VOLUME NO. 44, NO. 24

BULLETIN OF SELECTION BOARD

1. In the second registration held throughout the nation last Wednesday, the 5th instant, 98 men registered in person at the office of this Board and 3 registered as absentees, making the total registration for this jurisdiction 101. This was a close approximation of the Government's estimate of 110 men for the county. All of the men registered were white and all were natives of the United States. The first person to receive his registration certificate was John Henry Brown, of San Saba, who was on hand waiting when the office opened for the day's work. The following citizens rendered much needed assistance as registrars and freely donated their services to the Government, and this Board is glad to acknowledge its indebtedness to them: Judge W. V. Dean, N. K. Lidstone, S. E. Kelley, and James Cummins, all of San Saba.

2. An alphabetical list of the names of persons who registered last Wednesday appears in this week's local newspapers. We request the public to scan this list closely and if the name of any person who was due to register is not found therein, notify this Board or any peace officer of the county without delay.

3. Each man who appeared for registration last Wednesday was informed that the Selective Service Regulations would apply as fully to him as they apply to registrants of last year. This means that all of the steps that have been taken in regard to the latter registrants will be taken relative to the new registrants; among other ones the following: Mailing questionnaires and classification of registrants; physical examination of registrants placed in Class I; and drafting of registrants found to be qualified for military service when their respective order numbers are reached.

4. Registrants of the current registration will not be given serial numbers but will have registration numbers assigned to them. The latter numbers will be found in the list referred to in paragraph 2 hereof. The War Department in the immediate future will carry out a plan whereby the order numbers of such registrants will be determined.

5. For the time being, and at least until such order numbers are determined, no registrant of the current registration may enlist in the Navy or the Marine Corps, or be individually inducted into the Army.

6. At the direction of the State Supervisor of the Selective Service Law we hereby inform registrants and the public at large that a registrant's order number fixes his position in the particular class in which he is placed as a whole and not in any subdivision of such class. Subdivisions of the five respective classes are used merely as a guide for classification and for record and statistical purposes. For example, men in Division A of Class I are not to be exhausted before men in Division B of Class I are used, but men in Class I taken as a whole are liable to military service according to their order number.

7. In a late bulletin a mention was made of the fact that a registrant of this jurisdiction, Frank Will Byrd, had failed to report promptly for military duty under Call No. 383 and entrain with draftees that were sent to Camp Travis on the 27th ultimo. This will advise that this registrant has since duly reported and has been transferred for entrainment to one of the Local Boards at San Francisco, Calif., which Board will induct him as a non-willful delinquent. This induction completes the quota of 37 men for this county under the call mentioned above.

8. No applications were received before the period closed for receiving same for induction under the special call mentioned in last week's bulletin for men qualified only for limited military service, that is Class I, Group C registrants. It remains to be seen whether or not this Board will be called upon to draft a given number of men under such call.

9. Since the issuance of our last bulletin, the following induction calls have been announced: (1) No. 569, special induction of men to take a course in auto mechanics at Camp Mabry, Texas; men to be entrained on the 19th instant. Quota for this county, 2 men. The period for receiving applications for inductions under this call closes the 12th instant. Applications received to date, 1. If no others are received, this Board will draft a man to make up remain-

State Ticket Shows Thirty-Eight Names

Place For Holding Democratic Convention To Be Decided At Waco Monday.

Waco, Texas, June 7.—The State Democratic ticket, made public today by State Chairman Shurtieff, shows thirty-eight candidates for State offices in the primary election to be held on July 27. The only official without opposition is Land Commissioner J. T. Robison of Austin. Last Monday was the final day for filing application for place on the ticket.

The following are the candidates whose names appear on the State ticket:

United States Senator—Morris Sheppard, Texarkana; R. E. Heller, Toyah.
Governor—James E. Ferguson, Temple; W. P. Hobby, Austin; Henry Clark, Stephenville; V. W. Grubbs, Greenville.
Lieutenant Governor—John R. Moore, Palestine; S. B. Cowell, Whitesboro; L. H. Bailey, Houston; John M. Henderson, Daingerfield; J. W. Davidson, Marshall; W. A. Johnson, Memphis.

Chief Justice of Supreme Court—Nelson Phillips, Austin; Floyd M. Spann, Belton.

Associate Justice of Supreme Court—J. D. Harvey, Houston; Thomas B. Greenwood, Austin.

Associate Justice of Court of Criminal Appeals—C. A. Pippen, Dallas; William Pierson, Greenville; F. B. Martin, Longview; O. S. Lattimore, Fort Worth; R. H. Ward, San Antonio.

State Treasurer—John W. Baker, Crosbyton; J. M. Edwards, Austin.

Attorney General—C. M. Cureton, Austin; Marsall Spoons, Fort Worth; John W. Woods, Abilene.

Railroad Commissioner—C. H. Hurdleston, Austin; Clarence E. Gilmore, Willis Point; John L. Andrews, Dallas.

Comptroller of Public Accounts—Sam H. Goodlett, Austin; H. R. Terrell, Austin; C. C. Mayfield, Clarendon.

Commissioner of General Land Office—J. T. Robison, Austin.

Commissioner of Agriculture—Fred Davis, Austin; H. A. Halbert, Coleman.

Superintendent of Public Instruction—W. F. Doughty, Austin; Annie Webb Blanton, Denton; Brandon Trussell, Decatur.

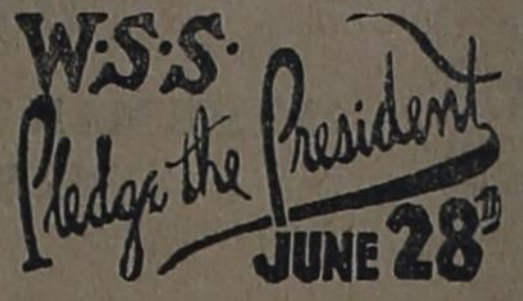

Because of the double primary to be held this year the State Democratic convention, heretofore held in August, will not take place this year until Sept. 3. This change was made when the election laws were amended by the last special session of the Legislature to provide for the double primary where more than two candidates for State office seek the same place. A meeting of the State Democratic Executive Committee will be held here next Monday, at which time the place for holding the convention this year will be selected. Waco and San Antonio are in the contest for the meeting.

