Rockwall County Deputy Kevin Rowan rescues two from car in lake

y J a Edwards

Rewall County deputy Kevin Rowan was in the right place at the ht te when saved the lives of two young women in a Jan. 28 incident Roll tson Park. The driver became disoriented in roadways through the park at night and drove off a boat ramp into Lake Ray Hubbard. The owere trying to find the entrance ramp to head back to Garland entry drove down the ramp at the dead end of Dalrock Road shortly

Keven Rowan was making routine rounds through Robertson en he thought he saw taillights in the water. The timing of both ances was remarkable, according to Rockwall Sheriff's Department

spokesman Lt. David Davis.

"Basically our patrol of Robertson Park is during evening, nighttime and early morning hours... just a drive-through to make sure it's all OK," said Davis.

Because the City of Dallas has jurisdiction over Lake Ray Hubbard, he said, the majority of patrol and enforcement is mostly handled by Dallas officers, as well as the game warden. As an extra precaution and courtesy, Rockwall County deputies occasionally pass through the park at night.

The deputy seemed to have driven through the park only moments after the car plunged into the water.

Davis verified the deputy saw the taillights because he knew from

experience it was unusual that they would still be working in a car even partially submerged in the water. The vehicle's electrical system is usually shorted out when immersed, he said, and any car will sink extremely fast.

Rowan's dashcam shows a time lapse of approximately two minutes between the time he begins calling out to the driver, then wades into the water to break the rear passenger window to extract the two occupants. As he helps the two women walk back up the boat ramp, the car can be seen slipping completely under the surface of the water.

Davis said the Rockwall Sheriff's Department will continue to patrol the lake at night, but that the task of pursuing or placing additional signage or warning lights would fall on the Dallas jurisdiction.

ictured are the 2012 Regalia King and Queen nominees from the Rockwall-Heath High School Winter Ball. From the left: Brittany anan, Jeff Bookhout, Shelby Buchanan, Alan Wilcoxson, Paige Lorey, Blake Brown, Jamie Wagoner and Sean Wallis. Lorey was named a, while Wilcoxson was voted King. The event was a collaboration between the Family, Career and Community Leaders of America and tudent Council.

Helping Hands honors nine for volunteer efforts

Rockwall County Helping Hands recognized nine individuals Jan. 23 for their contributions as volunteers for the nonprofit critical assistance agency.

The Director's Award was given to former board chairman Bennie Daniels for his years of service. Presented by Margo Nielsen, executive director of Helping Hands, the award was bestowed on Daniels for his continued support to the agency. In 2011, Daniels and John Adams coordinated the annual Helping Hands Golf Tournament.

Adams received the Chairman's Award from Daniels for his efforts in making the tournament a success.

The Dr. David Lensch Award, named for the agency's volunteer physician and Health Center medical director, was presented to Dr. Michael Laun in recognition of his stewardship and support of the Health Center. Laun joined other local dentists in donating more than \$34,000 worth of dental services in 2011 to residents in critical need, according to a Helping Hands news release.

"Some are having a hard time, some made wrong decisions, some could be any one of us," he said. "They need a helping hand from us. They are all so grateful. I just hope they will pass it on and help others."

Former board member and treasurer Al Wall, former board chairman Greg Tudor and Daniels received the Ethel Moss Award for their service and commitment to the mission and goals of the agency.

Selected for the agency's Starfish Award for outstanding volunteer service were Kathleen Nevels, Assistance and Referral, for her work in a variety of areas – from addressing envelopes and stocking shelves to special events such as the Christmas toy distribution; Sally Pines, Assistance and Referral, for her work in the Food Pantry; Winnie Mankin, Thrift Store, who has been a five-year volunteer; and Kim Lundy, Health Center, who handled the ImmTrac system for child immunizations.

"Our volunteer force is so critical to the success of Helping Hands," said Nielsen. "We served more than 10,000 people in 2011 – and we couldn't have done that without the individuals, schools, churches and businesses and civic groups that so generously give of their time and talents."

The awards were presented at the annual Helping Hands Board of Directors meeting.

Rockwall residents urged to continue water conservation

Recent rains delay Stage 4 restrictions, but only until summer

This past year was the driest 12-month period in Texas history. Although recent rains and cooler temperatures have offered some temporary relief, water supplies have been down and have not yet been replenished and drought conditions are predicted to continue through mid-summer.

These projections make it critical that the region prepare for water shortages, according to a City of Rockwall news release. Recently, the water district serving the municipality projected that the City of Rockwall and surrounding cities may move into Stage 4 of the District's Drought Contingency and Water Emergency Response Plan as soon as April of this year, Through stepped-up conservation efforts by the city, residents and businesses and what little rain the area has received, the North Texas Municipal Water District no longer is recommending implementing Stage 4 in April. The latest projections now indicate the implementation of Stage 4 restrictions may not be necessary until June.

NTMWD officials will keep a close eye on lake levels, the precipitation received and future forecasts to determine if or when the city will be asked to enter Stage 4, according to the news release

The city implemented Stage 3 of the Drought Contingency Plan on Nov. 1,

Even though Stage 3 of the plan has been extended, city officials stated they cannot encourage new landscaping; instead, they are encouraging continued water conservation efforts. The following represent Stage 3 restrictions:

• Limit landscape watering with sprinklers or irrigation systems to no more than once every other Saturday. An exception is allowed for landscape associated with new construction that may be watered as necessary for 30 days from the date of the certificate of occupancy, temporary certificate of occupancy, or certificate of completion.

 Foundations, new landscaping, new plantings (first year shrubs and trees) may be watered for up to two hours on any day by a hand-held hose, a soaker hose, or a dedicated zone using a drip irrigation system.

Prohibit washing or rinsing of vehicles by hose except with a hose-end cutoff nozzle.

 Prohibit hosing of paved areas, buildings or windows. (Pressure washing of impervious surfaces where a health issue may be present is permitted.)

• Prohibit using water in such a manner as to allow runoff or other waste.

· Prohibit planting of cool season grasses (such as rye grass or other similar grasses) that intensify cool season water requirements.

· Wait until current drought has passed before establishing new landscaping and no hydro-seeding, hydro-mulching or sprigging is allowed.

 Watering of golf courses using treated water is prohibited except as needed to keep greens and tee boxes alive. (The Shores Country Club uses raw water from the City of Dallas and their watering will not be restricted by the City of Rockwall.)

· Registered and properly functioning ET/Smart irrigation systems and drip irrigation systems may irrigate without

restrictions. (Visit rockwall.com/green to print ET/Smart irrigation system registration form.) Public athletic fields used for competition may be watered twice per week.

• Restrictions do not apply to locations using treated wastewater effluent for irrigation or the legal use of water pumped from Lake Ray Hubbard as may be regulated by the City of Dallas. Locations using other sources of water supply for irrigation may irrigate without restrictions.

• Existing swimming pools may not be drained and refilled (except to replace normal water loss.)

If Stage 4 is enacted there will be no outdoor watering allowed, except foundations and trees. New landscaping would be at risk of not surviving the hot summer ahead. City officials understand this could have an economic impact on local residents and

businesses that purchase landscaping and the businesses that supply landscaping. Planting that requires little or no water as found in xeriscape practices is highly recommended when Stage 3 restrictions have been lifted. It is likely that Stage 4 will include

some or all of the following provisions:

· Prohibit commercial and residential landscape watering, except foundations and trees may be watered for up to two hours on any day with a hand-held hose, a soaker hose or a dedicated zone using a drip irrigation system.

