The Irresistible Appeal.

When three quarters of the young men in town buy their clothing regularly from us it's a fair indication that we're handling the right kind of goods. When these same young men pay us \$15 \$18 and \$20 for a suit, it's good evidence that they think it worth while.

It's the perfect tailoring which characterizes every garment--the dependability of materials, the absolute correctness of the styles--that presents the irresistible appeal. Our \$17.50 clothes combine all these. Positive-\$17.50 values.

Every garment is constructed of the finest imported and domestic materials, accurately correct as to style and embracing all newest an best ideas.

Commencement Exercises.

The public schools will close Friday, April 26th. On Sunday morning at 11 o'clock, Dr. Boaz, president of the Polytechnic College, will preach the Commencement sermon at the High School auditorium. There will be no services at the various churches of the city, and as the seating facilities of the auditorium are ample for all, it is to be hoped that no one will miss this opportunity to hear one of the ablest pulpit orators of the state. There will be special music for the occasion, consisting of anthems, quartets, and a solo by one of the Alumni of the high school, Miss Byrd Adams.

On Monday evening Miss Reaville will give a recital of her music class in the auditorium, beginning at 8:30. Those who have heard her former recitals know the treat that is in store for them. Tuesday evening at 8:30 o'clock the formal graduating exercises of the high school will take place at the auditorium, to which all friends and patrons of the school are most cordially invited. On Wednesday evening at the high school the Class of Nineteen Hundred Seven will tender a banquet to the alumni. This will close the exercises of the week and also the present school term.

It was our intention to have had some kind of general exercises for the grammar grades, but on account of the very general sickness of the past few weeks this has been found to be impossible. The year just ending has been a very trying one for all concerned in the schools and we feel under lasting obligations to our friends and patrons for their kindly help and sympathy in things pertaining to school interests, for without this the work would have been a complete failure. Again we extend to you a most cordial invitation to be present at the exercises of the week.

T. J. YOE, Supt.

A Progressive Firm.

The big show windows at the Colorado Drug Company's store, is the center of attraction and crowds gather daily to view the goods on display, and if one is inclined to be "sporty" the big window will make him want a game of base ball or go fishing at once. The display here is unique and attractive, but it is only an earnest of the entire inside arrangement of the store, which is generally accepted as the most completely appointed drug store in this part of the state. The house enjoys a large and increasing trade. The personnel of the management has been a large factor in the success of this business. Messrs Gross and Terrell, the managers, are not only energetic young men and proficient druggists, but are immensely popular as well--the three conditions on which success is built.

Letter From Bro. Nichols.

A letter from Bro. Nichols at Waco, says in part:

Spoke to a good crowd at West last Friday night; was booked for Hillside today. Am now a guest of Hotel Royal. I will speak five nights this week, and hope to reach home next Monday night. The Pros are making a hard fight, and but for the fraudulent vote and the foreigner we would win out with a walk-over.

Please state in the Record that there will be no preaching at our church next Sunday on account of the commencement exercises. I would not live back in this black mud and windy country so long as I can find 50 feet square of Colorado sand to squat on. Good luck to all.

NICHOLS.

Why can't Colorado have a brass band? The orchestra is doing good work and would form the basis of an all-brass organization. Snyder, Lubbock, and other inland towns, have bands, and certainly Colorado ought to keep step with them. A good band is a source of pride and a material help to any town. It is worth many times its cost in money, time and patience, not only to the members of the band themselves, but to the entire community as well. The talent is here, most of the instruments are here, and the RECORD is convinced the public spirited people of the town would generously help in the equipment and support of such a public utility.

**Greatest Magazine and Paper
Iub Ever Offered by a Paper**

What a Dollar and Fifty Cents Will Do.

