IT IS YOUR RIGHT

To demand that the pharmacist who compounds your prescriptions use every possible care to get them right. Not only must he try his best to get them right, but he must do so.

No men, professional or otherwise, have a greater responsibility placed upon them than do druggists. Their working hours are long but they must be absolutely accurate. A moment's absence of mind might cause a loss of life. We only mention this to show you we appreciate the necessity of constant vigilance and alertness. We are not objecting to our hours though we would like them shorter.

We use every precaution to guard against error. Our prescriptions are all put up by registered pharmacists, and the items are always checked a second time as a safeguard.

THE COLORADO PUBLIC SCHOOLS BEGIN ANOTHER YEAR UNDER THE MOST FAVORABLE CONDITIONS

Interesting Exercises Mark the Occasion. Helpful Talks by President of the Board, Superintendent and Visitors and Others.

The old school bell has tolled the knell of youthful summer joys. The girls all meekly get in line, With just a sprinkling of boys.

Some truant ones may hide out, A few days in dissent; In later years the last one in May become our President.

The exercises at the auditorium Monday were certainly a delightful beginning for what bids fair to be the most prosperous year in the public school's history. The building was filled to overflowing with pupils and interested parents. The school board and teachers occupied the stage and a handsome and distinguished looking body they were.

The exercises were opened by singing America. Mr. Elliott read the 103 Psalm with comment. Mr. Bond asked God's blessings upon the school and its supporters. Another song was sung, after which Mr. Chatfield, former superintendent of the Abilene schools made a beautiful talk on the importance of a teacher's position. Mr. Wiggins the Sunday school man in the costume of a Shepherd boy of the far east made a fine address on the character of David as he has been studied in the Sunday schools the last few months. He then showed a number of interesting objects from different parts of the Holy Land.

Dr. Phenix president of the board gave a splendid welcome address, after which Prof. McDonald explained very fully the work to be done by teacher, pupil and parent to make a successful school.

Mr. Hale principal of the Central Ward school made a very fine talk causing all to be most favorably impressed with him. The rest of the day was spent in classifying and arranging the different rooms.

The teachers for this year are. C. L. McDonald, Superintendent and teacher of higher branches.

Miss Nannie Ellis teacher of English and History.

H. L. Darwin, Mathematics and Science.

Frank H. Newly, Latin and History.

FREIGHT WRECK NEAR LORAIN

Tuesday morning about four o'clock a serious and fatal freight train wreck occurred five miles east of here at Loraine tank, in which fourteen loaded cars were precipitated into the ditch, but the engine stayed on the track. In the absence of any other, spreading of the rails is assigned as the cause.

Dr. Coleman was taken to the scene of the wreck, where after search a young man was found pinioned under a car of lumber, in which he had been riding. He was given what medical assistance the doctor had at hand and brought to Colorado and taken to the court house for more critical examination and thorough treatment. There was no visible evidence of his fatal injuries, but he had been crushed about the chest and spine by the lumber and after lingering until 11 o'clock death mercifully ended his suffering.

On being questioned, he stated his name was Lee Holland, and that his home was at Jasper, Ala. Telegrams were sent to addresses found upon him, and a reply was received by Sheriff Bird stating that Holland's parents were living at Jasper, Ala. and have been notified of their son's death.

HUBBARD'S FALL PURCHASES

A Record man was in Hubbard's store on the corner of Second and Oak streets the other day and couldn't help but notice the great quantities of goods being received. Mr. T. A. Hubbard has just returned from market where he purchased large stocks of fall and winter goods in St. Louis, Chicago and New York. He said he found clothing, shoes and furnishing goods, the kind he carries, cheaper than for many years, which means that he will be able to sell cheaper than formerly. Mr. Hubbard said he bought unusually heavy in view of the promising trade prospect for the coming season, and we believe the bumper crops being made in this western country fully justify his extensive purchases. But there was one thing we found him grumbling about and that was the lack of room to put the great shipment of goods arriving daily, and he said he was making prices very low in order to clear out certain lines of goods to make room for the new stuff. Mr. Hubbard thinks this is a wonderfully great country and intends to do what he can toward its development. He is a most pleasant business man and has around him a corps of clerks of like agreeable manners. No one ever goes away from that store for the lack of courteous attention.

THE KINDERGARTEN

The Kindergarten will open school Monday in the Woman's Club rooms of the court house. One dollar per month will be charged for each child, and all who have children within the kindergarten age are invited to send. The association have a very fine, teacher, Miss Olenbush of Waco who has had training in Chicago and will no doubt do splendid work. Come Monday and bring your children. There will soon be some startling announcements made regarding this Store and the Fall Bargains.

HON. J. W. BOYNTON NOMINATED FOR CONGRESS.

The Republican Congressional Convention which met in Sweetwater, Saturday, the 22nd bestowed much honor upon Anson and Jones county, by nominating one of her worthy citizens as a candidate for the high office of congressman from this the 16th district.

Hon. J. W. Boynton is our neighbor and our fellow citizen; he is a lawyer who stands high in the profession, and a gentleman of sterling integrity who is eminently capable of filling the office for which his party has nominated him.

The Republican party in Texas has always been, and is, weak in its voting strength, and has merely been regarded as holding its organization in statu quo, merely for dispensing the spoils among their leaders when their party is in control of the national government, but for the last few years they have looked more to principles and to men of capacity to represent them than they have to the perquisites, and by this method they are gaining strength and eliciting favor. This is why such men as Mr. Boynton are named for the responsible offices, and it suggests the thought that the erstwhile harmless minority from a democratic point of view, may yet become a formidable foe.

