

THE PUTNAM NEWS

VOL. 3, NO. 35.

Putnam, Texas, Friday, July 10, 1936

\$1.00 Per Year

FROM THE EDITOR'S WINDOW

Mr. and Mrs. Mercer and Betty were in Putnam July 4th, driving a new Plymouth coach.

Mrs. H. H. Buchanan of Kilgore is in Putnam this week in her brand new blue Ford sedan with fancy tires. Hubert Buchanan is making a success of the lumber business for his employer in Kilgore.

A renewal from Mrs. Dallas C. Matthews of Pineville, Louisiana, brings the following words from her which we appreciate very much: "Dear Miss Mildred:

"Just can't remember when I paid my last subscription to your valuable little paper. Just can't afford to miss getting it as it always turns blue Monday into sunshine for me."

The Ray Motor Company of Baird is repainting the inside of their building where the Chevrolets are kept on display. The building looked good to us until about half of the ceiling had been finished in pretty silver paint. Then it looked as if it needed to be repainted, which goes to show that even though a building doesn't look as if it needs more paint, the paint makes a big show. And it is nice to use a fresh coat rather often because it surely does freshen things up, and give everything the "new" appearance.

W. W. Everett is quite a busy man these days attending the singing conventions as a side line to his regular business in Putnam. Before the citizens ask about Mr. Everett they first ask if there is a singing anywhere close so they will know whether to expect to see him or not.

Brains and Ability

In a book about herself, Eva Le Gallienne, the actress who founded the Civic Repertory Theatre in New York, tells about her early education. She went to various schools in England and Paris, seldom staying more than a couple of years in one place. Before she was 20 she was on the stage, although she had had no particular training for such a career. In a short time she was a noted star, and now, at 33, she has played the leading woman's part in the majority of the world's most famous plays, most of which she has produced herself. In addition, she raised \$75,000 annually to pay the deficit of her theatre, so that she could keep admittance charges low.

How do some people get that way? Here was a girl whose parents' circumstances compelled them to violate all the accepted rules of orthodox education, training and discipline, yet in early womanhood she is one of the foremost women of her generation.

Miss Le Gallienne says it might have been better for her career if she had gone on the stage at 15. If a person has brains and inherent ability, the truth probably is that the sooner they get to work the better. For superior people, the benefits of formal education are grossly exaggerated.

Self Deception

What is one of the commonest causes of failure in business? Try to answer the question before you read further.

George Harvey is reported to have asked John D. Rockefeller if he could say in a few words, to what he attributed the success of Standard Oil. He was silent for a few minutes and then said, "We never deceive ourselves."

Any man who has survived in business more than ten years will acknowledge the wisdom of Rockefeller's summary.

Reverend F. A. Hollis left Wednesday for Neal where he expected to begin the summer series of revival services in that community.

Mrs. S. J. Hamilton left Wednesday for Ovalo where she will spend a month in the home of Dee Morten.

Mr. and Mrs. W. W. Everett, Mrs. B. W. Everett of Cross Plains, Mrs. Floyd Coffey and children of Cottonwood attended the singing convention of Sacred Harp singing at Lubbock during the week-end. They also visited in the home of Mr. and Mrs. J. C. Foster and Mr. and Mrs. Mark Foster at Slaton.

Mr. and Mrs. E. C. Waddell and children left Tuesday for Dallas to attend the Texas Centennial and visit other points during Mr. Waddell's vacation from the post office. Mr. Waddell is postmaster. They were accompanied on the trip to Dallas by Mrs. Wiley Clinton who will return soon to enter Hardin and Simmons University for the next semester's work.

PUTNAM COUPLE MARRIED FRIDAY

Word has been received of the marriage of Miss Kathleen Green and Arnold Pruet last Friday morning at Eastland. The marriage was kept a secret for a short time. Mrs. Pruet is the daughter of Mr. and Mrs. J. E. Green of Putnam. She was a member of the junior class of the Putnam high school last year.

Mr. Pruet graduated from the Putnam high school with the class of 1933. He attended Hardin & Simmons University the following year. Both are prominent in social activities of the city. They have been reared in and near Putnam and have many friends in the territory.

DALLAS GIRL TEACHING DANCING LESSONS

Bennie Ruth Garrett, daughter of Mr. and Mrs. M. E. Garrett of Dallas, is making arrangements for tap, acrobatic and ballet dancing classes in this city.

Those wishing to take lessons, see Miss Garrett at 7/2 W. A. Kile residence on July thirteenth. Lessons will be given twice weekly.

Bennie Ruth's mother is the former Merle Kile of Putnam, and her father, Murphy Garrett, also formerly of Putnam.

Miss Garrett, talented young musical favorite in Dallas, has made many personal appearances, a few of which have been in Putnam, and is well adapted to this work.

MRS. EUBANK HOSTESS

Mrs. S. M. Eubank was hostess to the members of the Women's Missionary Society of the First Baptist church in her home Monday afternoon at 5 o'clock, especially honoring Mrs. G. P. Gaskin who is a former president of the organization. Various games were played. Little Fredalyn Cook gave a reading; Mary Lou Eubank played a piano solo; and Helen Maynard and Zada Williams sang a duet. Gifts were presented Mrs. Gaskin. Fredalyn Cook and Mary Ann Roberson pushed a suit case containing them to the honoree. Refreshments of lemonade with green ice cubes and mint and sandwiches of tuna fish and cheese were served by Mildred King, Zada Williams, Helen Maynard, and Mary Lou Eubank. Those present were Mesdames John H. Bates, Fred Cook, L. E. Cook, Valentine Cook of Amarillo, F. A. Hollis, Horace Roberson, J. Y. Culwell, L. W. Williams, Alton Lunsford, W. E. Pruet, G. P. Gaskin and S. M. Eubank.

Miss Louise Peek returned Tuesday from Crane where she spent a month in the home of her sister, Mrs. Raymond Hale and family. She was accompanied home by Miss Elaine Fulton who will spend a week in the Peek home. Mrs. C. K. Peek and daughter, Freda Jean, returned with Mr. and Mrs. Hale and children Wednesday to remain a week. Gene Hogue who has spent a month as the guest of Freda Jean, returned to her home at Crane with the crowd Wednesday.

THINK ON THESE THINGS

(By C. C. Andrews)

"Other foundation can no man lay than that is laid, which is Jesus Christ."

"But let every man take heed how he buildeth thereupon."

We need not be uneasy about the security of the foundation of our Christian religion, that has been laid for us, only to make sure that we have accepted it as the gift of God, for us to build upon.

