BULLETIN OF LOCAL SELECTION BOARD

1. Questionnaires of the 18 year old group of registrants of the Class of September, 1918, were mailed out on the 21st, 22d, and 23d instant. They will be due to be filled out, signed, and filed properly by the 27th, 29th, and 30th instant, respectively. By tomorrow 35 of such questionnaires, at least, should have been received from such registrants by this Board but in fact a larger number than that should have been received, inasmuch as heretofore most of the registrants have not taken the full seven days in which to file their questionnaires. However, only 17 of such questionnaires are in our hands at this date. This goes to indicate that many of the registrants in question believe that since the war is over it is not necessary for them to attend to their questionnaire or in filing their questionnaire to do so within the prescribed time. Therefore this Board desires to warn such registrants, if any there are, that all of the provisions of the Selective Service Regulations requiring registrants to fill out, sign and swear to properly their questionnaire and to return same to their local board within the prescribed time, and that all of the penalties prescribed by the Selective Service Act and the Regulations for failure to do so, are still in full force and effect. We shall ask the general public to call this fact to the attention of registrants who are in the way of becoming delinquents or who shall have become delinquents by failure to return their questionnaire. The attention of the public and of the latter class of registrants is directed to the notice to registrants that is printed near the top of the outside of the first page of the questionnaire.

CASUALTY LISTS

Casualty lists as a result of the fighting overseas have been running daily in this paper for the last six or eight months. Day by day they have been growing longer, and day by day they have included more and more men nearer and nearer our doors. Fighting now has ceased, but the story of the sacrifice of life has not yet half been told.

According to information given out by General March Saturday only about one-third of the lists are in. It may be explained that the war department all along has kept over a month behind in giving out the names of those killed or wounded, so the signing of the armistice found us with considerably less than half of our casualties reported.

But the names of the fallen heroes are being given out now as rapidly as the press can handle them. There are yet over 100,000 names to be reported. This means that the casualty lists must continue to be a daily feature in the newspapers for, perhaps two more months.—Temple Daily Telegram.

WHAT 90 ACRES WILL PRODUCE

The Star has always advocated putting the San Saba Valley under irrigation, in fact we have so earnestly advocated the project that we have been put down as a harmless "crank" on the subject. Theorizing on the subject by most of our people has been indulged in for 30 years, while several individuals have given a practical demonstration of the feasibility of the project. We have a case in view which we desire to give detailed publicity to, and the two crops mentioned were made in the midst of the worst drouth this County has ever experienced.

R. S. Crain in January 1917 moved to a 90 acre farm near the Beveridge bridge, which he had purchased. The farm was badly poisoned with Johnson grass, and he decided to kill the Johnson grass while cultivating a crop. Seventy acres were planted to cotton. This process proved difficult, but in the main produced good results. He had trouble in securing a stand, planting over as many as three times a greater part of the 70 acres, finished planting about the 18th of June, with a poor stand on most of the field and no stand at all on some parts. An early frost reduced the yield on all the late plantings, and with the difficulties Mr. Crain had to combat during the year, he gathered 46 bales of cotton at a clear profit of about \$5,000.00 and had raised enough feed stuffs to run the farm the next year.

In 1918 with the Johnson grass out of the way and a reasonable good start at farming this 90 acre farm produced 500 bushels of corn about 10 tons of Milo maize heads and 109 bales of cotton. After the corn was harvested 10 acres were planted in millet for a fall crop which yielded well. Estimating the cotton at 35 cts. per pound, and seed at \$65.00 per ton, he raised \$22,617.50 worth of fleecy staple; estimating the corn at \$2.00 per bushel he raised \$1000.00 worth; estimating the maize at \$40.00 per ton he raised \$400.00 worth and estimating the millet at \$25.00 per ton he raised \$250.00 worth, making a total of \$24,267.50 produced on a small 90 acre farm irrigated and intelligently cultivated. What has been demonstrated on this farm can be duplicated on every 90 acres of land adjacent to the river. All that is required to do it is energy and brains.

Come to San Saba and buy a farm.