Mr. Boynton appreciates the honor conferred upon him and will canvass the district in the interest of his candidacy. We extend congratulations to our neighbor and bespeak for him a courteous consideration when he goes out to campaign the district.

BOARDERS WANTED—The Glisson place, next door beyond Opera house, formerly conducted as a \$2-a-day house, is again ready, under the management of Mrs. Foster, to accommodate a limited number of regular boarders. Call at house or phone No. 190.

AS JUDGE SMITH SEES IT

Washington, Sept. 5.—Representative W. R. Smith is in Washington in connection with the reclamation work of New Mexico by which lands around El Paso are to be benefited.

Judge Smith is anxious to have the reclamation service hurry the work of the Engle dam in New Mexico, which is delayed through failure to obtain title to lands to be submerged by the big dam.

He says the democrats are playing fine ball in the present campaign. "It seems to me," he said, "the democratic national committee has played an errorless game thus far and the speeches which Mr. Bryan has made have caused the country generally to awaken to the fact that he is a seasoned, broadened publicist, pre-eminently qualified for the highest office in the world. I believe he will be elected."

Added **New Line of Goods**

After due consideration we came to the conclusion to add a line of good, strong, medium-priced MEN'S SHOES, GENTS' FURNISHINGS and WORKING CLOTHES to our stock. We realize and appreciate the fact that just at this time money matters are a little close and it is prudent for each and every one to place their dollars where they will go the furthest and last the longest. With this point in view we placed our orders for Men's Shoes, Gents' Furnishings and Working Clothes. We bought the best goods that could be bought for the money. We are going to put these goods on display for the public inspection and if you buy from us we will say this to you, that every time you decide that your money is not well spent with us we will refund it to you on return of your purchase.

Our Men's Shoes Range from \$1.50 to \$3.50

We recommend these shoes to have solid leather soles, solid leather counters and full vamp. They have as much style and appearance about them as any \$5 or \$6 shoes. They are new, they are good.

Our Furnishing Goods

will be a medium-priced, good, clean line, full weight, full size, well made. Try them and be pleased. Our Working Clothes will be the

Celebrated Carhartt Line

original makers of union-made overalls and working clothes. We recognize the fact that we did not buy the lines in Shoes, Furnishing Goods and Overalls that pay the merchant the best profit. Our object in buying these goods was, we knew them to be fast sellers.

Listen! We are receiving daily large shipments in Groceries and are selling

A PARK ASSURED
Two officials of the Texas & Pacific road were in Colorado this week and in an informal consultation with some of the city officials, made the proposition that if the city would grade the front street from the freight depot to McCord Collins' building, the railroad company would layout, make and maintain a park extending for the above distance along its right of way. And inasmuch as all the work would better be done at the same time, and as the railroad company could do it cheaper and quicker than the city, it proposed to solicit bids for the entire work and prorate the cost to the city. This proposition was accepted for the city and on Tuesday night at a regular meeting of the city council the action was ratified.
This will prove a decided improvement to the town, not only enhancing the value of all adjacent property, but will produce an impression upon strangers and visitors, that will reflect credit upon the enterprise of the town.
The Hastings Land Company is doing business. Nearly every day prospectors come in to see the bargains offered, and many letters are received from central and east Texas wanting to trade lands there for west Texas property. Parties owning property in the west, and Mitchell county particularly, can trade it for almost anything in central Texas.

An Interesting Budget of News from our
Enterprising Neighbor to the East.

BY MISS IRENE GARLAND.

School opened Monday Sept. 7 with a full attendance. Teachers and pupils are glad to be at work after the long happy play-time.

The Methodist meeting at Champion which continued thru last week closed Sunday night. Much good was accomplished by the revival.

Rev. Johnson of Sweetwater pastor of the Presbyterian church at this place began a series of meetings at the Methodist church Sunday and continued throughout the week, large congregations listened to the interesting sermons.

Joe Vesey and niece Miss May House of Midland, were guests of Mr. and Mrs. J. E. Stowe a few days this week. They were enroute to Bonham where the young lady will enter Carlton college.

In an altercation between Bud Alderson and Richard Sharer, Friday afternoon Alderson was knocked through a plate glass window in J. E. Stowe drug store, severing an artery in his neck, from which he almost bled to death. Dr. Beck dressed the wound, having to take several stitches, the man was confined to his room for almost a week.

Ross Gregg and Mattie Joiner visited in Colorado Sunday.

Miss Maggie Joiner of Paris arrived in Loraine Saturday and will be the guest of her sister Mrs. Jake Gregg this fall and winter. She will attend the

public school here. Miss Joiner is very popular among the young people and her classmates are pleased to again see her pretty face among them.

Miss Starling of Tyler is the guest of her sister Mrs. H. M. Perry. She will attend school here and be among us sometime.

Miss Willa McCarty returned to the city Monday and will preside over the millinery department of the Loraine Mercantile Company. This is Miss McCarty's second season among us and her many friends here are glad to welcome her among them.

Mrs. W. B. Wimberly is home again from a two weeks visit to Alabama. She was accompanied home by Miss Mayshaw who will be her guest for some time.

Dr. Copeland returned Thursday night from Lamesa and other points in Dawson and Gaines counties. The Dr. invested in some of the rich lands of these counties.

