# Lake Pointe seminar tackles sleep apnea

Dr. Jessela Tan, a board-certified sleep physician on staff at Lake Pointe Medical Center, will present a lecture on sleep apnea beginning at 7 p.m. April 23 at the Lake Pointe Café, located in the medical center at 6800 Scenic Drive in Rowlett.

Sleep apnea is a common condition that affects more than 12 million Americans, according to the National Institutes of Health. Obstructive sleep apnea is a disorder in which complete or partial obstruction of the airway during sleep causes loud snoring, decreased oxygenation and

frequent wakenings.

Left untreated, sleep apnea can be associated with high blood pressure and other cardiovascular diseases, memory problems, weight gain, impotency, headaches, restless sleep and excessive daytime sleepiness. It also may contribute to job impairment and motor vehicle crashes. The sleep apnea seminar is one of the Lake Pointe Health Network Seminar Series events designed to keep the community informed and educated about medical topics.

das' kiss, Jesus directly approached the arresting group "Whom do you seek? They answered, 'Jesus of Nazareth.' unto them, 'I am he' And Judas also, who betrayed him, them. As soon then as he said unto them, 'I am he,' they ward, and fell to the ground. Then he asked them again, you seek?' And they said, 'Jesus of Nazareth.' Jesus anhave told you that I am he, if therefore you seek me, let heir way." (John 18:2-8). Notice how Jesus commanded on. Even they who walked by the power of Satan could do til it was time. They fell to the ground under Jesus Christ's

noon, and that the lines the x sus' disciples asked if they should strike with their weapons No late loads will be amen 19). All four Gospels reveal the account of Peter cutting off the high priest's servant. Jesus told Peter to put his sword re it belonged and said, "all they that take the sword shall h the sword." According to Bullinger, this may have been the words found in Genesis 9:6, "Who ever sheds man's man shall his blood be shed."

> en said an amazing thing, "Don't you think that I cannot now v Father, and He shall presently give me more than twelve

legions of angels? but how then shall the scriptures be fulfilled, that thus it must be?" (Matthew 26:52-54). Based on Bullinger's notes, twelve legions referred to 72,000. This reveals something very important. If Jesus had cried out for deliverance, his Father would have easily sent over 72,000 angels to his rescue. Bless his heart, good ole Peter thought he could jump in there and save God's beloved son.

After he spoke to Peter, Jesus touched the servant's ear and healed him. Jesus showed God's love even while being arrested! The Gospels of Luke and Matthew show that he continued to command the moment by saying, "You came out as against a thief, with swords and staves? When I was daily with you in the temple, you stretched forth no hands against me. But this is your hour, and the power of darkness" (Matthew 26:55-56 and Luke 22:52-53).

The only reason they could take him was because he allowed them to do so. The power of darkness refers to the devil. Jesus had authority over the power of the devil, and freely allowed the devil's servants to capture and kill him.

Jesus had the unique calling to give himself as the final Passover sacrifice for all of mankind, and understood this very well. Now, Christians can walk through their lives with the victory that is in the same Jesus Christ who is now alive and sitting at God's right hand of authority.

During the age of the grace of God, Christians are not called to be killed as sacrifices for God. Jesus Christ gave himself for that purpose. And God raised him from the dead with a new and glorious body.

Yet, the world still exists and Christians may still face different kinds of persecutions and hardships in life. Not only do they have the authority to command their situations to the end of winning over their enemies and the situations, they have our Lord Jesus Christ as an example of how to act, speak and think during moments of persecutions and tribulations.

#### **Rockwall ISD offers drama, 'The Yellow** Dress,' to illustrate dangers of dating violence

Parents and community members are invited to a special presentation of the dating violence drama, "The Yellow Dress," at 7:00 p.m., Thursday, April 9, in the Rockwall High School Cafeteria. "The Yellow Dress" is a dramatic one-woman play based on the stories of young women who were victims of violent relationships.

Following the presentation of "The Yellow Dress," Tanya Pankz, the mother of murdered 2001 Rockwall High School graduate Jennifer Pankz, will tell the story of how Jennifer was killed on December 27, 2002, by a boy whom she had been dating at the University of North Texas. When Jennifer tried to break up with the boy and leave the apartment, he grabbed her in a headlock, broke her neck and cut her throat.

Stephen Chartier is currently serving a 45-year prison sentence for murder. He is eligible for parole after serving 22-and-a-half-years.

The abusive relationship that ended her life was actually the second dating relationship involving violence in which Jennifer had been involved. The first had taken place while she was a high school student.

Following Mrs. Pankz's story, there will be a time for questions and answers.

Mrs. Pankz is the founder of the Jennifer's Story Foundation. From April 7-10, Jennifer's Story Foundation will be bringing "The Yellow Dress" production to juniors and seniors at both Rockwall High School and Rockwall-Heath High School.

Admission to this event is free and all community members are invited. Rockwall High School is located at 901 Yellowjacket Lane. For more information, please e-mail Sheri Fowler at sfowler@rockwallisd.org or call 972-771-0605.

