Craig Campbell Performing At Alamo Village

Craig Has An Unlimited Amount Of Talent—Here He Is Shown Performing At Alamo Village, The Movie Site For John Wayne's Epic, "THE ALAMO".

Craig Campbell, the 22 year old acting sensation from Rising Star, Texas is drummer and emcee for the Shahan Express Band performing five times daily at Alamo Village, the movie site built for John Wayne's epic, "The Alamo," in Brackettville, Texas.

Craig's first encounter with the stage came at age 5, doing "Puppet" solos for the Boy Scout, Girl Scout and Kiwanis clubs in the Houston area. Craig is fast becoming known as the young man that can do just about anything; an experienced horseman, stunt man, actor, vocalist, drummer, comedian and sketch artist. His credits in-

clude, President of the Art Students Association, Golden Art Award, and Best (area) actors award in High School, the Addy Award of West Texas, and others. His talent has placed him on many TV shows including "The Dallas Cowboy Cheerleaders Special". His latest major theatre performance, before coming to the movie site was in "The Greatest Man Alive," with Tom Ewell, (Pop's of Baretta), both in Dallas and Houston theatres.

Preparations are now underway for the 19th Annual Alamo Village Labor Day Cowboy Horse Races. For a fun filled, 3 day celebration to see Craig Campbell, the

Shahan Express Band, the Stage Coach Cuties, featured female vocalists; the Sellers sisters from Brenham; an exhibit by Texas artists, called the Wild Bunch; continuing through Monday when, Dotsy, RCA recording artist and her own Two Way Street Band will be entertaining live, there will be a Texas Style Bar-B-Que at lunch and the Cowboy Horse Races in the afternoon.

Without reservation Craig Campbell is one of the best. Craig's goal is... "To make it. Competition in the entertainment field is tough. When the time comes, I want to be ready. I've got the determination to make it!" He has the talent, too!

Ambulance Meeting Place Changed To High School Library

Place for the public meeting next Friday night on the ambulance situation in Rising Star has been changed to the High School Library, it was announced this week. The meeting originally was scheduled for the high school gym. The change was made because of football practice which requires use of gym facilities by the players.

The meeting, to begin at 8 o'clock, will be addressed by Dr. Burl McKinnerney, dean of Ranger Junior College, who will explain details of and answer questions about the courses in emergency medical care offered by the college and available to communities of the area who can supply classes of a minimum of 15 students.

The classes give training in the case of victims of accidents or sudden illness and during emergency transportation to doctor or hospital. Training of a sufficient number of people in such skills, and who are willing to serve as ambulance attendants, is indispensable to a local ambulance program, said Mrs. La

Juan Killion, herself a EMC (emergency medical corps) trainee, and chairman of a committee to plan a community program, and it is hoped that a large number of Rising Star area residents will apply for the courses hopefully to be taught here. Such training can be of great value to anyone who might become involved in an emergency medical situation at home or elsewhere, whether or not that one serves as an ambulance attendant, it was pointed out.

Meanwhile an application has been made through the City for an ambulance from the Armed Services surplus depot at Fort Worth. The expenses of obtaining it, which are small, would be paid from an ambulance fund now held in escrow by the City. Such a vehicle has been located at Dyess AFB in Abilene and steps are being taken to have it declared surplus and available for assignment here, provided the necessary Rising Star organization had been formed, it was announced.

Accompanying Dr. McKinnerney will be two members of the Cross Plains Emergency Medical Service who will talk about the program as it is being

successfully operated in their community.

Following the speaking and discussion, a local organization is scheduled to be formed with a president and other officers elected by those choosing to become members. A coordinator of the proposed unit will be appointed when it is completed and ready to function.

The need of swift and efficient ambulance service is too great and its provision too vital to community health and security to be neglected, Mrs. Killion said.

"We are hopeful of a large turnout. It will demonstrate a community spirit and confidence in our ability to solve our pressing community problems. It will also show the responsible government officials that Rising Star needs and can manage the effective operation of the ambulance sought."