A party of Loraine's young ladies met Sept. 5, and organized a club, known as the A. B. C. The main feature will be social altho there will also be a literary branch. Miss Lela Pratt was made president, Miss Mary Gregg 1st vice-president; Miss Adaline Howell, 2nd vice-president; Miss Irene Garland, secretary and treasurer. Green and yellow was selected as the club colors, the club flower being yellow daisies. The charter mem-

bers were Misses Mary Gregg, Christine McMurry, Georgia Mewshaw, Lela Pratt, Adaline Howell, Estelle Garland, Oma Gregg and Irene Garland. The club will hold an open meeting Friday evening with Miss Garland on Washington, Ave.

On Sunday afternoon Sept. 6, Miss Susie Cortel and Mr. Henry Fine were united in marriage by Rev. Martin. The wedding was very quite only the sisters and brother of the groom and a few more friends were present.

Hall's musical comedy has been the amusement lover's attraction this week.

R. M. Stovall and son left for Commerce Saturday night and will make that place their future home.

Marshal Hollingsworth of Roscoe was a guest of Mr. and Mrs. J. E. Stowe Sunday.

Dr. A. J. Wimberly of Sweetwater came down to see the home folks Sunday.

Mr. and Mrs. Elbridge Keller and children, Mrs. Harvey Echols and children of Dekalb arrived in the city last week. Mrs. Echols will only stay a month, while Mr. Keller and family will make this their home.

Mr. and Mrs. Ney Carter entertained with a most enjoyable party Thursday evening, Sept. 4th. It was given as a farewell to Arley Martin who left Sunday night for Terrell, where he will enter school the following term. The feature of the evening were games and social conversations. Mrs. Carter distinguished herself as a charming hostess and succeeded in giving her guests a delightful evening.

Misses Vera and Daphne Thomas visited their sister Mrs. Harold Cannon at Hermleigh Sunday.

Miss Nella Merrill arrived Sunday to resume her music class. Miss Merrell is always welcome among us and her friends and pupils are delighted to have her back again.

The recital given by Misses Lillian Davis and Ruth McRae at the college auditorium, Thursday evening Sept. 3, was a success in every way. The entertainment opened at 8:30, with music by Loraine string band, accompanied by Mrs. Adelle King on the piano. This was followed by a beautiful instrumental solo by Rhuey Altman; Then a drill "pink roses" by nine girls which was very pretty. Miss Pratt imitated very accurately the jealous young wife, she was enthusiastically encored and returned to give "the wine colored silk." Miss Winnie Davis was wondrously beautiful as the Gypsy flower girl. Others who deserve special mention were Miss Lillian Davis in "the rivals" and Miss Grace Baker in "the waiting Juliet." Little Marguerite Hall as "little orphan Annie," and her cute little moon song, one of the cutest numbers in the program was the Tom Thumb wedding. The bride being Marguerite Hall, the groom Alphonso Donnahoo. The bridal party was composed of children none of whom were over eight years of age. Little Mary McRae and Cornelia Sheridan acted as flower girls and their dignified bearing for ladies three years old, was amusing, others in the party were Helen Altman, Ethel Boyd Beck, Rivers Copeland, Brooks Copeland, John Mc Rae and - Perry.

Mr. Stowe rendered a very pretty solo, Miss Hall also sang very prettily. The pantomime, "the conquered banner" was one of the prettiest features.

Each member on the program was good and the ladies deserve much praise for the excellency of the entertainment.

Quite a crowd from our city attended the Sunday school rally at Colorado Saturday. The entire Baptist school was present and took part in the march, also a number of the Methodist children were there. All who were in attendance report a delightful day and sing the praises of our big sister city for their hospitality.

Sidney Boykin and Mr. Brock of Hermleigh were in the city Monday.

The big chief "Lone Wolf," Dr. Henthorn and his famous warriors will appear in their reproduction of the battle of Lone Wolf mountain at the fair at Abilene beginning Sept. 22. Dr. Henthorn will carry a company of about 20 warriors from Loraine and fill in with recruits from Abilene. This is a feature of which our little town is very proud. It brings back trials which our fathers endured—it savors of the frontier, and the infant west and not to see it is like having a leaf torn from the pioneer history.

Cornet Wimberly left this week for Terrell where he will visit his brother for some time.

Mrs. J. W. Lightfoot visited her daughter Mrs. Merrill in Colorado Monday.

Cotton continues to come in and Loraine is putting on her overalls and getting down to work. We've had a long pleasant summer vacation but now it is now time to take up the plow and the hoe, also the cotton sack and get busy. The industrial bee is beginning to hum and business is the order of the day. The teacher has her pointer in hand, the clerk measures yards

and yards of dry goods, the butcher is cutting porterhouse steak, the carpenter and brick-mason continuously wield the hammer and saw and trowel, the banks are busy, the furniture and hardware men are busy, the grocer is busy, "how's business" is the eternal question in Loraine and "fine" is the answer.

FRIDAY, SEPTEMBER 11 1908.

It has come at last, — accident caused by collision of air ships, with six people wounded.

Some people have just enough religion to keep them always scared, but not enough to keep them comforted.

The cordial relation between France and Germany have received a decided jolt in the latter's action in the Moroccan affair.

The iron clad rule as laid down by the railroad commission in regard to hauling of circuses, may keep the big tented shows out of the state.

Mr. Bryan has a "bile" on the back of his neck, but it was in no wise caused by the statement of Debbs et idem, that he is "a pimple on a scorbatic system."