## PUBLIC NOTICE

On March 6, 2009, Atmos Energy Corporation, Mid-Tex Division ("Atmos Energy" or "the Company"), filed a Rate Review Mechanism ("RRM") filing to increase its gas rates and implement a new schedule of rates and riders. This filing is applicable to all customers within all incorporated cities served by the Mid-Tex Division, with the exception of the City of Dallas. The proposed effective date of the requested rate changes is July 20, 2009. If approved, the proposed changes will affect approximately 1,186,634 residential, 97,855 commercial, and 790 industrial and transportation customers.

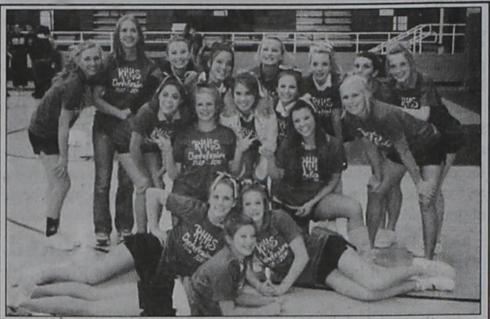

If approved, the proposed rates will increase the Company's annual revenues for the affected incorporated areas of its Mid-Tex Division by \$9,735,814, or 0.67% percent, including gas costs, or 3.40 percent, excluding gas cost. The proposed change in rates constitutes a "major change" as that term is defined by Section 104.101 of the Texas Utilities Code.

Based on the proposed rate design, the typical monthly bill for each customer class within the affected incorporated areas of the Mid-Tex Division will increase by the amount and percentage shown in the table below:

Customer Class	Current Bill	Proposed Bill**	Difference	Percentage Increase with Gas Cost	Precentage Increase without Gas Cost
Residential	\$85.97*	\$86.51*	\$0.54	0.63%	2.49%
Commercial	\$363.79*	\$364.88*	\$1.09	0.30%	2.39%

#### **City of Rockwall Commercial Zoning Question**

In regard to the proposed zoning request change on FM 552 h John King Boulevard (205 Bypass) and Breezy Hill as discus to the Choir and Orche March 16 City Council Meeting: In a democratic world where w our representatives, we assume these elected officials work in an to protect all citizens and work in the best interest of their const and share in a place of and the community. This would include past, present and futur stituents that support and elect them.

Now I'm not naïve, and I recognize that the most important cone a some streets and pa any red-blooded elected politician is their current constituency, t of Please park in ou past supporters or even those that may (or may not) vote for them mets future. When I learn of a situation where they are about to make motion about this musica sions that do not appear to have had adequate due diligence perfe I become concerned.

We learned on March 16 of a City Council meeting that same et to discuss a supposedly 'proposed' zoning change request. I was and 10. We will be sh town, but my wife and several neighbors that live in the area d athe graphic and intense adjacent to this tract attended the meeting to learn more of the pro adden No childcare is I They learned of a 50-acre retail development planned on the front

ay, April 10 -- 7 a.m.-5) If this property dispute went all the way to the Texas Su Court, why are we changing it now?

6) The road on the south side of the development is FM 552.1 nday-6:45 a.m. Sonris row two-lane rural road without a shoulder, which is not included , traditional flowering \$100MM bond recently approved by voters. Who will pay for these in 10:15 a.m., Easter Eg m., worship improvements on this already dangerous section of highway?

7) You would assume that a great deal of time and extensive rewould have been completed by the Planning and Zoning Commissi Palm Sunday, 10:30 a.r nto Jerusalem analysis, evaluation and planning, correct? Then you would be as the developer just made submission of this proposal in mid-Feb Maundy Thursday, 7 r of 2009 and had not been considered prior to that time. Why are with his disciples Good Friday, 7 p.m. V attempting to rush this through?

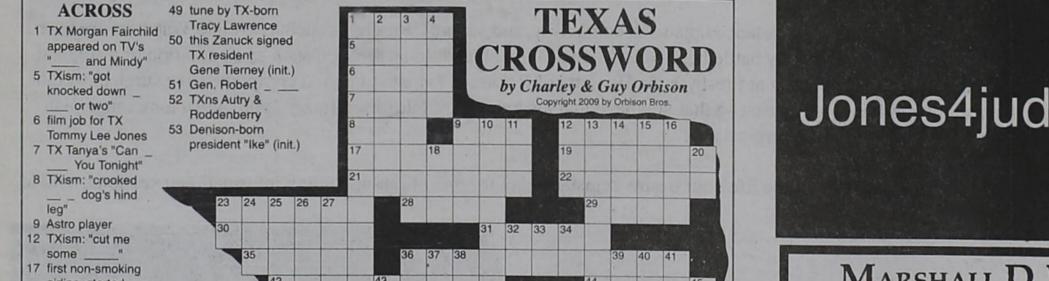

These are but a few of the questions that I have that are reaso save us from sin concern. You probably have a few of your own.

As I stated previously, I am not naïve. In addition, I know that tempt to stand in the way of progress is like trying to stop a bull and Church is located a with your bare hands. Rockwall is known for its growth, and that a one block north of the R this an interesting place to live. I believe strongly in the rights o Paul Appel is Joy's pas individual property owner and will stand up and defend this right church's Web site is joy myself and all others. I'm certain a member of the City Council have answers, and rebuttals, for all of my questions. But why more forthcoming with this information earlier?

