

ELEVATOR CRUSHES SAN SABA COUNTY BOY TO DEATH

Forest Lane, 18, elevator operator at the Bering-Cortez Hardware store, 802-6 Prairie-ave, lost his life Saturday morning in an accident. His body is at the C. J. Wright morgue and word of his death has been sent to his parents, Mr. and Mrs. M. J. Lane, Algerita, Texas, San Saba County.

Lane was running the elevator up when he tried to put off a basket at the fourth floor without stopping the car. He opened the doors and leaned over to throw the basket out. While he was leaning over the doors partly closed, preventing him from pulling his body back into the cage. His chest fell against the floor of the cage, his shoulders were forced against the fifth floor and he was crushed to death. Some difficulty was experienced in extricating his body.

Lane boarded on the North Side with his grandmother. He was put to work by the Bering-Cortez store Wednesday. He was a fine appearing young man and his employers said he was a good worker.—Houston Post.

Half Rates For Stockmen

Secretary McAdoo, Director of Railroads at the solicitation of the U. S. Department of Agriculture and the extension departments of the A. & M. Colleges has granted half rates for feed bought by stockmen in the drought stricken part of Texas.

The feed must be bought and shipped in car load lots and the half rates are secured only by a certificate from the County Agricultural Agent who is charged with investigating conditions and certifying to the local freight agent that the party or parties purchasing same are entitled to the rate. It seems no other way has been provided for securing the half rates and now that San Saba county will have no County Agent after September 1st, we will be deprived of the benefit of this order.

The idea of the Government seems to be that safeguards must be thrown around the shipping in order to keep those not entitled to receive the rate from getting it. The Agent must be sure that the feed is not directly or indirectly to go to some one who will sell it for a profit and the Government must have one of their representatives to O. K. the bill. In these war times this is one of the added duties of the County Agent who is the only representative the United States Department has here.

Tells How He Went Over The Top

July 27, 1918

Dear Mother,

It has been so long since I have written, that I am dreading to write at all now. But it is different this time than before.

If I can study out what to write of what I know I will write a letter. I have written two or three letters in the last few weeks but something would happen and prevent me getting them off. First I wrote one while we were in the trenches, we moved out and I tore it up. Then we were stationed in a little old town for a week, and could not send any mail from there. We moved again to a place only a few miles from where we are now. I wrote while there it only being one day when we rolled our packs in a hurry and left there. So that letter went to the brush in bits. That was the move on our way to the lines again, where we went over the top, and made the big drive which you have read about in the papers before now. We started over under a heavy Artillery fire at a quarter before ***** in the morning and by ***** o'clock we had driven them back 7 or 8 miles; had taken three lines of Artillery and a large number of machine guns and prisoners.

The first Germans I met was a bunch of seven against three of us. I ditched two and wounded one. While I was firing on these the rest were waiting their arms and shouting Kamerade. I only motioned for them to go to the rear, and kept on going; left them for some one farther behind to pick up. At the same time I could look to my right and left and see other bunches doing likewise.

After I passed the third line of artillery, then lost from my company, and just going on, my own boss. I got down in the brush where a machine gun opened up on me. When this happened I lay down for some time. While I was lying behind a thicket hidden from this machine gun, a German from the artillery that had gone into his dugout, was making his way across this wood towards their next line of artillery ran into me. He happened not to have anything to fight with, came towards me empty handed. I captured him without getting up. I motioned for him to get down out of sight. After a while when I thought there was a chance to get out, I got up and started back with him. But by that time I had two more Americans with me that happened along just after the D. Co.

On our way back I ran on to a boy that was on K. P. for a long time at St. Aignan, and another boy carrying a wounded Captain. Right there my prisoner got a job; I as well. After reaching the Red Cross station with our wounded man and leaving the prisoner I started back. I only found a few of my company. All the time we advanced, each day for ***** days. When we were relieved. And our relief kept up the drive. I don't have much idea how many prisoners were captured or how many killed. But these things that are put in the papers that seem impossible, look quite different when you go and see it. It is true. I might go on and write a book instead of a letter, and tell ten times as much about the first day and as much about each other, and a great deal about our trip before reaching the lines. But this is all the paper I have and the Y. M. C. A. is out at the present, so will have to close. So the main thing I have to say is that I myself came out without a scratch.