The National democratic campaign committee are not conceding anything this time, but will carry the war into the stronghold of the tariff barons. An aggressive campaign will be waged in Connecticut, New Jersey, Rhode Island and Delaware, as well as New York.

The foreign immigration problem which has been a source of much anxiety to our government for some years is showing a tendency to take care of itself the past year or so. The immigration from the Asiatic countries and southern Europe has fallen off as much as 70,000 per month, so with Japanese and Russian immigration. The reforms in the countries ruled by the Sultan of Turkey will, it is thought stop much of that immigration and induce thousands to return to their native lands.

THE SUNDAY SCHOOL RALLY

The rally of the Sunday school pupils and workers here Saturday, was a success from every point of view. It was an object lesson in morals; a demonstration of the heaven that is work in the nation that is finally "to leaven the whole lump." It was a dissolution of the fears of that moribund class who are always seeing evidences of the world's growing worse, and its final bringing up at the devil. Without the principle that impelled those fifteen hundred men, women and children, from the grand-sire of three score and ten, to the toddling child of three, the law of the jungle would obtain in this safe and peaceful land today. Not that of tooth, claws, beak and talons, but the law of might and brutal instincts. The life of every citizen of this county and elsewhere—"at Jerusalem, in Judea and throughout Samaria," is safe and his property secure, not by reason of penal codes, but by reason of what the little church steeple represents—a steadfast belief in an over-ruling Providence, who shows mercy to those who keep His commandments and punish sin in every form.

It was a great success, not only in its external arrangements and execution, but in the reflex it was an uplift to the entire community. People not in touch with the Sunday school movement were amazed at this exhibition of its growth, and were unstinted in their praise. The occasion will long be recalled as a red-letter day in the calendar of the Sunday school history of Mitchell county.

CANDIDATE NUMBER EIGHT

Fetch the tom-tom another whack and touch off another ton of red fire! Another candidate is in the running for the white house, and without the entanglements of a party or formality of a nomination. Like the "Blacksmith of Cumby," he just butted, and broke in. No. 8 is George Devaney of Nokomis, Illinois, a village of about a thousand souls. He has a gummed slip for every voter in the country with his name printed on them and the farmers will be asked to paste them over the name of William J. Bryn on election day, or over the name of any other candidate on the "electrol" ticket, as he calls it. His platform is the shortest on record and to the point: "Dollar wheat, 15 cent cotton, 50 cent corn and 8 cent hogs."

Monday was Trade Day for Mitchell county and incidentally Labor Day, one of our national holidays. In but few cities in Texas, is the day observed to the extent of demonstration, but in the northern and eastern industrial centers, it is the greatest of all the national holidays; greater than the 4th of July or Christmas. Several million workmen, of every trade, craft and calling, parade the streets with music and banners flying. It has a very important object and decided effect upon the economic conditions of the country. The dignity and influence of the labor unions are put before the people in a visible form. But in Colorado, it was the trade day feature that distinguished the occasion. There was a fairly good crowd in town, business was stimulated and many field products were brought in for the exhibit at Dallas.

Hereafter able bodied men applying to the United Charities at Fort Worth for a few meals and lodging, will be tried out on a wood pile and a five pound axe. If they are truly hungry, they will do the stunt all right, but if they are merely grafting, that axe and wood pile will cause them to move on faster than a policeman's command to "hike it."

WHAT IS YOUR OPINION OF THE COLORADO RECORD

Many men and women who read the Colorado Record have said to the Editor, "It is a good paper." We are trying hard to make it a good paper. If it has been good in the past, we will make it better. The Editor does not believe there ever was a time when the Record was as readable and interesting as now. Some say it is the best paper Colorado has ever had. We know that at no time was near as much money expended nor as much intelligent effort to make the paper readable and valuable to readers as now. For people in Mitchell and adjacent counties The Record is especially desirable, home news is its specialty, and discusses editorially, fairly and fearlessly, the topics of the times.

Of course we want more readers, nearly every family in Mitchell county takes the Record but we want all of them and also papers to mail east, many readers we know are friendly to and take the Record. Will not you, if one of those, try to help us increase our list of readers? You can help us by saying a good word to your friends and neighbors, who do not read the paper. Tell them what it is.

We are personally acquainted with many of our readers and would like to meet all of them, so when you come to town call at the Record office. Perhaps you have friends or relatives elsewhere who would like to read the Record. Why not send it to them, 3 months for 25cts. The Record for one year is the most valuable present you could send to a man or woman, who once lived here, or to some one who wants to keep posted on West Texas.

You may not always agree with the editorial views of the Record, but there is to say on that score, you will know where the paper stands on every important issue. It does not ride the fence, and is ever fair and courteous in voicing its views, moreover, it stands for good morals and right living and civic righteousness. It pays its debts and believes everybody else should do so or quit making them. Suppose you do differ, wouldn't this be a dull world if we all thought alike.

The Record is not going to spare money or effort to produce a real good paper. It is here to do what good it can in our day and time.

We would like to have 100 farmers come in and send the paper back east to friends and relatives for 3 months at a cost of only 25 cents each.

Never since the election of 1884 has the success of the democratic party looked so bright and never has it had for a leader, a man, so free from the taint of corruption or pure in his personal character. Mr. Bryan has grown stronger, with every defeat and in the light of the history of the past twelve years, it may have been best that he was defeated in 1896 and 1900. He has been broadened by travel, and he is in closer touch with the masses of the people, besides, the conditions are now ripe for the undoing of the republican party. Their sins are about to overtake them, and the policies of Cannon, Aldrich, et als, will be severely rebuked.