We appreciate the big fat gobble sent us by one of our appreciative subscribers. Who is too modest to have his name published he is afraid the rest of the Star's subscribers will think he did not appreciate the paper well enough to pay the cash. We are just as proud of your turkeys, hens and sweet-potatoes as we are of the dollars. Come right along with the Christmas turkey. We will not say one word about it if you request us to be "mum."

PROCEEDINGS OF THE COUNTY SCHOOL TRUSTEES

On this the 18th, day of Nov. A. D. 1918, there was begun and holden in and for San Saba County, in the County Superintendents Office, in the town of San Saba, a called session of the County School Trustees of said County for the purpose of classifying the schools, defining boundary lines, making transfers etc., of the several Districts of said County.

There were present, T. C. Henry, President; J. H. Baker, J. B. Miller, J. H. Randolph, W. G. Kolb and W. N. Ellis, County Superintendent.

The Board was called to order by the President in due form when the following proceedings were had and recorded.

After hearing the verbal report of the County Superintendent relative to the condition of the several School Districts of the County, namely: amount of funds, condition of buildings, number of scholastics assigned to school, number of teachers in each school, grade of certificates of teachers, salaries paid teachers, length of term and the kind and quantity of equipment used in said schools, it is ordered by the Board that schools of San Saba County be classified as elementary schools, and elementary-high schools, doing one two and three years high school work. An elementary school being defined as a one-teacher school which may complete the 7th, grade; an elementary-high school with two or three teachers may do one year high school; an elementary high school with four or more teachers may do two and three years high school work. Upon this basis, the Public Schools of the County are hereby classified in detail as follows:

Name	No. Class'n	No. Teachers
Post Oak Grove	1 Elem-high	3
Bowser	2 Elem-high	3
Mt. Pleasant	3 Elem-high	4
McMillin	4 Elementary	1

Fair View	34 Elem-high	2
Chappel	35 Elem-high	2
Pebbley Point	36 Elementary	1
Hall	40 Elem-high	3
Plain View	41 Elementary	1

And it is further ordered that the Course of Study prescribed by the Department of Education for rural schools, be and the same is hereby adopted for the use in the rural schools of San Saba County and the County Superintendent is instructed to notify all teachers and school officers of the above named orders and see that the same are complied with as required by the law.

It appearing to the Board that there is no petition for the appointment of County Attendance Officer, it is ordered that the District School Trustees shall administer said law under supervision of the County Superintendent as the law provides.

On motion it is ordered that the County Superintendent be instructed to make the following transfers:

Basil Armour from China 9 to San Saba Independent District; Haywood and Winston

Edwards, from Simpson No. 18 to San Saba Independent; Yarbrough children from Fair View No. 34 to China No. 9.

It appearing that at a called meeting of this Board of date August 12th, 1918 there was passed an order changing certain boundary lines of certain common school districts in the County, and that said order is not recorded it is therefore ordered that said order be entered "Nunc pro Tunc."

"The Board considered the request of the Trustees of the North West District to change the line between Bowser and North West District as follows: Transfer T. Linch Sur. No. 320 and Fred Kneese Surs. Nos. 83 and 84 and that part of Bohans land just East of Fred Kneese Sur. No. 84 from Bowser Dist. No. 2 to Post Oak Grove Dist. No. 1 so that the field notes of the said Districts shall hereafter read as follows: Bowser Post Oak Grove

It appearing that at a meeting of this Board of date Nov. 5th, 1918 there was passed an order consolidating two school districts Cherokee and Gray and said order is not on record. It is therefore ordered that said order be entered "Nunc pro tunc." "On motion it was ordered that the County Superintendent be instructed to re-write the boundary lines of Common School District No. 22 so as to include all Common School District No. 39 both of said Districts hereafter to be known as Cherokee Common School District No. 22 with metes and as follows, to wit:....

The following orders passed at a meeting of the Board Sept. 3rd, 1918 are ordered entered "Nunc pro tunc., "The Board

made the County apportionment as follows: San Saba Ind. School District \$881.60, rural schools \$1400.41, County apportionment for the school year 1918-19 \$57, and the County Superintendent is instructed to prorate the County apportionment of \$.57 per scholastic and the State apportionment of \$7.50 per scholastic to the several Districts of the County as per the number of scholastics assigned to each District."