HOBBY SPEAKING

There will be speaking at the following places next Saturday night, June 15, for Governor W. P. Hobby: Locker, by Knight Restor, Jr. Algerita, by N. C. Walker.

er of quota. (2) Call No. 595, special induction of men to take a course in auto mechanics and rough carpentering at A. & M. College, College Station, Texas; men to be entrained on the 14th instant. Quota for this county, 1 man. The period for receiving applications under this call closed on the 8th instant, with no applications filed. This Board will draft a man to fill this quota. (3) Call No. 668, a general induction of Class I, Group A white men; date of entrainment, one of the five days beginning the 24th instant, destination, Camp Travis. This will be the heavy general movement schedule for this month. Quota for this county under such call, 25 men. (4) Call No. 683, this being a duplicate in every respect of Call No. 595 described above, which will make the entrainment on the 14th include 2 men. Calls 569 and 595, being announced and acted on between issues of the local papers, were carried in special bulletins placed on the board at this office and at every postoffice in the county, in line with the plan described in our bulletin of last week relative to the voluntary induction call referred to in paragraph 8 hereof.

San Saba County Selection Board, San Saba, Texas, June 11th, 1918.

Proclamation of President Calls for State-ments of Properties of Such in the United States.

Washington, June 5.—President Wilson today extended the list of enemies of the United States under powers under the trading-with-the-enemy act. Under his proclamation the following are designated as enemies:

Any woman residing outside of the United States who is a citizen of an enemy nation or whose husband is an enemy agent or who is carrying on business activities with enemy nations. All persons whom the allied nations at war with the central powers have found it necessary to intern or hold as prisoners of war.

All persons, citizens of enemy countries, who have assisted in the dissemination of German propaganda or in plotting or intriguing against the United States or the Government of any of the allied nations.

All individuals citizens of neutral countries whom the War Trade Board may hereafter formally name on the enemy trading list.

All citizens of enemy countries, no matter where they reside now, who have resided within the territory of enemy powers since August 4, 1914.

The proclamation requires officers or correspondents and trustees within the United States to furnish within thirty days to the alien property custodian a list of whatever holdings there are whose ownership includes individuals within the newly classified list of enemies. Debtors to persons now made enemies also are required to furnish a statement to the custodian, under such rules and regulations as may be provided.

Sheep With Eight Legs At Robert Lee, Texas

Robert Lee, Texas, June 6.—E. W. Escue of this place is the owner of one of the most curious natural freaks, probably in existence. It is a sheep, possessing eight legs, four ears, two heads, two tails and two spines. Each member of this strange body is fully developed, but strange to say, this wonderful sheep could not be placed upon all of the eight legs at the same time. When four are placed upon the ground, the other four are extending up in the air.

When this strange sheep died about a year ago, Escue had it mounted and stuffed, and is preserving it as a curio, and everyone who sees it claims it to be the most extraordinary thing they have ever seen.

DROWNED IN RIVER.

Carroll Watts a 11 year old son of Will Watts was drowned in the Llano river last Saturday while in bathing. This little fellow together with a number of other children about his age went to the river Saturday evening to go in bathing. It seems that Carroll was trying to learn how to swim and at the time was using some kind of a floater, as water wings when from some cause he let go of his floater and sank to the bottom. The water was not of very great depth but over the child's head. The other children present became frightened and ran to the bank and before those who were in the river just below them could arrive the child was drowned.—Llano Searchlight.

No County Fair for 1918

At a meeting of the Directors of the San Saba County Fair Association held Tuesday, June 11th, 1918, it was decided to call off the 1918 Fair and Encampment on account of the war and crop conditions in this portion of the State, but it was agreed that if conditions were at all favorable, a bigger and better Fair would be held in 1919.

GOVERNOR HOBBY

Hon. John Lee Brooks, of Dallas, delivered a most convincing speech for the election of Governor W. P. Hobby at the Court House Wednesday night. A full report will appear next week.

Meeting of Sheep and Goat Raiser's Association

The San Saba County Sheep and Goat Raiser's Association will meet Saturday, June 15th, at 2:00 p. m. to decide upon the disposal of accumulated wool and mohair and attend to other matters of interest to sheep and goat men. A large attendance of members and others owning sheep and goats is desired. If you have disposed of your clip come just the same.

E. R. Russell, President, W. C. Edwards, Secretary.

Colored Folks Will Celebrate the 19th

The colored folks here are making big preparations for the celebration of emancipation day. The scene of the affairs will be at the fair grounds. A basket dinner will be spread and ice cream and soda water will be sold on the grounds, the proceeds to go to the Red Cross. In the afternoon, speakers will be present for the occasion. That night a concert will be given at the Baptist church and the proceeds resulting from it will also be given to the Red Cross. The colored folks are expecting a hot time in the old town that day, and anyone desiring information should see Luke Taylor, president of the entertainment committee.

HARKEY, THE NEW CONSTABLE

Wednesday Dave Northcut resigned as constable of precinct one and the commissioner's court promptly appointed O. K. Harkey to fill the unexpired term. Mr. Harkey at once gave the required bond and entered on the discharge of the duties of the office.

THE RED CROSS ANNOUNCEMENTS

Work goes on at the Court House every Tuesday, Wednesday and Friday afternoons. Work is done in the bandage room in the Clark building every Tuesday and Thursday afternoons.

All, each individually, and collectively are invited to these rooms to take part in this important phase of the war work. These announcements are made for that larger part of the women who have never yet realized their obligation to help in this world crisis.