Your Loving son,

AUSTIN JURY FINDS MARTIN "NOT GUILTY"

Austin, Aug. 15.—A verdict of "not guilty" was returned this morning by the jury before which former Judge Clarence Martin was tried on the Federal District Court on a charge of using the mails in furtherance of a scheme to defraud. The verdict followed seven hours of deliberation.

Judge Martin was placed on trial last Friday and the testimony was concluded Tuesday afternoon.

FRIDAY THE 13th

Rather a peculiar opening. But this is the day the Majestic Theatre has picked to start the serial "The Lost Express". Helen Holmes newest railroad picture.

If you remember Helen Holmes is the greatest railroad actress today. Pretty, fearless and a screen star supreme. Friday night Spet. 13th starts this wonderful serial and its Free. Every lady come.

Ed House and wife and Mrs. Dee House, visited the latter's husband, Mr. Dee House, at Camp Travis last week.

Murray Pentress of Brownwood visited his father, J. L. F. Pentress, the first of the week.

Miss Pearl Eiler visited her brother, Alex Eiler, at Camp Travis the first of the week.

Cards have been received by relatives announcing the safe arrival overseas of Earl Flood, Sammie Maulsby and Tommie Owens.

Dear ones at home:—

I received your letters of May 23, June 24, and this is the second letter that I have had from you since I left the States. I am sure that you have written but some how my mail has been delayed. I get two to four letters from Emma each week. I have not written you as many letters as I should have but we are not supposed to write but three letters per week and I have been writing most of my allowance to Emma and told her to send them to you or write to you every time she had a letter from me. I have been transferred again.

I am surly tickled over my new home. I did not ask for the transfer; the Div. Surgeon sent me here and I am at least a decent soldier or he has made one big mistake, for this is one of the very smallest units in men and the very biggest in responsibility. We have charge of all medicine and medical supplies, for about forty thousand men. And yours truly issues the drugs, the most pitiful job on the works. The work is very interesting and as soon as I get the stock down in my noodle it is going to be easy for me. Thanks to my knowledge of veterinary medicines, for they are helping me lots. We have a fine bunch of fellows, '24 in all. And our officer is a Prince. Our eats are extra good and I have a great bed, and it is a long ways to where the big guns boom so there is nothing to keep me from sleeping good. Knowing what I do of this game if they would give me my choice of any place in it I would take this place. And you may rest assured that I am going to do my very best to stay where I am and I feel sure that I can deliver the goods and that is the kind of men they need. You can see that I am situated well and you have no reason whatsoever to worry about me so don't do it. I hope that Emma has had a chance to visit you by this time. She said in her last letter that she was planning to come down to see you as soon as she could. I am sure that you will enjoy her visit for you know that she is the dearest thing in this world to me.

You don't need to worry about us winning this war for we are going to win. Our boys are doing great work over here now and they are going to do better when the right day comes. Just send us more and what we will do to Fritz will be a plenty. Please give my best regards to all, and try and write me as often as possible.

With love and very best wishes,
I am your son, Cecil Taylor.

"OLD GUARD" 13 CAVALRY TROOP 3

The "Old Guard" ball team challenged the Cavalry Troop for a game of base ball, which took place last Friday afternoon at the Fair Grounds park. The Cavalry team was given ample warning and were ready and rearing at the appointed hour.

Umpire, N. C. Walker called the game promptly at 3:30 and things began to tighten. Joe Hart did the pill tossing for the "Old Guards" and plainly demonstrated to the Cavalry team that he was some artist.

Duncan threw the ball for the Cavalry team and made the "Old Guard" take special notice. It was a clean and fair game, but resulted in a victory for the "Old Guards". The score being: the "Old Guards" 13, Cavalry Troop 3.