The Record, at quite an expense and a great deal of work, has arranged a Club offer of seventeen well-known papers and Magazines, including the Colorado Record, for only One Dollar and Fifty Cents. Realizing that we could largely increase our circulation, we entered into a contract to use the Papers and Magazines that compose this Club. The Record does not make a cent out of this offer. In fact, we lose money, but by increasing our circulation we can secure more advertising and get a better rate for same. No paper ever before made an offer that equals ours. Every paper goes to you for one full year. All are well known and long established and worth many times the price we ask. They are from the South, North, East and West. Their combined values, including the Record, is over \$9.00. We are only able to make this offer for a short time and it will positively be withdrawn soon. If you want the best bargain ever offered you, order the Club now. Do not wait, for you may hesitate too long. If you are already a subscriber to any or all of the papers in this Club, your time will be extended one year from date of your order. On account of the limited time that we will be able to make this wonderful offer we will be unable to furnish sample copies to any one. We take pleasure in giving a short sketch of each paper in the Club.

THE PLANTERS JOURNAL, of Memphis, Tenn., is in its seventeenth year. It is published monthly on the 15th of each month. The Journal makes a specialty of its Cotton, Manufacturing, Lumber and Industrial Departments, in addition to having full and complete departments of the Home, Garden, Fruit, Farm, Poultry, Cattle, Live Stock, etc. It is very readable and full of bright, snappy news and contains 32 pages.

THE AMERICAN FARMER, of Indianapolis, Ind., has been published 22 years. It is published monthly and contains 24 pages. There is no better paper for the home and farm than this well-known publication.

SUCCESSFUL FARMER is published at Des Moines, Ia., and has been long established. Each issue contains from 50 to 60 pages, and is one of the handsomest and most complete publications of its kind in the world. It is published monthly on fine book paper.

GREEN'S FRUIT GROWER, of Rochester, N. Y., has been published for twenty-seven years. This magazine alone is worth the price that we ask for the entire Club.

MODERN STORIES, of New York, is a handsome and well known publication which is published monthly and is equal to any of the well known monthly magazines.

SOUTHWEST MAGAZINE is published at St. Louis, Mo., on the first of each month, and contains from 60 to 70 pages.

BLOODED STOCK MAGAZINE, is one of the handsomest and most readable publications of its kind published in the United States. It is printed on heavy book paper and contains 34 pages and is published on the 25th of each month.

MAXWELL'S TALISMAN, is a handsome 30-page monthly publication, printed on heavy book paper, and contains many handsome half-tone illustrations.

THE FARM AND MONEY MAKER is a large, handsome publication which has been running a great many years in Cincinnati, O., and contains various departments in regard to every part of the farm.

SOUTHERN POULTRY FANCIER. This magazine is devoted to poultry and all of its departments, and is published at Atlanta, Ga. Each issue contains from 40 to 50 pages, printed in magazine form on heavy book paper.

THE WOMAN'S HOME JOURNAL, is published in Boston, and no matter what price is paid for a similar publication, no one will be able to secure a publication at the same price which will equal this one.

THE PRACTICAL FARMER. This well known magazine, which is published in Philadelphia, is the superior of them all. Any farmer, planter, or in fact any one who has fruits, flowers, vegetables, live stock and poultry, will find that the Practical Farmer will save them during the year many times the price that they pay for the entire Club.

THE HOME QUEEN MAGAZINE, is published in New York in magazine form and contains from 30 to 60 pages each issue. This well known publication contains many interesting stories, and some most valuable articles. Any subscriber to this Club will after reading this paper, we believe, renew their subscription for same from year to year without any solicitation upon the part of any one.

Included in this Club is also the Housekeeper's Magazine, of Minneapolis; The Welcome Guest Magazine, of Portland, and the Rural Weekly of St. Paul.

All of the above Magazines and Papers contain stories and reading matter for every and all members of the family, from the smallest baby to the oldest member. Every department of the home, farm and business are fully covered by the best writers. You will see thousands of new pictures and illustrations in these publications during the year that you will be unable to find in any other papers. The Record feels proud to be able to offer to its patrons a Club of this kind, composed of such representative Papers and Magazines, and we can say to each and every one that our offer is worth many times the price of One Dollar and Fifty Cents, and that no one will make a mistake in taking advantage of same.

