FROM THE EDITOR'S WINDOW

Clean Up Campaign

A few of our citizens have been talking a clean-up campaign. To date these efforts have been centered around the cemetery. The plan most talked of at present is to clean all the area from the railroad crossing south and west until all rubbish is removed beyond the west line of the cemetery. This will include all the area north of cemetery to the railroad. This is a worthy cause — one that every one should help. Since everyone is interested directly or indirectly in the cemetery we should talk this and if enough interest is shown by next issue of this paper a date will be set and committees will be appointed. The use of three trucks has already been promised for hauling.

Walter Holly is riding around in a new Chevrolet coupe, having sold his former yellow wheeled Chevrolet coupe last week. We can say for the yellow wheeled car that it has been of much service to us. Having our office next door to its owner, who was kind enough to lease it to us on different occasions, we made a picture of the notorious coupe, which will be placed among other noteworthy pictures made during the more than two years history of The Putnam News. When the Plymouth, regular Putnam News car, was not available, the Chevrolet coupe took its place, and took this editor to many nearby places to further the cause of the home paper. Walter Holly and this famous car have been boosters for our publication for a long time which we appreciate very much.

Jiggs, famous and valuable dog belonging to Mr. Lawrence of Holmes Drug Company of Baird, was wearing a new collar this week, but not the kind of collar he usually wears, for it happened to be a bandage this time. Jiggs was released from the small animal hospital at Abilene after spending several days there. He is doing nicely and it is believed that he has passed the crisis and will recover speedily.

W. W. Everett said he didn't see how in the world the editor saw so much from the window with it covered with white all the time. He said it might be better for the Adult School which meets at the News office and also for some of the town folks. He said there would be no need to try to get by with anything if the window wasn't covered.

The editor had the pleasure of a short visit in the home of Mr. and Mrs. R. C. Clemmer of Clyde Wednesday. Mr. Clemmer is postmaster at the present time and said he enjoyed reading the Editor's Window each week.

Little Things

The little things we give away, The little deeds we do each day, The little things we smile and say, The little games we laugh and play— All added to the good we do, Bring joy and cheer to me and you, With sunshine all the day.—Exch.

Among the Prisoners

A missionary writes: "Our little church in Bello Horizonte, Brazil, is just three blocks away from the state penitentiary. Last year some of us became interested in carrying the gospel to the prisoners there and for several months we made regular visits to those who are shut in with the disease 'crime' in their hearts. Many of them have never heard of the Bible, and, of course, have lived the worst kind of lives. From the first visit they have been grateful for our songs our prayers, our talks; they have looked forward to our coming from week to week.

"One day a young man who had not been in jail long said: 'Perhaps I should never have been here, never have lived as I have, had I known the Bible early in life.'

"Last year we gave away 12 Bibles and several hymn books to the prisoners. Many others asked for Bibles, but our funds are limited. Let us pray that more and more Brazilians shall find the Bible before they commit crimes for which they are imprisoned, and let us pray for the liberation of all men from the chains with which Satan binds them." In addition we should like to add that we think we, as individuals and as churches should keep these facts in mind and donate to this worthy cause of foreign missions. A belief in and acceptance of the Bible teachings meets every need of this life and prepares us for the life eternal.

Mr. and Mrs. E. C. Warren and children, H. A. and Gene, of Union, were shopping in Putnam Tuesday.

PUBLIC MEETING TO BE HELD MONDAY NIGHT

There will be a public meeting of the citizens of Putnam Saturday night at the Brittain building next door to the post office. Every body invited to attend, ladies especially, as city affairs will be discussed. The question of how to get our bonded indebtedness lowered, and a future water system. If you are interested in the upbuilding of Putnam, be at the meeting.

BAPTIST W. M. S. MET TUESDAY AFTERNOON

The Women's Missionary Society of the First Baptist church met at the church Tuesday afternoon at 3 and enjoyed a program from the Royal Service. Mrs. F. A. Hollis presided. Opening song was Rescue the Perishing. Mrs. Hollis led the devotional reading from Matthew 25, first thirteen verses. Mrs. S. W. Jobe was in charge of the Mission program, subject of which was Women's Contribution to the Kingdom. Mrs. Richard Lawrence discussed Mother of Missionary Society; Mrs. F. A. Hollis, Pastoria with a Truck in Argentina; Mrs. Fred Golsen, Mrs. Ling, Corresponding Secretary of W. M. U. in China; Mrs. S. W. Jobe, Mrs. Junko Hara, President of W. M. U. of Japan; Mrs. E. G. Scott, Radiant Example of Christ's Power in Japan. Those present were Meses. F. A. Hollis, J. E. Green, O. W. Culwell, Fred Golsen, E. G. Scott, Richard Lawrence, J. C. Culwell, S. W. Jobe.

GRAND JURY REPORT

To the Hon. M. S. Long, Judge of 42 District Court:

We, your Grand Jury for the March term of your court, make the following report:

We have diligently inquired into all law violations called to our attention and have voted and reported into Court six bills of indictment, all of which are for felony offenses.

The newly organized cattlemen's association has requested that we call the citizens' and officers' attention to certain laws on our statute book in the hopes that the enforcement of same will aid them in curbing cattle theft. We respectfully call the citizens' attention to the following articles:

Article 6904 (butchers to report) provides: Each person slaughtering animals for market shall make a regular sworn report to each regular meeting of the commissioners' court, giving the number, color, age, marks, and brands of every animal slaughtered by him since last term of said court, to be filed with the county clerk. Each report shall be accompanied by the bill of sale or written conveyance to the butcher for every animal that he has purchased or slaughtered.