BULLETIN OF SELECTION BOARD

1. Since the bulletin for last week was issued another registration has been ordered. This registration will include all who are otherwise subject to registration who have since June 5, 1918, and on or before August 24, 1918 attained their twenty first birthday. The date of registration is Saturday, August 24, 1918 The hours: Seven A. M. to Nine P. M. The place: Office of this Board. Owing to the short time elapsing before the day of this registration all citizens are earnestly requested to give the widest publicity to the matter, in order that every young man of the county who is due to register next Saturday will learn of the matter before that day and appear promptly for registration. Note that there will be only one place of registration in the county. This registration will be carried out in all respects as the registration of June 5, 1918, was.

2. The date of entrainment under Call No. 1140 mentioned in the latest bulletin will be Tuesday, the 27th instant.

3. The Board is drafting two registrants under individual induction orders this week. James Williams Cummins of San Saba goes to Camp McArthur, Waco, to report to the Commanding Officer, Base Hospital, for service in the Medical Department. Reeves William Kuykendall of San Saba leaves for Camp Hancock, Augusta, Georgia, to report to the Commanding Officer, Central Machine Gun Officers Training School.

"OLD SHOE STRING" AND BILL DUNCAN COMING AGAIN

The stars of "The Fighting Trail" and "Vengeance and the Woman" are going to start in a new serial "A fight for Williams". A He story in the big out of doors.—At The Majestic soon, watch for dates.

The management is anticipating the biggest crowds for this serial they have had to accommodate and are going on schedule shows accordingly.

Efficiency—German vs. American

(From a letter to his employees by John H. Patterson, president of the National Cash Register Company).

German efficiency has been over-estimated. Germany has invented almost nothing. She has imitated or stolen from other nations, especially from America. German manufacturers have stolen our own company's invention and, at one time, even our name.

America is five times as efficient as Germany. In my judgment one American soldier, properly equipped, is equal to five German soldiers.

See what we have invented for peace: Steamboat, telegraph, cotton gin, sewing machine, airbrake, typewriter, phonograph, modern printing press, telephone, electric light, trolley car, railroad train, sleeping car, reaper, binder, thresher, high-speed elevator, skyscraper, tractor, cash register, turret lathe, cheap automobile, Harveyized steel, gas engine, dictaphone, elevator, storage battery, shoe machinery, reinforced concrete, suspension and cantilever bridge and hundreds of other things.

See what we have invented for war: Monitor, Merrimac, and out of them the modern turreted ironclad; torpedo, wireless torpedo, submarine, repeating rifle, machine gun, revolver, airplane, high explosive and many others. What will we not invent and do to save our lives and liberty!

Half the war is being fought in the trenches. The other half is being fought from the benches. America will surprise the world with its production of interchangeable parts of war equipment. This company is doing its utmost and is willing to spend its last dollar, if necessary, to keep America free!

We must whip them or the word "Germany" will be a stench in the nostrils of civilization for a thousand years.

OUR CAVALRY TROOP

"The boys sure are improving." That's what everybody says, who saw the soldiers drilling the first days of the camp while all were new.

This troop has been designated as H. troop in the 3rd Regiment. Lieut. Colonel Felix D. Robertson is in command of this regiment and the regimental headquarters are being established at Austin.

The troops have now been in camp going on the third week and are momentarily expecting the federal draft. About the happiest, most contented place in all the drought stricken area of west Texas is the soldiers' camp at the fair grounds. The majority of the men are drilling daily and are then ready for any and all of the sports between supper and tops.

The personnel of this troop represents, in a large measure, many families in the counties from which the men come.

Lieut. Ligon of Llano, a graduate of Peacock Military Academy, has been here this week and is instructing the troop in the most approved "setting up exercises." This has been one of the most enjoyable features of the work and is one of the large factors in the hardening of the Sammies for overseas service. It gives the soldier his straight soldierly bearing. It gives him health and strength.

This evening (Wednesday) a "field day" exercise is being put on at the fair grounds ball park and hundreds of our people are out to see the soldiers.