ALONG THE WAY.
There are so many helpful things to do
Along life's way.
Helps to the helper if we knew
From day to day!
So many troubled hearts to soothe,
So many pathways rough to smooth,
So many comforting words to say
To hearts that falter
Along the way.
Here's a lamp of hope gone out
Along the way,
Some one stumbled and fell, no doubt,
But neighbor stay!
Out of the store of oil refill!
Kindle the courage that smolders still,
Think what the Modern Woodmen
Are doing each day!
For those who have joined our camp
Along the way.
How many lifted hands still plead
Along life's way!
The old, sad story of human need
Reads on for aye.
But let us follow the "Woodman's plan"
Love unstinted for every man!
Contented, if at most,
The world would say,
He helped his neighbor
Along the way.

OUR PURPOSES AND OUR HOPES.

The Record believes that success is only bought with eternal vigilance. It believes in letting the people know what it is doing. It believes in advertising, honest advertising, never making a statement about its circulation, its growth in general terms, but with proof of each statement along with the assertion. We do not say these things to the detriment of any one else, but merely as our method of doing business. We desire to disclaim any intention of blowing when we submit a list of new subscribers. The sole purpose in printing these lists is to show our appreciation of those subscribing and renewing, to show the advertising merchant what he can reasonably expect for the money he pays us; to show to the outside world that the paper is growing, in the hope of inducing others to subscribe. In brief, it is printed weekly purely as a business proposition. This policy is just like the other policies of the paper, to be firm in its convictions, fearless in its editorials, kind in its manner, gentle with those who oppose it, energetic in its news department but always carefully guarding what we print. If these policies commend themselves to you we shall be glad to have you as one of our patrons. The ordinary size of the paper is eight pages, six columns, but whenever occasion demands we print more pages, some times as high as twelve. We do not barter for, we do not cater for business, we do not praise for business, but sell all we have strictly upon merit, upon a just return for that given us, and yet we could not truthfully say that we are not biased in favor of our friends. Man should be. They make us. They give us our all. Be our friend and let us be yours. Give us your business and let us try and give you some.

The Editor Remembered.

The town this week has been full of visiting women, pretty women, and our home ladies have been kind and generous, especially so to the Record editor, as we have been the recipient this week of several of the prettiest bouquets of roses that it has been our pleasure to see this spring. As we are a great lover of flowers they are all the more appreciated.

Raise in Water Rates.

We learn the Water Co. is obliged to raise the rates on water, effective May the first. We also learn that fuel oil has advanced from 19c per barrel to \$1.06 per barrel, so we don't see how the Water Co. can well help raising the rates, unless they have a way of getting fuel oil for nothing.

The present management have operated the water works eight years and this is the first time the rates have been raised in all that time.

See Gus Bertner for life insurance.

WARNING NOTICE.

INVESTIGATE THE NEW TOWN OF PYOTE.

I have met a number of people in Big Springs, and elsewhere, who have bought lots in the new town of Pyote, Ward county, Texas. In-as-much as two companies have platted a town in Ward county, both calling their town Pyote; one of these being located at Pyote switch, and the other about three miles west of the switch, the public being of the opinion that the company they bought of is selling the townsite located at the switch, and shown on the map as Pyote.

It is certain that two towns—of the same name and located on the same railroad—both in Ward county, about three miles from each other, cannot prosper. One of the companies is known as the Pyote Development Company, White & Wilbanks, General Managers of Sales Department, Barstow, Texas. The other company is known as the West Texas Townsite Company of Midland, Texas, Woodard, Camp & Wall, managers. The last named company I am representing as salesman.

Having just returned from Pyote Switch, and having made a thorough investigation, I can truthfully state that the West Texas Townsite Company, of Midland, Texas, is selling the townsite located at Pyote switch. I advise those who have purchased town lots from both—or either one of these companies—to select a committee to go to Pyote, look over both townsites and then publish which they find to be the true Pyote.