Division in the state of Indiana and the fight of the ring in New York against the reforms of Gov. Hughes, may result in democratic victories in both states.

We fail to see how President Roosevelt, who has so steadfastly stood for civic righteousness, can endorse W. H. Taft, who is a Universalist.

SUNDAY SCHOOL RALLY

AN INSPIRING SPECTACLE OF ENTHUSIASTIC WORKERS

The Sunday School convention which for the past few weeks has quite filled up the time of each superintendent and Sunday school worker, was most successful in every way. Exceeding even the expectations of its most ardent workers, as to numbers present and interest manifested by all classes of people, even those not expected to care for the work.

The schools fifteen in number began to assemble at the park at an early hour and until the time appointed for the grand march they poured in. At eleven o'clock the different classes of each school was formed in line behind the elegant new banners that had been ordered for the occasion. Each teacher, pupil, home department member and even the members of the cradle roll were adorned with badges, which designated their school. The Colorado Orchestra furnished the inspiring music. And promptly at eleven the Presbyterian Sunday school led by the county president Dr. P. C. Coleman marched out of the Park gates and down Oak street turning at the Record corner down Second street and marching as far as Adams' and Burns and Bells dry good stores, the Presbyterians were followed by the Christians, they by the Methodists, next the Baptists, and then the eleven country schools each under its own banner. Each of these had a splendid representation, Fairview, Westbrook, Plainview and Shepherds were especially numerous.

In each school the infant classes led and one almost imagined that fairies had passed when the dear little tots went by holding the floating ribbons of their banners. There were fourteen hundred and forty people in this procession, the ages ranged from two yeas to seventy and the person who is skeptical as to the importance of Sunday school had only to see this procession to be convinced that they were strong enough to do almost any work undertaken.

While this band were parading the ladies of the refreshment committee had been busy unpacking baskets and getting ready the delicious lunch prepared to feed the hungry multitude. On their return they marched in the most orderly manner and all were busy on the good things that had been made ready for them. A more bountiful or elegant repast has never been spread in Colorado, and aside from the good things carried in the baskets, Dr. Coleman had a calf barbecued fearing that there might not be enough for all.

After the dinner the time was spent most pleasantly in getting acquainted with the strangers, until four o'clock when the first meeting of Sunday school teachers and workers was held at the Presbyterian church. Sunday at eleven another service was held at the Christian church, at three thirty p. m. at the Baptist church and in the evening at the Methodist. Monday afternoon and evening the closing sessions of these most interesting meetings were held at the Baptist church. Each of these were addressed by Mr. W. N. Wiggins of the International Sunday school union. His talks were on every phase of the work and were very clearly illustrated with charts, maps, songs, and printed squares. His topics were "Sunday school aim," "Teachers meetings," "How to improve the opening and closing of the Sunday school," "The equipment and management of the Sunday school," "The Boy problem," and "The Sunday school in general."

At two-thirty Sunday, Mr. Wiggins made a fine talk to the

children at the Methodist church. Splendid papers on different features of the work were given during the convention by Mesdames Roe and Griswold, Messrs. Elliott, Bullock, Neal, McDonald, Bond, Jackson, Pierce, Knott and Dodson, every one of these were full of good thoughts for all christian workers and showed the interest and devotion of the town. Beautiful songs were given by Misses Graves and Nichols, Mesdames Bell, Greenwood and Webb.

Quantities of literature of all kinds were on exhibition all day Monday at the Baptist church and Mr. Wiggins had any amount of interesting leaflets on different departments of the work. The entire convention was of great interest and will prove an untold benefit to all who attended.

TEXAS A BIG GARDEN

Texas is a big garden where the roses bloom at one end while the boreal wave sweeps the other where the cool nights make life's sweet repose glorious reality, while on the other end the inhabitants roll and tumble in a humid atmosphere, fanned only by the wings of the southern-born mosquito; while the cowboy in the west end gallops across the dry plain, his neighbor in the east is gathering fruit and melons to send him by fast express. Texas is big enough, broad enough to take care of 50,000,000 people, each doing something to add to his own prosperity and at the same time bestow a blessings upon his neighbor just across the field. She has climates, conditions, circumstances and scenery to suit every taste and why everybody doesn't move here is more than we can understand.—Vernon Call.

The above is mighty nice reading but the cowboy in the west on the dry plains receiving fruit and melons from the east is all a myth. Our cowboys attend the herd and as a side line raise melons and fruit for the east Texas folks. The dry plains is a thing of the past.

SPOONER COMPANY AGAIN

"Dad" Spooner was in the city Monday from his farm, south of the city, and stated that he expected to go on the stage again this fall. THE SOCIETY REALM

Mrs. J. G. Merrill, Editor

Mrs. F. M. Burns entertained Friday evening at 42 for Miss Isla Bess Looney and a most delightful evening was spent in this most hospitable home. The whole lower floor was thrown open, there being twenty tables of players. It was a most delightful affair throughout. Four elegant prizes were given, being won by Miss Kate Burchard and Miss Isla Wulfjen, Messrs Owen Neal and Judge Looney. A delicious salad course was served at the close of the game.

The Sweet Sixteens were entertained by Eloise Shropshire, this being an open meeting and closing the summer's most pleasant companionship which will be continued now in the school room. The meeting was one of the most delightful the club has ever held making it especially hard to give up the club, which is not disbanded but carried over until summer.

