FLYING BATONS- These Rising Star High School girls practiced a difficult routine during their last day of twirling camp recently at Coggin Park. The camp is directed by Paula Christian of Brownwood with instructors Melodianne Mallow of Brady and Bangs band director Jim Alexander. The Rising Star high

school group finished up Tuesday and a second group of junior high girls from Rising Star began Wednesday. From left to right are Carla Bowers, Taby Chambers, Regina White, Joannie Hubbard and JoAnne Carpenter. (Bulletin Photo by Evan Gale)

New Housing Unit Gets Go Ahead From City Council

The Rising Star City Council met in regular session July 2, 1979, at 8:00 p.m. All councilmen were present except for Franklin Cox and Bernie Barnes. Mayor H.L. Killion called meeting to order. Minutes were read and approved. Mayor Killion introduced Mr. Stanley Brown to Council. Mr. Brown talked to council about starting action on a new housing unit. Motion by W.G. Reed seconded by Don Boyett to give Mr. Brown the go ahead on the units. Ayes...3 Nays...0

Mr. Bill Carpenter came to talk to the council on the process of bonds and of him being their financial advisor on this issue for one (1) year. Motion by Don Boyett seconded by W.G. Reed to allow Mr. Carpenter to do so. Water Wells: Discussion was made on the needed repairs on the wells. All agreed to get busy on this issue. Police Car: Motion by James New seconded by Don Boyett to start accepting bids on the old police car. Agenda Complete: Meeting Adjourned.

Junior High Cheerleaders Attend Camp

Pictured above are: left to right (Head): Vicki Walker, daughter of Mr. and Mrs. Douglas Walker. Top (Asst. Head) Karla White, daughter of Mr. and Mrs. Larry White. Bottom (Sec. Treasurer) Dee Lewis, daughter of Mr. and Mrs. Randy Lewis. (Reporter) Roxann Martinez, daughter of Mr. and Mrs. Alfonso Martinez.

Four cheerleaders from Rising Star Jr. High attended the Sixteenth Annual Southwest Cheerleader camp held on the campus of Cisco Junior College June 3-8. The instructional program for the camp was provided by the National Cheerleaders Association, and Mr. Eris Ritchie was camp director. During the week the cheerleaders learned the latest techniques in

leading yells, performing gymnastics, doing skits and stunts, and they also were taught a number of new chants and songs. Emphasis was on spirit building for the cheerleader squad, the school athletic teams, and the entire student body. Every night there was an evaluation held on what the cheerleaders had learned that day. The first two nights they received outstanding ribbons, the third

night an excellent, and the last two night superior ribbons. The cheerleaders given a NCA Spirit Book and completed all the requirements for the book, so they were also given a Super Star Squad ribbon. The evaluations were a good experience for the cheerleaders as was rest of the camp. The cheerleaders put lots of hard work into it and also had a very fun time!

Mrs. Steel To Head Cystic Fibrosis Campaign

Mrs. Emma Jean Steel has been named Chairman of the Fall Breath of Life Campaign for Cystic Fibrosis in Rising Star. The announcement was made by the North-East Texas Chapter of the Cystic Fibrosis Foundation.

Ms. Steel is an experienced chairman for the C.F. Cause. She will be working with members from the Saturday Club in this campaign.

The Breath of Life campaign supports research to find a cure for cystic fibrosis, the leading genetic killer of children in this country, and specialized medical care in over 120 CF Centers in the United States.

According to Mrs. Steel, Breath of Life campaign contributions truly can lengthen the lives of

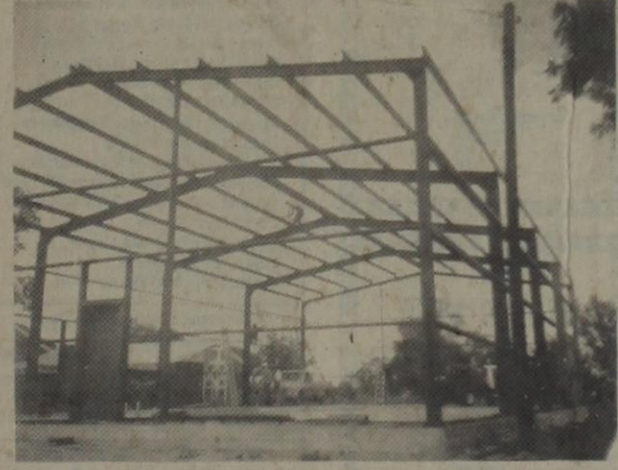

children with CF. "In 1955, when the CF Foundation was established, few children with CF survived to school age. Today, thanks to advancements in research and care, a child with CF who is diagnosed early and promptly begins treatment has a 50 percent chance of living past age 19."