But Paul warns us, "To take heed how we build thereupon."

He compares it to one building a house with enduring or decaying material, with the result of its durability or perishing when the testing time comes.

The "Gold, silver and precious stones" represent the things in our life that are acceptable and pleasing to God.

They abide at the testing time, and the one so building receives the following promise:

"If any man's work abide which he hath built thereupon, he shall receive a reward."

The wood, hay and stubble represent the things in our life that are not pleasing or acceptable to God, they will perish at the testing time and we have this result:

"If any man's work perish, he shall suffer loss, but he himself shall be saved, yet so as by fire."

So then let us build according to God's blue print—the Bible—with material that will endure the test.

For unless we do, we will "Suffer the loss of all our treasures in heaven."

Noted Flyer's Bride

PORTLAND, Me. Louise Ashby, 29 (above), of Fort Fairfield, Me., a former hostess on airplanes, is now the bride of the noted early trans-Atlantic flyer, Clarence Chamberlin. They are now on honeymoon.

PUTNAM TERRITORY GETS NEARLY TWO INCHES RAIN

Putnam trade territory got 1.84 inches of rain this week and farmers and business men are jubilant over the outlook. This will enlarge the corn production and insure a good cotton crop, unless some disaster should destroy it. This will make late feed and farmers will plant a good acreage for fall, and with the season now in the ground, it will need very much rain to insure the fall crop. The rain did not make very much water as it fell too slow. The Putnam lake has a considerable amount of water, possibly enough to last until October 1st without any rain.

BABY SON

Mr. and Mrs. G. P. Gaskin are announcing the birth of a son, weighing 8 1/2 pounds, born at the Graham Sanitarium at Cisco Wednesday morning.

MRS. B. F. BARRON GETS FIRST PENSION CHECK

Mrs. B. F. Barron was the first person in Putnam to receive a pension check under the late amendment to pension all old people over the age of 65 years fifteen dollars per month. The check was for fourteen dollars. There are about forty who have made application for pension; but at the present there has only one been approved in the Putnam territory.

BLANTON WILL SPEAK HERE

Congressman Thomas L. Blanton has notified the Putnam News that he will speak in Putnam Thursday, July 16, at 11 o'clock a. m. Everyone is urged to hear his speech. His other speaking engagements for Thursday are Baird, 1:30 p. m., Oplin, 4 p. m., Clyde, 8:30 p. m. The speaking will be in the business section and a large crowd is expected to attend.

Reverend J. D. Brannon, district missionary of the Baptist denomination, was a business visitor in Putnam Wednesday.

ACTUAL CONSTRUCTION ON NEW SCHOOL BUILDING WILL START MONDAY

T. P. Ross of Gorman, who has the contract to build the new high school building, was in the News office Wednesday and stated that he had received work orders from the government and construction would start Monday, July 13th, and would be pushed until the building was completed. It is hardly probable that the building will be completed by the time the next term of school begins. Mr. Ross stated that it would furnish employment for quite a number of men as he intends to work all the men that he can use on the job.

JOINT MEETING OF WORKERS' CONFERENCE AND W. M. U.

Callahan Baptist Association meets with the Clyde Baptist church July 14, 10:00 a. m.

10:00 a. m., opening song service—"I Love Thy Kingdom Lord," "Lead On O King Eternal"—Led by Mrs. U. F. Corley.

10:15 a. m., Reports—Stewardship, benevolence.

10:30 a. m., Address, "Work of Callahan Association"—Rev. Tatum.

11:00 a. m., Periodicals and Personal Service reports.

11:10 a. m., Song, "Jesus Calls Us."

11:15 a. m., Reports: Mission Study, Missions.

11:30 a. m., Sermon—Rev. F. A. Hollis, Putnam.

12:00 p. m., Lunch.

1:30 p. m., Meeting of Boards; Associational and W. M. U.

2:30 p. m., Reports—Education, Young People.

2:45 p. m., Inspirational address—Rev. H. H. Summers.

3:15 p. m.—Adjourn.

GRADY GUFFY DAMAGE SUIT REVERSED AND RENDERED

There is a case wherein Grady Guffy purchased gasoline from a Magnolia filling station in Abilene, and after buying the gas he could not pay and the operator held him with a gun for payment or held his car until he could raise the money to pay the bill. Guffy sued the Magnolia company for ten thousand dollars damages in the 42nd district court. He alleged in his pleadings that he was illegally deprived of his liberty by the agent of the Magnolia company and that the company was liable for damages under the laws of the state of Texas. The jury gave Mr. Guffy damages to the amount of about five thousand dollars, and the Supreme Court reversed and rendered the case last week, holding that the company was not liable. Mr. Guffy is well known in and around Putnam, having operated in the Putnam oil field for several years before going to Abilene.

SENIOR B. T. U. PROGRAM

Moses a Leager of Unworthy Faith. Discussion 1—Artie Cook. Discussion 2—Ova Lee Farmer. Discussion 3—Elsie Kelley. Discussion 4—Lera Fleming. Discussion 5—Roberta Pruet. Conclusion—John D. Isenhower. All seniors urged to attend.

Nail from Lung

PHILADELPHIA. . . This little fellow, Kelvin Rogers, 3, came all the way from Australia with his mother, to have a nail removed from his lung which he swallowed when he was 1 1/2 years old. The operation was successfully performed in 7 minutes.

CROP REPORT

J. B. Eubank and Ed Davis were in Putnam from Union community and stated that they had a good rain in that community. Both reported it would help the corn crop, however corn could not make a full crop.

D. D. Jones and R. A. Park of Pueblo were in Putnam Tuesday afternoon and stated that Pueblo territory had a good rain this week.

S. F. Ingram of the Zion Hill community was in Putnam Monday and reported a good rain in his territory. He said everything was too far gone for cotton; but that corn was not far gone for rain to help much. Mr. Ingram renewed his subscription for another year while here. Thanks, Mr. Ingram.

BAPTISTS FINISHED B. T. U. COURSE

A special B. T. U. course has been completed this week at the First Baptist church closing Wednesday evening. Reverend Thurston Rock, graduate of Hardin-Simmons University, conducted the series of services. The course proved to be very beneficial in instructing leaders and members pertaining to the various phases of the B. T. U. work. Reverend Rock is an associational worker for the summer. He will be located at Baird and Clyde in the near future where he will conduct courses. The Putnam church has held the associational banquet for the past seven months straight.

