IT IS YOUR RIGHT

To demand that the pharmacist who compounds your prescriptions use every possible care to get them right. Not only must he try his best to get them right, but he must do so.

No men, professional or otherwise, have a greater responsibility placed upon them than do druggists. Their working hours are long but they must be absolutely accurate. A moment's absence of mind might cause a loss of life. We only mention this to show you we appreciate the necessity of constant vigilance and alertness. We are not objecting to our hours though we would like them shorter.

We use every precaution to guard against error. Our prescriptions are all put up by registered pharmacists, and the items are always checked a second time as a safeguard.

CITY COUNCIL MEETING

City Assessor Makes Report \$1,491,235 Personal and Realty, 348 Polls Etc.

Tuesday night the city council met in regular session with Mayor C. H. Earnest in the chair and Aldermen Burns, Moeser, Knott and Ratliff present. City clerk Keathley acting and City Marshal Key, besides several visitors.

Minutes of last meeting, also a called meeting read and with slight corrections were approved, a resolution was passed to notify the former city clerk to appear before the council to show cause why he should not be removed from office. The treasurer's office was then declared vacant.

D. F. Glisson then appeared before the council asking permission to erect an iron building in the rear of the McCreless grocery store. The request was denied as it is in the fire limits and the ordinance prohibits it.

The committee appointed to secure a City dumping ground reported that they had secured permission from the county to use the 20 acre block belonging to the county north of town, near the old pest house, provided they would build a pit or crematory, the county agreeing to pay half the cost. The report was received and the committee instructed to build a rock or cement pit.

The committee, composed of J. Max Thomas and Lee Jones, who were appointed to audit the former Secretary and Treasurer's books made a report. The report was to the effect that so far as they could tell there appeared to be a shortage of \$331.09. The report was accepted and the council so declared.

A Mr. Sammons, of Snyder, was awarded the contract to grade Front street at 20c per cubic yard for all dirt moved. The work to be done according to the late survey by the T. & P. Ry. Co. Alderman Burns, Moeser and the Mayor were instructed to close up the contract.

Bids were received from the banks to handle the city money. The Colorado National Bank was awarded the contract, they to pay 3½ per cent on average daily balance and make a good bond in the sum of \$7500. In this award Alderman Burns and Mayor Earnest did not vote and it was so awarded by a majority of the Aldermen present.

A resolution was passed that all moneys could be paid only on warrant properly signed by the clerk and counter signed by the Mayor and bearing the city seal. The following bills were then allowed:

Jesse Moore	\$ 1.25
Nations & DeLaney	6.40
Whipkey Printing Co.	3.40
Z. Kendrick	1.00
J. M. Thomas	25.00
City Clerk for books	1.25
City assessor 2½ cents on the \$100 valuation of \$1,491,205 and 348 polls making \$372.90. The city delinquent tax list was then ordered published. The council then adjourned.	

No More Greasy Doughnuts.
A lady in Greenville, S. C., recently wrote a friend as follows: "For years, after preparing doughnuts with the utmost care, I was disappointed to see them come out greasy and unwholesome looking. However, with my first use of Cottolene for frying them, I was delighted, as they were brown, crisp and delicious."
For making doughnuts, pastry, light bread and flaky biscuits I prefer Cottolene to any other shortening on the market. We even carry a full of it on our annual camping trips through the mountains.
Cottolene is a vegetable oil cooking fat, made by The N. K. Fairbank Company, Chicago, and is much purer and more wholesome than lard. It is carried by all good grocers.

The Record and The Dallas Semi-Weekly News only \$1.50.

GETS LIFE SENTENCE

Weatherford, Texas, Oct. 9.—Jeff Pearson, charged with killing W. E. McConnell, a member of the state legislature, several months ago received a ninety-nine years sentence in the district court at Palo Pinto Wednesday morning.

I NEED MONEY.

In as much as I have sold altogether on a credit, it has forced me to buy the same way and now my creditors are demanding payment of me, hence in turn I am forced to ask and demand of those who owe me for medicine or otherwise to see me when in town and settle same at once. Every one that I have dealt with will bear me out in saying I have been lenient to every one, but now I am forced to ask the kindness of my customers for a prompt settlement. I sincerely thank you for your patronage. Don't take the above as a joke, as that is not our way of doing business.

J. J. PATTERSON.

KILLING AT BARSTOW

Pecos, Oct. 13.—A bitter animosity of long standing culminated in a very bloody killing last night at Barstow, when Cecil Young of that place fired the two shots which resulted in the death of W. M. Cleghorn. Immediately after the shooting Young surrendered to the sheriff. He admitted having fired the shots, and while he would make no public statement, it is known that bad blood existed between the two men, as a result of a killing last summer.

At the time of the tragedy Cleghorn was standing in front of the postoffice reading a letter. Young came up behind him and fired, the first shot taking effect in the back. As Cleghorn turned to meet his assailant he was fired on again. The second volley struck him in the head, from which death resulted instantly.

Young was a chum of Arthur Howell who was killed last August by Cleghorn.

TEXAS WILL TRY IT

State ownership of a railroad, with all its advantages or disadvantages, as the case may be, is about to be tried in Texas. That commonwealth has been constructing what is known as the Rusk Penitentiary Road, which is rapidly approaching completion. It is to form a connecting link between the penitentiary and the Texas and New Orleans and the International and Great Northern roads. It will be used both for passenger and freight traffic, but its principal tonnage will consist of the products of the penitentiary and the supplies for it. Another road is being built by the board to a sugar plantation owned by the penitentiary and connecting it with the Houston, Brazos and Northern Road, so as to enable it to handle the sugar crop to advantage. These two roads are a considerable distance apart, but they are regarded as being the beginning of state railroad building and ownership in Texas.

