Senior Center News

Lucy Curtis reports her son, D.W. Curtis, is at home and doing better. We miss D.W. and Georgia coming from Fort Worth to visit our center.
 Bill Gray and Irene Mayfield made a business trip to Brownwood Saturday. Everyone is busy making pear preserves, the crop was so plentiful.
 Monday, Dec. 4, from 2 p.m. to 4 p.m. will be the date to re-classify for commodities. You will not be admitted into the center before 2 p.m. because the building will be in use 'til 2.
 We are so glad Mary Carroll is doing so well after her knee surgery. She is walking well.
 Henry and Inez Robertson were at the center for lunch Monday. Everyone was glad Inez felt like coming.
 Alvy and Dell Bible are proud to announce the birth of their great-grandson, Chase Andrew Howell. He

was born Sun., Oct. 29, in Irving. His parents are Sherri and Dan Howell. Sherri is Dell's granddaughters. He welcomed home by his sister, Andrea.
 Glen and Jean Shults went to the Veterans hospital at Temple Monday. Glen is doing some better. Jean and Lela Mary Shults are enjoying ceramic workshop in Cisco.
 Bonnie Polk and Maurine Wells went to Brownwood Thursday on business.
 Maxine Robinson has been visiting in Dallas.
 Marion and Marjorie West and Edith Bostick went to Abilene Thursday. After searching stores for beads Edith needed to finish some necklaces, they found that Juanita Hollis in Clyde had some.
 Betty Beggs of Seminole, visited Marion and Marjorie Sunday morning.
 Have a good week!

TCI Unveils Broad Educational Package For City High Schools

(Denver, CO)—Telecommunications, Inc., will launch an innovative educational program that provides new, high quality cable programming to local high schools at no charge. Much of the programming will have no advertising, and schools may delete advertising that does appear.
 The program, known as the TCI Education Project, brings together some of the nation's most respected cable services, including The Arts and Entertainment Network, Black Entertainment Television, Cable News Network, C-SPAN, The Discovery Channel, The Learning Channel, Mind Extension University, The Weather Channel, and X-PRESS Information Services. Programming may vary depending on location.
 The TCI Education Project allows teachers to cablecast or videotape important educational programs for the classroom. The programs, several created specifically for high school students, serve a variety of disciplines including English, math, history, geography, business and fine arts. Furthermore, many of the programs are accompanied by teacher support materials designed to facilitate critical thinking, classroom discussion and individual and group activities.
 The TCI Education Project also provides live data that feeds to personal computers, helping students to find, manage and apply timely information to school projects. Through the X-PRESS X-Change-In-The-Schools program, participating schools will have access to stock reports, national and international news, and other up-to-the minute information. Students and teachers will also be able to communicate with other schools through X-Change's unique computer conferencing program.
 "We are very excited to be able to provide such valuable educational programming to American students," said J.C. Sparkman, TCI's executive vice president and chief operating officer. "TCI has already spent several million dollars to wire more than 70 percent

of the schools in our areas," he explained. "We are committed to wiring all schools that can be economically reached by cable."
 To bring the cable programming into the schools, TCI, the nation's largest cable operator, will provide internal wiring to a school's library or resource center, and will offer assistance in hooking up a VCR and television monitor. For schools that cable cannot economically reach, the company will offer C-Band satellite dish equipment at the manufacturer's cost.
 The company has also established the Lifeline Program for severely disadvantaged schools that cannot afford video equipment. These schools can apply directly to their local TCI cable system office to be considered for a donation of a VCR and/or a monitor.
 "This project signifies our solid commitment to education," Sparkman said. "We are pleased to offer all schools in TCI's franchise areas the opportunity to participate."
 The TCI Education Project is affiliated with the Cable Television Alliance for Education, a consortium of cable operators dedicated to the effective use of cable in the classroom.
 For further information, please contact your local TCI Cable system manager.

