VOL. 17, NO. 41

COMMISSION IN MARINE CORPS OPEN TO COMPETENT REGISTRANT

APPLICANTS SHOULD APPLY AT ONCE. PERSONELLE OF STUDENTS ARMY TRAINING CORPS WHO HAVE BEEN INDUCTED INTO SERVICE.

1. Since the issuance of the latest bulletin the following registrants, all of the Class of September, 1918, have been individually inducted into the students' Army Training Corps: Turner Richard Johnston, San Saba, University of Texas; William Morton Moore, San Saba, A. & M. College; Denver Howard Skelton and Benjamin Oliver Timberlake, San Saba, Howard Payne College, Brownwood; and Nelson Webster Gay, Cherokee, Southern Methodist University, Dallas. As stated in last week's bulletin, the 15th instant will be the last day that individual induction orders relative to students may be issued.

2. Call No. A.—1427 for white, men, who registered before September 12, 1918, has been received, draftees under such call to be sent to Camp Mabry, Texas, where they will receive special instruction and training in auto mechanics. The quota for this county is one man. The voluntary period under such call closes on the 12th instant. Any registrant of this jurisdiction who is a white man qualified for general military service and who had at least four years grammar school education and who has some aptitude for mechanical work and some experience in auto mechanics and who registered before the 12th ultimo and who desires to be inducted under the call in question should file his application at once. A registrant in a deferred class must file with his application a waiver of all claims for deferred classification. Class of the kind in point have been issued frequently during the past year and they afford exceptional opportunities for qualified men. There are always more men offering themselves for induction under such calls than are needed and when any given Board cannot fill its quota, the deficiency is promptly absorbed by other Boards. The public is requested to give all publicity possible to such calls as they are bulletinized by us, in order that all deserving registrants meeting the qualifications may be given the opportunity to apply for induction.

3. Any white registrant of the Class of September, 1918, who is qualified to enter the State University as a sophomore, junior, or senior, and who can pass the physical examination for general military service, and who should like to take training for a commission in the Marine Corps, is hereby directed to confer with this Board without delay.

You Musn't Import Boose for "Social" Purposes

Because a couple of quarts of liquor he had in his possession were not for scientific, sacramental or medicinal purposes, but rather for "social" use, a Fort Worth man was charged in the United States Commissioners Court Thursday afternoon with violation of the law. Government Agents Taking Census of Available Labor.

Mr. A. S. Harris, representing the U. S. Employment Service in the capacity of traveling examiner, began Tuesday a canvass for the purpose of making a correct census in Brownwood of the available supply of labor for war work. Mr. Harris is acting under the instructions of the Community Labor Board the Chief Examiner of the U. S. Employment Service. This census will be taken also in Bangs, Blanket, Zephyr, May and other points in the county.

The canvass as explained by Capt. Dickson, is not for the purpose of enrolling any one but is in compliance with an order from Federal Director Lewis to ascertain the available supply of labor to be had, so as to be ready to furnish such quotas as are needed when the regular call is made.

A full report of this canvass will be made to the Federal Director for Texas by his guidance of allotment of quotas. The government is badly in need of men for war work and is compelled to resort to this canvass to obtain them. Men will be taken from non-essential occupations where women can be substituted for men.—Brownwood Bulletin.

Baby Rescued from Bottom of Well.

Wichita Falls, Sept. 28—After spending ten hours in an unfinished water well twenty-five feet deep, into which it had stumbled feet first while playing about the yard, the 18-months-old son of Mr. and Mrs. George Keys of Burkburnett was rescued by men who dug another hole several feet away from the well and then tunneled to the spot where the baby was wedged. The baby was none the worse for the enforced confinement as air had been pumped into the hole to prevent its suffocation.

SAN SABA COUNTY IS RAIN SOAKED ONCE MORE

THE BEST RAIN WITHIN THE KNOWLEDGE OF THE YOUNGEST INHABITANT, COMMENCED FALLING THIS MORNING ABOUT 6:00 O'CLOCK.

The weather prognosticator who said it would never again rain on old San Saba County, got real soaking wet today if he lacked the gumption to get in out of the wet. All signs of rain had failed for about three years, but last evening about nightfall a cloud hung in the northwest with an occasional flash of lightning. It took the rain cloud all night to get to us, but this morning about 6:00 o'clock a slow rain commenced, at times it was a down-pour, and has continued continuously up to the time of going to press. It is the best rain we have had for three years, it has fallen slow and the drouth parched earth has absorbed it as fast as it fell. Old San Saba County is still on the map and with bumper crops of all kinds next year it will not be long until we shall have forgotten that we ever had a drouth.

LETTERS from our boys in the trenches and from the women in canteen and other war work, all bring to us the same message—SEND US NEWS FROM HOME.