Our Pyote—which is located at the switch, and to which tickets can be bought, freight and expressage sent—has always been known by the name of Pyote, and is so recognized by the railroad company. To go to the other Pyote people have to get off at our station and walk or ride three miles, and all goods have to be carted. At our Pyote the United States Government has lately established a postoffice; and Mr. Pitman, the section foreman of Pyote switch has been appointed postmaster. His bond has been made, and supplies are expected any day. A general merchandise store, a lumber yard, a restaurant, and a wagon yard are now establishing their business. Contracts have been signed for a hotel and a drug store. Other lines of business are being negotiated for and will be established before the formal opening of the town. Investigate before you make any more payments.

D. C. BRUCE,

Weatherford, Texas.

Sales agent for the West Texas Townsite Co., of Midland, Tex.

Messrs White & Wilbanks, representing the other Pyote, make a great show of a certificate from the county clerk of Ward county showing that their town plat is on record. This we do not deny, but it has nothing to do with the regular townsite, as Uncle Sam has established a postoffice at our town and the railroad has a station there and hence ours is the only Pyote.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by W. L. Doss.

The Towns of Pyote.

In this issue of the Record we reproduce an advertisement from the Big Springs Enterprise regarding the two towns of Pyote in Ward county. Read it and investigate. We will leave it to those who are interested in the land proposition to decide which is the genuine Pyote. Those who have invested their money in either one of the townsite companies should investigate and find out the real state of affairs.

People who went west last year are returning to Upshur county, wiser than before they went. There are some however, who insist that the west is a better country than this. Probably when one or two drouths strike them they will also want to return to a country where complete drouths are never known.—Gilmer Echo.

The West has made good the past few years, more so than any other portion of Texas, and there are East Texas people who located in that section twenty years ago and are now prosperous and contented. The west has its disadvantages, but it is a fast coming proposition.—Fort Worth Telegram.

The west has made good and the majority of the few who have returned to the east went to induce others to this country and wind up unfinished business. For every one who has become dissatisfied and returned during the past few years, not less than one hundred have come to fill the vacancy.—Abilene Reporter.

It is only the "broom tailed pony" kind that have ever returned to the East, after a few months trail in the West, and they returned here as soon as they could borrow money enough from their wife's people to return on.

The famous Hat ranch owned by Scott & Robertson in Crosby, Garza, Lubbock and adjoining counties, has been sold to eastern parties for \$600,000. This marks the passing of one of the finest ranches on the plains.

Poor Paint is Expensive

If one is rich enough to repaint his buildings every year for the pleasure of having a change of color scheme, the quality of the paint used may cut little figure. But if it is desirable to cut the painting bills down to the least amount possible per year, it is of the utmost importance that the paint be made of

ATTEND TO IT NOW!

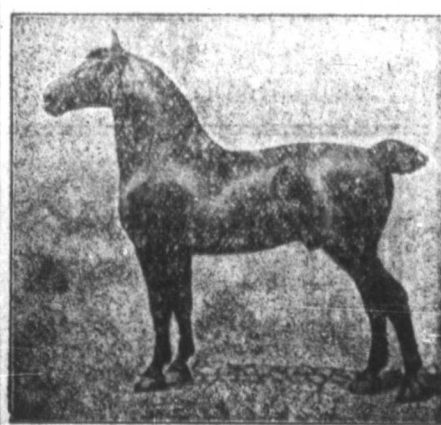

One of the leading farmers of Mitchell County had C. H. Earnest make an abstract for him. He supposed his title was all right, but wanted to be sure about it. A carefully prepared abstract showed three instruments lacking. Fortunately all the parties who should have executed them were found, and the title perfected. Had he delayed it, it would have meant a great deal of trouble and expense. Probably half of the titles in the county are in the same condition this one was in. Hundreds of releases are needed, or are improperly made. Deeds have been lost without being recorded, and heirs have made deeds without proof of heirship.

When lands were cheap people were careless, and probably it was often impossible in an earlier day to get competent men to draw up the papers.

An imperfect title will mean that you will lose a buyer should you want to sell, and should you want to borrow money it will mean delay, and if you do not want to sell or borrow money, you do not want to take the chances of losing it, or to have this doubt and trouble in connection with your family should you die.

