Bankers Declare These Very Best Securities That Money Can Buy

Hundreds of banks over the Eleventh Federal District have already invested in the new \$1,000 Registered Treasury Savings Certificates and more orders for them are being received every day by the Federal Reserve Bank at Dallas. Bankers are practically unanimous in declaring these new \$1,000 and \$100 Registered Treasury Savings Certificates the best securities the Government has ever offered.

Individuals, corporations, cities, counties and school districts are also buying these Registered Certificates in large numbers. The State of Texas was one of the first purchasers, State Treasurer John W. Baker getting \$500 worth for each of two State funds. The law does not permit more than \$1,000 (worth, maturity value), to be held in any one name, but each member of a family or firm, each director in a bank or corporation may hold that amount.

The \$100 Certificates may be purchased at all post and second class postoffices and from all banks and trust companies, while the \$1,000 Certificates are obtainable from banks and trust companies only. Each Certificate is registered in the buyer's name when issued and the buyer's name is also inscribed on the face of the Certificate.

Yielding interest at 4 per cent, compounded every 90 days, and maturing January 1, 1924, these Registered Treasury Savings Certificates form an ideal investment. They are exempt from taxation, insured by the Government against loss and may be cashed on ten days' notice. War Savings Stamps of the 1919 issue may be converted into these Certificates if desired.

The cost price for the \$100 Registered Certificates is as follows: August \$93.99; September \$94.00; October \$94.00; November \$94.00; December \$94.00.

The cost of the \$1,000 Registered Certificate is only \$928 for August; September \$929; October \$929; November \$929; December \$929.

The Government will pay the full face value of these Registered Treasury Savings Certificates on January 1, 1924, or the amount invested with accrued interest if the holder wants to cash them before that date.

Be wise, invest in the new Registered Treasury Savings Certificates.

Take Active Part In Fight Against High Living Cost.

Fight the high cost of living by avoiding waste, buying carefully, saving what you can and investing this saving in Registered Treasury Savings Certificates or War Savings Stamps. Work and save! This is doubly wise at this time as not only is the money being saved and put to work making interest, but dollars with low purchasing power now are being invested with a certainty that they will buy more later on.

The dollar today will buy less in groceries, clothing and other necessities than at any time since the Civil War. There is every indication, however, that prices will be more normal in a few years. The dollars invested in these new Registered Treasury Savings Certificates which have just been issued by the U. S. Government, or War Savings Stamps will not only buy more five years from now, but will bring the interest earned with them when returned to their owners.

Save all you can and put the dollars you save to work for you. You will find you are making good progress this way in giving old "H. C. L." his death blow.

Texhoma Fair

Texhoma is making arrangements to hold a big two days' fair on September 18 and 19. An attractive premium list has been arranged and the promoters are making every effort to make the affair a success.

40 Bushel Wheat

Bill Marney, who is farming on the Ben Holt place, about 12 miles south of town, raised a field of wheat which threshed 40 bushels per acre. This is the best wheat we have heard of so far but the 30 bushel per acre fields are quite numerous.

Carl Kirkpatrick, who has been a guest of P. A. Lyon in Hansford the past several weeks, received a telegram from his home in Denton, Texas, stating that his father, Mr. Kirkpatrick, had died in Amarillo, Texas.

Meeting of Chamber of Commerce

An enthusiastic meeting of the Hansford County Chamber of Commerce was held at the court house in Hansford on Saturday afternoon, August 30. The attendance was good and will be much better when the threshing season is over and farmers have time to attend the meetings. The president, Mr. Thayer, spoke of the plans of the organization in a very pleasing manner, after which the business of the day was taken up. The committee on constitution and by-laws, Messrs. Barkley, McClellan, and Grooms, appointed by the president at a former meeting, announced that they were ready to report. The constitution and by-laws as prepared by these gentlemen was read and accepted, with a few minor changes. The following named gentlemen were elected as officers of the permanent organization:

President, E. J. Thayer.
Vice president, A. F. Barkley.
Treasurer, P. M. Maize.
Secretary, P. A. Lyon.

Board of directors: R. L. McClellan, A. F. Barkley and J. R. Collard. The constitution provides that the president shall preside at all meetings of the board of directors and that the secretary and treasurer shall be ex-officio members of same.

The following committees were appointed by the president:

Membership—Oran Kelly, Lyman J. Hillhouse, Fred W. Brandt, G. R. Gear.
Mail service—A. F. Barkley, J. R. Collard, H. P. Bailey.
Roads—Geo. R. Roland, W. W. Groom, Fred W. Brandt.
Publicity—Oran Kelly, A. E. Townsend, John L. Hays.
Railway and telephone—P. M. Maize, D. E. Dillow, G. R. Gear.
Cattle—A. Richardson, Sid Luckey, W. W. Wilmeth.
Farm—H. L. Wilbanks, H. R. Waldrop, R. L. McClellan.
Spearman—P. M. Maize, S. B. Hale, H. L. Wilbanks, Fred W. Brandt, A. R. Townsend, J. R. Collard, Lyman J. Hillhouse.