Much knitting has been done and is being done by elderly women who cannot go to the work rooms and who have had scant notice in these announcements in consequence. The acknowledgements are here made of this vitally important work. All honor to these mothers in Israel.

Don't think your part of the war work done when you have eaten corn bread and your petted children have whined for biscuit. Millions of children "over there" are sending up the guttural cry of starvation for even corn bread.

Don't think you have helped in war work because you cannot afford all the gasoline you want to joy ride with. Many think it would be a calamity for the war to end now before America learns some needed lessons. They say that should the war end now would go on in her prodigality and become a decadent nation. This idea was advanced by a mother who has two sons in France.

A soldier who had returned from France was standing leaning on his crutches with an empty trouser leg hanging by his good leg looking into a show window on Fifth Avenue in New York when a limousine stopped by the curb. The churn-hatted chauffeur opened the door and a finely dressed lady walked out carrying a poodle which wore a jeweled collar and disappeared in the store. The soldier said: "My God, are the women of America still doing that?"

The following is a list of ladies who worked in the bandage room two days: Mesdames W. E. Barrow, C. T. Jones, G. A. Walters, Mitch Johnson, John Seiders, W. A. Martin, John Lavine, Misses Mamie Hagan, Rubilee Thornton, Gertrude Hill, FlorenceMcCarley, Mary Dismukes. One Day: Mesdames Ed Dickerson, R. W. Burleson, A. B. Kirkpatrick, Harry Hopkins, D. R. Terry, J. H. Baker, R. C. Sloan, Misses Margaret Kelley, Grace Baxter, Bernice Baxter.

Democratic Executive Committee.

The Democratic Executive Committee of San Saba County, Texas, is hereby called to meet in the Court House in the town of San Saba, Texas, on Monday, June 17th, 1918, at 11 o'clock a. m. for the purpose of fixing the assessments of all candidates for County and Precinct offices to pay the expenses of the Democratic Primary to be held Saturday, July 27th, next, and to attend any and all other business that may lawfully come before this meeting.

The members of the Committee are: S. E. Kelley, San Saba; J. T. Oliver, Harmony; W. G. Kolb, Colony; W. H. Gregg, Rough Creek; R. M. Lewis, Bend; G. S. Gray, Chrooke; C. B. Lambert, Wallace; R. M. Ellis, Sloan; A. H. Bode, Rough Creek; Otto Birk, Latham; D. Jefferson, Richland Springs; U. D. Wilson, Holt; W. Abraham, Bowser; J. A. Parks, Lock-er; G. B. Shoemaker, Algerita; W. J. Johnson, China; A. B. Anderson, Spring Creek; A. J. McNeill, McMillin; J. B. Harrrell, Chappel; J. T. Taylor, Fairview; E. Q. Magee, Shaw Bend; J. D. Edmondson, Mt. Pleasant; James Chamberlain, Northwest; M. D. Terry, Hall.

All candidates are requested to meet with the Committee at 2 o'clock p. m.

S. E. W. Hudson, Chairman, John Seiders, Secretary.

Merchant Marine Recruiting Station

The Rexall Drug Stores throughout the country have been appointed by the government as recruiting stations for the merchant marine of the United States. This is a service that all boys should be interested in and should be anxious to enter. Upon joining this branch of service, the volunteer is exempt from all military service. In fact, this is an important as military service itself and should be considered as such. Supplies must reach our soldiers and those of our allies and this is the only way by which they may be taken. D. R. Keyser proprietor of the Rexall Drug Store is the local recruiting agent and any one wishing to know more of this service should call and see him.

ALGERITA (By Petra)

J. A. Crouch was born December 29th, 1839, died June 7th, 1918 and was buried June 8th in the Richland Springs cemetery, Elder Tippin conducting the funeral services in the presence of a large sorrowing audience. He was married January 27th, 1867 to Miss Martha A. Barnett, who is still living. To this couple were born nine children, five boys and four girls, of whom eight are still living. All were present at the funeral except Ude and Emmett, who are unable to attend on account of being unable to make connections. Politically Mr. Crouch was a democrat, religiously a Baptist ever since 1874. Mr. Crouch enlisted in Company E, 15th Texas Cavalry during the Civil War, and fought in seven battles under Generals Bragg and Hood. The last battles this old volunteer fought were at Franklin and Nashville, Tennessee. He was in the charge at Franklin when General Claburn was shot down on the top of the federal fort by his own men. But Uncle Johnnie and his comrades went over the top of the fort and captured the garrison, which was one of the most daring feats ever accomplished by men. Finally Mr. Crouch surrendered under General Johnson. Uncle Johnnie was a walking historian and was the embodiment of patriotism. Just a few weeks before his death he offered to volunteer in the Texas National Guard and fight for our flag. Peace to his ashes.

We are needing rain pretty bad. W. J. Crouch of Tahoka and Billy Crouch of Brownwood attended the funeral of their brother, Uncle Johnnie Crouch, the first of the week.

Mr. and Mrs. Silas Duncan gave an ice cream party Saturday evening.

T. E. McGregor and family and J. D. Hopkins and family visited Sunday at the home of M. J. Lane.

Mr. and Mrs. Frank Coughran have a fine baby girl, who was born a few days ago.

FARM HINTS

By R. P. Elrod COUNTY AGRICULTURAL AGENT

Farmers who have wheat and oats should disk the land immediately after cutting and then plant to some crop that will grow through the summer. Feterita, milo maize, peas, soy beans, peanuts, pinto beans and Sudan grass are some of the things that will grow during hot dry weather. We should not in this time of need for feed and food let a single acre grow up in weeds but make it do its part. In Kansas a farmer persisted in letting his land lay idle and the neighbors went before the courts and had his farm thrown into a receivers hands so it could be made to produce.

Examine your chickens and see if they are not infested with lice. The lice eat your feed and first make your chickens work it up into blood before taking it. Lousy hens will not lay very much if any and consume more food without giving results. Use commercial sodium florid which can be purchased at the drug store for destroying lice. Put it in a powder can and dust it well into their feathers. It is harmless, but effective in killing lice.