PETER MOLYNEUX OF TEXAS WEEKLY SERIOUSLY ILL

Peter Molyneux of Dallas, editor of the Texas Weekly, one of the most widely known periodicals in Texas, is seriously ill at the St. Paul's sanitarium at Dallas. Thirty-seven Texas Centennial guards answered a call for blood donors, when it was found out it would be necessary for a blood transfusion. After tests were made two were found to have suitable blood. Sergeant Morgan Ricks, Houston, A. & M. student, was selected.

The transfusion was given following an operation early in the morning. Mr. Molyneux is suffering from a kidney ailment. His condition was reported as serious.

THIRTEEN CARS WHEAT SHIPPED THIS SEASON

Charley Davis, who buys wheat for B. L. Boydston, has informed the News that there has been shipped from Putnam this season 13 cars of wheat to date and there will be possibly two or three more shipped before the season is over. No other grain has been shipped this far, and very likely will not be as the oats and other grain crops were very short. The average price paid for wheat will be about 90 cents per bushel.

PENSION CHECKS RECEIVED IN ABILENE.

The following is clipped from the Abilene Reporter of July 7, in which it states: "Apparently all persons under the old age assistance law have received checks for July, reports coming to the office of J. O. Shelton, district director, indicate.

"In general checks range from \$8.00 to \$25.00 Shelton said. No notices of approval of pension applications have been released from the Abilene offices since July 1, but investigations are continuing."

OIL BELT RALLY FOR ALLRED

EASTLAND, July 10th. — "Carry Eastland county for Allred" will be the slogan for a giant Oil Belt rally for the governor of Texas Tuesday night, July 14, at Eastland when he brings his campaign for re-election to Eastland county.

Gov. Allred will enter the county at 10:30 Tuesday morning and will be entertained at a luncheon at Cisco. One hundred and fifty leading citizens of the county will greet the governor in a program that will be non-political in character. Allred will deliver his noted address on the Centennial of Texas independence, an address that he has carried to all parts of the nation with great results in advertising Texas.

From Cisco, after a few hours at relaxation, Gov. Allred will go to Ranger for an afternoon address in the interest of his campaign. He will speak there at 5 o'clock. The place and the arrangements for this address will be in the hands of the Ranger Allred committee.

From Ranger, the governor will retrace his route to Eastland for the big Oil Belt rally on the court house square.

A portion of the square, not governed by highway restrictions, will be roped off to accommodate the crowd. The Eastland high school band will play.

At this rally, to which it is expected to attract Allred supporters from all the several counties of the Oil Belt, Allred will make his chief political address. Leaders of the Allred forces in the county are making a strong effort to bring together at that time the largest crowd of Eastland county citizens who have ever heard a candidate for governor.

LOVES CONFLICT IN LEGION FILM

One woman offered caresses, flaming as Sahara's sands; the other gave him love and the right to live again!

To Ronald Colman falls the necessity of making his decision between Claudette Colbert and Rosalind Russell in 20th Century's "Under Two Flags," the glamorous spectacle which comes Wednesday and Thursday to the Plaza Theatre, Baird. Adapted from Ouida's famous novel, the picture presents these three with Victor McLaglen and a supporting cast of ten thousand in a surging, tempestuous drama of France's Foreign Legion.

Frank Lloyd directed the picture, personally produced by Darryl F. Zanuck.

NATION'S JULY FOURTH DEATH TOLL 411

The death list for the nation was the second longest in nine years and was exceeded only in 1931 when there were 483. With millions of cars on the highways, motor vehicle accidents led them all with 254 deaths. Drownings numbered 104. Various other accidents contributed the remainder. Fire works were responsible for seven deaths despite reports indicating a big scale revival of this traditional feature of Independence Day. The same number were killed from this cause in 1935, 1933, and 1929. It is pointed out that the 254 highway figure was somewhat under estimates for the two days, based on previous marks, and said that July's average daily death toll from accidents is about 300.

J. S. Yeager made a business trip to Dallas this week.

Mr. and Mrs. Fred Cook and daughter, Fredalyn, spent Wednesday and Thursday attending the Texas Centennial at Dallas.

THE PUTNAM NEWS
PUBLISHED EVERY FRIDAY
Mildred Yeager, Editor

Subscription Price: \$1.00 Per Year.

Entered as second class matter August 29, 1934, at the post office at Putnam, Texas, under the Act of March 3, 1879.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation that may appear in the columns of The Putnam News will be gladly and fully corrected upon being brought to the attention of the editor.

Cards of Thanks, Resolutions of Respect, and any kind of entertainments where admission fee or other monetary consideration is charged, will be charged for at regular advertising rates.

STILL THE BENEFIT PAYMENT GOES ON

At Lincoln, Nebraska, regional offices of the rural resettlement administration estimated that 33,000 farm families in the two Dakotas now were in need of help. It is reported the emergency will be supplied with checks to each family of \$17.50 per month. At the same time notices are sent to the ginners of the United States with blanks to pay them 25c per bale for complying with the Bankhead law which was held unconstitutional by the Supreme Court of the United States and thrown in the junk heap. Each week more and more get on the free gravy train that is already overloaded with free passengers. It is inconceivable that an intelligent people such as we have in the United States can believe that we can put everyone on the federal payroll and spend from six to ten billions of dollars per year without bankrupting the nation and repudiation in the end as has been done by Germany, Austria and many other countries. There are plenty of people in the United States that are holding German and Austrian currency that is absolutely worthless as it was repudiated by the different governments who could not pay. Besides those countries that have practiced just what we are doing now, owe the United States billions of dollars that they can't pay, and when we are over this foolish, wasteful, extravagant spending spree that is being put on by the present administration we will be in the same boat. We have our first person that is posted that will argue that this Santa Claus for every body can go on for ever, then why not stop it now before it is too late. Every body who reads knows that there is more money being spent and that business is better; but it is from the billions of government money that is being poured out like pouring sand in a rat hole, and considering permanent improvement there isn't any and when they quit dishing out free checks we will be worse off than when we began; because we have not only not improved the economic condition, but we have piled up \$18,000,000,000 of bonded indebtedness on future generations to pay.

