BY DOUGLAS SMITH

SAN SABA, SAN SABA COUNTY, THURSDAY, MAY 9, 1918 -8 PAGES

Camp McArthur, Waco, Texas.

3. Call No. 223 has been received by

mechanics, carpenters, electricians,

radio operators, concrete workers, and

thorough instruction which will be of

VOLUME NO. 44, NO. 19

COUNTY'S QUOTA WILL BE \$4,000.00

DRIVE WILL START ALL OVER THE UNITED STATES ON SUNDAY, MAY 20TH

apportionments as follows:

win it now, this year and next, our angle bandages. Total pieces 1,456. young boys and older men will have | Garments made on hand May 1st:

will quit fighting like the Russians 4 knit wash rags. did. Russia had 12,000.000 armed men. food. The soldiers got discouraged pair socks, 10 sweaters, 33 helmets, smiths, sheet-metal workers, general and quit. That turned 3,000,000 more German troops loose on the Western 1 pair gloves. Front for the American soldiers to have to fight.

gium and France and Italy, their men ers, 4 under shirts. at the front will quit. That will mean the slaughter of hundreds of thousands of our own men.

But San Saba county will do her pair socks. part, every dollar of it. Let every man helmets, 2 pair wristlets, 4 mufflers. men. Major Towens in refferring to helmets, 2 pair wristlets, 4 mufflers. and women in the county say so, and then see that it is done.

Organization The county is subdivided into school

1. There will be a call meeting in each school district next Sunday, May 12th. Have everybody in district pres ent if possible.

2. Study literature in meantime and present the care and needs of war to the meeting.

3. Chairmen of each precinct have been appointed, who will have charge of meeting and will appoint a secretary and treasurer.

4. Appoint as many teams as needed, of two persons each, to cover ter

5. Divide territory among teams and hold each team responsible for each person in its territory.

6. Get plans before all the people, as far as possible, to get community

thoroughly prepared. 7. Have all plans absolutely perfected Saturday, May 18th, and begin work promptly Sunday, May 19th, or Monday morning, May 20th. Work

will stop Monday night, May 27th.

Not sentiment alone, but a realization of the importance of the American Red Cross as a necessary factor in the winning of the war has caused the leading men in every community to volunteer their support and so assure the continuance of that service which has thus far been rendered in the preservation of life, the pursuit of happiness and the safe-guarding of

San Saba county expects everybody to do their duty.

Phenomenon

Tuesday afternoon the News reporter was invited to take a seat in Hopkins. the big automobile of Rufus Thornton. In company with Mr. Scott and McClellord, J. E. Greer, Nalls, A. B Jno. H. Martin we were motored to his big hill tank by Mr. Thornton. Here was presented a spectacle which from the bottom of this tank.

SAN SABA, TEXAS

THE NATION'S COURIER

With the whole Nation an armed camp whose outposts extend from ocean to ocean, the toll lines of the Bell System are the message bearers of the Nation's vast war organization.

Even at the fighting front the telephone has replaced the hard-riding courier of other days.

The Bell telephone message traverses the continent at its widest girth in one-fifteenth of a second.

Important military points and industrial centers hundreds of miles apart are in close contact with each other and with Washington.

More than three million miles of toll wire in the Bell System are the high-ways over which pass a million messages a day, by which the vast activities of the Nation are systematized and controlled.

HAVE YOU ENLISTED IN THE ARMY OF SAVERS? BUY WAR SAVINGS STAMPS.

THE SOUTHWESTERN TELEGRAPH & TELE-PHONE COMPANY.

TREASURY DEPARTMENT OF

National War Savings Committee

Dallas, Texas, May 4, 1918. The Postmaster Addressed,

I am deeply concerned over reports that are coming to me that people who have just bought War Savings Stamps applying to the post office to

cash them. I wish that you would discourage this in every possible way. There is no earthly use in our selling war saving stamps one week if the person

week, or the next. The Treasury Department allows the cashing of stamps in order to encourage people of small means to buy them, because the purchaser has the knowledge that in case of dire necessity he can get his money back

promptly. It is foolish in the extreme for any one to buy stamps with the expectation of cashing them, and t only involves the Government in expense and instead of being a help is ap actual hinderance.