"Such an emergency service will ease the minds of our people about a very serious matter and make our town a more secure and attractive place in which to live."

Mr. Don McCalister with the State Health Dept. of Abilene will also attend this August 24th meeting. Mr. McCalister will speak on the regulations and requirements for an ambulance. He will also be on hand to answer any question.

TIPS FOR MOTORISTS

Mileage Means Money!
You can cut down on the cost of driving your car and help conserve gasoline in the process.
Most important, for safety's and economy's sake, heed the national 55-mile-per-hour speed limit. The difference between 55 and 70 mph, is about 25 percent better mileage.

A lot of top quality hay is being produced in Eastland County this year. We will see some examples of the good hay at the Eastland County hay show September 28.

Hay must be entered by August 21st. Anyone in Eastland County may enter hay they produced or purchased. A protein analysis will be made on each bale. This is the reason the hay must be entered a month before the show.

An exhibitor may enter one bale in each of the following classes: Alfalfa and other legumes, coastal Bermudagrass, other Bermudagrasses, Sorghum-Sudan hybrids and forage Sorghums, other perennials grasses, Peanut, and legume mixtures.

Hay entries may be left at any of the feed and fertilizer dealers in the County, implement dealers, Young Farmers members or the Eastland Co. Ag. Dept. at Eastland High School. Members of the Young Farmers Chapter will pick up the hay from the various locations. Please tag the hay giving your name, address, and kind of hay.

We believe the hay shows benefit hay producers by allowing them to compare hay with other producers.

They can then evaluate their hay's feeding value and learn how to put up better quality hay.

It is time to spray pecan trees for weevils if you have had rain during the last two weeks. Pecan growers in the dry areas of the County will probably not need to spray before September.

Weevils deposit eggs in the green pecans. These eggs hatch and the white red-headed grubs eat the kernels and chew small holes in the shells and emerge to go back into the soil to over winter.

Sevin is the insecticide most effective in controlling the weevils.

It is almost time to plant small grains such as oats and wheat. The time has come when we must use fertilizers wisely. Supplies are limited and the price continues to rise. Fortunately, there are ways we can increase the efficiency of plant nutrients applied to small grains. Research and demonstrations has shown that the rate, time and method of applying phosphorous and nitrogen affect both yield and profits from fertilization. The nitrogen and phosphorous need to be placed with the seed at planting. When the fertilizer is applied with the

seed the plants produce more adventitious roots and as a result more tillers.

Phosphorous with or near the seed also has increased seedling growth and the amount of winter pasture. On phosphorous deficient soil, forty pounds of phosphorous placed with the seed produced about twice as much fall growth as the same amount broadcast or banded between seed drills. Increases have been as much as eight more bushels of wheat per acre when phosphorous was placed in the drill with the seed at planting.

Nitrogen is important too. For top yields, plants should never be allowed to suffer for lack of nitrogen. Wheat and other small grains need nitrogen at planting or a short time afterward for early grazing, and for top grain production.

Farm Tax Provisions

In planning their income tax strategies for 1979, farmers and ranchers should consider new tax provisions.

Numerous changes due to the 1978 Revenue Act can affect income tax planning, points out Dr. Ashley Lovell, economist with the Texas Agricultural Extension Service, Texas A&M Extension Service, Texas A&M University System.

For example, owners of single-purpose livestock, poultry or horticultural structures are eligible for investment credit beginning with tax years ending after Aug. 15, 1971. This includes buildings used to breed chickens or hogs, produce milk from dairy cattle, and produce feeder cattle or pigs, broiler chickens and eggs. The investment credit rate is 10 percent on fully qualifying items, including up to \$100,000 of used property in any tax year.

According to Lovell, the law also allows a 10 percent investment credit for rehabilitation of existing buildings used in all types of businesses, except residential. Expenditures must have been made after Oct. 31, 1978 on buildings in use for at least 20 years. Of course, it's important to depreciate rehabilitation costs.

