WINDOW FROM THE EDITOR'S

A Trip Abroad
Chuck Barr, who formerly resided in Putnam, stopped this week for a short time in Putnam, enroute to his home in San Diego, California, after returning from a trip abroad.

They took a boat across the English channel to France and bicycled to Paris, where they spent about a week. They visited many points of interest, including the battlefields where they picked up a few souvenirs.

They went down the Rhine river and through Germany to Basel, Switzerland, and Luzern, Switzerland, which are beautiful tourist centers.

The boys visited in Austria and built a raft there which they used in going down the Danube river to Vienna.

They then took the train to Venice, where they found their bicycles were of little use to them. They headed south for Rome and one of the group ran into a wagon with his bicycle and was confined to the hospital a few days because of injuries.

The boys were students of San Diego State College and secured their passage home on the student rate. While in Europe they stayed at places labeled Youth Hostels, a nice place for students and others desiring service and economy.

The boys remained six months away from home and averaged spending about \$500.00 each, including all expenses and sight-seeing on the trip.

The pecan season is on and W. W. Everett gets the cake for the best and largest ones we have seen this far.

There will be Sunday school at ten o'clock, and preaching at 11 o'clock by the pastor.

After the B. T. J. meeting the regular singing will be held. There will be several good singers from other places. Everybody invited to attend.

Mr. Davis has worked in connection with the Putnam News for the past four years. Starting as reporter for the Panther's Scream, as a sophomore he was added to the staff of the Putnam News as sports editor, an honor and experience rarely accorded a sophomore student.

The Panther's Scream, under the capable leadership of Oliver Davis, editor, is one of the best school papers our city has ever

SEVERAL NEWS ITEMS LEFT OUT THIS WEEK

There are several news items left out this week on account of limited space. We are having to run the order for election on December 10th, which contains more than fifteen hundred words, and this takes up so much space it was impossible to use all copy sent in.

CHARLIE BAIRD'S GIN BURNS

Charlie Baird's gin burned last week. This gin was located about five miles west of Cross Plains and the plant was valued at about \$15,000 and was only partially insured.

The gin broke out at the press and got out of control at once. The Cross Plains fire department arrived soon after the fire was started, but it was too far gone and they were not able to check it.

The department saved some of the other buildings and several tons of seed that was stored in the house.

ZION HILL H. D. CLUB

New officers for the Zion Hill H. D. Club were elected for the coming year Monday, Nov. 8. President, Mrs. C. B. Kennedy; vice-president, Mrs. O. L. Slatton; secretary, Mrs. M. B. Sprawls; treasurer, Mrs. B. E. Rutherford; reporter, Faye Weeks; Council member, Mrs. E. E. Sunderman.

Plans for the Christmas entertainments were discussed. Mrs. R. B. Taylor was winner of the contest presented by Mrs. C. B. Kennedy.

Our next meeting will be held Nov. 22. Miss Brown, county home demonstration agent, will be present to give a demonstration on casserole, a one dish meal.

Sixteen members were present: Mmes. J. A. Heysler, J. A. Redi, J. R. Morgan, R. B. Taylor, E. V. Ramsey, M. B. Sprawls, W. S. Jobe, C. B. Kennedy, O. L. Slatton, B. E. Rutherford, E. E. Sunderman, Pete King, E. N. Hull, and Misses Luvada Standridge, Nina Morgan and Faye Weeks.

The new officers will start serving the second Monday in January.

Mrs. Ida Rogers returned Saturday from a two weeks visit with relatives in Stamford and Abilene.

BAPTIST CHURCH SERVICES FOR SUNDAY

NEW CLEANING AND PRESSING PLANT

Harold Morgan and Horace Armstrong have opened up a cleaning and pressing business in the building formerly occupied by the late George Pearce, and we are calling our readers' attention to their ad in another column.

This is a new business and Putnam people welcome them to our town. They are now open and ready for business. Call and see them and get acquainted.

PUTNAM GETS GOOD RAIN FALL THIS WEEK

The Putnam territory received 1.44 inches of rain to Tuesday night, with a total for the season of 25.50 inches, against 19.76 inches for the year 1936 with an average rain fall for the county of 23.72 inches. This is considerably over the average for the year.

