THE CELEBRATION.

Cotulla's Big Barbecue Drew Many Visitors.

Public Speaking, Roping Contest and Gun Club Shoot the Main Features of the Day.

BIG BALL AT NIGHT IN THE COURT HOUSE-NOTES.

Monday morning dawned bright and clear with just enough clouds hanging around to keep the atmosphere cool. Visitors began coming in the day previous and by eleven o'clock the grounds presented such a sight as is seldom seen here. Fully one thousand people were there to enjoy the day. At eleven, thirty the Hon. Rudolph Kleberg began speaking and for over one hour attacked the policy of the Republican party and explained the views of the Democrats. Mr. Crouch, his opponent, was billed for a reply but owing to the lateness of the hour, and the evident impatience of his hearers postponed his address until another day. At one o'clock dinner was served at a long row of tables. Barbecued beef, goat, mutton and hogs with bread and coffee were served in plenty until all had eaten their fill. Afterward the Mexicans, who were there to enjoy the day, were served. Immediately after dinner the gun shoot was called for with the result as reported elsewhere. Then came the Burro races, won by little Albert Knaggs, after which the crowd repaired to the roping grounds. Here they viewed the skill and quickness of the typical cowboy. On a large, open hill the crowd formed in a semi-circle, the cattle were let out one by one and the boys tried their hands. Some fine work was exhibited, although some of the most expert in brush failed to make even a passable showing under the scrutiny of the spectators. This ended the festivities of the day although a few horse races were pulled off after the crowd had dispersed. Music was furnished throughout the entire day by a Laredo brass band who also played for the public ball that night. After supper and a short rest the dancing population of Cotulla, together with many visitors, repaired to the court house, and spent the evening dancing. The music was never so lovely nor the assemblage so ready to be pleased than then. The whole evening passed off without an incident to mar the pleasure of the participants. It was long after midnight ere they finally called for "Home, Sweet Home" and dispersed. A private ball was also given at the Kerr & Henrichson hall that night which was also well attended. Music was furnished for it by the local string band. Thus ends the celebration of Labor Day in Cotulla. So far as we can learn both the visitors and the people here are satisfied with their efforts and have voted it "a day to be remembered."

E. B. Flowers of Lockhart, in company with H. W. Earnest of Millett were in town today on business. They report only light showers at Millett but say between here and there a good rain fell.

WORK OF LIGHTNING.

House Belonging To Jesus Gonzales Struck Wednesday.

J. G. Smith, Editor Of La Salle's Isonomy Also Receives A Shock.

NO SERIOUS DAMAGE DONE.

Wednesday afternoon a shower of rain came up accompanied by thunder and lightning. A bolt of lightning struck the residence of Jesus Gonzales, tearing one plank completely off and burning several small holes in the floor in its downward passage. Some rags, which were lying in its path way, were ignited but the fire thus caused was extinguished before any damage was done. No one was in the house at the time, consequently no loss to life was sustained. The damage will amount to only a few dollars. At or near the same time, J. Guy Smith, who was sitting at his office desk some two hundred yards away, was struck by a small spark. Fortunately the spark was a very weak one and caused no damage other than a slight shock and a sharp, tingling sensation on the arm. At the time of the flash his arm was resting on an electric button which operated his desk with the work room. It seems that the spark was attracted to the wire which was at the time charged with electricity.

GUN CLUB SHOOT.

MALTSBERGER SECURES FIRST PRIZE WITH SCORE OF SIXTEEN IN TWENTY.

SOME GOOD SHOOTING DONE.

The gun club shoot begun its exhibition at three o'clock Monday evening with nine competitors. The first prize for highest score out of twenty shots was \$11.35 cash and the second \$5.65 cash. V. G. Maltzberger won first by a score of sixteen. G. W. Henrichson and J. R. Davenport who tied, divided the second. Their score was thirteen. Following is the names of the contestants in the order in which they shot and their complete score.

D. S. Livingston,	000 111 010 100 100 011 10	9
G. W. Henrichson,	110 110 111 010 111 100 10	13

Wm. George,	001 010 000 000 000 010 10	4

T. J. Alderman, a merchant of Twohig was in town today and in speaking of his section of the country says they have had nice showers but no such rain as we got yesterday and last night. The water in Mr. Henrichson's well, he says is up to within eleven inches of the top with a continual rise as they go deeper. The depth this morning was 207 feet.

