It's a glass of Soda, cool and sparkling! With a sweet lass beside you, it's really little less than nectar, and especially so when handed out by sly Cupid.

SODA! GOOD, COOL SODA!

Is the cry we want to keep ringing in your ears. The Soda season is now at its meridian, and it's high time you take advantage of it one or more times per day. Soda here is always the best!

OUR FIRST BALE.

Colorado has passed thru the annual spasm of its first bale for the season of 1907 and '08. Not a very big one to be sure, weighing only 360 pounds, but big enough to count as the first. It was raised by Wm. Burns on the Harry Landers place and ginned free at the Farmers' Union gin last Saturday morning. It was bought by J. F. McGill at 14 1/2 cents and a bonus of \$28.00 was raised among the business men. The bale brought \$50.75, and with the bonus, the sum of \$78.75 was realized by Mr. Burns.

Snyder and the Santa Fe.

An engineering corps of the Santa Fe railroad has been camped out north of town for several days and the road survey passes the northeast part of town, a route that well informed people say the road will take. Snyder has the very best assurance now of getting the main cut-off line of the Santa Fe and thus becoming a West Texas railroad center.—Snyder Coming West.

Well Located Residence Property For Sale.

My residence, fronting south on court house square, with one lot or six lots. Will sell lots with or without improvements. Cash or on time. Most conveniently located property in town. For particulars see Buchanan, Morrison & Co., or H. W. Stoneham, at court house.

THE COMING SESSION.

There remains but a few days before the opening of the Colorado public school. The school this year will be greatly increased and improved over former years. The completion of the High School building gives far greater room and convenience both to teachers and pupils. In justice to the teachers of the High School, we would say that all are practically graduates of the State University, lacking only about one third of a course each, and all have specialized in their line of work.

As for the grade teachers; those who have taught here before, need no commendation at our hands, their work is their record. As to the new ones, all are graduates of some college or state institute and come to us with high recommendations.

It might be important to say to the patrons on the South side, that the board decided to put one teacher over there, and she will be expected to teach the 1st, 2nd and 3rd grades. Supt. McDonald is expecting good things of his faculty, and the entire teaching force will take up the work with renewed energy and strength. The faculty as reorganized will be as follows:

High school, C. L. McDonald, superintendent.

Reinhardt Schuman, principal, mathematics.

Miss Effie Whitehand, English and history.

Miss Mary Bret Wilson—Latin.

Grammar School—Miss Beulah Wilson, Miss Don Higginbotham, Miss Mattie Stowers, Miss Ione Love.

Primary—Miss Margret Hatton, Miss Julia McLure, Miss Mamie Riordan, Miss Jodie Meador.

South Side.—Miss Mozella Dry.

Music—Miss Clara Reaville.

Art—Miss Nellie Stowers.

Colored school. Miss Mamie Deighan.

Largest Cave in the West.

Two gold prospectors recently discovered in the Santa Susana mountains, about fifty miles from Los Angeles, Cal., the largest and most remarkable cave in the west. While looking for indications of gold, they found an entrance which they entered. The opening led to a great cavern, consisting of many passages, some of them wide, but most of them narrow and lofty. The passages lead into great halls, some containing an acre, studded with stalagmites and stalactites, in some places so thickly that it is impossible to get through. The walls of one of these halls are covered with rude drawings, some almost obliterated, but others still clear. The drawings represent incidents of the chase, showing Indians on foot pursuing bear, deer and other animals. One wall-painting shows the bear pursuing the hunter. The work is done with a soft red stone much used by the Indians for that purpose.—Scientific American.

PUBLIC SCHOOL PATRONS.

Public school opens Sept. 16th; we desire therefore to call your attention to the following:

The Annual Business Shuffle.

There was a good deal of changing around in business circles on the 1st.

Ernest Keathley after a continuous service of six years with the T. & P. telephone Co., resigned; M. K. Jackson resigns a job he has filled at A. J. Payne's for eleven years; Earnest Bertner and Dudley Arnett, quit the Colorado Drug Co. to attend the College of Pharmacy at Galveston; Hardy Henderson and Isham Grabel have resigned at Lasky's, the former going to work for McMurry and the latter to Mineral Wells. Howard Pond will work for Ledbetter, Gray & Co.; Ed Gouddy has resigned at Jim Sheppard's, and Dick Stoneham at McMurry's. Birdwell will soon have the help of a competent hardware man from East Texas, and Gene Adamson has resigned his job at the pool hall.

The Georgia Drouth.