Real estate has been quite slow to change hands the past three months but it has begun to move some now and the past three weeks the Hastings Land Co. has closed several good deals among them we note the following.

J. J. Allen sold to G. W. Echols 188 acres 7 miles northwest of Colorado consideration \$20 per acre.

J. L. Motes bought off the Ben Van Tuyl ranch 160 acres at the price of \$18 per acre.

C. S. Peters in south Colorado sold to J. L. Jones 6 1/2 acres at \$75 per acre.

J. M. Terry sold to Mrs. V. W. Allen a house and 4 lots in north Colorado, terms private.

Geo. I. Jeffress sold to A. J. Payne, house and lot in Westbrook for \$600.

If you have anything to sell list it with The Hastings Land Co. or if you want to buy come to see them. Office in Record building.

MY MASTER IS ALWAYS IN

"Johnny," said a man, looking at a boy who was taking care of a shop while his master was out, "you must give me an extra measure; your master is not in."

Johnny looked up into the man's face very seriously and said: "My Master, sir, is God, and He is always in."

Johnny's Master was the all-seeing God. Let us all, when tempted to do wrong, adopt Johnny's motto: "My Master is always in." It will save us from many a sin and much sorrow.—Christian Observer.

A FABLE!

A ragged beggar was creeping along the street. He carried an old wallet, and asked every passer-by for a few cents. As he was grumbling at his lot he kept wondering why it was that people who had so much were never satisfied, but were always wanting more.

"If I only had enough to eat and wear, I should be satisfied," said the beggar.

Just at that moment Fortune came down the street. She saw the beggar and stopped. She said to him:

"Listen! I have long wished to help you. Hold out your wallet and I will pour this gold into it; but I will pour only on this condition—all that falls upon the ground shall become dust. Do you understand?"

"Oh, yes, I understand," said the beggar.

"Then have a care," said Fortune; "your wallet is old."

He opened the wallet quickly, and the yellow metal was soon pouring in.

"Is that enough?"

"Not yet," said the beggar.

"Isn't it cracking?" asked Fortune.

"Never fear. Just a little more," said the beggar; "add just another handful."

Another handful was added, and the wallet burst from end to end.—"The Round Table."

IT TAKES TWO-THIRD MAJORITY

It is given out, on good authority, one of Colorado's best attorneys that to abolish incorporation it must carry by a two-thirds majority.

Our city tax rate is 50 cents on the \$100 valuation. One of the men who is most bitterly opposed to the corporation has a property rendition of \$30 his taxes will be 16 1/2 cents.

C. K. Bell, he who wanted to warm the gubernator's chair, is now solidly arrayed against the people of Texas who are making a heroic fight to save the young boys of Texas, to dry the widow's tears and hush the orphan's wail. He has assumed leadership of the Anti-prohibition forces. How have the mighty fallen!

A jury in a Waxahatchie court awarded judgment in favor of O. L. Mayfield against the Houston & Texas Central Railway in the sum of \$11,000 for the loss of an arm under a switch engine at Ennis. The amount sued for was \$35,000.

JOHN LOVELADY SELLS

A deal was consummated this last week whereby John Lovelady sold to R. G. Anderson, of Abilene his home place, one mile northwest of Colorado, including 292 1/2 acres of land, consideration \$10,000. Mr. Lovelady and family moved to Abilene this week and Mr. Anderson and family took possession of their new home. While we are glad to have Mr. Anderson and his family come among us, we regret to lose Mr. Lovelady and his family. John is a land mark in this country, and the good book is very emphatic about moving the land marks. We shall miss him sorely, but have a suspicion that he will spend a part of his energetic time among his old friends around Colorado and amid the scenes of his earlier success. Good luck to you friend John wherever your lot may be cast.

Referring to the removal of Mr. Anderson, the Abilene Reporter says: "These good people have long been citizens of Abilene and their friends give them up with sincere regret. The writer lived neighbor to them for fourteen years and knows them to be among the best people in the world. Colorado can receive them with open arms, as they will find them to be of the salt of the earth. Mr. Anderson has managed the oil mill at Colorado for some time and has traded his Abilene residence for a farm near there. The Reporter wishes for them abundant prosperity in their new home. Mr. Lovelady and family, who bought Mr. Anderson's residence here, have arrived and we are glad to welcome them to our city, and hope they will be pleased here."

COLORADO, TEXAS, FRIDAY, OCTOBER 16, 1908

JEST SO.

"I'm out of politics," says Joe—
"Clean out, tho I could win."
Perhaps he may be clean when out;
He wasn't clean when in.

Mr. Carnegie gave \$20,000 to help elect Taft. He could just as easily have made it a million.

It is now estimated that without unexpected delays and accidents, the Panama canal will be completed by January 1915.

No, Senator Bailey is not tearing his shirt in this campaign for Mr. Bryan or any one else. He's buying fast horses and more blue grass farms.

Castro, of Venezuela has initiated a movement to have himself declared president for life. Reports say the movement is becoming popular with the people.

The question of the base ball pennant having been settled, the country can now turn to the side issue of electing a president of these United States.

Keep hoping, keep trying, and never lose faith in Colorado. It's a good town. All it needs is the confidence and help of those who own it—not of outsiders—but its own people.