ROPING CONTEST.

CATTLE FURNISHED BY W. T. HILL.

TWELVE COMPETITORS-SHORTEST TIME 39 SECONDS.

At a few minutes after five o'clock the crowd of spectators assembled at the roping grounds to view the crowning event of the day—the roping contest. Twelve contestants entered for the prize. The crowd formed into a large semi-circle facing an open hill side. This afterward proved a poor arrangement and in future contests will be avoided as twice the cattle almost ran through the line of vehicles. D. D. Saul was the first to try. His cow ran almost into the crowd just as his rope fell over her horns. This necessitated a short delay but he succeeded in throwing and tying in 39 seconds. He made the prettiest dismount of the day but was rather slow in tying. Next came John Hennant. He had bad luck from the beginning, was compelled to throw his animal four times and in dismounting lost his hold and got a hard fall which somewhat dazed him. He also lost his tie-rope, and after throwing his animal the fourth time had to run several steps and back before tying. His total time was 1-2 minutes. John Reynolds came next. He was compelled to work with a new rope and caught his animal by only one horn the first time. Missed the second and gave up the chase. Sam Anderson, who came next, roped by one leg the first throw and gave up the chase after running his animal to the brush. Geo. Hall's turn came and he also failed. Roped by one horn and gave up the chase. Richard Overstreet's rope caught on foot. He threw his animal three times and dismounted to tie when she suddenly broke his saddle girth and ran off with the saddle. Next came John Evetts whose cow fell just as he was ready to throw, causing his horse to go past, missed twice and let her go. He was riding a fast horse. Beverly Poole, who came next, roped twice and missed. His animal circled and ran toward the wind which made it impossible for him to catch. Bell Tumlinson's time was one minute. He threw three times and made the quickest tie of the day. Will Hill threw once, missed and gave up the chase. Lonnie Allee was riding a slow horse and had to throw full length of rope. He caught, but his animal broke a horn and got away. Jack Hill was last on the program and did best work. He roped exactly like Saul, his cow almost running into the crowd which caused some little delay. The first two times he threw his animal his horse fell but he quickly mounted and the third time dragged his cow some distance to make her lie still. His total time was seventy seconds. The first prize was awarded to D. D. Saul and was \$35. The second to Bell Tumlinson and amounted to \$16.

CUTTING SCRAPE.

EDWARD CAMPBELL CUT IN FACE AND HEAD BY DRUNKEN MEXICAN.

WOUNDS PAINFUL BUT NOT DANGEROUS-MEXICAN JAILED.

Monday morning Edward Campbell, of Carrizo Springs, who was here visiting his brother and to attend the barbecue became involved in a quarrel with a drunken Mexican near the Isonomy office. While scuffling with this one another Mexican ran up from behind and stabbed him twice, once in the lips and once in the back of the head, after which the one who did the work left town. Ed was carried into the Isonomy office where his wounds were dressed. The officers immediately arrested the one with whom he was fighting but the other eluded their grasp and was making well his escape when seen from the car window near the vine by Leslie Petty who reported to the local officers there. In a few hours he was under arrest and the next day was sent here and jailed. Mr. Campbell was out the next day though he still wears his bandages. He is the son of J. W. Campbell of Carrizo Springs and brother to our Tax Assessor here.

INTERESTING LETTER FROM TWOHIG.

Among other things in his letter to us, Mr. Malcolmson says: "I am waiting to get my colony lots in shape when I expect to see a great number of colonists here from both the North and the Old Country. Our enterprising townsman, Mr. J. W. McInnis proposes erecting a cotton gin next year so as to induce settlers to come here. This year some of those who have gone into the cotton planting business expect a bale, to a bale and a quarter per acre. Artesian well boring is all the rage here just now. Mr. Lee Henrichson expects to tap a flowing well within a day or two at 200 feet. Give Twohig artesian well facilities and a good class of settlers and she will beat any other part of Texas. The accident which happened to my son Harold, is progressing most satisfactorily, thanks to the surgical abilities of your renowned Dr. J. M. Williams. We have been having splendid showers here daily and the country is looking A1. To show what Twohig can do in the way of growing corn and to demonstrate its magnificent soil, Mr. Ed Robtek is making an exhibit for the San Antonio Fair of corn grown on his place, the cobs of which will average 15 inches long."