Do not neglect the cultivation of your corn now that the dry weather is upon us. Now is the time it needs cultivation more than other times to keep the mulch perfect so as to prevent rapid evaporation. Do not lay your corn by until the first silks appear. Your cotton will wait for work but your corn will not without serious injury, so give your corn good cultivation and let your cotton wait if necessary.

In some parts of San Saba county there is an abundant supply of fruit to supply the whole country if saved and properly distributed. If you have fruit use every effort to save it by selling to neighbors and others for putting up in cans or preserves and jellies. I will use my best efforts to help you sell the fruit if you have a surplus or if you wish to buy I will take pleasure in referring you to those who have the fruit for sale. I have no way of knowing who has fruit for sale or who wants to buy unless you phone or write me.

Agricultural club members should read their bulletins furnished, carefully and follow instructions as near as possible. Do not neglect to cultivate because it has not rained since the last cultivation. Be sure you have a soil mulch about two and a half to three inches deep and cultivate about every ten days. Do not let weeds and grass grow in crops. They take your moisture and plant food just as a flock of hungry chickens will eat the food given to your horse. Then, it is important that you keep on your record that has been furnished you for setting down the dates and the time it takes you to work your crop. If you are raising an animal be sure to feed it enough. There is no economy in feeding less than is necessary for the growth of the animal. Read your bulletins and make up a balanced ration from what you have to feed.

Tomato thrips are working persistently now that it is impossible to raise very many tomatoes without spraying. If your tomatoes are not setting on tomatoes get an ounce of Black Leaf 40, put it into a gallon of water which has previously had a little soap added and spray the blooms and vines thoroughly. As the bloom hangs down it will be necessary to spray up to get the thrips which is in the bloom. If you look closely you may see the thrips which is a small insect a little larger than a chicken mite but longer and a yellowish white color. You will not get them all the first spraying and the spraying should be continued several times, four or five days apart. The Black Leaf 40 will cost you 25 cents per ounce and you can get a spray if you don't happen to have one for 50 to 75 cents. The spray is very handy about the place for various things.

BART S. DANIELS

B. S. Daniels, commonly known as Uncle Bart, died in this city early Saturday morning, June 1st. He had been in poor health for a long time and death was not unexpected. He was a native of Missouri and had been a resident of this country for some 30 years. The body was buried in the I. O. O. F. cemetery, Elder Wm. Scott conducting the funeral rites. He was known to all the old settlers and in his active life was engaged in house moving and it is safe to say "Uncle Bart" has moved more houses and other buildings in this county than, possibly any other man.

CLARENCE E. GILMORE FOR RAILROAD COMMISSIONER

Clarence E. Gilmore, of Wills Point, Van Zandt County, announcing his candidacy for Railroad Commissioner of Texas at the Democratic primary, says he is entitled to be considered as a candidate for reelection. That the Supreme Court of Texas held in the injunction proceedings instituted by him that the name of his opponent had no lawful place on the ticket as the nominee of the Democratic party, the committee had no authority to make the nomination and that he had the lawful right to make the race as a Democrat unopposed by such unlawful conduct. He calls attention to the fact that the opinion of the Supreme Court was not rendered until Saturday before the general election on Tuesday and that in contempt of the injunction his opponent's name had been certified to the various counties as the Democratic nominee, the tickets printed and distributed. Since but two days intervened, only fifty-two counties corrected the error, giving the voters a legal ballot and in these he received nearly two votes to his opponent's one, carrying practically all of them. He says he is sure the Democracy of Texas will not stand for such unlawful conduct and such contempt for the constituted authorities.

Mr. Gilmore is forty-five years of age, born and reared on the farm, owned and edited the Wills Point Chronicle for eighteen years and for the last six years has been actively engaged in the practice of law. He served three terms in the Legislature, during which time he was chairman of the penitentiary investigating committee, which made a searching investigation of the penal institutions of the state and aided in the enactment of wholesome prison reforms.

His practical business experience, his untiring energy and thorough study and understanding of every problem he deals with, and his study of problems which confront the Railroad Commission, equip him, he says, for the duties of this position.

His home people, who have known him longest, vouch for him absolutely.

The Germans are reported as convinced that the use of gas is "inhuman" in spite of the fact that they started it. If they had some ships on the seas they might be expected to discover that the submarine warfare also is inhuman.

HOW TO MEASURE MEAT RATION OF 2 POUNDS WEEKLY

Success of Equitable Meat Distribution Rests With Consumer; Plan Based on Patriotism and Voluntary Denial.

It is estimated that \$50,000,000 would be required if the nation were successfully placed on a ration system for the handling of wheat flour, sugar and meat nor would this amount cover the monthly operating expenses after the system were inaugurated. "For this reason," announces the Federal Food Administration for Texas, "we look to the individual for co-operation in observing the ration suggested and to the distributor to see that the quantities suggested are dispensed as nearly in the degree suggested as possible.

The placing of all manufacturers using sugar on a rationing basis has been achieved at a great expense to the Food Administration. Sugar used by manufacturers may only be procured through the possession of a certificate issued by the state headquarters and the quantity is based upon a definite schedule of allotments.

The distribution of wheat flour in Texas, now that the State has adopted a wheatless program, is handled along in Victory bread, through licensed bakers. Homes and public eating places, until the wheatless program was adopted, were on six pounds per person of flour a month. While difficult to make this rationing complete, the distribution to the public through the wholesalers and the retailers nearly approximated that quantity when the total of wheat flour for Texas was divided by the sum total of the consuming public.

