:00 p.m. \$2.25 will buy your chili supper and give you admission to the ball.

Two From Rs FHA Particapate In Walk-A-Thon

Kathy Reed Jeanne Hounsel

Two senior girls from the Rising Star FHA participated in the March-Of-Dimes, Walk-A-Thon, Saturday, May 13th in Ranger. Jeannie Hounsel,

and Kathy Reed both made the 20 mile trek from Ranger Jr. College to the Country Club. The report a successful trip, but were both hot and tired following the walk.

Earnings

Continental looks at a ceiling, not a floor.

Contrary to what many people believe, Continental Telephone is not guaranteed a profit just because it is a regulated, public-utility company that has no competition in its franchise area.

The government agencies that regulate Continental's activities set a maximum allowable rate of return—a ceiling, not a floor. Our actual rate of return in any year may be much lower than the maximum allowed. It can be less, but it can never be more.

Unlike other businesses, we are not allowed to automatically raise our prices if our costs increase and our profits decrease. We can increase our rates only if the government agencies decide the rate hike is justified.

Our profits depend on how well we manage our business, how well we control our operating costs, and the volume of our sales.

Earnings are necessary for us to pay stockholders a fair return on their investment and to attract new investors. Their money allows us to replace out-dated equipment with new and efficient equipment, expand our service to new customers, and provide the kind of maintenance that adds up to reliable service.

Through good management, we're doing our best to do more for you.