HONDO HITS.

Hondo, Tex. Sept. 3rd 1900—The wind has been blowing very strong for several days.

Presiding Elder Harris delivered an excellent sermon at the Methodist church Sunday.

The wind has blown most of the squares and bolls from the cotton stalks and hence did a great damage to the farmers.

No rain yet, and the farmers are complaining of dry weather and the damage done the cotton crop by the dry, warm winds.

The Cotulla-Hondoites are all well at present writing.

In future I hope to be able to report more rain and less wind.

IS THE BEST TOO GOOD
 for you? The practice of economy is a good thing, in the abstract, but a man's attire is the last thing he should "skimp" himself in. TWO SUITS may now be had, made-to-measure, for what one cost forty years ago.

Why, then, should anybody haggle over a dollar or two on a Suit if it is a question of being either the best dressed man in the town, or looking just like all the other men. Why consider the best too good for you?

ROSE & COMPANY
 the leading Merchant Tailors of Chicago, have sent us their Book of Samples and it contains more "good things" than we ever saw before. Pure, Woolen fabrics from the best foreign and domestic looms, and we will take your measure for any of them. The Suit will be cut in the latest style and made with care. The house guarantees the fit. They are the most satisfactory Tailors we know of.

A good time to order is NOW.

The roping contest and gun shoot were the main features of entertainment at the barbecue Monday afternoon. Both were well patronized with the result that V. G. Maltzberger secured first prize as shooter and D. D. Saul first prize as roper. They tested their skill with the experts of the whole surrounding country.

Hon. Rudolph Kleberg spoke in support of the doctrine of the Democratic party at the barbecue Monday morning. His address was well received and highly applauded. It will be answered next week by his opponent, B. L. Crouch, who refused to do so at the time because of the lateness of the hour.

Rose & Co., tailors, represented here by Simon Cotulla, advertised in this issue of the RECORD. This house guarantees a perfect fit of all garments made by them. Their motto is "No Fit, No Sale" and they ever stand ready to make their guarantee good. A full and complete line of samples is displayed by Mr. Cotulla at his place of business and he is anxious to show them to prospective customers. Before ordering your fall suits call and see his samples and prices. He can please you and save you money.

The election to determine the special school tax question has been set for Saturday, the 22nd inst. The RECORD is in favor of this tax but knowing of others who honestly differ, we open our columns to any who might feel a desire to discuss the matter with pro or con. If you have any opinions on the subject and are not ashamed to let them be known send them to us.

B. L. Crouch will defend the policy of the party now in power one night next week. To those who heard Kleberg's speech it will be a welcome reply, not particularly because of their blind beliefs, but because they have a desire to hear the issues of the day intelligently discussed. We are glad to know the people are beginning to take an interest in these affairs and hope to see an intelligent vote cast at the coming elections.

The school is being very well patronized, as it should be, but not so well as we could wish. When the tuition is so low and the need of an education so great it becomes the duty of parents to strain a point, even at the cost of some comfort or necessity, to start their children now. Three months hence they will be far behind their classes which they can never hope to overtake. Start your children now, for with a later start they will be handicapped throughout the entire year and with no education they can be but little better than a failure in life.

Some fine horsemanship and quick, hard work were exhibited in the roping contest Monday evening by men who failed to get a prize. Among them were: J. E. Hill, whose horse fell twice and who threw his steer three times before he finally succeeded in tying him, time 70 seconds; John Hernant, who threw his steer four times, fell in dismounting, ran a hundred feet and back for his lost tie-rope and finished in 1 1/2-2 minutes; Richard Overstreet, whose saddle girth broke just as he was ready to tie, leaving him to struggle single-handed with the steer; Lon Allee, who threw full length of rope and caught. Of the two who won, D. D. Saul made the prettiest dismount. His total time from

the word "go" to finish was seconds. Bill Tamblinson the quickest tie, although a total time from start to finish one minute. He threw his steer three times.