As a result of the Revenue Act, cost-sharing payments after Sept. 30, 1979 from conservation programs may be excluded from gross income. These programs qualify: Emergency Conservation, Agricultural Conservation,

Great Plains Conservation, Rural Clean Water, Rural Abandoned Mine, Water Bank, Resource Conservation and Development, Forestry Incentive and Small Watershed. Also included are certain state conservation programs.

Before deciding to exclude income from those programs

from gross income, Lovell encourages investigation of basis adjustment, investment credit, depreciation, impact upon recipient's income, and recapture provisions under the 1978 Revenue Act. Also, determine the necessity for timing the receipt of such payments.

Farmers and ranchers should also take a look at the Energy Act of 1978 which provides for a refundable energy credit for business investment in solar and wind energy property acquired or constructed after Sept. 30, 1978. The credit equals 10 percent of the qualified investment in solar wind energy property.

The Energy Act also allows for tax credit on energy-saving home improvements installed during 1979. A 15 percent credit (up to \$300) can be claimed for such items as insulation, exterior storm (or thermal) windows, caulking or weather stripping.

Granddaughter Of White's Wed In Candlelight Ceremony

Alisa Kay Mims

Alisa Kay Zellars and Gage Mims were wed Saturday evening in a candlelight ceremony at the College Baptist Church.

The Rev. Jimmy Turner officiated the 7 p.m. double-ring ceremony before an archway centered by three multi-branched candelabums. Two baskets of galdiolum atop marble pedestals accented the setting enhanced by a unity candle. Lace bows and baby's breath adorned the pews.

The bride is the daughter of Mr. and Mrs. Bob Zellars of 3213 11th Place. Parents of the groom are Mr. and Mrs. Bill Mims of 210 Grace. Grandparents are Mr. and Mrs. A.A. White of Rising Star.

Providing wedding music for the ceremony were organist Mrs. Donald

Richardson and vocalist Mrs. Fran Bordofsky and Bill Reed.

The bride was presented down the aisle wearing a gown of polyester organza designed with a stand-up collar and a sheer ruffle-edged yoke embellished with seed pearls and Venice lace. Venice lace motifs trimmed the full Bishop sleeves and the bodice was decorated with coordinating lace and pearls. Falling from the natural waistline was a Chantilly lace-embellished skirt which fell to chapel length. The two-tiered finger-length veil of illusion edged in lace motifs fell from a headpiece of lace and seed pearls.

Complimenting her ensemble was a cascading boquet she carried of mint green and yellow daisies,

blue carnations and baby's breath.

Debra Hayworth attended as Maid of Honor. Bridesmaids were Mrs. Ricky Morrow and Jenny Walker of Rising Star, cousin of the bride.

They wore gowns of green, blue and yellow made of sheer organza flocked with daisies and featured off the shoulder ruffles. Each carried a nosegay of green, blue and yellow daisies with baby's breath.

Sgt. Ronald Allen attended the groom as best man. Groomsmen were Dale Ferguson and Layne Mims, brother of the groom.

David Zellars, Odessa, brother of the bride; and Rickey Torres seated guests.

Melanie Knous and Ronnie Allen served as flower girl and ring bearer, respectively.

The church fellowship hall was the scene of the wedding reception honoring the couple. Guests were registered by Ashely Calvert.

The bride's table was draped with blue cloth and overlaid with lace. The three-tiered wedding cake was topped with cherub figures under a belled archway. The candle arrangement was complimented by the bride's and her attendant's bouquets. Serving were Mrs. Allan Born, Mrs. Mike Sherrod and April Skeen. Crystal appointments were used.

The groom's table was covered with blue cloth and accented by an overlay of lace. Serving using gold appointments was Danita Minchew.

The bride is a graduate of Big Spring

High School and was formerly employed by the Soil Conservation Service. The groom graduated from Foran High School in 1975 and is presently employed by Halliburton in Palestine where the couple will make their home.