When an elected official is running for office, they are everythe friend. But you have to wonder, who are they most interested in pro ing? With all of these questions, on the surface there can be the ap ance of either an attempt to deceive or rush into something too qu

> Either way, that concerns me My questions should have answered before this meeting simply investing the time to lyze, evaluate and plan for type of project. Then communication the best option to all parties not react in a 'knee jerk' mil to a request by a developer may not be concerned with best long-term interest of the or county.

Rockwall is a great plat live and raise a family, and thankful we have citizens that willing to serve our comm at all levels. The only reas feel compelled to write down thoughts is to help continue atmosphere that contributes desirable community for all to live. I would hate to wald communication deteriorate the city, the county and its dents. We need representation w clear vision of the future to our growth and then con cate in a manner that no 0 surprised with last minute prise' events that will affect many and may jeopardize we know and love about this Communication is the found of a government that serves best interest of its citizens great community. The Panthers regained the lead on a power play goal at 4:33 only to watch Rockwall junior Joey Ullmann knot it again with a break away goal a minute later.

The see-saw battle continued as Plano East took advantage of a power play to regain the lead, only to see Rockwall's Hargrove knot the score at 8 apiece with an assist from Rockwall senior Matt Kinnear.

As time was winding down in a hectic middle period, the Jackets finally reclaimed the lead when Rockwall Heath senior Brandon Bambico found the net with an assist from Rockwall Heath freshman Clark Pope.

The Jackets added to their lead early in the third period, as Hargrove set up Roberts for a score.

The Panthers pulled within one a minute and a half later but the momentum was already swinging toward Rockwall.

The Jackets would finish the game with three unanswered goals. Cook scored his third goal of the night raising his team leading total to 53 points for the season. Soon after, Rockwall Heath senior Chris Rogers skated behind the goal and bounced the puck off of the goalie's skate for the goal, Mario Lemeiux style. Thirion finished the scoring fest with his 52nd point on the season with an assist from Cook late in the final period.

The Jackets will bring a club record 19-4-1 record into the Metroplex playoffs next week, facing Hurst/Euless/Bedford (5-17-2) April 7th . The Rockwall Ice Hockey Club competes in the AT&T Metroplex High School Hockey

# HCA falls a run short in softball tournament

#### by Lary Bump

Rockwall's Heritage Christian Academy won three of five games last weekend in the Carrollton Christian Academy Tournament, but bowed out with a tough loss.

The Lady Eagles lost in the losers' bracket 4-3 to Prince of Peace, but according to HCA head coach Rick Trapane could have had two more runs.

He said, "Audrey Salter and Lauren Pettit both were called out with controversial calls as they crossed home plate. Both players were clearly safe and had beaten the tags to the base."

Brandi Hawkins had two of Heritage Christian's six hits. Losing pitcher Jordan Miller also gave up six hits, and just two earned runs.

HCA's three victories were all easy, high-scoring shutouts. The Lady Eagles opened with a 10-0 win over McKinney Christian. After losing 9-6 to Bishop Dunne, Heritage came back to drub A+ Academy 15-0 and whip Trinity Christian Academy-Addison 14-0.

Against McKinney, Miller pitched a two-hitter and her teammates

#### supported her with 11 hits.

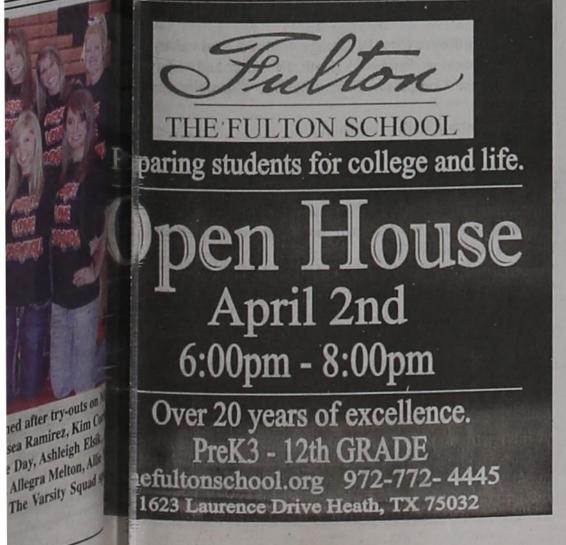

The Lady Eagles' defense deserted them against TAPPS 5A Bishop Dunne. Two errors combined with passed balls and wild pitches for some gift runs. Hawkins, Roxanne LaMarre and Audrey Salter all were 2-for-2 for HCA.

The results were the same, but achieved by different means, in the next two games.

Against A+, HCA pounded 11 hits - including home runs by LaMarre, who was 2-for-2, and Salter. Elizabeth Mateer also was 2-for-2. Hawkins and Gabby Mezarina combined for the shutout. Then, the Lady Eagles had just two hits against TCA, by Miller and Mateer, but used 18 walks and 36 stolen bases to manufacture 14 runs. Miller gave up just two hits and no walks.