Pioneer Patchwork

By Irma Miller

The Pioneer community received nine-tenths inch of rain Friday night and another eight tenths Monday night.
 The quilters worked on the Churn Dash and put in a President Madison Star. Gladys Sessums came to visit us in the afternoon.
 Frankie and Oliver Smith went to Brownwood Friday evening to visit Oliver's sister, Mrs. Elva Olive.
 Jean Fore and Frankie Smith had lots of fun playing in the Halloween Scramble at Lakewood Sunday.
 Irma and John Miller were in Brownwood on business

Saturday. Their visitors at mid afternoon Monday were Albert and Dorothy Lovell of Baird.
 Cleo Barton's sister-in-law, Myrl Barton of Tracey, Calif., spent a couple of days last week with Cleo and Novilia. It had been such a long time since she had been home, and they enjoyed her visit.
 Nell and Joe Fleming's visitor Wednesday afternoon was Gladys Sessums. Mr. and Mrs. Thomas Flippin and his mother, Winnie Flippin, visited Thursday. Joe and Nell were in DeLeon on business,

The Saturday Club

The Saturday Club held its regular meeting Wednesday, Nov. 1, at the Public Library.
 Dr. Don Bryan, superintendent of the Rising Star school system was our guest speaker. The theme for the program was Americanism, with emphasis on the recent flag burning. His talk, which was most enlightening, presented facts, history and accomplishments of our nation. Dr. Bryan interpreted the vital part of our Constitution, the Bill of Rights and the seven Articles that were ratified by the States in 1789.
 Dr. Bryan read the article that was published recently in the *Abilene Reporter-News* about the flag-burning protesters jailed, Gregory Johnson, the protester whose 1984 flag burning led the Supreme Court to legalize the Act, was arrested with three other people. He showed a film on an interview with Gregory Johnson, which showed clearly that he is a Communist. Dr. Bryan stated that our flag represents a regime of our freedom.
 Club members found Dr. Bryan to be an able and interesting speaker. He was

most gracious to share his time with Saturday Club members.
 A short business meeting was held with President Dicie Adams presiding. Ann Murdoch, accompanied at the piano by Pauline Hudson, sang "America," "America The Beautiful" and "The Star-Spangled Banner."
 After the program refreshments were served to 27 members and three others, a visitor, Mrs. Carrie McCain, an associate member, Monina Fowler, and the guest speaker.
 Decorations complemented the theme and everyone was given little flag corsages to wear.
 Coordinators for the meeting were Emma Jean Steel and Blanche Cawley.
 The next meeting will be November 15, with Lottie Mae Roach and Frances Agnew as program coordinators. The program will be "Holidays Ahead" with Linda Canton from West Texas Utilities Co.

Sipe Springs News

Several from here attended funeral services for Mrs. Johnnie McIntire in Comanche Saturday; burial was at Sidney.
 The Halloween party at the community center Tuesday night was enjoyed by all trick or treaters.
 Ruby Wyatt and son, James Wyatt, visited Mr. and Mrs. Jack Wyatt at DeLeon Tuesday.
 Mr. and Mrs. Travis Boswell spent Wednesday and Thursday with his mother, Ruby Boswell, in Whitney.
 Mr. and Mrs. Haley of

Mississippi visited Mrs. Ruby Wyatt on Sunday.
 Mr. and Mrs. David Rainer visited friends in Dallas the past weekend.
 Everyone enjoyed the musical and social Saturday night at the community center.

Lakewood News

The monthly supper at Lakewood Recreation Center last Tuesday was the best we've had in quite a while. At last count there were 52 members present.
 The entertainment was really something special. Jack Scott started it off by telling amusing stories of things that have happened out on the golf course since it first opened. Then we had three lovely ladies perform a dance/exercise routine. They were Opal (O.B.) Edmondson, Jamie (James) Alexander, and Jenny (Jim) McKoy. You should have seen these gals move. They had everyone in stitches. We'll have to bring them back for a repeat performance. You guys, I mean gals, did a great job.

There will be a monthly supper in November. We're planning on having the Christmas party on Sat., Dec. 9. The Ladies Association will have their next luncheon on Fri. Nov. 17, when they will make the final plans for the party. They need everyone there if possible to decide what needs to be done.