The new liquor law of Georgia is the high water mark of prohibition legislation. Not only does it close every saloon in the state but it does not allow liquor to be sold by anybody, even a druggist for any purpose whatever. People who need stimulants for medicinal purposes may get what assistance they can from pure alcohol on a physician's prescription. Even this may not be furnished by a druggist except on the day the prescription is dated, nor in quantities exceeding a pint. Most stringent regulations are provided for preventing violations of the law. The burden of proof, that alcohol is wanted for an innocent purpose, is thrown upon the druggist.

LUNCHES AT SAGAMORE HILL.

Roosevelt Listens to Stirring Address On Missions by Episcopal Bishop of West Texas.

Oyster Bay, N. Y., Sept. 1.—The Right Rev. James S. Johnston, Episcopal Bishop of Western Texas, delivered a stirring address on the subject of "Foreign and Domestic Missions" at the services attended here by President Roosevelt and his family. The Bishop and Rev. H. H. Washburn, pastor of Christ Episcopal Church, and Mrs. Washburn, accepted an invitation to lunch at Sagamore Hill after the services.

In comparing what he regarded as the pittance of \$5,000,000 a year, which was all the church could collect for mission work, Bishop Johnston put the millions spent annually on the United States Navy in the same column with the \$60,000,000 he said was spent annually for chewing gum and the many times greater amount for tobacco and liquor. The support of the navy, however, he justified as making for peace.

Bishop Johnston has recently visited the Far East and declared the American Government had a difficult problem to solve in the Philippines. In Japan he said there was a decidedly greater demand for religious literature than could be supplied.

DIED.

On Monday, Sept. 2nd, at her home eight miles north of town, Miss Bettie Huggins, of a complication of diseases. The remains were interred in the Odd Fellows cemetery Tuesday afternoon at 5 o'clock, the funeral services were conducted by Rev. G. W. Burns of Snyder.

WESTBROOK ITEMS.

E. T. Phillips has the honor of bringing the first bale of cotton to Westbrook this year. It was ginned Wednesday at Lasseter's new gin, weighed 475 pounds and was sold to C. B. Hooper for 15c per pound. A premium of \$20 was quickly raised, which added to what it sold for made the bale bring Mr. Phillips the handsome sum of \$91.50. It wouldn't take many bales at this price to make the farmers feel like the bottom rail was getting on top.

Reed & Yoakum have thoroughly overhauled their gin and added four new stands to it, making an eight-stand plant. They are also ready for business.

The new bank building is about complete and we suppose that the bank will soon open for business.

The new Methodist church building that is being erected is a credit to a town of 10,000 inhabitants.

It is reported that we are soon to have a newspaper, also a feed and coal business.

Mr. McKinney is clearing off a nice plot of ground for a cotton yard and still other business enterprises promising. Westbrook will surprise you more this year than last if you will keep an eye on her. CITIZEN.

Notice, Cotton Raisers.

No experiment to gin with Reed & Yoakum at Westbrook. They ginned one bale last week. Who will be next. It's free.

RANCH FOR SALE.

We have the fine 8-section ranch of A. A. Bailey, 8 miles south of town, for sale at a bargain. Prettiest farm and ranch combination on the market. Or buyer could cut up and sell off in small tracts. Nearly all fine sandy mesquite farming land. Price, \$13.00 per acre, easy terms. Knott & Ellis.

Westbrook's First Bale.

A note from Westbrook states that the first bale of cotton was ginned and sold there Wednesday. It was ginned by Lasseter Bros., weighing 475 pounds, bought by C. B. Hooper at 15c, with a premium of \$20. It netted the grower, Mr. E. T. Phillips, \$91.50.

This is a dream, but just suppose that some big property owner in Colorado, who is not in the habit of giving to public enterprises, should get up one of these mornings, and realizing the necessity of the town getting the good things coming to Texas, come across with \$10,000 or \$12,000 and say to his neighbors, "let's make good while the waters are troubled, take this money and use it." What an effect it would have. This old town would wake up and things would hum. Such a man would be a benefactor. Find him.

DeWitt's Little Early Risers are good for any one who needs a pill. Sold by W. L. Doss.

Birdwell has a full line of the Famous Charter Oak Stoves, cooking and heating, ranges, also cook stoves from \$8 to \$45; heaters \$3.50 to \$12.00.

A dog came to town about ten days ago and saw an automobile whizz by. Taking it for legitimate game, he tried to catch it. He didn't catch it, but he has shown himself a persistent cuss; he'll run until he steps on his tongue and then lie in wait for it on the next round. Poor dog; he's thin as a rail and is no nearer catching one of the 'critters' than the first day he started. There are men—many of them, no wiser than the dog. They go the pace that kills, run themselves to death trying to catch what they couldn't use if they caught.