COMMENTARY By Myrtle Owen

James 4:1,2,3

Worldliness and pride; From whence come wars and fightings among you? Come they not hence, even of your lusts (desires) that war in your members? Ye lust (desire) and have not: ye kill, and desire to have, and cannot obtain: ye fight and war, yet ye have not, because ye ask not. Ye ask and receive not, because ye ask amiss, that ye may consume it upon your lusts (desires). Psalm 66:18, If I regard iniquity in my heart, the Lord will not hear me. James 4:11,12 (Consideration for a brother) Speak not evil one another, brethren. He that speaketh evil of his brother, and judgeth his brother, speaketh evil of the law, and judgeth the law; but if thou judge the law, thou art not a doer of the law, but a judge. There is one law-giver, who is able to save and to destroy: who art thou that judgest another? Dangers of the tongue, James 3: 2, 5, For in many things we offend all. If any man offend not in word, the same is a perfect man, and able also to bridle the whole body. Even so the tongue is a little member, and boasteth great things. Behold, how great a matter a little fire kindleth.

Verse 6, And the tongue is a fire, a world of iniquity: so is the tongue among our members, that it defileth the whole body, and setteth on fire the course of nature; and it is set on fire of hell. Verse 13, Who is a wise man and endued with knowledge among you? Let him show out of a good conversation his works with meekness of wisdom (equipped by his good life).

Special Invitation

The Calvary Full Gospel Assembly is in the process of purchasing the former "United Pentecost Church" and property from the owners and plan to begin moving within the next few days.

The Pastor, Rev. Vernon McGinn has stated that the Congregation plans to remodel the Church building, adding Sunday School wings, new restrooms and etc. in the near future.

Rev. McGinn states: "We leased the Church building we are now in from the Texas Conference of the Seventh Day Adventists in March 1973 and in these six and one half years, God has blessed in a wonderful way. We are praying and believing that He will continue to bless as we move into the Church building we have purchased and we invite our friends to come and visit us. We are expecting Great things to happen in the future as we await the Coming of our Lord Jesus Christ. It has been a blessing to know and work with the officials of the Texas Conference of the Seventh Day Adventists in these years we have leased from them and we know God will continue to bless them." The congregation will have their first opening Service in the New Calvary Full Gospel Assembly the first Sunday in September. Everyone is Welcome.

Rising Star Cheerleaders Win Second In Competition

Cheerleaders from Rising Star attended the First Annual Cheerleading Competition for Junior and Senior High School held in Abilene on Saturday, August 18th. Sidney High School won the B Division first place ribbon, while Rising Star High School took second and Eula High School ranked third.

In the AA Division Cisco High School captured first place, Comanche High School second and Anson High School took third. Abilene Christian High School placed first in Division A, with Jim Ned High School finishing second. First place in 4 A went to Abilene High

School. Each contestant received a participation ribbon. "I think the kids really enjoyed it as well as benefited from it," Harriett Harper, marketing director for the Mall of Abilene said, adding that she hopes the contest will be held again next year. The Mall sponsored the competition. Schools participating in the competition were: Divide, Comanche, Eula, Abilene, Christian, Jim Ned, Cisco, Abilene High, Sidney, Rising Star and Anson. Each team performed two cheers, and then was rated by three judges from the National Cheerleading Association.

Fire Department Answers One Call

The Rising Star Fire Dept. only answered one call last week. On Wednesday the Dept. answered a call on a truck turned over on 36, east of the city. The Dept. stood by until the truck could be set up

right and was pulled from the ditch. The Dept. wants to thank Mrs. Grace Goss, The Wylie Well Service and the Midstate Drilling Co. for their donations. Until next time-May God Bless. Lorene Clark, Sec. and Treas.

HERE'S WHAT WE'RE DOING TO IMPROVE YOUR TELEPHONE SERVICE.

New computerized equipment in operation at our switching offices

Modern microwave tower for improved long distance service

Cable crew working to expand your telephone service

This year in Texas, Continental is spending \$25 million expanding and improving your telephone system.

We continue to train all our people with on-going employee programs, to keep them abreast of your needs and the latest developments in telephone service.

For faster, more efficient service, we're modernizing our switching offices and installing new, computerized equipment.

New microwave towers are going up to help us keep pace with increased long distance calling and improve the sound of your calls.

