Miss Lucky in The Race For Clerk's Office

Six Years in The Office as Deputy, Makes Her Qualified For Position

It is with pleasure this week the editor puts before the readers of this paper, the candidacy of Miss Verna Lucky of Vernon, as candidate for county clerk, who bears the distinction of being the first lady in the history of Wilbarger, to come before the people for a position in public office.

The Reporter believes it would be safe in saying that no other lady's name is more familiar to the people of this county, than that of Miss Verna Lucky, as she has been employed as deputy for six years in the office for which she aspires and her signature in most cases is affixed to the official statements that leaves the county clerk's office. This alone should be sufficient evidence to the voters of this county, that Miss Verna is competent to fill the office to which she asks to be elected to, as we all know that experience is one of the best instructors there is in any business.

The writer is personally acquainted with Miss Verna and

knows with certainty, that she is connected with as fine a family of people as Vernon can boast of today. And it is with no hesitancy whatever, that we ask in her behalf, that her candidacy be given a true consideration by the qualified voters at election time.

In a statement which we are publishing below, she submits her candidacy to the voters:

To the Voters of Wilbarger County:

"I take this method of letting you know one and all that I am a candidate for County Clerk. I am running strictly on my own merits, having been Deputy Clerk for more than six years. I worked under Mr. McHugh for three years learning the work thoroughly in all its phases and since that time working for Mr. Rogers through his two terms. I know that I am thoroughly competent to fill the office and if I am elected you may be assured of the same courteous treatment in the future that you have received in the past."

(Miss) Verna Lucky adv.

Mart Fancher, an Oklahoma farmer of near Elmer, was trading in Odell Monday. Odell enjoys a nice business from across the river and it would be a good policy for her to work to increase her trade in that country.

Aged Couple Celebrate Their Golden Wedding Day

Many in County Attend W. C. Lundy and Wife's 50th. Anniversary

On Tuesday morning January 11th., Messrs W. P. Starr, J. M. White, C. W. Stults and W. T. Collins, with their wives and Mrs. T. H. Holloway all of Odell, not withstanding the mist of rain, donned raincoats and caps and in cars, hied out to the home of J. S. Archer. Others assembled there were: Mr. Ladd, Riche, D. Ferrell, H. Anderson, Wheeler Lundy and their wives, M. Stalcup, Mrs. J. Stalcup, R. H. Nichols and D. P. Sink of Vernon, J. G. Ayers and wife Mr. Daughtery and wife, E. Orear and family of Chillicothe, and a few near neighbors.

This gathering of old friends, tried and true, of neighbors near and children dear, was the celebrating of the Golden Anniversary of Mr. and Mrs. W. C. Lundy. Parents of Wheeler and Willie Lundy, Mrs. J. S. Archer, and Mrs. E. Orear.

After a short and feeling service, by Rev. Reynolds, Baptist Pastor from Tolbert. Mr. Lundy gallantly led his wife to the place of honor at the table. And if there is anything in the old saying in speaking of a great feast, "the table literally groaned with the weight of good things thereon." This table certainly groaned loud and long, for there were goods things galore.

Boiled ham, light bread, Turkey with rich dressing and gravy fine. There were Pickles mixed and pickles plain, chicken salad, nut salad, potato salad, cabbage, beets, can preserves, fruits, pies and cheese. Old time ambrosia with loaf cake, layer cake, angel cake and devil cake. Not to mention, the good strong coffee with pure cream, the delicious aroma from which, "haunts me still."

Mr. and Mrs. Cunningham of Childress, were also guests at this feast. Who it will be remembered celebrated their own golden wedding in December.

We are not privileged many times in life, to witness the half hundred matrimonial celebration

Mr. Lundy was heard to remark, that he was just as happy if not happier, than fifty years ago. And their life barring sickness and death, had been happy, that being the heritage of all. We understood from his talk, that their yesterdays, as they were gathered back into eternity one by one with their load of pain and sorrow, sunshine and joy, bound their lives closer and closer with golden bands of love. And when tomorrow became today, they could more fully appreciate the sunshine. And as sorrow but touches to refine the pure gold the shadows of sickness and death, developed treasures of untold endurance. And as Mr. Lundy said, there is more sunshine than shadow in every life, and each today has its blessings with a hope for a brighter to-

Matthews is Out For Reelection as Public Weigher

Says Bear in Mind at Election Time, "Old Whit Will Do" and Vote That Way

To the Honorable Voter of Precinct No. 10:

On seeing that the campaign is now open, I feel it my duty to come before you and make the announcement that I am in the race for Public Weigher.