Hawkins led the Lady Eagles in the tournament with eight hits and eight runs. She tied Salter and Lauren Pettit with 17 stolen bases. Miller drove in six droves, and Mateer batted .833 (5-for-6).

## HCA's Graham, Rochester Christian's Uvere top newcomers

Rockwall's highest-ranking players on the TAPPS District 4-2A All-District basketball team are new players.

Heritage Christian Academy guard Chase Graham in the boys' Freshman of the Year, and Rochester Christian's Mary Uvere is the girls' Newcomer of the Year.

Rockwall Christian placed three seniors on the boys' All-District first team and one on the girls' first team. The Eagles' had one first-teamer on each of the boys' and girls' All-District squads.

The Warriors' first-team representatives are guard Jordan Ogle, forward Landry Lee and post Michael Uvere from the boys' team and senior guard Tori Hogdon from the Lady Warriors.

HCA's first-team players are junior post Micah Griffey (boys) and se-

nior guard Audrey Salter (girls).

On the All-District second team are senior guard Trovion Willis and junior guards Charlie Wilson and Sherman Peoples from the Rochester Christian boys, junior guards Lauren Rorie and Shaundler Boulware from the Lady Warriors, Graham and Josh Peschell from the Heritage Christian boys and senior post Elizabeth Mateer and senior guard Brandi Hawkins from the Lady Eagles.

Receiving Honorable Mention are Rockwall Christian senior guard James Lee (boys) and senior posts Jessica Widmer and Danielle Robison, sophomore guard Megan Mooney and freshman guard Dawnetta Peoples (girls), and HCA sophomore guards Aaron Mateer and Colton Read (boys).

# Shutouts send Rockwall into softball showdown y Ha

#### by Lary Bump

The first half of the district season is over. The last three games, which could be considered preliminaries, are over and in the win column.

Now comes a week with two games that will determine the Rockwall softball team's place in the District 10-4A playoff picture.

At the district season's halfway point, the Lady Jackets are 6-1 (and 16-10 overall), in a three-way tie with Royse City and Rockwall-Heath. This week's games are Friday at Royse City and Tuesday at home against Rockwall-Heath.

The teams seem evenly matched. During the first half of district play, each home team won when they played head to head. If that happens again and the three leaders continue to feast on the teams below them in the standings, there could be some serious tiebreaker issues.

Royse City comes into Friday's 7 p.m. game with a six-game winning streak since losing 7-0 at Rockwall March 10 in each team's first 10-4A game.

The Lady Jackets have won their last three games by a combined score of 41-0.

They won 14-0 Monday afternoon at Highland Park in a game postponed by rain Friday. Shelby Frierson went 3-for-3 with a triple to lead Rockwall's offense,

The next night at home, RHS ripped Greenville 12-0. Frierson hit grand slam home run, and Haley Lemons and Cyndi Bertrand each had a double. Laycee Holcomb pitched four innings and struck out nine Lady Lions (2-5, 8-6).

There's a difference between the first Rockwall-Royse City game and this one. Holcomb, who entered the season as the Lady Jackets' No. 1 pitcher, missed that game because of a fractured tailbone.

Neither coach, Rockwall's Shadie Acosta or the Lady Bulldogs' James Bain, was pleased with their team's opening game. The Jackets at least had flawless defense and Kat Brown's clutch pitching for encouragement.

Both coaches expect better play this time. Acosta said, "I game on Friday to be a great battle. Royse City will be on the and I know that our team is ready for the challenge.

"Both of our pitchers are healthy and are ready for this toug Offensively, we will need to be disciplined against their pit balls and jump on the great pitches early in the count. Our have quality at-bats, and we know that great things will happ It could be that Royse City's home-field advantage would to in the Lay Bulldogs' direction.

Or the game's winner could be which starting pitcher - H RC's Alicia Pille, both coming off one-hitters - prevails in duel.

#### by Lary Bump

Travis Ballew had been throwing fastballs past Highland Park's Ben Chaney all night Tuesday.

So with Rockwall clinging to a 4-3 lead, the tying run on third base, two out in the bottom of the seventh inning and a 3-2 count, the Yellowjackets' right-hander wound up and threw ...

A curve. The pitch fooled Chaney, who took strike three to end the game.

Pitching coach Russell Crossland called for that pitch, even though Chaney had beaten out an infield single on a curve.

Said head coach Jeff Payne, "It's good to have a big-time arm out there who can execute things like that with all the pressure on." The Jackets actually have two pretty good arms. On Monday night, Tim Parish pitched a two-hit shutout to hand Carrollton Newman Smith its first District 10-4A loss and put Rockwall in the district lead alone.

The next night, with Newman Smith's team in the stands because its game was postponed, it was Ballew scattering seven hits at Highland Park (4-2 in the district, 15-8 overall).

Payne said, "They are the horses, and we're riding them right now." The coach said he started the pitchers in those games because "Newman Smith is fast. Parish holds runners well and has quick feet. It's hard to win at Highland Park. Ballew just made sense."

base. The Jackets (6-0, 15-2) had taken a 4-2 lead with an unearned run in the top of the seventh. But the Scots' J.B. Gadd led off the bottom of the inning with a single and scored on Warren Smith's double. Smith advanced to third on a wild pitch.