 ET/Smart controllers and drip irrigation systems used for landscape irrigation are not exempt from this requirement.

· Prohibit the irrigation of new landscaping using treated water.

 Prohibit washing of vehicles except as necessary for health, sanitation, or safety reasons.

· Prohibit golf course watering with treated water except for greens and tee boxes (The Shores Country Club uses raw water from the City of Dallas and their watering will not be restricted by the City of Rockwall).

· Prohibit construction permits for private pools. Pools already permitted may be completed and filled with water. Existing private and public pools may add water to maintain pool levels but may not be drained and refilled.

If the NTMWD imposes a reduction in water available to its member cities and customers, the same percent reduction will be imposed on wholesale customers, according to the news release.

Additionally, local residents should avoid plantings that require water to establish and sustain growth until drought restrictions have been lifted.

As the details of Stage 4 are finalized, more information will be provided.

For more information, contact Irene Hatcher, conservation coordinator, at 972-772-6435 or Rick Sherer, water/ waste water manager, at 972-772-6437.

Ask Dr. Danette

by Danette McNew, D.D.S.

ARE YOU AMONG THE MISSING? It is estimated that about 46 percent of Americans over the age of 65 are missing six or more teeth. This is a problem because, aside from leaving unsightly gaps, missing teeth compromise chewing ability. Equally important, missing teeth tend to throw the bite off balance, which leads to malocclusion ("bad bite") and increased likelihood of damage occurring to the remaining teeth. Malocclusion also increases the prospect of gum disease and may be a contributing factor to temporomandibular joint (TMJ) syndrome. Beyond these effects, there is the serious potential for misalignments of remaining teeth due to lack of support and restraint from missing teeth. These are

all good reasons to see the dentist immediately after losing a tooth. Today's column has been brought to you as a public service. At McNEW DENTAL, we deliver a high level of quality dental care. Our recommendations for dental treatment are always in the best interest of the patient. All the members of our staff are dedicated to serving you - we will be happy to answer any questions you may have. Our concern is your comfort and confidence - our goal is to help preserve your natural teeth for a lifetime. Call us at 469/338-4604 to schedule an appointment. We're located at 1300 E. Ralph Hall Pkwy., Suite 114, where we stress preventive dentistry for the

entire family. "Smiles are contagious and best when shared" P.S. Fluoride and minerals in saliva help increase remineralization of teeth.

Over 13 million males suffer from low testosterone, are you one of them? Only 5% of males with low testosterone are being treated medically for this condition. Physical signs of low testosterone are:

Increased body fat and BMI

 Reduced muscle bulk and strength

Low bone mineral density

Anemia

Symptoms of low testosterone are:

 Decreased energy and motivation Diminished libido

Erectile dysfunction

Depressed mood

Sleep disturbances

If you are suffering from low testosterone syndrome we can help at Dr. Les T. Sandknop Family Practice. Several treatment options are available including injections, gels or creams and pellets. We now offer Testopel which is the only FDA approved testosterone pellet to be used in the treatment of the signs and symptoms associated with low testosterone. The procedure is minimally invasive and takes about 15 minutes in the office.

On God's Word

by Timothy W. Burnett

The Bible as historical truth, a comparison with Josephus

The Bible is packed with testimony of the words and works of God that are dated throughout time and by different people over the years. This is hugely significant even where it applies to simple historical value. In other words, God is so closely tied with the historical events compiled in the Bible, that He absolutely cannot be extracted from the accounts as truth, without reducing the whole Bible to mere fiction.

The four Gospels are basically a compilation of testimony accounts written by four different people who were not only personal witnesses to Jesus' death and resurrected body, but who had access to many other people who were with him from the beginning of his ministry, including his mother who knew him from birth.

If the four testimony accounts of Jesus Christ carry no historical value, then it must be conceded that the testimony accounts of Caesar Augustus found in

many educational books also carry no historical value. For it was Augustus who established the renaming of the months of the year and made sure his name was

Most Biblical scholars maintain libraries that include the writings of a Jewish historian named Flavius Josephus, whose writings included Antiquities of the Jews, War of the Jews, Flavius Josephus Against Apion, and Josephus's Discourse to the Greeks Concerning Hades. English translations of Josephus's' writings can be found at the following website, http://www.biblestudytools.com/ history/flavius-josephus/.

With one major exception, the scholars do not question the authenticity and accuracy of Josephus as a historian and writer. The one exception is related to his references to Jesus.

In the website, http://www.bede.org.uk/Josephus.htm, Christopher Price discusses Josephus with a focus on his references to Jesus. According to Price, Jesus was mentioned two times by Josephus in Antiquities. More attention was given to other Biblical figures including John the Baptist, James the brother of Jesus, Pontius Pilot, the Sanhedrin, Sadducees, High Priests and Pharisees.

Price quotes both of Josephus' references to Jesus, the first reads as follows: Now there was about this time Jesus, a wise man, if it be lawful to call him a man, for he was a doer of wonderful works, a teacher of such men as receive the

truth with pleasure. He drew over to him both many of the Jews, and many Gentiles. He was the Christ, and when Pilate, at the suggestion of the prin men among us, had condemned him to the cross, those that loved him of first did not forsake him; for he appeared to them alive again the third dd the divine prophets had foretold these and ten thousand other wonderful it concerning him. And the tribe of Christians so named from him are not extir this day (Jewish Antiquities 18.3.3).

The passage about Jesus being "the Christ" is also known as The Testimo Flavianum. There can be no misunderstanding that this Jewish historian, bo

the integrity of Josephus' reference to Jesus being "the Christ." It has been ged that Christians influenced him. Another claim is that his testimony incl.

Price shares the following:

According to leading Josephus scholar Louis H. Feldman, the authen of this passage [about the martyrdom of James the brother of Jesus] "has almost universally acknowledged" by scholars. (Feldman, "Josephus," An Bible Dictionary, Vol. 3, pages 990-91)... Although Josephus' reference to martyrdom of James is universally accepted by critical scholars, there has more controversy over the fuller reference to Jesus. The TF contains some ous Christian glosses that no Jew would have written; such as "he way Christ" and "he appeared to them alive again the third day" (see Price at Spice for C.B. Chall under The Testimonium Flavianum)

The first claim carries no weight because it is commonly known that all h rians recognize the importance of matching testimony by three or more wit 1, ded Jan. 29. ses. Josephus was very likely in a position to interview people who saw J on April 14, 1927, in alive after his death. He had access to Jewish and Roman government received to Red Oak in 19 It is also possible that he had access to the records of the soldiers who gua wind. Jesus' tomb.

With this in mind, the second premise falls on its face. For if all school bis children, Billy recognize Josephus as a strong and reliable source for historical information and her husband then it must be agreed that he was not one to believe something so controve hishard, Mike, State

Josephus' words about Jesus can be treated as absolute historical truth. If a Jewish historian born, in 37 A.D., was so convinced about the resurrect to make preceded in de of Jesus that he took a big risk by absolutely stating his conclusion that J Chaffin and Clyde "was the Christ," then there is no reason to doubt the conclusions and acco ne Mary Ann Fouse

Profiles of Heath: Dennis Bailey

In an effort to continue to build our shared sense of community here in Heath and to get to know one another better, I'm introducing profiles of Heath residents. For this first in the series, I recently sat down with Dennis Bailey, a 37-year resident of Heath, to learn about his ties to our area and why he is so passionate about serving our community.