On Thursday afternoon Miss Byrd Blandford entertained the G. F. C. in the loveliest possible manner in honor of her guests Miss Henderson of St. Louis and Miss Wilson of Fort Worth. 42 was played as usual there being eight tables. At the close of the game delicious refreshments were served.

Wednesday of this week Mrs. Bromley very delightfully entertained the 21 club.

At twelve o'clock Wednesday at the Rendrebrook ranch Mr. S. H. Moreland and Miss Lydia Roe were united in marriage. Rev. B. W. Dodson performing the ceremony. The wedding was a very quite one, only the relatives of the bride and groom and the men of the ranch where Mr. Moreland had been so long being present. But numbers do not make a marriage ceremony, and the solemn words were never more beautiful nor impressive than on this occasion when they were pronounced husband and wife, amid this little circle of loving relatives and friends. The bride, a daughter of Mr. Charlie Roe, of Robert Lee is a sweet and womanly woman, and never looked more charming than she did in her dainty bridal gown of white interlarded with trimmings of lace. Mr. Moreland is a brother of Mrs. D. N. Arnett, a cowboy who is known and liked by all the old time Colorado people. Immediately after the congratulations and good wishes of the company, the guests sat down to a delicious old fashioned country dinner of all the good things one could want. This had been prepared by the bride's sister Mrs. S. B. Arnett who lives on the ranch; the way it was attacked by the guests proved better than words of their appreciation.

Mr. and Mrs. Moreland spent Thursday with Mrs. D. N. Arnett, leaving Friday for their home in Garza county. Those who attended the wedding from Colorado were Mr. and Mrs. D. N. Arnett, Misses Mary and Nell Ruth Arnett, Dudley Arnett, Mr. and Mrs. Eugene Payne Mr. and Mrs. A. F. Curry, Mr. and Mrs. Merrill and Rev. and Mrs. Dodson.

Money-Making Proposition

READ THIS LIST OVER CAREFULLY, PICK OUT WHAT YOU WANT, AND WE'LL DO THE REST

- No. 1. Is 5027 acres of land in El Paso county, near Plateau, all fenced, with a small residence, shallow water, 50 per cent tillable land, one year lived out on the land. Goes at a bargain at \$1.50 per acre bonus. Easy terms. Will take any kind of trade.
- No. 2. Is the HS ranch, 6,220 acres, 100 in cultivation, all under fence, three-fourths tillable land, plenty of timber, fine water, tanks and running streams all the year round. This is a splendid ranch bargain and is also suitable for farming. It is five miles from railroad station. This splendid property is thrown on the market at the sacrifice price of \$8.00 per acre. Terms cash. Warranted deed.
- No. 3. Is 160 acres at \$25 per acre, all fenced, 100 in cultivation and all can be put in; some timber, good well and windmill, good residence and barn. A splendid bargain in this one-fourth section.
- No. 4. We offer for the next ten days only, the Bryant place, consisting of 320 acres, eight miles northwest of Westbrook, with good 3-room residence, barns, lots, small young orchard, 70 acres in farm and fenced to itself, for \$17 per acre, with a reasonable cash payment, terms on balance. This property is a snap at the price and should sell to anyone desiring a good home.
- No. 5. Is 80 acres joining the town of Westbrook on the east, the adjacent lots selling at \$40 and \$50 each. All tillable and fenced, 60 acres in cultivation, and is a bargain at \$40 per acre—half cash, good terms on balance.
- No. 6. Is the best bargain yet—179 acres for \$26 per acre, good terms. Well watered, well improved with good bearing orchard. In the Cuthbert neighborhood.
- No. 7. Is a section, 640 acres, six miles from Colorado, one mile from school and church, everlasting water in running stream, 250 acres in cultivation, 500 acres can be put in, all fenced, three good wells and residence, and the best place on the market for the money—\$25 per acre.
- No. 8. \$23 per acre gets 400 acres eight miles from Colorado, close to school and postoffice. Finest bottom land, red sandy soil, watered by Colorado river. Good residence, 100 acres in cultivation, all good farming land, and a fine bargain on easy terms.
- No. 9. This is a section, 640 acres, 4 miles from Colorado on mail route, well improved, 400 acres in cultivation, all is fine farm land, has good fence, two wells, five residences, one costing \$7,000. This is the best proposition in West Texas for \$35 per acre.
- No. 10. Is a well located farm one mile from school and postoffice. A splendid residence, 1884 acres, 140 tillable and 80 in cultivation, all fenced, plenty of timber, wells and tanks, good residence, and goes in this sale at \$18 per acre. It will pay anyone to investigate this proposition.
- No. 11. Is a \$20 per acre section, 640 acres, 320 in cultivation, all tillable and all fenced, two wells and tanks and three good residences. This place can be sold on the easiest kind of terms but must be sold quick.
- No. 12. Is 120 acres at \$15 per acre, raw land but fenced. Small payment, balance easy terms.
- No. 13. 320 acres, all fenced, 130 acres in cultivation, 280 acres tillable, well and windmill, two good residences. Best kind of terms—call for No. 13.
- No. 14. 320 acres at \$21 per acre, good terms. Four miles of Colorado on public road, good well and windmill, 40 acres in cultivation, 250 acres tillable, all fenced, three-fourths mile of school.
- No. 15. Is a special bargain.
- No. 16. Nine miles from Colorado, two miles from postoffice and one mile from school and church; 320 acres, 240 acres in cultivation, all is tillable land, all fenced, some timber, good well, windmill and two residences. The best bargain in Mitchell county at \$31.50 per acre. Adjacent farms not near so well improved have sold at \$35.
- No. 17. 160 acres 5 miles from Colorado, 120 acres in cultivation, all can be put in, all fenced, good residence, well and windmill. One mile from church and school. Every foot fine land and can be bought at \$31.50 per acre. Good terms.
- No. 18. This bargain is 4 miles north of Colorado, one mile from school, church and gin. 100 acres in cultivation, all can be put in, all under fence, good residence and well. The tract consists of 100 acres and can be bought at \$25 per acre, on good terms.
- No. 26. 640 acres, 8 miles northwest of Colorado, small 14-story residence, fine well of water in yard, 100 acres in cultivation, 200 acres farm land, balance good grass and timber. Price \$11 per acre; terms, one-fourth cash, balance on easy payments.
- No. 27. Nine sections or 5760 acres, known as the famous "Van Tuyl ranch," nine miles south of Colorado, ranging from \$12.50 to \$20 per acre, according to improvements. Can sell any quantity from 80 acres up, terms one-fifth cash, balance on seven years at 8 per cent interest. This is a rare bargain. There are nine wells of pure water, one stream of living water and plenty of timber on this ranch.
- No. 28. 320 acres one and one-half miles from the growing town of Hermleigh on the Snyder, Roscoe & Pacific railroad; 60 acres in cultivation, small residence, all land fenced, well of good water, plenty of timber. Located in the wheat growing district. For sale or trade for other property.
- No. 29. Twenty sections, or 12,800 acres, in Sterling county, about 35 miles southwest of Colorado, suitable for stock-farming. There is due the State on this land \$2 per acre. Party wants \$2 bonus, terms one-fourth down, balance on terms to suit buyer.
- No. 20. 4800 acres in Pecos county, five sections fenced, well watered, and a fine bargain at \$1.25 per acre bonus.
- No. 21. 160 acres \$35 per acre gets this place on easy terms; 100 acres in cultivation, all tillable, all fenced, two good residences, wells and windmills. Well improved. Only two miles north of Colorado.