"As the law passed by the 35 the Legislature (Chap. 41 Sec. 1) makes it the duty of the County Board to pay the County Superintendent his salary the Board passed an order authorizing the County Depository to pay the County Superintendent in the following way and the following amounts:

"On the 1st of July 1918 \$22.10 and on the 1st of each month following, except the 1st of Sept. \$133.33 1-3 and to pay for the 1st Sept. each year \$133.33 1-3 when the certificate from the State Superintendent is presented stating that all reports requested by him have been made. These amounts to be paid from the unapportioned County School Funds."

It appearing that the Common School District boundary lines of some of the Districts are not clearly defined, it is ordered that the County Superintendent be instructed to investigate the same and ascertain the necessity and expense of more clearly defining the same and report to this Board at its next meeting.

For the purpose of getting in touch with educational conditions in the County, and of arousing stronger educational enthusiasm, it is the intention of this Board at some time

during the school year 1918-19 to, as far as possible, visit the several schools of the County in a body, the date, and details of purposes in view to be decided at some future meeting.

There being no further business the Board adjourned to meet at the next regular meeting. Signed, T. C. Henry, President, Attest: W. N. Ellis, Sec.

SCHOOL TAX DUE

The taxes for the San Saba Independent School District are now due and we are ready to give receipts for payments made. Inquire also about delinquent taxes for former years, and save cost of advertisement.

As Assessor of this District, the undersigned will be in his office over W. R. Harris' store for the next ten days for the purpose of completing the listing of property and taking renditions for 1918, and correcting mistakes, if any, for we find that several parties are paying taxes on the wrong lands and lots while their property is being placed on the "Unknown" and "Unrendered" lists.

John Seiders,
Assessor and Collector.

How Editors Get Rich

A man tells of a country editor who started out poor 20 years ago and has retired with the comfortable fortune of \$50,000. THE STOREKEEPER UP TO DATE

Gas masks are indispensable articles near the front. This Y. M. C. A. canteen manager has been forced to don his "muzzle," but he is still holding his position behind the counter. He was later wounded while on duty.

Y. M. C. A. men at the front not only see that the boys are furnished refreshments, but they often help in the care of the wounded. Several Red Triangle workers have been wounded by shell and gas, while a number have lost their lives in this service. The sign just over the "Y" man's shoulder reads: "Our Slogan—Best for the Man in the Mud."