MRS. J. G. OVERTON RETURNS HOME

Mrs. J. G. Overton, who has been in the Central State hospital at Brownwood for the past two or three weeks, has been brought home and her condition is very much improved. However, she is still confined to her room, but if she continues to improve she will be able to be out again in a short time.

H. D. COUNCIL ELECTS OFFICERS

Mrs. Jim Barr of Cross Plains was elected chairman of the County Home Demonstration Council Saturday. Mrs. G. B. Jones of Midway, vice chairman; Mrs. R. Looney of Oplin, secretary; Mrs. M. B. Sprawls, Zion Hill, treasurer; and Mrs. C. W. Whittle, reporter.

The council gave a vote of thanks to the retiring officers for their year of efficient service. Zion Hill club invited the council to hold the annual Christmas party at their new club house. The council voted to accept.

Mrs. Al Young, vice chairman, presided over the meeting. There were delegates from Admiral, Enterprise, Eula, Lone Oak, Oplin, Clyde H. H., Cross Plains and Midway Clubs.

FRANK CHAMPION GREW 72 BU. PEANUTS PER ACRE

Frank Champion, who lives about four miles southwest of Cottonwood, is the champion peanut grower of this county, since it is reported by the Cross Plains Review that his crop made 72 bushels per acre. Figuring a price of 80 cents per bushel, it would bring an income of \$57.60 per acre.

PUTNAM DEFEATS MAY TO CONTINUE PARADE

The Putnam high school Panthers continued their parade through district 11, section 1, with a hard fought game, defeating the May Tigers 19 to 0 Friday afternoon. The win was Putnam's fourth in as many district starts. The game was played at Rising Star.

Davis, quarter back, opened scoring for the Panthers in the first quarter with a smash at the line that climaxed a steady march down the field. May's 2 points came in the second quarter.

Jobe, half, registered Putnam's second touchdown in the third quarter when Everett plunged over. Williams and Roberson were the line stars for Putnam with Shackelford, Everett, Davis and Jube turning in outstanding performances. Vanderveer was May's offensive player for the day. First downs favored the winners, 12 to 7.

KENNEDY SISTERS SHOW TO BE HERE NEXT WEEK

The Kennedy Sisters tent show will be in Putnam all next week. This show is under a big modern tent, adequately heated in case of inclement weather.

Kennedy Sisters is one of the oldest dramatic companies on the road and have the largest and best modern equipment in the southwest. This company has a clean, modern show, that will be appreciated by the people of Putnam. An excellent orchestra furnishes music for the show.

B. J. SNODDY TO MOVE TO PUTNAM

Mr. and Mrs. B. J. Snoddy of Scranton have rented or leased their farm at Scranton and have bought the house formerly owned by Everett Williams and will move to Putnam in the near future. They intend to move some time between now and the first of January.

JUNIOR STUDY CLUB

The Junior Study Club of Putnam met Monday, Nov. 8, in the home of Mrs. Leo Clinton. An Armistice program was rendered. What is Americanism? was given by Dolores Brandon, and Poets as Advocates of World Peace by Billy Byrd. Mrs. Hughes read a poem, "Flanders Fields." Better English was directed by the leader, Vella Sandlin.

After the program refreshments of jelly fruit pie and tea were served by the hostess.

Those present were: Mmes. John Cook, Bill Clinton, Leo Clinton, W. T. Hughes and Lance Reid; Misses Dolores Brandon, Billy Byrd and Vella Sandlin.

ROAD BOND ELECTION ORDERED DEC. TENTH

The commissioners' court of Callahan county ordered an election for precinct three, which is a new road district created by an act of the legislature just adjourned, for \$25,000 to build lateral roads in this precinct and as we understand the federal government comes in on the project as they have on the road south towards Cross Plains, and the work will be under the supervision of the government.

PARMER WELL MAKING THOUSAND BARRELS

The Parmer well is making about 1,000 barrels per day as shown by the railroad commission test. This well is about ten miles northeast of Putnam. The oil was struck at about four thousand feet and it is thought to be the Ellenburger lime.

BURETTE RAMSEL BRINGS IN FIRST LOAD OF TURKEYS

Burette Ramsey, living about seven miles north of Putnam in the Union community, brought the first load of turkeys to town Monday. He had about twenty that would average around twenty pounds or better. We do not know whether he had an offer or not, but he stated he was going to Baird and possibly to Abilene as they were selling for 15 cents per pounds at Abilene.