Ben McElroy then hit the ball hard, but drawn-in shortstop Michael Hatcher grabbed it on one hop, held Smith and threw out McElroy. Bryan Dickenson's grounder to Ballew was the second out, and set up the drama with Chaney.

Ballew had driven in the game's first run with a fourth-inning ground out. The Jackets scored twice in the fifth, with the first of HP shortstop Alex Flink's two throwing errors allowing one run and Klayton Estes doubling home the second.

Flink made up for his errors by hitting two doubles and scoring after each of those. He was on deck when the game ended.

A key play was an umpire's reversed call that kept the game tied 1-1 after the fourth inning. After Ryan Gros singled home Flink, the bases were loaded with one out. Gadd hit a fly ball down the right field line.

Jonny Blake fielded the ball and threw home in plenty of time, but up the third base line. Catcher J.D. Deloach made a sweeping tag, which pinch runner Knox Holliday tried to avoid. The home plate umpire ruled

that Deloach had missed the tag, but Payne persuaded him to check with

the base umpire. He called Holliday out to end the inning.

At home against Newman Smith (4-1, 11-3), the game was until Deloach's fifth-inning double sent Blake home. The Jack a run the next inning, when Spencer Edwards scored on Paris fice fly.

Rockwall will complete the first half of the district seasor Friday at 7 p.m. against Greenville. The Jackets will play and game at Dallas Christian Saturday at 2 p.m., then begin the seof 10-4A play Tuesday at Royse City.

Payne said leading the district through the season's first half tant.

Less than two points separated Rockwall from winning the girls' gymnastics District Championship Thursday and Friday, March 26 and 27. RHS' Sarah Beasley missed the individual championship by 2.1 points. Margaret Mayfield led South Garland to the team title by winning the vault, balance beam and floor exercise. That allowed her to win the allaround championship with 77.300 points to 75.200 for Beasley.

The Lady Jackets' top placing in an individual event was Beasley's second place on the balance beam with 19.050 to 19.450 for Mayfield. Beasley also finished fourth in the vault (18.700) and fifth on the uneven parallel bars (18.800), and tied with teammate Kara Miller for fifth in the floor exercise (18.650).

Other RHS gymnasts among the leaders were Laura Robertson, fifth (73.780), Lindsay Loy, seventh (72.950); Megan Hasenyager, ninth (69.650) and Ellie Moses, 15th (54.350).

In individual events, Robertson was fourth on the bars (18.900), fifth in the vault (18.400) and seventh on the beam (18.300); Loy placed fourth on the floor (18.700); Miller was sixth on the bars (18.650), and Moses finished fourth on the beam (18.550).

Eddy, owner of 178 strikeouts, including 13 in a five-inning, 13-0 nohitter against Richardson Pearce March 30, has been even better in the district, compiling a minuscule ERA of 0.41.

She has surrendered just two runs total, earned or otherwise, in 29 district innings and they both came on one swing by Royce City pitcher Alicia Pille in the Lady Hawks' only league blemish, a 2-0 loss to the Lady Bulldogs.

But Heath could be even better, at least offensively.

Senior shortstop Sarah Long, who led Heath in virtually every batting category last season, including a remarkable streak of hitting safely in all 32 games the Lady Hawks played last year on her way to an amazing batting average of over .500, is out indefinitely with a stress fracture in her back.

"It's hard not to play," said Long, who has been teammates with some of the Lady Hawks since the third grade. "We've been together for so long and now I can't play. But maybe in college."

Long has been offered a softball scholarship to Plains Junior College, where she hopes to begin pursuit of a career in nursing.

# Lady Hawks track team battles wind and cold to take 3rd at Bulldog Relays

Continuing their string of weather-plagued meets, the Rockwall-Heath girls track team battled wind and cold to finish third at the Royse City Bulldog Relays March 28.

The Lady Hawks produced one individual winner and one relay champion on the way to racking up 109 points. Host Royse City took the rung nerup spot with 110 points behind a dominant first-place Forney team that totaled a whopping 288.

"It was 34 (degrees) when we got there," said Heath coach Libbey Holley, whose team has not had a decent day for a meet all season. "It was really cold and windy. It was just windy and brutal."

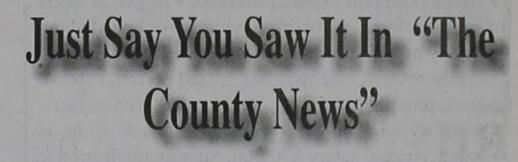

Brianna Richardson took first in the triple jump with a leap of 36-0.5, about two feet shorter than her normal distance due to the windy conditions. The Lady Hawks 4x100 relay team also emerged victorious, with anchor Jasmine Williams, who ran a 11.690 split, crossing the finish line in 52.74.