FURNITURE, UNDERTAKING AND EMBALMING

REGARD THEM VALID

Austin, Texas, Sept. 5.—Quite a remarkable fact came to light yesterday relative to the invalidation of \$3,000,000 of independent school district bonds some time ago by a decision of the supreme court of the state. It is said not one of the 500 independent school districts in the state affected by the decision, have in any way repudiated their obligations. Indeed every district affected has so far paid the interest due on these bonds regularly as it falls due, and so far the permanent school fund which owns \$1,600,000 of these independent school district bonds has not lost a cent of interest.

G. N. Holton, who occupies the bond desk in the comptroller's department, said yesterday that from the letters received by the department on the subject from the school authorities of the districts affected, they consider the bonds valid and intend to continue paying the interest due on them as such interest accrues. This is remarkable when it is considered that any citizen residing in such school district could sue out a writ of injunction restraining the collection or levying of the school tax.

FIX PRICE OF COTTON

Fort Worth, Sept. 5.—A secret minimum selling price has been settled on by the selling committee of the National Farmers' Union. This price is being guarded, as no one outside the union knows what it is. The secret price will be given to all farmers, members of the union who will be asked to guard the secret carefully and sell for no less.

OUTRAGED WOMAN SHOTS AND KILLS

Wichita Falls, Tex., Sept. 4.—Mrs. Lillie Wheatley, proprietress of a well known resort, was shot and instantly killed by Mrs. Walter Allen at 1 o'clock this morning, while seated in a hack with Mrs. Allen's husband. Mrs. Allen fired one shot from a 45-caliber Colt's revolver, the bullet discharged at point blank range entering under the right shoulder blade, passed clear through the woman's body and came out just under the heart. Death was almost instantaneous. At the time of the shooting Mr. Allen was seated beside the Wheatley woman, the hack the couple occupied having stopped in front of Mrs. Wheatley's residence.

J. L. Harris, living in the northern part of Merkle, Texas, says: "Doan's Kidney Pills did me more good than anything, I had ever used before, and I believe there is nothing better on the market for kidneys or bladder complaint. My back gave me more or less trouble for several years at times it was a dull throbbing ache, then it would come on in sharp twinges. The kidney secretions were very irregular in action causing me much annoyance. Seeing Doan's Kidney Pills advertised I got a supply and since using them, I have not been troubled with backaches and the secretions are regular and natural. SHOOTING AT BIG SPRINGS

F. H. Carter, proprietor of the Carter Hotel at Big Springs, shot and mortally wounded Cliff Horn, who died Sunday morning. It appears that young Horn had been paying attention to a young lady living at the hotel, to which Carter objected, and had warned him to desist. Going to the hotel Friday night Horn was met at the door by Carter who forbade him entering the house, whereupon an altercation ensued, in which Carter shot Horn. Carter is a married man, and Horn was a single man, about 21 years of age.

SOME NEW SUBSCRIBERS

The circulation of the Record grows apace. At the beginning of this year, we determined to reach the 2000 mark by January 1909. We have not done the soliciting we purposed to do, but will easily attain that number of bona fide subscribers by January next. The Record now enters the homes of more than 85 per cent of the people of Mitchell county, and its value as a medium of publicity is appreciated by both home and foreign advertisers. A copy of our mailing list, corrected weekly is spread for inspection by the public at all times. In testimony of the paper's growth, we publish below a list of subscribers added since our last issue:

SOME MITCHELL COUNTY FARMING

A Few of the Men who are Developing this Country and Some of Their Farm Products.