World news is all right, but OUR BOYS want NEWS OF THIS TOWN. They want the home newspaper. Publishers are prevented from sending their papers free to anyone, even boys in the service. Consequently a national movement has been started by Col. William Boyce Thompson of New York, who is acting as President of the Home Paper Service of America to give the boys what they are calling for. Every community is joining the movement. Let us see that our boys are not forgotten.

Send to the publisher of this newspaper whatever amount of money you can—5 cents or \$50.00. We will publish a list each week of those contributing, and the amounts contributed.

Every cent received will be used to send this paper to our boys at the front. If at the end of the war, there is any surplus, it will be turned over to the local Red Cross Committee.

There is no profit in this to the publisher—even in normal times, subscriptions are not sold at a profit. With war prices prevailing, and the high rate of postage on papers sent to France, our cost will scarcely be covered by our full subscription price.

Remember that over in France, some brave soldier or sailor from this town—perhaps even some splendid woman working within sound of the guns—is depending on you to "KEEP THE HOME LOVE KINDLED."

They are calling to YOU from "Over There" GIVE WHAT YOU CAN

What is a high price?

YOUR dollar means one hundred cents in money; the government guarantees that. If you buy clothes you may get one hundred cents in value for each dollar in the price, and you may not. You are willing to pay for value if you're sure of it. That's why, if you need clothes, you should come to us for

clothes that save

They offer the true economy of assured quality. We guarantee that—the makers guarantee your satisfaction. You will find here men's clothing of long wearing fabrics; lasting style keeping, service giving clothes. Prices a little higher than formerly, like all prices these days, but low enough to give you values that mean savings and true economy. Hart Schaffner & Marx clothes are all-wool.

SECRETARY HOUSTON DID NOT SAY 25 CENTS FOR COTTON

The following letter has been received by County Agent Elrod from his Chief in the United States Department of Agriculture. The letter is self explanatory.

Washington, D. C. Sept 27, 1918

A statement concerning cotton price fixing appeared in a Washington paper on Saturday to the effect that it was understood that Secretary Houston had expressed the opinion that 25 cents would be a fair price for this year's cotton. This statement, and any other statement that may have been made purporting to represent the views of Secretary Houston as to the price of cotton, if any is to be fixed, is utterly without foundation. The Secretary has expressed no opinion as to the price for cotton.

Please do everything in your power to give circulation to the correct statement above. It is inconceivable that any one would publish such a false statement except with the deliberate intention of injuring the Department.

Yours very truly,
Bradford Knapp,
Chief Officer of Extension Work in the South, U. S. Dept. Agriculture.

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness, regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well." For sale by—The Corner Drug Store.

NOTICE TO TEACHERS AND ALL SCHOOL OFFICIALS

Summary of Flag Law, Effective March 30th 1918.

Teachers Daily Programs shall contain at least 10 minutes to the teaching of lessons in intelligent patriotism including the needs of the State and Federal Government, the duty of the citizen to the state and the obligation of the State to the Citizen.

The Boards of Trustees of Common and Independent School Districts shall provide a suitable United States Flag for their several Districts, said flag to be paid for out of the funds of the District.

The State Superintendent shall give to the County Superintendents and Superintendents of Independent Districts the necessary instructions as to the enforcement of the law and it is the duty of said Superintendents to see that provision of the law are enforced, and no Superintendent as above mentioned shall approve vouchers in the payment of any account until the provisions of this law have been complied with in every particular.

Any official or employee failing to comply with the requirements of this law shall be deemed guilty of a misdemeanor and shall be fined in the sum of not more than 500.00 or removal from office or both.

The above summary of the "Flag Law" will be sufficient for patriotic and resourceful teachers and school officials. Later this office will publish suggestive programs for the use of teachers.

We now have in the Office a number of flags which can be had at price ranging from \$3:60 to \$6.10 each. Don't delay in complying with the requirements of this law. Begin today.

Sincerely Yours,
W. N. Ellis, County Supt.

HOW MEN WHO ARE NOT QUALIFIED FOR MILITARY SERVICE AND WOMEN CAN HELP WIN THE WAR

All men in Class 1, from eighteen to forty-five will be called rapidly as a result of the Man Power Bill. Thousands of young boys between the ages of sixteen and eighteen, who will not be accepted for military service, can patriotically take their places in business offices by taking advantage of the thorough and practical training in America's largest Commercial College. This call for men who are not qualified for military service and women, to help win the war by filling in gaps of business, are very urgent. If you cannot go to the front, you can fight behind the lines. You are needed in thousands of positions all over the country. Those who are properly trained, naturally receive consideration for the best positions. Those who are not properly trained get what is left. If you want to do yourself justice, and, at the same time, contribute your ability and service to the winning of the war, arrange to enter our school at once and let us prepare you for the position that is worthy of your time and effort. The demands of the war have taken thousands of men from business offices, so that graduates of our school have unusual chances to enter into positions of responsibility in the shortest possible time. With such opportunity confronting you, how can you put off entering and lose the advantage of being a well trained business man or business woman? We train our graduates to enter business with favorable conditions and send them to desirable places. In every business, there is "some one" who knows, and "some one" who has made a study of the job ahead of every department. Our graduates are the "some ones," because they have been trained in a practical and not in a theoretical way. They have been given an opportunity in school to show what they can do. Let us train you for this service and place the prestige of our school behind you when you get into the field of business. Fill in and mail for free catalogue.