The ladies of the local Red Cross are doing the great thing by the soldiers. The soap, foot-ease towels, etc., freely furnished by the Red Cross is getting close to the hearts of the men.

Sunday afternoon the canteen committee came to the grounds with ice cream to the heart's content. This was served to the men and everybody thanked the Red Cross.

Many visitors have been seen in the camp this week, watching the drills and talking with the troopers. One especially pleasant bunch of visitors blew into camp last Thursday night. The party was headed by City Marshal Chadwick and most of them brought along a musical instrument. It was the town string band come to throw a ray of sunshine into the lives of the men who are volunteering to serve a common country during this war.

A COOK NEEDED

Another first class cook is wanted by the Cavalry troop. Must be between the ages of 18 and 45 years and must enlist in the service.

MEN WANTED

The Cavalry troop is open for the enlistment of 10 more good men. As soon as the call for federal draft comes (and it may be before this is printed) voluntary enlistments will be stopped. So, young man with red blood you had better enlist today. Your country is calling for you. What will your answer be?

After an absence of some months and by request of the new Editor we will jot down a few of the locals of our section.

The drouth is still predominating the people seem to be coming as they did with Moses. Chide for water for themselves and stock. Moses smote the rock and water was plentiful. The greatest time in the history of the county is now on; residents of sixty years never saw the colorado river in holes before. The greatest calamity of all is the suspension of the methodist camp meeting on Cherokee creek. This has been in vogue ever since the days of the red men.

Many souls have been made happy in the faith and many have met their companion through life. Some of our boys now molded in the clay in France professed their faith at the annual camp meeting. Many of our fathers now looking from the heaven of rest used to pitch their tents for a ten days camp revival of the Sabbath as David Matsler, J. B. Harrell, Charlie Harris, Young Tate, W. W. Millican, Mrs. Boyett, Jim Means, George Keeny, D. Hillin, Bart Lucas, Dr. Dailey, J. D. Weare and other that we feel sad that this link has been broken. Those that are on a hike for food and rayment and contemplate are W. H. Gage and family, Bart Hillin and family, Miles Millican and family, Bud Stafford, Jim Matsler, Fred Wilds and several others will start in a few days.

The irrigated farms that have shipped produce are Jim Gage 2 cars of onions; J. C. Brazil 2 1-2 cars, W. J. Millican 2 cars, R. M. Lewis has 15 acres of ribbon cane sorghum. He is shipping daily, thinks he will make 2000 gallons. Ed Sawyers is making sorghum. He will have some to sell.

Bob Louis is bailing his cane, putting it on a rick and drying it several days, and stock seem to relish it.

Our band is still progressing a good interest though the air is so dry the valves actually stick. And the dirt dobers will soon go to the Brazos for mud.

Mr. Bunk Matsler the popular merchant of Chappel and Mrs. Mary McRorey, daughter of Mr. John McRorey were married last week. Our band furnished him with music at twelve to one o'clock that night for their service. Bunk treated them royally with candy. We wish them a happy and prosperous life as Bunk and Mary are both rightly respected. They will live at Chappel where Bunk keeps ageneral merchandise.

Our Trustees have-secured the service of Dor W. Brown to teach the school at Bend Mr. Brown taught the Chappel school a few years ago. We are glad to welcome Mr. Brown among the young of our community. M. E. Millican is at Marlin, Texas for the benefit of his rheumatism.

The Bend Band intertained at J. C. Brazils' last Sunday night.

Miss Florence Alexander of Bend and Rex Parsons married and immediately left for Oklahoma.

E. M. Scott the automobile doctor of Lometa is visiting in the Bend Section.

Mr. and Mrs. Robt. Sawyers has a new boy. Robt. was at the training camp and could not be present.

Guarding Our Lines

Guarding our lines is like guarding our health—we must encourage the care of our bodies—train our organs for bodily endurance, efficiency and full achievement. It is not so much a necessity to fight disease as to cultivate health.