CORRECTION IN EDITORIAL OF JULY 2ND

We wish to call our readers' attention to several errors appearing in the editorial in the last issue, "Democratic Keynote Speech." The first one appearing in section one where the receipts were \$4,029,000,000 and the amount of expenditures left out. The expenditures for the same period were \$8,731,000,000 (billion). The second error was the second section near the bottom of section in which it states that \$119,000,000,000 (billion) when it should have read \$18,000,000,000 (billion) and the third was in section three in giving the farm income it shows \$18,110,000,000 (billion) when it should have been \$8,110,000,000 (billion). The fourth one appeared in section five which stated Shouse loaned the Democratic committee \$375,000.00 when it should have stated John J. Rasko.

IMPORTS DISPLACE 33 MILLION ACRES

Imports of farm products for 1935, aided by the Roosevelt administration, reduction and free trade policies, displaced 33,436,336 acres of American farm land during the year 1935 alone, an analysis of the department of commerce reports reveals. This is approximately one and one half times the amount of land in cultivation in Iowa, a leading agricultural state.

This estimate is based on a ten year average yield of the acreage necessary to the production of the same crop in the United States. It is also estimated that the United States rural population denied the opportunity for self-support by the 1935 importation is 1,741,000 persons. This does not include the 1,000,000 southern share croppers and farm hands thrown out of work because of the administration's cotton curtailment program.

Imports all along as grains, meats, hops, milk, butter, eggs, vegetable oils and their substitutes, and substitutes, edible molasses and many others have multiplied, in some cases

Another Savage Outbreak — by A. B. Chapin

fifty or one hundred times, under the New Deal. In the first four months of 1936 the United States consumed 10,151,102 pounds of foreign pork, almost seven times the volume imported in the four months of last year, and more than twenty times the imports two years ago. The rapid rise of pork imports was accompanied by a large increase in live hog imports. In the four months the United States received 5,186,576 pounds of live hogs, as compared with only 35,953 pounds in the corresponding period a year ago, two thousand eight hundred pounds two years ago. It is impossible to figure out this scarcity program has benefited the farmer in the least or any one else. In the first place no one will argue that the curtailment of production in this country hasn't destroyed employment for millions of American citizens; at the same time furnished employment for foreigners. The record shows that there has been about 36,000,000 acres of American farm land taken out of cultivation and at the same time we have purchased the products off of \$3,000,000 of foreign land. We see in the comparison that we have purchased just about as much from foreign countries as we have destroyed in this country and we fail to see the difference in competition between the same amount of farm products thrown on the market in this country and in importing from foreign countries. The same amount of goods would be equal competition regardless of where they were produced. We would like for some one of the Brain Trust to figure out how destroying farm products in this country and buying the same amount from foreign farmers can improve the American market; but they are experts and possibly they might tell us yet.

WHAT ABOUT OUR TARIFF POLICIES?

There is perhaps little choice between the promises contained in the Republican and Democratic platforms as to a real expectation of the lowering of our tariffs to permit imports. In former years we at least knew definitely where and how the Republican party stood on the tariff issue. The Democratic party has consistently condemned the tariff policy of the Republican party and especially the Hawley-Smoot tariff. But, what actually has been done to correct it? Waving aside all tariff favoring arguments which when investigated have been found specious and wanting, and reduced to the simple question of fairness we cannot justify any course which reduces the relative purchasing power of one part of our citizens in order to convey a grant of special privilege and relatively greater purchasing power to another part of our citizens. And the South has been the principal sufferer.

Our Southern congressmen and senators when running for office all favor a lower tariff but instead of real efforts to bring about this needed reform in our economic structure, their time apparently has been devoted more to such activities as promise a greater assurance of reelection and the time has come when every industry and individual in the South and especially our Southern press, should demand of those now in office and running for office not a mere declaration of favoring a lower tariff but how they propose bringing it about.

Depreciated currencies are but hypodermics administered in an effort to alleviate tariff resulting ills. We may seek world's currency stabil-

ization but until world trade barriers are removed we will never attain it. It we wish to move forward we must put the horse before the cart.—Ex.

TEXANS BUY REGISTERED SIRES

In Texas the ponies go round and round a track, all bets go through a pari-mutual, and a sizeable tax is deposited in the state treasury. One-quarter of all such tax moneys received goes to the department of agriculture, to be used in the purchase, distribution and maintenance of purebred jacks and stallions, for the use of any breeder in the state.

When the first funds for this purpose became available in January, 1934, there were thousands of farms in Texas devoid of both mules and horses. There was a severe shortage of high-gared stallions and jacks in the state and so few were the colts being raised that the average age for the state was ten years plus.

January of 1936 found Commissioner of Agriculture J. E. McDonald the largest purchaser of jacks and stallions in the United States. A total of 262 head, at an average cost of \$380 each, had been distributed over 185 counties of the state. Caretakers of these sires had reported approximately 12,000 breedings during the period ending December 31, 1935. A fee is charged, payable at the time of service, with the usual guarantee of a live colt.

Purchases have been made in Kentucky, Tennessee, Missouri, Kansas, Iowa, Illinois and Nebraska. They include 120 jacks and ninety-eight registered and high-grade percheron and Belgian stallions.

Applications have been made for 2,000 more sires to the state department of agriculture. While it is not likely that the final program will include that many, it is the aim of the department to supply every county with high-grade sires to replenish the ranks of work stock in Texas, which is 20 per cent lower than in 1920.—Burl F. Rogers in Country Gentleman.

Never the Whole Secret

I listened the other day to an illustrated lecture by a celebrated authority on the pituitary gland. To an ignorant layman it was a fascinating revelation. This tiny organism, hardly bigger than a couple of peanuts, is imbedded in the base of the brain, from which point it proceeds to perform miracles of good or ill in human life. A deficiency in its action may produce a giant or a pigmy. Baby rats and pigeons, when an extra supply of its hormones is injected into them, leap into sudden maturity. Idiot children have been put on the path to normalcy by the correction of an under-developed condition of the gland.

One left the room with a bewildered sense of awe. If such immense changes in human personality can now be definitely related to this tiny gland, which was utterly unknown until a few years ago, what more will be discovered presently? Does the whole secret of all that has hitherto been mysterious about men and women lie in this infinitesimal Controller?

Not the whole secret, certainly. There still will be some things to be explained long after the secret of the glands has been fully explored. Immanuel Kant, the philosopher, remarked that there were two things in the universe that provoked his undying reverence—the starry firmament above him and the moral law within him.

What is this moral law? This thing we call spirit or conscience? What was it that caused Socrates to take the hemlock when he could so easily have saved his life? When led Jesus to the cross, when the road to Galilee and safety lay always open before him?

Some day we may know a little more about the answers to these

questions. We are profoundly ignorant now. But there is in human nature a Control that is higher than self-interest—and it is not just the pituitary gland.