ARTHUR YEAGER HURT IN GIN ACCIDENT

Lawson Yeager states he had a telegram from Odonnell stating his father, Arthur Yeager, had been seriously injured in a gin at Odonnell. He did not know the particulars as to the injury or how it happened, but he was taken to a Lubbock hospital in a serious condition. He said his head was badly bruised and that it took one hundred stitches to close up the wounds. The last heard from him he was resting well in a Lubbock hospital.

INDICATE COTTON YIELD AT 18,240,000 BALES

The Department of Agriculture report on cotton, Monday, Nov. 8, was an estimated production of 18,240,000 bales, with 13,664,000 bales ginned to November 1st. The indicated yield for Texas was 5,056,000 bales with 3,664,000 ginned to the first of November. The estimated yield per acre for the entire cotton belt was 258.8 pounds of lint cotton per acre. This is an income of \$20.67 per acre and on 31,000,000 acres would be a gross income of \$641,000,000 for the cotton crop.

PROCEEDINGS OF DISTRICT COURT

The 42nd district court recessed Tuesday until Friday morning after hearing fourteen criminal cases this week.

Joe Brooks of Oplin was acquitted of a charge of cattle theft. The jury was out only fifteen minutes before returning a verdict of not guilty.

M. W. Copeland of Big Spring was found guilty on each of eight forgery charges. He was sentenced two years in each, with the terms to run concurrently. He will be returned to Big Spring to face other charges of forgery.

Edward Wellington of Ranger was found guilty of burglary and given a three year suspended sentence.

William Ellison, negro from Caldwell county, was found guilty of theft and sentenced to two years imprisonment at Huntsville. This is the negro that robbed the Everett store at Putnam.

Carl Maner sentenced two years for theft. Lucine Mindez of Putnam, Mexican, was given two years suspended sentence for driving while intoxicated. His driving privileges were revoked for six months.

Ted Winn of Baird was given a year suspended sentence for chicken theft. The case of O. W. Killman of Durant, Oklahoma, who is charged with robbery, was continued until next regular term of court.

A hog theft case will be heard Monday. W. C. Freeman, N. F. Freeman and Leo Welch are charged with theft of two hogs.

W. P. STEPHENS HAS BROKEN ARM

W. P. Stephens, manager and pumper on the Sparks-Waugh lease north of Putnam, had the misfortune of breaking an arm Thursday. He was on top of a hundred barrel tank and started to get down and in some way a bolt caught the leg of his trousers, throwing him off the tank on his left arm and head. His left arm was broken just below the elbow, and his right side and head was bruised considerably. Dr. Brittain was summoned and set his arm and dressed the other wounds. He was in town Friday and stated he was getting along alright.

QUILTING AT MRS. SCOTT'S

Ladies of the First Baptist church met in the home of Mrs. E. G. Scott Thursday afternoon for the purpose of quilting the G. A. girls' quilt, which they plan to present to the Sunbeam home of Buckner's Orphans Home. The quilt was embroidered by the girls in nursery design, featuring Little Boy Blue, Humpty Dumpty, etc. in various colors. The blocks were of brown domestic set together with pink, and the quilt lined with pink. R. A. boys of the church plan to send wash rags and pillow cases. Mrs. Scott served refreshments of cookies, coffee, and cocoa. Those present were Mmes. F. A. Hollis, W. M. Tatom, S. W. Jobe, W. A. Ramsey, H. E. Butler, J. F. Butler, R. L. Briggs, G. P. Gaskins, L. B. Williams, E. G. Scott, S. M. Eubank, I. E. Cook.

Lois Mercer, daughter of Mr. and Mrs. C. A. Mercer of Hawley, was initiated into membership in the Ellen H. Richards Club, home economics organization of Abilene Christian College, Abilene, where Miss Mercer is enrolled as a senior for the current year.

Ellen T. Richards Club is composed of home economics majors and students interested in woman's work in the home. LaVerne McGregor of Troup, Texas, is president of the group, and Burny Mae Moore and Gladys Arledge of the ACC home economics department are sponsors.

The Mercers formerly lived in Putnam.