Article 6908 (bond of butcher): Every butcher or slaughtering of cattle shall file a bond with the county judge of the county for not less than two hundred nor more than one thousand dollars, conditioned that he keep a true and faithful record and correct description and date of purchase of all cattle purchased or slaughtered by him; that he will have the hide and ear of such animal inspected by the inspector, or some magistrate of the county, within twenty days after it is slaughtered, and that he will not purchase any cattle slaughtered by another unless the hide and ears of such slaughtered animals accompany the animal offered for sale, and that he will not purchase any animal whose ear marks or brands have been changed, mutilated, or destroyed. Any butcher or slaughtering violating any condition of said bond may be sued upon his bond and all sums recovered by suits upon said bonds shall become a part of the available school fund of such county.

We recommend that the citizens obey the above law and that the officers see that same is enforced within this county; we also recommend that all peace officers check as far as possible anyone selling or offering for sale any slaughtered leaf or transporting any slaughtered meat in this county to see if they have proper hides, etc. to identify same. We also recommend that each town within this county pass some regulation in reference to slaughtering and selling slaughtering meats within said city or town. This will greatly aid the law abiding citizens and officers in their effort to stamp out cattle and sheep theft.

We also request that the District Clerk furnish each paper within this county a copy of the above for publication and request that the papers publish same.

We have finished our work and ask to be discharged.

Respectfully submitted,
R. D. Williams, Foreman,
Willis J. Brown, Secretary.

10,000 Gallstones

PELILADELPHIA . . . Mrs. Dora Kurtzman (above), is feeling quite all right, now that a hospital operation here, removing over 10,000 gallstones, has proved successful. A report is to be made to medical associations.

MRS. CORRIE DRISKILL FOR DISTRICT CLERK

Mrs. Corrie Driskill of Baird announces this week as a candidate for the office of District Clerk. Mrs. Driskill held this office one term and made a splendid district clerk. She is well qualified to take care of the duties of this important office. Mrs. Driskill is so well known to the citizens of Callahan county she needs no introduction for us.

Mrs. Driskill addresses the citizens of the county as follows:

To the Voters of Callahan County:

In announcing my candidacy for District Clerk of Callahan county, I feel that I need no introduction to the voters of the county. I held this office one term, 1933-34, and made two thorough campaigns.

I am qualified for the office, will be glad for anyone to inquire into my work while there. I feel that I can make a better clerk now than then on account of the experience I have had. I need the work and I wish to assure you that I will appreciate all the support you can give me and if I am elected, will make you a good clerk. Thanking you in advance,

MRS. CARRIE DRISKILL.

RAYMOND HENRY CASE SET FOR MARCH 30TH

The cases of Raymond Henry and wife are set for March 30 at Eastland and there has been a special venire of 400 men summoned to select the jury from. The reason for such a large number of veniremen is as a result of the extensive advertising that has been given the case. This is the case where McBee, a highway worker's skeleton was found hanging to a tree near Rising Star about a year ago. Mrs. Henry was the former wife of McBee, and the evidence as reported by the press, that McBee was killed with an ice pick and buried in a sand bed near the Rising Star cemetery and was later taken up and moved to a new location and hanged to a tree. Mrs. McBee and Henry were married later. There are four indicted in the case with the Henrys and the total amount of bonds required was \$19,000.

Mrs. M. P. Clappett and daughters, Misses Katherine and Myrtle, were Baird visitors Monday.

METHODIST BOARD ORGANIZED FRIDAY

A joint meeting of the official board of the Putnam-Scranton churches of the Methodist church was held at the Scranton church Friday evening, March 13. A consolidated board was organized. C. K. Peek was elected president; John Shrader, secretary. The following committees were appointed: Social service, Fred Farmer, Homer Ledbetter; lay activities, Ralph Bradshaw, Lynn L. Williams. Following business refreshment of hot chocolate, fruit salad and doughnuts were served at the parsonage to the board members and A. A. Dodd, Harley Dodd, Harlan Dodd and Mrs. C. K. Peek.

The joint board will meet in regular session quarterly and is subject to call at any time. Next meeting will be at Putnam.

CARD OF THANKS

We wish to express our sincere appreciation of every kindness shown us in the illness and passing of our beloved husband and father. May God's richest blessings rest upon each hand that assisted us in our years of sorrow and his years of illness.

Mrs. B. E. Rutherford,
The Rutherford Children,
The Gattis Children.

METHODIST W. M. S. MET WEDNESDAY

The Women's Missionary Society of the Methodist church met at the church at 3 Wednesday afternoon. Mrs. A. A. Dodd, president, presided. Opening song was "Tell Me the Story of Jesus." Mrs. Dodd read the devotional reading from Genesis 12. Mrs. G. C. Williams led prayer. Mrs. C. K. Peek discussed Building and Mending of Roads; Mrs. Fred Farmer, Mary Adams Neighbor and Citizen. Mrs. Dodd led the closing prayer. Those present were Meses. C. K. Peek, G. C. Williams, Fred Farmer, F. L. Armstrong, Mark Shurwin, J. E. Heslep, and a visitor, Mrs. John Fraser Lusby of Baird.

BETTE DAVIS IN "DANGEROUS"

Bette Davis, who was awarded motion picture academy award for female players for appearing in the best production of the year, plays in the popular picture, "Dangerous", which is being shown Sunday and Monday at the Texas Theatre at Cisco. Although Bette Davis accomplished this outstanding achievement, prizes are no higher for the picture.

Navy Investigates

LOS ANGELES . . . Harry T. Thompson (above), is held here under \$20,000 bail and facing indictments on charges of illegally wearing a naval uniform and impersonating a Federal officer. An espionage plot is also being investigated, the sale of navy secrets.