And Both Sides Profit

The head-master of a boys' school who has gained a reputation for special wisdom in dealing with youngsters tells me that the really "bad boy" is practically non-existent. Occasionally one turns up who is inspired by the devil and has to be sent away, but these cases are rare. The trouble comes with the normal, well-meaning boys who, by carelessness or extra hilarity, get themselves into situations that reflect credit on the school.

"How do you deal with such cases?" I asked.

He answered that the problem had puzzled him for a long time, but that now he has a formula. "It's very simple, but it works wonders. When the boy is brought to my office for judgment I talk to him about the honor of his family name and the proud name of the school. I show him that I am disappointed and distressed. And then I say to him: 'Honestly, I don't know what to do in a case like this. I guess you'll have to help me. Go to your room and think about this escapade of yours over-night. Put yourself in my place, and ask what punishment you would prescribe if my responsibility were on your shoulders. Whatever decision you make will be my decision.'"

The wise gentleman added: "Invariably the boy comes back with a sterner suggestion than I would ever have dared to make. And there is no resentment." I pass on this piece of wisdom for the benefit of parents who have struggled with the problem of home discipline. It has in it a thought for business men also. A very rich man of my acquaintance claims that he has made most of his money by following this precept. "Let the other man make the proposition." He says it is surprising how often the other man comes through with a proposal that is more than just. No deal is any good unless both sides profit, he says, and there is a surprising amount of fairness in human nature if you give it a chance to come out.

"That fellow must live in a very small flat."

"How can you tell?"

Why, haven't you noticed that his dog wags his tail up and down, instead of sideways."

Local Happenings

V. M. Teague and Brother Ramsey attended church services at Santo Saturday and Sunday.

Richard Anderson of Hadley spent the week-end in Putnam visiting friends.

Mr. and Mrs. J. G. Overton are spending several weeks in the home of Mr. Overton's parents of Thorpe Springs.

Wayne Triplitt of San Saba spent from Saturday until Tuesday in the home of his parents, Mr. and Mrs. Perry Triplitt.

Mrs. H. H. Buchanan and sons of Kilgore spent the week-end with Mrs. Buchanan's mother, Mrs. A. J. Hurst and Mr. and Mrs. W. A. Buchanan. Miss Bertha, who has been visiting at Kilgore, returned with her.

Messdames Lois Hodges and Jewel Dowden, accompanied by J. T. Green and Mrs. Jentry of Port Neches, spent a few days in the home of Mr. and Mrs. J. E. Green this week. J. T. Green is employed at Port Neches.

G. S. Pruet and O. F. Wagley were in Fort Worth on business Friday.

Mrs. John Fraser Lusby of Baird was a business visitor in Putnam Friday.

Mrs. Velma Boren of San Angelo was the guest of Miss Velma Eubank several days this week.

L. J. Cook and J. S. Yeager were business visitors in Mineral Wells Friday.

Messdames Perry Triplitt and F. L. Armstrong were Baird visitors Wednesday.

Mrs. J. H. D. Fleming has been on the sick list this week at the home of her daughter, Mrs. John Cook.

Cathy McCool has returned from Hobbs, New Mexico, where he has been employed several months.

Miss Frances Cook returned Saturday from Dallas where she has spent several weeks.

Mrs. J. L. Hudson and daughter, Betty Lou, and Mrs. Carl Kile and children spent two days in Cisco this week.

Mrs. A. J. Tine and son, Allen, and daughter, Helen, visited Mrs. Tine's aunt, Mrs. E. G. Scott and Mr. Scott several days this week.

Mrs. Clavis Stovall of Hobbs, New Mexico, spent the week-end in the home of her parents, Mr. and Mrs. W. P. Stephens.

Mr. and Mrs. J. L. Hudson and Mr. and Mrs. Carl Kile attended the 4th of July celebrations at Lake Cisco Saturday evening.

Mrs. John Fraser Lusby, candidate for the office of district clerk, was in Putnam Saturday morning shaking hands with voters.

Mr. and Mrs. C. A. Mercer and daughter, Miss Betty, of Hamlin were Putnam visitors Saturday, July 4th.

Mr. and Mrs. J. T. Crosby and Mr. Scott of Lawn were guests in the home of Mr. Crosby's son, W. M. Crosby and family, Friday.

Dr. J. T. Inman of Midland was a Putnam visitor Friday enroute from Graham where he had made a short visit in the home of his sister who has been ill at Graham.

Reverend and Mrs. G. C. Williams and children returned Thursday from California, where they have spent about a month visiting Mrs. Williams' parents.

Olaf Hollingshead, candidate for the office of tax assessor-collector for Callahan county, was in Putnam Saturday in the interest of his campaign.

Mrs. A. A. White and small daughter, Eunice and Mr. and Mrs. Olan Kile and children left Friday for Winate where they visited in the home of Mr. and Mrs. V. W. Allred.

Mrs. Will Rylee, candidate for the office of district clerk, was in Putnam Monday working in the interest of her campaign. She was accompanied by her daughter, Delores Rylee.

Mrs. W. M. Crosby, Mr. and Mrs. Jack Brandon, Mrs. J. B. Brandon and Mr. and Mrs. Fred Golson attended the 4th of July celebrations at Lake Cisco Saturday evening.

Mr. and Mrs. Bill Ingram and children of Olden and Mr. Ingram's mother of Fort Worth spent the week-end in the home of Mrs. Ingram's parents, Mr. and Mrs. M. L. Nettles.

Mr. and Mrs. Edwin Harris of McCamey are announcing the birth of a daughter, Kay. This is the second daughter born to Mr. and Mrs. Harris. They are former residents of Putnam.

Mrs. Clyde Hicks and children of Denton are spending several days in the home of Mrs. Hick's parents, Mr. and Mrs. W. A. Buchanan. Mrs. Hicks is the former Miss Iola Buchanan of Putnam.

Johnny Connel, who has been employed at Jal, New Mexico, visited friends in Putnam a short time this week. Mr. Connel has been attending Abilene Christian College and will receive the Bachelor of Arts degree next year.

Mr. and Mrs. Aaron Bell and children, Elbert and Auka Merle, of Baird, spent the week-end visiting the Carlsbad Caverns. J. W. Fisher was in charge of the Bell Shoe Shop during their absence.