Mr. Keathley Resigns.

I desire to say to the public generally that Mr. Keathley has handed in his resignation and quit the company. Mr. Keathley has been with us six years to a day, and during that time has been a very right hand. He will remain in Colorado, in business for himself, and I can not refrain from saying that if you have any business of a confidential nature or that requires conscientious attention and care, you can not do better than to entrust it to him, and you may rest assured he will not betray any confidence you repose in him. I sincerely regret that he leaves us; I never hope to get a better man.

The Protracted Meeting.

The services at the rink and tent are progressing nicely. Earnest crowds attend both services, and the best of fraternal spirits seem to prevail. The singing at both places, especially at the night services, is unusually good and strong.

Mr. Dubber and Mr. McCarty are both earnest and strong preachers, well grounded in their respective views of the truth.

While the number of conversions reported has not been great, yet the meetings have done much to strengthen and unify the people, and give promise of greater things from the future services.

Ginners' Affidavits Shy.

Up to this date only three of the eleven gins in Mitchell county, have complied with the law requiring ginners at the beginning of the cotton season, that they will make a true and prompt report to the Commissioner of Agriculture at Austin, of all cotton ginned by them.

A penalty of a fine is fixed for neglecting to comply with this law. The ginners complying to date are: Lasseter Bros. and Reed & Yoakum at Westbrook, and D. M. Cranfill at Loraine.

In another year or two as the acreage of cotton increases, this county will have twenty instead of eleven gins, if the ratio of increase for the past year is maintained.

Already, there are a few--as there will ever be--who having acquired a competency, and feeling secure against the pinch of misfortune, spend their time in calamity howling and prophesying evil. Here in Colorado, the croak of the raven is heard. It is not from the workers, the men who tread the furrows and force the earth's increase by the sweat of their faces, but from those living upon the yeoman's toil. With the crops of Mitchell county from fifty to an hundred per cent better than in east, central, and most of west Texas, there is little cause to complain, and predict disaster. To foresee misfortune, is to tentatively invite it. The wolf cry of "crop failure" is many times but a pretext for the creditor to demand the "pound of flesh" of a helpless debtor. Let us then count our blessings, remembering how much better off we are than ninety per cent of our neighbors.

W. S. Page, chief electrician of the light plant here, has resigned and will go to Groveton, where a good job awaits him.

At the mid-week prayer meeting at the Baptist church Wednesday night, Mrs. F. E. McKenzie and Miss Annie Gardner were received into the church and baptized. There have been during the past week twelve accessions to the Baptist church as a result of the recent meeting.

The band is now practicing regularly and a decided improvement is noticeable already under Prof. Strain's directorship.

Rev. Holmes Nichols left last night for Colorado health resorts in company with Prof. Yoe, who goes to a cooler climate in the hope of more quickly regaining his health and strength.

Will McKenzie and wife have returned from a visit to their old home at West. He reports crop conditions in that section as very discouraging indeed.

Letter to Burns & Bell.

(Colorado, Texas.)
Dear Sirs: It is a great thing for a merchant to have the exclusive sale (in his region, of course) of anything wanted by everybody.

There are two ways to treat such goods. One is: put the price up and make big profit. The other way is: be fair and make more.

Devoe is the paint that takes least gallons and costs least money a house, a job, a year, a lifetime--no matter how you reckon your costs, except by the gallon--Devoe is the best care-taker and costs least money.

Don't forget that the principal part of the cost of print is putting it on. Less gallons, less cost. Don't forget that another principal part of economy is long wear; less gallons, less cost and long wear.

It is a great thing to have the exclusive sale of popular goods, of goods that make friends, of goods that enrich both buyer and seller. Devoe is perhaps only ten per cent better than one or two others; but ten is a plenty--it's 200 or 300 better than many.

There's many a merchant who hasn't found-out his goods. It doesn't take a man long to find-out that Devoe is the least-money paint and why, no matter which side he is on.

Yours truly,
F. W. DEVOE & CO.
P. S. Colorado Drug Co. sells our paint.

Within Her Rights.

A very black woman in a silver gray automobile coat was seen a few mornings ago hauling an unwilling and disreputable looking yellow dog by a leather thong.

A friendly disposed policeman asked casually: "Why don't you turn the dog loose? He don't look able to run off, and nobody'll want to steal him?" "Ain't I a 'oman?" was the tart query.