"Of course, this is not enough by any means. Half of all children with CF still die before age 19, and lung-damaging diseases still take the lives of more children in this country than any other disease except cancer," stated Ms. Steel. "We hope everyone in Rising Star will support us by giving the Breath of Life to these children before their time runs out."

Ponds Necessary Part Of Operation

Ponds are a necessary part of a successful, well managed ranching or farming operation. They provide a water source that is inexpensive to install and maintain. A pond can sometimes be used to enhance the beauty of an area or make use of a soil of low productivity such as some of the shaley hills in Eastland County.

The main use for ponds in Eastland County is for livestock water. A pond has the advantage of being cheaper to install than a well, windmill, and trough and can also be built where it will do the most good. It is a known fact that stock tend to graze more near water, feed, salt, and shade. By building a pond in a remote area of a pasture cattle can be encouraged to graze the "back side" of a pasture or utilize areas where they ordinarily would not spend much time. In a big pasture, water should be spaced approximately every 1/4 to 1/2 mile in rough country, 3/8 to 1/4 mile in rolling country, and 1/4 to 1/2 mile apart in level country. Properly spaced water sources will help improve distribution of grazing. In smaller pastures, there

should be at least one good pond or one that can be trap fenced to provide water to two or more pastures.

A well located pond can be an asset to wildlife on rangeland. In the photograph we see brush in the background which provides cover for deer or turkey. Deer are a valuable game animal and must have food, water, and cover before they will stay in an area. If water is the missing element, a pond in the right location may improve the deer habitat. Wild turkey need to get their young to

water within 24 hours. In studies conducted at the Kerr Wildlife area at Hunt, Texas, no turkey nests were found over one mile from water and most averaged 2/10 mile from water. Turkeys like to range up and down wooded bottomlands where they have cover and food. Ponds can be located to benefit both wildlife, and livestock.

Your Soil Conservation Service can assist you in all aspects of ponds. Come by and visit us on the third floor of the bank building.

Site For Patton Reunion

"CHARLEY'S SHACK," Lake Merritt, Goldthwaite, Texas, was the scene for the annual Patton reunion, July 20-22. Our hosts this year were Troy and Floy Dene Berry and we all knew a "good time" was in store for us at the Berry's cabin. There was lots of food, visiting, games, and slides of past reunions. Floy Dene was recovering at home from pneumonia and we all wish her a speedy recovery and "heartfelt thanks" for continuing with the reunion we all looked to. We love you both. Relatives present this year were: Troy

and Floy Dene Berry, Goldthwaite; Derrell Berry, Ft Hood; Dudley and Dana Dene Berry, San Marcos; Mrs. H.F. Killion, Goldthwaite; Gary Smith, Comanche; Gary D. Patton, Ft. Deborah Hess and children, Bryan; Truman and Wenona McMurry, Ginger and Lou Dixon, Patsy Parum, all of Odessa; Shirley Odom, Lubbock; Donna, Jay Webb & boys, Richardson; and Vera, John & Stella Patton, Arcadia, Fla.

Attending from Rising Star were: Mr. and Mrs. H.L. Killion and Sybrinna; Michelle, Jolene and Yvonne McCutchen.
The Patton Reunion for 1980 will be held in Alabama.

CONSIDER FREEZER OPTIONS
COLLEGE STATION -- Consumers should carefully consider costs and benefits before determining which freezer option best suits their needs, advises Nancy Granovsky, a family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System. Many consumers probably buy larger freezers than they need, she says. One rule of thumb suggests that about two and one-half cubic feet of freezer space is adequate per family member. That would mean that a family of four would need only about 10 cubic feet. The typical 17 cubic foot refrigerator/freezer has approximately four cubic feet, so the remaining household freezer need would be for about seven cubic feet. Therefore, some of the compact freezers on the market could serve the needs of many four-member households at a lower initial cost and a lower operating cost than the larger freezers, the specialist suggests. Larger freezers use more than 1000 kilowatts yearly--more than a radio, TV, dishwasher and washing machine combined. If a large freezer is not filled to capacity, extra money is wasted to keep the area cold. Chest freezers use less energy than upright models because less air escapes when the chest lid is lifted than when the upright door is opened. Where the freezer is located with influence energy consumption also. A 15-cubic-foot frost-free freezer will consume about 24 percent more energy when the room temperature is 90 degrees F. than when it is 70 degrees F. When the room temperature is over 90 degrees F., the energy use of the freezer will double, Mrs. Granovsky explains.