Touch Calling service will soon be available to more who want the faster speed of push-button dialing.

To provide better service and more single-party lines, we've installed more telephone cable, most of it underground.

In the future, we're planning single-party lines for all our customers—even out in rural areas.

If you ever have a question about your telephone service, call us. Because taking care of your needs is what improving telephone service is all about.

Former May Residents Honored

May—Mr. and Mrs. Harold Dwain Young of Evant, former May residents, were honored Saturday night with a farewell party and an oriental supper hosted by Mr. and Mrs. Howard Locklier in their farm home near Evant.

The Youngs are moving to Gainesville where Dwain will assume the responsibility as business manager of the Gainesville State School on Sept. 1. He has been affiliated with the Texas Youth Council six years, two years with the Crockett State Schools for Girls, and the last four years with the Gainesville State School as maintenance supervisor. He has been business manager for the fazing out of the Gainesville State School, and the opening of the State Penal Institution for Women.

Dwain was born and grew up in May, where he graduated from May High School. He attended Cisco Junior College one year and is a graduate of Howard Payne University, where he got his teachers degree. He taught one year at Blanket High School and two years at Loop High School in West Texas, where he was also high school foot-

ball coach prior to taking a position with the Crockett State School For Girls, where he stayed two years before being transferred to the Gainesville State School. He is the son of Mr. and Mrs. C.O. Young of May.

His wife, (Sara) also was born and grew up at May where she graduated from high school. She graduated from Nursing School in Crockett and worked as a nurse in the Crockett Hospital. Since moving to Evant, she has been nursing supervisor for the Evant Care Center. She is the daughter of Mr. and Mrs. Laurence Edwards of May. She plans to continue her nursing career in Gainesville.

Dwain and Sara have two sons, Dwain Jr. (Dane) and Sammy. Dane is a freshman in high school and has been a star football player through grade school. Sammy is a fourth grader.

Attending the farewell party and supper from May were Dwain's parents and his only sister, Raylene Edwards. Also attending were Sgt. and Mrs. Terry E. Young and sons, Barry and Todd of Gainesville.

Senior Citizens Ready Building For Renovation

SENIOR CITIZENS August 16th was a pleasant day together. Twenty-five enjoyed lunch and an inspiring program of hymns were played and sung by our guests, the Curry sisters. They are Grace Eakin Norris, Ruby McCowen and Gertie Powell. The Star Brights were asked to play a few numbers for them. Then we all had a sing-along. Two of the men even joined in. It sounded great. We also had a surprise visitor, Rev. Martin Le Bedt from McKinney, Texas. He played a couple of numbers on the piano for us. We thank each of our guest and welcome them back any time.

please meet at the club August 24. We will leave at 5:30 p.m. We have been invited to be a part of the Birthday party at the Cross Plains Nursing Home. Handcraft and practice is planned for the 23rd after Chamber of Commerce lunch. Our special program for August 30 will be presented by Edith Bostic. It will be about her visit to Africa. She has pictures and lots of interesting things to share with us. Friday, August 31, we will go to Cisco. Several Senior Citizens Clubs will attend this meeting. We are invited to be a part of the program. Tuesday, August 21, we start work on recycling the east wing of the hospital

building. Bill Reed has been appointed to over-see the taking out of some walls. Two men have looked at the bracing in the roof so we won't weaken these supports. We will have to

plan from one day to the next on what to do next. Everyone is excited about this project. We invite you to come help and be an active part of the Senior Citizen Club. Reporter, Rilla Richburg

Church News

The First Baptist Church is inviting all boys and girls, grades 1-6, to participate in their G.A. and R.A. organizations. We will be meeting each Wed. at 3:30-4:30 at the First Baptist Church. The church bus will pick-up all children at school and after the meeting transportation home

will be provided for those who need it. If you would like to participate please have your parents sign and return this by Tues. Sept 4th. We are looking forward to having you.