If we want to increase our chances for long life—Dr. Pierce, of the Surgical Institute, Buffalo, N. Y., says: "Keep the kidneys in good order. Try to eliminate through the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, obtain Anuric (double strength), for 60 cents at druggists, and exercise so you perspire—the skin helps to eliminate toxic poisons and uric acid."

For those easily recognized symptoms of inflammation, as backache, scalding "water," or it uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric at the drug store, or send Dr. V. M. Pierce, Invalids' Hotel, Buffalo, N. Y., 10 cts. for trial package.

STROUD, OKLA.—"I suffered for a year with kidney trouble. I saw Dr. Pierce's advertisement in the paper and wrote for a trial package of 'Anuric.' It helped me so much I went to the drug store and bought a supply of Dr. Pierce's medicines. I bought four bottles of the 'Golden Medical Discovery' one package of the 'Anuric Tablets' and a vial of the 'Pleasant Pellets.' The 'Golden Medical Discovery' and the 'Pellets' cured me of bowel trouble, and the 'Anuric' of the kidney trouble."—MRS. MARY JANE FISHER, Route 5.

"Any human" will enjoy seeing Eddie Polo in "The Bulls Eye at The Majestic, Friday night.

To The Voters Of San Saba County

This is to put the voters on notice that Mr. Alex Moore has an article in The Star and also The News in reply to, my communication of last weeks issues of all the county papers and I called him up over the phone at Cherokee asking him to let me read it before it was issued from the press and he flatly refused to let me read it. I asked Mr. Moore if it was an article treating me fairly and he said yes it was as fair to me as my article was to him. Now all who have not read my article in last weeks issues of the county papers I would be glad to have you read just what I said before passing your opinion on Mr. Moors reply. If Mr. Moore has treated me fairly the people will judge. But I fail to see why Mr. Moore should have his article withheld and not let me have a reply till the election is over. It looks like hitting under the belt. In fact I believe the people will see that he is taking an under advantage, but it will all be over Saturday.

Respectfully,
W. E. Yarbrough.

SAVE 41-23 FUEL

**HELP WIN THE WAR
LISTEN MR. STOCKMAN**

Here are the Facts and Figures, tried and proven, of our Crude Kerosene Oil Pear Burner.

By using Kerosene to burn your pear you can increase your burning one-third or you can burn as much pear with two of our burners as you can with three of the gasoline type. Our burner will not burn any more kerosene in an hour than the gasoline burner will burn gasoline, not only giving you a saving of thirty three and one-third per cent in labor and equipment but also giving you a saving of forty one and one-third per cent, making a total saving of seventy-five per cent.

Our burner is complete in every detail, simple in construction and durable. See your dealer and have him demonstrate our burner.

The military exegists are pretty well agreed that when the Germans found they could not maintain themselves at the Marne, they withdrew with the expectation of standing at the Ourcq, and that when they found they could not stand at the Ourcq, they retired with the expectation of standing at the Vesle but still in backward motion, with every apparent likelihood that they can no more maintain their line there than they could at the Marne or at the Ourcq, and so relentless and irresistible is the pursuit, that they must go beyond the Aisne to find assured refuge. There they would probably be safe from further pursuit, for the present at all events. But the sense of security the Germans may there enjoy must be associated with a poignant sense of the disaster they have suffered within the last three weeks. They may succeed in getting back of the Aisne without being enveloped by the dangers which now beset them, but their position would proclaim, beyond all possibilities of disguise, that the offensive which was undertaken with the high hope of bringing victory within their grasp has ended in a retreat which puts that victory forever beyond their grasp. The second battle of the Marne, if the fighting of the last three weeks may be so called, has not given victory to the allies, but it has wrested the possibility of it from the Germans, and from dire fear of defeat, the allies now have no worse to apprehend than a compromised conclusion of the war.—Dallas News.