MRS. J. C. FOSTER DIES

Mrs. J. C. Foster, of Slaton, died in Fort Worth Tuesday and was buried in Slaton Wednesday. Mrs. Foster is well known in and around Putnam, having been reared in the Cottonwood community. She was the daughter of Mr. and Mrs. Wes Everett of Cotton-Everett of Putnam. Those attending the funeral from Putnam were Mrs. W. W. Everett, W. P. Everett, and Miss Thelma Everett.

OIL NEWS

J. F. Jacobs, J. R. Reed No. 1 in west Baird, drilling 686 feet. He is expecting to run casing around 700 feet, the casing is on the location.

Pueblo C. B. Snyder No. 3, cleaning out.

Pueblo C. B. Snyder No. 1, preparing to drill.

Pueblo I. N. Jackson No. 3, spudding in.

H. H. Givans, Mrs. J. C. Hutchinson, tools lost at 780 feet, now fishing.

Hal Hughes, formerly J. H. Vise, Mrs. Louie M. Williams, drilling at 1440 feet.

R. F. St. John, H. Kniffen No. 3, drilling at 1770 feet after missing the Woods sand.

Jno. L. Reeves, J. M. Morrisett No. 1, location.

F. J. Estes, block 88, Baird, location, slush, it has been dug.

McDavid & Murray, H. W. Ross No. 1, location.

Jackson Bros., block 14, in west Baird, closed down at 638 feet.

W. H. Henderson A. G. Hobbs No. 1, drilling at 678 feet.

E. J. Johnson A. G. Hobbs No. 1, drilling at 1267 feet.

Ungren & Frazier, I. N. Jackson No. 3, drilling at 760.

NOTICE TO WATER CONSUMERS

Beginning with March your water bill will be mailed to you on or about the first of each month. Your bill will be due and payable on or before 10th of month following date of billing. If not paid by 15th service will be discontinued without further notice.

Under this plan you can pay Mr. Netties or at Cook's Garage. YOU MUST PRESENT YOUR CARD AT TIME OF PAYMENT IN ORDER TO INSURE PROPER CREDIT BEING GIVEN YOU.

CITY OF PUTNAM.

PUTNAM HOST TO DUAL TRACK MEET

Oliver Davis, Sports Editor

Putnam high school will be host to a dual track meet to be held here this afternoon. Putnam has entered several dual track meets, but has never sponsored one. There will be eight teams, possibly nine, entered here this afternoon. The following teams will compete for honors: Baird, Cross Plains, Clyde, Danton, Moran, Cisco, Oplin, Putnam and possibly Union. The high school juniors and grammar school juniors will compete as will the high school seniors. This will probably be the last dual meet as the county meet will be held next Friday and Saturday, the 27th and 28th. Each school is due to furnish some mighty strong competition for their opponents.

Dual Meet at Clyde

Putnam entered a dual track meet last week at Clyde, with practically the same team entered as will enter the Putnam meet. There were some mighty good times made on some events with the quarter and the mile relay won by Baird. Baird emerged victorious in this meet with Putnam following. Baird has a very strong track team this year. It is practically the same team that made honors for Baird last year, although Baird has been working on track for some time by not having a basketball team.

Baird to Fort Worth

The Baird track team of Callahan county will enter the exposition track meet of high schools this Saturday. Baird is due to win several events as they are really drilling on the events.

Putnam To Be Complimented

Coach Bill Wright and his track boys are to be highly complimented for their part of representing Putnam in track. Coach Wright has drilled his boys very much and is expecting a show up from them. Coach Wright is noted as a good track man and above all a track coach.

STUDY CLUB MET IN EVERETT HOME

The Junior Study Club met in the home of Mrs. Loren Everett Thursday afternoon, March 12th, at 3:00. The subject of the program was "Texas Day." Each member answered roll call by some noted living Texan. "A Tribute to Texas Heroes" was discussed by Frances Cook; reading, "The Bluebonnet of Texas," by Mrs. Jack Brandon; special music, "Texas Our Texas" by Mrs. Loren Everett; "The Eyes of Texas Are Upon You," by the assembly.

Refreshments of cherry nut cake and fruit punch with cherries and mints frozen in cubes were served to the following: Mrs. Richard Lawrence, Mrs. Jack Brandon, Mrs. John Cook, Misses Frances Cook, Vella Sandlin, Bertha Buchanan and Mrs. Loren Everett, hostess.

WARNING

It is a violation of state laws and a violation of city ordinances for any one to dump rubbish on a public street, road or alley.

To dump rubbish on a street alley or road not only reflects on you but it interferes with maintaining the roads. A space is provided west and north of cemetery for dumping ground. Please use it. If any one is caught dumping on roads or streets the law will have to take its course.

City of Putnam,
Commissioners' Pre. No. 3.

THINK ON THESE THINGS

C. C. Andrews, Baird

"Eye hath not seen, nor ear heard, neither hath it entered into the heart of man, the things which God hath prepared for them that love him."

The finite man cannot contemplate the beauty and glory of heaven and heavenly things.

But in a measure they are revealed unto them "that love God, by His Spirit."

"For the things of God knoweth no man, but (by) the Spirit of God."

We have received with salvation "not the spirit of the world, but the Spirit which is of God."

Pau. was "caught up to the third heaven, and heard unspeakable words, which it is not lawful for man to utter."

Jesus told his disciples that "I go to prepare a place for you."

Then He followed this promise with another: "I will come again, and receive you unto myself; that where I am, there you may be also."

In this world we have sorrow, disappointment, pain and death, but then and there, "God shall wipe away all tears from our eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain; for the former things are passed away."

