

It's Good Business And Good Citizenship To Give The UNITED FUND Way

YOU GIVE ALL your contributions to Charitable purposes IN ONE PACKAGE!!

You SAVE the time which you and other citizens may be asked to devote to solicitations.

YOU WILL BUDGET your giving and simplify your record - keeping for tax credit purposes.

BY GIVING IN ONE package, you give sensibly and more economically. You save money and discharge a community obligation at the same time.

AND YOU WILL HELP TO DISCOURAGE promiscuous askings by organizations and individuals whose requests cannot meet the standards set up for UNITED FUND members, and thus save the community time and money.

When you are approached by one of these solicitors, you simply point to your UNITED FUND membership card and say, "I give through the UNITED FUND. See them, and if your cause is worthy, you will receive a contribution."

The United Way Has PROVED Itself!

HOW MANY TIMES in the past year have you been approached by workers in solicitations for community and charitable causes?

LOOK OVR THE LIST at the right. Last year, when you made your UNITED FUND contribution, you gave to ALL of these askings in ONE LUMP SUM, and SAVED YOURSELF the necessity of responding to a dozen or more different appeals.

WASN'T THAT WORTH while—in saving your time and money, too? THE UNITED FUND has done what its sponsors said it would do.

LET'S KEEP A GOOD THING GOING! When you are approached for a UNITED FUND contribution next week, remember that the worker is taking his or her time to DO YOU A FAVOR! TO HELP YOU MEET A COMMUNITY OBLIGATION IN A SANE AN ECONO-MICAL MANNER!

JUST FIGURE WHAT you would normally give to each of the causes listed, or a selected list of these causes, and make your contribution in one check or monthly pledge. (You can pay in a number of different ways) Why not have it figured out before the worker sees you? That will save time, too, will it not? Give that amount and you are through!

OF COURSE, your Church, lodge and similar contributions or dues are not included. Nor does it mean you cannot make contributions to other favorite or worthy causes It's your money and your obligations. The UNITED FUND is just helping you meet an important and sometimes very troublesome part of them. HELP IT AND IT WILL HELP YOU!

Give Once for All-But Give Enough!

LA ESTRELLITA

The annual staff is anxiously awaiting the arrival of the 1965-66 Le Estrellita. The annual has been completed and sent to Anchor to be published. The total cost of the annual was \$1,502.00.

We would like to thank everyone for his cooperation and financial support with the annual. We are especially grateful to Mrs. Claborn for doing such a fine job as a sponsor.

The members have taken an intense interest in their jobs with Becky Nowlin doing a great job as editor; the co-editor has not yet been named.

To raise the needed funds, the staff is planning to present two one-act plays Thursday, March 31. These plays are "The Tell-Tale Heart" and "Even Exchange." They will be presented

in the High School gym. They should be very entertaining, and we invite each of you to be there.

Robbie Joy.

THIS IS YOUR LIFE

CANDY McCUTCHEEN, daughter of Mrs. Janel McCutchen, was born December 3, 1947, in Brownwood, Texas. She enjoys writing letters to Tommy, playing volleyball, and just riding around. Her pet peeve is Tommy's never being on time, and her philosophy is, "When you can't do anything about it—worry!" Her favorites are: color, all pastels; movies, "A Summer Place," "Mona McClusky" and "Dean Martin Show"; food, shrimp and French fries; actors, Bryan Keith and George Peppard; actresses, Natalie Wood and Doris Day; song, "More."

Candy's activities have included competing in the Pecan Bowl Contest this year, first runner-up; her election as second runner-up in the Peanut Bowl Contest. She had entered these contests after her election as Miss Rising Star and Senior Class favorite earlier this fall. She has also served as basketball manager for several years and as cheerleader this year.

Candy plans to be married after graduation. Best wishes, Candy and don't forget to come back to see us.

DAVY JONES, the son of Newman Jones, was born in Gorman in the month of February. He has gone to school here for 12 years.

Being typically male, Davy's favorite color is blue, with "My Mother, the Car" as his TV favorite. Other favorites are: movie, "Made in Paris"; movie stars, Jimmy Stewart and Ann Margaret; song, "The Green Beret."

Davy played football for four years; he was an Ag and F.F.A. member for three years. He participated in F.F.A. land judging and was on the Area Land Judging team. He was class president and class favorite during his Sophomore year, and this year he was given the honor of FHA beau. Davy says he likes going places and doing things.

His pet peeve is people who think they are something they are not, and his philosophy is, "Only time will tell." But if Davy doesn't mind my telling a secret, he has the qualities that make a more than average "good citizen" in every way. Good luck to you, Davy Jones.

BUILDERS OF TOMORROW

A quiet week at R.S.H.S. is coming to a close; there are four girls who have been on "Cloud Nine" all week. Our congratulations go to the four new cheerleaders, who will be out there backing the Cats next season.