There was no disputing the fact. "Ain't dis beah a dog?" Patent fact. "Ain't dis beah New York?" Obviously true.

"Well, ain't I got a good right to walk off dese beah streets and put on all the style I choose?" No disputing a self evident proposition.--New York Times.

Beau Brummel.

Brummel went to prison for debt, but came out again to resume his fopperies. His friends made him a small allowance of \$120 per annum, equal at Caen to £300, but he could not be expected to live on such a pittance. When he had not 4 francs in the world he would order boot polish at 5 francs a bottle from Paris and call the tradesman who supplied it "a scoundrel" for venturing to ask for his money. In the end his intellect gave way. He lost his memory and much of his little mind. He grew slovenly and careless, yet to the last clung to his eau de cologne and some other luxuries. Finally, his mind all gone, he was removed to a charity hospital, being now reduced to the utmost impoverishment and content to change his linen once a month instead of three times a day, as of old. Here he died under the care of sisters of charity on March 30, 1840. Thus ended the striking career of perhaps the most worthless fop whom history records, his death being a fitting termination to his useless life.

Mr. and Mrs. Robin.

Cock robin is a great nuisance when the nest is undergoing repairs or has to be rebuilt, for he everlastingly bothers the lady robin while she goes about her fine art of nest building. Does he ever assist in the good work? Not he. He will not soil his pretty bill with one bit of lint or moss, or anything necessary for the nest. After the little fellows are hatched he becomes a genuine old hen, and will hover about the nest while the lady is away for worms for her young. He may once in a while forget his lordliness and bring a worm for his lady, but as for food for his offspring, the fuzzy little fellows would starve were they to depend upon the father robin for food. He seldom bothers about the little ones' first flight attempts, and will sit perched handily by while mamma tackles the delightful task. But let danger approach the young of the mate, and lo and behold! Mr. Robin becomes a genuine fighter, and will draw near to the jaws of death boldly and without hesitation.--London

KEEP UP YOUR END.

Every citizen of a town owes a part of his time, his money and his energy to the promotion of its moral and material good. A town can not forge ahead only as its people are progressive. Every man working constantly at his own personal and selfish business, will not help a town prosper and grow. If every man in Colorado would do his public duty, there would soon be a great change in conditions.

Just now the Commercial Club is trying to attract people and capital to Colorado, it is doing the work as the duly accredited representative of the people of the town, and if anything is ever accomplished, if the money spent is to bring any returns at all, the Club must have the heartiest support of every man who is to be benefitted by the prosperity of the town. It is not a question of expediency, but of vital necessity. Colorado and Mitchell county must either keep up with competing towns and counties around us, or take the dust from the passing wheels of their progress.

Don't hold back to see what your competitor or neighbor is going to do, but do your part first. And above all, don't be a piker.

The Quality That is Not Strained.

It requires work to keep up an editorial page, or even a column every day in the year, but the conscientious editor should not be afraid of work. So strongly does the Bulletin believe in the good that comes both to it and the country from its editorial page, that it makes an effort to have it measure up every day pretty well with the leading city papers in the state in the quality and quantity of its matter. This policy has been pursued for years and it has paid more than the papers that have not tried it imagine it could be made to pay.—Brownwood Bulletin.

Colorado people are now on trial, and it remains to be seen what will be done with our opportunities. There are men in this town who could be of great benefit to it if they would and many who would do it great good if they could. The future of the town is in the balances.

Some people get the swell head to such an extent that they think the people can not get along without them. They believe the town would actually retrograde if they were to leave it, when the fact is, everything would move on just in the same old way if they were to go. Liquor Law Yields \$200,000.

It has been learned from the state treasury department that thus far the Baskin-McGregor liquor law has yielded \$200,000. At least, county tax collectors have so far remitted that amount to the treasury and to the various state depositories over the state. This however does not represent the total amount which will be collected from this new liquor law, as many of the collectors have not as yet remitted. It is estimated by the state treasurer that the aggregate collections will approximate \$600,000.

Commercial Clubs Meet at Sweetwater on September 10th.

The next meeting of the Central West Texas Federation of Commercial Clubs will be held at Sweetwater on September 16. The Federation is making strong efforts to bring immigrants to this particular section of the state and the movement is meeting with the hearty co-operation of all the towns embraced in the secretary's report at the meeting held at Haskell, August 14, which says:

"The secretary's report among other things, shows 25 cities and towns of central west Texas actively federated with the movement. Thirty of the 40 papers published in this section already are carrying ads of the association regularly. The names of 160 new prospectors registered since last report and prospects and better work and success for the association's work in the future.