Mr. and Mrs. Dayton Sessions were in Putnam Wednesday afternoon and while here Mrs. Sessions came around and paid the News office a pleasant call and gave us a subscription for her daughter, Miss Sibyl, who is connected with home demonstration work in the Atwell community.

Miss Myrlene McCool spent the week-end in Coleman, where she was the guest of Miss Hazel McMillan.

Mrs. Floyd Coffey and children of Cottonwood and Mrs. W. W. Everett spent a few days at Crane this week in the home of Mr. and Mrs. Neal Moore. W. P. Everett, who has been in California, is also at Crane at the present time.

Hollis Collins, former Putnam boy, has the honor of being one of the yell leaders of the Howard Payne College per squad. Mr. Collins is a graduate of the Putnam high school and has many friends in the Putnam territory. He is a senior at Howard Payne this year.

SCRANTON WELL IS UNDERREAMING

The Scranton well being drilled by the Phillips Petroleum Company on the Cozart about six miles southeast of Putnam, near Stanton, struck gas at 1,666 feet and drilled on to 1,680, where they struck a good showing of oil. The well was shut down and they commenced to underream and have been underreaming all week. They are down about fifteen hundred feet with the underreaming and will complete by the last of the week and set the casing and test out to see what they have.

PARENT-TEACHER 42 PARTY SATURDAY NIGHT

The Parent-Teacher Association of Putnam put on a forty-two party Saturday night at the high school building. They played what is known as progressive forty-two. Instead of one couple sitting down at a table and playing all night at the same table, they are shuffled around from one table to another. They had a number of tables and they were numbered from one to seven or eight, and the game was started on schedule. When the players at table one were ready to play they would ring a bell, and all began playing at each table. The players at table one would play four games and when they had played the four games they would ring the bell again and everybody would stop. The ones who made high score at table one would move up to a higher numbered table and the ones that were low would move to a lower numbered table. Then they would start again when the players at table one were ready they started by ringing the bell and everybody would start playing again. When the players at table one finished playing four games again the bell would ring and they were reshuffled again. This procedure was continued as long as they wanted to play. Then after the games everybody playing had a card with a check on it for each game won, which was turned in with the name of the party playing written on the back of the card, and these cards were checked to ascertain who is the champion player. In the game Saturday night Rip Kennedy was the champion with ten check on his card, which was high score. Several were close to him with nine credits, however.

After the playing was over the guests were served with coffee and pies of several different varieties as refreshments. Thus everybody won, and there wasn't a single complaint, and if there had been the one complaining would have been thrown out at the window without ceremony, as the one who made that coffee certainly knew what they were doing, and those pies were just delicious. The individuals who sponsored this and put it over should be complimented, as it went over in a big way, so much that the association has promised to have another party on November 20th, just two weeks off.

COTTON CROP WORTH A BILLION DOLLARS

The cotton crop this year will bring the farmers a billion dollars even if it is cheap. The government officials have considerable to say about the income of the farmer, but they never say anything about this crop bringing them a billion dollars in spite of Washington; rather than by the aid of Mr. Wallace and his brain trust. There is no doubt but that cotton would have been cheap even if the American crop had not been more than twelve million bales. This American farm program will collapse just as the Brazilian program collapsed, but it will be after those birds at Washington have fooled away all of our foreign markets not only for cotton, but all other commodities as well.

Mrs. Floyd Coffey and children of Cottonwood and Mrs. W. W. Everett spent a few days at Crane this week in the home of Mr. and Mrs. Neal Moore. W. P. Everett, who has been in California, is also at Crane at the present time.

Hollis Collins, former Putnam boy, has the honor of being one of the yell leaders of the Howard Payne College per squad. Mr. Collins is a graduate of the Putnam high school and has many friends in the Putnam territory. He is a senior at Howard Payne this year.

ATTEMPTING TO PENSION EVERYBODY

Under the Social Security laws of Texas they propose to commence paying all who have been employed and lost their jobs a pension of so much per month after the first of January. It is estimated that they have \$18,000,000 in the fund. We do not know at the present time whether the pension will be granted to all unemployed or whether it will only include the industrial worker. But everybody who has been employed has had to sign a social security card and that indicates that all who become unemployed will be entitled to draw a pension. We just wonder if any one thinks everybody can be paid a pension?