Claud Thompson, farming on the McKenzie ranch, is something of a cotton raiser himself. On Monday he brought in a stalk of cotton, about 5 feet high, long limbs, green and vigorous looking, loaded with 393 bolls, with a few squares. Mr. Thompson, paid for this land \$10 per acre in the sod; grubbed, broke, planted and cultivated it himself, and the cotton raised on it this year, will pay for the farm. He has 21 acres planted in cotton and says he has been offered 15 bales for the crop, but refused it, as he expects to make 18 or 20 if no disaster overtakes the crop. Can a farmer do better than this anywhere? Mr. Thompson is not the only farmer in Mitchell county who has done this. But the opportunity will not exist much longer. Land that will do this will be in great demand and the price will advance in proportion. Now is the time to secure a home in this section.

These are instances of successful farming in Mitchell county, but like every other calling, it has in it an element of chance. The crops, despite fertile land, good seasons and thorough cultivation, are subject to divers accidents and disasters, in no wise chargeable to the country. One farmer brought in last week a vigorous stalk of cotton, on which was not a bloom, square or boll—the worms had destroyed them all, and he said his entire cotton patch was but little better. This is indeed unfortunate, but the disaster is one, not peculiar to West Texas, or common in it, but is an accident that happens oftenest in the best cotton producing sections of the world. Nature has done its part this good year, and the disasters though falling heavily upon individuals who often can afford to bear them least, are but the natural accompaniments of abundant yields.

B. F. Murphy, on the Landers place, contributes a fine specimen of June corn raised on sod land, which promised a yield of 40 bushels per acre. He also brought a three months-old cotton stalk from his 25-acre field that grew 146 bolls and he said he thought it would yield a bale per acre. He has also 25 acres of cotton on sod land and a stalk from this patch had 128 bolls and was very vigorous.

Foster Smith, one mile south of town, brought in a bundle of red and one of white kaffir corn, the best specimens yet brought to town. From 3½ acres of his white variety he got 1431 machine bound bundles and from 5½ acres of the red corn, he got 2150 good machine bundles, or nearly 3 tons per acre.

Guy Burns, living on the same place, brings cotton from his 35-acre field that is as full of grown

bolls a can well stick on it. He also brought June corn planted in June that will make at least 40 or 50 bushels per acre. His maize and kaffir corn are both unusually fine.

W. M. Burns exhibits his Alabama Wonder cotton, for which he paid \$20 per bushel. He has two acres of it, which everyone who has seen it says, will make two bales per acre. On one stalk are 140 bolls and another 178.

W. M. Green, out toward Cuthbert, brought in a sample of his hailed-out cotton. In July all his cotton was beaten off to the ground. About August 1st, it began to come out, and now it is about two feet high and full of squares and blooms, all made in one month and promises a good yield.

H. D. Warmack brought in a splendid old fashion pumpkin; M. H. Daniel a yellow yam variety of squash, and W. C. Cup, some fine yellow Danvers onions.

Great is Mitchell county, and the Record is its prophet! Bismilla!

HOME FROM MARKET

C. M. Adams, the merchant prince of Colorado, returned last week from the northern markets too late for the Record to note the fact. Mrs. Adams and daughters are still visiting in the north and he in the role of a bachelor is as grouchy as an unsettled setting hen.

During his stay in Chicago, Mr. Adams dipped into politics, and got a straight tip that Adlai Stevenson would be elected governor of Illinois and that Bryan would get a very large vote in that state. He left St. Louis for New York and Boston and found the wholesale houses overstocked and anxious to sell; so much so, that many unusual bargains were forced on him and he bought pretty heavily. Some of the new purchases have already arrived, and this store, at all times well stocked, will soon resemble a wholesale house in the larger cities. Mrs. Adams will return soon, when we hope to see Mr. Adams' genial smile as of yore.

TRIPLE TRAGEDY AT HILLSBORO

Dr. Watson Kills His Cousin, Her Sultor and Himself.

Hillsboro, Texas, Sept. 4.—Suddenly seizing his cousin, Miss Ethel Edsall, by the arm this morning, while they were walking along one of the principal streets of the town in company with the young woman's suitor, Carle Horne, Dr. John Watson, an optician and jeweler, shot her through the abdomen, probably fatally wounding her, turned quickly and shot Horne in the breast so that he died in five minutes later, and then turned the weapon on himself, putting a bullet above his heart and another one just over the first wound after he had fallen to the ground. He died in a few minutes. Miss Edsall was carried to the home of George Patterson, where she remained all day in a precarious condition. The physicians say there is slight chances for her recovery.

No other motive for the triple tragedy can be found except that Dr. Watson objected to his cousin receiving the attention of young Horne, who was but 21 years old. The young man was the son of W. T. Horne and worked in a dry goods store and tailor shop. For several months he had been paying attention to Miss Edsall. Within the last few days Dr. Watson had objected to the young man's attention to his cousin and had so told her. The young woman, who is a telephone operator, had been warmly attached to her cousin, but since his objection to her suitor she had endeavored to avoid him.

The entire city of Hillsboro is shocked by the terrible tragedy so unexpectedly enacted. The prominence of the parties involved and the especial popularity of the young woman render the tragedy even more shocking than the fatal results would ordinarily make it.

Miss Edsall at 9:30 o'clock Saturday night died after making a desperate fight for life. As yet no light has been thrown on the genesis of the terrible tragedy or the causes leading up to it further than that mentioned above.