WOMEN'S ARMY TO BUILD MORALE

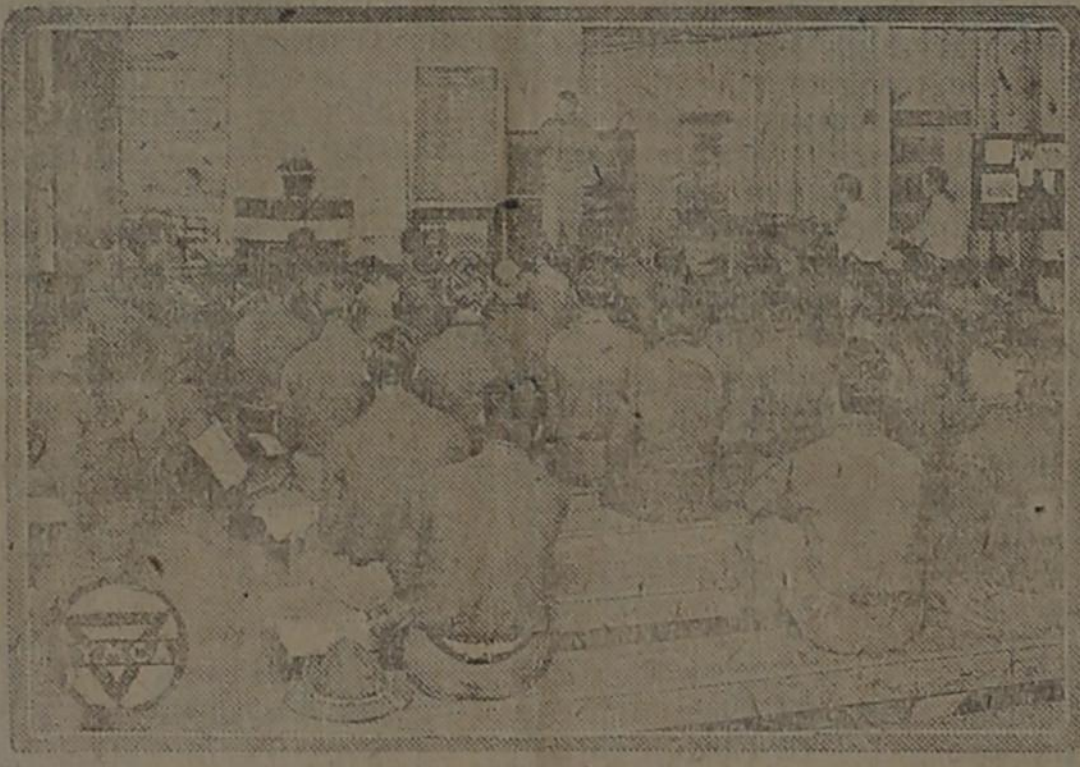

Happy Idea Meeting Hearty Response Among Patriotic Women.

A new "army" has been born. It is called the "Sunshine Division," and it is made up of women—mostly young women—who are eager to become a part of definite organized effort to help win the war. The soldiers will not bear arms and court death like their sisters among the Russians. Instead, their line of duty will have to do with service that will strengthen morale, and help win the war by promoting life among the American and allied soldiers, rather than death among the enemy—the final result, according to

military authorities, being equally as effective in its relation to victory.

The "women soldiers" of the Sunshine Division will enjoy a definiteness of war work which they have not had before unless they have become members of the leading war work agencies, such as the Red Cross. The plan, which had its inception with a group which composed the concert party headed by Miss Wilson, the president's daughter, which gave concerts in all the army camps, suggests a happy and suitable disposal of the available time and talent of patriotic young women not engaged in definite war activity. Interested persons are being referred to Maj. A. P. Oakes, at offices of the United War Work Activities, Dallas, Tex.

Sugar—Heads of households can only purchase one pound of sugar for each member of the household between the 1st and 15th of each month, and one pound for each member of the household between the 15th and last of each month. If you do not get ONE pound during these periods you cannot get it during the next period.

The strain on the United States Government to furnish our soldiers and our allies with food is becoming greater every day we must furnish ONE HALF more the coming year than we did the past, this surplus can only be supplied by the ECONOMY of every man, woman and child that loves this country and the cause in which we fight. We must not only save, but we must ECONOMIZE. Let everybody do their share. Let's be patriots. While we may not fight, yet we may serve, and thus be equally as useful.

FROM THE ALAMO CITY

It has been quite a while since I have sent in a communication. I am a long way from home and dear friends and I would be so homesick if it was not that I have found friends that are so kind and thoughtful of my comfort and welfare.

It seemed strange, when I first came and went on the government work, for everyone to greet me as grandma. But now it seems good to be so greeted, see benevolence beaming in their faces, a hearty greeting sparkling in their eyes. Our foreman is, I think, one of God's noblemen, Sargent Ryner, his kind consideration has been food and raiment for me.

Uncle Sam need have no fear but his interests are well guarded. There is Sargent Bushive another that none could but appreciate and admire, always on the alert to see Uncle Sam is honored with honest and efficient work, he moves about in his quiet but firm manner which demands respect. Then there is our nice appreciated forelady, ever ready to assist and instruct with equal rights to all and special privilege to none. A lady that dignifies her position is Miss Lenne Hughes. Miss Alma our bundle carrier, there is no one nicer or better than she, she is always kind and obliging I can heartily commend both to any position of trust. At our work-table all are kind and considerate. I have found friends that know and have known friends of long ago. It is good to meet them and speak of them.

It causes us to turn to memories and view the bright oasis of the past. It is good to form new friendships and ties, but I

am one who never forgets the old. In old San Saba has been my brightest and saddest hours. There I have friends by the score, tried and true. "Now let all my old friends laugh."