Poet's Corner

PEACE

When rivers of trouble floods my mind
I look for a harbor of rest and peace

In a world of trouble, worry, and despair
The one place is with the Lord in prayer.

As the cold winds of life blows
Chilling us from head to toe

We fell warm in his love
And know he is with us from above.

What a joy and peace of mind
For us to seek and to find

That He's love is with us still
and will be according to His will.

When the shadows of life seems to dim
And the victory has been won

We set our sails for a better shore
To be with the Lord forever more.

Local Women Attend 'Concerned Women Of America' Conference

Ruth Schaefer and Aileen Martin of Cisco attended a conference of "Concerned Women of America" in Fort Worth at the Tarrant County Convention Center on Saturday, Nov. 4.

Special speakers such as Beverly LaHaye, the founder and president of the organization; her husband, Dr. Tim LaHaye, President Bush; President Reagan, Dr. James Dobson, and others gave current information on issues in our nation (via satellite transmission from Washington, D.C.)

Some of the issues addressed were as follows: Abortion - the national crime is claiming over 4 million babies per year according to President Reagan; Sex Education as presented by such groups as Planned Parenthood are INCREASING teenage activities in sex, resulting in AIDS, and other social diseases according to Beverly LaHaye; Pornography has proven to be fatal addiction which leads to overt crimes against women according to Dr. Dobson, who recently interviewed Ted

various community projects. In the past five years, the organizations to benefit have been Goodfellows, Ag. Community Center, Fine Arts Center, Library, Meals on Wheels, Girl Scouts, Boy Scouts, and FFA.

A chicken spaghetti lunch will be served from 11 til 2:00 p.m. each day. Sandwiches, chili, and snacks will be available throughout the show.

There is no admission charge. Door prizes will be given every 30 minutes.

Proceeds of the food concession and "Share Booth" will be donated to the Stacey Kirk Fund.

Stacy was injured in the Wylie - Breckenridge football game on September 8th.

Deadline For Military Appointments Is Near

Congressman Charles W. Stenholm has announced that the deadline for applications to the United States Service Academies is just one month away.

The deadline to apply to any military academy through Congressman Stenholm's office is Dec. 1, 1989. Interested individuals are encouraged to contact the Washington D.C. office as soon as possible.

Eligible applicants must be at least 17, but not past their 22nd birthday, and need to have graduated from high school by June 30, 1990. They must also be single with no dependents and live in the 17th District.

Competitive applicants should be in the top 20 percent of their class. They need to have SAT scores above 500 Verbal and 550 Math or ACT scores of 22 English and 26 MATH. Involvement in

extra-curricular activities, including school and community organizations and sports as well as full or part-time employment, is also in the applicants favor.

The Congressman will be making nominations for appointments to the Air Force Academy at Colorado Springs, Co., the Military Academy at West Point, Va., The Navel Academy at Annapolis, Md and the Merchant Marine Academy at Kings Point, N.Y. Applicants who wish to serve as commissioned officers are strongly encouraged to contact Dawn Gorman in Congressman Stenholm's Washington office. For more information call (202) 225-6605 or write to 1226 Longworth H.O.B., Washington, D.C. 20515. Nominees will be announced in late December.

Pharmacy Topics

By Bob Mueller

Smoking directly affects cholesterol levels, says the American Health Foundation. Tests indicate that each cigarette per day raises total cholesterol by half a point; quitting brings it down again.

People who take aspirin and non-steroidal anti-inflammatory drugs in arthritis-fighting doses are more likely to be hospitalized for ulcers, the British Medical Journal reports. (The Food and Drug Administration now requires warning of this on labels.)

Instead of surgery to remove gallstones, doctors at Mayo Clinic have been injecting ether into the gallbladder to dissolve the stones.

Combination of medications seems to slow the progress of diabetic kidney failure and may even prevent it. Reported in the British Medical Journal, the treatment uses captopril, an antihypertension drug, and a thiazide diuretic. United States tests are starting.

Liquid dosages of acetaminophen should not be used interchangeably. Drops for babies have 500 mg. per teaspoon, children's elixir only 160 mg.