Have C. H. Earnest the Abstractor, who has a complete set of Mitchell County Abstracts, make you a complete Abstract and avoid further trouble. Office over Colorado National Bank, Colorado, Texas.

country chaps who come to town to see the circus parade, who stand by their mothers side, clutching at her apron-strings, trembling with excitement and fear, and at last crying out, "Ma, there's the elephant! Two of 'em, three of 'em, four of 'em!"

What man in Colorado would vote for the Women's Clubs! What a togetherness has been their friendship. What a power for good in the schools. What an incentive for admirable action, to the children. How many little things the women think of that men do not have time for in their mad rush for dollars, or for food and clothes.

Happy Superintendent T. J. Yoel! Happy teachers! Happy parents! To have these four wonderful Clubs with their wonderful women thinking, planning, doing for the public schools, buying reference books, pictures, busts of famous men, chemical apparatus, and beautifying the grounds with trees and flowers. Love of nature brings me up close to the great ear of God, and taking trouble—mark those words—"taking the trouble"—to plant out trees and flowers, can but cultivate this love, to love "to company with large, amiable trees," "to hear the beating of the hearts of trees," "to think the thoughts of lillies." And so the women worked on, and did not stop until an iron fence enclosed the campus, and high over the Old Glory, waved her folds and inspired a love of Country in the hearts of the youngest child. And they're still working.

Contemplation of the intense, enthusiastic activity of these Clubs is overpowering, and one gets lost in a maze of admiration, realizing, as one does, that every woman in this thrifty town, when put at the head of one of these Clubs, amazingly brings things to pass. To stand in the presence of such an aggregation of energy and enthusiasm awakens the wild Texas in me and I want to throw my hat up in the air and cry "Hooray for Colorado women!"

PROCEEDINGS.

The opening meeting of the First District T. F. W. C. convened in the Baptist church May 24th. The church was artistically decorated in the state colors, blue and white, and the rostrum banked with ferns and palms, while cut flowers filled every available space.

The invocation was given by Rey B. W. Dodson in a few well chosen words, followed by an appropriate address of welcome by the mayor, Judge W. K. Homan. Dr. N. J. Phenix in his welcoming address was able to speak conclusively, his being the husband of a clubwoman as well as president of the board of trustees causing him to know the inner workings of Clubdom.

Judge W. B. Crockett proffered the hospitality of Mitchell county and went on to speak of the good clubwomen had done in the legislature, mentioning the juvenile court and kindergarten bill.

Mrs. T. H. Roe, representing the Colorado Clubs, made the welcome address as follows:

Madame President, Members of the Federation and Friends: In welcoming you to our little city it is fitting that I give a word of explanation: I am sure that every club woman throughout our state would feel in coming to Colorado that there is one to whom above all others, she would look for words of welcome, of counsel, of encouragement; and who has indeed organized each of our clubs, turning like a wise leader, from counseling the more mature, to guide the footsteps of the inexperienced, and whose character and ability have made her name known and her influence felt wherever a Texas club exists. We rejoice that she is with us today, but we regret that her lack of strength prevents your being welcomed today by Mrs. M. B. Smoot.

Youth is the season of enthusiasm and vigor; added years should bring added zeal, so it is perhaps as a silver haired member of our youngest club that I am asked to be Mrs. Smoot's alternate.

It is with very great pleasure that we welcome you to our little town. We should all have slight regard for a daughter who instead of cherishing her mother as the wisest, best and sweetest wo-

man in the world, would compare her unfavorably with someone of greater influence or wealth or position, so, instead of deploring that our town has not the historic associations, the wealth, the extent, the influence of some of our older cities, we claim that nowhere in the state can you find more beautiful surroundings, more delightful climate or a more cordial welcome than here

"Where a rim of sea like splendor runs,
Where the days bury their golden suns in the dear hopeful west."

We trust that we can make your stay so pleasant that you will realize that we consider it a privilege to entertain this gathering, representative, both in culture and character of that which is best in our state; and we feel sure that your presence here, the counsels that you may give, the influence that you will exert, will stimulate our efforts to help forward every good work aiming at the betterment of our race.