ANOTHER PROPHECY FULFILLED

It was pointed out by numerous writers about four years ago that the farm control program would be a failure, and reducing the American crop would only cause an increase in foreign growth and reduce the consumption of American cotton, and the more we reduced the more we would have to reduce and this process would be carried on until the American crop would be only what could be consumed by American mills, besides it would not put the price up as promised by Mr. Wallace and his brain trusters. See what Mr. Wallace and Mr. Bankhead have to say: "We favor a reduction of ten or twelve million acres from the 1937 crop." They want next year's crop to be only about 22,000,000 acres. After four years of control we find that cotton is selling at an all time low when we take into consideration the devalued dollar, which when analyzed would show that cotton is only bringing 5.53 cents on the present market in terms of the 1932 dollar.

FARM NOTES

ROSS B. JENKINS, County Agt.

W. B. Varner Saves Hogs with Mineral

Some month or so ago Mr. W. B. Varner of the Cottonwood community began noticing that his hogs were not making the gains and were becoming nervous. Soon one of them got down with some kind of ailment in his hind quarters. He showed to be extremely nervous. Since an outbreak of cholera was checked in that community last year Mr. Varner feared that his hogs might be subject to the same disease. He wrote the county agent a letter telling of the symptoms of his hogs and stated that he had fed some of them a diet containing lye. He further stated that this hog so fed seemed to improve for a few days then suddenly died. Since those are not the symptoms that go along with cholera the county agent recommended that rather than vaccinate them for cholera that they be fed a diet containing bone meal or lime flour and salt. The ration that was recommended was 90 lbs. ground corn, maize, or barley, 5 lbs. of cottonseed meal, and 5 pounds of tankage, if no milk is available. Milk will take the place of tankage. To this 100 pounds of dried feed should be fed, at least, 2 pounds of bone meal or lime flour and one pound of salt. Mr. Varner phoned a veterinarian at Ranger and was told that he concurred in the opinion that it was

a mineral deficiency rather than cholera. Accordingly a sack of bone meal was purchased and the ration included bone meal and salt. The hogs were turned out of the close pen and allowed to range free, picking up some green grass in the pasture. Dr. Frank Porte, B. A. I. hog cholera specialist of Texas, visited the county agent last week and together they made a visit to the farm of Mr. Varner. They found that the hogs had fully recovered, were not being bothered with the weakness in their back and hind quarters and were eating heartily.

Many farmers have come into the office this year complaining that their hogs had been affected about the same as indicated above. In each instance the county agent has pointed out that if some bone building material is supplied that the hogs in most cases rapidly return to normalcy. There is little danger of cholera outbreak if the farmers do not trade for hogs from other sections but if hogs are purchased from any feed lot such as Fort Worth and other places and brought to the farm they should be immediately vaccinated and all others on the farm against cholera. This is a precaution that should never be overlooked.

New Type Farm Meetings

The Department of Agriculture has asked the Extension Service in all of these United States to carry to the farmers a new type of program in which the farmers discuss their side of the question

why the agricultural situation is not satisfactory. These programs are to be finished by November 20th. In them the county agents and the home demonstration agents have been given some very pertinent facts that the farmers everywhere are interested in knowing. These discussions are naturally leading up to the new 1938 program that is expected to be released about December 1st. Part of these programs will have been discussed by the time this paper is printed at Denton and Eula. On November 12th, Friday night, a meeting will be held at Midway and all farmers in that section and their wives are especially invited to attend. On Tuesday night, November 16th, a like meeting will be held at Putnam. Thursday night the last of these meetings will be held at Oplin. All meetings will begin at 7:00 p. m.

Mr. Virgil Underwood, vocational agricultural teacher at Cross Plains, will assist the county agent in that section of the county and will hold three meetings, one at Cottonwood, one at Cross Plains, and one at Dressy. Mr. Underwood attended a training meeting held at Baird Saturday, Nov. 6th, and will take the same type of program as is being given in the other communities to the farmers of that section. Vocational teachers are as interested in the farming trends as are the Extension Service employees and cooperate wherever their services can be used. At the same time

they will be able to help the county agent get the information to the farmers within the time prescribed, November 20th.