C. H. Dean Co., San Antonio.

Ed. Robuck of Twohig was up on business Thursday morning and among other things said he would make up a part of the La Salle county exhibit at the Fair this fall. What will our merchants do about the expenses of the undertaking?

The rain Wednesday, while not general over the entire county will prove a great blessing to this part. Winter range is assured and fall crops are being planted. This county will start into the winter in better shape than ever before.

Just for the lack of a few dollars we should not let the county exhibit at the fair fall through, when it will mean so much for the county. Our crops have been good and should be shown. Our farmers are willing to help and the balance rests with the merchants.

THE RECORD has interested several parties in making a county exhibit at the Fair this fall. They are busy making preparations but to carry the project through some expense money will be necessary. This, the merchants, who will be most benefited by immigration, must subscribe or the undertaking will be a failure.

R. A. Gilmer's for cheap groceries.

S. F. Elliott of Carrizo Springs was here Monday.

FORT WORTH UNIVERSITY, DEPARTMENT OF CHEMISTRY.

Fort Worth, Texas, June 4, 1903.
Dear Sirs— I have made a careful chemical analysis of the Kitchen Queen Baking Powder, purchased in the market. It belongs to the most healthful and efficient class of baking powders manufactured.

These baking powders are best which: (1) Keep best. (2) Give off most regularly the largest amount of leavening gas. (3) Leave least residual matter in the bread, and this of the most healthful kind. I have carefully compared the "KITCHEN QUEEN" with the leading baking powders on the market. Some surpass on any of these points and it is superior to many. I take pleasure in saying, by way of encouragement to Texas manufacturers and for the benefit of the consuming public, that the Kitchen Queen Baking Powder is as near an ideal baking powder as has ever come to my notice. Respectfully,
IRA CARLETON CHASE, A. B., Professor of Chemistry and Toxicology, Scientific and Medical Department, Fort Worth University.

ONE GIVES RELIEF.
RIP-ANS
The modern standard Family Medicine: Cures the common every-day ill of humanity.

I have used Ripans Tablets with so much satisfaction that I can cheerfully recommend them. I have been troubled for about three years with what I called bilious attacks coming on regularly one week. Was told by different physicians that it was caused by indigestion, of which I had several. I had the teeth extracted, but the attacks continued. I had seen advertisements of Ripans Tablets in all the papers but had no faith in them, but about six weeks since a friend induced me to try them. Have taken but two of the small green boxes of the Tablets and have had no recurrence of the attacks. Have never given a testimonial for anything before, but the great amount of good which I believe has been done me by Ripans Tablets induces me to add mine to the many testimonials you doubtless have in your possession now.
A. T. DEVEREUX.

I have been suffering from headaches ever since I was a little girl. I could never ride in a car or go into a crowd of people without getting a headache and sick at my stomach. I heartily recommend Ripans Tablets from an aunt of mine who was taking them for catarrh of the stomach. She had found such relief from their use she advised me to take them too, and I have been doing so since last October, and will say they have completely cured my headache. I am twenty nine years old. You are welcome to use this testimonial.
Mrs. J. BROOKS.

My seven year old boy suffered with pain in his head, constipation and complaint of his stomach. He could not eat the children of his age do and what he did eat did not agree with him. He was thin and of a sallow color. Reading some of the testimonials in favor of Ripans Tablets, I tried them. Ripans Tablets not only relieved but actually cured my youngster, the headaches have disappeared, bowels are in good condition and he never complains of his stomach. He is now a red, chubby faced boy. This wonderful change I attribute to Ripans Tablets. I am satisfied that they will benefit many others from the cradle to old age if taken according to directions.
E. W. RICH.

A new style packet containing TEN RIPANS TABLETS packed in a paper carton (without glass) is now for sale at some drug stores—FOR FIVE CENTS. This low-priced sort is intended for the poor and the economical. One of the five-cent cartons (10c tablets) can be had by mail by sending forty-eight cents to the Ripans Chemical Co., No. 19 Spruce Street, New York—or a single carton (2c tablets) will be sent for five cents. RIPANS TABLETS may also be had of some grocers, general storekeepers, news agents and at some liquor stores and barbers shops. They banish pain, induce sleep and prolong life. One gives relief.