Billy Hearst seems to have run out of ammunition at last. He was wasteful with it at first. Billy ought to know that he must be doing something all the time if he would keep in the spotlight.

The nearest Texas can connect with the victorious Chicago baseball club, is that Steinfeldt, the phenomenal third baseman, began his career as a player at Fort Worth. But that's glory enough.

It now begins to look like somebody was trying to get up a night-riding bugaboo in Texas also. Someone will take hold of the right thread pretty soon and the whole plot will unravel like an old sock.

In one of the criminal courts of New York City, Judge J. T. Malone, during nine months has sentenced men and women to the penitentiary for terms aggregating 1000 years. He has become a holy terror.

The Society for the Prevention of Cruelty to animals is making a hot fight in Mexico to stop that great national amusement, bull fighting. If the society is successful in its efforts, it will have achieved its greatest triumph.

No doubt the tempest it the teapot in the Balkans, will boil itself out in a week or so. When it comes to a show-down with the minor countries of the old world going to war, the "Old Woman of Threadneedle street" and the Rothschilds, have something usually to say. But a little war talk and bristling at each other does no harm, and the newspapers—what would they do without it?

A rich man's gift is rarely a benefaction to a christian school. It often removes it from the sympathies and support of its rightful constituents, and brings to bear upon the ideals of the institution an influence which is a menace to its efficiency as a christian school.

The democratic national campaign fund had reached \$220,000 up to last Saturday. Eleven had given \$1000 each, and Guy L. Tucker of Little Rock, Ark. gave \$10,000. The bulk of the whole amount is from popular \$1 subscriptions raised by newspapers.

Evidently that San Antonio man who talks so glibly about flying across the ocean, got his idea of the briny deep either from lake Michigan or the raging Trinity. Jensen and Andre would take the venture more seriously—had they escaped alive.

In the oil field at Petrolia, Texas, the vibrations from the roar of the oil and wells give excursionists on passing trains, ear ache so badly they have to stuff their ears with cotton and muffle their heads. That's what the advertisements say, and there are pictures to prove it.

It seems hardly fair, fellers. Here's Abilene having three of the biggest and best shows in all the world in one month, while Colorado, Big Springs, Midland, and other bully towns that can enjoy a good circus just as hilariously as Abilene, have to content themselves with a fleeting glimpse as the show-ladened trains whizz by, shaking the dust from their wheels as a commentary upon the towns' insignificance. But we bide our turn in patience. Our own Molly Bailey is coming this way. She passes up the circus-suffeted metropolises, like Abilene, and pitches her tents among her friends, who shut up shop and overflow the seats from a sense of patriotic duty.

The human race will not be absolutely perfect until a man can educate himself to walk by a two-dollar bill on the sidewalk and not pick it up. Then indeed will graft be dead in him.—Manchester Union.

There is no such thing as an ideal man to the woman who has been married.—Colorado Record.

The ignorance of some people is appalling. Have you never heard of the first husband of the woman who married the second time after having worn weeds for a full year.

We confesse the ignorance but balk at your logic. We were talking about women, man; not first husbands.

At a convention of liquor dealers held at Columbus, Ohio, recently, the following speech was made by one of the liquor men: "The success of our business depends largely upon creating an appetite for drink. Men who drink liquor, like others, will die, and if there is no new appetite created, our counters will be empty, as well as our coffers. Our children will go hungry, or we must change our business to a more remunerative one. The open field for the creation of a new appetite, is among the boys. After men are grown and their habits are formed, they rarely ever change in this regard, and I make the suggestion, that nickles expended in treats to the boys now, will return in dollars to your tills after the appetite has been formed."

'TIS SIMPLE JUSTICE

Burn that mail order catalogue and give your undivided support to home industries and home merchants, before you circulate a petition among your local merchants for contributions to build that school house, church, or other public convenience. This is but simple justice to the men who stay by you after the mail order vampire has lulled you into the delusive sleep of "lower prices," and cast you aside like a sucked-dry lemon. What community of interest has Sears Roebuck or Montgomery Ward with the people of Mitchell county? These houses do a large business in this county, for which privilege they pay nothing. Not one dollar sent to them ever returns to this county, in taxes, beneficence or public improvement. They fly the black flag in the face of honest and regular competition—veritable pirates of the commercial sea. Men, be done with aiding and abetting such nefarious business; there is a clearly defined principle in it all, that involves justice and gratitude. You would not stand for the treatment you impose on the home merchant, from them—you know you wouldn't. Then why not help those all you can, who stand by you when your bank account is low.

PHOTOS WIRED

London and Paris Newspapers Have a Regular Service.

A device for the transmission of photographs by telegraph is in daily use between London and Paris. Photo-telegraphy, however, has not reached perfection, as there are occasional faults in the transmission of photo-telegrams resulting in the receipt of some remarkable pictures generally known as "freaks."

Every night at 2 a. m. this variety of news service uses the Paris-London telephone line and the interesting news of the day is sent in pictures. If the line is in good condition, the apparatus works perfectly, but if there is induction or other trouble, the result is often curious and extremely grotesque.

Read the ad of price making in this issue. It is not full of hot air and spits, but quotations of attractive prices. Its J. F. McGill's money saving sale, beginning Saturday Oct. 17.

The Way of the Transgressor is Lard

The wise housewife specifies *Cottolene* every time in place of lard. Anyone with a particle of respect for his stomach would prefer a pure vegetable product to one made from the fat of a hog.

Cottolene is always pure; lard isn't.