Won't you please talk to every person who proposes to cash war Saving Stamps of any amount, ascertain the exact reason and if it is a miscalculation on the part of the purchaser; or of real necessity; or a condition which is unusual, the Treasury Department would want them to have their money back cheerfully and promptly, but this is no time for foolishness os insincerity.

Any person who buys War Savings Stamps in order to get credit for so doing in public opinion, and has the mental reservation that he would cash these stamps quickly, deserves to be tarred and feathered. I cannot make it too strong. I want every possible avenue used to prevent the cashing of War Savings Stamps.

England prides herself on the fact that in eighteen months \$650,000,000 of Victory Stamps were sold and less than one fifth of one percent were cashed. Are they more loyal and patriotic than we? I shall depend upon your co-operation.

Yours truly, Louis Lipsitz, State Director War Savings Com.

RICHLAND SPRINGS

IF YOU WERE THERE INSTEAD OF HERE

If you should see a French child—a tiny girl—sitting by the roadside, sobbing quietly because she is too weak from hunger to cry very loud, you would sell your watch to buy her breakfast.

If you should hear somewhere in the restless wards the low moan of an American soldier, you would gladly sit by him all night, if that would save his life.

You are not there, but here, where these sights and sounds are not brought home to you! But the Red Cross is there—and you can make it YOUR representative!

Over there the Prussians are crucifying the incarnate Liberty of Man, and they are making the world black for little children!

The money you give to the Red Cross now will give you the right, when the Beast is beaten down, to think. "There are happy children, clear eyed women and strong men alive today, because my money went across!"

WHAT ARE YOU GOING TO DO ABOUT IT?

EVERY CENT OF EVERY DOLLAR RECEIVED FOR THE RED CROSS WAR FUND GOES FOR WAR RELIEF.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the World has ever seen.

It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every War torn allied country.

It plans tomorrow to help in the work of restoration throughout the world. It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores and smooh running transportation facilities it is serving as America's advance guard—and thus helping to win the war.

Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

ACROSS THE SEAS THEY CALL

Across the seas from every war-torn nation in the Allied cause there comes the call for Red Cross help.

It comes from soldiers who have grimly faced the gleaming bayonet steel and poison gas and screaming shells, and who now lie with parching throats and throbbing wounds.

It comes from soldiers sick with fever, pneumonia, tuberculosis.

It comes from soldiers crippled, mutilated, blinded, who can no longer fight and must be taught and trained for useful occupations.

It comes from the underfed, shivering, helpless prisoners in the German prison camps.

It comes from little children, orphaned, homeless, slowly starving day by day, by tens and tens of thousands.

It comes from mothers in the pillaged zones of war whose hearts and souls have been made numb with hor-

From all these millions of suffering human beings there comes across the seas the call for help—help that because of the frightful burdens placed upon our Allies cannot be given unless it be provided by the American Red

Another hundred million is needed to "carry on." WHAT WILL AMERICA'S ANSWER BE?

low Wheat and Oats.

When Mr. Tinsley, agricultural demonstrator for the G. C. & S. F. railroad was here a few weeks ago we discussed the planting of Pinto beans and his experience with same in the dry section of New Mexico and west Texas. The only trouble with the beans was finding a market and now that the Government has adopted them as a standard ration at a fair price this no longer is a hendrance. The following is a letter received from Mr. Tinsley and I fully agree on the Pinto bean and it wil be a good money crop. If you never panted them try them out this year and you will be well pleased with the result.

Yours truy, R. P. ELROD, County Agricultural Agent.

Mr. R. P. Elrod, County Agent, San Saba, Texas.

Dear Mr. Elrod:

I am sending you under separate cover copies of a poster and bulletin on Pinto Beans. If you can use more

with them in New Mekico and while place.) they produced well the market was so limited and the price so low that I did not make any effort to introduce them into central west Texas.