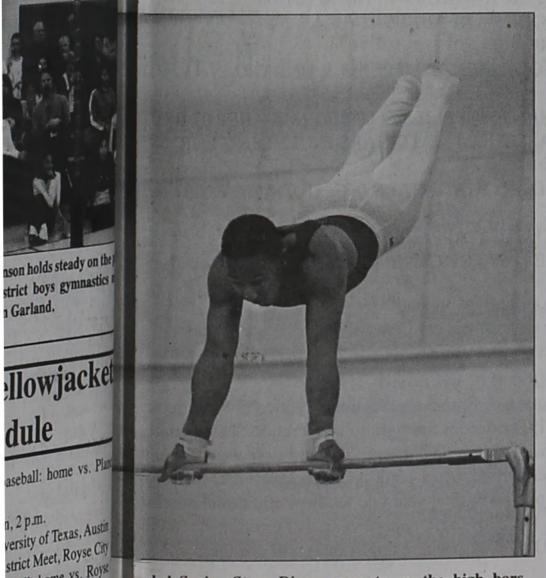

Other members of victorious relay were Sharneece Pratt (12.64), Richardson (12.38) and Cori Kelly (14.43).

Williams also had a good day in the individual events, despite the poor conditions, taking second in both the 100 (12.04) and 200 (27.5) meters.

Also taking second was the 4x400 relay team of Pratt (65.8), Jackie Meyers (66.34), Brittany Hugget (67.5) and Rachel Garcia (65.4), who finished in 4:24.

Other placers: 3200 - 3. Andrea Moeller 3. (13:05), 5. Cassie Munoz 3200, 6. Maria Zaldivar (14:35). 800 - Meyers 5. (2:46), 6. Amanda Penney 6. # Lady Bulldogs take **6-games into showdown**

#### by Lary Bump

After coasting through the last three games, the Royse City softball team hopes to step up the intensity for Friday night's home game against Rockwall.

The losing team will fall out of the three-way tie for the District 10-4A lead through the first half of the district season.

"Our kids will look to the competition ahead of time and decide whether to play hard. We as coaches keep telling them they can't turn it on and off like a light switch," said RC head coach James Bain.

The Lady Bulldogs' only district loss came at Rockwall March 10, 7-0. They have won six consecutive games since that loss, the only one in 14 games for Royse City (6-1 in the district, 16-8-2 overall).

That night, RC didn't play well, squandering scoring chances and giving the Lady Jackets runs and extra chances with poor defense.

Bain said that night he didn't think the team had made a good effort. "It was one of those nights when everything fell apart." There shouldn't be a problem with motivation for Friday's 7 p.m. game.

Royse City's two most recent victories were 7-2 Friday at Carrollton Newman Smith and 10-0 Tuesday at home against Carrollton R.L. Turner, teams near the bottom of the district standings.

Bain said, "Friday was a bad night with disastrous weather. We played just like the weather was."

That night, Alicia Pille held Newman Smith to three hits, but two were solo home runs. Leading the Lady Bulldogs' offense was Julia Zielinski with a double and a triple. Pille and Ashley Heinaman each hit a double.

Against Turner, Pille gave up only one hit, a double by Jenesi Ramirez. Among the Bulldogs' 10 hits were Dezy Arredondo's home run, Shelby Pille's triple and Heinaman's double.

Bain said, "It all starts over on Friday. Our toughest games will be three of the first four. Those will determine where we stand."

After playing Rockwall (6-1, 16-10), the Lady Bulldogs will visit fourth-place Richardson Pearce (4-3, 15-3-1) Tuesday at 7 p.m. Then they'll go to Rockwall-Heath (6-1, 14-5) April 14 for the final showdown among the three teams currently tied for first place in the district.

# **Highland Park holds off Royse City Bulldogs**

Royse City's baseball team fell short Friday night, losing a 5-3 decision at Highland Park.

Josh Volk put down the Bulldogs' attempt to rally in the seventh inning to save the victory for left-hander Crayton Bare. Richard Morrison took the loss for Royse City. The Scots, who improved to 4-1 in District 10-4A and 15-7 overall, managed just four hits. Among those hits were Garrett Childers' home run and a triple by Ben Chaney.

#### by Sheldon Richman

An urgent message to the people of China: Don't lend the U.S. government another dime. If you do, you will be hurting not only yourselves but also the American people. Invest in real productive ventures here or elsewhere. But please - don't buy any more government debt.

That may sound unpatriotic, but I can't think of anything that would better serve the long-term interests of honest Americans and therefore the country itself. The national government, regardless of which party was in power, has been binging for ages. The national debt is more than \$10 trillion (not counting trillions in unfunded commitments such as Social Security and Medicare). The budget deficit will be much more than \$1 trillion a year for years. Spending is up to \$3 trillion a year and growing. Something's gotta give.

Dear Chinese people, what have you been thinking? Do you expect to be paid back? Author Peter Schiff recently asked an audience to imagine a U.S. president saying to the American people that it is now time to raise taxes and cut spending because ... we have to pay the Chinese back. Not going to happen.

The government has no intention of really paying you back anyway. It may appear to do so, but only after borrowing the money to do it. It's the Bernie Madoff method. (I agree with Schiff: Barack Obama should have made Madoff secretary of the Treasury; Obama's budget will require his talents.)