Not only is this kind gentleman a good listener, but he is dedicated to improving and keeping Heath a good place to call home.

Bailey and his wife, Kathie, moved from Dallas to Heath in 1975, back when the population was fewer than

600. They had some friends that had moved out here, and after a weekend visit they were so enthusiastic about the area that they found an available lot, purchased it shortly after and built there home. Bailey continued to work as an engineer for Southwestern Bell, commuting daily to Dallas.

"Sometimes I don't want to use the term quality of life because you hear that so much and it is worn out, but I think it is a truism with our area. It truly does mean that. The quality is here," reflects Bailey about what makes Heath so unique. "We've also seen a real strong commitment from the community leaders to continue to set the standard high for the developments coming

As many of you know, Bailey served as the mayor of Heath from 1986 to 1988. He got his start in local politics because of his outside plan engineering expertise with Southwestern Bell. He knew a lot about subdivision planning, which was useful to the planning and zoning committee, where he first served the city.

"I kind of got my desire in watching city council. I thought that it was pretty interesting and I enjoyed being around people and problem solving. So I ran for city council and was elected," says Bailey. He served one year on council, then the position of mayor opened up for which he ran and was elected, where he served for one term.

After retirement, Bailey went on to pursue continued public service and is

Precinct 3 Rockwall County Commissioner. The northeast corner of Heath is included in this precinct.

When asked about how people in the community could get involved in public service, Bailey said, "The best way to do that is pure volunteerism. Whether you are a decision maker or someone volunteering to create some sort of special event, everybody has their passions in what they want to do. If you go into it because you want to be an elected official, you've made the wrong move. If you volunteer in a special area that you have a passion for, whether it be parks, libraries, or special events for instance, there's no question that if you pour yourself into it, that those individual that are leaders will seek themselves right to the top."

He emphasized that sometimes people take or seek positions because of someone else's idea. But he is quick to point out that the desire has to come from within, and be guided by faith.

"There's a relationship in all of us and it's got to be faith, then family, then whatever it is that you're doing. You keep those priorities straight and you can do anything you want to do. If those priorities are in line then they will all work together."

Bailey finished by looking to the future and sharing that Heath is at the tipping point with retail.

"That's the next piece that needs to be solved. We are moving in on that quickly. These new roads have expedited that," he said. "We will start having our own infrastructure in Heath, and our own shops and stores. It will take us a step forward. Retail will enhance some of the other quality things that happen there in the community. We're not going to have industry... but there's still a lot of potential out here."

Darcy Rocha is the Heath community correspondent to the Rockwall County News. To share your news and events about Heath, email her at rcn. darcyrocha@gmail.com or call (214) 771-1035.

Heath Council meets for annual retreat Feb. 3

by Darcy Rocha

The Heath City will meet today for its annual retreat. The event is a work session for council and city staff to address current issues, programs and policies that affect the city. The items on the posted agenda are for discussion only, as no formal action or votes will be taken at the retreat.

The open meeting will take place throughout the day at the Hilton Bella Harbor beginning at 8 a.m.

According to the posted agenda, the retreat will begin with a recap and review provided by Mayor John Ratcliffe and city manager Ed Thatcher, followed by a financial overview, including water shortage impact on water revenues.

The group will them step into executive session, which is not open to the public, for deliberations regarding real property - land acquisition

relating to right-of-way acquisition for FM 740.

Updates on capital improvements and future needs and funding will then be discussed when the group returns to the open meeting. The city's comprehensive plan goals, vision and mission will also be evaluated.

The second half of the day will begin with an update on the Heath Golf & Yacht club development. The group will then again step away into executive session, this time for consultation with legal counsel on a matter in which the duty of the attorney to the governmental body under Texas disciplinary rules of professional conduct of the State Bar of Teas clearly conflicts with this chapter.

The remainder of the agenda's items will take place in the open meeting. Council member Rich Krause has requested discussion regarding on-street use of golf carts. Then special election information will be given, along with a utilities report that will include information about Stage 4 watering restrictions and future planning.

Council and staff will wrap up the retreat with a social hour and dinner.

DRIV

Lance Wheeler, representing the citizens of the Austin Corners neighbor and HOA, was again present to speak up during the citizen comments por of the meeting. At that time council was not permitted to discuss or debate concerns, but they lent a patient ear as Wheeler shared his concerns about property located at 109 Fairfield.

The offenses at the property have been documented by the HOA since ? Wheeler outlined several issues, including trash bags on the property, box up windows, a septic system out of compliance, and fences down, leaving stagnant pool dangerously accessible to children.

"In 2007 the pit bulls, five of them, attacked two separate neighbors'd enh G Kern, Pr killing one family pet," he said.

According to a statement he read on behalf of an HOA member who was able to be present, "It's a safety and liability issue and it has been for w There's a fire hazard because of lack of watering and lack of cutting the la Health hazards, there's no pool pump working in the backyard so there stagnant pool and mosquitoes and things of that nature. The septic system not working so that's another health hazard. There's trash bags stacked on balcony. Church volunteers have gone out there and knock on the door to s they could help as well with no answer."

After approving the minutes from the Jan. 10 meeting, council went o discuss and consider the approval of the interlocal agreement for fire protect bruary 20, 201 services with Rockwall County.

Council member Gary Lovell, retired from 30 years of service with the D: Fire Department and a founding member of the McLendon-Chisholm Volun 72012-001: P Fire Department, brought up a few points.

"I had a problem before with determining who the requesting party is and approval of a 2 still haven't defined it, they just said it's not the county," he said. "If the 1-acre proper chief's OK with that I'm prepared to believe that means... that if McLenc Survey, and ta Chisholm answered a fire in the county and we need help with it they call Re City and they come to help then they will be subordinate to McLendon-Chish 72012-002: P because we were the first on scene. That's not exactly what it says, but Hold a public prepared to go forward with it."

The interlocal agreement was approved by all, with the understanding that the (DT) DOW language would be clarified by the county attorney. Council also suggested sc located at 20 procedural clarifications as well, to ensure that the funds received for service Rockwall O T such occasions will easily be made available to the fire department.

Moving on the council discussed the aforementioned code enforcement is Mayor Pro-Tem Steve Hatfield said, "I think that everybody's been kind tried to approach this from a humanitarian place, if you will, and I person think the time has come that we issue the citation and we need to take the m aggressive approach."

In December a 30-day letter was issued, which did not garner compliance. a result, a 10-day letter was issued, and the result of which will be the issue of a citation. Once the citation is issued, it will go through the legal process the city will see what the court orders with regards to compliance. If there is compliance, then an injunctive process may be pursued with the city attorned

"I think it would be wise to have (city administrator) Mr. Butler talk to le counsel about the process for injunctive relieve and how quickly that can hap after the citation in 10 days," said council member Patrick Short. "In terms health, safety and welfare, I think that we need to do as much as quickly

Council agreed to purse the issue as aggressively as possible and will conti to follow-up on the progress at future city council meetings.