The banquet was a big success, at least in the eyes of the Junior class. Carrying out the theme of Oriental gardens, the Sophomore waitresses were dressed in brightly colored kimonos. Water lilies, cherry blossoms, and a fiery dragon provided an appropriate background. Gay-colored oriental lanterns and balloons hung from the ceiling, while dark blue lanterns covered the light and cast a romantic light over the room.

The Junior class would like to express their appreciation to Mrs. Nowlin for her supervising the organization and planning the banquet.

Until next week,
Jill Ann.

NOT FINISHED, JUST BEGUN

This week has rushed by so quickly for the Sophomores. We want to thank the mothers and fathers for helping us to raise money for our Senior trip. We now have \$94.50 to add to our account.

All of the girls of our class who tried out for cheerleader did a nice job.

The H. E. II girls prepared an oven meal last week, which turned out very successfully. Mrs. Claborn thought so; she was our guest.

English II students have finished "dangling participles" and are studying complex sentences. The other studies are still as stable as ever.

Pegs.

IN THE FISHBOWL

The Freshman class is starting a project to raise money. We are doing jobs around town.

The members of our class are working hard on our grades with only seven weeks left of school.

In General Math we are working on Algebra. In Algebra I fractions seem to be the source of worry.

In General Science we are studying the characteristics of electricity. We are also studying the piston strokes of the gasoline and diesel engines.

In English I we are writing short stories; some of them are really good. We certainly have some good imaginations.

In Home Economics I we are studying family relations.

In Ag I the boys are working with welding; this is a very useful skill.

We heard that J. C. is having fun sitting on tables ???

Who was this H. H. met at Eastland? Could she be from Cisco?

Katie.

TOWARD NEW HORIZONS

Future Homemakers of America are busier than usual this week. This is the week 600,000

teenage members of this organization hold National F. H. A. Week.

Our FHA Chapter has scheduled a number of activities for this week, including an FHA meeting on Monday, color day on Tuesday, and refreshments for the faculty and students on Thursday.

This organization founded nearly 20 years ago, has for its motto, "Toward New Horizons." The motto refers to the extensive program of work FHA members and chapters undertake to further their goals for helping individuals improve personal, family, and community living.

The nine projects of the current program of work are titled Individuality Counts; Good Health—A Valuable Asset; Jobs, Careers, and You; Morals and Manners Matter; Good Family Relations Through Communications; Citizenship Challenges You; Your Neighbors Near and Far; Make Your Money Behave, and Leisure Time—Constructive Time. These projects help us to plan informative programs, that will benefit our lives as citizens and homemakers in the future.

Climaxing this week full of activities, our school has been invited to attend "The Teen Scene" at Eastland this Saturday. One of the speakers, Robert T. Davis, has a special place in the hearts of Texas FHAers. He has spoken at previous State FHA meetings and also serves as Director of the Attorney General's Youth Conference on Crime. Our chapter wants to encourage the student body to be sure to take advantage of the opportunity our county has made available to us by attending "The Teen Scene."

Sara.

WITH THE FARMHANDS

The boys have been working in the shop the past couple of weeks; they have all adjusted to the change.

Many projects have been completed and many others are still in the idea stage.

The Sophomores were well schooled in how to operate the power tools, and all their dainty

little fingers are still on their hands.

Some of the Junior boys are still trying to make their paper weights. Right? ? ?
Jim.

FROM THE WILDCAT DEN

This week the Wildcats should be in full strength for the Indian Relays at Comanche. For the past two weeks a number of the boys have not been able to run because of sickness. Week before last the Wildcats ran into strong competition at the Lometa Relays. Very few honors were captured by the team there.

Kenny Butler won third in the discus and fourth in the shot put; Franz Pittman won third in the 100-yard dash. Other boys placing in the vents were Ronnie Green fifth in the high jump and Carl Clark, sixth in the high hurdles. The district meet will be held at Bangs on Tuesday, April 5.

Franz.

GIRLS SPORTS

Volley ball girls went to Gorman last Thursday for a match and did very well considering such a handicap as the flu and the good ol' measles, which prevented several girls from playing. We hope you girls are feeling much better now. Mr. Jones is having a difficult time with some of us in trying to get us to place the ball where we should.

The tennis girls have been working hard on serves and trying to perfect some of their shots. We surely would like to go to State this year — but wouldn't they all?

There does not appear to be any plans for a girls' track team even though several of the girls thought it was a great idea.

Until next week,
Ginger.

Mr. and Mrs. Darnell Swift of Denver City visited their parents, Mr. and Mrs. Ira Swift and Mrs. John Clark, Sr., last weekend.

Mr. and Mrs. R. D. Johnson and children of Coleman visited his sister and husband, Rev. and Mrs. L. R. Pendley, Sunday.

HIGGINBOTHAM'S

It Has Been

By VADA ARNOLD

Back in the "horse and buggy" days when the young people of the community either rode horse-back or in buggies (if they were fortunate to live in families who owned a buggy) the majority of the "young'uns" walked when they "went somewhere."

Lack of proper transportation didn't hamper the spirits of so-called-minded young people one bit, for when the news got around that there was to be a picnic or a party, everybody was ready to go.