So we'll borrow from you, Chinese friends, to pay you back. Are you going to let American politicians scam you like that?

More important, the government will renege. Not outright by explicitly repudiating the debt - though that is not out of the question sometime in the future. No, it will do it subtly through inflation. The "independent" Federal Reserve will monetize the debt by buying Treasurys in the open market with money created out of thin air. It just announced it was stepping up its purchases. This, among other serious consequences, will depreciate the U.S. currency. Payment of debts will be with cheaper dollars. Don't fall for this scam, dear people of China.

In protecting yourself, you'll be doing your American friends a favor, too. The Fed has been creating trillions of dollars in funny money. The money is bottled up in the banks because anxiety has dampened the desire to lend and to borrow. Ironically, as confidence begins to return, that money will pour into the economy and inflation will hit full force: distorted relative prices, misdirected investment, income distribution, calculational chaos, and generally rising prices. Oh, sure, the Fed says it will withdraw the funny money at just the right moment, preventing the inflationary effects. If you believe those bureaucrats can know enough to do that, I have some gold in Fort Knox to sell you.

Once inflation's effects are raging, politicians will vilify greedy businessmen for gouging the public. Demagogues will score points with voters by calling for price controls. If they get them, things will really get ugly, as we know from the 1970s, when Nixon imposed wage and price controls. Controls designed to hold prices below the market-clearing level will bring chronic shortages of products.

simply, these 10th Amendment resolutions insist that the states and their people are the masters and that Congress and the White House are the servants. Put yet another way, Washington is a creature of the states, not the other way around.

Congress and the White House will laugh off these state resolutions. State legislatures must take measures that put some teeth into their 10th Amendment resolutions. Congress will simply threaten a state, for example, with a cutoff of highway construction funds if it doesn't obey a congressional mandate, such as those that require seat belt laws or that lower the legal blood-alcohol level to .08 for drivers. States might take a lead explored by Colorado.

In 1994, the Colorado Legislature passed a 10th Amendment resolution and later introduced a bill titled "State Sovereignty Act." Had the State Sovereignty Act passed both houses of the legislature, it would have required all people liable for any federal tax that's a component of the highway users fund, such as a gasoline tax, to remit those taxes directly to the Colorado Department of Revenue. The money would have been deposited in an escrow account called the "Federal Tax Fund" and remitted monthly to the IRS, along with a list of payees and respective amounts paid. If Congress imposed sanctions on Colorado for failure to obey an unconstitutional mandate and penalized the state by withholding funds due, say \$5 million for highway construction, the State Sovereignty Act would have prohibited the state treasurer from remitting any funds in the escrow account to the IRS. Instead, Colorado would have imposed a \$5 million surcharge on the Federal Tax Fund account to continue the highway construction.

The eight state legislatures that have enacted 10th Amendment resolutions deserve our praise, but their next step is to give them teeth.

Call me crazy, but I want to persuade the ultra-intelligent president that his Swedish-entitlements vision for 300 million Americans is an opium-fueled pipe dream. Self-reliance has made this country great, not federal foot massages.

I will consistently deliver that message to the president, Nancy Pelosi, Barney Frank, Harry Reid and the rest of the gang who couldn't spend straight. I'll do that hoping the Democrats will wise up and impose some discipline in the fiscal area. If they do not control federal spending, they will suffer big losses in the congressional races just a year and a half from now.

Until then, here's looking at you, good ratings.

Remember the gasoline lines and alternate-day buying in the 1970s? We could see that at supermarkets. If we get to that point, our misrepresentatives and public self-servants could well propose rationing so that everyone gets his "fair share" of the shrinking supply of goods. Hello, World War II ration books. Would the potential for civil unrest be far behind? I'm not so sure.

So, dear Chinese friends, please, do us all a favor. Do not lend the U.S. government money. Don't buy bonds, T-bills, or Treasury notes. Force this government to live within its means. If politicians want to spend more than they are already raising in taxes, make them go before the American people and ask for higher taxes. Give us a fighting chance.

Public debt is dishonest because it makes government look less expensive than it really is. And it cheats you, the creditors.

End this dishonesty. End the economic turmoil. Don't buy U.S. bonds!

#### A means of oppression...

Quotes from a speech by Charles Adams

When popular support for a law, especially a tax law, disappears, the state has to fall back on what the great sage of the Enlightenment, Montesquieu called, "extraordinary means of oppression." That seems to be what we have experienced and are likely to experience in the decades ahead. The likelihood of a major tax change in our society may depend on just how fed-up the people are with the income tax system. With the "evil empire" now gone, tolerance for a bad tax law may completely disappear and a powerful democratic force for change may bring us a new and better tax law. But beware, don't expect too much, unless someone comes up with a much better mousetrap. And even then, we should remember this poetic couplet of Alexander Pope, written 250 years ago:

> "Who ever hopes a faultless tax to see, Hopes what ne'er was, is not, and ne'er will be."