They can be planted as late as July 15th with you, under irrigation, as they mature in 90 to 100 days and will produce with as little moisture as the grain sorghums. They are pretty good eating after you require a taste for them.

Hope that everyone is feeling better since the rains.

With kindest regards, J. D. TINSLEY, Agricultural Demonstrator,

THE PINTO BEAN

The future of the Pinto bean is assured. This bean will no longer "beg" for a market. The purchasing of more than 600 car-loads of the 1917 crop of Pintos by the Grain Corporation of the U.S. Food Administration at 8 cents per pound to the growers and and the placing of these beans on the eastern markets with a strong publicity campaign, has raised the Pinto on a par with other beans which heretofore were more widely known and were in greater favor. Now that this If preacher, state where you starved preference for other beans has been done away with and the Pinto has come into its proper place, its future Have you your last year's taxes paid? is assured.

With the world shortage of foods and the great nutritious value of beans, which can be substituted for meat, there is no danger of producing too many Pintos in 1918. Here is a | chance for every patriotic farmer of the Southwest to not only help feed the world in this crisis, but at the same time produce a paying nonperishing cash crop that is easily shipped or stored, and that will fit into a good crop rotation plan.

The drouth-resisting trait of the Pinto makes it a valuable crop for the dry-land farmer of the Southwest, but at the same time it has proven to be equally profitable under irrigation in this territory. The yield varies! from 200 to 500 pounds per acre under | terest 7 to 10 per cent according to dry-farming conditions, with occasion- amount and length of time. Vendor's al yields of from 700 to 1000 pounds. and mechanic's lein notes taken up Under irrigation, the yield runs from and extended. 300 to 1200 pounds to the acre, and

Pinto Beans Fine To Fol- occasionally as high as 2000 pounds. In addition to seed crop, the bean straw is valuable, having almost the same feeding quality as alfalfa.

Pintos and Wheat

The Pinto wil not ony produce a stances, but it is a soil builder, the same as alfalfa or clover, leaving the good crop under unfvorabe circumsoil in better condition for the crop which follows. It will be a good, safe, money crop to plant this spring on lands where winter wheat has failed. The farmer who does this is likely to produce a profitable crop of beans, and at the same time leave his land in fine condition to sow to wheat again this fall. Wheat ofter beans almost always outyields wheat following wheat or any other crop.

John Seiders, San Saba, Texas.

"Somewhere in France"

The following is a letter from Rufus W. Taff, who is now with the 48th Casual Co., American Expeditionary Forces:

Dear home folks:

March 10th, 1918.

I thought I would write you a few ines to let you know that I am now 'somewhere in France." How are ail of you. This leaves me well and havng a good time. This sure is a pretty place over here and just as I thought t would be. What are you doing now? I supose spring has begun over there. We are having spring over here and everything is sure green and pretty. It doesn't look a bit like the States. The soil is different and is sandy. When was the last time fou The best soil for Pinto beans is a all heard from Mitch. I haven't heard sandy loam. However, they will grow from any of you since I left camp on almost any soil when given a prop- Trayis, because I haven't been in one Pineland, Texas, ery prepared seedbed and the right place long enough to get an answer from any one. I guess Mitch is still at Camp Travis yet. I am not giving you all any address for I am not settled in my company yet and when I do get settled down I will give it to you so that you can write me. Believe me, (Note: Major John C. Townes, Jr., they sure have some sport over here. lot of the eastern part of the U.S.A. Tell Myrtle, Ada, Mattie, Rella, and Please promptly answer, and with all that I haven't forgotten them and will write them later. Is Rilla at

> San Antonio or is she at Goldthwaite. Well I have told you all I know, so I will close, and whatever you all do, please don't worry about me, for I am well and having a good time, and there is no use of you being uneasy about Please fully state before it's signed. me for I am taking good care of myself and will continue to do so.

From a loving son and brother, Rufus W. Taft. "Somewhere in France."