Cottolene will make more palatable food than lard, and food that any stomach can digest with ease. Lard is a friend of indigestion.

You can prove every word we say by buying and trying a pail of *Cottolene*. All good grocers sell it; all the great cooking authorities of America recommend it.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given *Cottolene* a fair test.

Never Sold in Bulk *Cottolene* is packed in pails with an airtight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

"Nature's Gift from the Sunny South"

The Loraine Department.

An Interesting Budget of News from our Enterprising Neighbor to the East.

BY MISS IRENE GARLAND.

The new lodge hall which will also be used as an opera house will soon be completed and is very pretty and Loraine's young amusement seekers are anticipating the pleasure of seeing some good plays at home this season.

Arlie Martin returned to Stamford Monday, having spent several days with his parents here last week.

The Misses Nelson entertained with a musicale at their home on Washington, Ave. Wednesday evening.

L. W. Sandusky was a business visitor in the city Monday.

Mr. and Mrs. W. E. Erwin have returned from San Angelo where they spent several months. While Mr. Erwin's health did not seem to improve while there, since his return home he is much better, much to the delight of their many friends.

Ross Gregg took in the circus at Abilene Monday.

The "age social" given by the Ladies aid of the Baptist church, at the residence of Mr. and Mrs. J. H. Gregg, Friday evening, was a very pleasant affair. The invitations requested each to bring as many cents as years each was old, as it was a splendid opportunity to learn the ages of all present, a large crowd soon filled the hall, sitting room and parlor, which were tastefully decorated with ferns and other pot plants. Miss Merrell in the sweet, dignified manner which distinguishes her, played several pieces which indeed had power to "soothe the savage breast." Miss Lela Pratt rendered a beautiful reading in a touching and pathetic manner. Little Miss Lucile Henthorn also played very sweetly several lively little pieces. Miss Estelle Garland sang "The Beautiful Land" accompanied by Miss Georgia Mewshaw. The oldest table in the world (multiplication table) was on exhibition and it really was a curiosity to a number present, who had not seen it for it some time. About nine o'clock the guests were invited into the dining room which was also decorated with cut flowers, where iced lemonade and cake were served. These little socials are always pleasant and helpful, as they break the monotony of the small town and bring together friends and neighbors at the same time,

netting nice little sums for the church:

Mrs. Dees and the Misses Dees, mother and sisters to our young music teacher, Mrs. Adelle King, arrived in Loraine last week and will reside here in the future.

Mrs. M. C. Hollingsworth and Miss Eula Bell are home again from a month's visit to friends in Grapeland.

Mr. and Mrs. Sidney Boykin of Hermleigh visited among us Monday.

Mr. and Mrs. J. E. Stowe and son have returned from Ballinger where they visited relatives last week.

A party consisting of Dr. Henthorn, Messrs Hubert Toler, Ney Sheridan, B. R. Stephens and Marshall Hollingsworth spent Monday hunting on the Colorado. While the hunt was unsuccessful the trip was enjoyable nevertheless.

Rev. Phelan preached two instructive sermons to large congregations at the Methodist church Sunday.

The "Kimona Klub" was entertained at the pretty home of Mrs. C. Y. Hicks at the regular meeting Thursday afternoon. As usual the hostess succeeded in giving her guests a delightful afternoon.

C. C. Merchant a prominent lawyer of Robert Lee was in the city several days this week with a view of locating here.

Mr. Robert Hall of Ft. Chabourn has bought the Loraine News and we understand will arrive and take charge in a few days.

Hon. Earl Morrison of Colorado was a business caller in the city Tuesday.

M. Zellner of Abilene spent several days in Loraine this week.

Mr. Evans, the blind musician made our town his annual visit Tuesday. Singing as usual in the pathetic tones which always arouse sympathy and attract attention, the sweet "My Home in the West," "No one to Welcome me Home" and others which are as well known as the singer. He found a good sale for his wares. He asks no contributions and will accept no money which he has not earned.

On account of illness of several of the members, also the sand storm which raged all day, the meeting of the Round Table

which was to have been held with Miss Lucy Matthews was postponed until next Tuesday, at which meeting Miss McMurry will be hostess.

We regret to number Miss Mary Gregg among the sick this week.

EASY TO MIX THIS

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription which is said to be a positive remedy for backache or kidney or bladder derangement, if taken before the stage of Bright's disease.

Fluid Extract Dandelion, one-half ounce; Compound Karagon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic affections with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache as it has a peculiar action upon the kidney structure, cleansing the most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

DO YOU READ

Are there a dozen or two persons in Colorado, who would like to go into a book club for their winter reading? The plan is this: Each member contributes the price of one book (his or her own selection) and when that has been read, exchange with another member till each has read all the books, when they will be divided to the members as individual property. In this way you get the reading of all the books for the price of one. When all are read, assessment will be made and a new lot ordered. If you wish to join leave or send your name to the Record office, or see A. L. Whipkey or A. H. Weston.

The Colorado National Bank pays \$1000 in cold cash city taxes and yet they all favor incorporation.

STILL LEADS THEM ALL

For the past ten years the jewelry house of J. P. Majors has been one of the recognized institutions, not only of Colorado, but of west Texas. Its stability, reliability and progressive policy have become a proverb. You are always sure to find there, all the changing seasons have decreed as the proper caper. You need not hesitate to sport the bijoutry gotten of Majors, anywhere. It is always correct and of the latest make. The stock this house is offering this fall is not excelled in variety, quality, range of price and beauty in any jewelry house outside the largest cities. The variety of lines is large, while there are many individual pieces that will appeal to the critical purchaser. The line of clocks, hand painted, and imported china, silverware exceeds enumeration in this space. Gold handled umbrellas are much in evidence and of the newest designs.