Exasperation is now expressed by dispensers of meat, both in public eating places and at meat markets, as to how the individual is to be kept within his ration of two pounds of meat per week. Some have suggested a return to meatless days and meatless meals. The United States Food Administration, in announcing the new meat program, expressed an unwillingness to return to fixed meatless meals or days. It is hoped that the American public will conform their purchases, on patriotic and military grounds, to the two-pound ration of meat, just as the majority have done in the purchase of sugar and flour, and that in the general summation the amount of meat consumed nationally a month in the United States, when divided by the people consuming meat, will reflect the two-pound ration.

While no instructions have been issued defining a program, it is thought by the Federal Food Administration that the time has come when public eating places and meat markets should begin to approximate their respective trade in numbers. Every meat dispenser should begin to collate a list of families making regular purchases at his place of business. Families of five would be encouraged to buy not more than ten pounds of meat a week; families of two not more than four pounds a week, and so forth. This is not obligatory, but more and more as the war advances and military necessity demands increasing quantities of meat it would be to the advantage of every meat dispenser to know to a man the number of persons buying of his place of business.

If at the end of each day the meat dealer will divide the number of his customers with the pounds of meat bought, he will know the average purchase for the day in pounds per person; and if at the end of each week he will divide the total pounds sold by the total persons represented in the sales of the week, he will soon be in position to gauge whether or not he is meeting the federal requirements. Such information would be invaluable as the program is advanced to meet military necessity.

All of this detail means additional work, but the present war is a test of the fitness of men in service at the front and in the business world to survive, and out of it the Food Administration believes that lack of business methods will disappear and men will come to know accurately the minute details and elements which make up their livelihood—facts which, because of too much prosperity and extravagance, have almost been obliterated from American life.

TEXAS EATING PLACES ON WHEATLESS BASIS

R. A. Parker, director of hotels and restaurants for the federal food administration for Texas, wired John McBowman, director of the division of hotels and restaurants of the United States food administration, Wednesday, that all of the public eating places of Fort Worth and El Paso have gone on an absolutely wheatless basis.

All other cities of Texas are using in public eating places more or less of quick breads.

The restrictions on bread not containing wheat, which for a time were limited to four ounces to the person, have been removed, and corn bread or rice bread without an admixture of wheat may be served to the extent that the proprietor cares to dispense it.

A HOLY WAR

Scarcely a year ago America had no army!

Scarcely a year ago we were organized for peace;

Scarcely a year ago had the average Texan been told that a year hence he would be not only assenting, but heartily participating in a voluntary ration system which restricted him to—

Bread without wheat;

Three pounds of sugar per month;

Two pounds of meat per week;

He would have laughed it off as preposterous.

TODAY and tomorrow and all the morrows hence until the WAR is won, the marvelous quality of adaption, plus eagerness to serve, will make the Voluntary System of Rationing quite as simple as the raising of a finished army of one and a half million men in less than a year.

Texas has set the pace—in a measure—for the U. S. Food Administration.

The SPIRIT of observing the rules and regulations governing Food Commodities has entered into the very blood of Texas men and women and children. They want to give a tangible service; they want the grim and misery and horror of war to be suffused with a something vaster than even Victory. They would clothe their days and their nights with HOLINESS.

The spread board has again become the altar of finer things; the self-imposed fasting reflects the abnegation of men and women who fought the viciousness of the flesh, while animalism sought to deprave the world when Christian ideals sought flowering and propagation in the world.

When men give their lives on the Western front, and homes give up their meat and sugar to sustain others who ARE ABOUT TO DIE that American homes may survive, is so little, so tiny when compared with the greater LOVE that it seems terribly inadequate.

And this—this alone explains why Texans so cheerfully accept to the last degree of self-denial any program that will win the war; and make of it, increasingly, a Holy War.

Any other view is mere sophistry.

There are times when we are disposed to fear that there are not enough busy plows and hoes in this country, and too many busy ground-glass finders.

The life of an American soldier in France was saved when a shell splinter struck his cigarette case. Here's hoping every cigarette case will be as serviceable.

There will be all the sugar the canners can possibly need this summer. So says the food administration. The question remains as to how much can canners can.

As one journeys through life and the shadows begin to fall eastward one reaches the solemn conclusion that too much of the world's wisdom is uttered and too little lived.

A girl has sold her piano to buy Liberty bonds, and we would not care if a neighbor were to sell her phonograph, now that the open-window season is here again.

Saturday the 15th all hats go at a greatly reduced price. Be sure to see them before you buy.

BRYANT—RUSSELL

Miss Ruth Russell and Mr. Homer Bryant were joined together in wedlock in the city of San Antonio last week. This was a surprise to almost everyone here. Miss Ruth was visiting in San Antonio when this happy romance culminated.

Mr. Bryant, better known to everybody here as "Hookem" is a soldier in the U. S. Army, and was stationed at Camp Travis when they were married. He is in the quartermaster's corps and since his enlistment has proved himself to be everything that Uncle Sam demands from one of his boys. He is an expert mechanic and was a resident in this city a long time prior to his enlistment. Everybody here knows him and claims him as their friend.

Miss Ruth is the daughter of Mr. and Mrs. John Russell of this city and has been a resident of this city for quite a while. She has a position in the Famous Bargain Store, and is a very faithful and efficient clerk. She is a very popular young lady and possesses all the qualities of womanhood.

Mr. Bryant is expecting orders to be sent to France, and probably has already been sent over. Mrs. Bryant will continue to live with her parents here and will still hold her position with the Famous Bargain Store.

Friends of the News joins us in congratulating this newly married couple and hope it will not be long before they shall be with each other and bear each other's burdens through the battles of life.

F. W. Davis Has The Qualifications

Our friend Halbert, in his announcement as a candidate for the office of commissioner of agriculture against Fred W. Davis, has failed to keep the record straight.

He seeks to leave the impression that Davis is alone a professional school teacher, when the fact is that Davis is a professional farmer and stockman, and has been all his life, and his school teaching was merely incidental, in his effort to educate himself for his life work.

He also fails to state that he, Halbert, is a lawyer and professional office seeker, who has made a race for some office every two years for about thirty years past, but has never been elected to one.