It has been rumored that I had retired from active life but that is a mistake. I have got two sides to choose from, work or starve and I prefer to work.

Now gentlemen, I have no promise to make further than this, in the past I have done my best to treat all honestly and will continue to do so if you think you can stand me for another term. It is useless to state that I am in a position now to give you better work than before because you each one know that experience makes a man more perfect. There is no need to trade off your gentle team for a bronk one.

Friends think this matter over

and when you go to the polls next July let this idea come into your minds (old Whit will do) and vote accordingly. The Lord will bless you, and I will do my best to please you.

Yours for Democracy,
Whit Matthews.

C. G. Thompson Wants Commissioner's Place

Says, "My hat is in the Ring, Watch it Whirl Around, Listen to it Sing"

Our friend C. G. Thompson, one of the well known citizens of this community, has been stung by the "political bee" and he has lately come to the conclusion that the most practical remedy he could use at this time would be to make the race for commissioner of this precinct, which is number 3, and let his candidacy be subject to the action of the Democratic Primary to be held in July.

Mr. Thompson however did not enter the race for this office unsolicited. As he has many close friends in this part of the county who advised him along this line. The Reporter deems it would only be a useless effort on its part to go into any lengthy enumeration of Mr. Thompson's standing as a citizen of this county, as he is personally acquainted with a majority of the voters in the precinct, enjoying a wide acquaintance over the entire portion.

A Dallas man has predicted that gasoline will reach forty cents a gallon, before it stops soaring in price.

Barring Theodore Roosevelt, the Bull Moose Party have four candidates on their string as probable presidential timber.

While it is entirely too early to begin making any kind of predictions about what wheat will do in this country this year yet we know it is needing some moisture in the worst way now.

Charles H. Morris a citizen of Winsboro has made his announcement as a candidate for Governor of Texas and has made a statement that he is in the race to stay. We never heard of the gentleman before and expect there are thousands of other Texans who don't remember of ever seeing his name in print. But at any rate believe we would be safe in betting that if he is any relation to Lepold Morris at Victoria, who was an opponent of Ferguson and Ball for governor two years ago, he has got the staying qualities.

Pay your poll tax and get your receipt. This is election year and without that little bit of paper no man will be entitled to a vote unless he is exempt. From all indications this year promises to be a warm one politically in Texas and it will be a great pleasure to you to vote for some one of your friends who is scrambling for a place at the public pie counter. Outside of the Vernon boxes, Odell polls the largest vote of any box in the county. We are anxious to see her roll up a big vote this year. So pay your poll tax and get ready to vote in July.

Newspapers put it that the breach between President Wilson and William Jennings Bryan is widening all the time and that

there is a possibility of the two gentlemen leaving of the "My Dear Mr." in their correspondence with each other. This question of preparedness severed their affections, and despite the fact that Bryan has said that himself and the President are both for peace but just traveling different routes, he has lately let it be known that he is against Wilson and all his pet policies. The man who said that life was just one funny thing after another, told the truth. In 1912 Bryan beat Champ Clark out of the Presidential nomination and permitted Wilson to go to the White House. This year Clarke will be for Wilson and Bryan against him.

McCroskey in The Race For Tax Assessor

Is Well Known Man of The
Farmers Union--Is Quali-
fied For Office

In the announcement column on this page of the Reporter this week, will be found the name of D. D. McCroskey, as a candidate for Tax-assessor of this county, who is the first aspirant to make known his desire for that important office in this paper.

While the editor is not personally acquainted with Mr. McCroskey, we have heard a good deal about him in the last few years, and the remarks we have heard made to his credit, were ones that any man should be justly proud of.

We have learned from one of the Vernon prpers, that Mr. McCroskey has been a citizen of our county a quarter of a century and this is his first time to ask the voters to consider his claim for a public office.

For eleven years he was engaged in the occupation of farming in Wilbarger and while actively engaged as a tiller of the soil, he learned in some degree the need of cooperative work among those who were following the same business. And today he might rightfully be termed "the farmers friend", as he has done as much and probably more in their behalf than any citizen of our county. He is an active member of the Farmers Union, being at present connected with Farmers Union Clearing House at the County seat, besides looking after the gin and warehouse interest of the Union there.