THE BEST PROOF

San Saba Citizens Cannot Doubt It. Doan's Kidney Pills were used—They brought benefit. Time has strengthened the evidence. Has proven the result lasting. The testimony is from this locality. The proof convincing.
Mrs. B. P. Brown, Brady, Tex., says: "My back ached a great deal, especially when I was on my feet or after over-exertion. My kidneys didn't act right at all. Two boxes of Doan's Kidney Pills soon cured me of these troubles."
OVER THREE YEARS LATER
Mrs. Brown said: "I haven't had any return of kidney complaint since using Doan's Kidney Pills. I still recommend this medicine very highly." Price 60c, at all dealers. * CHURCH NOTICE *

BAPTIST CHURCH

The San Saba County Association will meet with us August 29th 9:00 P. M. The church is arranging to serve dinner and supper at the church and take the messengers to our home for bed and breakfast.

Our expectation is that we shall have several visitors with us from other sections and we cordially invite the public to be with us at all the meetings of the association.

We will protract our meeting after the association. We invite all people to op-erate with us in this special revival effort.

Regular services next Sunday morning and night. Sunday morning subject: "The Teaching Office of the Holy Spirit." Sunday night subject: "And When he came to himself." G. W. Light, Pastor.

PRESBYTERIAN CHURCH

Sunday School 10:00 A. M.
Preaching at 11:00 A. M.
We will attend the Union Services at the Cumberland Presbyterian Church Sunday evening at 9:00 o'clock. B. D. D. Greer, Pastor.

UNION SERVICES

On the lawn at the Cumberland Presbyterian Church Sunday evening at 9:00 o'clock. Let us meet to worship and praise God. Come and bring your friends with you.

CUMBERLAND PRESBYTERIAN San Saba

It was good to meet with the friends last Sunday morning for Sunday School and preaching. Please don't forget that you are very cordially invited to attend our Sunday School and other church services.

Sunday School 10:00 A. M.
Preaching every Sunday,
Evening 11:00 o'clock
Morning 9:00 o'clock
(Union service on church lawn)
Union prayer meeting on Wednesday evening at 9:00 o'clock.
T. J. Tanner.

SLOAN

According to the statement of friends, the meeting which has just closed was attended by more people than any meeting held in this church for several years, and the servants who ministered in these services are praising and thanking God, but now that the meeting has closed, let us continue the work that was begun by attending regularly the Sunday School and regular preaching services.

Preaching next Sunday afternoon at 3:00 o'clock and followed immediately by the Sunday School. Everyone who possibly can is urgently requested to attend.
T. J. Tanner.

HARMONY RIDGE

We were greatly rejoiced last Sunday afternoon to see so many friends present in the Sunday School and preaching services, and we have good reason to believe that, if these friends will put their shoulder to the wheel and push, we will have a large Sunday School and good attendance at all of the preaching services.

While there will be no preaching service next Sunday afternoon, don't forget the Sunday School at 3:00 o'clock. It is important that you attend.
T. J. Tanner.

BOY SCOUTS

Inasmuch as I do not know that it will be possible for me to meet with you next Thursday night, as had been announced, there will be no scout meeting next Thursday evening, but be sure to be on hand the last Thursday night in this month, August 29th, at which time we will reorganize and enlist any new scouts.

Packers' Profits Are Regulated

The public should understand that the profits of the packers have been limited by the Food Administration since November 1, 1917. For this purpose, the business of Swift & Company is now divided into three classes:

Class 1 includes such products as beef, pork, mutton, oleomargarine and others that are essentially animal products. Profits are limited to 9 per cent of the capital employed in these departments, (including surplus and borrowed money), or not to exceed two and a half cents on each dollar of sales.

Class 2 includes the soap, glue, fertilizer, and other departments more or less associated with the meat business. Many of these departments are in competition with outside businesses whose profits are not limited. Profits in this class are restricted to 15 per cent of the capital employed.

Class 3 includes outside investments, such as those in stock yards, and the operation of packing plants in foreign countries. Profits in this class are not limited.

Total profits for all departments together in 1918 will probably be between three and four per cent on an increased volume of sales.

The restrictions absolutely guarantee a reasonable relation between live stock prices and wholesale meat prices, because the packer's profit cannot possibly average more than a fraction of a cent per pound of product.