Owing to the rapid spread of Spanish Influenza in our midst, I have this day ordered all Schools, Churches Moving Picture Shows and all public gatherings within the City of San Saba closed until further notice. This is within accordance with the State law and I trust everyone will appreciate the necessity of such measures and co-operate in every way with the Health Board in its efforts to protect the public at this time.

E. C. Beaumont, M. D.
City Health Officer.

Above order approved by the City Council of the City of San Saba, this 9th day of October 1918.

The State of Texas,
To the Sheriff or any Constable of San Saba county, Greeting:

You are hereby commanded to summon W. W. Coffee, Wm. Hedges, G. M. Thompson and Carl R. Peugh, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county to appear at the next regular term of the District Court of San Saba County, to be holden at the court house thereof, in San Saba, on the Second Monday in November A. D. 1918 the same being the 11th day of November A. D. 1918, then and there to answer a petition filed in said Court on the 8th day of October A. D. 1918 in a suit, numbered on the docket of said Court No. 2199 wherein W. E. King and R. M. Ward are plaintiffs and W. W. Coffee, Wm. Hedges, G. M. Thompson M. A. Goff and Carl R. Peugh, are defendants and said petition alleging suit on two promissory notes, dated Feb. 1st 1916, executed by W. W. Coffee, payable to the order of W. E. King. First note for \$1,575 due five years after date, drawing ten percent interest per annum and all past due interest to bear interest at the rate of ten per cent. Second, note for \$775.00, same date, same interest, due on or before two years after date, both notes given for purchase money for 280 acres of land, parts of surveys Nos. 418 and 421, originally granted to Johann Kempenick, situated in San Saba county, and described by field notes in deed from W. E. King to W. W. Coffee of same date with said notes, and recorded in Deed Records of San Saba County; In said deed and notes it is expressly provided that Vendor's Lien is retained to secure their payment, and that the note for \$1575.00, shall have a first and superior lien to the note for \$775.00, which is secured by a second lien.

The said note for \$1575.00, was transferred by W. E. King to R. M. Ward on Feby. 7th, 1916, together with the vendor's Lien securing same.

The said tract of land was conveyed by defendant W. W. Coffee to Wm. Hedges and G. M. Thompson, in Dec. 1916, who assumed payment of the aforesaid notes; Said Wm. Hedges and G. M. Thompson, conveying to M. A. Goff, on March 19th, 1918, by warranty deed; That M. A. Goff, conveyed to Carl R. Peugh, the same land on May 25th, 1918, by special Warranty Deed.

That nothing has ever been paid on the \$775.00 note, and only one years interest on the \$1575.00, note; That one years interest is past due on the latter note, which defendants though requested have failed and refused to pay, and plaintiff Ward has elected to declare the whole note due, and the \$775.00, note being past due, the owners have employed Rector and Rector to bring this suit and agree to pay them ten per cent attorneys fee stipulated for in said notes.

They bring this suit against the defendants W. W. Coffee, Wm. Hedges, and G. M. Thompson for their debt, principal, interest and attorneys fees, and against all the defendants for foreclosure of their lien and for costs.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under my Hand and the Seal of said Court, at office in San Saba this, the 8th, day of October A. D. 1918.
John H. Moore, Clerk, District Court, San Saba County.

On Sept. 1st

My books will close for the year and my accounts will be due. Please donot disappoint me by not meeting your account promptly at that time.

It has been with very strenous efforts that I have carried your accounts this year. The Wholesalers are now requiring cash for the goods wt sell you so to keep in business we must have cash or keep the goods. The Food Administration also urges that we sell for cash and curtail every expense thereby reducing the cost of living and save for the war that we must win above everything else eliminate as far as possible more than one delivery to each home daily, that will save time and expense. You will need credit more later on than you do now, so pay cash while there is cash. You expect CASH for what you sell.

Warning by U. S. Employment Service.

All persons are warned that the exigencies of the common defense of this country require that the undoubted rights of the federal government be carefully guarded and vigorously defended, and that any infringement of such rights, by the interference of the recruiting of laborers for war work, will be promptly reported, and the Department of Justice will be asked to proceed against the parties in trespass. The time has come that no "bickerings" can be allowed; when everybody, regardless of the inconveniences, must help.