**City Of Rising Star
Receives Rebate**

State Comptroller Bob Bullock Tuesday said Texas cities shared \$268.9 million in rebates from the one-percent city sales tax during the first eight months of this year. Bullock, who announced the cities' August allocation at \$27.3 million, said the yearly total is up 25 per cent over the amounts cities received during the same period in 1978. Bullock said that August allocations for the more than 900 Texas cities are running 12 per cent higher than August payments last year. Rising Star will receive \$1,172.10 for the period ending July, 26, 1979 making the 1979 total payments \$9,158.67.

Wheeler Re-Elected President Of ICA

In one of the most successful cattlemen's conventions ever, Roy Wheeler of Pleasanton was re-elected to his second term as president of the Independent Cattlemen's Association at the 5th annual state convention held in San Antonio Aug. 9, 10 and 11.

Wheeler is owner of a livestock auction in Pleasanton.

The convention, attended by hundreds of ranchers from across the state, hosted two of the State's top political leaders as keynote speakers—Texas Gov. Bill Clements and U.S. Congressman Tom Loeffler, a former practicing attorney and rancher from Kerrville. Dr. Ernie Davis, livestock marketing specialist from Texas A&M University, gave a prognosis for cattle

prices for the coming year.

Re-elected to serve his third term as the Independent Cattlemen's Association 1st vice president was Dr. C.E. Payne, a practicing large animal veterinarian in Bryan. He is chairman of the association's brucellosis research committee. Fred brown, a rancher in Gonzales, was re-elected to his second term as ICA 2nd vice president.

The new ICA state secretary is youmans of Beaumont, a rancher and rice farmer in the Beaumont area. New state treasurer is rancher C.P. Hamer of Giddings. Both Youmans and Hamer served previously as state directors of the association.

Elected by the House of Delegates to serve

as new directors were Charlie Wilson, one of the largest ranchers in the Carrizo Springs area; Claude C. Waterson, a rancher in Smithville; and Kirby Warren, a rancher residing in Hamilton. Roy White of Pearsal, a former chairman of the Board of Councilors, was selected to fill a 1-year term as state director.

Councilors elected to serve for the first time are Billy Craddock of Bandera and Bruce Lehmborg of Mason. Pinky Sellers was appointed to serve as vice-councilor of District 4.

"We are very pleased with the new statewide representation we have on our Board of Directors and Board of councilors and we congratulate those who continue to serve out their terms

so well," said Wheeler. "We are looking forward to more accomplishments this year."

The ICA HOUSE of Delegates firmly rejected the national Beefeendum, which comes up for vote this spring, and overwhelmingly voted against the federal government's proposed changes in the Uniform methods & Rules (UM&R) governing brucellosis eradication. ICA leaders have been working with state and national leaders for months to get cattle industry input into the proposed U&MR revisions.

In his address, Gov. Clements said the man he appointed to head the governor's brucellosis program, Dr. George race of

Dallas, was "the best person I could get to head the team of people to turn around the proposed UM&R."

"I hesitate to say we can turn it all around," said the governor, "but we can make it more palatable and sensible. I can assure you I am as enthusiastic as anyone in this room to getting it changed."

U.S. Congressman Loeffler said he is working on legislation to change the 1964 meat Import Act, repeal the carryover basis taxation scheme, provide for an index of personal income tax bracket based on the

rate of inflation, rebalance the federal budget and to remove federal restrictions for controlling predators.

Loeffler, a republican, said, "we all have a well-adjusted lack of confidence in this (Carter) administration." Loeffler said the agriculture industry is the only segment of society to "experience an actual net income loss."

Dr. Davis gave an optimistic forecast for cattle prices: in spring, steer calves will be pushing \$1.25 to \$1.35 per pound, breeding cows will sell

Thursday, August 23, 1979

for \$1,000 and packer bulls will reach the high \$70's with packer cows going for the mid \$60's. Hr said, however, that this market will not last as long as the industry thought, with prices peaking in 1982-83.

President Wheeler announced that the

next big project will be the second annual statewide calf sale saturday, Sept. 29, at the Atascosa Livestock exchange in Pleasanton. The Association is partially funded by the calf sale. Those who wish to contribute livestock may contact state & county ICA leaders.