HOW TO JUDGE A BANK

This Is the
BANK
that
SERVICE
Is Building

Modern
Safety Deposit
Service

A bank's stability, in the last analysis, depends upon its management. First. Its officers. Are they experienced bankers? Has the test of time proved them to be safe? Are they trustworthy? Do they recognize that a bank's first duty is to protect the funds of its depositors. And do they, above all else, discharge this duty in every phase of the bank's management.

As to a bank's directors—they should be representative men of the community, men of high standing, successful in their own business, mindful of their responsibilities as directors of a bank and of such varied experience in commerce and finance as to guide the institution along safe lines.

Entered as second class matter August 29, 1934, at the post office at Putnam, Texas, under the Act of March 3, 1879.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation that may appear in the columns of The Putnam News will be gladly and fully corrected upon being brought to the attention of the editor.

Cards of Thanks, Resolutions of Respect, and any kind of entertainments where admission fee or other monetary consideration is charged, will be charged for at regular advertising rates.

ROAD EXPERIMENT WITH COTTON AS BINDER

Under the program outlined by the Cotton Textile Institute, the equivalent in fabric of from eight to ten bales of cotton per mile will be required in the new plan to use this product for reinforcing and improving American highways. The Department of Agriculture has recently appropriated \$1,300,000 for a nationwide demonstration of the practicability of reinforcing bituminous-surfaced roadways with cotton fabric membrane. More than 2,500,000 miles of rural roads or secondary highways in the United States are now adaptable to improvements through cotton products.

This is very constructive, in the way of finding more uses for cotton and also employment for the people, as it will consume a large amount of cotton which will cause a greater consumption and a greater consumption will employ more people in the production of cotton. We believe after many years of study of road building that cotton used as a binder for a rock base will be the best binder that can be had. After the rock base has been laid, shot it with sufficient asphalt to bind the cotton and then lay a mat of cotton with another topping of rock and roll and this will cushion the road and not only that, but it will seal the topping until water can not soak through, thereby keeping the bed dry which is the main thing in road building. We think this is the solution for the unemployment of the people, is to find new uses for stuff produced by American people and start mass production with no limit producing more goods at less prices. Of course this is only an experiment; but we feel like it will be a success, and an effort along this line is certainly constructive.

INSURANCE IS BEST BUSINESS BAROMETER

Many people claim business conditions have improved in the last three years; but the facts had just as well be faced, as the general conditions in the United States are no better than they were three years ago notwithstanding Bradstreet reports or any other business reports. The dollar sales may show higher, than they did in 1932 but that is no evidence of general conditions, and we doubt if there is a single business in Texas, if you will figure the sales down to the 1932 dollar with a greater volume than it did in that year and volume is what counts and not dollar sales.

We believe that the insurance business is the best business barometer to general conditions and have found by investigation that there are many people that formerly carried insurance that have no insurance at the present time of any kind and in approaching them along the line they will invariably say, "Well I know that I ought to have some protection, but I haven't been able to make a living the last four or five years and just can't pay the premium." And many, even the most of them, had a small business or good position and lost it all in the last few years.

We have just received report on the amount of insurance that was written for 1935, and this report shows that there was .02 of one percent less insurance written in 1935 than there was in 1934. There were twenty three states that wrote less than they did in 1934 including Texas, which lacked three per cent equaling the 1934 business.

Again we find that a chain newspaper which operates all over the United States has made a survey of the unemployment and relief situation, and they say that there are more than twenty million people who are on relief at the present time not including three and one-half million that are on federal projects getting \$1.00 a day with a limit of twenty days per month which is not employment, and counting these that are on projects together with the 20,000,000 others there would be about 24,000,000 which would be the greatest number in history, after the expenditure of \$15,000,000,000 in trying to employ people.

FLOUR TOO HIGH FOR WHEAT

The United States Department of Agriculture reveals with forty mills reporting, Texas had 2,154,230 bushels of wheat ground into flour, or

SIGNS OF SPRING ————— by A. B. Chapin

469,372 barrels in January. It required on an average of 275.4 pounds of average wheat to make a barrel of flour consisting of 196 pounds.

Minnesota with sixty-one mills reporting, led in wheat, ground 5,693,125 bushels, this total making 1,165,345 barrels of flour; 293.1 pounds of wheat being required to make a barrel of flour. We find by analysis that it takes approximately twenty pounds more of the wheat grown in Minnesota than it does of Texas wheat. We further find that it takes 4.59 bushels of wheat to make a barrel of flour, and figuring wheat at \$1.00 per bushel it would cost \$4.59 to purchase the wheat that goes into a barrel of flour, while the raw wheat cost only \$4.59 the flour is sold to the consumer at about \$8.00 per barrel which is too much spread between the producer and the consumer.

THE COUNTY AGENT DOING SOME GOOD WORK

There are several attending the fat stock show at Fort Worth this week. Among those are J. N. Williams and son, Bobby, who carried two calves they have been feeding for the 4-H boys of Callahan county. County Agent Ross B. Jenkins is doing some excellent work among the boys in this county; getting them interested in breeding and raising better livestock, as it will not cost any more to grow registered cattle than it will to grow a scrub calf.

Miss Dolores Brandon has been ill of pneumonia at her home the past week. She is improved at this writing.

Mrs. W. H. Norred spent the week-end with her daughter, Miss Eloise, who is attending Baylor University. Miss Lois Kennedy was employed at the firm of Clements & Norred during her absence.

C. B. Kennedy, accompanied by his sons, James and Bill, attended the Fat Stock Show at Fort Worth during the week-end, making the trip with J. L. Kennedy and Leroy Kennedy who were in Putnam last week.

A near-sighted man and his wife were inspecting an art exhibit with critical care.

Man (vainly striving for a better view of the abomination): "That's the ugliest portrait I've ever seen."
Wife: "Come away, you fool. You're looking at yourself in a mirror."