At this meeting of the association it was the unanimous sentiment of those present that a county and district exhibit should be made at the Dallas fair this fall, and committees from each club were appointed and instructed to get busy on the proposition at once and have an exhibition this fall of farm, garden and orchard products of their respective counties.—Roscoe Times

The committee from Mitchell county is composed of T. O. Cowan, S. T. Shropshire, Max Thomas and A. J. Coe. Keep the date in mind, September 16th, and let every member of the Club who possibly can, attend the Sweetwater meeting, do so, as that is the only way to keep up enthusiasm. Bring your farm products; Judge Coe is ready to receive them.

THE SOCIETY REALM

Mrs. J. G. Merritt, Editor

On Thursday afternoon Mrs. Robert Brennand invited all the members of the old Card Club to meet with her in honor of a former member, Mrs. S. C. Arnett. The afternoon was so delightfully spent that it resulted in the re-organizing of the Club with Mrs. Brooks Bell as president and Mrs. E. E. Radford secretary and treasurer. It was decided that no refreshments would be served, that each member would entertain alphabetically. A fine of ten cents would be imposed for being late, also ten cents for failing to notify the hostess if for any reason a member was unable to attend. The regulations will be perfected and adopted at the first meeting of the new Club, which was with Mrs. V. D. Payne Tuesday. In spite of so much business the game of the afternoon was a thoroughly enjoyable one. Mrs. V. D. Payne won the most games and secured the prize, a pretty Japanese plate, which she gracefully presented to the honoree of this occasion. Delicious refreshments were served by the hostess, who enjoyed the pleasure of giving joy to her friends.

The Cemetery Association held its annual election of officers Saturday with the following results: Mrs. G. W. Donaldson was made president, Mrs. Samuel Gustine 1st vice-president, Mrs. J. E. Hooper 2nd vice-president, Mrs. J. G. Merritt, 3rd vice-president, Mrs. J. E. Riordan secretary, Mrs. J. W. Shepperd, treasurer. Collectors to be appointed by the incoming president at the regular meeting.

The gentleman's Euchre Club met Thursday evening with V. D. Payne. There were five tables full of players and a very pleasant evening was spent. Con Harness was the lucky winner of both the first and lone hand prizes, while Judge Earnest received the booby. Punch was served during the game.

Mrs. C. A. Arbuthnot opened the doors of her hospitable home Thursday evening to a big crowd of the younger people, with Misses Ruth Nichols, Elenor Van Tuyl, Louisa Roe and Grace Homan as honorees of the delightful occasion. The young folks played 42 for quite a while, Elenor Van Tuyl securing one prize and Walter Whipkey the other. Then there were games on the lawn until a late hour, delicious orange ice and wafers were served. All of the young people present are loud in their praises of the good time enjoyed and as many of them have left for school in various parts of the state it will be many days before all are together again.

Friday morning from ten until twelve, Mrs. Arbuthnot entertained the married ladies in honor of Mrs. R. B. Homan and Mrs. Farris of Dallas. Mrs. Blandford and Carter received the guests at the door, while Misses Lucille Stoner and Mary Arbuthnot, together with the hostess, saw that they were comfortably located. 42 was played with a vim for two hours, there being seventeen tables full of players. Mrs. Looney and Mrs. Hooper cut for the prize, a beautiful cut-glass dish, which Mrs. Hooper secured. The booby was cut for by Mrs. Brennand and Merritt, and secured by Mrs. Brennand. It was a pretty little pitcher. Refreshing orange ice and wafers were served by the hostess and ladies assisting her. 'Twas a delightful party. 'Tis a great pleasure to have Mesdames Homan and Farris with their friends again, while Mrs. Arbuthnot's hospitality is always a thing of joy.

Miss Angie Buchanan gave a most delightful and unique entertainment Thursday evening in honor of her friend, Miss Mary Dixon of Marlin. The young ladies and gentlemen were bidden to come as little folks to a Little Folks Party, each to bring their youngest photograph. The girls were dear and dainty in little empires, French dresses and sailor suits—with curled or braided hair. The boys were just too sweet for anything with their Buster Brown suits and little shoes and socks. It was a very jolly crowd of little folks that played Snap, Marching Round the Levee and I'll measure my Love to Show You. A contest in pinning on a donkey's tail was another childish amusement. The photographs were a source of much fun, all of course being speaking likeness. Lemonade was served in the yard under the shade of the old apple tree. Oranges with a stick of candy in each were served and all the children cautioned to keep their party clothes clean in eating them which they did. It has been a long time since the young folks have enjoyed anything more pleasant and each one could say very heartily "My mama told me to say I had a nice time and I have."