I am sometimes reminded, when I hear the CAN'T about "Club women who neglect their homes" of a friend of my girlhood, now living in Georgia. Her mother, devoted to her own home, and the careful training of a large family, but finding time for much benevolent and religious work in her neighborhood and church, and later, in one of the first of the great Woman's Missionary Societies which have come to be such a mighty force in evangelizing the world; the daughter, whose half a dozen sons and daughters bear testimony in their character to the training they have received in their home, who has yet found time and energy for Club work at home and throughout the country, and for philanthropic effort which has made the name of Mrs. Granger of Cartersville, Georgia, familiar to every one interested in delivering from ignorance and sickness and vice, the thousands of children whose young life is being crushed out in the factories. We can almost hear them on this lovely spring day saying:

"The young lambs are bleating in the meadows,
The young birds are chirping in the nest,
The young fawns are playing with the shadows,
The young flowers are blooming toward the West,
But the young, young children, oh my brothers,
They are weeping bitterly,
They are weeping in the playtime of the others,
In this country of the free."

And we are glad to know that on the first of January, in consequence of the child labor bill passed last June in Georgia, THOUSANDS of children left the factories, overcrowding the schools to such an extent that a practical industrial school is the relief. Yet this is but the beginning of the work that should be done in this one direction. We can hardly take up a paper or a magazine without having our hearts stirred by the hardships of the children in the factories and mines and sweat shops of our land.

But the relief of the children is but one part of the work that lies before us. Surely the field is broad, and the paths which have been outlined stretch in every direction, reaching from the cradle to the grave.

The Mother's Club, the Pure Food Laws, the Kindergarten Association, the beautifying of school grounds, the Library work the home for self-supporting girls, the juvenile protective association, juvenile courts, police matrons, and finally cemetery associations, are but the titles to some of the guide posts marking the road that has been traveled or the work that is still to be done. And we have but to make an intelligent survey of any of the many lines of work already entered upon, to become enthusiastic in our gratitude that we may by organized effort make

the sum of our individual labors a mighty instrumentality in hastening the coming of the golden age when we shall

"Past the range of night and shadow—see
The high heaven dawn of more than mortal day
Strike on the mount of vision."

Again in the name of our Colorado Clubs, I bid you a hearty welcome.

Mrs. W. Lynch of Midland responded as follows:

"Madame President, ladies, friends: Our ears have listened to words that cannot but make us feel in our coming to Colorado a name that pertains to the beautiful your town but now ours by virtue of you having tendered its freedom, and like the beloved Peter at the transfiguration, we can say, "It is good to be here." You are making us know that your hospitalities can only be exceeded by the happiness occasioned by social contact of your individual presence. Indeed, we must confess we are being entertained as angels. Nor is this all. While it is incumbent on us while among you to use, some of our time in the tedium of regular work, that work has an object of such aim as to build us into more useful and better women, and we do assure you, you are so encouraging us that the work will become a pleasure, and we will go about it with such a vim and interest that it will redound with untold good to our association. And when we have finished, and when we have partaken to the fullest extent of the cup of joy you have given us we shall, like Pat's friend who died shortly after his arrival in America and was returned to his native land in Alchihal—go back in better SPIRITS than we came. Ladies and Friends, we tender you our heartfelt thanks for this, our reception, and this sentiment now kindly cherished by all will be transmitted with unabated vigor down the tide of time through the countless number who appreciate the Colorado people."

The number of delegates visiting and homes found for were many.

Mrs. George reported on rules and regulations.

Mrs. Barthold gave the Secretary's report. It was very fine.

The number of towns represented in the first district being 32, number of Clubs 49.

Mrs. A. G. Jackson, on the benefits derived from Federation was certainly an eloquent plea for the work to be accomplished by concerted action. She mentioned the signing of the Kindergarten bill by the Governor on last Saturday, something the Colorado women have worked so hard for.

Mrs. Frost's paper on the duty of delegates was rendered in a very happy manner. Her witty explanation of all the delegates' duty contained great truths.