Former Wife Heard

COLUMBUS A. H. Hawraney (above), offered to loan the city \$50,000 when it was announced that a \$900,000 deficit must be met this year. The city declined... but Hawraney's former wife, at Detroit, heard of it and now asks for more money.

FARM NOTES

(ROSS B. JENKINS, County Agt.)

4-H Club Boys Go in Mass to Fat Stock Show

The largest group of 4-H Club boys ever to attend the Fat Stock Show at Fort Worth accompanied their county agent Monday to be guests of the management on State 4-H Club Day. There were 50 boys who went from Callahan county.

Co-operating with the county agent in taking this large group of boys were: Borah Brame, commissioner of precinct 1; Earl Johnson, Ford dealer, and the Union school officials in providing one of their busses for the day. The county agent is deeply appreciative of the service of these men and in behalf of the boys wish to take this means in expressing their thanks for such fine courtesies.

Three cars and the bus arrived a little ahead of schedule at the home of Mrs. Baird's Bakery where the boys were shown how modern baking is done and upon the completion of the visit were given a small loaf of bread and a cookie complimentary of the bakery. From the bakery the group went to the zoo and spent more than an hour looking at the large collection of birds, snakes and animals. From the zoo a trip was made over town in which the Texas Christian University campus was visited and the football stadium.

At 12:30 the entire group entered the show grounds and after looking over the livestock and commercial exhibits the major part of the group visited the rodeo.

It was a fine show and a delighted

band of boys that saw the performance.

Among the sponsors of the clubs was found Clifton Thomas, teacher at Eula, with 6 of his boys; Davis S. Smith, teacher at Union, and 11 of his boys; and W. S. Jobe with his boy from Putnam. There were 7 from Eula, 2 from Cottonwood, 2 from Admiral, 4 from Clyde, 12 from Putnam, 11 from Union, and 12 from Baird who made the trip.

New Farm Program Approved

The new farm program has been worked out and will soon be released in detail as to its workings, Secretary Wallace announced today. Since it will be some few days yet before the full details will be discussed among the farmers and some are anxious to know how to plan their crops it is suggested that those who wish to cooperate with the government the coming year just plan their crops according to their 1935 schedule and you will be safely in line for the new program.

The Extension Service will handle the program through their county agents as before and the community and county committees composed of the farmers will administer the program locally as they did the AAA. Applications for subsidies for soil conservation and erosion prevention will be taken by these men and the amount each farmer is to receive will depend upon his past history as shown by the records.

Deferred Checks Arriving

The county agent has received some 50 checks this past week on cotton and wheat that were due the producers that were stopped when the AAA was invalidated January 6th.

HARDIN-SIMMONS UNIVERSITY
College of Arts and Science
The foundation of any university is a thorough college of liberal arts. Here the student has an opportunity to secure a broadening, cultural education... and the chance to change his mind in the choice of his life's work when it is not too late to make such a change.
Hardin-Simmons University offers a broad variety of subjects through its liberal arts college.
Send for a catalogue and investigate for yourself.
Address, Secretary, Hardin-Simmons University, Abilene, Texas
J. D. Sandefer, LL.D., President

It is thought that all checks due the county will soon be paid.
The State corn-hog supervisor was in the office today and said the compliance papers were in good shape and Mrs. R. C. Corn, secretary of the Association, expects to be able to send them in for payment this week. There will be 101 of these to draw payment.

2 Cent Subsidy

All farmers who have presented their sales certificates up to their Bankhead allotment and who sold cotton at a price less than 12 cents on the 10 spot market quotations will receive the difference of that price and 12 cents. These are being put in line for payment now and signatures are being received by the producers on these. It is hoped that all men take advantage of this offer at once so that we may get through with the work before the new program starts. It does not obligate any one to sign the new program obligations to get this subsidy. You may take it or leave it just as you like. That also goes for the new program, it is purely voluntary for the new benefit of the farmers but if any one does not care to cooperate in it that will be his own poor judgment and no one will be any worse off other than himself. The government is providing this line of help for the farmer and he may share in it if he chooses or let it go to his neighbor if he does not choose. The county committee will try to give out, all the money due to each county to those

who do want it and cooperate.
New Wheat Program
Those men who signed a wheat application last fall are going to be paid for cutting down their acreage and \$60,000,000 has been set aside for that purpose. Callahan wheat growers should profit to about \$15,000 from that source. Details of its application will be announced soon.
Seed and Feed Loans
Seed and feed loans will be made again this year to a limited extent and applications will be taken in the county agent's office by the county agent's own secretary, Mrs. R. C. Corn. There will be a nominal charge of 50 cents for taking the application to be paid to her at the time of making the application. Blanks are now in the office.

it was the "LAST WORD"
• So was the Range of that Period
but science
MARCHES ON!

A 1926 model car popping along is certainly a true picture of a "has-been." Contrast it with the streamlined models of today. Compare its performance. It fades out of the picture... outmoded and obsolete.
And so it is with gas ranges. In their manufacture science and engineering have wrought advancements just as striking as in the automobile industry. Appearance, structural details and performance have been radically improved, creating a new standard in a cooking appliance. Without this modern cooking appliance no kitchen—no matter how modern its architecture and other appointments may be—can truthfully be called modern unless its range is a truly modern gas range!
So go modern with a new gas range. You can afford to. Terms are surprisingly small. See the newest 1936 models now on display.
Go Modern with a New Gas Range

Local Happenings

James King spent the week-end at McGregor.

Reverend F. A. Hollis has been ill at his home this week, being confined to the bed, suffering from influenza.

J. L. Hudson left Sunday for Merkel where he expects to spend two weeks.

Mesdames A. A. Dodd, J. E. Heslep and Messrs. Harley and Harlan Dodd were Baird visitors Saturday.