A very pleasant little affair was the chafing dish supper on Monday evening given by the Misses Roe. Those present were: Mrs. Frank Greene, Misses Riordan, Misses Roe, Rev. J. Leighton Read, Messrs Patrick Henry, Royall Smith, Walter Carter, and Gardner Harness.

The Card Club held a meeting with Mrs. V. D. Payne Tuesday. About twenty members were present and all were very enthusiastic over the good old times in store. After all the business was finished a few games of euchre were played. The next meeting will be with Mrs. Bell Tuesday at 3 o'clock.

Mrs. Waldo entertained the German Club Tuesday evening with a delightful dance in honor of a visiting member, Nora Shannon. The music was furnished by two colored musicians. Punch and cake were served and a good time had by the young folks.

Miss Isla Wulfjen gave an ever popular 42 party Wednesday night at the home of her sister, Mrs. R. L. Brennand, in honor of Miss Marion Bell of Tyler. The guests were met at the door by the hostesses, who handed each a score card and led them into the dining room where delicious punch was served from a bowl exquisitely decorated with grapes and leaves. The playing began immediately and soon eight tables were filled with enthusiastic players. When the last game had been played 'twas found that Mr. Jim Evans had won the royal prize, a Stein, and Miss Mary Arnett the lone hand prize, a beautiful hat pin holder. Ice cream and cake was served and the guests say this party was best of all. Mrs. Brennand and Miss Wulfjen was assisted by Miss Isla Smith and Mesdames B. L. Wulfjen, R. O. Pearson and Gus Bertner.

MARY ROBERTSON.

Mr. Hervey Gouldy, a brother of Edwin Gouldy and Mrs. J. A. Fore of this city, who has held a position with the T. & P. railway at Abilene, and later was cashier for the Abilene & Northwestern railroad at Abilene, was promoted to assistant cashier of the Fort Worth & Denver road, with headquarters at Fort Worth, last week. Gouldy is well known to all the Coryell county people in this section, all of whom are pleased with his rapid rise in the railroad world, and expect to see him go higher in a very short time.

AT THE CHURCHES.

PRESBYTERIAN CHURCH.
Rev. R. C. McAdie pastor of the church at Mineral Wells, will fill the pulpit at the Presbyterian church here next Sunday at the usual hours. He will supply the Colorado church during the month of September.

METHODIST CHURCH.
Preaching at the Methodist church next Sunday at 11 o'clock by the pastor. After the preaching services the Sacrament of the Lord's Supper will be administered. Sunday school at 9:45. The public will receive a most hearty welcome at the Methodist church, and strangers in the city are especially invited.

The protracted meeting in Colorado under the gospel tent is being well attended. Subjects for Sunday at 11 o'clock and at 4 p. m. are as follows: "What is the Gospel and how is it perverted?" "Who are we and what are we doing?" The meeting will close after the evening service. Don't fail to attend.

Farmers, Notice.

Business Men Meet.

On Monday night the Colorado Commercial Club met in regular session at the Fire Hall for the transaction of its regular business. Owing to the various meetings and social functions but few were in attendance.

Dr. Henthorn, president of the Loraine Commercial Club, and T. O. Cowan, member of the Dallas Fair exhibit committee, were welcome visitors.

The hotel question again came up and was discussed.

W. B. Crockett was chosen as a delegate, together with the president and secretary, to attend the meeting of the West Texas Federated Clubs at Sweetwater on the 16th.

The advertising committee submitted a write up of Mitchell county and Colorado, also the Loraine Club had a nice write up of Loraine, all of which was adopted, and 10,000 folders will be printed and ready for distribution in a few days.

In the absence of the president, vice-president Robert M. Webb, presided with ease and dignity.

The Club adjourned until next regular meeting night, or subject to the call of the president.

Students, Notice.

All students desiring to take examination for any reason must report at the new school building Thursday and Friday, Sept. 12 and 13, where examinations will be conducted. Don't forget your grade cards Monday.

Big Scandal in Pension Office.

Washington, Sept. 1.—Because the experts appointed by Secretary of the Interior Garfield to investigate pension methods drifted into the pension office and found 300 vacant desks that were kept there presumably to give the impression of there being a great rush of business, the department now faces the certainty of one of the greatest upheavals ever known in Washington's governmental history.

According to the estimates of the government and outside experts, the reform in the personnel and business methods of the department will save the government more than \$200,000.

Lame Back.