Attorney Charles Adams is the author of "When in the Course of Human Events: Arguing the Case for Southern Secession," and "Those Dirty Rotten Taxes: The Tax Revolts That Built America." Much of this material and more on this subject can be found in his book, "For Good and Evil: The Impact of Taxes on the Course of Civilization." http://www.lewrockwell.com/orig2/adams7.html

## **About the First Amendment**

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances. - The First Amendment to the U.S. Constitution

The First Amendment was written because at America's inception, citizens demanded a guarantee of their basic freedoms.

Our blueprint for personal freedom and the hallmark of an open society, the First Amendment protects freedom of speech, press, religion, assembly and petition.

Without the First Amendment, religious minorities could be persecuted, the government might well establish a national religion, protesters could be silenced, the press could not criticize government, and citizens could not mobilize for social change. It's well worth defending and we intend to do so.

# Lady Bulldogs finishes second in Royse City invitational track m

#### by Lary Bump

Megan Frausto won three events and scored 39 team points to lead the host school's girls to second place in Saturday's Royse City Track Meet.

Frausto, the high point scorer for either girls or boys, placed first in the 800-meter run in 2 minutes, 38.07 seconds, 400 (1:01.21) and long jump (16 feet, ¼ inch). She also was third in the triple jump at 32-10 ¾. Despite her efforts, Forney easily out-pointed the Lady Bulldogs 288-

110 to win the varsity girls' championship. The Royse City junior varsity girls also placed second with 125 points to 245 for Forney. The Bulldogs' varsity boys were fourth with 64 points

in the only competition that Forney didn't win. Rockwall-Heath's boys'

varsity finished first with 142 points. The Royse City JV boys were third with 109.5 behind Forney (154) and Sachse (138).

For the Bulldogs' JV boys, Matt Rich won the pole vault at 11-6, the triple jump at 37-8 1/2 and the 300 hurdles in 46.59 seconds, and placed second in the 800 in 2:26.03

B.J. Farrar won the varsity boys' 400 in 52.96, more than two seconds ahead of the second-place finisher.

Other first places went to Skyler Strahm, varsity girls' high jump (5-0), and Breanna Cole, JV girls' long jump (14-1). Cole also was third in the triple jump (28-2).

For the varsity boys, Ty Johnson was third in the 300 hurdles (46.77)

and Luke Beck third in the pole vault. He and Joseph Beck place, both cleared 14 feet, which was six inches below the height. Both the 4x100 (45.34) and 4x200 (1:36.22) relay to third, each less than half a second off the winning pace.

In the varsity girls' competition, Autumn Landers place both the 400 (1:06.68) and long jump (14-8 1/2), and Raven was third in the 100 (12.90). The 4x200 relay team finished 1:55.14, and the 4x400 relay was third (4:30.12).

The JV girls' relay teams also were successful, placing ser 4x100 (55.74), 4x200 (2:02.62) and 4x400 (4:54.36). Brea finished second in the long jump (13-6) and third in the 2001 the 400, Erica Poe was second in 1:11.44 and Kaila Cervan 1:12.07. Other second-place finishers were Tiffany Cooper (14.14) and Hanna Parker in the shot put (25-9).

Among the JV boys, Damion Foster was second in the sh 1/2) and third in the discus (103-10 1/2). Also in second place tance runners Kevin Brannin in the 1,600 (5:50) and Kevin in the 3,200 (12:11.36). Zach Posey finished third in the 1 (18.30) and Jared Tumbleson third in the 800 (2:27.48).

It was no blowout, even though a chill wind blew across the field at Lovejoy High School Friday.

In fact, Rockwall soccer team had the Highland Park girls back on their heels two minutes into the second half. The Lady Jackets led 1-0 on Randi Soldat's first-half goal and were pressing their advantage to score again.

That's when Rockwall's crossfield pass went wide and back toward midfield, where the Lady Scots' Hannah O'Donnell corralled it and broke out past for a breakaway goal as defender Dani Arzola tried valiantly to catch up.

HP scored again off a corner kick in the 67th minute and held on to escape with a 2-1 victory in. the playoffs' sectional round.

When the playoffs began, Rockwall wasn't considered likely to get past the first round, let alone winning twice and pushing the division-rival Lady Scots.

RHS (9-11-6 overall) finished fourth in District 10-4A, which meant the Lady Jackets would be playing a team that finished higher in the standings unless they ran into some other upstart fourthplace team.

During the regular season, they'd lost one game and tied another against Highland Park (19-2-5), 10-4A's second-place team. "We had a great season. This was a lot more than anybody expected from Rockwall girls' soccer. We've gone to the playoffs four times in my six years here, but every other time we lost our first game."

On Friday, the wind was so strong that on goal kicks and free kicks, it would blow the ball to the side as the player prepared to kick it. Neither team had a sustained advantage through most of the first half. HP's best chance came on a corner kick 10 minutes into the game. The Lady Jackets had a chance when Kendall Smith moved in on the goal but was stopped.

In the 34th minute, six minutes before halftime, a pass bounced in front of the Lady Scots' net. Rockwall's Randi Soldat moved in and kicked the ball past the goalie low and two her left. Highland Park maintained a ter-

ritorial advantage until the 67th minute, when a corner kick from the right corner sailed high to

the left of the goal. Jenn then headed the ball bad to the right corner of the goalie Bekah Barton did a chance.