Mr. McCroskey has the reputation of being honest, and pains taking in all his work, besides bearing the name of being a good citizen of the Democratic type. His business experience is broad which makes him well qualified for the position to which he aspires. And in conclusion the Reporter has only this to say, that should Mr. McCroskey be the majority choice of the voters at the July Primary, we have not the least doubt but what he will discharge his duty in a manner that will be satisfactory to every body. adv.

Tom Watts formerly of this place, but now in the barber business at Tulsa, Oklahoma, was here this week.

What of the People?

In all political parties the self constituted "leaders" are casting around to determine who "they" will select to make the race for president and vice president of the United States at the next election.

Senator This and That and Congressman So and So and Boss Somebody Else are getting their heads together in an effort to hit upon some likely person who will be acceptable to "them," and at the same time hoping and praying that the political lightning may strike himself.

The people? Pooh! They don't count. All they are expected or allowed to do is to trail along to the polls and vote as they are told to do. They are not supposed to think, because they are not credited by the leaders and the bosses with possessing any brains, to say nothing of rights.

When the "great ones" of the parties set their seal of approval or disapproval upon this man or that, do they first go to the people of their districts and ascertain who THEY want for president?

Not a bit of it!

For the what do the "people" know of politics? What do they know of men and of the affairs of state? Who are they that they should even presume to have a voice in the selection of a standard bearer for a great political party?—Ex

After Four Years of Discouraging

Up in Despair. Husband
Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

A New Model Typewriter!

The No. 9
OLIVER
The Standard Visible Writer

BUY
IT
NOW!

Yes the crowning typewriter triumph is here!

It is just out—and comes years before experts expected it. For makers have striven a life time to attain this ideal machine. And Oliver has won again, as scored when we gave the world its first visible writing.

There is truly no other typewriter on earth like this new Oliver "9." Think of touch so light that the tread of a kitten will run the keys!

CAUTION!

The new day advances that come alone on this machine are all controlled by Oliver. Even our own previous models—famous in their day—never had the Optional Duplex Shift.

It puts the whole control of 84 letters and characters in the little fingers of the right and left hands. And it lets you write them all with only 28 keys, the least to operate of any standard typewriter made.

Thus writers of all other machines can immediately run the Oliver "9" with more speed and greater ease.

17 CENTS A DAY! Remember this brand-new Oliver "9" is the greatest value ever given in a typewriter. It has all the previous special invention—visible writing, automatic spacer, 6 1-2 ounce touch—plus the Optional Duplex Shift, Selective Color Attachment and all these other new day features.

Yet we have decided to sell it to everyone everywhere on our famous payment plan—17 cents a day! Now every user can easily afford to have the world's crack visible writer, with the famous printtype, that writes like print, included free if desired.

TODAY--Write For Full Details and be among the first to know about this marvel of writing machines. See why typists, employers and individuals everywhere are flocking to the Oliver. Just mail a postal at once. No obligations. It's a pleasure for us to tell you about it.
THE OLIVER TYPEWRITER CO. Oliver Typewriter Bldg., Chicago.

WARNING!

This brilliant new Oliver comes at the old-time price. It costs no more than lesser makes—now out-of-date when compared with this discovery.

For while the Oliver's splendid new features are costly—we have equalized the added expense to us by simplifying construction.

Resolve right now to see this great achievement before you spend a dollar for any typewriter. If you are using some other make you will want to see how much more this one does.

If you are using an Oliver, is naturally follows that you want the finest model.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

C. G. Thompson Wants Commissioner's Place

(Continued from front page)
tion of Wilbarger.

However for the benefit of the new citizens in this precinct, who will no doubt take into consideration Mr. Thompson's qualification for the office at election time, we will state this: Mr. Thompson has been a citizen of this county since 1905 and has been making his home on a farm located a short distance from Odell. Before coming to this country he spent ten years of his life in the school room. And as an office holder served in the capacity of Justice of the Peace and Tax Assessor in the state of Tennessee. He is at present serving the people of this County as one of the members of the County Board of Education and has been since it was first instituted. These official duties that have been entrusted to his care in the past, the Reporter considers enough to show the voter that he is qualified for the office to which he aspires. And he requests us to make his promise to the people that if he is elected to serve them to the utmost extent of his ability.

In conclusion he requests that we state, that like Teddy, he says "My hat is in the ring,

Watch it whirl around, And listen to it sing.