Mr. and Mrs. A. B. Allen of Lueders were week-end visitors with Mrs. Allen's mother, Mrs. L. B. Moore.

Mr. and Mrs. H. L. Moore of Goree spent the week-end with Mrs. Moore's mother, Mrs. Ella Kennedy.

Mr. and Mrs. A. W. Warren of Hart community were visitors in the home of Mr. and Mrs. J. E. Heslep Sunday.

Mrs. Chester Emerson and sister-in-law, Miss Connie Emerson and friends of Clyde were guests in the F. L. Armstrong home Tuesday.

Reverend Charles I. Rea, who has been employed at Rising Star, spent the week-end in Putnam where he was a guest in the home of Mr. and Mrs. I. G. Mobley.

Mesdames R. L. Clinton, C. A. Mercer, A. A. Dodd, C. K. Peek, Freu Farmer, Euna Lovelady, and J. E. Heslep attended a zone meeting of the northwest district of the Methodist organization at Olden Thursday.

Mr. and Mrs. John Kellner of Raton, New Mexico, arrived Tuesday for a visit in the home of Mrs. Kellner's sister, Mrs. John Cook and Mr. Cook. Mrs. Kellner is the former Miss Mary Fleming, who taught in the public schools of Putnam.

Mrs. Gertrude Sprawls of Baird spent Sunday in Putnam.

Mr. and Mrs. Olin Kile and baby of Union spent Sunday in the home of Mr. and Mrs. A. A. White.

Mr. and Mrs. Tex Herring attended the funeral of Grandmother Luttrell at Moran Wednesday.

Miss Maggie McCrum of Ranger is spending several days in Putnam where she is employed at the John Bates home.

Mr. and Mrs. W. L. Yeager of Cisco were guests in the home of Mr. and Mrs. J. S. Yeager Sunday, celebrating the birthday of J. S. Yeager.

Mr. and Mrs. M. L. Nettles and children were visitors in Baird Saturday in the home of Mr. and Mrs. Lee Ingram.

R. A. Park of the Pueblo community was in Putnam Tuesday and he and his brother, D. E., made a business trip to Baird in the afternoon.

L. J. Cook and Oliver Whitlock made their regular weekly visit to Fort Worth Tuesday after a load of groceries and feed.

Mrs. W. C. Inlow of Baird was transacting business in Putnam Wednesday. Mrs. Inlow is the wife of the proprietor of the Modern Shoe Shop.

Edgar Davis of Vernon was in Putnam Tuesday looking after business in this territory. Mr. Davis has some oil holdings here, having drilled several wells in their field a few years ago.

Warren and Sparks of San Angelo drilled in a good oil well this week on the Jim Cottle lease about ten miles north of Putnam. It is reported to be making about ten barrels per day.

L. A. Warren drilled in a good well on the Ogle lease about three miles north of Putnam, which is said to be good for about ten barrels, and is a good grade of oil.

Mr. and Mrs. M. L. Nettles and sons, J. W., Bennie, and Ernest, and Mrs. Frank Barron spent Sunday at Olden where they were guests in the home of Mr. and Mrs. Bill Ingram.

CAR OWNERS

It is time of the year when you should make a check up of your car after winter driving. This has been a cold winter; you have had to choke your car in order to insure quick and easy starting. This has caused you to burn an excessive amount of gas and use more oil causing an excessive deposit of carbon to accumulate. A valve grinding job which carries with it a cleaning of all carbon deposit and a tuning up of your motor will give your car that new car feel again.

Fred Cook, of Cook's Garage, says he is still making special prices on valve reconditioning jobs. He wants you to know that he has the very latest equipment on the market for both the valves and seats and that his operator, Oliver Culwell, is experienced and knows how.

WANT ADS

I will be glad to type your old age pension applications.—Mildred Yeager, News Office.

The Abilene Daily Reporter delivered twice daily to your door, morning and afternoon—75c per month—J. Nelson Williams.

I shall be glad to take you to see the best of monuments, priced from \$40 to more than \$1,000.00—Mildred Yeager, News Office.

BRO. B. E. RUTHERFORD

Cottonwood, Texas

On Friday, March 6th, 1936 Bro. Rutherford passed from the stage of action after having suffered since April 7, 1932. At that time he suffered a stroke of apoplexy and was never well again. Bro. Rutherford was at the time of the fatal stroke an active member and elder in the Church of Christ at Cottonwood, Texas. Had been an elder for quite a while.

His first wife died at Putnam, Texas, in 1916. She was a true devoted wife, mother and Christian.

Bro. Rutherford married Mrs. Emma Gattis in 1920 who made him a true wife till the day of his death. She also is a devoted member of the Church of Christ.

Bro. Rutherford came to Callahan county in 1881 and in 1891 obeyed the gospel under the preaching of Bros. Philpott and Knox and lived true to the Lord till death. The writer spoke words of comfort and consolation to the living as he preached the funeral at Cottonwood, Texas, March 7th at 2 p. m. Interment at Putnam.

Bro. Rutherford has two brothers, three sisters, one daughter, three sons and a good wife surviving him who are looking forward to the end when they will see him again face to face. JNO. M. RICE.

A True Father and Mother
When I began to preach the word, This lovely pair my sermons heard; Now both have gone to meet their God, Their forms are sleeping 'neath the sod.

To their good home I used to go, My love for them did sweeter grow; They always wore a lovely smile, And had the kindness of a child.