"It's an issue that we've dealt with for a while and we know it's not going to away quick, but we do want it to go away," said Wheeler. "We will do anyth Rockwall will so we can. We've already committed to paying to have it cleaned up and we'll! do that. We voted as an association and said we'll do that. There's people are frightened of that home." ope: Prepare a

Hatfield closed out the meeting saying, "I'd like to see us go ahead and s working on putting together ordinances or procedures that would give us a li bit better position in the situation that we're in right now.... I don't want u become the city where if you don't cut your grass we come in there and take) to court. But in situations like this, where somebody has absolutely no concer care for their neighbors or for the welfare of other people, it's one of the reas why we're here. If there's some options out there, there's something else were do to strengthen our position, then I think we should find out about that."

Rick Crowley is shown handling auctioneer duties at the Rockwall PAWS 2nd Annual Fundraising Dinner & Auction, while Alexis Vankerkhove displays a necklace. The event took place Jan 21 at Occasions at Stone River before a sold-out crowd. Courtesy photo/Rockwall County News

Rockwall PAWS Jan. 21 fundraiser is a sellout

Rockwall PAWS 2nd Annual Fundraising Dinner & Auction, conduct Jan. 21 at Occasions at Stone River, catered to a sold-out crowd.

Each table featured a centerpiece with photos and stories of saved pe dog treats and a dog collar for sale for a homeless pet at the Rockw Animal Shelter. Pictures of treated or rescued animals also were featured a slideshow that played overhead as the audience heard stories of rescues.

the meal. KE Wine Cellars Winery served Texas wine, and a large cake wi the Rockwall PAWS logo was donated for the event by Kristen Lacy. Silent auction gifts filled the table, and a live auction was conducted

Bob Lewis served as master of ceremony, while Zach's Catering provid

Rockwall's interim city manager, Rick Crowley.

Special guests included Kenda Culpepper, Rockwall criminal distriattorney; Mayor David Sweet; Rockwall City Council members Man Nielsen, Cliff Sevier and Mark Russo; Brad Griggs, director of municipal sevier and Mark Russo; Brad Griggs, director of municipal sevier and Mark Russo; Brad Griggs, director of municipal sevier and Mark Russo; Brad Griggs, director of municipal sevier and Mark Russo; Brad Griggs, director of municipal sevier and Mark Russo; Brad Griggs, director of municipal sevier and Mark Russo; Brad Griggs, director of municipal sevier and Mark Russo; Brad Griggs, director of municipal sevier and Mark Russo; Brad Griggs, director of municipal sevier and Mark Russo; Brad Griggs, director of municipal sevier and Mark Russo; Brad Griggs, director of municipal sevier and Mark Russo; Brad Griggs, director of municipal sevier and Mark Russo; Brad Griggs, director of municipal sevier and the se services; and Shelli Miller, county clerk.

Corporate sponsors included the Soroptimists, Planet Rockwall, Heart Texas Home Healthcare, Nielsen, and Bill and Becky Cecil.

Local veterinarians Kurt Avery, David Loftis and Mike Sealock were laud for their participation in the Save a Heart-Save a Life campaign that provid treatment for heartworm-positive shelter dogs through funding provided Rockwall PAWS. In support of the city's required 90 percent live outcom all heartworm-positive shelter dogs are treated once fostered or adopted.

Guests learned more about Litter-Free Rockwall, the low-cost spay/neul program that facilitates the monthly KCAAP shuttle. Rockwall PAW president Sandra Solomon stressed that the adoption rate will never pa the birth rate, so adoptions and spay/neuters are needed to prevent needle euthanasias.

Animal Hospital of Fate, Ridge Road Animal Hospital, Pondero Pet Resort, Stonebridge Veterinary Hospital and Red Wolf Resort we commended for helping during shelter overcrowding. Each boarded tw or more animals for free from June through December. Implemented Rockwall PAWS, this and the Foster Home Network developed by the shell prevented many animals from being put down.

PUBLIC NOTICE OF CHANGES IN ELECTION PRECINCTS

24 TXns Orbison &

Judge Bean

25 Coast Guard boat

Pursuant to §42.035, Texas Election Code, the Commissioners court of Rockwall County, Texas, herein provides notice of changes in County political boundaries as adopted by the Commissioners Court, and as precleared by the United States Department of Justice on 9th day of January, 2012.

Interested individuals may review the adopted changes in the office of the County Clerk during regular business hours.

The changes in county election precincts were necessitated by redistricting of County Commissioners Court precincts in compliance with the United States Constitution and 42 U.S.C. §1973, also known as the Voting Rights Act, following the release of 2010 census data. Changes in county election precincts were designed to achieve numerical balance between the four commissioners court precincts, and to insure the voting rights of all citizens of Rockwall County, Texas,

Royse City Bulldogs wrestle Denison to a 53-44 win

The Royse City Bulldogs took control of the last three quarters of basketball to defeat Denison 53-44 Tuesday, January 31 at home.

After a first quarter 13-5 Denison advantage, the Bulldogs (6-2-0 in District) closed the gap to a 19-21 Denison lead at halftime.

Cayce Dahmer charged up the Bulldogs at the start of the second quarter with a 3-point basket, followed by three 2-point shots.

The second half was a continuation of the second quarter, as the Bulldogs frustrated Denison with a resolute defense. According to Coach Anthony Howerton, "Our defense was the key. We pretty much stopped their two big scorers for the entire second half."

Paris North Lamar faces big 10-0 defeat to Bulldogs

The Bulldogs' varsity soccer team pounded Paris North Lamar 10-0 last

Friday, January 27 in Royse City. Logan Humphries led the team with 4 goals. Goalie Alan Olade secured

the shutout win with 6 saves. Other scorers were Luis Garcia (1), Jose Guerrero (1), Oscar Ramos (1),

Cameron Thomas (1, with 1 assist), Chase Selby (1) and Jacob Sanchez (1). On the next Monday, the team fell to Forney 3-1, with 9 hard-fought saves by Royse City's varsity goalie Alan Olade, at home.

With a 3-7-2 record under its belt, the Bulldogs entered the game with a quick-start attack and goal by Logan Humphries, assisted by Jose Guerrero, during the first two minutes.

The Royse City starting line-up has been short two key players due to

Manny Ramirez is sitting out because of a hip flexor injury.

Jacob Sanchez stepped into the game for about the first 10 minutes with a quad injury, but rested through the end.

Coach Chad Lancaster anticipates both players will be back on the field for the next game.

The junior varsity team defeated Paris North Lamar 3-0 with goals scored by Christian Rios, Blain Hickman, and Julio Alvarado. The Bulldogs got back on the field and fell to Forney 2-1 Monday night. The Jackrabbits could not stop Christian Rios from scoring a second half goal.

The j.v. and varsity teams will play at home on Tuesday, February 7 against Rockwall-Heath.

The third quarter started with another 3-point shot by Dahmer. The teams took turns scoring, with Denison keeping the lead, until Jamie Brecino nailed a 3-point shot pushing the Bulldogs to a 1-point deficit.

Soon Michael Webb pulled the Bulldogs ahead with a 2-point shot, followed by Dahmer's 2 points putting Royse City on top 34-31 to start the

The Bulldogs knocked in 20 points while holding Denison to 15 points during the fourth quarter.