Mrs. W. H. Norred, Miss Eloise Norred, Mrs. S. M. Eubank, Miss Velma Eubank, Mary Lou Eubank, and Mrs. Velma Boren of San Angelo, left for Dallas Thursday morning, where they expected to attend the Texas Centennial. Miss Norred planned to go as far as Denton, where she will enter C. I. A. for the next term of school.

Mr. and Mrs. Valentine Cook and baby of Amarillo visited in the home of Mr. Cook's parents, Mr. and Mrs. I. E. Cook, this week.

Mrs. Will Rylee of Baird, candidate for the office of district clerk of Callahan county, was in Putnam Monday in the interest of her campaign for reelection. Mrs. Rylee called at the News office.

Judge L. B. Lewis of Baird, former county attorney of Callahan county and candidate for county judge, was in Putnam Tuesday morning and visited the News office while here. He was enroute to Cross Plains.

Miss Myrlene McCool visited Miss Frances Sprawls of Baird Wednesday. Miss Sprawls returned with her for a short visit in Putnam. Misses Sprawls and McCool attended the Cross Plains picnic Thursday.

CLIPPINGS

COP ARRESTS HIS OWN COW
What is a stock policeman to do when he responds to a complaint on a stray cow and finds it is his own cow?

Was Knox Beal's face red when he confronted that "rebarbarring" situation Monday morning? Well, it might have been if his straying bovine had not been in his own yard and the joke on his wife and family.

"I had bought a new haifer for my cow which I put on this morning and it made her look so different that when she got loose and went around to the front of the house my wife phoned me to come and get a stray cow out of the yard," Beal explained. "The children even tried to drive her off the place," he said. — Abilene Times.

WHO WILL GET A FREE RIDE?
Considerable interest is being manifested in a freak wager between Ed Bucy and Bill Johnson as to the outcome of the Garrett-Blanton race in Rising Star.

Should Garrett carry the two Rising Star boxes Mr. Bucy will be wheeled through the streets in a wheelbarrow on election night by Mr. Johnson and on the other hand should Blanton poll more votes in Rising Star than Garrett Johnson will get the free ride with Mr. Bucy furnishing the motive power.

The ride starts as soon as the votes for the two local boxes have been tabulated.—Rising Star Record.

STORM AT CISCO
A windstorm which swept the city Wednesday was accompanied by a tornado which unroofed small buildings, uprooted trees, and damaged crops.

Good business may be made better through the use of a Telephone.

It is a convenience which will save time, money, and effort.

HOME TELEPHONE & ELECTRIC CO.

POLITICAL ANNOUNCEMENTS

The following names have been announced as candidates for public offices, subject to the action of the Democratic Primary to be held on Saturday, July 25th:

- For Congress, 17th District: THOS. L. BLANTON.
- For County Judge: L. B. LEWIS. J. RUPERT JACKSON.
- For Sheriff: R. L. EDWARDS.
- For County Commissioner, Precinct No. 3: PETE KING. CLAUDE KING. W. A. EVERETT.
- For County Treasurer: MRS. WILL MCCOY.
- For District Clerk: MRS. WILL RYLEE. MRS. JOHN FRASER LUSBY. MRS. CORRIE DIJSKILL.
- For County Clerk: MRS. S. E. SETTLE.
- For Tax Assessor-Collector: OLAF HOLLINGSHEAD. VERNON R. KING.
- For Representative 107th District: ED CURRY. TIP ROSS. CECIL A. LOTIEF.

The storm apparently was heaviest north and west of the city, a survey showed.

A barn belonging to Carl Wilson was unroofed and badly damaged by the wind, it was reported. Wilson suffered a heavy loss in poultry killed in the heavy wind and driving rain.

Mrs. F. E. Harrell reported that the wind yesterday "blew down more trees than any since we've been out here." The Hurrell farm is three miles west of the city.

Inside the city trees were broken off and the tent at the corner of D avenue and East Tenth street used by the Pentecostal church for its revival was badly damaged.

A hard wind and rain accompanied an electrical storm at Lake Cisco. Only 3-10ths inch of rain fell here.—Cisco, Free Press.

2 TONS MAIL TO BE CARRIED BY TEXAS PLANE

DALLAS.—Approximately 2 tons of mail will move out of Dallas July 18 on the most unusual mail transport trip in history.

The mail, originating here, there, everywhere, will be dumped in the most unusual airplane to hit the air-lanes, then to be hauled at very high altitudes over the Atlantic Ocean and to Paris where it will go into a post-office for stamp cancellation.

On July 4, just 14 days before its departure on the Dallas to Paris flight, the Flying Wing—that is what Monty G. Mason and Clyde E. Pang

born called their long winged plane—was christened, the Texas Sky Ranger. On this same day booths from which envelopes and stamps are sold were opened within the Texas Centennial Exposition grounds.

Thousands of specially designed envelopes, bearing the insignia of the Centennial Exposition, the sponsor of the Mason and Pangborn flight, plus stamps necessary for mailing, are on sale at the booths. Rates on such mail, which include regular postage and special delivery stamps in addition to the amount charged for transportation across the Atlantic, are as follows:

Dallas to Paris, or one way, \$1.14; round trip, Dallas to Paris and return, \$2.65; Paris to Dallas, or one way, \$1.65. Difference in the one way rates was attributed to adverse flying conditions of the return flight. Round trip and Paris to Dallas mail will be lifted to around 1,000 pounds for each class.

Right Here in TEXAS

Texans are seeing Texas during CENTENNIAL YEAR!

VISIT THESE INTERESTING CENTENNIAL CELEBRATIONS

(July 8, through Sept. 13, Revised to June 27th)

The big Centennial Central Exposition at Dallas is drawing millions of visitors from out of the state and over the state.

This successful event and the many equally interesting Texas celebrations are focusing the eyes of the nation on Texas. Texas may well be proud of its Centennial events. Texas will profit by its enterprise for many years to come.

But, best of all, Texans are knowing Texas.

East Texas is visiting West Texas! North Texans are going South! South Texans are traveling North, and West Texans are seeing the East! Centennial year has afforded us the opportunity to get acquainted with the resources and scenic attractions of our great state.

Whatever your ideas of a real vacation, you'll find them realized in Texas. Mountains, seashore, missions, foreign atmosphere, gay night life, fishing, golf, historic places. Most every attraction you can find anywhere—right here at home.

Make your plans to visit the Centennial Celebrations being held this month. Read the calendar at the right. If you want additional information, write the Chamber of Commerce at cities you are interested in. For a real vacation, SEE TEXAS!