The line of jewelry, watches, chains, fobs, rings, and bracelets is as large and varied as it usually is during the holidays. The articles are now on display and everyone is cordially invited to come and inspect them.

The repairing and engraving department is in as skillful and competent hands as it has ever been and the house is in better position to serve its friends than ever before. Aside from the local efficient management of Messrs Oscar and Sam Majors, Mr. J. P. Majors, the head of the house, from his wholesale house in Dallas, can quickly fill any special order for anything not found in the house here. No jewelry house in west Texas is as well equipped to supply every want of a fastidious public. This is headquarters also for the Edison phonograph and the stock of both machines and records is large. Here are also kept supplies for the Kodak fiend.

Mr. Woodmancy, the new workman for this house comes not only with the very best testimonials as to his skill, but has already demonstrated it, and the most particular and intricate work is perfectly safe in his hands. A visit to this emporium is a veritable treat as well as revelation.

CITY TAX RATE

The city tax rate is 50 cents on \$100 valuation. There is assessed \$1,481,235 which will give us a tax fund of \$7456. This the coming year will enable the city council to do considerable work for the old town.

FIRE AT A AND M COLLEGE

College Station, Tex., Oct. 10.—The fire in the agricultural building caused damage from \$5,000 to \$10,000. For more than two hours the 600 cadets constituted themselves a fire fighters brigade. The fire probably originated in the attic from an exposed live wire, and when it was discovered it had broken through the turret, the flames leaping high in the air. A large portion of the under side of the roof was on fire when the cadets swarmed up the ladders, cut holes in the roof, and after waiting for water pressure until the situation seemed hopeless, stood their ground and fought the flames to extinction.

THE SOCIETY REALM

Mrs. J. G. Merritt, Editor

The Robert E. Lee chapter U. D. C. celebrated John H. Reagan's birthday Thursday with appropriate ceremonies at the high school auditorium. An especial program had been arranged by a committee and Miss Hallie Dupree, the chapter's musician had been untiring in practicing the pupils for their part in the songs. The program was begun with Texas Dixie sung by the school children led by Miss Dupree, with Miss Reaville at the piano.

Mrs. Merritt gave a sketch of Reagans' life in which she mentioned all the good works of this grand old Roman, who was born in Tennessee in 1818 and who died in Palestine, Texas, in 1905. Miss Dupree sang the Yellow Rose of Texas very prettily. Mrs. William Robert Smith presented the chapter a gavel which was given by the president Mrs. Dupree. In her most graceful manner Mrs. Smith said: It is my privilege to convey to you this gavel, which is presented to the Robert E. Lee chapter of Daughters of the Confederacy by the president Mrs. Edward Dupree. In the history of its existence may it be ever used in the cause of right to ring out the false and ring in the true. The secretary in accepting it for the chapter replied. The Robert E. Lee chapter accepts with thanks this beautiful gavel so thoughtfully presented by our beloved president. Whenever it is used to call us to order it will also call to mind her good work in the chapter and her untiring efforts in this work during the first year—Mrs. Dupree in the name of the chapter I thank you for this beautiful gift.

Tenting on the Old Camp Ground was beautifully sung by the audience; Then Miss Dupree sang the The Vacant Chair, so sweetly that many eyes were filled with tears. After the secretary had read the rules relating to the crosses of honor, Mrs. Dupree gave a beautiful address upon the significance and meaning to our Veterans. At the close of this the Veterans were invited to come forward and crosses were given to Col. Mullin, Messrs Gustine, Culp, Thomas, Cooper, Shufford, Dry, Nunn, Walker, Weatherly and Baker. The sponsor for the Veterans, Miss Dry replied for them in her most poetical manner, this was one of the most beautiful things of the afternoon. At the close of her speech the audience sang America and were dismissed with prayer by Col. Mullin.

Mrs. Dupree announced that the chapter would continue their offer of a medal for the best essay on President Jefferson Davis written by boys and girls between the ages of sixteen and eighteen. This medal to be awarded at an open meeting in December.

The chapter are greatly indebted to the teachers at the high school for the use of the auditorium and for their courteous treatment.

The Standard club was entertained last week by Mrs. Crockett. Nothing was said about the lesson but all were enthusiastic over the lovely social hour and the delicious refreshments of hot oysters, stuffed tomatoes, beaten biscuit and other good things served by the hostess. Mrs. John Doss was the guest of the club during the social session. Mrs. Gary is hostess this week.

The Hesperian club met Friday with Mrs. Bell. Some ex-

cellent papers were given by Mesdames Bell, Leslie and Collier. The first Shakespeare lesson under Mrs. Sheppard's leadership was intensely interesting. The meeting this week is with Mrs. Collier, with this program. Roll call. Current events. Lesson Act. 1 scenes 4 to 7.

A study in contrast: Macbeth and Banquo's Reception of the witches.—Mrs. Dolman.

Historical sketch Florence in times of Dante and Boccaccio.—Mrs. Doss.

Talk. Boccaccio his gift to his town and his people.—Miss Jo Dry.

Round Table. Facts about Boccaccio.

Reading.—Miss Mozella Dry.