No man is entitled to office, but the people are entitled to the very best officer they can secure. Hence the prime thought that should prompt the action of each honest and intelligent voter in casting his or her ballot should be—"Who is the best man who has offered himself, for any given office, considering the general welfare of the whole people.

Surely in this case Davis is the man. Ed R. Kone, Ex-Commissioner.

ALIEN FEMALES MUST REGISTER

The registration of German Alien Females is fixed in this judicial district to commence at six o'clock a. m. on Monday, June 17, 1918, and to continue each day successively thereafter, except Sunday, June 23, 1918, between the hours of six a. m. and eight p. m. up to and including Wednesday, the 26th day of June, 1918, at eight o'clock p. m.

All natives, citizens, denizens, or subjects of the German Empire, or of being females of the age of 14 years and upwards now within the United States, and not actually naturalized as American citizens, are required to register as German Alien Females.

In cities which had by the Federal Census of 1910 a population of 5,000 or over, the registration will take place in the police stations, and in such cities all persons required to register residing within the city limits must register at the office of the Chief of Police. In all other communities the registration will take place in the postoffices, and each registrant must register in the postoffice from which she receives her mail.

Each person when registering must furnish four unmounted photographs, not larger than 3x3 inches in size, on thin paper, with light background. These photographs must be of the shoulders and full face of the registrant, without hat or head covering.

Registration affidavits and cards will be furnished the registration officers by the United States Marshal at the District at Austin, Texas.

All persons required to register are warned that failure to complete their registration within the time fixed therefor makes them liable to restraint, imprisonment and detention for the duration of the war, and to other penalties, and any person in doubt as to whether she should register or not, should present herself before the proper registration officer and determine whether or not she should register.—Brady Sentinel.

Washington, June 5.—Data indicating that a shortage exists and that the Government and allied requirements will necessitate the virtual cutting off or nonwar industries from their steel supplies, will be given the War Industries Board tomorrow by J. Leonard Replegle, director of steel supply of the board.

Mr. Replegle will report the result of a series of conferences he held last week, with the joint committee of the American Iron and Steel Institute and the War Industries Board, appointed to obtain facts as to Government and allied needs.

It was said tonight one of the chief factors in the situation is the vast extension of the American military program. In addition, the allies are asking for increasing quantities of steel plates and ordinance material. The steel mills have now on their books unfilled orders for steel approximating 17,000,000 tons, which is a little more than half of the entire output for last year.

LIVES OF SOLDIERS SAVED BY INJECTING BOTTLED BLOOD.

Cincinnati, Ohio, June 7.—How the lives of the fighting men on the battle fronts of Europe are saved by the injection of bottled blood into their veins was told and discussed today by members of the American Surgical Association in convention here.

This blood is known to the medical profession as citrate of blood and Sir Arbuthnot Lane of London told the delegates that in the recent German drive in Northern France thirty bottles of blood had been captured by the Germans.

"I hope that the foe will use this blood," said Sir Arbuthnot; "perhaps it will make better human beings out of them."

Ruling on Divorced Registrants Received

MEN GRANTED LEGAL SEPARATION FROM WIVES SINCE DECEMBER TO GO IN CLASS 1

Texas registrants who have been placed in deferred classes by local exemption boards on account of marriage will be immediately placed in Class 1 if they have been granted divorces since last December, according to an order received yesterday from Major John C. Townes Jr., supervisor of selective service in Texas. In connection with this order, all local exemption boards of the State have been ordered to ask the District Judges and clerks of their courts as a personal appeal from Major Townes to co-operate with local exemption boards in reporting the names of all men who have been granted divorces since filling out their questionnaires.—Dallas News.

Our Boys in France and Home Protection

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical deficiency. Many times the kidneys were to blame.

If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that we should drink plenty of water daily between meals. Then procure at the nearest drug store, Anuric (double strength). The cost is 60 cts. This "An-uric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Send Dr. Pierce ten cents for trial package.

BINGER, OKLA.—"I had one knee hurt in which rheumatism developed. Afterward I hurt my back very badly loading wood. I sent for four packages of Anuric Tablets and had taken hardly two packages when they completely cured me. I have not had a twinge of rheumatism in my back or in my knee since. I know the Anuric Tablets did me more good than all the other medicines I ever took."

"I let a neighbor have one package of Anuric. He was down with his back, and it did him a world of good. My parents have known of and used Doctor Pierce's medicines for years."—W. B. PHILLIPS, Route 1, Box 72.

H. P. RODDIE & CO., SHIP 1,500,000 POUNDS WOOL TO EAST FOR GOVT. APPROVAL

H. P. Roddie & Co., as licensed dealers, are this week shipping out one and one-half million pounds of wool to Boston and Philadelphia for government committee's approval, the wool being shipped in the grower's own name. This wool has been taken up by the company at Brady, Menard, Goldthwaite, Lometa, Brownwood, Talpa, Ballinger and San Angelo.

Mr. Roddie states his company is advancing 75 per cent of the estimated value of the wool to growers, charging 6 per cent interest, on money so advanced, until wool is delivered at Atlantic seaboard.

There is a big rush on shipments just at present on account of the 25 per cent advance in freight rates on and after June 25th. Shippers are availing themselves of the opportunity to save the freight advance by getting their wool in shipment now.—Brady Standard.

German Women To Register June 17

In line with the President's Proclamation of April 19, the registration of the German women in the Northern Federal District of Texas will begin on June 17 and last up to and including June 26. United States Marshal John L. Terrell estimated yesterday that something like 1,500 women will come under this order. The Marshal sent out to postmasters several hundred pamphlets yesterday which were recently received from Washington explaining the rules for the registration of women.