The Shiping Board reports "a total output of 240,000 tons of shiping for the month of April." This, it adds, is at the rate of 3,000,000 tons a year. Please answer, sir, with utmost care, But this estimate makes no allowance for Mr. Schwab's genius for getting things done. Mr. Schwab has taken If you've a wife with whom you bunk, over the task in circumstances which must be highly onducive to the success of his efforts, and if he is to sustain his reputation, the rate of production must greatly exceed that for April. Mr. Schwab's great abilities, one should think, ought to be worth at least one million tons of shipping during the course of a year, in which case the indicated total of production should be nearer four million than three million tons. If Great Britain shall equal our probable performance, we shall put more tonnage into war service during the year than the submarine can destroy, unless it shall show more effectiveness in the future than it has in the past. On the whole the particular danger which the shipping problem presents seems in fair way of being put behind us .- Dallas

> Kansas wheat has picked up and grain men are predicting a crop of 150,000,000 bushels. If other great wheat states show similar improvement and prospect, a biscuit is sure to back up every bullet employed in winning the war .- Fort Worth Star Tele-

TO HELP IN WAR

Women can be usefully employed in nursing the wounded, in making up the soldiers' kits, and in a thousand other ways. Many American women are weak, pale or anemic from woman's ills. For young girls just entering womanhood; for women at the critical time; nursing mothers and every woman who is "run-down," tired or over-worked, Doctor Pierce's Favorite Prescription is a special, safe and certain help. It can now be had in tablet form for 60 cents. All druggists.

Send Dr. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., 10c. for trial package tablets.

SICK WIFE'S STORY SURPRISES SAN SABA

The following has surprised San Saba: A business man's wife suffered from dyspepsia and constipation for years. Although she dieted she was so bloated her clothes would not fit. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-i-ka relieved her INSTANTLY. Because Aller-i-ka empties BOTH large and small intestines it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICK-EST action of anything we ever sold. For sale by the Corner Drug Store.

Let us ABSTRACT the title to your lands before you lose by sleeping on your rights.

WALTERS & BAKER

Own complete and Up-to-Present Abstract of Title to ALL lands in San Saba County.

Jennings Opens Store for Women On Center Avenue

AT BROWNWOOD, TEXAS

New Store Is Just A Step Ahead of Anything of Kind in the State

With a formal opening Saturday Clark Building. evening, J. W. Jennings presented to the people of Brownwood the most complete and most beautiful women's store in all Texas, at 309 Center avenue, having removed from the old location on West Broadway. Several hundred people called Saturday evening to inspect the new store and admire the many beautiful offerings in women's wear of all kinds. There were souvenirs and music.

Though the government itself impossible to secure enough frieght cars to ship the daily scheduled production. In spite of all the road dif-Let's don't be the last troop to re- ficulties of the severest winter on record, the road delivery was successand has been continued until now two companies of soldiers drive away 60 trucks a day. Six Dodge Brothers cars go along with each truck train, also destined for service overseas.

> The plan of driving the huge war trucks overland is a success, not only from the standpoint of getting the vehicles to their destination regularly and promptly, but also from the standpoint of transportation of war materials. Many Detroit factories are busy with government contracts, and the trucks carry huge quantities of war materials of all sorts on, each trip to the Atlantic ports. The railroads are relieved of the task of carrying much tonnage, and munitions are reaching their seaboard shipping points in a steady stream.

> Rev. T. J. Tanner was ordained as a minister last Wednesday evening at the Cumberland Presbyterian churc , the ordination services being conducted by Rev. J. B. Wright of Waldrip, Rev. J. G. Braly of Santa Anna, and Rev. W. H. White of Brownwood. These ministers returned to their respective homes the latter part of the week. Bro. Tanner took a course in a Bible Institute a while back and since then has been doing mission work and has been preaching as a licentiate. He is a very consecrated man and his popularity in this city

Mrs. Newt Estep returned the first of the week from Georgetown, where she has been visiting relatives and is a student in the Southwestern University there.

Rev. B. D. D. Greer will fill his regular appointment here Sunday.