Wild Life Preservation

Some months ago a group of ranchmen and farmers who had become conscious of the value of birds to their farms circulated several petitions over the county which received many signatures of men of the same thinking and placed this petition before the legislature which acted upon it by passing a law prohibiting quail being shot in Callahan county for the next three seasons. Along the same line the county agent started the new demonstration that is being sponsored by the Extension Service. It is known as Game Preserve Demonstrations in coopera-

tion with the state and national wildlife conservation forces. Almost 100,000 acres have now been signed up by the various farmers and ranchers in the county in order that people may know that they are protecting their wild game. Many of these have purchased markers which the county agent has been able to have made at 25 cents per board. Some have asked when does this demonstration end or if it can be entered into now. These demonstrations are continuous. When one places his membership in the Wildlife Association he is a member until he withdraws. It is a continuous and growing association and designed to grow until every owner and tenant in the county is a member. It should be apparent

that this organization does not intend to prevent hunting and fishing on the lands of this county but that such wildlife as we new have will be protected from unscrupulous, unsportsmanlike hunters until a sufficiency has been grown so that when friends do go out to hunt they will find game in abundance but will be cautioned to leave plenty for the next year's crop.

More than ninety millions of dollars are being realized by the farmers and ranchmen of Texas

yearly from hunting and fishing fees plus the amounts received for pelts of the fur bearing animals. These men selling hunting rights value such as any other portion of their crops and it is the aim of the Association to foster this understanding among all men so that good fishing and hunting may come back to our lands and stay when it gets back. If you are not a member of this Association you are most cordially invited to become one. It costs nothing to cooperate with your neighbors.

John Brown has "a cold",

John Brown is usually a careful man. But John Brown, like many others who catch cold during winter months, ignores the dangers of sudden changes of temperature. Some rooms of his house are heated and others are not. Now John Brown has a cold!

And the little Browns are sniffing,

Like their Daddy, the little Brown girls have a cold. Although the room where they play is kept cozy and warm, frequently they go to unheated parts of the house. It doesn't take the cold germ long to strike when the girls go into the cold bedroom to bring additional toys.

And Mother Brown is taking chances . . .

Mrs. Brown hasn't a cold . . . yet. But Mother Brown is constantly taking chances with her health as she goes from the warm rooms into cold ones during her busy day. Wouldn't it be safer for the Brown family to HEAT THE ENTIRE HOUSE this winter?

Rev. Roy S. Holloman of El Paso announced today speakers for the impressive services will be Dr. J. B. Tidwell of Waco, Texas, president of the Texas Baptist; Julian Atwood of Roswell, for New Mexico, and S. S. Russell for Arizona.

The Rev. Mr. Atwood is pastor of the First Baptist church of Roswell and the Rev. Mr. Russell is Arizona State Mission secretary.

Never before in history has such a meeting been held, and certainly has there never been such a setting for a religious service. Stirring hymns will be sung. Special provision has been made for transporting delegates attending the Texas sessions here to Carlsbad, and from there to points where they may entrain for their homes.

Miss Frances Armstrong of Abilene spent the week-end visiting in the home of her parents, Mr. and Mrs. F. L. Armstrong.

Miss Jo Pounds spent the week-end with her parents, Mr. and Mrs. N. J. Pounds of Gorman. Miss Pounds teaches in the Putnam public schools.

THE PANTHER'S SCREAM

BROTHER WILLIAMS BIDS FAREWELL

Brother Williams, pastor of the local Methodist church, delivered his farewell speech to the entire student body Monday morning in chapel.

Every speech that Brother Williams has delivered to the students has been unusually good and he never fails to bring out some very important incident that is helpful to the progressive student.

His subject Monday dealt with the memory of names that you became in contact with in your life. His rules, of I should say rule, was very good and should be applied by every student, as it will be a great asset to them throughout their life.

The entire student body has always appreciated Brother Williams and we sincerely invite him back to our school at any time and we hope it is very soon and very often.

—BEAT BAIRD BEARS— THE JUNIOR CORNER

This week seems to be less exciting because of no game Friday and also the rain adds to the dreariness but we have some consultations that Thursday is a holiday and next week is our big week in football season. We are all working harder than ever to Beat Baird Bears!!! Everyone do his part and we will have no regrets.

When one goes to thinking of football and of beating Baird there seems to rise a blood of loyalty more than the usual and the quicker the thing can be gotten off of one's chest the better it is, an the football boys can assure you of their readiness to do their part next week.