This is an ailment for which Chamberlain's Pain Balm has proven especially valuable. In almost every instance it affords prompt and permanent relief. Mr. Luke LaGrange of Orange, Mich., says of it: "After using a plaster and other remedies for three weeks for a bad lame back, I purchased a bottle of Chamberlain's Pain Balm, and two applications effected a cure." It Will Not Down.

That certain ghost which was immortalized in literature by the English bard was only an apparition, a child of a distorted brain, a myth of the imagination, but the fleshless bones and the boneless flesh of the ghost drove the sane mad and the mad sane. Curses were hurled at the ever present form, but it would not down. There is a ghost that is more real and which gibbers in the day as well as the night, stalking the very streets of the city. It will not down. It will not disappear until the city builds a system of sewers. This is the ghost. Shall the city stand trembling in its presence any longer? The Brand speaks from the necessity of the people. Hereford has come to the parting of the ways. It is no longer a country village. Because the town has grown without a sufficient sewerage does not argue that it can any longer move forward without one. The happiness and very life of the people demand that immediate action be taken in this matter. The city is able, the people are willing. The Brand cannot put down the ghost.—Hereford Brand.

The time will come when every town of a thousand population will have to have sewerage as a necessity. Advancing civilization demands strict sanitary conveniences, and the investment has been found to pay enormous dividends in health and godliness.

What a Big Lie.

The outside public have but little idea the amount of stuff and the kind of matter written and sent into a print shop for publication. We publish the article below as a sample:

Spokane, Wash., July 27.—After having tramped more than 100 miles, attired in man's garments, arrested at Walla Walla, south of here, and detained in jail two weeks on a technical charge of masquerading, Mrs. George Earl, who was Nora Clay, daughter of a former cattle-grower near Fort Worth, Texas, joined her husband in Spokane today after a separation of six weeks. They eloped three years ago, because the bride's father threatened to place her in a convent. She was then 16 years of age, and had a reputation throughout the panhandle as a "bronco-buster." Mrs. Earl is of medium height, slender and comely, a typical Texan, and speaks with an air of refinement. George Earl has found employment in a local hotel, where Mrs. Joseph A. White has given the girl wife a home. This is her story:

"I was raised on the plains of Texas and started to ride broncos when 4 years of age. When I was 10 I started busting mustangs and Indian ponies. Papa sold his ranch later and started a Wild West Show. I did trick riding and bronco busting. It was easy, as I had roped and branded cattle on the Texas ranges. While with the show I met George and we fell in love. My parents objected to our marrying, because, they said, I was too young. I was 16. Then George and I ran away, because papa threatened to put me in a convent. I was to be taken to Lott from El Paso on the 6:35 o'clock evening train and George and I left for Waco an hour earlier. We went around the country, finally going to Oregon, leaving Pendleton two months ago for Baker City. George failed to get work and started for Walla Walla. I did not hear from him for several days and my funds gave out. Determined to reach him, I decided to don a suit of his clothing and beat my way to Walla. Reaching there I heard he had gone to Spokane and started out to tramp it to this city. When I reached Starbuck I got a report that he was at Walla Walla and turned back.

"I tramped all the way from Starbuck back to Walla Walla on the railroad track, not having a bite to eat from Sunday morning to Monday night. I was arrested by the constable at Walla Walla, who noticed that I wore women's shoes, and suspected that I was masquerading. "I told the police at Walla Walla that I was stranded and

was determined to reach my husband and realized that the adoption of a disguise was the only means whereby I could carry the scheme through. I was turned over to the Salvation army, where I was treated nicely and received transportation to Spokane, after George had written to me where he was. We expect to stay in Spokane, as we have found good friends who will assist us in making a home."

Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"I was so weak from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me entirely and I had been taking other medicine for nine days without relief. I heartily recommend this remedy as being the best to my knowledge for bowel complaints.—R. G. STEWART, of the firm of Stewart & Bro., Greenville, Ala. For sale by W. L. Doss.

The Diamond Jubilee.

At the meeting of the Five Million Club in El Paso a resolution was passed deciding that the people of the imperial state of Texas should in the year 1911 celebrate the seventy-fifth anniversary of the independence of Texas from Mexico by giving an exposition at some place within the state to be selected in a manner hereinafter provided for, said exposition to be named by the corporation to be created as hereinafter provided for, provided the words "Diamond Jubilee" shall form a part thereof. This will put Texas, as a state, before the world as she has never yet had opportunity to appear. Texas will certainly be on the road as the empire state in wealth and population as well as in territory if the Diamond Jubilee succeeds, as it certainly will, for Texas cannot afford a failure in this undertaking.—Jacksonboro Gazette.