They loved their home and children

MAN'S MIND IS RESTED AT THE SIGHT OF BEAUTY NO MATTER IN WHAT FORM

Life is a glorious thing. It rings in the voice of health, it sparkles from clear eyes and runs in active limbs and the great glory of any one of us is to guard life, and make it fuller, healthier and happier. Healthy normal eyes help you to enjoy many hours of comfort, restfulness and pleasure. This will increase your efficiency. You will think more clearly, concentrate easily, be more active, responsive and attractive. Irregular features with properly fitted glasses may be harmonized and strong features emphasized. If they are designed to suit your personality your glasses become part of you and help you to put your best face forward.

Man's mind is rested at the sight of beauty no matter in what form—stars of evening, the dawn of a rising sun, the moon floating with multi-colored background.

Fashion is a form of beauty sought by our fairer sisters to rest the soul of man. Fashions change because minds change. Minds deflect and fashions look backward, and so our world goes on and we call it progress.

too, And to their God were ever true; But now their work on earth is done, Beneath the lovely shining sun.

They fought the fight of faith so grand, And in that day will surely stand; And hear the voice so sweetly cry, "Your joy shall never pass away."

In Christ they lived, in Christ they died, They both have crossed the great divide;

To that sweet home of peace and love, To live with Christ who reigns above.

I've often looked them in the face, While preaching on God's saving grace; Their hearts were filled with love to know, That God did love his children so.

It's good to know just how they died, In Christ the blessed crucified; And when the trumpet of God shall sound, They'll sleep no longer in the ground,

But just as Christ came from the grave, Our bodies from this earth to save; They'll both arise in that great day, And with their Lord go home to stay.

They'll walk the street that's paved with gold, In that sweet home of joy untold; And be with Him who bled and died, To save beyond the great divide.

They'll never have another pain, But with the Lord they'll ever reign; With God's redeemed they'll ever be, Throughout the great eternity.

Now sister, dear, and brothers too, Let's look to God beyond the blue; And be prepared to take our stand, With all the lovely happy band.

(By a brother and friend, Jno. M. Rice. In memory of Bro. and Sister B. E. Rutherford).

FITTING to Type

There are many pleasing new designs in eyeglasses and frames and it is a certainty that you can be pleased. However, you should have the suggestions of an experienced optometrist to obtain the style particularly suited to your type.

TEXARKANA Visit EL PASO! BROWNSVILLE See AMARILLO!

TEXANS! PLAN TO TRAVEL TEXAS DURING CENTENNIAL YEAR

All Texans are traveling this year, seeing and knowing their own state—the real Texas!

Residents of the Rio Grande Valley are finding that the Panhandle and Pecos counties of North and West Texas offer scenic attractions unsurpassed anywhere in the United States. East and West Texans are finding in the Rio Grande Valley a garden spot such as they never realized existed anywhere before. They're enjoying picture-sque San Antonio and her historic missions. They're seeing Houston, visiting the San Jacinto battlegrounds; and spending happy, care-free days at Galveston, Corpus Christi and other Gulf Coast resorts!

Elaborate Centennial Celebrations make it especially interesting to travel Texas this year! Every section offers interesting attractions—events that come once in a century! Read the calendar printed at the right. For more detailed information, write the Chamber of Commerce at the cities you are interested in.

VISIT THESE INTERESTING CENTENNIAL CELEBRATIONS

(March 13 through April 28, Revised to March 1)

- MARCH 13-22—FORT WORTH — Southwestern Exposition and Fair Stock Show.
- MARCH 17—CRYSTAL CITY — Spinach Festival.
- MARCH 27—GOLIAD—Pontifical Field Mass.
- MARCH 28—AUSTIN—Texas Centennial Relay.
- APRIL 24—AUSTIN—Texas Round-up.
- APRIL 24—COLLEGE STATION — Centennial Cotton Festival.
- APRIL 4—BELTON — Texas Literary Parade. (At which 100 Texas writers representing 100 years of Texas will review literary achievements at Mary Hardin-Baylor College.)
- APRIL 6—PLAINVIEW — Panhandle Plains Dairy Show.
- APRIL 10—DNA—Educational Fair.
- APRIL 10-11—GEORGETOWN — Agricultural and Cultural Fete.
- APRIL 12-21—HOUSTON — San Jacinto Association Celebrations (Ten-day festival, parades, banquets, concerts, and patriotic events, including Catholic field mass of great national importance.)
- APRIL 14-16—SANTON TAFU — San Patricio County Celebration.
- APRIL 18—VICTORIA — Field Mass and Pageant. (Commemorating a mass held on the banks of the Guadalupe in 1689 by Alonso de Leon.)
- APRIL 18-21—EL PASO—Schools' Centennial—Portraying the History of Texas.

TEXAS CENTENNIAL 1936

HOME DEMONSTRATION NOTES

Sleeves Perk Up—

"The hour glass silhouette, broad shoulders, slender waist, flare below the knee, with skirts eleven to fourteen inches from the floor, is the popular silhouette for 1936. Mrs. Dora R. Barnes, Extension Clothing Specialist, told wardrobe demonstrators of the Home Demonstration Clubs of the county in a meeting held in Baird Tuesday.

Sleeves were worked out in detail; the bishop, the bell, the leg-o-mutton, the dolman and the raglan sleeves being cut for each demonstrator, using her foundation pattern as a basic pattern.

The foundation pattern was also used in cutting collars of designs suiting each particular type of person. Color, line and design as related to the individual were all given their share of attention. The last problem of the day was for each demonstrator to select an appropriate design for a dress, and using her foundation pattern, construct a dress from paper.