The Guild tea was given Saturday by Mrs. S. T. Shropshire having been postponed from Thursday on account of the U. D. C. meeting. There were quite a number out and the time was most pleasantly spent in conversation and work. At an appropriate hour a delicious salad with cranberry sauce, pickles, crackers, tea and coffee was served. Mrs. Shropshire was assisted in serving by Mrs. Vivian Shropshire, Miss Sudie Nunn, Miss Nell Stowers and Lois Prude. Mrs. John Doss will be the hostess for the next Episcopal tea.

The Japanese-American Bazaar given by the Kindergarten association, Friday afternoon and evening at the young men's club rooms was a very pretty and successful affair. The center of the dancing room was occupied by the Japanese booth, this was draped in black and yellow, the sides made of yellow matting with Japanese lanterns at intervals. Inside dainty "Kimona" ladies served tea and wafers. At one side a booth made of red and white crepe paper with decorations of palms did a thriving business in selling delicious home made candies. In another corner a booth hung with white and purple, the floor covered with rugs and the sides artistically arranged of screens, showed all kinds of beautiful fancy work for sale. There were aprons, bags, doll clothes, covers, cushions and dollies which went like hot cakes. Another corner was draped with patch work quilts and counterpanes and in this for the small sum of 5 cents one could view a wonderful collection of curios and relics. Mrs. T. Q. Mullin was kind enough to take

charge of this for the afternoon and in the evening Mrs. Fred Whipkey in full colonial costume presided here. The popcorn and peanut booth was artistically built of corn. The American booth occupied the billiard-room. The entrance was decked in flags and bunting with a picture of George Washington over the door. The booth was built of red, white and blue cheese cloth with flags everywhere. In this sandwiches, pie and coffee was served. Mrs. Dupree and Mrs. Merritt had this in charge. The Japanese booth was in the hands of Mrs. Gross and Miss Dupree and Miss McKaughan to help her. Mesdames Bass and Humphries presided over the candy booth very "sweetly" and Mrs. Annis sold the fancy work.

After serving refreshments until ten thirty the floor was cleared and the young people danced for a short time. Mrs. Bass and Miss Dupree providing the music. The ladies took in about \$30.00 from this very pleasant affair.

The Kindergarten association desires to thank Mr. Tom Stonerod and the other members of the club for their kindness in allowing them to use their club rooms. And assure them that the association stands ready to assist them in any way possible in their social affairs.

Mrs. J. G. Merritt, Sec.

The U. D. C. held their regular monthly meeting Monday with Mrs. Crockett. This being the yearly elections of officers, all the old officers were retained in office. It was decided to send a box to the Confederate Woman's Home for Thanksgiving. After all the business was completed Miss Dupree sang very sweetly the Faded Gray Jacket. The rest of the program was carried over to Nov. and will be announced later. The meeting next week is with the Misses Dupree.

The Tuesday study club held a lovely meeting this week with Mrs. Martha Smoot. Mrs. Gross was elected delegate to the state federation. It was decided to limit the club to fifteen members. The school committee gave a very interesting report of the primary department. Mrs. Collier and Humphries are the committee for this week. The club will meet the last Saturday in the month at Mrs. Griswold's for the seniors' piano fund.

These entertainments will be continued until each class that has subscribed to the piano fund has been aided in some way. The program was very interesting. Mrs. Griswold's paper and Mrs. Gross' talk each being splendid. Mrs. George Smith and Mrs. Gustine were delightful visitors. Sandwiches, coffee, pickles, cake and bon-bons were served by Mrs. Harry Smoot. The club will meet next week with Mrs. Collier and this program will be given.

Roll Call. The value of time. Work and Wait. Mrs. Humphries.

The Silent Forces of the World.—Mrs. Johnson.

The Waiting Times of Life, Rest, Sleep and Prayer.—Mrs. Merritt.

Discussion. The Modern Rush.

The card club enjoyed the hospitality of Mrs. V. D. Payne, Tuesday afternoon. High five was played and the meeting was most pleasant. Both club prizes were won by Mrs. Oderbolz. The guests all cut for the prize provided for them and it was won by Miss Martin, who is visiting Mrs. Allen.

The back will ache no more. Lots of proof that Doan's Kidney pills do this.

Mrs. Z. Mullins, living near court house, Big Springs, Texas, says: "I have suffered from kidney ailment for years and the doctor who examined me, pronounced it a severe case. No one knows what I have suffered at times from the dull, bearing down pains in my back which were sometimes almost unbearable. The secretions from my kidneys were irregular and too frequent. I was also troubled with a palpitation of the heart. Seeing Doan's Kidney Pills advertised I procured a box and their use did me an immense amount of good and I believe if followed up they will completely cure me. I unhesitatingly recommend Doan's Kidney Pills."

A NATIONAL AWAKENING TO THE NEED OF FOREST PRESERVATION

"In the last ten years," says the yearbook of the department of agriculture for 1907, "forestry has advanced in this country from an almost unknown science to a useful growing profession. In that time the number of technically trained foresters has increased from less than a dozen to over 400. Ten years ago there was not a single forest school in the country; now there are several professional forest schools which rank with those of Europe, and a score more with courses in elementary forestry whose usefulness is steadily growing. Forest lands under management have grown from one or two tracts to many, aggregating 7,503,000 acres, scattered through 38 states. The national forests have increased from 39,000,000 acres, practically unused and unprotected, 165,000,000 acres, used guarded, and improved both in productivity and accessibility. The number of states which have state foresters has increased from 1 to 10, and of those which employ trained foresters from none to 11. The membership of forest associations has increased from 3,600 to 15,800. Ten years ago, except for a few of the foremost botanists, European foresters knew more about American forests than did the people of this country. In Europe they were then using preservatives to prolong the service of beech ties, and so adding from twenty to forty years to their life. Here, on the other hand, scarcely a treated tie had been laid, though there are 60 treating plants, 27 of which treat ties exclusively, and an engineer who recently returned from Europe reports that both in size and mechanical perfection the treating equip-

ment of this country is a head of any to be found abroad. "And yet the American forestry has only passed the experimental stage and got ready to do something. Action, immediate and vigorous, must be taken if the inevitable famine of wood supplies is to be lessened. We are now using as much wood in a single year as grows in three, with only twenty years' supply of virgin growth in sight. Only the application of forest knowledge with wisdom, method, and energy, in the next ten years, can prevent the starving of national industries for lack of wood."