TEXAS CENTENNIAL 1936

For dates beyond September 13 write State Headquarters TEXAS CENTENNIAL CELEBRATIONS, Dallas, Texas.

**ERADICATE RATS
TO CURB TYPHUS**

Austin.—Typhus fever or "fourteen day fever" continues to make its appearance in various counties in Texas. Like typhoid, most of the cases occur in the hot months of summer and early fall, according to records of the State Health Department.

"The symptoms of typhus fever are similar to those of typhoid fever, except the course of typhus is generally two weeks while typhoid fever may extend over many weeks," said Dr. John W. Brown, State Health Officer.

"Although there are two types of typhus fever, it is the epidemic type, (known as Brill's Disease) which presents itself in Texas.

"The onset of typhus is usually sudden and accompanied by chills, fever, headache, and general body pains. Nausea and vomiting may be present. Headache is an outstanding symptom, and often persists to such a degree that it does not readily yield to drugs or local applications.

"The fever rises rapidly, often reaching a maximum of 105 degrees in the fifth to eighth day, and generally declining about the tenth to fourteenth day. A reddish mottling of the skin also appears, which may subside soon or continue through the crisis. A hacking cough is often present.

"The mode of transmission of typhus fever is known to be from the rat-flea, and the disease could be prevented by the eradication of rats and mice. A campaign to rid your community of rodents would also be of great economic value as rats and mice destroy millions of dollars in food every year."

GRIGG'S HOSPITAL NOTES

Mrs. Connie Brown an baby left for the home of Mrs. Brown's mother in east Baird Saturday.

Mrs. Ernest Gwinn of Oplin was removed to her home Saturday.

Mrs. J. R. Shirley of Putnam left the hospital Thursday.

Mary Nell Hardwick was removed to her home in east Baird Saturday. Truman Cummings has been removed to his home in Baird after having an operation for mastoid trouble.

Mrs. J. E. Alexander of Baird left the hospital Tuesday.

Mrs. Pat Bounds of Moran entered the hospital Monday for major surgery.

Mrs. J. H. Bowen of Rowden who suffered a fractured arm two weeks ago, is improving.

Augusta Johnson of Oplin is improving after suffering from nephritis.

John Esquibel of Oplin entered the hospital Wednesday suffering from pneumonia.

Helen Minix of Denton was a tonsillectomy Thursday.

ALLRED POINTS TO RECORD

PARIS, July 7.—His "batting average" on platform pledges carried out stands at more than 800 and his record has emerged unblemished after an eight-month "fine tooth comb" inspection by an unfriendly auditor from a preceding administration, Governor James V. Allred reminded the people of Texas in a campaign address here tonight.

"It's just as bad to deal in half truths as it is to tell a deliberate lie in a political campaign," the governor declared.

"For several weeks my opponents have been trying to give the people of Texas the most elaborate misinformation this state has witnessed in a long time. It is strange, indeed, that the charges and insinuations they make are hurled just a few weeks before election.

"I remind the people that for more than eight months after I became governor my record was gone over with a fine tooth comb by an unfriendly auditor from a preceding administration. At all times and at the present time we have had any number of legislative committees checking everybody from constable on up. Yet no committee has made any report adverse to my administration.

"In their enthusiasm and zeal, my opponents have found many trifles about which to criticize me. Not a single one of them at any time has had a kind word for anything that I have done. According to them, every act of mine has been motivated by a ulterior or sinister impulse. I am sure the people of Texas do not approve of such tactics.

"I point to my record as Centennial Governor. Out of thirty-one planks in the Democratic platform adopted shortly after my election, twenty-four have been carried out in full, two in part, and an honest and sincere effort made to carry out the remaining five. That is a 'batting average' in excess of 800.

"Not one of my opponents has told the public anything about this record of achievement. It has been just as hard for me to please them as it has for President Roosevelt to satisfy Herbert Hoover. I am standing on my record as governor and feel sure the people will approve it when the facts are known."

ATWELL

Mr. and Mrs. Harry Gilbert from San Angelo visited Mrs. Gilbert's parents, Mr. and Mrs. G. T. Brashear, during the Fourth.

Lewis Purvis from Grand Canyon, Arizona, is visiting his parents, Mr. and Mrs. Perry Purvis, this week.

Mr. and Mrs. E. F. Maddux and Woodrow Jones attended the rodeo in Stamford last week and also visited with relatives while there.

Howard Pillans left Monday for San Antonio where he will be in the Military Training Camp for the next month.

This community received a much needed rain Sunday, the farmers are all smiling over it.

Mrs. John Tonstle and daughter from Oklahoma City visited with her sister, Mrs. Meda Sessions, this week. Mrs. Sessions returned home with them and will visit the Centennial before returning.

PUEBLO ITEMS

Miss Irmadine Allen, nurse at the Baylor Hospital at Dallas, is spending her vacation with her parents, Mr. and Mrs. O. D. Allen and other relatives.

Mr. and Mrs. Ernest Day of Fort Worth spent Sunday in the home of her father, J. H. Owens, and sister, Mrs. J. W. Booth, and family.

Randolph Green is having considerable trouble recently with a bad hand.

Mr. and Mrs. Rufus Tidwell of Avoca, spent the Fourth with his sister, Mrs. J. C. Dyer, Sr.

Miss Claudia Guy Allen of the Hart community visited Miss Alline Gunn in this neighborhood this week.

R. A. Park attended the Brooks Reunion the Fourth and states that anyone who objects to the dinner served would be hard to please.

Doc Griffith and family, of near Breckenridge spent the Fourth here with Mrs. G. W. Steen.

O. D. Allen and family were picnicking on Battle Creek the Fourth. J. E. Johnston and family visited his brother at Dublin last week.

The good rain was welcome, though it stopped threshing for a few days. Everyone was glad to see it.

Miss Pruet of Putnam is visiting Misses Alline, Nellie Wayne and Venette Gunn this week.

A woman in training her Chinese servant to answer the bell, rang it herself and the servant came to the door.

A day or two later she was piqued by a continual ringing of the bell. At last, as no one went to the door, she did so herself, and opened it to find the servant on the step.

"Whatever are you doing, Li?" she asked.

Said Li: "Yesterday you fooled me; now I fool you."

FARM NOTES

Corn-Hog Checks Received.