Demonstrators attending the meeting were Mrs. J. A. Sikes, Rowden; Mrs. Andrew Johnson, Oplin; Mrs. Guy Steen, Union; Mrs. W.E. McCollum, Enterprise; Miss Anna Mae McIntosh, Denton; Mrs. J. N. Broadfoot, Helping Hand, Clyde; Mrs. Lester Barr, Cross Plains; Mrs. Beda Freeland, Cottonwood; Mrs. Q. B. Jones, Midway; Mrs. Fonia Worthy, Dressey; Mrs. J. H. Jennings, Lone Oak; Mrs. Nolia Smartt, Admiral; Mrs. Owen Rouse, Atwell; Mrs. Edith Everett, Clyde; and Mrs. Norman Finley, Deep Creek. Miss Jewell Faulkner, home demonstration agent of Jones county, and Miss Maurine Hearn, district home demonstration agent for District Three, were visitors for the day.

BRIDGE CLUB MET

The Putnam Bridge Club met in the home of Mrs. Wiley Clinton Tuesday evening. Refreshments of punch and angel food cake were served. Table covers were of St. Patrick design as were also tally cards. Those enjoying the recreation were Meses. R. D. Williams, L. B. Williams, Bill Wright, E. C. Waddell, Wiley Clinton, Misses Christene Settle, Pauline Roberts, Rena Ball.

Miss Willie Kennedy was a Baird visitor Wednesday.

Misses Rena Ball, Lois Reese and Christene Settle and Mrs. Wiley Clinton attended the Oil Belt Teachers Association at Abilene Saturday.

BAIRD CHICK HATCHERY

Custom hatching and baby chicks. Trays set each Saturday at \$2.00 per tray. Trays hold about 116 eggs. Baby chicks for sale each Monday. Rhode Island Reds, Silver-faced Wyandottes, Buff Minorcas and White Leghorns.

TEXAS HISTORY NEWS

By Bobbie Clinton

Texas History Students Talk With Mr. Joan Freeland, Pioneer of Romney

Four of the Texas Centennial Club boys, Bobbie Clinton, Calvin King, Junior Sharp and Douglas Kelley, with their sponsor, Miss Reese, went to Romney March 16, 1936, to talk with Mr. Joan Freeland.

Mr. John Freeland, a native of Maryland, is 91 years and four months old. He came to Texas in 1899 and has lived near Romney since that time.

Mr. Freeland is a veteran of the Civil War having fought three years with the Union forces. After the war he worked in the Ford Theatre as an extra. He was in the theatre the night Lincoln was assassinated. He heard the shot and saw John Wilkes Booth as he ran away from the box in which Lincoln was sitting. Mr. Freeland is probably the last survivor of those who saw the Ford Theatre tragedy.

Mr. Freeland left his native state and came west when he was about 30 years of age. He traveled through Kansas, Nebraska, Wyoming, New Mexico, and other states. It was while working in New Mexico that he met Billy the Kid who was just 18 years old but had killed 4 men. Billy the Kid was a fullblood Irishman and a nice looking boy, so he said.

He told about an encounter with a band of Ute Indians while he was butchering meat for the government in Kansas.

Mr. Freeland seemed to enjoy telling us about himself and we certainly did appreciate the opportunity to get to listen to him.

The Centennial Club hopes to interview several other pioneers before the close of the school term. That is just another way for us to help do our part in the Centennial celebration.

Come to our Goliad Day program Friday, March 21.

—P—H—S— SOPHOMORES SPEAK

Oliver Davis

"Together we stand, divided we fall." This is the sophomore motto of 1935-36, and we are trying to stand. We all voted for this motto. This motto has a great meaning, containing class work and other events. Together we stand, this really means that you should work together in all cases of life, in times of happiness and times of sorrows. There are many difficulties during the school year but we can solve them if we work together. But then if we divide, we fall. Isn't this true in all games of life; if you are divided you fall. So friends, we are striving to go by our motto.

There are many difficulties during the school year. There are many mishaps and the teachers often given the blame. But you call time out, study and you will see that you are the main cause. That is true in the majority of the cases, but few people give this a least bit consideration, and do as they first see it and want to make trouble. Many school students have the ability for future success but do not apply their ability. Most of these need encouragement and not ill feelings. Who knows who has the ability, so why not encourage every one and then it will help much more than you can realize, so let's all encourage and not make unnecessary remarks to fellow students. The sophomores will be the first class to enter. Who will follow? Encourage others, always "do unto others as you have them do unto you."

ATWELL

The people of this community met Thursday and worked out the cemetery.

Miss Vida Moore also met with us, helped plan the setting-out of shrubbery and also the work in general.

Lunch was served at the noon hour and most everyone put in a full day's work.

Mr. Mack Howell from Littlefield, and Mrs. John Tonstill from Oklahoma City visited with their sister, Mrs. Sessions, this week.

Rev. Ivey filled his regular appointment at the Baptist church Saturday night, Sunday and Sunday night.

Mr. and Mrs. Geo. Morgan and little son from Baird visited Mrs. Morgan's parents, Mr. and Mrs. E. P. Pillans, Sunday.

Paul Brashear and Woodrow Jones attended the Fat Stock Show in Fort Worth this week end.

Mr. Frank Haley from Wichita Falls visited with old friends here Sunday.

Mr. and Mrs. Steve Foster, Bernice and Claude Foster made a trip to Fort Worth Sunday to be at the bedside of a sister-in-law, Mrs. J. C. Foster from Slaton, who is seriously ill in a hospital at Fort Worth.

Miss Pauline Roberts, teacher in the Putnam public schools, spent the week-end in Rising Star where she joined relatives in the celebration of her grandfather J. W. Clark's 86th birthday.

Mr. and Mrs. E. G. Scott, accompanied by Mr. and Mrs. Dock Isenhower of Cisco, attended the funeral of Mrs. Scott's cousin, Dave Pavhouse, which was held at Ranger at the First Baptist church Sunday afternoon. Interment was in the Merriman cemetery by the side of his wife.