Since the profits on meat (Class 1) are running only about 2 cents on each dollar of sales, we have to depend on the profits from soap, glue, fertilizer (Class 2, also limited) and other departments, (Class 3) to obtain reasonable earnings on capital.

Swift & Company is conducting its business so as to come within these limitations.

Swift & Company, U. S. A.

Reeves Kuykendall left Wednesday for Camp Hancock, Augusta, Georgia. Mr. Kuykendall will take a four months course in the Officers Training Department.

Mrs. Lem Lassiter has returned to her home in Deport, after a pleasant visit with her sister, Mrs. W. E. Webb, and brother, G. W. Brown, of Richland Springs.

HER OWN SISTER DIDN'T RECOGNIZE HER SHE DECLARES

MRS. J. D. MORRISON NOW WELL AND HAPPY AFTER AN ILLNESS OF THREE YEARS STANDING—PRAISES TANLAC

"I improved so much after taking this Tanlac that my own sister didn't know me at first, when I went to visit her," said Mrs. J. D. Morrison of 314 Twenty-fifth street, Ensley, Ala.

"I lost my health three years ago and had stomach trouble of the worst kind," she continued. "I also suffered dreadfully from billousness and constipation. I was feverish and restless most of the time and never knew what it was to get a good night's rest. I was almost a nervous wreck. I tried dieting and living on liquid foods until I was almost starved, but nothing did me any good.

"I started taking Tanlac and by the time I had finished my second bottle, my appetite had increased until I was able to eat just anything I wanted, I had gained thirty-three pounds in weight,—had gone up from sixty-six to ninety-nine in weight and was feeling better than in a long time. I am now doing all my house work and even some of the washing. I feel that I owe my life to Tanlac."

Tanlac is sold in San Saba by Keyser & Daniel, in Locker by J. F. Coffey, in Richland Springs, by D. J. Chapman, in Cherokee by Cherokee Drug Co., and in Chappel by C. P. January & Son.

YOUR FRIEND

T. C. HENRY

To The Voters Of San Saba County

Answering W. E. Yarbrough's personal references.

I was very hopeful of running the Second Primary without having personal references made of myself or having to make personal references of Mr. Yarbrough through the press.

As Mr. Yarbrough has written a long letter to the voters of this county through the press of last week and making personal references to me, and at the same time giving the voters of this county advise as to how to vote, or how to dispose of me in the second primary; and also advising me that Uncle Sam needed me more than San Saba County needed me, which forces me to make reply through the press.

I am ready to serve my Country when the call comes, and I am not dodging the call when my country needs me.

I am like all other men that have a family that loves them. I would like to stay with them as long as I can. I am not in draft age, was 36 years old the 15th of this month.

With reference to Mr. Yarbrough furnishing all his boys for the army; I understand that he has three boys living outside the county, they are all three traveling salesman for a coffee firm, they are good business men with young families and they are not in the U. S. services, he has one son at home that is not yet in the service. From reading his letter you might think all his boys were in the army. Mr. Yarbrough states that his age bars him from any service for Uncle Sam. I have recently noticed that there has been a call for volunteers from twenty one to sixty years of age, and am sure his age would not bar him in that service, I cannot see that his age is any more in his way than my age is in my way so far as serving Uncle Sam.

Yet he would have you think he is fair in his letter and expects to run me a fair race, all of the above references are unfair to me. Just as some reports that have been circulated in this campaign are unfair and untrue.

I wrote a short letter to the voters that came out through the press and did not make any personal references to Mr. Yarbrough. I only made statements as to my own merits, and the experiences that I have had in a business which every business needs.

I do not want the office for the shade, as he does, and as he would have you think I did, if a man makes you a good assessor he will have to make a house to house canvass every year, rain or shine, hot or cold if he does his duty and makes good as your servant. So if a man stays in the shade too much he cannot serve you as he should.

I am soliciting your vote strictly on my own merits and promise, if elected, to give you good services in return for your votes.

Respectfully,
Alex E. Moore.