The meeting held last Saturday afternoon was very encouraging to the members and boosting this organization. They feel that the citizens of Hansford county are interested and will take a part in the work. Much good can and will be accomplished if everyone will do his part and surely we will have no slackers in this good cause. Every citizen of the county who wants to help make his community a better place in which to live should line up with this live bunch. You will gain nothing by staying out and knocking. Your help is needed in a good cause. Let's go.

\$150,000,000 Mortgage

The largest mortgage in more than one way ever filed in Seward county was that by the Empire Oil and Gas Co. et al., to the Equitable Trust Co. of New York, trustees, in the sum of \$150,000,000. The document is too voluminous for any ordinary man to peruse and understand off hand. It contains 138 printed pages, 7x10, and is a regular book in itself. The recording fees will be approximately \$80. The instrument effects oil matters in 50 counties in Kansas and a large number in Oklahoma and Texas. Just what it means in detail the News leaves to the citizens of the county who are at liberty to investigate and read the entire document, as recorded by the register of deeds, Miss Carpenter. Suffice it to say this will be the largest mortgage recorded in Seward county for a long time to come, unless some fellow wants to buy a small ranch proposition and hasn't the coin to float the deal entirely.—Liberal News.

This same mortgage was recorded in Hansford last week by Clerk McClellan and we understand is to be recorded in almost every county in the Panhandle of Texas. It is some mortgage.

Revival Meetings

The protracted meeting will begin at the Methodist church in Hansford on Wednesday night, September 10. Rev. Sanford will go to Amarillo Monday, where he will meet Rev. J. G. Thomas, who is coming to assist with the preaching. A good meeting is expected by the church people and everyone is cordially invited to attend and assist with the good work. An effort is being made to secure the services of Sam Mallett, of Ochiltree, to assist with the singing. Begin now making preparations to attend the meeting.

And now will you please donate the proceeds from the sale of about three bushels of wheat, or so much thereof as is necessary, toward paying your subscription to the Headlight.

RAILWAY LABOR MOVE ASSAILED

New York World, Strong Wilson Supporter, Denounces "Revolution by Ultimatum."

PARALLEL TO RUSSIAN IDEA.

Calls Railroad Brotherhoods' Plan for Government Ownership "Soviet Economics Venture."

New York.—The New York World, in a leading editorial, characterizes the railroad labor plan for Government ownership of railroads as "a straight-out adventure into Soviet economics."

The editorial page of the World has long had a national reputation for unflinching support of Democratic principles, hostility to Wall street, and the most loyal and vigorous assistance to President Wilson. The World says:

"Revolution by Ultimatum."

The plan of the railroad brotherhoods for taking over the railroad properties of the country is a straight-out adventure into Soviet economics. It contemplates collective ownership, but class operation and control, which is at the foundation of the Soviet system.

The American people, through their Government, are to buy the railroads from the private owners and turn these properties over to the railroad employees to manage and operate. In consideration of an investment of approximately \$20,000,000,000 the Government is to appoint one-third of the directors, and the public is to share in such savings in the cost of operation as may remain after the employees have paid themselves what they think their services ought to be worth.

The spirit in which the program is put forth may be inferred from a statement made by E. M. Jewell, acting president of the railroad employees' department of the American Federation of Labor, in which he said that if President Wilson's suggestion to Congress was carried out "we will tie up the railroads so tight that they will never run again if that legislation is passed." It might have been Trotzky himself speaking to a bourgeoisie that had offered mild and academic objections to being despoiled.

Who is the Government?

Before any railroad plan can be worked out one highly essential fact must be established—namely, whether the sovereign power of the United States is vested in Government and in the American people or whether it is vested in the railroad brotherhoods.

For three years now the brotherhoods have assumed that the sovereign power was vested in them, and Congress has provided them with excellent reasons for that assumption. When the railroad employees in the critical period of the summer of 1916 demanded an eight-hour day and threatened a general strike, President Wilson sent a message to Congress in which he urged that the eight-hour day be made the basis of work and wages, but he made four other proposals, one of which called for—

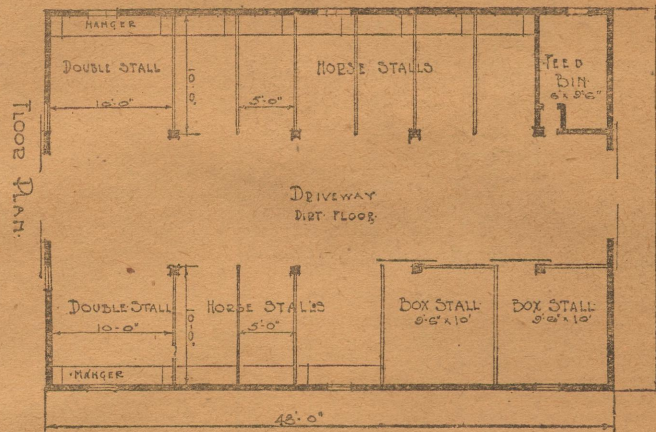

"An amendment to the existing Federal statute which provides for the mediation, conciliation and arbitration of such controversies as the present by adding to it a provision that in case the methods of accommodation now provided should fail, a full public investigation of the merits of every such dispute should be instituted and completed before a strike or lockout may be lawfully attempted."