LIKE FATHER LIKE SON

Edmond C. Lowden Goes to the Bad in Cincinnati, Ohio.

Cincinnati, Oct. — Wine and women caused the downfall of Edmond C. Lowden, bookkeeper for the Provident saving bank, who is charged with abstracting a package of currency containing \$5,000 and for whom Pinkerton detectives are hunting.

Lowden came to Cincinnati three years ago and obtained employment at the Provident. His father is James G. Lowden, former president of the American National bank at Abilene, Texas. His salary was \$1,000 a year. There is a woman in the case, a tall, good looking blonde woman, who lives at 816 Race street.

It was stated at this place that Lowden was deeply in love with her and about a week ago the woman took a razor away from him.

"Lowden will never be taken alive by the Pinkertons or any other detective," said Mrs. O. M. White, his former landlady today. "He has frequently significantly drawn his fingers across his throat and said, 'one sweep with a razor and all my troubles will be over.'"

BABY'S ITCH EASILY CURED

Infantile Eczema Quickly Relieved by External Use of Oil of Wintergreen Compound.

Infantile eczema, which has baffled the skill of the best physicians for so many years at last seems to be curable with great ease.

Results of the last two years indicate conclusively that baby's itch, infantile eczema and other skin diseases of children can be very simply cured by the application of a compound composed of oil of wintergreen, thymol and glycerine as in D. D. D. prescription.

The Rev. Lewis Steeley, of Weatherly, Pa., writes.

"Our baby boy's little face was so dreadfully covered with eczema that blood and water ran from the sores nearly all the time. After using 3 1/2 bottles of D. D. D. prescription we are so happy to tell you he is entirely cured and the disease has never broken out again. If this letter is in any way a help to other sufferers, you may publish it."

If you have a child which is suffering with this terrible itch, we are sure you will not neglect one hour to give your baby the right kind of relief. We have seen too often how quickly the remedy mentioned above takes the itch away at once and how all the cures seem to be permanent; we have seen this too often to hesitate at all in recommending the remedy for your children.

KNOWN BY NICKNAMES.

Places Where a Genuine Surname is Never Even Heard.

In many places in Great Britain, and especially in some of the fishing villages of Cornwall and of certain parts of Scotland, such a thing as a genuine surname is never even heard. Every man in the place is known by a nickname.

In most of these villages this has been brought about originally by the fact that all the inhabitants have only had very few surnames among them. One or two prevailing families have represented the population and have married and intermarried till trying to distinguish a man by his surname has only created confusion. And even some of the nicknames have begun to act in the same way. At a village not very far from Wick the writer knows of some fishermen who had originally been nicknamed "Dumpy" and had left so many descendants that other specific nicknames had been necessary to distinguish which of the "Dummys" was meant on given occasions.

At another village not far from this one several nicknames have in the same way become the only known family names. The writer was once in the general shop here when a small boy came in and asked for some article, stating that it was for Blower. "Blower?" said the shopkeeper. "Which Blower? There are scores of Blowers?"

The child answered at once: "It's for 'Blewlegit' Blower, 'Red Legged' (eared) Blower's liddle."—London Answers.

THE COCA PLANT.

Its Leaves Used as an Injurious in South America.

Coca is the South American Injurious. The shrub from which the coca leaves are obtained grows under favorable conditions to a height of about four meters. It is cultivated in Peru and Bolivia.

At the time the crop is gathered the seeds are sown in beds, when they germinate and grow, and in two months the growing plants reach a height of about a foot. The leaves, grown in the proper sunlight and shade, are yellowish, small and thick. This is the kind of leaf that is preferred for chewing by persons using the leaf as a stimulant, fortifier and prevention of sleep and fatigue in the performance of arduous work, inasmuch as they prevent rheumatism, from which miners suffer when working in mines that contain much water. Indians who masticate the leaves of this plant can work twenty-four hours without eating or sleeping.

Coca leaves are used by the natives when engaged in long and fatiguing journeys and by soldiers when subject to hardships and privations. They may be used with all kinds of food and are said to cure dyspepsia, either taken as an infusion in the shape of tea or by masticating the leaves. The life of the plant when perfect is eighty years.—Chicago Tribune.

Man and the Motor.

"Yep," said Uncle Rooster as he soberly traced in the glass the increasing whiteness of his hair and beard and the remarkable deepening and spreading of his innumerable facial wrinkles—"yep, man is like the motor car, by guinea."

"How so?" inquired the city nephew. "Because," said Uncle Rooster, "by the time he's got in good workin' order in all his bearin's an' paid fur hisself to the last installment an' learnt to do his daily run with ease an' certainty an' never a breakdown, why, he's antiquated by that time, the noo models is out, an' there's nothin' fur him but the shelf."—New York Press.

FLY FOGS IN INDIA.