Sixty corn-hog checks were received this week with some thirty yet to come. This payment represents the final payment that will be made on the corn-hog contract. The amount received this time totaled \$1,011.51. Screw Worm Program—

Mr. O. B. Lamer, district supervisor for a number of counties which includes Callahan, has been in conference twice recently planning to meet the farmers in various districts over the county and demonstrate the new method of treating screw worms and to eradicate the flies. This program is a Federal program and is designed especially for cattlemen. Of course, when the meetings are held any person who has any affected animals of any kind, hogs, sheep, or cattle, if they are brought to the meetings a demonstration will be given on the proper treatment to be made. The government hopes, through his cooperation with the farmers and ranchers to be able to greatly retard the damage that the screw worm is causing annually. Some of the most optimistic men believe it possible to eventually completely wipe out the screw worm menace. As soon as the county agent is able to be out of bed and able to be out over the county again meeting dates will be scheduled and Mr. Lamer will be present to direct a meeting for as many as are interested.

County Agent is Improving.

Dr. S. R. Rumph told the county agent this week that if as satisfactory progress is made in the next four or five days as has been made in the past five days that he will be able to leave his bed. The county agent has been in bed every day with more or less high fever for the past 15 days and of course it will take quite some time after the fever breaks to be able to get around very much. This piece is run because so many farmers are not aware that the county agent has never got over the shock of the accident on June 12th.

ENLISTMENT OF RECRUITS TO BE AUTHORIZED

The officer in charge of the U. S. Marine Corps Recruiting, District announces that the enlistment of 25 men from the Texas-Oklahoma District has been authorized for the month of July, 1936.

Applications by mail will be given careful consideration. The minimum and height requirements for first enlistments are 18 years and 68 inches respectively, however, 57 percent may be enlisted at minimum of 66 inches, provided they are exceptionally desirable. Men with high school education are preferred, however, men with an equivalent education who have satisfactorily demonstrated to the Recruiting Officer that they possess sufficient education to make desirable material for the Marine Corps will be accepted for enlistment. Because of the limited number of men needed at present for replacements, only the very best type physically, morally and mentally will be enlisted. Literature regarding duties and opportunities of a Marine will be furnished upon request at Room 822 Allen Bldg., 1700 Commerce St., Dallas, Texas.

SUNDAY SCHOOL LESSON
by Charles E. Duna

WITNESSING UNDER PERSECUTION
Lesson for July 12th. Acts, 4:5-12. Golden Text: Acts 5:20.

The keynote of our lesson is sounded by the Golden Text, "We must obey God rather than men." This was the platform upon which the apostles stood, and from which they went forth to conquer the world despite imprisonment and martyrdom. And this has been the inspiration of God's saints down through the ages. It was the motto of such early leaders as Augustine, Patrick, and Benedict. It moved St. Francis to adopt a life of renunciation and poverty. It gave Luther the courage to battle for a free church. It led George Fox all over England in a sensational preaching mission.

And we may accept this text, too as the explanation of the heroism of Joan of Arc. One day, while walking in her father's garden, she seemed to hear a voice which she felt come from God. It told her to save her beloved country, France.

Everyone knows the sequel. She was only a girl, and her family and neighbors tried to hold her back. But donning a suit of armor, mounting a white horse, and bearing a banner embroidered with lilies, she went to war and delivered the City of Orleans from the foe. Then, wounded and betrayed, she fell into the hands of enemies who clapped her into prison, accused her falsely, and at last put her to death in the market square of Ruen.

It is this spirit of indomitable obedience to the inner call of God which is needed to day in all departments of life, but especially in the Christian Society. Christianity is not today the ruling faith of our national life, or of any nation. We have a new kind of state, pagan rather than Christian. What of the future? Will the Christian religion have a place in the mass civilization now in process of development? Only if the disciples of Christ are true to their God and conscience, whatever the cost.

TEXAS COWBOY REUNION AT STAMFORD HUGE SUCCESS

STAMFORD.—The Texas Cowboy Reunion which closed its annual three day meet here Saturday night was the most successful from all standpoints in the seven year's history of the organization, according to reunion officials who have just completed a check up on the 1936 show.

Three semi-cloudy, cool days, ideal weather for a holiday crowd were awarded by the weather man for the event and added materially to the comfort of a crowd that thronged the grandstands and bleachers at nearly every performance, and swelled the attendance by at least twenty percent over any former year. The record heretofore stood at 55,000 persons for the three days.

Rodeo officials credit the increased attendance to improved facilities for taking care of visitors, to a better and faster performance by the contestants, and to the nation-wide publicity that has been given the Texas Centennial Celebrations, of which the Texas Cowboy Reunion was a part. There were many guests here from far away states, a glance at parked automobiles often revealed license plates from California, Oregon, Illinois, New York and other states just as far distant.

Three rodeo performances daily beginning at 8 o'clock a.m. and lasting until 10 o'clock or later at night, followed by a square dance at the bunkhouse and another dance at the Country Club, in addition to other special features, provided entertainment from early till late for everyone who wanted to put in a full day.

The rodeo had four standard contests that were held every day. These were bronc riding, wild-cow milking, steer riding and calf roping, the winners being awarded cash prizes daily. Buck Hawkins of Denton won first money in bronc riding on the opening day, and Dan Utley of San Angelo was the winner on both the second and third days. Top money to steer riders went to Ralph Ramsey, Strawn, Bob Miller, of Albany, and Woody Lewis of Eustice respectively on the first second and third days.

In the wild cow milking contest Vaughn Harris, Big Spring, won the money Thursday, followed by Jap Stoker of Breckenridge on Friday, and the Saturday's award went to Vester Parrish, Mingate, who did the job in 17 and 1-5 seconds. Some speed was likewise shown in the calf roping. Leo Huff of Dora and Sig Faircloth from Ranger divided honors on Saturday with a time of 17 seconds flat. Lester Durham, Amarillo, won Friday with 21 seconds, and Leonard Wright, Breckenridge was Thursday's winner on account of 21 and 2-5 seconds.

In the old timers calf roping contest Wade Swift, of Ranger won with 29 and 4-5 seconds. First prize to the most typical cowboy over 55 years of age went to J. E. Betts of Paducah. Miss Mary Louise Purdon, Stephenville, was first prize winner of sponsors and was presented with a saddle. Other prize winners were Miss Walter Faye Cowdon, Midland; Miss Ann Spires, San Angelo; and Miss Glyn Weatherly, Sweetwater.

A sour dough biscuit contest between chuck wagon cooks was judged by Governor James V. Allred. Richard Bolt, cook for the 6666 outfit tied with Lee Kelly, cook for the SMS Spur outfit for first honors, and each received a Stetson hat—gifts of the Governor of Texas.