"Cayce Dahmer and Jaime Briceno were solid on both ends. Matt Stone and David Frye controlled the boards, and Michael Webb is doing a great job

Royse City Bulldogs' Jacob Sanchez (9) gets a slide tackle during last Friday's home game (January 27) against Paris

of controlling the game at point guard with timely steals and taking the ball," continued Coach Howerton.

The Bulldogs will travel to Sherman on Friday, February 3, and will to meet Greenville on Tuesday, February 7 in Royse City.

Opinions

Complicated Texas elections

Elections in Texas seem to get more complicated each time we go to the polls. This year we get the opportunity to vote in national, state, county and local elections.

But unfortunately there is a lot of uncertainty here in our state about when we will actually get to vote, who some of the candidates will be and what will be the actual voting geographic lines that define the area of candidate representation. This uncertainty all stems from the 2010 census and the resulting redistricting of political boundaries based upon population

Because of the census results, Texas will get four new Congressional districts. These districts must be defined and established through the redistricting process so that each member of Congress in Texas will represent about the same number of citizens. Sounds complex but really it is fairly easy to do. The issue that has caused all the problems has been the federal law that hinges on the "one person-one vote criteria" which requires that each person have the opportunity to be fairly represented. This means that if the population growth in Texas has been caused by an increase in the minority population, then the new Congressmen should be from Congressional Districts that give these new citizens in the state the fair opportunity to select their representative.

"Equal Representation

This criterion of equal representation has resulted in a legal battle where the state legislation initially established the new political boundaries. A lawsuit was filed saying these new proposed boundaries did not meet the federal guidelines. This resulted in a Federal Appellate Court located in San Antonio establishing new proposed geographic lines. However these lines were then challenged by the State of Texas. This drove the issue to the U.S. Supreme Court which agreed with the state, in part, and returned the issue to the Appellate Court. This is what has caused our Primary election date to move from early March to early April to unknown at the present time.

We did not have this problem with redistricting our new political boundaries here in Rockwall County. A citizens committee of 15 volunteers worked in conjunction with our law firm, our commissioners and our elections administrator to establish new commissioner precincts that equally divided our citizens in the county. This new plan was submitted to the Department of Justice in Washington, D.C., where it was approved without exception. We are ready for the election once the date is established by the courts system.

But who are we going to elect and what is their job here in the county? Who to elect and what they do

We have two district judges located in the county. They are both up for election. In Texas these judges preside over courts of general jurisdiction in our state. They have original jurisdiction in all felony cases, divorce cases, cases involving title to land, election contest cases, civil matters with specific dollar limits and any matter in which jurisdiction is not placed in another trial court. Their yearly salary is \$140,000 of which the county pays \$15,000 and the state pays the remainder.

We have one court-at-law judge. He, too, is up for election this year. This judge has criminal jurisdiction of Class A and B misdemeanors and appellate jurisdiction over Class C offenses and justice of the peace and municipal court decisions. This position can also issue writs of injunction, mandamus, attachment, garnishment, sequestration and habeas corpus in cases where the offense charged is within the jurisdiction of the court. This judge, as the district court judges, must be an attorney. The yearly salary of the court-at-law judge is \$139,000 of which the state pays \$75,000 and the remainder is paid by the county.

The sheriff is also up for reelection. The sheriff is responsible for executing all processes directed to that office by the courts. He is also responsible for operating the Jail and is charged with the security of the courthouse. He serves civil process including citations, attachments, sequestrations, distress warrants, executions, garnishments, injunctions and forcible entry and detainers. He is the chief law enforcement officer of the county and is charged with the enforcement of many criminal statutes. The sheriff is also responsible for criminal investigations in the county and for the preservation of law and order. His salary is \$80,916 and is all paid by the county.

The district clerk is responsible to insure that the affairs of the district courts are maintained objectively with the full confidence of the judicial authorities. This office holder is responsible and acts as the official recorder, registrar and custodian of all court pleadings, instruments, and papers that are part of a case. Other duties include indexing and securing all court

records, recording all court verdicts, collecting filing fees, and handling funds held in litigation and money awarded to minors. This person is also responsible for the jury selection process and acts as the liaison between the jurors, courts and employees. This salary is \$68,147 and is all paid by the

The tax assessor is the person responsible for the collections of monies due to the state and the county for property tax and automobile registration. titling and title transfer of all motor vehicles and trailers in the county. State tax on all automobiles sold in the county is collected by this office. Citizens will most likely visit this office at some time because of the vehicle registration and license plate renewals requirements as well as the collection of the property tax on homes and businesses. The salary for this position is \$68,147 and it, too, is all paid by the county.

The county currently has two justices of the peace. However, because of state mandate we must add an additional two new JPs effective with the election in November. Each JP has jurisdiction over civil, small claims and eviction suits up to \$10,000. They also serve as a magistrate and can issue warrants for arrest as well as search warrants after determining there is enough probable cause to do so. They review applications for emergency mental commitments and emergency protective orders. They also are required to rule on cause and manner of death on unattended deaths and must determine when an autopsy is necessary to find the cause of death. The current salary for the county JPs is \$66,018; however, these salaries are under review based on the requirement to increase two JPs without a change in overall county

As in the JP offices, the county currently has two constables, but must add an additional two based upon state mandate. Duties of these office holders include acting as bailiffs for the JP court, serving papers generated by the court system to affected citizens, overseeing the eviction of homes ordered by the court system and serving as a peace officer when required. The current salary of the constable position is \$51,643, but again these salaries are under review based upon the increase to four constables without an increase in

Two county commissioner positions are to be voted upon in the primary and general election. Each commissioner position is one of five positions that make up the policy and budgetary portion of county government. This group, the Commissioners Court, is composed of a commissioner from each precinct in the county plus the county judge. They develop the budget for the county and they provide policy guidance for the operation of the county. Prior to the 1980s, each commissioner in the county was also responsible for the roads and bridges located in their precinct; however, now the county operates under the Unit Road and Bridge System, which relieves them of this direct responsibility. Commissioners are the direct interface for their citizens into the county system of government. The salary for each commissioner is

There are other elected officials in the county, but they are not up for election this cycle.

Knowing who to vote for

As you have probably noticed, election signs are appearing on our streets and soon we will start to see advertisements in the papers about the various candidates. Based upon past experience, I know many people will say, " I don't even know who's running and I don't know what they are suppose to do or what's different about one candidate from another. I'm just not even going to vote."

Well, I say that is a cop-out. In short what you are saying is "I don't care who wins." And I bet deep down you really do.

Voters need to be informed

Please take the brief information in this article and use it as a starting point to find out about the job and the candidates running for the job. Find out where they stand on the issues or if they are even running on any issue. Are they the person or persons you want to represent you at this level of government? Remember, none of us are happy with a \$15.3 trillion national debt, or an unemployment rate that bounces between 9 percent and 10 percent for three years or a national government that has not even had a budget for

You can help solve these problems by becoming involved. Make sure our officials are the ones you want to represent you. If they won't fix it at the top, we will start the process here at the bottom. Get informed and vote for those who will represent what you believe.

Jerry Hogan is the county judge in Rockwall County. He can be reached at jerryhogan@sbcglobal.net or 214-394-4033.