A Plague That at Times Makes Life Unbearable in Calcutta.

One of the evils of Calcutta is the plague of green flies, from which the whole city suffers at certain times in the year. The happy hunting time of these minute insects is during the late autumn and early winter. They are a serious nuisance both in and out of doors. They wing their way through all the open doors into the houses and into every room, making life unbearable. Like most insects, the little green

flies have a great affection for the flame. On occasion the inhabitants have found it necessary to put out all the gaslights, even at a public dinner, and to take their meals practically in deep gloom, illuminated only by flickering candles.

Naturally it is not at all pleasant to go on eating with dense clouds of insects swarming overhead or, roasted to death, falling about one in pattering showers.

They seem to spring into existence from nowhere. Perhaps it is almost dusk when the lights of the street lamps are becoming visible. Then suddenly the air, which a moment before was quite clear, is full of myriads of green flies, drifting in misty patches and obscuring the street lamps.

Often the number of insects which have been scorched to death is so great that little heaps of them collect inside the lamps, while bucket loads have to be swept up from the roads next morning.—London Answers.

Perfectly Correct.

A shopkeeper had stuck up a notice in glaring colors and very large letters: "Selling Off! Must Close on Saturday!"

On Friday he was asked by a friend: "What! Are you selling off again?" "Certainly. All the shopkeepers are selling off, ain't they?"

"Of course they are. But you say 'Must close on Saturday.'" "Certainly I must. You would not have me keep open on Sunday, would you?"

Effective at All Hours.

"I've got the finest gardens in this part of the country," boasted the newly made millionaire. "Right in the center of them is the most expensive sundial in the world."

"A sundial is all right during the day," remarked a listener. "It's useless at night."

"Mine isn't," retorted the millionaire proudly. "I've got mine surrounded with electric lights."—Bohemian Magazine.

Stones and Bricks.

Mrs. O'Hoolihan—This papper says there do be sermons in stones. Phwbat d'yez think av that? O'Hoolihan—O! dunno about the sermons, but many a good arguement has come out av a brick. O'm thinkin'.—Exchange.

Few Words.

He had gone to ask her father for her hand in marriage. "Well, sir, what is it?" snapped out the old man. "Remember, I am a man of few words."

"I don't care if you are a man of only one word, if it's the right one," replied the girl.

Right in a Sense.

"That water's an idiot!" "What's the matter now?" "I asked him to bring me a water cracker." "Well?" "And here he brings an ice pick!"—Cleveland Leader.

A Home At a Bargain

160 acres land 2 1/2 miles from Colorado, 110 acres in cultivation, new 6-room residence in nice condition, 30x30-ft. barn, good lots, fine well of water with windmill, 200 young fruit trees.

This place is all tillable land and is free from Johnson grass. All improvements are new and first class. A big bargain at \$40 per acre. Incumbrance \$1800, four years at 8 per cent.

354 acres in Dawson County, 16 miles southeast of Lamesa. All fine farming land, near gin, well located in regard to school and church convenience. No improvements. Price \$10 per acre. Will exchange for good black land in Hill County, east of the cross timbers.

J. R. HASTINGS LAND CO.
COLORADO, TEX.

A GOOD BARGAIN
160 acres north of Colorado, priced at \$16 per acre, 70 acres in cultivation, good residence and well. Is a fine proposition for a good home. Can take stock on this trade, mules, horses and cattle. It will pay you to investigate this offer.

J. R. HASTINGS LAND CO.

Mitchell County Real Estate

The greatest advantage this country has over others is the amount of land one man can cultivate. One man with an ordinary team can easily put in 100 acres and not have to work as hard as he would on 50 acres in East or Central Texas.

The average cotton crop for past five years, one-half bale per acre. Average maize and kaffir corn crop, 50 bushels an acre.

This climate and soil is unsurpassed for fruit and vegetables, melons, tomatoes, sweet potatoes and all vine products do exceedingly well.

- No. 1. Is 5027 acres of land in El Paso county, near Plateau, all fenced, with a small residence, shallow water, 50 per cent tillable land, one year lived out on the land. Goes at a bargain at \$1.50 per acre bonus. Easy terms. Will take any kind of trade.
- No. 2. Is the HS ranch, 6,220 acres, 100 in cultivation, all under fence, three-fourths tillable land, plenty of timber, fine water, tanks and running streams all the year round. This is a splendid ranch bargain and is also suitable for farming. It is five miles from railroad station. This splendid property is thrown on the market at the sacrifice price of \$8.00 per acre. Terms cash. Warranted deed.
- No. 3. 160 acres good shinary, 70 acres in cultivation, all tillable, 40 acres fenced, good well; house, etc. Offered at 16.00 per acre. This will make a fine fruit and truck farm. Will take some good stock at usual prices, in trade.
- No. 4. We offer for the next ten days only, the Bryant place, consisting of 320 acres, eight miles northwest of Westbrook, with good 3-room residence, barns, lots, small young orchard, 70 acres in farm and fenced to itself, for \$17 per acre, with a reasonable cash payment, terms on balance. This property is a snap at the price and should sell to anyone desiring a good home.

The cotton seed war has been settled and everything again serene and the goose honks high. By mutual understanding the price of seed has been fixed, and they are now moving at from \$12 to \$13 per ton. It is exceedingly doubtful if any benefit ever results from these price wars for seed or any other commodity. Of course the producer gets a better price during the fuss, but when the reaction comes the producer is unwilling to take the odd price and believes prices are forced down merely to get his stuff for less.