Chamberlain's Cough Remedy One of the Best on the Market.

For many years Chamberlain's Cough Remedy has constantly gained in favor and popularity until it is now one of the most staple medicines in use and has an enormous sale. It is intended especially for acute throat and lung diseases, such as coughs, colds and croup, and can always be depended upon. It is pleasant and safe to take and is undoubtedly the best in the market for the purposes for which it is intended. Sold by W. L. Doss.

Ernest Keathley is now "to line his own skillet," figuratively speaking. He is in business for himself and has his office with Dr. Coleman. He will do a little land, insurance, rental, and collecting business, or any other odd piece of business that no one else can. He deserves success and we predict it for him.

GREAT DALLAS FAIR.

EXHIBITION AT DALLAS THIS YEAR
PROMISES TO ECLIPSE ALL
OTHERS YET HELD.

THE GREATEST RACE MEET

Assistant Secretary Cabell
Announces That Turf
Events Will be the
Best Ever.

Assistant Secretary Ben E. Cabell, secretary of the Texas State Fair, promises the greatest race meet this fall in the history of the South. "We know today beyond question," he said, "that there will be more high class runners here than ever before. This is due to the fact that the State Fair has offered this year a very strong programme. In the running races there are offered six stakes for distances ranging from six furlongs to two and one-quarter miles. These stakes are all for \$1,000 each. The first running race on the opening of the fair—Oct. 19—will be known as the Dallas Inaugural. On this day will also be the longest race that has been run since 1900. It will be for a distance of two and one-quarter miles for a purse of \$1,000 and a cup valued at \$250 and tendered by the Oriental Hotel. Some noted horses have already been entered and the daily programme will eclipse any held heretofore.

TEXAS PRESS DAY.

Captain Sydney Smith, secretary of the Texas State Fair, is in receipt of a letter from W. J. Buie of El Paso, president of the Texas Press Association, announcing his intention of arriving in Dallas Sept. 6. While here President Buie will confer with the executive committee of the fair and arrange for an appropriate programme for Press Day at the fair—Oct. 19. Derby day, the feature of the racing programme, was especially arranged for Press day. Visiting editors will be treated to one of the finest racing programmes ever held in the South. This includes the great Oriental hotel cup stakes race, the longest run since 1900.

DAYS AT THE FAIR.

At this early date many associations and organizations of the state have already secured days during the fair. Saturday (opening day), Oct. 19, is Texas Press Day; Monday, Oct. 21, Postmaster's day; Tuesday, Oct. 22, Confederate Veterans and Red Cross day; Wednesday, Oct. 23, Lumbermen and Hoo Hoo day; Thursday, Oct. 24, Dallas day; Friday, Oct. 25, Sacred Harp, G. A. R. and Relief Corps day; Saturday, Oct. 26, Traveling Men's day; Oct. 29, Cotton Seed Crushers' day; Thursday, Oct. 31, Ramsey day and Friday, Nov. 1, Fraternal day. The latter was so designated at the request of a joint committee appointed by the different fraternal orders of the state, and it is believed that the attendance on this day will be as large as any during the fair.

J. W. SHEPARD TALKS.

J. W. Shepard, a prominent stock man of Plano, Texas, called at the fair grounds yesterday to arrange for a magnificent display of jacks, jennets and mules. Mr. Shepard stated that this division of the livestock department this year would exceed anything of its kind ever held before. "Texas is fast being recognized all over the country," said Mr. Shepard, "as the premier jack, jennet and mule state of the union. Prominent stockmen of Kentucky and Tennessee have often told me that Texas was ahead of their own states in this branch of industry. King Napoleon, a Texas jack and winner of the sweepstakes at the Texas State Fair in former years, was purchased some time since by California parties for the sum of \$5,000, and is being advertised all over the Pacific coast as the greatest jack in the world. As a 3-year-old he stood 16 1/2 hands high and weighed 1,300 pounds. Texas has the waters and grass for the raising of fine stock, and I believe that in one or two years buyers will come from every state in the union to purchase what they need in Texas."

OSTRICH RACES.

William H. Ford of Tampa, Fla., owner of one of the few ostrich farms in the United States, will exhibit these birds at the coming fair. Mr. Ford is now at the Jamestown exposition, where his exhibition is receiving general praise by the press and public alike. The display will include ten ostriches. Every Sunday afternoon an ostrich race will be held on the race track, the ostriches to be ridden by regular jockeys.