Explaining the Federal Reserve

A lot of people, including me, were convinced that the Federal Res Bank (known as the Fed) was owned and operated by several large for banks. This information was published in several articles that sounded

This list included Rothschild Bank/London, Warburg Bank/Hamt LAmutic Center. Rothschild Bank/Berlin, Lehman Brothers/New York, Lazard Brothers/P 185 hoys defeated Kuhn Loeb Bank/New York, Warburg Bank/Amsterdam, Chase Manha ging the Yellow New York Goldman, Goldman, Sachs/New York and Israel Moses | wal-Heath 65-26 in Italy. A check on this list reveals that several do not exist as: Rothsc intact. Warburg, Kuhn and Seif. Lazard is now a ltd. company with a small rest the won both the 10 Chase Manhattan was renamed JP Morgan Chase. The 1913 law authori the Federal Reserve Bank and the fact that some of the banks accuse ownership does not lend any credibility to foreign ownership.

The FRS is headed by the Board of Governors (seven members appointed by the president and approved by the Senate) is a federal age OCKWA with no mechanism for anything resembling private ownership. The Fed a government-owned agency. The Fed's website insists that it is not a pri corporation, is not operated for profit, and is not funded by Congress. Fed was set up in 1913 as a lender of last resort to stop bank runs follow a particular bank panic like the one in 1907. The Fed's mandate was to the private banking system intact. That means keeping intact the syste unthe Warriors r most valuable asset, a monopoly on creating the national money supply.

There are 12 Federal Reserve Banks in the U.S. All national banks some state banks are stockowners of their respective Federal Reserve Bar chof Terrell, RCA These stock certificates cannot be sold or traded nor used for collateral twhen the home to any reason. Each bank that is a member will get 6 percent dividend at the 'A fought back to of the year only. The New York Federal Reserve has the most power.

Sixty three (63 percent) of the New York Federal Reserve Bank St Thems made 12 o is owned by Chase Manhattan, Morgan Guaranty Trust, Chemical Bt Manufacturers Hanover Trust, Bankers Trust Company, National Bank North America and the Bank of New York. The SEC requires that any that owns more than 5 percent of the stock must list the names of these fo ter fighting from Today, there are no foreigners owning more than 5 percent of these bank etall race for much the New York Federal Reserve. Therefore, no foreigner has control of the hadeverything pr banks or the Fed. The excess shares (37 percent) do not show foreign at continued Tue: owning any controlling power.

The New York Federal Reserve Bank through its direct and perman game against Mi representation on the FOMC (Federal Open Market Committee) has in Despected North say on monetary policy than other Federal Reserve Banks, but it still has vote of twelve on the FOMC and no say at all in setting the discount rate the required reserve ratio. The powers over U.S. monetary policy rest fin with the publicly appointed Board of Governors and the FOMC, not with New York Federal Reserve Bank or a group of international conspirators

The Federal Advisory Council is a panel of 12 representatives appoin by the board of directors of each Fed Bank. The council meets at least 1 n times per year with the members of the board to give them advice and Hayoffs in sight, discuss general economic conditions. The advice is not binding on the box redefense was exce Essentially, the council has no power.

By an agreement between the Board of Governors and the Treasury, ne. and Turner hold I all of the Fed's annual profit (since 1947) goes to the federal governm we was plenty o (approximately 98 percent). About half of the remaining money (abou and Morghen I percent) goes to the Fed and the member banks for dividends to the mem

The Federal Reserve System is a bit complicated but seems to his worked successfully over the years. One current problem is the overspend of the federal government in spending more than it makes. This is a sent problem with the executive and legislative branches of our government,

Art Hendon, Rockwall

Some things never change

"On Growing up Tough," a novel written by Taylor Caldwell published in 1971, remains ageless. It still provides a good healthy dost entertainment for today's reader who is not caught up in the popular cla of modernity.

'Tongue in cheek' experiences of childhood and adult life provide m chuckles for the reader, but it is quite apparent the problems that w plaguing society two generations ago remain today. "We gave them no me arms, no spiritual armor."

The author observed: our courts differed little from the operation of Roman courts during the days when Rome declined from a republic 1 despotic democracy Women demanded dominance in America and n submitted to that dominance 'They' have made fools of our fathers, brothers, our husbands, our sons The parents and grandparents of hippies took away their holy heritage in this age of materialism and affluen and too many of the clergy have led them astray into secularism If I true, as is alleged, that more and more women are becoming alcoholics their sanitized suburbs, it is because they have lost-in the deeper meaning the word -- their husbands. They have lost their authority, their lovers, the companions, their friends. They have lost what God gave them, and n God help them We have taken away their Lord, and they do not kni where we have laid Him. Until they find Him, they and our world stand un

Did last chip fall for a Fulton unbeaten season?

The last obstacle in the way of an undefeated district season for The Fulton School's basketball team may have fallen Tuesday night.

That's when the Falcons won 42-31 at Dallas Tyler Street Christian Academy. With three TAPPS District 2-1A games remaining, that put Fulton two games ahead of Tyler Street. Over the previous four seasons, Tyler Street had not lost a district game at home while winning four consecutive championships.

Now the Falcons (15-8 overall, 13-0 in the district) are in position not only to win the district title, but to go unbeaten.

The last week has been a bit of a struggle. On Thursday, Jan. 26, Fulton had its closest call in a district game before winning 50-46 at Waxahachie. Falcons head coach Josh Johnson noted, "We got in foul trouble, we missed 19 layups and we had zero field goals in the fourth quarter."

Fulton's final home game the next night was no problem. The Falcons blew past Irving StoneGate Christian Academy 79-15. Johnson was most pleased that on Senior Night, all six Fulton seniors scored.

Remaining on the district schedule are a game Friday against Brownwood Victory Life Academy at Waco Parkview Christian Academy, another Tuesday at Granbury Happy Hill Farm Academy and the finale Friday, Feb. 10, at Fort Worth Covenant Classical School.

Johnson had thought that Happy Hill was the district's most dangerous team other than Tyler Street. However, Happy Hill reportedly has lost some of its best

The best game down the stretch to prepare the Falcons for the playoffs could be a game added to the schedule Saturday, Feb. 11, at 6 p.m. at Rockwall Christian Academy. It's possible that both teams could be district champions (RCA in TAPPS District 4-2A), and unbeaten in district play.

50-46 Waxahachie Prep, Thursday, Jan. 26

ckwall Christian suffers non-district loss to Thunder

wall Christian Academy didn't really get a break when it stepped out

RHS girls, boys win district swimming championships

The Rockwall girls' District 13-4A swimming championship came relatively easily Friday Saturday at the RISD Aquatic Center.

The drama came in the boys' championships, which came down to the final event. RHS had to finish within one place of Richardson Pearce to take the title over the Mustangs.

Alex Fontenot, who already had won one individual event and a relay, was ready for the last leg of the 400 freestyle relay, following Sean Eldridge, Justin Tokuz and Collin Vu. Fontenot made sure the Yellowjackets would win by not only staying close to Pearce but also finishing .23 second ahead of the Mustangs' anchor swimmer.

That gave RHS 162.5 points to 157.5 for Pearce.

In the girls' competition, Rebecca Voth won the 200 individual medley in 2 minutes, 24.97 seconds and the 100 backstroke in 1:06.71. She also teamed with Raena Eldridge, Morgan Barnes and Megan Conner to win the 200 medley and 400 freestyle relays.