The convention after hearing reports from part of the delegates adjourned at twelve o'clock until the afternoon.

Mrs. Merritt, who presided at the meeting then said:

Delegates and Ladies of the Federation: I have the honor which is also a great pleasure, to introduce to you one who for the past two years has labored faithfully to make the first district first in rank as well as in name. And thus as our president's name signifies Bidwell's to be the best meeting ever held. We western people even feel there are none superior, and I might say none equal in Texas, no not even in the U. S. to our beloved president, Mrs. B. G. Bidwell, who will now address you.

(Her address will appear next week in the Record.)

MRS. BAILEY'S LUNCHEON.

One of the nicest things of the week was the luncheon given on Wednesday at twelve o'clock by

Mrs. Bailey, president of the Standard Club in honor of Mrs. Bidwell district president. The luncheon in six courses was daintily served from a beautifully appointed table. Those present were Mesdames Bidwell, Barthold; Coleman, Swain, Arthur Bailey, Adams, W. V. Johnson, W. R. Smith, Langston, R. N. Gary, Mrs. Burns.

CLUB NOTES.

In the mass meeting last Saturday Mrs. J. B. Annis was elected treasurer of the City Federation.

Mrs. Fred Whipkey very kindly offered to provide tablets and envelopes for the committee rooms at the Baptist Church, an offer which was gratefully accepted.

The Hesperian Club had its yearly election of officers at the regular meeting Friday at Mrs. M. Carters: Mrs. M. Carter, president; Mrs. C. A. Arbuthnot, first vice-president and parliamentarian; Mrs. N. J. Phenix, second vice-president and assistant secretary; Mrs. J. J. Bromley, recording secretary; Mrs. C. M. Adams, corresponding secretary; Mrs. Sam Majors, treasurer; Mrs. J. G. Merritt, state delegate; Mrs. W. R. Smith, alternate; Miss Jo Dry district delegate, Mrs. John Greenwood, alternate.

On Tuesday from 4 to 6 o'clock p. m., Mrs. Bertner entertained the visiting delegates who had arrived, and their hostesses. The ever fascinating "42" was played, there being six tables. While some preferred meeting and conversing with the guests. It was a most enjoyable and informal affair and did much in making the home folks among the visitors acquainted. Refreshments of ice cream and wafers were served and the guests dispersed ready for the business of the Federation.

Mrs. Harvey Lindsay of Oakland, Cal., is visiting her mother, Mrs. Looney.

Mrs. Butts of Cisco, chairman of the Press Committee, T. F. W. C., is the guest of Mrs. W. L. Doss.

Mrs. M. Phelan and Miss Allee Robertson, of Roscoe, together with Mrs. McGaughey of Sweetwater, are the guests of Mrs. Landers.

Mrs. Birdwell of Big Springs, is with Mrs. M. Carter.

Mrs. Geo. Langston of Cisco, is with Mrs. Coleman.

Mrs. Hugh Swain, son Hugh, and Mr. and Mrs. Arthur Bailey, are visiting their mother, Mrs. A. A. Bailey.

The Federation train arrived here at 12 midnight, and contained the officers of the First District and those upon the program. Among them were Mrs. Bidwell, President of the First District; Mrs. Oscar Barthold, secretary, Mrs. Buchanan, chairman Program committee.

Mrs. Cone Johnson of Tyler, could not attend the meeting of the Federation on account of illness in her family. Mrs. Johnson is president of the state federation.

The mother of Judge Coe is reported to be quite ill.

Artistic Decorators.

The Daylight Store of A. J. Payne has been the wonder and admiration of our visitors this week, and our home people too. The decorations are simply beautiful and are most artistically and tastefully arranged, and is the tasty handiwork of that popular young salesman, Charles Rose, and the pleasant, smiling and expert saleslady, Miss Jessie Smith, two of the most popular young people in Colorado, and they receive the compliments bestowed on them with smiles that are not hard to detect.

J. T. Gunter of Columbus, Miss., is here on a visit to the family of J. C. Prude.