All German women of the age of 14 years and over who are not actually naturalized American citizens will be required to register. Internment for the duration of the war is the punishment of those who fail to register and receive the regular registration card. A woman born in the United States is an American citizen, irrespective of the citizenship of her parents and is not therefore required to register unless she has taken the oath of allegiance to Germany or has married a citizen or subject of Germany who has not acquired naturalization in the United States and the marital relation has not been terminated by death or absolute divorce.

In all cities having a population of 5,000 or more the registration must be made at the office of the chief of police, and in towns with less than 5,000 population the women must register with the postmaster.

An American woman who marries a foreigner takes the nationality of her husband. The wife of a citizen or subject of Germany who has not acquired naturalization in the United States and their foreign-born female children of the age of 14 years and over now within the United States are German alien females and are required to register, except those of such foreign-born children as have separately acquired naturalization in the United States, or, prior to April 6, 1917, have married American citizens. The marriage prior to April 6th, 1917, of a German alien female to a citizen of the United States naturalizes her as an American citizen.—Dallas News.

Rheumatism Relief -- 25c.

Nature's Remedy (NR Tablets), Are Helping Thousands Who Tried Expensive Things Without Result. It's Guaranteed.

There are three vital processes of human existence—the digestion of food, the extraction of nourishment from it and the elimination of waste. Poor digestion and assimilation means failure to derive full benefitment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ills.

Rheumatism, due to some interference with the process of elimination, failure to get rid of certain body poisons—cannot be expected to yield to any medicine that fails to correct the condition responsible for it. Could any reasonable person expect to rid himself of rheumatic pain as long as rheumatic poison is allowed to remain in the body?

Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other medicines have failed. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for uncertain things? A 25c box of Nature's Remedy (NR Tablets), containing enough to last twenty-five days,—must help you, must give you prompt relief and satisfactory benefit or cost you nothing. Nature's Remedy is not only for the relief of rheumatism. It improves digestion, tones the liver, regulates kidney and bowel action, improves the blood and cleanses the system. You've tried the expensive medicines and doctors, now make the real test. You'll get results this time. Just try it. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist, Corner Drug Store, San Saba, Texas.

A CARD OF APPRECIATION
I wish to thank my numerous friends in San Saba and territory for their most kind treatment of me during my two year's stay among you, and assure you that San Saba will always be home to me and its people, my best friends. I do not know how long I am to be absent, but in the interval Dr. Daily will be in my office and I bespeak your kindest consideration of him.

Again I thank you and wish you the best the land affords.

Dr. F. A. Bass.

DEATH OF MRS. WILLIAM S. BEWLEY

On the morning of May 15, at 4 o'clock, the gentle spirit of Mrs. William S. Bewley was translated from her home here to her more abiding home in heaven.

As a girl and young lady, Miss Mary E. Jesse, who at the age of 18 became the wife of William S. Bewley, gave rich promise of becoming a very rare woman, which promise she ever afterward admirably fulfilled.

Born in the good old state of Tennessee, Nov. 5, 1849, had she lived to it, she would have been 69 at her next birthday. Her husband died twenty-three years ago, and twenty-two years ago she moved from Tennessee to Texas.

Sorrow more than once fell to her, but she knew her Lord and claiming His promises the burdens were always lifted. Life to her not only brought sorrow, but affliction as well; however, her nearness to God under it all, tended to sweeten and render patient and trustful, this beautiful, attractive life. Indeed her life finding direction and support in God's word, and constantly mellowing under its influence, gained a capacity to greatly inspire others.

A life as gentle and tranquil and bright as the May morning on which she slipped away, had for its high mission here, great encouragement and inspiration for loved ones and friends.

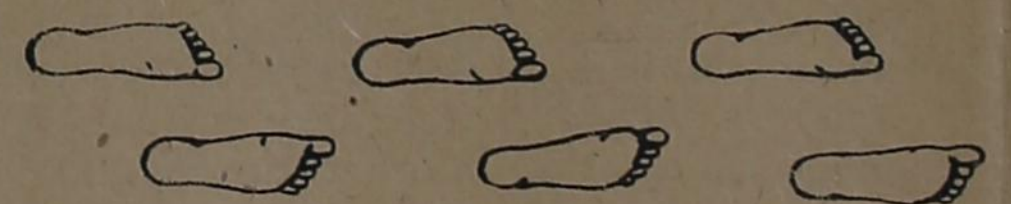

To her loved ones she left a legacy more priceless than rubies, and more enduring than marble: “The ornament of a meek and quiet spirit, in the sight of God of great price.”—Austin Statesman.

HIGHWAY LAW

Providing that all applications for registrations and license of motor vehicles, motorcycles, manufacturers, dealers and chauffeurs shall hereafter be filed with the collector of taxes for the county of the residence of the applicant and that all license fees be paid to such Tax Collector; etc. Be it Enacted by the Legislature of the State of Texas:

Section 1. All applicants for registration and license or transfer thereof of motor vehicles or motorcycles; manufacturers or dealers therein, and chauffeurs now filed with the State Highway Department under the existing law shall after the taking effect of this Act be filed with the Collector of Taxes for the County of the residence of the applicant; such application to be made upon forms prescribed by the State Highway Department, a supply of which shall be furnished each Collector of Taxes at the expense of said Department.

Section 2. Upon the filing of an application the applicant shall pay to the Tax Collector the amount of the license fee required by the law for which amount the Tax Collector shall issue a receipt showing the name of the holder, the make of the car, the model and the number of the engine of same, which receipt shall be a protection to the holder against prosecution under any provision of the Highway law regulating the registration of motor vehicles until the receipt by him of number plates and seals as is required by the Statutes of this State, which receipts shall be issued in triplicate, one to be delivered to the licensee, one forwarded to the State Highway Department by the Tax Collector, and one retained by him. The receipt herein provided shall be furnished at the expense of the State Highway Department to the several Collectors of Taxes, and shall be numbered consecutively for each County. It is provided, however, that upon the filing of an application fee to be paid thereof shall be such a proportion of the annual fee as the remaining quarters of the year added to the quarters in which the application was filed shall bear to the entire year.