As a result of their championship performance, 14 boys and 12 girls from RHS qualified for the Region IV-4A Championships Feb. 10 and 11 at Mansfield High School. Yellowjackets head coach Paul Wallace was named the District Coach of the Year for both boys and girls.

For the Lady Jackets, who totaled 189 points to 134 for runner-up Rockwall-Heath, Raena Eldridge took first place in the 50 freestyle (24.97 seconds), and Barnes won the 100 free in 56.94.

Eldridge also finished second to RHHS' Claire Walters in the 100 butterfly despite setting a Rockwall record of 58.15. She led a Lady Jackets sweep of the first three places in the 50 free. Barnes was

second in 26.29, and Erin Doyle third. Barnes and Conner (1:02.18) finished 1-2 in the 100 free. Conner also was third

in the 500 free in 6:06.29 Teammate Summer Scown finished third in both events Voth won, with

clocking of 2:31.00 in the 200 IM and 1:15.09 in the 100 back. The 200 free relay of Caitlin Vu, Scown, Olivia Commings and Chelsea Cullen

placed third. For the boys, Fontenot won the 100 backstroke (55.96) and swam on the first-

place 200 medley relay team, as well as the 400 free relay team that clinched the championship by finishing in an RHS-record 3:36.78. He qualified for the state 4A championships in the backstroke each of the last two years, as did the Jackets' 200 medley relay team.

Finishing third behind Fontenot in the 100 back was teammate Nick Stencel. Fontenot also took second place in the 100 fly (56.14) - just ahead of Tokuz, third in 56.78.

Tokuz also was third in 2:07.85 in the 200 IM, an event won by state 4A record holder Adam Bull of Pearce. Collin Vu also was third behind Bull, with a time of 5:11 in the 500 free. Vu was third in the 200 free (1:56.12) as well.

In the 100 breaststroke, the deep Jackets were 2-3, with Evan Scown taking second (1:06.63) and Nathan Eldridge third in 1:09.21 Luke Phillips took second place in the 50 free (23.80) and in the 200 free relay

with Noah Day, Eldridge and Stencel. Day was third in the 100 free (52.89) and tied for third in the 50 free (23.99).

The top six finishers in each event qualified for the Regional meet.

Raena Eldridge also set an RHS record in the 100 freestyle during a meet against Rockwall-Heath and Highland Park Jan. 17 at the RISD Aquatic Center. Her record came while she swam the opening leg in the 400 free relay. She also won the 50 free (24.44) and 100 fly (58.97) races.

The Lady Jackets defeated RHHS 63-30, but lost 59-40 to Highland Park. The Rockwall boys lost to both Rockwall-Heath (45-43) and the Scots (60-28). In the combined scores, the Yellowjackets defeated RHHS 106-75 and lost to HP

Other first-place finishers for Rockwall were in the 200 IMs, with Voth finishing in 2:25.39 and Tokuz in 2:07.62.

Tokuz also took second place in the 100 fly (57.02). Fontenot placed second in the 100 back (57.61), Evan Scown was second in the 100 breaststroke (1:06.51) and Collin Vu was runner-up in the 500 free (5:10.41).

Second-place finishers for the Lady Jackets were Barnes in the 50 (26.25) and 100 (57.15) free and Jordan Hummingbird in the 100 fly (1:09.25). Conner placed third in the 500 (6:06.76) and 100 (1:02.56) free), and Voth was third in the 100 back (1:07.76).

Rodriguez's late heroics keep Jackets rolling

by Lary Bump

Trei Rodriguez, Rockwall's leading scorer, won two consecutive boys' soccer games with penalty kicks with less than 2 minutes remaining to play.

The least likely came with 7 seconds left Saturday, Jan. 21, in the Garland ISD

Tournament at Williams Stadium. The Yellowjackets (11-1-2 this season) trailed Dallas Thomas Jefferson 2-1 when a red card left them playing a man short for much of the second half. A shot from in front of the net was deflected past Jefferson's goalie to tie the score with 5 minutes left.

"It's unusual to see a referee call a penalty kick with 7 seconds left. Our player was pushed from behind. It was called after the shot, and that's unusual too," said RHS head coach Troy Williams.

Rodriguez lined up for the game-winning shot, moved as if to kick the ball, then rolled it past Jefferson's goalie into the left corner of the net for his second

goal of the game.

It's also unusual to come from behind when shorthanded.

Williams said, "TJ likes to push it wide. Being a man down in that case almost helps you because it gives you more room. Trei keeps scoring every game."

In the Jackets' opening game at last weekend's North Forney Tournament, Rodriguez scored on a penalty kick in the final 2 minutes for the game's only goal in a 1-0 victory over Frisco Heritage.

After that, he scored three goals as RHS routed the North Forney B team 8-0. In the final game of pool play, Rockwall and Rowlett tied 1-1, but the Jackets still advanced to the semifinals.

RHS met the North Forney varsity in Saturday's semifinals, and came away with a 4-1 victory. Rodriguez scored two goals, with Taylor Freeman and Connor Danahy putting in one apiece. Williams lamented that the Jackets missed some breakaways against the host

team, but there was even greater frustration in the final, which they lost 1-0 to Heritage. It was RHS' first loss this season.

The coach said, "We dominated play, but we gave up a goofy goal and hit three posts." Rockwall returned to action Tuesday, defeating Dallas Kimball 5-0. Rodriguez

scored twice. The Jackets added single goals by Danahy, Clay Rittenhaus and Alex Flores to support the shutout goaltending of Jeff Caquelin and Mitch

Hawks, Jackets favored in district wrestling

The favorites to win in Saturday's District 19 wrestling championships are Rockwall-Heath and Rockwall.

Unlike last year, when the district meet was at RHHS, this year's event is

scheduled at Henderson, 2 hours and 15 minutes away in East Texas. As Rockwall head coach Brent Pohorsky implied, the two RISD teams could be going all that way for a dual meet.

RHS warmed up with a 57-20 victory Thursday, Jan. 26, over Highland Park.

The biggest news was that 126-pounder Cody Jonas wrestled for the first time since suffering a dislocated elbow 6 weeks earlier. He was one of six Yellowjackets who won by fall. The others were Andrew Hyde (106 pounds), Carter Smith (113), Austin Tamez (145), Daniel Roland (182) and Rilee Fisher (195)

On the same night, the Hawks downed Plano 46-30.

Among the individual favorites for Rockwall are Hyde, Roland and 220-pounder Collin Hill.

Rockwall-Heath's standouts include Nakona Brawner (132), Jacob Glastad (160), Troy Mercer (195) and Jay Arnold (285).

Thomas, Ragland help put Rockwall Yellowjackets in 4th place

Sometimes a few seconds, or a brief sequence of plays, tell the story of a basketball case.

That was the case Tuesday night at Rockwall High School, when the Yellowjackets defeated Wylie East 55-47.

The Jackets had had an uncomfortable lead since midway through the second quarter, and it went down to three points (40-37) on a Raiders tip-in with 5 minutes, 35 seconds to play.

RHS then worked the ball inside to Elijah Thomas, who missed a shot. But then he grabbed his own rebound, put the ball in, was fouled and a made a

Defense helps Eagles split 2 games

Heritage Christian Academy used its defense to finish the first half of its TAPPS District 4-2A season with a 3-1 record, only a game behind first-place Rockwall Christian Academy.