GORDON SPOT

by DeMarquis Gordon

Homeowners with highly valued elm trees in their yards should keep a watchful eye on the trees to spot infestations of elm leaf beetles. The adult beetles are oval and about a quarter of an inch long. They are yellowish to olive-green in color with a black stripe along each side of the wing covers. The beetles lay yellow eggs on the undersides of elm leaves. Full-grown larvae are about half an inch long, dull yellow in color with black stripes on the back, and have a distinct black head. Although many insecticides will kill the adult and larvae beetles, the major problem is thorough coverage of infested tree. Trees often have to be sprayed several times because there are at least three or more generations of beetles a year. High-pressure, high-volume sprayers are necessary to completely cover the foliage. Some degree of control can be obtained by spraying the trunk and lower limbs when the larvae move

down to the ground to pupate. Seven is the recommended insecticide to control the elm leaf beetles. This information comes from Dr. Phil Hamman, Extension Entomologist. It is applicable in most parts except the South and Southeast. AUSTIN--Governor Bill Clements has designated the week of July 25-31 as Texas Farm and Ranch Safety Week. The purpose of the observance is to encourage renewed emphasis to make Texas farms and ranches a safer place to live and work. Texas Safety Association in cooperation with the Texas Agricultural Extension Service of the Texas A&M University System will conduct a week-long statewide safety campaign. Urging all who live and work on Texas farms and ranches to make accident prevention a part of all activities, the Governor notes, "One of the most persistent barriers to agricultural well-being has been farm and ranch accidents."

'HIDDEN' SUGAR, FATS ADD MANY CALORIES COLLEGE STATION -- Did you consume 102 pounds of sugar last year? and not know it?
 Or 15 pounds of salt? Probably you did, says Mary K. Sweeten, foods and nutrition specialist with the Texas Agricultural Extension Service. The Texas A&M University System.
 Most Americans did--and unknowingly gained weight. In fact, researchers say we're eating and drinking more sugar, salt, fats and meat each year.
 We get much more sugar and salt from processed foods and beverages, Mrs. Sweeten says.
 We don't realize how much we're getting, because we don't stop to read labels, she adds.
 For example, studies show that each of us consumed about 102 pounds of sugar last year.
 That equals about eight or nine pounds of sugar each month--per person.
 Most of that sugar was syrups and sugars in processed foods and beverages.
 Our dietary fat increased because we ate more salad oils and cooking oils.
 What's the verdict on all this?
 Not too bright, Mrs. Sweeten cautions.
 This trend is linked to nutrition-related problems such as obesity.
 Too much of any food will make you gain weight, the specialist says.
 How can we fight the problem?

Tradition has it that daisies came to America with the hay brought to feed the horses of Gen. John Burgoyne's army during the Revolution.

Eastland County will have several visitors from Japan for the next month as part of a special 4-H youth exchange program.
 Noriko Kokaju and Yasuyuki Shigemura will be living with the John Kidd family, and Tomoko Uchida will be living with the Ronnie White family. These Japanese youth will be learning all about Texas culture, points out Trudy Bird, Assistant county agent with the Texas Agricultural Extension Service.
 Noriko, Yasuyuki, and Tomoko are about 149 Japanese youth between the ages of 12 and 18 along with eight adult tutor-chaperons who are spending a month in Texas as participants in the 4-H LABO International Exchange Foundation Program.
 The foundation has sent several thousand Japanese youth to United States, primarily the western states, over the past several years while numerous 4-H'ers from the states have traveled to Japan as part of the reciprocal program.
 Purpose of the LABO Roundation program is to improve international understanding by helping young people learn another language and become familiar with another culture firsthand. Texas is participating in the program for the second year. Last summer 68 Japanese youth visited the state. Texas is among some 18 states that are hosting 1,700 young people from Japan this summer and fall.

Congressional Comment

WASHINGTON, D.C.—For most of this century agriculture has been a depressed or subsidized sector of our economy.

surpluses. And with surpluses have come less expensive food and low farm income.

We are continually faced with the dual problem of providing for the world's nutritional needs and at the same time insuring an adequate return to our producers.

receive a loan payment. If the market prices go above the loan rate, then the farmer can withdraw his crop in an orderly fashion and sell it in the marketplace.

1974-5 program which encouraged the farmer to produce fencerow-to-fencerow and from which we are just now recovering.

Currently the 1980 wheat program is being developed. The Secretary of Agriculture is considering a program which will call for all out production.

Facts About The **BIBLE** BY JOHN LEHTI

"LET'S GO TO MARKET!"

IN THESE MODERN TIMES, GOING TO MARKET IS A MATTER OF GETTING INTO A CAR AND DRIVING TO THE SHOPPING CENTER. WE NEVER SEE THE MAN WHO GREW OUR FOOD, THE PEOPLE WHO MADE OUR CLOTHES, OR THE OTHER ARTICLES WE BUY AND USE. EVERYTHING IS PACKAGED NEATLY AND SHIPPED TO THE STORES WHERE WE DO OUR SHOPPING. BUT...