Section 3. It shall be the duty of the Tax Collector to transmit on Monday of each week to the State Highway Department at Austin, one-half of the gross registration, chauffeur or transfer fees collected during the preceding week. The remaining one-half shall be deposited by the Tax Collector, in the county depository of the county, to the credit of a special Highway fund, to be expended under the provisions of law relating thereto.

Section 4. With the remittance provided for in Section 3 hereof, the Tax Collector shall forward to the State Highway Department the copies of receipts issued under section 2 hereof, and upon the receipt of such receipts the State Highway Department shall assign registration numbers to the persons whose name appear thereon, and shall at once forward, charges prepaid, to the Tax Collector, the required number plates and seals corresponding thereto, which shall be delivered by the Tax Collector without expense to him or the county, to those entitled thereto, upon application thereof by such owners; provided that on or before January of each year the Secretary of the State Highway Department shall forward to each Collector of Taxes in this State, carrying charges prepaid, a number of seals corresponding to the number of motor vehicle, and motorcycle registrations in their respective counties for the previous year, which seals shall be delivered by the Collector of Taxes to the registrants, upon the payment of the license fee for the ensuing year. The number of

seals so sent out shall be charged to the respective Collectors of Taxes in a book kept for that purpose by the State Highway Department and upon receipt of notification by the Collector of Taxes, together with a remittance provided for in this Act, such Collector shall be credited with the seals so distributed. The Collector of Taxes shall keep a record of all transfers, and report same weekly to the State Highway Department.

Section 5. All funds coming into the hands of the State Highway Department from registration fees, and all sources, are hereby appropriated for the two years beginning June 22, 1917, for the purpose of carrying out all provisions of the Acts creating the State Highway Department, regulating the operation of motor vehicles and of this Act.

Section 6. As compensation for their services under this Act, Tax Collectors shall receive for their services one-half of one per cent of all amounts collected by them, but in no event shall any Tax Collector receive any sum exceeding the amount fixed as a maximum of their fees under Chapter 4, Title 58, of the Revised Statutes 1911, as amended by Acts 33rd Legislature, regular session, page 246.

Section 7. This Act shall not be construed to repeal any existing laws of this State relating to Highways, except wherein direct conflict therewith, and shall be cumulative of all such laws.

Section 8. The fact that the operation of the State Highway Department under the law as it now exists entails an expense largely in excess of that which would be incurred under this Act, creates an emergency and an imperative public necessity requiring the Constitutional rule requiring bills to be read on three several days be suspended, and that this Act take effect from and after its passage, and it is so enacted.

YEARS OF
TROUBLE ENDED
AND SHE HAS GAINED
ED 15 POUNDS

"My Friends Say I'm Looking Years Younger" She Says Tanlac Brings Relief.

"When I began taking Tanlac I had been down in bed for three months and just think of it, I'm feeling as strong and healthy as I ever felt in my life," said Mrs. Mollie J. Lord, who resides at the East Denver High School, Denver, Colorado, in an interview recently. Mrs. Lord has lived in Denver for the past twenty-five years, her husband has been in charge of the East Denver High School building for twenty-two years and they are highly respected by all who know them.

"Years ago," continued Mrs. Lord, "I had an attack of bronchitis from which I contracted catarrh of the head and stomach. The trouble got a firm grip on me because for a long time I tried to make myself believe I didn't have catarrh, but at last I realized I was in a bad fix. My nose and throat were feverish and the mucus collecting in my throat would nauseate and almost choke me. My stomach got in such a bad condition I couldn't even eat potatoes or toast. In fact, everything would sour almost as soon as I had eaten it and the gas caused such a burning and fluttering around my heart that I was afraid I had heart trouble. Sleep seemed impossible for me. I would toss and roll in bed and have to jump up every little while so I could get my breath. My kidneys worried me constantly and my back hurt me so bad at times it felt like it would break in two.

"I doctored and took everything I heard of but kept getting worse until I just had to give up and go to bed. I never got any better until I began taking Tanlac and it certainly has been a Godsend to me. I can tell from the way my clothes fit that I have gained all of fifteen pounds and I have not only gotten entire relief from the catarrh in both my head and stomach, but my kidneys are also in perfect condition and I don't have any more pain in my back. I go to sleep as soon as I get in bed and sleep soundly all night long. My stomach never troubles me now and, oh, it's such a pleasure to be able to eat what I want without suffering afterwards. And since the gas has stopped forming all the burning sensation and palpitation of the heart is gone. My friends say I'm looking years younger and I can certainly endorse Tanlac in the highest terms, and expect to always have it on hand in case I should need it."

Tanlac is sold in San Saba by Keyser & Daniel, in Lockport by J. F. Coffee, in Richland Springs, by D. J. Chapman, in Cherokee by Cherokee Drug Co., and in Chappel by C. P. January & Son.

WALTERS—WRATHERS
G. A. Walters received word the first of the week from his son, Lieut. G. C. Walters, that he and Miss Reba Wratthers had just been married in Washington, D. C. Both of these young people are well known here.

Lieutenant Walters is the son of Mr. and Mrs. G. A. Walters of this city. He graduated from the First Officer's Training Camp at Leon Springs and was commissioned a lieutenant and stationed at Camp Travis, Texas. Recently he was voluntarily transferred to the famous Pioneer Infantry at Camp Spartanburg, North Carolina. He is expected at any time to be sent over for service. He is a sober and industrious young man, and his ability and efficiency as a soldier has been proven more than once. He is a courageous and faithful soldier and is deserving all the honors that he has received.

Miss Reba is a resident of Amarillo and has been in the employment of the Government at Washington, D. C. for the past few months. She has many friends in this city and is the real type of Texas womanhood.

This newly married couple will be at their home in Spartanburg, North Carolina in a short while and will remain there until Lieutenant Walters is sent across.

The News and a host of friends congratulate this young couple and wish for them much success and joy in their future life.