There were slumber parties, tacky parties, birthday parties, game parties and what have you. There were ice cream suppers, church socials and box suppers.

Tuesday morning, May 23, 1917, almost the entire membership of the local Methodist church, young and old, met at the tabernacle on the church lawn at 8:30. Excitement was in the air for this was the day of the annual Sunday School picnic. Rides were furnished for everyone. Flatbed wagons drawn by mules and horses were filled to capacity, and were soon on the way to the Jacobs pasture northwest of town.

Baskets, boxes and even wash-tubs were filled with the best food that housewives could prepare.

On reaching the pasture, young people and children amused themselves with familiar outdoor games and romantic walks through the woods, while the mamas discussed the news, current styles, child problems, recipes and Sunday school.

At last noontime came and a big, old-time Methodist dinner was spread on white tablecloths on the ground in picnic fashion.

Such food could never be described — stacks and stacks of fried chicken, baked hen and dressing, ham, beef roast, potato salad and pickles, green onions and garden lettuce. Pies and cakes, and to top it all, gallons of homemade ice cream, made of real milk and cream in a crank style freezer.

Everybody was hungry, and the very appearance of a meal like that caused troubles and the high cost of living to vanish. A state of joy and excitement prevailed in the hearts of every person present.

After the meal, S. H. Nance, Sunday school superintendent, announced a ball game. C. F. Falls and Charlie Gibson were chosen as captains, selected the teams and crossed bats in a game of nine innings. The Gibson

team was the winning team, scoring 14 to.

Next in line came the races. First was an old mans race with J. W. Boase as winner. A fat mans race in which C. F. Falls and E. M. Nance tied. A preachers race between Rev. E. M. Wisdom and Rev. W. E. Anderson was won by Rev. Anderson. Mrs. Lee Henry won a married women race. There was an "Old maid's race" with Mabel Alford, Lessie Tunnell, Mary Campbell and Frankie Swift competing. Alford and Swift were the winners.

Of course, the children were not forgotten. There were ball games, tow sack races, rope jumping, wading in the creek, tree climbing and other games all day long.

As the sun lowered in the west a tired but happy group of Methodists and friends went home with dreams of the next picnic.

Retired Farmer Of May, Soloman Bailey, Is Buried

Funeral services for Soloman Roe Bailey, 81, retired farmer and long-time May resident who died in Twillite Nursing Home here Saturday at 3 p. m., were held at Wolf Valley Baptist Church, four miles south of Rising Star, Monday at 2:30 p. m.

The Rev. Les White, pastor of the First Baptist Church of May, officiated. Burial was in Wolf Valey cemetery under the direction of Higginbotham Funeral Home.

Mr. Bailey was born Jan. 16, 1885, in Alabama. He was married to Mary Elizabeth Arnold in 1907 at May. She died in 1944.

Survivors include a son, Wendell, of May; two daughters, Mrs. Iris Akin of Fort Worth and Mrs. B. E. Hudson, Lawn; two brothers, Non of May and Joe of Martinez, Calif.; six sisters, Mrs. Bell Spence of May, Mrs. Ella Suddreth of Lubbock, Mrs. Vick Butts of Holiday, Tex., Mrs. Gail Butts of Parkburnett, Mrs. Nora White of Exeter, Calif., and Mrs. Mary Rogers of Denton; 11 grandchildren and 12 great-grandchildren.

Pallbearers were Peddy Akins, Lowell Bailey, Danny Bailey, Derald Hudson, Burl Hudson and Bobby Adams.

Mrs. Nora Harris and Miss Florence Scott, accompanied by George Goss, visited in Dallas recently.

Mrs. M. S. Sellers has returned from a three-week visit with her sister, Mrs. Lula Hammons at Knox City.

Home owners are often concerned about the loss of leaves from their favorite evergreens during the winter or early spring. In most instances, there's actually no cause for alarm. As the old leaf matures and is no longer functional due to shading and crowding by younger leaves, it will turn yellow or brown and drop off.

The liveoak tree will lose all of its old leaves each spring as the new growth starts, and for a period of a week or two, will appear almost bare. The Southern magnolia will shed many of its oldest leaves throughout the spring and early summer. As long as the new foliage is growing actively and is free of disease, there is no cause for alarm.

Most hollies also shed their leaves in the spring or early summer as the new foliage matures.

On most coniferous plants, the annual leaf or needle drop goes unnoticed because it occurs in the fall after the new foliage is mature. The needles yellow toward the center and usually drop off in late fall or winter, and are obvious only when you notice the heavy cover of needles on the ground below the tree.

"I'm O.K. just studying hard"

Good news is worth getting from the workhorse's mouth. You're always glad to hear your children are well. Sometimes it's amazingly good news to hear they're studying hard. Keep in touch with the young folks away at school. You can talk station-to-station three minutes for no more than a dollar anywhere in the continental U.S. except Alaska. Low rates apply after 8 PM and all day Sunday.