... THE BIBLICAL MARKETPLACE WAS ANOTHER MATTER. A CITY'S GATEWAY OPENED INTO A KIND OF PLAZA—HERE WAS THE MARKET, WHERE EVERY KIND OF TRADING AND SELLING TOOK PLACE. AN ANCIENT SAYING DECLARED, "ONE CAN BUY ANYTHING IN THE MARKETS OF JERUSALEM, FROM A FINE CAMEL TO A FALSE TOOTH!" AND YOU WOULD MEET THE MAN WHO RAISED THE MEAT YOU BOUGHT, OR THE GRAIN YOU WANTED FOR A FINE FLOUR—THE SHEEP-RAISER, THE OLIVE OIL-MAKER, THE FARMER, THE POTTER, THE CLOTH-SPINNER, WERE HERE TO PERSONALLY SELL YOU THEIR OWN GOODS. PEOPLE OF MANY NATIONS THROGGED JERUSALEM'S MARKETS—A DOZEN LANGUAGES MIGHT BE HEARD WITHOUT TAKING MORE THAN A FEW STEPS—A CONSTANT DIN OF VOICES, CRYING THE VIRTUES OF THIS MELON, THAT PERFUME, AGAINST A BACKGROUND OF THE CLINK AND JINGLE OF THE MONEY CHANGERS, WITHOUT WHOM THE BUYING AND SELLING OF ALL THESE GOODS COULD HARDLY BE MANAGED. A POLYGLOT OF ACTIVITY, WAS THE ANCIENT MARKETPLACE WHEN "GOING TO MARKET" WAS AN EXCITING EVENT, INDEED!

Hebrews 2:10,11, For it became Him, for whom are all things, and by whom are all things, in bringing many sons unto glory, to make the Captain of their salvation perfect through sufferings. For both he that sanctifieth and they who are sanctified are all of one: for which cause he is not ashamed to call them brethren. Jesus Christ is referred to as "the Captain of our salvation." A Captain is a leader, or originator (author), one who initiates and carries through. Our faith is centered in Christ. It comes from Him and He is the finisher and completer of it. As long as we keep our eyes upon our Captain and follow Him, we will be victorious. How comforting it is to know that in the time of our need, Christ is there to help us, to give us encouragement and strength. He leads His heavenly host in the great conflicts that you and I meet. If our eyes were opened as were the eyes of Elisha's servant, we would see that we are not so much alone as we sometimes suppose we are. (Kings 6:16,17.) Our hearts need not be filled with fear when

Of The Week

SCRIPTURE THOUGHT OF THE WEEK
Many other signs therefore did Jesus in the presence of the disciples, which are not written in this book: but these are written, that ye may believe that Jesus is the Christ, the son of God; and that believing ye may have life in his name. (John 20:30,31)

we know that the Captain of our salvation, Jesus Christ, is on our side. He is with us and will fight our battles with us

First Baptist Church

God said through Ezekiel long ago, "I sought for a man...but I found none." (Ezekiel 23:30)

I wonder what God would say today as he looks at the church. Here is a want ad which a church might place in the paper.

WANTED:

1. The man who puts God's business above all other business.

2. The man who brings his children to

church rather than sending them.

3. The man who measures his giving by what he has left rather than the amount he gives.

4. The man who has passion to help rather than to be helped.

5. The man who can see his own faults before he sees the faults of others.

6. The man who is willing to be a right example to every boy he meets.

7. The man who thinks more of his Sunday school class than he does of his Sunday sleep.

How many of you men will answer this ad?

Methodist Women Meet In The Home Of Mrs. Bill Witt

The United Methodist Women of the First United Methodist Church met Monday July 23 at 9:30 in the Home of Mr. and Mrs. Bill Witt. Nineteen were present.

For a program presented by Mrs. Shirley Allen of her stay in Algeria.

Miss Elizabeth Robertson presided.

"What a Friend We Have In Jesus", "Sweet By and By", "I'll Fly Away," were sung by the group led by Mrs. Joyce Easley, accompanied by Bryan Houston on the fiddle.

Mr. Houston also played "Listen To The Mocking Bird" which

was enjoyed by all. Mrs. Allen wore a dress like the Algerian Women wear and explained their customs, religion, language, the operation of the government farms, schools, marriage and the climate. Mrs. Lucille Joyce Led in prayer at the close of the program.

Mrs. Fred Cooks Birthday was celebrated. The group sang Happy Birthday.

Refreshments of cookies, banana split cake, lemonade and orange juice were served to those present. Hostesses were Mrs. W.C. Witt and Winnie Armstrong.