You'll get good health advice at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347. Make us your health care headquarters.

E.C.B.C. TO FISH GRAHAM LAKE NOVEMBER 12, 1989

It's haug hunting time folks. This may sound a little strange with deer season upon us, but members of the Eastland County Bass Club will be hunting those lunkers this Sunday, Nov. 12, 1989.

The monthly club tournament was set up for one of our premier lakes, Graham, Eddelman. Actually two lakes joined by a narrow canal. Graham lakes do have a T.U. Electric power plant which warms the water slightly. But the real draw is the excellent fishing, not only black bass but crappie, sand bass and catfish. But of course this weekend the anglers from the E.C.B.C. will be focusing in on those bucket mouth bass.

In past events held at Lake Graham the winning stringer weight for five fish has been around 14 pounds. And the overall club weight is normally one of the highest of the year. A lot of two pound to five pound fish have been caught and released in this lake by E.C.B.C. members. So let's all make plans now to attend and tell your neighbor so he want miss this the next to last event for 1989.

For those of you who have missed the last few tournaments, you still in the hunt for the Honey Hole Top Six Team and don't forget cash will be awarded to the top three finishers by weight at the end of the year. Currently in sixth place with 24.79 is Jerry King. But in 16th place with 10.45 pounds we have Tim Freeman, a mere 14 pounds back. That's just one good string of fish from Graham. And with 18.38 pounds is Bobby Maynard only 6.41 pounds back. That could be made up with one fish at Graham. Everyone who has fished this year has a shot, and even if you don't there's still the trophy awards for first, second and third, plus a little cash for the day's winners.

Currently the top six anglers are: Terry Wilson 53.67, Rick Glenn 51.99, Butch Willingham 36.11, Tommy Maynard 32.35, Chuck Burgess 28.18 and Jerry King 24.79. And these weights combined have already surpassed previous years in the E.C.B.C. And what's really great is next year it looks like it could take 70 plus pounds to win Angler of the Year.

Nominations for officers for the 1990 E.C.B.C. Year were presented last Thursday. For those of you who couldn't attend, congratulations your name is on the ballot for one or more offices. Many possible changes were discussed for next year by those present. If you are interested in these you really need to make the December and January meetings, whether you are currently a member or plan to join for the 1990 season.

For many years now there has been discussion for the forming of an Eastland County Bass Club Women's Auxiliary. Well it's here ladies, the E.C.B.C. board members regret not recognizing the interest over the year for this. And don't think it will be all work and no play, there will be plenty of fishing available if so desired.

There organizer of this will be myself and my wife, Carlotta Wilson. At present a meeting date has not been set or phone calls made. If you are interested please feel free to contact either of us at 629-3255.

A short note on the deer harvest thus far. Antler development appears to be good on this year's bucks. With the one oddity of the large number of bucks with unusually white horns. This apparently is due to a mineral imbalance during development. Body weights are running good with the average around 100 pounds. Some bigger up to 130 pounds field dressed. Overall the members are down a little for opening weekend it seems, but the weather just wasn't the greatest. There have been numerous reports of the rut going on in Eastland County, but the reports from Stephens indicate very few swelled necks have been tagged.

I understand there have already been two hunting accidents logged at Eastland Memorial. No better excuse to stress 'Safety' whether hunting or fishing. And this year would be an excellent time to pass on hunting and fishing safety to our youth, our future Outdoors persons.

Family Responsibility Of Elderly Members

When a family places an elderly or disabled member in a nursing home or other facility, they often must overcome both emotional and financial difficulties. The Texas Department of Health (TDH), which licenses, certifies and inspects long term care facilities of all types, offers

information and guidance through each stage of decision making.

However, according to Charline Stowers, information officer for the TDH Bureau of Long Term Care, family responsibility for a resident's well-being does not stop when the resident enters new surroundings.

"Even if a family and the resident are completely satisfied with the care they have selected, family members still need to visit the nursing home as often as possible, not only for the sake of their loved one's happiness, but also to observe whether the home is fulfilling its commitments to its patients," Stowers said.