I am like all Lucinda's when they leave home. It seemed as if I would never learn the car stops—where to get on or off—get off at the wrong place, take the wrong car then, the hike would begin. I know the conductors have lots of funny experiences and may well laugh but who should blame them.

San Antonio is an ideal place to live in, if it was only home. As I find it impossible to write to dear friends individually I take this method of telling them where I am. I am well and my work is nice and light.

Jennettie F. Ledbetter.

THE PRICE WE PAID

The total casualties among the American Expeditionary forces, up to the signing of the armistice, numbered 236,117. This information was given out officially Saturday by General March-Our losses, the chief of staff announced, were divided as follows:

Killed or died of wounds 36,154
Died of disease.....14,811
Died from other causes 2,204
Wounded179,625
Prisoners2,163
Missing1,160

These figures, cold as they are, form an interesting part of what perhaps will be the most glorious chapter in our history. They record a priceless installment on the purchase value of peace and freedom. They represent many heartaches, many sacrifices, much suffering. They represent, also, a faithfulness to duty and a devotion to humanity that can be given expression only in the courage to do or die. In this alone one can find a fitting tribute to those who have fallen.

We knew when we entered this war that there could be no triumphant march over open fields of victory, and our losses have been far lighter than many expected. Our lads never gave ground from the day they took up positions facing the enemy, and the record they have made is one of which the world may justly be proud.

Few of their feats can be expressed in figures, but one comparison is too appealing to pass by. According to the information given out by General March only 2,163 of our boys were captured, while our men, in turn, captured over 44,000 German prisoners. We lost no big guns, yet the plucky Yanks gathered up over 1,400 cannons in the positions they wrested from the Huns.

This was America's answer to the once boastful kaiser's declaration that we could never fight. There is no question but that the work of our men overseas turned the tide of battle, and the names of those to whom all honor is due may be found from day to day in the casualty lists.

GENERAL PERSHING TO AMERICAN FARMERS

The U. S. Department of Agriculture has sent to T. O. Walton, Acting Director of Extension Service A. & M. College of Texas, the following message from General John J. Pershing to the American farmers, which should prove exceedingly gratifying to every Texan as a token of appreciation for their service and sacrifice during our great struggle against imperialism.

This message of appreciation from General Pershing to American farmers was received by Carl Vrooman, Assistant Secretary of Agriculture, who is now in France with a committee of American agricultural representatives:

American Expeditionary Forces, Office of the Commander in Chief, France.

October 16, 1918.

Honorable Carl Vrooman:

Will you please convey to farmers of America our profound appreciation of their patriotic services to the country and to the allied armies in the field? They have furnished their full quota of fighting men; they have bought largely of Liberty bonds; and they have increased their production of crops both last year and this by over a thousand million bushels above normal production. Food is of vital military necessity for us and our allies, and from the day of our entry into the war, America's armies of food producers have rendered invaluable service to the allied cause by supporting the soldiers at the front through their devoted and splendidly successful work in the fields and furrows at home.

Very sincerely,
John J. Pershing.

A Political Convert

Old Uncle George is a typical old-time Kentucky negro and a firm Republican, but things are happening too swiftly for him, and this is how he unburdened his soul to his "old master":

"You know, Marse Jeems, I've always been a Republican ever since I was born; but, believe me, from now on I've a Democrat and a Wilson man. I've for any man that's so smart that he can add an hour's daylight of the day and can take away all the railroads from their presidents and give them to his son-in-law. I sho' am going to be a Democrat."—Life.

We are well equipped to do your work and work only good mechanics.—G. A. Arhelger.

SOLDIER BOY'S LETTER

Post, Field, Fort Sill, Okla., Tuesday, a.m. 8:40 Nov. 12-18. Dear Papa and Mama:

How is everybody at home? I am well and sure feel good. Well I believe the war is sure enough over this time. We got a paper yesterday telling us that it was and two hours later we got another one affirming the first one with Wilson's name signed to it. Any way every one up here thinks it is over.