That defense let the Eagles down Tuesday in a non-district loss to Gainesville Red River Homeschool. The visitors led just 17-14 after one quarter at the Rockwall Indoor Sports Expo, but outscored HCA 15-8 in the second quarter for a 32-22 halftime lead. Red River squashed any comeback hopes by outscoring Heritage 17-4 over the final 8 minutes of its 64-37 victory.

On Friday, Jan. 27, against Greenville Christian School, HCA led 25-6 at halftime. Then the Eagles' offense disappeared. GCS outscored Heritage Christian 9-0 in the third quarter to pull within 25-15. HCA (8-9 overall) managed just four second-half points but still won 29-19.

Erik Tame led the Eagles with a modest seven points. Nathan Mateer paced their defense with four steals. Garrett Blankenship had a team-high two assists, a figure kept down because HCA shot just 36 per cent from the field. The Eagles also made just two of nine free throws (22 per cent).

Hawks drop doubleovertime thriller

It wouldn't have seemed possible that Tuesday's rematch between the Rockwall-Heath and Wylie boys' basketball teams could be any tighter than the visiting Pirates' 48-47 victory at RHHS.

But there was the visible evidence on the scoreboard at Wylie after 32 minutes of regulation play. Again it was Wylie 48, but the Hawks also had 48

That meant overtime, and at the end of that 4-minute period, the board read,

After that, the Hawks' side of the board appeared to be stuck. The final score

was Pirates 66, Hawks 60, in two overtimes. So the actual finish wasn't quite as suspenseful as Wylie's earlier win on Chad

Hamilton's basket with 3 seconds to play. But the result looked familiar. It was RHHS' fourth District 10-4A game decided by three or fewer points or in overtime - all losses.

The leading scorers for the Hawks (8-19 overall, 1-9 in the district) were Cameron Martin with 20 points, Christian Nwabuko with 16 and Matt Greene

Martin and Nwabuko also were the top scorers Friday, Jan. 27, against Rockwall. But that time, the sophomore Martin scored eight and the senior put in seven points. The game wasn't close either, but a 55-34 victory for RHS.

free throw for a three-point play.

The lead was up to six points, but East had the ball. The Jackets tipped it away and it rolled into the backcourt with a Raider in nonchalant pursuit.

As he reached down for the ball, seemingly from nowhere came a streak that was RHS guard Jared Ragland. He slid across the floor and grabbed the ball, which went inside to Thomas again.

Missed shot, rebound, basket, foul, free throw made for another threepoint play that made the score 48-39.

"That was the play of the day, that save. That's what we've talked about. It was a senior stepping up and doing what he had to do," said RHS head coach Alan Simmons.

Partly because the Jackets missed eight foul shots in the fourth quarter, Wylie East moved back within four points at 49-45 with 34 seconds left, and because the strategy of fouling was working, hacked Rockwall's Austin Grandstaff a second later. He made two free throws then and two more 9 seconds later. Ragland put in two foul shots with 12.6 seconds remaining to ice the victory.

And it was an important win, putting RHS (18-9 overall, 5-5 in District 10-4A) a game ahead of the Raiders in fourth place, the district's final playoff position with four games to play.

"No matter what, we're in fourth place," Simmons said. He had other reasons to be encouraged.

"We had trouble against a man defense before tonight, when we had better execution of the offense. We've proven it to ourselves.' The Jackets dominated inside. On his birthday, Wes Davis scored

Rockwall's first 11 points, and finished with 15. Thomas, who had only one point in the first half, did his damage late and also totaled 15. Grandstaff scored 13, including 7 in the fourth quarter.

Unofficially, Grandstaff led the Jackets with 10 rebounds, Thomas grabbed nine and Davis pulled down seven.

Ragland had four steals, including the play of the game.

HCA Lady Eagles still unbeaten in district

The Heritage Christian Academy girls' basketball team zoomed to a 31-14 halftime lead over Greenville Christian School Friday, Jan. 27, then coasted home with a 46-28 victory.

By winning, HCA completed the first half of its TAPPS District 4-2A schedule in first place with a 4-0 record. The Lady Eagles resume district play Friday at the Rockwall Indoor Sports Expo against Longview Trinity School of Texas.

	1st	2nd	3rd	4th	Final
Greenville	6	8	3	11	28
Heritage	14	17	3	12	46

Rockwall-Heath Lady Hawks lose games of quarters

One bad quarter often has been a major factor in the Rockwall-Heath girls' basketball team's losses this season.

The Lady Hawks' last two games were no exception. And when they had two bad quarters against Rockwall Friday, Jan. 27 ... well, just forget about

In that game, RHS jumped out to a 13-2 lead after the first quarter. RHHS hung with the Lady Jackets well enough in the second quarter that the halftime deficit was just 28-13. Then Rockwall came out after the break and ran over the Lady Hawks 20-9 in the third quarter. Final score: 59-32.

At home against Wylie Tuesday, RHHS trailed by only one point, 12-11, after one quarter. This time the Lady Hawks laid a giant egg in the second #1 of the Founders Series Sunday, Jan. 15. quarter, which the Lady Pirates won 15-2 to go ahead 27-13 at halftime on the way to winning 54-37.

In that game, RHHS did a pretty good defensive job on everyone except

Colby Davis, who broke loose for 31 points. Katie Webster led the Lady Hawks in each game, with 11 points against

Anderson, Moore help Hawks stop slide

Jay Anderson and Hayden Moore scored goals Tuesday night to help the Rockwall-Heath boys' soccer team snap a five-game winless streak with a 2-0 victory over Garland Lakeview Centennial.

After defeating Ferris 4-1 in the season-opening Forney Jackrabbit Kickoff Classic, the Hawks had lost three games and tied two.

Three of those games were in the Garland ISD Tournament, where they tied Garland 2-2 before losing to South Garland 4-0 and Rowlett 2-0. Tyler Stevens scored both of Rockwall-Heath's goals against Garland.

After that, RHHS and Mesquite Poteet played to a scoreless tie in a game stopped after 35 minutes by rain on Jan. 24.

That was a week before the Hawks downed Lakeview.

Just one non-district game remains, Friday at North Forney, before RHHS begins district play Tuesday at Royse City.

Bulldogs Power Lifting compete in Rowlett

The Bulldogs' J.V. Power Lifting team competed last Wednesday, January

Returning with first place performances were James Brown on the "B" platform (over 181 and under 220 lbs) and Gerard Whetstone on the "D" platform.

Also placing on the "D" platform were Jake Glisch (1st) and Dondre

Cody Stricklin took fourth place on the "B" platform.

Cody Taylor placed fifth on the "A" platform (over 220lbs).

Colton Lane placed fifth on the "C" platform (over 132 and under 181). Chase Stricklin placed sixth on the "B" platform.

The next JV meet is Wednesday at Rockwall-Heath in the High School

The Bulldogs' Varsity Power Lifting team took a weekend off. Damion Foster is ranked first in Region 2, in the 242 lb. class. Daniel Hernandez is ranked second in the 123 lb. class. Alex Ramsey is ranked fifth in the 148 lb. class. Thomas Johnson is 13th the 220 lb. class.

The next varsity meet will be on February 11th at Emory Rains