She explained that TDH routinely conducts at least two inspections yearly at each of the state's 1,500-plus nursing homes, personal care homes, facilities for the

mentally retarded, and adult day care centers. One of the inspections is done during the facility's annual licensing or certification renewal. All inspections are unannounced, and may be in response to complaints about the quality of care given at home.

"We want to know about any violations of state standards for service in nursing homes or other facilities licensed or certified by TDH. We also need information about any unlicensed homes operating unlawfully. The identities of both the complainant and the resident are protected. The facility staff will not be given their names. Complaints are given priority, and to make reporting time easier for the public, we operate a toll-free line in Austin, for receiving complaints or providing information," Stowers said.

She explained that the information line (1-800-252-9106) is used by people inquiring about the types and locations of facilities, how to select the facility best suited to the in-

dividual's needs, and other information vital to families making the decisions to place a relative in a nursing facility.

However she said, "An increasing number of people use the number for reporting suspected inadequacies at facilities. In Fiscal Year 1989 more than 7,000 complaints were received, requiring investigation." She said that the TDH Bureau of Long Term Care recently added specially trained nurses and investigators to ensure prompt and thorough responses to all complaints.

dent, encourages all members and other interested persons to make plans to attend. There will be important business discussed, including plans for the winter season - when people seem to need help the most. Bring a sack lunch to the meeting if you wish.

Healthy calves are like money in the bank.

Now, that's not news to you. But a proven way to assure you'll have healthier calves... That's darn good news!

Results of 1,734 nationwide feeding tests of Purina Mills Pre-Conditioning/Receiving Chow prove it does the job. It improved health and performance of calves during the stressful periods of weaning and feedlot startup.

Letter To Editor

To Emma Jean Steel:
Thank you for the two copies of The Rising Star I received today. The honor I received (May Coming Home Queen) was such a surprise and great joy, and you have greatly added to my joy to have something to now preserve for my grand-

children.
Those years I spent near Rising Star were indeed happy ones. We had no bad children - they were wonderful to see again. (Mrs. Richmond is a former May teacher.)

Jr. Cats Drven Out by Elks 0-8 by Becky Walker

The sensational Jr. Wildcat football team LOSE a game?! No! Impossible! But HOW?

Several factors could have played part in the 'Cats downfall against Evant Thursday night...

The game will be in Rising Star at 6:30. Cheer the Jr. Wildcats to District Championship in the last game this season.

The Elks' touchdown drive during the third quarter seemed to paralyze the 'Cats even more...

All efforts and energy exerted during the last quarter were spent in vain by the 'Cats as they just could not

manage to get past the Elks' determined defensive line. The game ended with the 'Cats coming up shy of their opponent's 8 points.

Neither the Jr. Wildcats, coaches nor fans can say for sure what main cause brought about the team's only defeat; however, the players can say that they don't plan on it happening again this year!

The team needs YOUR support. Help pull these young achievers up to the level they wish to attain and show them they will always be WINNERS in the eyes of their townspeople.

The game will be in Rising Star at 6:30. Cheer the Jr. Wildcats to District Championship in the last game this season.

MASSACRE THE MITES!

School Scoop by Wendy Green

What junior girl got mad at what senior guy over another girl?

Is it true that the Wildcat football team is going to burn the Buffs Thursday night (at the bonfire) and then again on Friday? Absolutely!!!

Hey did you guys see that good looking eighth grader (M&M) that just moved in? Well you're in luck he's single.

What's Going On? by Tami Vandivere

The Wildcat band received a rating of II for their performance at marching contest in Brady on Saturday, Oct. 28.

Way to go band!

Queens of the Court by Shannon Stuteville

The Lady Cats have really been concentrating on improving and have they ever! After-school practices have gone well and all of the Lady Cats seem to be enjoying playing basketball.

Don't forget the scrimmage at Rising Star High School Gymn on Saturday, Nov. 11, starting with the Jr. High girls' team at 5 p.m.