Well I am growing fonder of this place every day I am here, if I am here when I get a discharge, I may not want to come home ha-ha. I scratched uncle John Kirby a few lines yesterday, telling him of my good luck finding this place. You write tell Brady that I said for him not to worry for I have already stood at attention longer than he will have to serve in the army. I see where they have called off the November Draft Call, if that is so, "You right" look out for she has come to a close. Well I would like to go to France, but I don't see a chance to get much closer than I am right now. Well I sure feel sorry for the Boys that are in the D. B. at Travis but I guess they are like me, didn't know there was any other place. So I guess they are faring O. K. but I am telling you I would sure hate to go back to that place since I have lived here a few days this place sure feeds good just like going into a Restaurant and put in your order you can have most anything you want.

Well I guess I had better go for this time. So By-By. With a submarine in sight I am as ever your son

E. S. Gibson.

AT THE FOUNTAIN

WOMEN ENLIST IN BATTALION OF LIFE

Sunshine Division of Home Service Rivals Battalion of Death in Real War Work.

Russia's Battalion of Death made its women immortal by death-defying action at the front. America's Battalion of Life bids fair to merit immortality by its life and strength giving action in the home trenches, connecting directly with the men who go over the top.

A new kind of women's army has come into being. It is called the "Sunshine Division." It started under unusual circumstances. Margaret Woodrow Wilson, the president's daughter, known for her patriotic war service, her aide, Major Oakes, and a small group of friends, including Miss Marjorie Brown of Atlanta, Ga., daughter of one of the leading men of the south, and a relative of the president, were discussing women's part in the war and the importance of enlisting the effort, talent, and activity of every woman in the country. The need of organization and direction of that time and talent not already devoted to definite war work was recognized, and out of the discussion came plans for conserving the patriotic effort of every patriotic woman, and more especially the young women of the country. The "army" to be recruited was designated the "Sunshine Division." Its scope of service is limited only by the ability of the enlisted women to serve, and there is no woman ineligible for service except she who is already doing her utmost to help win the war. Particulars are available from Maj. A. P. Oakes, now stationed at United War Work headquarters, Dallas, Tex.

THIRTY-FIVE CENT COTTON DESIRED BY GOVERNMENT OF EIGHT COTTON STATES

Atlanta, Ga., Nov. 23—A proclamation signed by the governors of eight cotton states urging farmers, merchants, bankers and business men to organize and hold cotton for not less than 35 cents a pound, middling basis, was issued here tonight through J. J. Brown, president of the Cotton States official advisory marketing board. The proclamation, an endorsement of the recommendations made by the board here Nov. 7, termed such a price "equal to the cost of production plus a fair profit."

"The recent heavy break in cotton prices," the proclamation said, "is wholly unjustified by existing conditions and the great disturbance incident to the break in the market has temporarily paralyzed the agricultural and business interests of the south and entailed heavy losses to the cotton producer by reason of the price being below the cost of production."

Selling of cotton for 35 cents was advocated only "to meet pressing obligations," and borrowing on cotton rather than selling it was endorsed. Federal reserve banks were called upon to "be just as liberal as consistent with good business in rediscounting notes secured by cotton."

The necessity for the south producing more food for men and animals was stressed in another part of the proclamation which urged smaller cotton acreage next year and more planting of feed and foodstuffs.

The proclamation, signed by the governors of Texas, Georgia, South Carolina, Arkansas, North Carolina, Mississippi, Alabama and Florida, urged that county and school districts in each state be organized.

The advisory board added a statement saying the bears in the market "are trying to frighten" the southern cotton holders declaring that "federal fixing of cotton prices is dead," and concluding: "Hold your nerve—act as your sons did at the front in France—tell the pirates they shall not pass."

Our delivery service has been poor the last few days on account of mud and break-downs, help us to make it better by getting your morning order in early and making only one order daily.—W. R. HARRIS.

Greatly Benefitted By Chamberlain's Tablets.

"I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I was suffering a great deal from indigestion after eating and from headache and a tired, languid feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good," writes Mrs. M. P. Harwood, Auburn, N. Y.