We are still studying early American history and doing work on our workbooks in history. On Monday Mr. Dean gave us a little surprise test and I don't think anyone did so hot.

Geometry still requires reasoning and we are still struggling along with it, and now and then we can see a ray of hope, you have all heard of the little saying, "Live in hopes and die in despair." I think that could well apply to our condition in geometry.

We are still studying compensation in English. We seem to have a different view of life after studying this subject.

Chemistry is not as complicated as it seemed at the first of the year. We are studying nitrogen and its sources now.

—BEAT BAIRD BEARS CRACKS AT THE CROWD— Rev. Hollis—Would you care to join the new missionary movement?

Miss Pully—I'm crazy to try it. It is anything like the Rhumba?

—BEAT BAIRD BEARS— SOPHOMORE CHATTER Hello everybody!

The sophomores began the week with a boom! We are studying very hard. The boys and girls are having a race to see which ones can make the best grades. Of course we know the girls can.

We have been studying letter writing in English. Mr. Webb makes the lessons interesting by reading us business letters he has received and we make corrections if any mistake has been made.

We are still struggling in algebra. Mr. Overton gave us a very difficult problem the other day. This is how it goes. If Mrs. Jones has a mother cat with four kittens, how old would Mrs. Jones be? Can you work it? If you can please let us know.

The other day Mrs. Kennedy was looking in vain for James. She searched the ground floor and the attic. Finally she climbed to the rear door in the roof and pushed it open and cried, "James, are you there?"

The answer came: "No, Mother. Have you looked in the cellar?"

One night Jack and Mary Douglas were walking along the beach in the moonlight. "Does the moon affect the tide?" asked Mary Douglas.

"No, just the tides!" Jack replied.

—BEAT BAIRD BEARS— PEP RALLY

A pep rally was held last Friday morning in the high school auditorium before the football boys adjourned to May to engage

the potent Tigers of that school. Laying all jokes aside it was one of the largest and best pep rallies ever held by Putnam high. When the rally opened the only ones on the stage were the pep squad and before it was over on the stage could be seen the pep squad, the football boys, the high school faculty, some exes and almost any one. Everyone wanted the boys to defeat the May Tigers and boy did they get results!

The next pep rally will probably be held the Friday morning before the Baird game and I am now extending an invitation to each one of you to attend for as everything is now indicating it will be a much better pep rally than the one last Friday.

BRAZIL PROPS COFFEE CONTROL PROGRAM

The Brazilian government has abandoned the government control program on coffee after seven years, in which the government taxed the people and paid the farmers subsidies on coffee and burned more than fifty million bags of coffee and hauled that much and threw it in the ocean. When they commenced this program they had a market for coffee, but it was cheap like American cotton. Those politicians were telling the Brazilian coffee grower that the acreage must be reduced and that they need not be afraid of any other country raising coffee as they could not raise it, but they were pretty badly mistaken and the consequences are that there is more coffee being raised than at any time in history, and just the same thing has happened to cotton which has a supply this year of 50,500,000 bales, the largest in history.

SUNDAY SCHOOL LESSON

by Charles E. Dunn

THE CHRISTIAN MINISTER

Lesson for November 14th. 1 Tim. 4:6-16. Golden Text: 1 Tim. 4:14.

There is a widespread feeling that the Christian minister has fallen upon evil days. It is the fashion to pity the parson as one grappling with an impossible task in the fact of apathy and hostility.

That this is no new attitude is proved by the arresting little painting, "The Sermon," by Lucas van Leyden, an early Dutch artist. We see a large church, with pillars and arches, its somber tone in strong contrast to the bright, sunny world without. There is a service in progress with a languid congregation of 20 or 30 who seem to be paying no attention to the thin, other-worldly preacher. He is talking very earnestly from a high pulpit which appears to separate him from his hearers who are all facing every direction except toward the pulpit. An old lady is deep in sleep, and another woman is dozing. The preacher appears to be a real man of God, but no one is either looking at or listening to him.