Good luck, Lady Cats!!! Shannon Stuteville

Elementary Beat by Gherda Williams

All of the elementary grades, excluding the kindergarten, participated in the coronation by providing the entertainment.

The first and second grades were a school of fish pretending to be humans and sang the song "Michael Row the Boat Ashore" led by Mrs. Pam Thompson, the first grade teacher.

Timothy Rimer exclaimed, "My mustache kept falling off!" Kelli Griffin added, "My hat was too big - it came down over my eyes!"

The fourth graders sang "Jeepers Creepers" as frogs who jumped, hopped and slunk into the spotlight.

The next act was "Tiptoe Through the Seaweed" by the fifth grade. Traci Clark and Kristi Collins sang the song.

Traci commented, "I was so embarrassed!" Larry Burchum and Melanie Novak were the boy and girl fish who tiptoed through the seaweed together.

Lisa Bush were two oysters.

School Menu Nov. 13-17

MON: LUNCH: Chicken patie, gravy, mashed potatoes, green beans, cobbler, milk. BREAKFAST: Bacon, toast, fruit, milk.

TUES: LUNCH: Toastados, mixed vegetables, salad, cake, milk. BREAKFAST: pancakes w/syrup, juice, milk.

WED: LUNCH: Chicken, dressing, Green beans, sweet potatoes, fruit salad, rolls, milk. BREAKFAST: Cereal, juice, milk.

THURS: LUNCH: Salisbury steak, green beans, salad, jello. BREAKFAST: Cinnamon rolls, juice, milk.

FRI: LUNCH: Hot dogs, chili, pickles, onions, salad. BREAKFAST: Biscuits, gravy, juice, milk.

Courtney Ezzell was seaweed and Shawn Fox was navigator of the little red boat.

Finally, the sixth grade performed "Five Foot Two, Eyes of Blue" as a group of bottle-nose dolphins.

Tisha Jones said, "I think that our skit was the best!" Mrs. Arla Hill, the narrator, said, "Don't our children make you proud?" And of course they do!

Wildcats vs Cross Plains There, 7:30 Friday

Wildcats Hold Open Season on Elk

The Wildcats upped their season record to seven wins, one loss and one tie with their 38-7 win over the Evant Elks last Friday night.

The Wildcats looked pretty good even though they are few in number. The offense played well; they were able to pass and run fairly well.

The defense held great against the run but seemed to have trouble when Evant used their passing game. In fact, Evant scored on a pass. The Elks' coach was quick to recognize this fact and utiliz-

ed it almost the entire second half. I'm sure that Wildcat coach Nathan Allen will work hard this week on that area of the 'Cats' game.

This week the Wildcats will travel to Cross Plains to take on the Buffaloes for their last District game. Even though the Buffaloes have not had the best of season this year, this is not a game that the Wildcats will take lightly.

DISTRICT MATCH UP: Last week Hico lost to Gorman, which makes Gorman the District Champions. For the Wildcats to go to the play-offs Hico has to lose to Lometa when they play the Hornets at Lometa this week.

Former Resident Awarded

Mike Fisher, a former Rising Star resident and son of Art and Betty Fisher of Rising Star, was recently given the astronauts' "Silver Snoopy" award in appreciation of professional excellence.

Fisher also received a letter of personal thanks signed by National Aeronautics and Space Administration (NASA) Astronaut Curt Brown. The letter reads, in part:

"...thanks for the fine job you have been doing in support of the National Space Transportation System in your position as a Unisys Team Leader on the MOC Ground Base Systems Trajectory Software. Your long hours and dedication to

resolving issues related to the Shuttle's trajectory and tracking data for each of the past STS flights has successfully resolved any mission-related problems.

"We in the flight end of the business know that success on our manned space mission will be measured by the performance of individuals like you. You have carried out your responsibilities in an exemplary manner, demonstrating pride in your work and performance exceeding normal requirements."

The pin is given periodically to one percent of software personnel, who continually strive for safety on space flights. Fisher accepted it with great pride.

Dry weather, dead grass and weeds and carelessness are contributing to an increased

number of fires. Please, take every precaution against starting fires.