Try to Intimidate Congress.

Congress refused to enact this legislation because the labor leaders objected to it, and now we have a situation in which a labor leader can threaten to "tie up the railroads so tight that they will never run again" if Congress presumes to pass an act to which the

"GOD SAVE CHINA FROM FRIENDS"

Senator McCumber Protests in Senate Against Shantung Amendment to Treaty

AGAINST INTEREST OF CHINA

Republican Senator Asks that Opponents of the Peace Treaty in the Senate are Trying to Kill It

Washington, Aug. 26.—Senator McCumber, for twenty years republican senator from North Dakota, in a speech in the senate today, charged that the majority of the foreign relations committee is trying to kill the peace treaty and the League of Nations.

Senator McCumber spoke after his second breach with the opponents of the treaty on the senate committee on foreign relations. In the present breach Senator McCumber voted alone with the supporters of the treaty and against the majority of the committee which voted to strike out "Japan" and insert "China" in the three sections awarding the Shantung peninsula.

"Why did the majority of this committee pause in the midst of their hearings to make this particular amendment?" asked Senator McCumber. "The purpose is apparent. It is to signify to the country that the senate is hostile to this treaty, it is to put Japan in a position where she cannot without an appearance of being coerced do what she has promised to do. It is to create trouble between this country and Japan and thereby send the first dagger thrust into the body of this treaty."

"I am satisfied that no greater blow could ever be struck against the real interests of China than by such an amendment."

"Is it an act of true friendship toward China or a mere political move to defeat the treaty? If its sponsors now fail to come forward and openly pledge that this treaty is driven out of this treaty then the United States will proceed single-handed and alone to drive Japan out of China—will renew this world-war and send our soldiers into the Orient to fight for her, then by this act they are betraying China with a false kiss."

"If on the other hand, they declare they will make war to drive Japan out of China, to prevent Japan receiving only those rights which the other great nations of the world have received, then they are proclaiming a policy which they have assailed as being the most wicked part of the League of Nations—a policy of interference with the narveqs of the old world. Worse than that, while they violently condemn a joint agreement with the other great white nations of the world to shield the greater white races from annihilation they would send our sons to death to defend the inferior yellow races, whom we claim to be so inferior as to be unfit to associate with us."

"Either we will bring both Japan and China into this League of Nations, which by the very terms of its provisions will compel Japan to return to China all the German rights acquired by Japan, not only by conquest but by the solemn agreement made by her with China herself, or you will drive Japan out of this treaty wherein she will not be bound by the obligations which she should assume by joining the league, and where she will be holding the German territory and all the German interests by the right of conquest and with the broken word of China, she can work her way to the very limit of subjugation of all the Chinese territory not now within the sphere or influence of other powers."

"With this League of Nations China obtains an assurance which is tantamount to a guaranty by all the world that not only will Japan return to China what Germany wrested from her in 1898, but henceforth and so long as this league shall last no other nation shall rob China of one inch of her territory or exercise any control over her people insistent with the claims of complete independence and sovereignty."

Senator McCumber then recited the history of the several treaties under which Japan took over the German rights in Shantung, promising to restore them to China. He then said: "By this amendment you declare that Japan cannot be trusted to keep sacred her word, given not only to China alone but also given to the United States and every other important nation by reiterated declarations."

"There is but one honorable, upright and proper course to be followed by the great nations of the world, including China, and that is to keep her treaty obligations sacred and to give her the opportunity to keep her word."

amendment which abrogates to ourselves the right to annul a treaty between China and Japan and sets at naught a treaty made during the stress of battle between our cobelligerents and Japan before we entered into this world league and as sure as the sun shall rise tomorrow Japan will keep her pledged faith, China will receive complete present justice and assured future protection.

"On the other hand force this breach of contract by China; drive Japan out of this league by insulting her honor; relieve her from her treaty by first breaking it yourselves and thereby installing her in her impregnable position of right of conquest and China is doomed. The other European nations cannot help her because they are tied by their own treaties, and you will not make war on Japan to help China after she has broken her treaty."

"If these be friends of China, then God save China from her friends."

Henry Crone of the north flats drove into town Wednesday in a fine new car. Hansford county farmers are beginning to reap the benefits of the record breaking wheat crop, and new automobiles are showing up thick and fast.

John and Dick Dreessen came from Amarillo Wednesday to look at a business matter and visit with old friends here. Dick returned to Amarillo the same day, taking his mother, and John will follow in a few days, from whence he will go with his mother to Iowa where she will spend the winter with a daughter, while he takes a post graduate course in ophthalmology at Chicago.