It is never safe, however, to generalize. Over against this scene of futility one thinks of the amazing ministry of Dr. Harry Emerson Fosdick in the Riverside church, New York. Packed every Sunday with thousands of attentive worshippers, and carrying on a varied program of splendid usefulness to a multitude of folk in all classes of society, this great church testifies to the perennial appeal of the Christian preacher, and the resourcefulness of the Christian church in adapting itself to new conditions.

The fact is that no one has a happier task than the minister serving a congenial parish. He is appointed above his fellows with the oil of gladness. St. Paul knew this. His advice to Timothy is warm with the glow of a valiant preacher in love with his noble profession. Our Golden Text, "Neglect not the gift that is in thee," reflects this high-souled pride in the beauty of the gospel ministry.

EVERY MAN WHO EVER LOVED HIS FAMILY—
is invited to participate in this
\$40,000 National Contest
ON THE
Electrical Standard of Living

AS Thanksgiving Day approaches, it is timely to call attention to our many blessings. How infinitely more blessed are we today than the Pilgrims who made Thanksgiving a national institution! These blessings have increased year after year until 1937 finds many thousands of West Texans living in all-electric homes... enjoying the Electrical Standard of Living. It is true that this Thanksgiving finds a larger percentage of West Texans living in Electrical Security than do average Americans. We live better because every man who ever loved his family has sought to provide the advantages of Electric Service.

Ask for FREE Folder

Both men and women are eligible to enter this free contest. Ask us for folder containing rules and entry blank. A \$12,000 New American Home is FIRST GRAND PRIZE. An \$9,000 New American Home is SECOND GRAND PRIZE. Ten prizes each worth \$200 will be awarded each week from now until December 4. Just write a letter of not over 100 words telling why you approve of the Electrical Standard of Living.

ELECTION NOTICE

To the Resident, Qualified Electors of Callahan County Road District Number Three who own Taxable Property in Said Road District and who duly rendered the same for taxation:

Take notice that an election will be held in Callahan Road District Number Three on the 10th day of December, 1937, on the proposition of issuing the bonds of said Road District in the amount of \$25,000.00 pursuant to an election order passed by the Commissioners' Court of Callahan County on the 8th day of November, 1937, as following, to-wit:

"AN ORDER calling an Election on the Proposition of Issuing \$25,000.00 of Road Bonds of Callahan County Road District No. 3."

WHEREAS, there has been presented to this Court the petition of J. A. Yarbrough and 64 other persons, resident, qualified voters who own taxable property in Callahan County Road District No. 3 praying that this Court order an election in Road District No. 3 to determine:

"Whether or not the bonds of said road district shall be issued in the amount of Twenty-Five Thousand (\$25,000) Dollars, bearing interest at the rate of not to exceed Four and One-Half (4½ per cent) per cent per annum, payable semi-annually, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed thirty (30) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof, throughout Road District No. 3 of Callahan County, Texas; and whether or not taxes shall be levied on all taxable property in Road District No. 3 sufficient to pay the interest on said bonds and to provide a sinking fund sufficient to redeem said bonds at their maturity."

WHEREAS, under the provisions of a Special Act passed by the Second Called Session of the Forty-Fifth Legislature, which adjourned October 26, 1937, it is not necessary for said Court to have a hearing on said petition; and

WHEREAS, it is found by the Court that the said petition is signed by more than fifty legally qualified electors who own taxable property in Callahan County Road District No. 3, and who have duly rendered the same for taxation, and

WHEREAS, the Court has determined that the proposed improvements would be for the benefit of all taxable property situated in such Road District, and that it is desirable and necessary to issue the bonds of said Road District and that it is desirable and necessary to issue the bonds of said Road District in the amount of Twenty-Five Thousand (\$25,000.00) Dollars to construct said improvements, and that said election should be ordered; and

WHEREAS, the Commissioners' Court further finds that the amount of said proposed bond issue, together with all outstanding bonds of the same nature heretofore issued on the faith and credit of Road District No. 3 will not exceed one-fourth of the assessed valuation of the real property of said district; and

WHEREAS, the said Road District No. 3 has heretofore been legally created by a Special Act passed by the Second Called Session of the Forty-Fifth Legislature, which adjourned October 26, 1937;

THEREFORE, Be It Ordered by the Commissioners' Court of Callahan County, Texas:

1. That an election be held in said Callahan County Road District No. 3 on the 10th day of December, 1937, which is not less than thirty days from the date of this order, to determine:
