

# Day Raids Follow Smashing Attack Over Remscheid

LONDON, July 31 (AP)—A week of the most concentrated, sustained attacks ever made on Germany's "third front" ended today with hundreds of Allied fighters and bombers roaring over smoking, axis-held Europe by daylight.

A joint American and British communique said tonight medium and fighter bombers smashed at German airfields in northern France today, U.S. Eighth Air Force mediums striking fields at Poix, Merville, Tricqueville and Abbeville, while RAF mediums and fighters attacked others at St. Omer, Amiens and Lille. At the same time, Thunderbolt squadrons swept over the French coast in further raids. Two axis fighters were destroyed and one medium bomber and two fighters are missing.

# FDR Announces Huge Reduction In Army Funds

WASHINGTON, July 31 (AP)—A strategy-born \$6,000,000,000 reduction in Army estimates—most of it to permit greater emphasis on sea warfare—was disclosed tonight by President Roosevelt, although official sources insisted the cut will not affect manpower requirements nor the over-all pattern for waging global war.

Mr. Roosevelt at the same time announced that America's war bill for the fiscal year that started July 1 remains unchanged from January estimates of \$100,000,000,000. He cautioned, however, that failure to hold the line on prices and wages would send it higher, and he vetoed stiff his demands for a "truly stiff program of additional taxes, savings, or both."

The president revived after a five-year lapse his former practice of issuing a summation of budget estimates in the light of economic developments and congressional action since his annual budget was submitted to congress in January. He made only passing reference to the shift in war department funds—out from earlier estimates of \$62,000,000,000 to \$56,000,000,000. Four billion dollars of that reduction was shifted directly to the Navy, making a total for that branch of \$28,000,000,000.

Many factors, he told a press-radio seminar on the summation, influence the revisions. Strategy has been more fully shaped, consequently leaving a more balanced perspective of our military needs and the needs of our allies, he said. He added, too, that comparatively few battle casualties thus far have meant correspondingly fewer replacements and that damage and loss of material have been less than were prepared for.

# Reviewing The Big Spring —Week—

By JOE PICKLE

In the absence of rain, the city's water situation grows progressively worse. There is no danger of being without sufficient water for domestic and basic industrial uses, but those who prefer to use it on grass rather than gardens may find they will have water for neither.

It has been suggested (and there is logic to the point) that if watering of lawns must be left off, why not ban car washing.

Proponents of an appropriation for a county library need not be disappointed when the proposed county budget shows no appropriation for the cause. The budget, on which hearing will be held Aug. 9, was drawn up before the library issue came to a head. Long in sympathy with the cause, this column thinks that any budget which proposes to end its fiscal year with balances in excess of \$50,000 ought to be adjustable to include a good starter for a library.

Another need, and so far as we know it would involve no tax expenditures (believe it or not) is a place where the Big Spring Bombardier School baseball team could meet its opponents before local fans, scores of whom are clamoring to see some good baseball.

This AAA gag rule, as it is working out practically, seems pretty silly to us. Congress, always bemoaning the bureau since this became the favorite indoor sport of the nation, seems to have hatched up a regulation which would have done any bureaucratic proud. An AAA committee, serving at a sacrifice can now scarcely comment on the weather.

We don't profess to know what military plane requirements are, but with production at the fig-

# French Forces Are United

ALGIERS, July 31 (AP)—General Charles De Gaulle and Henri Giraud achieved today unification of all the French fighting forces under a single command responsible to a central government in a forceful bid for recognition by the United States as an equal partner in the Allied war effort.

Decrees named Giraud commander in chief of all the French land, sea and air forces in the world and gave De Gaulle presidency of a new committee of national defense.

The new French organization was immediately followed with a demand by the French commissioner of information, Georges Bonnet, that British and American recognition of the De Gaulle-Giraud setup as a provisional government was "absolutely necessary."

"Our countrymen in France regard recognition as a sign we are fully accepted in Allied ranks," he said. "When French troops land on the shores of France tomorrow, they must go there as the fighting forces of a recognized Allied government."

Previously, De Gaulle and Giraud had maintained separate armed forces. Under the old arrangement as joint presidents of the French Committee for National Liberation they presided alternately. Now Giraud will preside when the committee deals with military affairs and De Gaulle when it handles civil or political problems. When Giraud is in the field with his troops De Gaulle will preside alone.

# LIBRARY PLAN IS ENDORSED BY RURAL AREAS

Strong endorsement of the proposal for setting aside county funds for instituting a free county library is coming from the rural areas, it was said Saturday by Mrs. J. E. Brigham, chairman of a special committee which is working on the project to put it before the commissioners' court soon.

Petitions in behalf of an allotment of enough size to get a library organized have been circulated for several days. Mrs. Brigham said that not only had a large number of signatures been obtained in Big Spring, but also leaders in various rural communities are warm in their approval of the library project. Some have written special letters in its behalf, she said.

The county library, for which counties are authorized to make allocations from their general funds, would serve all areas, with arrangements made to service rural communities either by sub-stations or by special book deliveries.

# PASSING WORD ALONG

WASHINGTON, July 31 (AP)—United States diplomats in the neutral countries are conveying to those governments President Roosevelt's request that they refuse asylum to Mussolini, Hitler, Tojo or any of their "gang" wanted as war criminals, the state department announced tonight.

# Eisenhower Warns Italy Of New Bombing Attack

## New German Attacks Are Repelled

Nazis Attempt To Divert Reds From Orel Pincers Move

LONDON, Sunday, Aug. 1 (AP)—Russian big guns smashed almost 100 German tanks yesterday as Soviet forces fought to a standstill another major axis blow in the Donets Basin of southern Russia, while in the Orel sector Red troops rolled on slowly to take several populated places, killing 1,400 Germans in the advance.

The German push southeast of Voroshilovgrad, powered with tanks, planes and shock troops reeled back under concentrated Soviet shelling, said the Moscow midnight communique, recorded by the Soviet monitor.

In one sector 45 German tanks were knocked out. German aircraft, used in great numbers in this drive, were targets for Russian anti-aircraft fire and fighter planes which brought down 28.

An earlier special bulletin said that on Friday, the first day of the German attack in the south, 95 tanks were wrecked in the area out of 103 disabled or destroyed on the entire Russian front. Fifty-eight enemy aircraft also were shot down on all points on that day.

The German Donets Basin move was an attempt to divert Russian strength from gravely menaced Orel, 325 miles to the northwest. But the Soviet central armies, clogging through knee-deep mud around Orel, gained steadily in their semi-encirclement of that big Nazi base.

The Russians said the desperate German defenders, hurriedly reinforced by airborne troops from France and Germany, launched four counterattacks which were beaten down by Soviet troops near the gates of the city. Six hundred Germans were killed in one of these charges.

North of Orel, where several villages were captured, a series of German counterattacks faded after 1,500 of their men were killed. Three German counterattacks were fought off south of Orel, and a German stronghold occupied.

The failure of Germany's third summer campaign, and the steady success of the Russian counter-offensive prompted the Soviet army newspaper Red Star to comment:

## LIBRARY PLAN IS ENDORSED BY RURAL AREAS

Strong endorsement of the proposal for setting aside county funds for instituting a free county library is coming from the rural areas, it was said Saturday by Mrs. J. E. Brigham, chairman of a special committee which is working on the project to put it before the commissioners' court soon.

Petitions in behalf of an allotment of enough size to get a library organized have been circulated for several days. Mrs. Brigham said that not only had a large number of signatures been obtained in Big Spring, but also leaders in various rural communities are warm in their approval of the library project. Some have written special letters in its behalf, she said.

## PASSING WORD ALONG

WASHINGTON, July 31 (AP)—United States diplomats in the neutral countries are conveying to those governments President Roosevelt's request that they refuse asylum to Mussolini, Hitler, Tojo or any of their "gang" wanted as war criminals, the state department announced tonight.

Fighting—Madrid reported new outbreaks of fighting between German and Italian soldiers in north Italy. German troops were said to be moving from Klagenfurt (nazi symbol) into the Udine area and toward Trieste and Fiume (arrows). Other German forces previously were reported pouring through the Brenner Pass (arrow). A center of Italian disturbances is Milan (I). Fascists at Forlì (2), Mussolini's birthplace, who had taken possession of the village, agreed to surrender. Small arrows indicate purported German defense line along the Po river.

## Bombardier School Here Will Play Host In Bombing Olympics

The All-American Bombing Olympics—an army air force event which determines the best bombardier in training in Uncle Sam's eight schools—comes next to Big Spring.

## Yanks Blast Japs In Solomons Area

ALLIED HEADQUARTERS IN THE SOUTHWEST PACIFIC, Sunday, Aug. 1 (AP)—United States Army and Navy warplanes delivered a series of smashing attacks against Japanese positions in the central Solomons yesterday, concentrating their bombs around the Munda and Vila airbases.

Torpedo and dive bombers dropped 52 tons of bombs on Bililo Hills, a mile northeast of Munda airbase on New Georgia Island, escorting fighters drove off 30 Japanese Zeros which attempted to interfere with the operation. Two of the American fighters were shot down but one pilot was saved.

Across Kula Gulf flying fortresses, Mitchells, Dauntless and Avenger bombers with a strong fighter escort, pounded enemy camps and positions around the Vila airbase on Kolombangara island. Sixty tons of bombs were dropped on the target area. Strong anti-aircraft fire was encountered in this area, the communique from General Douglas MacArthur's headquarters said, but all the American planes returned.

## MINIMUM WAGE

DALLAS, July 31 (AP)—An order setting a minimum wage rate of 40 cents an hour in the cottonseed and peanut-crushing industry and the vegetable fats and oils industry will become effective Aug. 16, Russell L. Kingston, regional director of the wage and hour and public contract division of the U. S. department of labor, said today.

## Proposed Draft Overhaul Separate Class For Men Over 30

WASHINGTON, July 31 (AP)—Predicting early action by congress to overhaul the selective service system, Senator Taft (R-Ohio) wrote Draft Director Lewis B. Hershey today urging the separation of men over 30 years of age and those younger into different draft classifications.

## Daring Bank Robbery Made In Oklahoma

Burglars Lock Six Men In Vault, Net \$12,000

BROKEN ARROW, Okla., July 31 (AP)—Two bandits who held a bank president and his wife prisoners throughout the night and calmly admitted the ice man to make a delivery while waiting on a time clock, robbed the Arkansas Valley State Bank of \$12,000 today and locked six men in the vault.

Six hours later a pair of suspects were arrested near Ponca City, after one of the most extensive Oklahoma manhunts since frontier days. Bank robbery charges were filed against the men by U. S. District Attorney Whit Maury at Tulsa.

Highway patrolmen who arrested the man said they recovered nearly \$4,000 and took two guns from the prisoners, identified in the warrants as Paul Bibbe, 31, and Chester Don Peeler, 33. Officers said both were ex-convicts.

The bandits appeared at the home of K. M. Rowe, bank president, last night and forced their way in a gunpoint. Rowe scuffled with them and was struck on the head with a gun. They tied Mrs. Rowe to her bed and taped her mouth with adhesive. During the wait they calmly ransacked the refrigerator.

Two hours before the bank was due to open they took Rowe there to be ready when the time lock released. Three other bank officials arrived and were herded to their desks under guard.

The robbers permitted the ice man to enter, make his delivery and leave. When the time lock opened shortly after 8 o'clock, the pair took all of the currency and locked the bankers and two customers in the vault. They were released a few minutes later by a clerk.

## Bond Sale Total Near The Quota

"By the skin of our teeth" might be the expression with reference to Howard county's bond investment record for July.

## REPORT BENITO IN ITALIAN PRISON

CHIASSO, Switzerland, July 31 (AP)—Former Premier Benito Mussolini is imprisoned near Rome at Fort Bracchi where his fascist tribunals for many years had put to death those opposing him, frontier reports said tonight.

## Veteran Aid Bill

WASHINGTON, July 31 (AP)—Postwar employers of 100 or more workers would have to take at least one per cent of their personnel from the ranks of disabled war veterans under a bill proposed today by Rep. Patman (D-Tex.).

## Americans Drive North In Sicily; Slovenes Battling

By The Associated Press  
Gen Dwight D. Eisenhower issued a solemn warning to the Italian people Saturday night that the "breathing space" had ended and that the great Allied bombing fleet was about ready to resume its assault on the Italian mainland.

The Allied commander declared the temporizing of the new Italian government no longer could be tolerated and by radio told the people of that restive country to "be prepared."

It was a cold, curt rejection of any peace feelers that might have been put out by Premier Pietro Badoglio since he came to power a week ago and carried a jolting reminder that "unconditional surrender" still was the watchword of the United Nations.

"Italians," Gen. Eisenhower's message said, "you know that on July 25 we let up on the aerial bombardment of Italy. We hope thereby to give Italy a breathing space wherein to unite for peace and freedom.

"But the Germans, too, have used that breathing space to strengthen their own positions, and for that full and sole responsibility rests with the new government in Rome. Had that government acted speedily Germany by now would be in full retreat.

"But instead the new government temporized. It permitted the Germans to recover. 'Italians, we cannot tolerate this, and we issue you this solemn warning: Be prepared.'"

The grim warning came at the end of a day in which German civilians in Italy had been ordered by their government to return home, and when Benito Mussolini was represented as seeking to obtain both German and Allied agreement for a "neutralized Italy" under a military commission agreeable to both sides.

If that was the marshal's hope, then Gen. Eisenhower's broadcast gave him all the answer he needed.

## New Blows Are Dealt Japs

WASHINGTON, July 31 (AP)—A new one-two punch by sea and air has been delivered against Japanese positions on Kiska Island in the Aleutians, the Navy reported today, to end a two-day respite from attack which weather gave the enemy.

An American flying fortress bombed Japanese installations Thursday and a warship force followed up with a bombardment yesterday in actions announced in the first communique on pre-invasion fighting around Kiska since Wednesday.

CHUNGKING, July 31 (AP)—Liberator and Mitchell bombers of the 14th U. S. air force smashed wharves and shipping in Japanese-occupied Hongkong harbor Wednesday and Thursday, nailing a large freighter with a direct hit, the headquarters of Lt. Gen. Joseph W. Stilwell announced today.

## Public Urged To Observe Lawn Watering Ban

City officials Saturday appealed to residents to observe the ban on watering lawns, and coupled the request with a stern warning that unless the practice is discontinued, the commission will be called to consider an emergency ordinance prohibiting it.

Householders cooperated well the first week the city asked that watering of grass be dropped as a water conservation measure. Consumption dropped from a daily average of between 2,600,000 and 2,900,000 to a flat 2,000,000 gallons, City Manager B. J. McDaniel reported.

Last week, however, consumption was back up to 2,600,000 gallons Thursday, and Friday's was about par.

Practically all watering was being done late in the evening or at night, city officials said.

The Big Spring Bombardier School is cooperating in the move to stretch water supplies until showers replenish the Powell and Moss Creek reserves, said McDaniel.

Likewise, the T. & P. railroad is attempting to halve its consumption by conservation measures.

"If these industries and installations are appreciative of the city's position, surely residents can cooperate," said McDaniel. "The choice is a simple one—either desist from this practice, or the time may not be far off when all irrigation will have to stop. That will mean the end of many a Victory Garden and perhaps some valuable shrubs."

## Group To Request For New Highway

More than a dozen individuals will leave Sunday for Austin to appear before the Texas highway commission Monday in behalf of a designation for a Big Spring-Snyder highway.

They will be joined by a delegation of city, county and chamber of commerce representatives from Snyder.

Attending from here will be Judge James T. Brooks; commissioners Akin Simpson, Thad Hale, Ed Brown and Pancho Nall; Mayor G. C. Dunham; City Commissioners T. J. A. Robinson and Bill Satterwhite; City Attorney T. J. Coffey; and A. V. Karcher, Rep. Burke Summers and J. H. Greene, representing chamber of commerce. Due to represent Snyder are Sen. Pat Bullock, Mayor H. G. Towle, County Judge Sterling Williams, Willard Jones and Ed Wedgworth.

## TURKEY SALES ARE BANNED

WASHINGTON, July 31 (AP)—The War Food Administration issued an order today prohibiting the sale, purchase, or processing of live or dressed turkeys except to the government until 10,000,000 pounds have been acquired to supply holiday needs of the armed services, about two per cent of the expected turkey supply.

# Heroine's Part In Navy Strategy Told In 'Flight For Freedom', At Ritz Today

Rosalind Russell and Fred MacMurray share stellar honors in "Flight For Freedom," which comes to the public with a significance far beyond the essential story of romance and the daring of a brave woman who was the foremost flier of her day. The picture is at the Ritz theatre today and Monday.

The picture suggests an "inside story" behind the Navy's triumphant task-force attack on the Marshalls and Gilberts and the other fortified areas in the mandated islands of the South Pacific, closely following the outbreak of our war with Japan.

Many experts have wondered how the Navy knew which of the thousands of islands in those groups to strike at. The picture answers that question in thrilling fashion with its story of a great woman flier's last flight.

Miss Russell plays the part of the feminine pilot, Tonie Carter, who sets out to climax her aeronautical career with a solo round-the-world flight. Through the years she has met and loved the famous aviator, Randy Britton, but it is her old teacher, Paul Turner, whom she plans to marry when she returns from her final cruise through the skies.

On the eve of her departure the Navy sends for Tonie and requests that instead of flying from New Guinea to Howland Island, as she intends to, that she pretend to be lost and come down at tiny, isolated Gull Island, instead, where supplies will be waiting for her, and where a Navy vessel will sub-

sequently pick her up. The reason for this, she learns, is that the Navy knows the Japs are fortifying the mandated islands but won't permit other nations to investigate. However, if a famous character like Tonie Carter is "lost" in that area, the Japs can't object to the Navy searching for her—nor prevent Navy planes from photographing

the various islands as they fly over them. Tonie agrees to all this. Randy Britton meets her in New Guinea, planning to accompany her as a navigator so she will be sure to reach her secret objective. And he begs her to give up Paul and marry him. As she is ready to leave, Tonie is dismayed to find that the Japs

know all about the Navy's plan, and intend to "rescue" her themselves at Gull Island, thus check-mating the American scheme.

Realizing what the failure of the plan will mean to her country, Tonie courageously says goodbye to Randy, and takes off alone. Far out at sea she radios that she is lost and running out of gas, and deliberately lets the plane crash into the waves, knowing that now nothing can stop the Navy from accomplishing its task. And that is why, following Pearl Harbor, the Navy knew just where the Jap island bases were located.

The popular Miss Russell has what is perhaps her most powerful role to date as Tonie, with MacMurray in a dramatic and colorful portrayal of the dashing Randy. Herbert Marshall, featured as Paul, heads the supporting cast of the David Hempstead production for RKO Radio, which was directed by Lothar Mendes.

With settings that carefully reproduce the period and the various locales of the story, this film is said to be one of the year's most dramatic offerings, as well as a picture of unusual timeliness, since its story could not have been told until after the outbreak of the war. Edward Clannell, Damian O'Flynn, Matt McHugh and Walter Kingsford have important roles in the picture, for which Oliver H. P. Garrett and S. K. Lauren wrote the screenplay from the original story by Horace McCoy and an adaptation by Jane Murnin.

**In Air Drama**—Fred MacMurray and Rosalind Russell are the stars in a dramatic story of a woman flier's part in great national defense plans. "Flight For Freedom," which is at the Ritz theatre today and Monday. One doesn't have to guess twice to know that the disappearance of famed Amelia Earhart furnished the idea for the story. Herbert Marshall and Eduardo Clannell are also featured in the cast.

## THE WEEK'S PLAYBILL

**RITZ**  
Sun.-Mon.—"Flight For Freedom," with Rosalind Russell and Fred MacMurray.

Tues.-Wed.—"Assignment In Brittany," with Pierre Aumont and Susan Peters.

Thurs.-Fri.-Sat.—"In Which We Serve," with Noel Coward and Bernard Miles.

**LYRIC**  
Sun.-Mon.—"I Escaped From The Gestapo," with Dean Jagger and John Carradine.

Tues.-Wed.—"They Got Me Covered," with Bob Hope and Dorothy Lamour.

Thurs.—"Eyes In The Night," with Edward Arnold and Ann Harding.

Fri.-Sat.—"Stranger From Pecos," with Johnny Mack Brown.

**QUEEN**  
Sun.-Mon.—"Tarzan Triumphs," with Johnny Weissmuller and Frances Gifford.

Tues.-Wed.—"White Cargo," with Hedy Lamarr and Walter Pidgeon.

Thurs.—"Apache Trail," with Lloyd Nolan and Donna Reed.

Fri.-Sat.—"Black Market Rustlers," with the Range Busters.

**STATE**  
Sun.-Mon.—"Jungle Siren," with Ann Corio and Buster Crabbe.

Tues.-Wed.—"Orchestra Wives," with George Montgomery, Ann Rutherford and Glenn Miller Orchestra.

Thurs.—"Among The Living," with Albert Dekker, Susan Hayward and Harry Carey.

Fri.-Sat.—"Call Of The Canyon," with Gene Autry and Smiley Burnette.

**Jungle Group**—Johnny Weissmuller as Tarzan, Frances Gifford as the Pagan Princess and Johnny Sheffield as the boy of the jungle appear together in another of the popular dramas of the ape-man, "Tarzan Triumphs." The picture is at the Queen today and Monday.

## Increased Cabbage Price Approved

WASHINGTON, July 31. (AP)—Fractional-cent increases in the wholesale price of cabbage were authorized today by the Office of Price Administration in 15 states, with resultant increases in the retail price.

In Texas, Louisiana, Mississippi, Alabama, Georgia, South Carolina and Florida, the wholesale price will advance six-tenths of a cent.

## APPOINTMENT

**COLLEGE STATION, July 31.**  
Appointment of C. B. Ray as organization and cooperative marketing specialist for the Texas A. and M. College extension service, effective August 16, has been announced by Director H. H. Williamson. He will succeed C. E. Bowles, who resigned to become secretary of the Houston bank for cooperatives.

Many paper products used in shipping containers now are made from corn.

## Tarzan Story Is Featured At Queen Theatre

Combining the thrills of modern warfare and the hazardous existence of the jungle into one film, the Queen theatre currently offers an explosive story as the basis of the new film, starring Johnny Weissmuller, "Tarzan Triumphs."

The famous Edgar Rice Burroughs' character has added worries when he encounters for the first time the complexities of the present day war. German parachutists invade the jungle to startle Tarzan, who is a peace-loving man, and he is slow to realize their intentions until appeasement doesn't work with the Nazis. It is then that he makes war, bringing a rousing story of many climaxes to the screen.

For the first time in many years, Weissmuller is provided with a new leading lady with the assignment of the beautiful Frances Gifford. Her appointment to the part came about as no mere incident. Producer Lesser spent weeks searching for an actress to portray the role of "Zandra," a jungle princess, whose people are enslaved by invaders.

To be beautiful was one requisite for the role, and to be a capable thespian was another. The interpretation also called for the young lady to be of athletic inclination to keep up with the star in his various daredevil routines. Thirty candidates were tested for

the role, and oddly enough Miss Gifford was the last of the group. Draped in a revealing costume, called a "Zandrape" because worn by "Zandra," the heroine went before the cameras to meet with real life thrills almost as true as those pictured on the screen. Her life was saved by a falling arc lamp. . . . She dropped from a short precipice in a scene, and her toe was stepped upon by an elephant. By all means, claimed the actress, it was by far the most eventful time of her life.

Johnny Sheffield, who has been seen before as Tarzan, Jr., resumes his role again along with the famous chimpanzee, Cheta, that is part of the inseparable Tarzan family.

Vatican City covers an acreage about one-eighth that of Central Park in New York City.

## Tropic Romance

Buster Crabbe and Ann Corio are the principals in the State theatre's feature for today and Monday, "Jungle Siren." Most moviegoers know Buster as the ho-man of cowboy and jungle roles. Miss Corio is a lady of burlesque who is making a fine impression in the movies.

## Survivors Of Tug, Barge Rescued

HOUSTON, July 31. (AP)—The Intracoastal Towing and Transportation company announced that ten survivors of the seagoing tug Titan and five crewmen of a large oil barge were landed today at Beaumont.

Four men still were missing after the \$100,000 tug sank in the Gulf of Mexico during the tropical hurricane. The barge ran aground.

The tug, towing the barge, left Corpus Christi Monday for Port Neches, Tex., and ran into the center of the hurricane, H. Richardson, dispatcher for the company said.

## Reduction Of Gas Ration For Texans Would Provide Better Supply For Army

By The Associated Press

If Texans are required to pare their gasoline allowances by 50 per cent, the action probably will provide more petroleum products for the armed services, not additional gasoline for civilian driving in the east.

Selling two gallons from the basic four gallon allotment for "A" ration cards, as suggested by some federal authorities, will impose roughly uniform restrictions in all sections of the country.

Here's why this may be done: Since mileage or gasoline rationing was started, Texans and other car drivers in the southwest and the mid-west have enjoyed a

**Did Humpty Dumpty Fall Because of Stomach Ulcer Pains?**

All the King's men could not put Humpty Dumpty together again, but those who are distressed with stomach or ulcer pains, indigestion, gas pains, heartburn, burning sensation, bloating and other conditions caused by excess acid should try Uda. **JAMES LITTLE**  
ATTORNEY-AT-LAW  
State Nat'l Bank Bldg.  
Phone 393

surplus of petroleum products accumulated by jammed transportation.

No margin of petroleum products is available for civilian use above minimum requirements of the armed services and of essential civilian use, Petroleum Administrator Harold Ickes, his subordinates and many top oil executives say.

A temporary Texas backlog of petroleum products was accumulated through dearth of transportation outlets to the east and to the Pacific coast.

Texans in recent months were permitted to siphon much of this apparent surplus for civilian use.

Recently-completed pipelines are chipping at this transportation dike. In a few months the dike is expected to collapse, opening an avenue to the east for all the oil Texas can produce.

Completion in July of the eastern link of the 24-inch crude oil pipeline from Longview, Tex., to the eastern seaboard—the nation's principal oil consumption region—will afford an outlet for 2,100,000 barrels or nearly 80,000,000 gallons of Texas crude each week. From Norris City, Ill.—the terminal until war emergency pipelines punched through the eastern extension—an estimated 70,000 railroad tank cars have shuttled to the east coast with the pipeline's oil load from Texas.

Now this still armada will swing to the direct Texas to east coast route, supplementing the 300,000-barrel daily capacity of the big line by dumping probably 1,000,000 barrels of oil daily into eastern terminals.

By December a 20-inch line

scheduled to carry gasoline and other products will swing into operation alongside big inch, the biggest pipeline in size and capacity ever built. The products line will funnel about 240,000 barrels a day into the east.

Other eastward avenues for petroleum are opening as tankers spill from shipyards and submarine sinkings decline. New oil barges are lumbering down coastal waterways between gulf coast and the east.

By early 1944, Texas oil will be sloshing to the east and to other consumption centers at 2,000,000 barrels or more a day.

For Mr. and Mrs. Texas, there'll probably be less gasoline for the jitney—and more for son Johnny's Flying Fortress over Berlin.

## MEXICAN COOKS GET EDUCATION

MEXICO CITY, July 31. (AP)—Every Wednesday afternoon several hundred Mexico City cooks gather up their copybooks and trot off to school to learn reading, writing and all about vitamins.

The school is run by the Y.M.C.A. Miss Katherine Briggs, its director, explains the school really has three courses. One is in reading and writing, one in cooking and the third a sort of catch-all class called, for want of a better name, "first aid in the kitchen."

Small classes of about 12 students permit almost individual instructions in writing.

## Record Made In 165 Hours

SAN MARCOS, July 31. (AP)—Lieut. Joseph E. O'Tousa of Ellwood City, Pa., navigation inspector at the army air field here can testify that a fellow can crowd a lot of action into a few hours of air combat over the Pacific.

O'Tousa served with a bombing squadron based in New Guinea where American airmen wrested air superiority from the Japs. As navigator of a B-24 bomber he saw 165 hours of combat duty, but in those comparatively few hours he and his crew made quite a record.

165 combat hours, 100 hours in life rafts;

7 Jap Zeros shot down;

2 Jap transports sunk;

1 sprained leg (O'Tousa's).

1 canteen, GI, destroyed.

The canteen? A Jap tracer bullet carried it away from his belt during a running one hour fight with 14 Zeros.

Three Texans were members of O'Tousa's crew. Co-Pilot of his B-24 was Lt. W. A. Ware of Dallas, T/Sgt. Joe Hatcher of Tyler was aerial engineer and Sgt. E. A. Williams of Kilgore was the plane's tail gunner.

## Construction Work In War Theaters

LOS ANGELES, July 31. (AP)—Construction, says Maj. Gen. Eugene Reynolds, chief of engineers for the war department, is moving overseas with American invasion forces.

"The scene is shifting from the areas of preparation here at home to the actual theaters of war, where there lies ahead a tremendous task for construction workers," he told a joint meeting of the American Association of Civil Engineers and the Association of General Contractors yesterday.

## DEFEATISM GNAWS AT FOUNDATIONS OF AXIS ARCH AS ITALIAN POLITICAL UPHEAVAL LEAVES NAZIS ISOLATED

By KIRKE L. SIMPSON

The first vital crack in the Nazi-fascist axis arch over Europe showed itself in Italy this week to hint at the dry-rot of defeatism beginning everywhere to gnaw at its foundations.

As suddenly as Kaiser Wilhelm's house of cards began toppling about German ears a quarter century ago, the sinister edifice Hitler and Mussolini have reared in its image, is rocking with omens of disaster.

Its junior architect, Il Duce, has crashed in Italy, carrying with him the whole fascist wing. A babel of rumor of impending Italian and Balkan defection leaves nothing certain except the fact that Germany is being isolated.

The day is close when she must fight alone. Two-front war is pressing in upon her from east and south. Her western defenses are offering no security from Anglo-American air attack that is ripping the industrial heart of Germany to shreds.

Whatever its ultimate result, the political upheaval in Italy caused no moment's pause in Russia and Anglo-American efforts to crush Germany between the jaws of a military vise.

There seemed no escape for Hitler from another devastating

Four champions play free miniature golf. 403 Scurry.—adv.

military disaster at Orel where Red forces have another Nazi army all but trapped. From Sicilian bases, American and British bombers were hammering out a clear pre-invasion pattern across narrow Messina Strait as they had blasted open the way to Sicily.

The unconditional surrender terms set down for the foe in Allied councils at Casablanca many months ago were being related to Italy, collapsing like a punctured balloon, and to Germany and Japan as well. That the crash of Italy must bring with it not remotely but soon a converging of massive Allied sea and air power to deal as sternly with Japan as with foes in Europe is written for Tokyo's war lords.

Realists in Tokyo can see the doom of their fatal alliance with the axis in Europe. They can read it in methodical American sea and air bombardment of their lost legion on Kiska in the Aleutians and in probing thrusts at Japan's own island outposts.

The roads to Japan itself are being as certainly prepared as was the road to Italy.

Today, however, some authorities in the War Production Board showed an inclination to qualify that in this way:

## New Superintendent For State Hospital

AUSTIN, July 31. (AP)—Beginning Aug. 1 Dr. L. MacKechny, a staff member, becomes superintendent of the Wichita Falls state hospital.

The board of control announced appointment of Dr. MacKechny in succession to Dr. B. W. Dorbandt who retired.

## Hunting Equipment Should Include Conscience

WASHINGTON, July 30. (AP)—Standard equipment for hunting this fall should include one conscience.

Blasting away at game just for the heck of it, will be considered unpatriotic. What's more, if that's your idea when you buy shells, keep it to yourself or the hardware clerk is entitled to ring up "no sale." You're supposed only to kill off "pests" that prey on crops.

A few weeks ago, officials dealing with such government interests as how much material to allot hunters for the impending season, indicated that the army of nimrods could expect a little ammunition—none to throw away, but enough to have some sport.

Today, however, some authorities in the War Production Board showed an inclination to qualify that in this way:

Hunters probably will get "limited quantities" of ammunition but not for sport purposes, purely.

They must sternly repress any pleasure and remember they are out to prevent crop damage from too-plentiful numbers of game.

### Ice Shortage Hits Denver

DENVER, July 31 (AP)—Iceless soft drinks and highballs... draught beer dispensers closing down... These are some of the results, existing or prospective, of a shortage that has forced ice rationing in Denver for the next few months.

The scarcity was caused largely, officials said, by a doubling in the past year of shipments of fruits and vegetables which require vast quantities of ice.

The War Food Administration and representatives of the ice industry announced that under the rationing plan, effective in Denver only, certificates of priority will be granted only to those who use ice for shipments of perishable fruits and vegetables, military users, and persons requiring it for processing and preserving medicines.

### Quite A Problem

TOPEKA, Kas., July 31. (AP)—Prof. H. J. Colburn of Washburn college walked into his classroom to teach his first group of navy men. He found them standing at attention. He told them good morning. He asked, "How do you do?" Finally he flushed and said, "All right, gentlemen. How do I get you to sit down?"

## Entrenched Japs Make Munda Base Difficult To Take

(In this first eyewitness account of the siege of Munda, J. Norman Lodge, veteran war correspondent, describes why Munda is such a tough nut to crack. He predicts it may take until mid-August before U.S. troops can gain a foothold against the enemy entrenched in solid coral fox holes.)

BY J. NORMAN LODGE  
WITH U.S. INVASION FORCES OUTSIDE MUNDA, July 28 (Delayed) (AP)—American soldiers and marines have fought their way relentlessly to within sight of their goal—strategic Munda airfield—but it may run well into next month before a foothold is secured.

The troops are pressing forward in the face of indescribable conditions and are slowly approaching Lambeti plantation enroute to the besieged Japanese garrison at Munda.

(General Douglas MacArthur's communiqué for July 28 reported new advances Tuesday to within less than a mile and one-fifth of the Japanese-held airbase. The terrain and undergrowth is the worst yet encountered. A daily gain of 200 yards is considered remarkable as against miles traversed in European and African sorties.

The Nipponese, entrenched in the hills, cover the defiles between the attacking forces and the objective. As our men creep forward foot by foot, yard by yard, red and black machine guns rake our positions.

Despite all the difficulties we are steadily moving forward. Munda will be a tough nut to crack. Toughness of the grind may be seen in the fact the Lambeti plantation is not more than 2,000 yards from our front infantry lines and yet probably will be several days and many casualties before that open terrain is reached.

From Lambeti to Munda, the Japanese are strongly entrenched with previously prepared positions. There the numerous pillboxes are so well concealed that they are unnoticeable until men begin dropping with machine gun slugs through their bodies.

But our green-clad troops are getting jungle canny. They are outdoing the Japanese at their own game. The troops got a thrill in the dawn air strike in which our planes laid the prettiest pattern bombing imaginable. High altitude heavies laid eggs on every square yard of ground occupied by the Japanese. Then the dive bombers came in.

(Allied planes dropped 80 tons of bombs on the Munda area July 25, and the following day, 200 planes left 186 tons on the same objective in the heaviest raid yet in the Southwest Pacific. Heavy bombings have occurred daily since.)

These boys peeled off and dove down to within an unbelievable nearness to the ground before pulling out and dropping their eggs. That was necessary because hardly 50 yards separated the attack from the defense and the slightest error of judgment would have caused casualties among our own troops. But we incurred none.

Naval shelling and land based mortar fire helped to soften up the little brown skins, yet when our infantry hopped up, they greeted us with a withering fire. The hills are of solid coral formation into which the weather has dug caves. The Japanese, much smaller than our men, are able to take advantage of these rat holes and poke the noses of their machine guns out to fire on our men without great danger to themselves.

Anti-tank guns used by our side have been seemingly unable to make a dent in these nearly impregnable dens. Men have volunteered to go forward in an attempt to wipe them out with hand grenades but seldom have been successful. Tanks were rushed in to batter down opposition but the terrain stopped even these iron horses.

## Marine Earns Appropriate Nickname

(The following story was written by Staff Sergeant Milburn McCarty, Jr., of Eastland, Tex., a Marine Corps combat correspondent, and distributed by the Associated Press.)

SOMEWHERE IN THE SOUTH PACIFIC (Delayed)—They call him "Indestructible."

In the past three months, Gunnery Sergeant Giles W. Thompson, 29-year-old Marine, has been run over by a 10-wheel truck, thrown from a crashing dive-bomber and hospitalized for pneumonia.

Recently after unloading trucks for 21 continuous hours, he lay down on the warehouse floor to wait for the last shipment.

"The next thing I knew," explained Gunnery Sergeant Thompson later, "the wheels of a truck were rolling up on my belly."

The driver said: "I slammed on the brakes and ran back to investigate. There was Thompson, with a pair of the double wheels right on top of him. He was practically holding up the back end of the truck. So I drove it off him."

His only injuries were two cracked bones. A few weeks later, Thompson made a practice dive-bombing ride. At about 200 miles an hour, a bare 1,000 feet up, his plane hit another, had its tail sliced off and screamed down. The pilot was killed instantly.

"Suddenly I was falling through space. So I pulled the parachute cord and about a second later hit the water," Thompson said.

They pumped some salt water out of his stomach, patched up a few scratches and sent him back to work the next day.

Just ten days later, Thompson was again in the hospital, this time with pneumonia.

"Only pneumonia?" remarked a corpsman. "You ought to be out by evening."

Two weeks later the indestructible Marine was on duty. Approximately 65,000 U. S. merchant seamen are expected to be trained in 1943.

## Colorado City Flier Returns From Combat Wearing Decorations

COLORADO CITY, July 31.—A bombardier who has taken part in more than 80 missions in the Aleutians area, Tech. Sgt. Benjamin C. Murphy, is visiting his mother in Colorado City. He is the son of Mrs. Lula Murphy.

One of three Colorado City men who left home in October, 1939, to enlist in the air corps, Sgt. Murphy was trained at March Field, Cal. With him when he joined the air forces were Sgt. Everett Pond, killed in the attack on Hickam Field, Dec. 7, 1940, and Tech. Sgt. William (Archib) Mohler, who has been missing in action since June 17, after being decorated for his part in the North African campaign.

In addition to the Air Medal, awarded him in March for special flying missions in the Aleutians, Sgt. Murphy wears the Oak Leaf cluster to the Air Medal, earned in May; the Asiatic-Pacific campaign ribbon, the American Defense ribbon, the Good Conduct medal and the American theater ribbon for combat missions in flying patrol off the west coast.

The plane on which he most frequently served was a Liberator dubbed by her crew, "The Klaka Sal" before an order barred names and extra- insignia from bombers taking part in air battles in the Aleutians area.

His furlough, which he had expected earlier, had to wait until American troops retook Attu. He took part in those operations, bombing enemy objectives and escorting fighter planes. "The weather," he says, "is two-thirds of the enemy we have to fight up there. Considering everything we've had exceptionally good luck, too."

Known here as Conner Murphy, he attended Colorado City high school and worked for the T&P Motor Freight division before his enlistment.

He admits with a matter-of-fact grin that he likes combat duty. "I liked it especially well after we heard by short wave about the Jimmie Doolittle fliers," he says.

After his 31-day-leave expires, Sgt. Murphy will report to Salt Lake City for assignment for further training and commission.

He is the third Colorado City flier to return home recently wearing the Air Medal. The others are Tech. Sgt. John McCordle, decorated for action over Guadalcanal, and Lt. Warren E. Church, bombardier on a Flying Fortress in the North African sector.

### Gobbler Breaks Up Setting Routine

OTTAWA, Kas., July 31. (AP)—A turkey hen on the Roy Bushy farm deserted her nest and 17 eggs.

The turkey gobbler jumped into the breach. Jumped quite literally, too.

In five weeks he'd broken all but two eggs—but he stayed on the nest, even after Bushy had removed those two.

### NOT DANGEROUS

AUSTIN, July 31 (AP)—Drinking and swimming, pool water, when properly treated with chlorine, are not likely to spread the virus of infantile paralysis, says Dr. J. V. Irons of the state department of health.

### Postal Receipts Show Nice Gain

AUSTIN, July 31 (AP)—Increased postal receipts and power production in Texas were reported by the University of Texas bureau of business research.

Building activity was in a slump, paralleled by less activity in the southern pine industry, but business failures are on a continued decline, the bureau found in a summary of business conditions.

Postal receipts in 43 Texas cities were up 28.6 per cent in 1943 from January through June, compared with 1942, and June electric power output was up 45.5 per cent over 1942.

Building permits were down 64 per cent during the first half of 1943 as compared with 1942.

### TRACTOR MAKES CLEAN SWEEP

# Texas Flier Sets Record By Downing Four Enemy Planes In Five Minutes

WASHINGTON, July 31. (AP)—Four German Messerschmitts brought down in five minutes is the record of the B-17 Flying Fortress "Short Stride," piloted by Lieut. Eldridge G. Shelton, 22, of Plainview, Tex., as it sped home to its United States eighth air force base in England from a recent mission over Germany, the War department said.

The "Short Stride," which has figured in numerous spectacular episodes of aerial combat, was ten miles to the left of its echelon when the Messerschmitts struck simultaneously.

The plane's No. 4 engine was knocked out. Its ailerons were shot through. Cannon shells riddled the radio room and started a fire, which the radio operator, Technical Sgt. Winfield M. Maule,

# Lieut. Runyan Here To Visit His Father

Second Lieut. Arthur C. Runyan will visit with his father, H. C. Runyan, 811 Hunnels street, here today before proceeding to Roswell, N. M., for his first assignment since being commissioned.

He has been visiting in Colorado City with his mother, Mrs. Eva Runyan.

Lieut. Runyan earned his wings and commission at the Marfa AAF

Advanced Flying School at the hands of Col. Gerald Hoyle, commanding. He was assigned from Marana Basic Flying School in Tucson, Ariz., for the twin-engine course at Marfa. A graduate of Colorado City high school, Lieut. Runyan volunteered at Big Spring in September 1941 as an enlisted man, became an airplane mechanic and ultimately an aviation cadet.

More than \$7 billion of assets of enemy and enemy-occupied nations are now under freezing control or under control of the Alien Property Custodian.

# Merle J. Stewart Resigns Office

Resignation of Merle J. Stewart as secretary-treasurer of the First Federal Savings & Loan association of Big Spring was announced Saturday in letters going out to the membership. Stewart wrote that his resignation, effective with the end of July, was necessitated by increased work in his accounting practice.

Robert J. Stripling, the an-

# Live Bombs Trouble Texans Raiding Kiel

The Associated Press

The Germans gave the crew of the Fortress "Pistol Ball" some trouble in a raid over Kiel—but not nearly so much trouble as three live bombs which refused to drop.

The "Pistol Ball," piloted by Carl W. Wilson of Corpus Christi, Tex., had just turned off the target toward home Thursday when three explosive incendi-

# 'National Unity' Fires To Be Lit

MEXICO CITY, July 31. (AP)—Re-enacting the speedy spread of the fire of Mexican revolt against Spain 133 years ago, relays of runners from every state will bring torches to Mexico City this year to light a symbolic "fire of national unity."

The most distant territorial capital, Mexicali, will send its torch some 1,500 miles, with runners provided by each state taking it up at the state border and carrying it onward.

Other routes will be from Yucatan via the jungles of Tabasco, from Chihuahua across the northern deserts, and from Chihuahua in the south across the rich tropical sugar lands.

The runners will meet on the outskirts of the capital the second week in September and keep their fires alight until the eve of Mexican Independence Day, September 15. They then will run to the center of the city and the torches will light the "fire of national unity" in an urn in the central square in front of the national palace and the cathedral.

# Food Price Decline

DALLAS, July 31. (AP)—Arthur A. Smith, regional price economist of the bureau of labor statistics, reported here that retail food prices in major cities of Texas, Oklahoma, Louisiana, Arkansas, Kansas and Missouri declined 1.17 per cent from May 18 to June 15.

## First Baptist Church

"Everybody's Church" 6th & Main

of Milligan, Ky., extinguished quickly.

The Fortress lashed back fifty rounds from the navigator's gun hit a Messerschmitt coming head-on. The navigator, Lieut. Robert A. Hocklin, of Marquette, Mich., saw the enemy plane blow up.

The right waist gunner, Staff Sgt. Buford J. Masley, of Ridgeley, Tenn., fired 100 rounds at another fighter coming in low. The ME fell in flames.

Another Messerschmitt coming in toward the tail, was blown to bits by the rear gunner, Staff Sgt. Frank J. Garmon of Atlanta, Ga., the fourth fighter was destroyed by the top turret gunner, Technical Sgt. Arthur P. Christen of San Jose, California.

Lieut. Shelton then brought "Short Stride" back to base without further incident.

aries—their safety pins removed—were found tangled in the bomb bay.

While the Fortress fought off German fighters and wove through lanes of flak, several crew members made desperate efforts to get rid of the explosives. One bomb was loose, running wild inside the bomb bay, striking the walls with each pitch and roll.

Lieutenant Wilson finally got rid of two of the incendiaries by juggling the controls and causing the plane to rock. Lieut. Stanley Chenoweth of Santa Barbara, Calif., wearing neither parachute nor safety belt, climbed down to the bomb compartment while bomb bay doors flapped wide to dislodge the load. He was instrumental in getting rid of the third incendiary.

Another Texan on the raid, Sgt. Martin M. Kenston, Plainview, ball turret gunner, said he shot down an enemy plane which zoomed within 100 yards of his Fortress before one of the enemy's wings ripped off and the plane plummeted earthward.

Lt. Jake B. Jarmon of San Angelo, Tex., was navigator aboard the "Double Trouble," one of the Fortresses on the raid.

# WAC Recruiter To Broadcast

In an effort to spread information about the WAC program, a weekly radio program over KBST has been arranged for each Thursday at 8:30 p. m. Lieut. Mary Frances Goldman, WAC recruiter, announced Friday.

She said that it was planned to have WAC's, perhaps their parents, local civic leaders, and others from Big Spring and this area who are familiar with the WAC's explain what they are doing.

These programs, said Lieut. Goldman, will explain the different phases of the WAC's, the courses they take, jobs they perform, songs they sing, fun they have, the letters they write—and all manner of things which a woman encounters in service of her country.

# To Receive Degree After 37 Years

FORT WORTH, July 31.—J. Harvey Holland has entered the Texas Wesleyan college summer school preparatory to taking his degree from Texas Christian university.

And when he steps up for the award 37 years will have elapsed from the time Holland first enrolled in T. C. U. and when he gets his degree.

The intervening time was spent managing a road show until the depression closed it. Then Holland returned to Midlothian as a scenery painter. He attended T. C. U. night school for two years, became an instructor in the Midlothian grammar school and this year was elected principal.

## ITALIAN NATION HARBORS WORLD'S LARGEST STORE OF CULTURAL TREASURES

**AP Features**  
When Allied troops march through Italy, they will find the world's greatest storehouse of cultural and religious treasures.

Rome for centuries was the hub of European civilization and with Vatican City, the home of the Pope, still remains a focal point of Christianity. Within its confines can be found mementoes of history, art and literature extending beyond the time of the coming of Christ.

Many of the ancient Romans' architectural treasures, more than two thousand years old, are still to be seen. These include the foundations of the triumphal Arch of Augustus, the immense ruins of the Basilica Julia, and the Pantheon—one of the many public baths that characterized the lavish greatness of imperial Rome.

Ruins also stand of the Flavian Amphitheater, the Colosseum, which was built to house the exhibitions of gladiators and battles of wild beasts, and which later became the scene of the public martyrdom of the early Christians. A familiar sight to the thousands of tourists who flocked to Rome before the war are the Catacombs—vast, winding underground tunnels beneath the city in which the first Christians hid to escape persecution.

Rome's art attractions are so great that it has been said a visitor could not view them all even if he took a lifetime. They include the Sistine Chapel in Vatican City, with the masterful decorations of Michelangelo, and the immense papal picture galleries containing the works of Raphael, Leonardo da Vinci and Fra Angelico da Pissole.

The Vatican libraries hold thousands of rare manuscripts including those of Vergil, Dante and the Greek New Testament, the world's most extensive historical collection, with letters and documents minutely covering the Christian era. The mu-

seum of ancient sculpture contains many of the Greek classics.

The exportation of works of art and antiquities from Italy, without permission of the government, long has been forbidden. As a result, the country is full of cultural treasures. Libraries and museums are common in even the smaller towns, while historic monuments may be found almost anywhere.

About 40 miles northwest of Florence is the Leaning Tower of Pisa, which tourists have flocked to see for generations. Completed in 1350, this 179-foot campanile leans more than 10 feet out of the perpendicular.

Near Naples, is the ancient town of Pompeii, burned by an eruption of Mt. Vesuvius in A.D. 79. Excavations have been carried on since the middle of the 18th century.

Florence, a literary and religious shrine, contains five important state libraries and many famous museums, including the Uffizi, the Pitti and Accademia at galleries. Many important monuments of the middle ages have been restored to ancient splendor.

### AAFBS Notes—Flight Officer Transferred

F/O James C. Cruin, Port Arthur, Tex., has been transferred from this field to Liberal Army Air Field, Liberal, Kas.

First Lieutenant James W. Tolbert, director of physical education, is on temporary duty at Hiram, O., for a course in specialized training. His home is in Austin, Tex.

Second Lieutenant Charles L. Rich has been promoted to the rank of first lieutenant. Lieut. Rich, who is post finance officer, is from Elizabeth, N. J.

## Rations Not Likely To Be Upped Despite Increase In Supplies Of Beef Cuts

WASHINGTON, July 31. (AP)—Meat counters throughout the nation soon should be exhibiting quantities of steaks, beef roasts, hamburger and other beef cuts to give the housewife a wider choice in spending her meat ration coupons.

But this increase in beef may be offset to some extent by a smaller supply of pork during the next few weeks.

All in all, the meat supply situation looks more hopeful for the next eight or ten months, and with livestock numbers and production at a record level and beginning to outrun dwindling feed supplies, expanded marketings during this period appear fairly certain.

But whether the increased marketings will be reflected in larger civilian rations is a matter that has not yet been determined by the war food administration (WFA) and the office of price administration (OPA). However, WFA meat experts are inclined to doubt it, unless livestock marketings should, for a brief period, overcompensate for storing any surplus meat over present civilian rations and war needs.

The WFA is now operating on the policy that it is wiser to store up any temporary extra production for future civilian and military use than to allow it to go into consumption at the time.

MORE OUTPUT URGED  
WASHINGTON, July 31. (AP)—The petroleum administration for war urged midwestern refiners today to step up their output of home heating oils and at the same time authorized 11 refineries along the Great Lakes to run as much crude oil as possible.

## Imprisoned Soldiers Are Rehabilitated And Returned To Duty

CAMP BOWIE, July 31 (AP)—Guns, guards and barb-wire still await the wayward U.S. soldier.

But the army, here, is sharpening another weapon to attack the age-old problem of the undisciplined warrior who breaks the rules.

The word for it is rehabilitation, which aims at restoring a man to self-esteem and military usefulness. So far, say army officials, the salvage has been 65 per cent.

Each man coming to the rehabilitation center at this huge camp can behold the prospect of having courtmartial sentence shortened, the shame of a dishonorable discharge removed from his record and of returning to the life of an active soldier.

Lean, judicious Arthur C. Kennedy, colonel commanding the center, sums it up: "We sort the worthwhile from the no-good; here they get their last chance to prove themselves useful soldiers."

There are 602 men here, housed in a stockade. Two fences bedded in concrete surround the area. Machine guns, tower guards and sentries combine to enforce detention.

But every prisoner has his chance at redemption. Those who cannot climb all the way up the hard road to rehabilitation must pay the full price fixed for their offenses.

### THOMAS E. CLARK RITES SUNDAY

Services for Thomas Edward Clark, 59, will be held at 2:30 p. m. today at the Eberly Chapel with the Rev. R. Elmer Dunham of East Fourth Baptist church in charge. Burial will be in the city cemetery.

### Newsprint Study Group To Tour

WASHINGTON, July 31 (AP)—The house interstate commerce sub-committee investigating the curtailment of newsprint production will hold the first meeting of an international investigation trip in New York City Aug. 11.

### Cutting Horse Event To Highlight Roundup

COLORADO CITY, July 31 — Some of the best cutting horses in West Texas are expected to be entered by their owners in the cutting horse contest division at the Colorado City Frontier Roundup here, Aug. 12-14, when the eighth annual rodeo will be staged in three evening performances. Directors expect interest in the cutting horse events to be one of the high points this year.

## Mahon To Speak When Honor Roll Is Unveiled

LAMESA, July 31—Congressman George Mahon will be the chief speaker when the Dawson County Roll of Honor, containing names of all men and women from this county in the armed services, is unveiled sometime in mid-August. This announcement was made by County Judge Kilmer B. Corbin after a conference with the congressman this week in Lubbock. More than 1,400 names will appear on the roll, which is now being prepared. This is one of the largest number contributed by any county in a similar population bracket in the state of Texas.

## San Angelo Man War Prisoner

WASHINGTON, July 31. (AP)—The war department made public today names of 697 United States soldiers who are held as prisoners of war by Germany.

The list included: Christian, 1st Sgt. Russell O.—Mrs. Maude M. Christian, mother, 21 East 17th St., San Angelo.

The present ration of meat and pork in Sweden may be increased during the coming winter.

THE ARMY'S standard gasoline for motor vehicles is 80-octane.

- A 2,000-lb. Aerial Bomb uses 600 pounds of scrap metals.
- A 35,000-ton Battleship uses 20,000 tons of scrap metals.
- A 3-inch Anti-Aircraft Gun uses 3 tons of scrap metals.

HIGHER OCTANE

THOSE GOOD OLD DAYS ARE GONE FOREVER!  
But Car Conservation Is Vital To Victory Today

Yes—old motorists remember when—as regularly as clockwork—on Saturday afternoon or Sunday morning—they would get into coveralls and crawl underneath the "bus" for the weekly tightening up of nuts and bolts! The loving care they gave their old cars was unnecessary to the new models—until war began. Now—everything that can be done to prolong the service of American cars is vital! The expert auto mechanics cooperate with the millions of American car-owners in this effort! They are on hand to check your cars, clean them, replace worn parts—increase their length of service!

To get the most from your car — use Higher Octane Gas and Para-Fine Motor Oil

**COSDEN**

Back The Attack With More War Bonds

# Death Comes Friday To Robert L. Mize

An illness of two months ended in the death, at his home near Knott Friday night, of Robert Lee Mize, 57-year-old farmer-rancher. Mr. Mize had resided in this section since 1937, coming here from Denton, where he had made his home for 30 years.

The funeral service, under direction of Nalley-Reeder Funeral home, will be held at 4 o'clock this afternoon at the Nazarene church, with the pastor, Rev. Ivy Bohannon, officiating. Burial plans were incomplete, but the body probably will be forwarded to Denton for interment.

Palbearers will be Herman Jeffcoat, Hughie Pettus, Emmett Grantham, Bill Brawley, Lee Burrow, Walter Nichols, Oscar Gas-

kins and Herschel Smith.

Mr. Mize's survivors include his wife; one son, Don R. Mize of Knott; four daughters, Mrs. G. H. Allen, Pilot Point; Mrs. L. R. Crowder, McKinney; Mrs. J. J. Hill, Galveston; Mrs. L. H. McGlothing, San Angelo; one step-son, Billy Joe Mize of Fort Knox, Ky., and one step-daughter, LeRoy Morris of Knott. Other survivors are a brother, G. H. Mize of Pilot Point; four sisters, Mrs. W. P. Camp, Alice; Mrs. B. E. McKinney and Mrs. Ann New of Hobbs, N. M., and Mrs. Bryant Moore of Bishop. There are six grandchildren.

Mr. Mize's first wife, Mrs. Ella Rachel Mize, succumbed in 1936 and is buried at Denton.

# Master Sergeant Retires After 30 Years Of Service

Master Sgt. Tom Sutton, brother to P. S. Sutton, Big Spring conductor for the T. & P., has retired after 30 years in the army—and most of the time in foreign service.

Early in his career, he was with the Mexican expedition of Gen. John J. Pershing. He was overseas in World War I, and in this war it was feared he was captured when Bataan was overrun. However, he had escaped but had to be hospitalized for three months at Santa Barbara, Calif., in a military hospital.

In Manila for many years, M-Sgt. Sutton was active in Masonic affairs in the Islands and is a past master of the Manila lodge.

# Experiment Farm's Crops Include Five Which Produce Oil

There is oil under the ground, the U. S. Experiment Farm is reacting to a wartime stimulus by growing oil from the soil.

At least five crops on the farm's field area this year are major oil producers—and right now all are looking like sure bets for a good yield.

One of the most interesting is safflower, a plant of the thistle family which yields an oil bearing seed. While the seed gives up an oil used as effectively in paint as linseed oil, it also may have its residue converted into a high protein meal for stock feeding.

Ranking second in interest this year is the soybean patch. Currently, these beans stand knee high with thrifty stock and excellent prospects of a good yield. F. E. Keating, superintendent, says that the bean plants are about as large as they grow in any region. Soybeans enjoy the reputation

of being the "miracle food," having almost everything either man or beast needs to sustain life as well as properties which make them usable in plastics.

Castorbeans, as always, are up to a good stand and loaded with beans which are rich in childhood's greatest plague—castor oil. Harvesting the beans is a bit difficult, according to Keating, but cultivation is simple.

Peanuts are up to a good stand and like last year, bid fair to return good yields. These are rich in vegetable oil and the residue is good for livestock food. The peanut may be used in a legion of ways as human food.

And, of course, the traditional cotton crop of West Texas is thriving this year, and its seed shell oil and meal to man and beast. With all respects to safflower, soybeans, castorbeans and peanuts, cotton still is the big oil producer in Texas.

# HOPE STILL HELD OUT THAT COSDEN TEST WILL BE GOOD PRODUCER IN SPITE OF LOSS OF RIG IN FLAMES

Cosden's capricious outpost to the eastern Howard Read pool—it's No. 1 Read—sprung a burned rig Saturday but still nursed prospects of being a good producer.

Heading and flowing frequently during clean-out operations by A. E. Walker, contractor, the test blowed into wiring Friday night and apparently ignited from a short. Operators said Saturday that while the rig was a loss, the well seemingly was unharmed.

The test, located 330 feet from the south and west lines of section 48-30-1N, T&P, was shot with 1,250 quarts from 2,680-2,908 early 1-1/2 quarts and has been cleaning out after 5 1-2-inch string was set at 2,588 feet.

In the Vincent pool area, the Cosden No. 1 Chester L. Jones continued to be a puzzle. After topping the lime section high in comparison to the Gutherie & Cosden No. 1 Pauline Allen, for which the Jones test is a southeast offset, it has been wholly foreign to the Allen logs. Whereas the Allen well had produced from 4,040-96 feet, the Jones test had some free oil only from 4,264-72 feet. Saturday it was drilling below 4,395 feet in hard brown dolomite. Location is 680 feet from the north and west lines of section 5-25-H&T.C.

Magnolia No. 1 Willis Winters, direct south offset in the northeast corner of section 6-25, H&T.C., was below 2,300 feet in lime. Cof-

field & Gutherie No. 1 Guy Guffey, east offset to the discovery in section 59-20, LaVaca, was at 2-100 feet with lime section due to show up. Gutherie and Cosden No. 2 Allen, northwest diagonal offset to the No. 1 Allen well, was below 3,000 feet. Location is in section 57-20, LaVaca.

M. L. Richards, Big Spring, was preparing to deepen to 4,280 feet a Mitchell county wildcat which Sinclair Prairie drilled to 3,663 feet. It is No. 1 E. E. Erwin, 330 feet east of the northwest corner of section 1-25, H&T.C., 3 1-2 miles northeast of the Vincent discovery.

needed. The initial two Allied requirements are understood to be the overthrow of fascism in Italy and the clearing of German troops from the country.

Increased police measures were reported gradually bringing better control in the Italian cities where crowds rioted for peace during the week, but it was open to conjecture whether the rioters would long remain calm under resumption of Allied aerial bombardment.

For the first time in a fortnight the British 8th army was reported yesterday to be making "good progress" in its effort to push German forces out of Catania on Sicily's west coast, while the American 7th army driving through the mountains to the north was said to be smashing ahead behind tremendous artillery barrages.

# Sicily (Continued From Page 1)

One of the biggest air battles in days was fought Friday over Sardinia when American war-hawks tore into about 35 axis fighters and shot down 21 of them for a loss of one of their own.

The Yugoslav government-in-exile in London announced that two brigades of Slovene guerrillas were fighting inside Italy's northern border and were waging a violent battle after breaking through Italian lines in the Udine region.

The urgent warning to Italians that a deadly new rain of bombs was the price of refusing surrender was view in London tonight as possibly the decisive punch in persuading Italy to give in—perhaps in a day or two.

Prime Minister Churchill and President Roosevelt were reported to have discussed the Italian situation in a trans-Atlantic telephone conversation.

# State Guard Unit To Get Target Practice

Members of the local (Co. E, 34th Bn.) unit of the Texas State Guard will get in a little target practice this afternoon with Thompson sub-machine guns.

Capt. H. L. Bohannon has ordered the company assembled at 1:30 o'clock p. m. at the county warehouse, regular meeting place, from whence it will proceed to the range.

In the past two weeks, personnel of the company has been getting a sample of what the well "GI-ed" soldier feels like—for men have been outfitted with GI shoes.

# Night Spent In Den By Cub Wolfpack

Wolves howled from scenic Mountain early Friday morning—but they happened to be members of Wolf Cubpack No. 29 on hike after spending the night at their den at 1010 Sycamore street.

After a brisk climb up the mountainside, the Cubs breakfasted on bacon and eggs cooked over an open fire under guidance of the Den Mother, Mrs. T. E. Martin, and her assistant, Mrs. F. R. Cowan.

Later the Cubs trekked over most of the state park and then played at the city park before being served lunch.

Standard type Army ambulances cost \$1,555.40 each.

# Here 'n There

Having completed his basic flight training at the Coffeyville, Kans., army air field, Aviation Cadet Cecil R. Brown of Big Spring graduated last week and was sent on to Aloc army air field, Victoria, for advanced training in single-engine ships. Cadet Brown is the son of Christopher C. Brown of Big Spring.

Ready to receive basic training, Pvt. Billie J. O. Morris, son of Mrs. Dorothy Mize of Knott, has entered the armored replacement training center at Fort Knox, Ky.

Men who have completed their basic training at Fort Knox preparatory to entering combat duty with armored units include Pvt. Glen H. Webb, son of Hugh E. Webb, 206 Young street, and Pvt. Almus G. Coulter, son of J. L. Coulter of Big Spring.

Capt. W. T. Bolt, who was injured in a car mishap on April 17, is still confined to the Nichols General hospital at Louisville, Ky. His parents, Mr. and Mrs. Tom Bolt, are hopeful that he will be able to leave the hospital and come here for a visit late in August.

Mrs. W. H. Bagley, 1811 Gregg.

# Ickes Made Agent In Dam Project

WASHINGTON, July 31 (AP)—President Roosevelt issued an executive order today designating Interior Secretary Ickes as the agent for sale and distribution of surplus electric power generated at the new Denison dam project at Denison, Tex.

The order also transferred similar authority over the Grand river dam, Vinita, Okla., (Pensacola project) and the Norfolk project in the White river basin in Arkansas and Missouri from the Federal Works Administration to Ickes.

Secretary of War Stimson was authorized to complete, maintain and operate the Denison dam under supervision of the chief of engineers and to provide and maintain for use of the secretary of the interior adequate station space and equipment as may be required for transmitting electric energy.

# 22 Are Certified For Civil Service Jobs

Fifty-four persons were referred by the US Employment Service to the civil service representative, Charles Williams, here Friday.

As a result, Williams administered tests to 25 persons seeking to become mechanic learners, and in turn he certified 22 of these. In addition, he gave two tests for clerks.

During the day, Williams certified a total of 27 persons for wartime civil service appointments. All were for Big Spring Bomber School service.

The USES announced that it was in urgent need of persons who could qualify as stocker clerks, butchers, laborers, bus boys, chemists, electricians, accountants, material clerks, and a number of other classifications.

# THE WEEK (Continued From Page 1)

ures reported, wouldn't it be a wise move to divert a hundred or so planes to airlines to handle the overflow of airmail? The amount of this mail flowing into already overtaxed bus and train channels due to lack of planes is amazing and appalling.

Those who have worked with livestock for years and years predict that for a time at least there will be enough meat for all ration points. Reason for this is a break in the market. When that occurs, they say offerings immediately increase. As long as the market is rising, everybody holds for just a little more.

The commotion over the milk situation here arises largely out of the fact that the method of testing milk has been changed to the more accurate bacteriological count. This immediately puts producers in a bad light. But by the end of last week health unit officials said producers were making progress in building up the quality of their products. It will be a slow, long battle.

War ought to be coming home to people in this county with stunning swiftness. Within the past month the news has brought us word of (1) death of Herman Appleton in action in North Africa; (2) death of Lt. Leonard Skiles in a Jap prison camp; (3) Lieut. William Alexander missing in action; and (4) death of Lieut. Earl McAlpine in a Colorado plane crash.

Cases of evaporated milk in storage must be turned over every 30 to 60 days to prevent the milk from turning to slabs.

# THE FIRST NATIONAL BANK IS A QUALIFIED DEPOSITARY TO RECEIVE SALARY WITHHOLDING TAXES

This bank has qualified as a depository to receive the funds withheld by employers as taxes from employees' wages.

Employers who withhold more than \$100 during the month are required to pay the amount withheld to a depository authorized by the Secretary of the Treasury. These payments are to be made ten days after the close of each calendar month, for which the depository will issue a proper receipt.

Employers who withhold less than \$100 during the month are not required to pay such amounts to a depository, but may do so.

When payments are made to this bank as a depository, an official Treasury Department form will be issued. This constitutes the receipt which is to be submitted with the quarterly returns to the Collector of Internal Revenue.

We shall be glad to give any further information desired on this new service.

# First National Bank

**WE'VE VOLUNTEERED For Service on the Farm Front**

An Open Letter to Livestock and Poultry Owners of HOWARD COUNTY

PROTEIN feeds are scarce. We can't sell more. So what we can sell must count for more. This means we dare not waste good feed on unthrifty livestock or poultry. We must cull unprofitable producers—save extra pigs—stamp out disease and parasites—cut down mortality—prevent costly waste.

We know from our many farm contacts that many production losses are preventable. And we are convinced that our wartime food goals can be reached, without additional labor or expense, and with the feed we now have, simply by plugging unnecessary production leaks.

To this end, and as our part in helping to win the war, we are volunteering our services to all livestock and poultry owners of this community.

Regardless of the feed you use, we will gladly call at your farm to assist in such feed-saving practices as culling chickens, worming pigs, checking feed and watering spaces, etc.

We will also help you with "Production Surveys" of your livestock and poultry, based on a series of wartime guides, suggested and recommended by both national and state agricultural authorities.

Our service is offered solely in the interest of "More Food for Victory," and our call will not obligate you in any way. See us for a "Feed Stretcher" Survey of your farm.

Store closed on Tuesdays of each week—the day we call on the farmers.

# "Meal Planning Problems? Never Heard Of Them!"

'And this little housewife is dead right about her food problems. They disappear into thin air when home-canned vegetables and fruits are in reserve to add precious vitamins and taste pleasure to winter meals. Our housewife needs no ration points for these delicious canned foods. She is happy because she has found a patriotic solution to the food problem. By relieving the pressure of demands for canned foods women like our housewife are helping to make sure that the men in our fighting forces get enough to eat—they are valiant, home-front fighters against a dangerous foe—food shortage.

Join the ranks of intelligent, patriotic housewives—Your gas store will help make canning easy.

**EMPIRE SERVICE SOUTHERN COMPANY**

J. P. KENNEY, Manager

United Nations — A Square Deal All Around The World

# Say Mister!

Have You given this serious consideration—Just what are YOU doing as a war service?

Working in your Victory Garden? A fine thing, but is it the best you can do? Or perhaps you are buying all the bonds you can? Splendid, but isn't there more you can do?

How about it, don't you feel you ought to take your place in a home military force which is filling the breach left by utilizing of our forces on foreign fields? How about it, Mister, how about enlisting in the Texas State Guard?

## The Texas State Guard Needs You

### What Is The Guard?

When, under authority of an act of congress, the President of the United States, ordered all units of the Texas National Guard into active military service, the State of Texas was left without any military force available to the Governor to enforce the law and provide internal security for the state. Therefore, when the congress authorized the creation of state guard units Texas availed itself of this opportunity. Today there are more than 17,500 officers and enlisted men serving here at home in the Texas State Guard—approximately 6,000 more than Texas National Guard units ever had!

### When Does It Meet?

Company E, 34th Battalion, Texas State Guard, meets every Tuesday and Thursday evening from 8 p. m. to 10 p. m. in the Howard county warehouse. Occasionally, the unit has target practice and participates in parades, memorials, etc. Regular programs vary from basic infantry drill and observance of military courtesies (which have saved a score or more of young men months of training and earned many promotions in the army) to study of restricted war department films, map reading, Calisthenics, making "Molotov" cocktails, dismantling and assembling sub-machine guns.

### What Does It Do?

There are at least five basic things the Texas State Guard may be called upon to do: 1) Assist local and other officers in guarding in event of catastrophes descend upon a community or area. 2) Restore order when a riot occurs and civil authorities are unable to cope with it. (This is not strike-breaking or taking sides in race riots, etc.—but solely restoring order to the point regularly constituted authorities may serve). 3) Quell civil disturbances under what is usually called "martial law; 4) Protect dams, power plants, power lines, communication and transportation lines in event of sabotage or danger of sabotage. 5) By organized resistance and use of tactics, contact, harass and delay the enemy in event of any character of invasion.

### Would I Be Of Help?

Sure, you would be of help. The local unit needs more men, for it has lost heavily to the army. Already 36 members of the company have entered the military service, and naturally this strains the membership reserve. Moreover, others have migrated to war industry centers. Today, a fair per centage of the membership is of youths who soon will receive their calls to training. The urgent need, therefore, is men who have families, or who might be in essential or war industries, or those who are 38 years of age and over. The unit can and is anxious to give a large number of young men invaluable pre-army training. Yes sir, you can help your community, state and country by enlisting.

### This Essential Service?

Perhaps, you can answer this question with questions. Is it essential that the state have some force adequate and capable to cope with such situations as the widespread civil disturbance recently in Beaumont? Texas State Guardsmen handled this nasty situation courageously and well—while the combined civil and even military forces were unable to handle a similar fiasco in Detroit, Mich. Of course, all of us pray the enemy may never set foot on American soil, but is it essential to have a force of men available to feel out the invader, to harass with proven guerilla tactics, and do everything possible to delay him until our regular forces can get set and take over? Is it vital to have some unit which may protect our homes and families because it has been trained to do just this?

### How Can I Enlist?

The simplest way to enlist is to visit the Company Tuesday or Thursday, ask questions, and have your application blanks filled out. If this is not possible, Capt. H. L. Bohannon, 1st Lieut. Leslie D. Thompson, 2nd Lieut. Joe E. Pond or any non-commissioned officer or other member of the company will help. If this is not possible, then fill out this coupon today and mail to Co. E 34th Bn. TSG, Big Spring, Texas.

I am interested in serving my country as best I can here at home; therefore, I would like to get all possible information concerning service in the Texas State Guard.

# Cards Take Another From Brooks By Score Of 2-1

## Max Lanier Is The Hero Of A Pitching Duel

ST. LOUIS, July 31 (AP)—The Cardinals picked up where they left off in Brooklyn on July 4 when they swept a three-game series from the then second place Dodgers. They made it four in a row today over the Brooks by winning, 2 to 1.

Southpaw Max Lanier, who beat the Dodgers 7-2 on July 4, scattered seven Brooklyn hits and won his own game in the ninth by singling Johnny Hopp home with two out.

It was a tough defeat for Wyatt who yielded eight hits, because an error by the usually reliable Arky Vaughan at shortstop paved the way for the winning run. Whitey Kuroski led off the Cards' ninth with a single to left, but was forced at second by Hopp. Ray Sanders then popped out and Marty Marion hit a roller to Vaughan, who fumbled it. Lanier singled to right for his second hit and Hopp beat Dixie Walker's throw to the plate.

The Cards scored in the first inning on Harry Walker's double to right and Walker Cooper's single. The Dodgers tied it in the fourth on Vaughan's two-bagger and Augie Galan's single.

**BRAVES EDGE PIRATES**  
PITTSBURGH, July 31 (AP)—A four-run burst in the seventh inning brought Boston from behind to give the Braves a 6-5 victory over the Pittsburgh Pirates in the first of a five-game series today. Al Javery, who gave up 11 hits, stopped the Braves once his mates moved in front.

**CUBS BEAT PHILS**  
CHICAGO, July 31 (AP)—Eddie Hanyzewski held the Philadelphia Phillies to six hits today while the Chicago Cubs beat the Phillies, 3 to 1, in the opening game of the series. An error by Bob Finley let the Cubs' margin of two runs.

## Boxing Coach Named At The Air School

It won't be long now before all the boys at the Big Spring Bombardier School are fighting one another, and the lad responsible for it all will be Pfc. Joe DeOrto, one of those champion athletes from the 368th squadron.

DeOrto, well-known Chicago lightweight boxer and a physical training instructor at the post, has just been appointed boxing coach by Lt. Clarence H. Laymon, acting director of physical training.

A regulation outdoor boxing ring is under construction on the gymnasium grounds, and it is expected that regular weekly boxing contests will be held beginning around the first part of September. Meanwhile DeOrto urges all men interested in boxing to be present at a special meeting in the gymnasium at 1 p. m. Wednesday, Aug. 4. Plans for a post boxing team will be discussed, and training will begin immediately.

Keen competition is anticipated among the various outfits on the field during the elimination matches, and the champion of each division will represent the Big Spring school at inter-post contests and at the Golden Gloves next January.

## Vic says...

In these days of economy, it's wise to buy and insist on quality. The Shirts, Ties, Suits, Sox or Shoes you get are the long-wearing dependable kind and the prices are usually below cell-

ing. Value-wise buyers know it pays to shop here. New shipment of Florsheim Army Officers shoes just received.

## War Fate Sends McKay Back To Texas Lineup

AUSTIN, July 31 (AP)—The same war-time fate that a few weeks ago practically gutted the 1943 University of Texas football team today gave a substantial section of backbones. Coach Dana X. Bible announced that Roy Dale McKay, key man in last year's backfield of the Southwestern conference champions, had been assigned to the university as a navy V-5 trainee and that prospects were good that he would be eligible despite the fact he already has played three years of league ball.

Under relaxed conference rules, a player in McKay's spot must be approved by a majority of the conference, but university athletic officials believed this would be forthcoming. With McKay at fullback and Joe Magliolo, hard hitting blocker, also in the lineup, much of Bible's backfield worries are on their way to solution. He has several known and promising backfield men from the Austin High School Maroons to fill in some of the spots left vacant when marine reservists were transferred to Southwestern University.

Bible also announced he would begin preliminary workouts either Aug. 20 or 23, in view of the conference's agreement to permit an earlier start of training this season.

## Gunder Wins, But Sets No Speed Marks

CLEVELAND, July 31 (AP)—Gunder Haegg outdistanced three competitors tonight to win a speedy one-mile run at the Baldwin-Wallace college track, but his time of four minutes, five and four-tenths seconds was a tenth below his United States best of 4:05.3, and even better marks he and his countryman Arne Anderson posted in Sweden.

Haegg took the lead in the second quarter mile and kept it all the way to the finish from five yards ahead of Bill Hulise, speedy New York university freshman. Hulise made a fast finish to come in a yard ahead of Gil Dodds in an even four minutes, six seconds, best time ever made by an American runner.

Les Eisenhart, former Big Ten mile champion from Ohio State university, came in a poor fourth. Hulise's time was seven tenths of a second faster than Glenn Cunningham's old record of 4:06.7, which fell to Haegg last week.

## S'west Grid Rehearsal To Start Aug. 20

DALLAS, July 31 (AP)—Southwest conference schools have voted unanimously to permit informal football practice at this time with regular fall training to start Aug. 20.

Because the schools will have largely new material, including men from the naval V-12 program, some of whom have played at other colleges but are known to the coaches only by reputation, it was decided to provide an earlier opening.

James W. St. Clair, secretary-treasurer of the conference, announced this action today after tabulation of a mail vote.

Under the old rule no team could open training until Sept. 5. The new rule was voted for the duration of the war.

## Rice Squad To Be Completely Green

HOUSTON, July 31 (AP)—Rice Institute's Coach Jess Neely said up his 1943 football prospects today with the statement: "Only a handful of the 90 boys who plan to report have played any college football and most of them were not regulars in high school football. I'll have to get them on a gridiron to tell what most of them can do."

Neely said that he hoped to call a brief summer football practice early next week.

The only name familiar on the Rice roster to Southwest conference fans is Charlie Malmberg, 290 pounder who has held a regular tackle slot for two seasons. Neely said he had "hopes of a good line" but that backfield prospects "are gloomy."

## OIL RESERVES SHOW DECLINE

TULSA, Okla., July 31 (AP)—The decline of proven petroleum reserves in the United States continued during the first half of 1943 following the downward trend of the past five years, the Oil & Gas Journal said.

New discoveries and extensions to previously productive fields fell short by 271,897,000 barrels of balancing with crude oil production for the period.

## Tate Racks Up A Two Hitter In Softball

Tate's two-hit pitching featured play in the Big Spring Bombardier School enlisted men's softball league Friday when matters generally were shaping up as a batters' paradise.

Curiously, the 78th scored three runs off Tate, but it lacked a lot equalling the eight points his mates piled up to give the 359th its seventh win of the second half.

The score was 5-3. Darama had a perfect day at bat for the 380th with a single and three walks. Miner hit two for three and Weakley's double went for the only extra base hit in the game. Barkley and Barbour each singled to account for the 78th's total hits. Their fielding, along with Adolph for the winners, stood out.

The 1047th Guard, a slugging outfit from way back, let go on the Medical Detachment and bludgeoned out a 19-4 win. The rejuvenated 365th romped all over the hapless Mess Company, 11-3, in other games.

Redick and Harrell each had a perfect day for the Guard, the former collecting a brace of doubles and as many singles, while Harrell doubled and had two singles. Sgt. Hunter, leading hitter of the league, doubled and singled in three times up. Sgt. Mallico clouted a home run for the victors. For the Medicos, Grass collected a double and single and Sgt. Tomczak and Sgt. Catalina each singled to round out Medical hitting.

Elliott led the 365th attack with three bingles. Lazarus homered and added a single while Durham and Mearns had two for four. For the Mess, Wolfe and Bergin had two for four, Wolfe including a homer in his total.

Line scores: R H E

## Greenberg, Evert In Final Net Round

FERNDALE, N. Y., July 31 (AP)—Seymour Greenberg, southpaw tennis player who holds the national clay courts title, and Jimmy Evert of Notre Dame university, moved into the final round of the Sullivan county tournament today.

Greenberg was extended all the way to defeat George Ball of El Paso, Tex., 6-2, 7-5, but Evert never removed his sweat shirt in downing Axel Ducker of New York, 6-3, 6-2. The title will be decided tomorrow.

## Texas Horse Bests Favorite To Grab Prize At Arlington

CHICAGO, July 31 (AP)—Marriage, a seven year old veteran of stretch runs, today added the \$59,300 Arlington handicap to his long list of triumphs, defeating the heavily played favorite, Thumbs Up, by a length.

Anticlimax was third a nose back of Thumbs Up in this mile and a quarter race which closed the highly successful 36-day Arlington Park meeting.

Marriage, a former plater, older by two years than any other horse in the race, plowed down the long stretch in a thrilling head and head duel with Salto to the cheers of 20,000. The winner is owned by the turf firm of Rene Coward and Carl Cuppy, of Lufkin, Texas. They picked up a check for \$40,950 for Marriage's victory.

Marriage was overlooked in the wagering, returning \$18.40, \$6.40 and \$4.40 across the board. Thumbs Up, owned by Louis B. Mayer, Hollywood, Calif., motion picture producer, paid \$3.00 to place and \$2.50 to show, while Anticlimax, owned by Hal Price Headley, Lexington, Ky., returned \$4.20 to show.

The winner, ridden by Jockey George Burns, ran the distance in 2:03 3-5. Jockey Burns got Marriage out of the starting gate alertly and sent him to the front on the dash for the first turn, but yielded the peacemaking position to Salto as they went around the curve. Salto retained the advantage down the back stretch with Marriage running second. The Mayer entry of Kings Abbey and Thumbs Up followed closely.

At the head of the stretch Salto was in front, with Marriage in blistering pursuit. They ran head and head, and then Marriage drew away. Midway through the straightaway, Thumbs Up ridden by Jockey Otto Groh, came on with determination alongside the rail.

But foxy George Burns on Marriage wasn't letting Thumbs Up through. Groh took up Thumbs Up a bit and was further handicapped by having to whip Thumbs Up left-handed the rest of the way.

Although not very consistent, Marriage has won many a big race since Hirsch Jacobs took him from a cheap claiming race several years ago. The present owners claimed Marriage for \$5,000 from Jacobs two years ago this fall. Marriage's victory—his most important of the year—zoomed his 1943 winnings to \$81,675.

Tuero, 17-year-old star who hopes to add the national junior crown on the same Kalamazoo College courts next week, gained a three-set triumph over sixth seeded Ed Ray of Taft, Tex., 6-2, 6-1, 8-8. Ray, 16, is just from the boys ranks.

Flem completed the tournament without the loss of a set by thrusting aside unseeded Robert Galloway of Due West, S. C., 6-2, 6-4. Both boys are 14.

Tuero came back later today paired with Billy Windham of Orlando, Fla., to defeat Howe Atwater and Jerry Evert of Chicago, 6-3, 3-6, 6-3, 6-2, for the western doubles title.

Edwin Davis of Baton Rouge, La., and Herbert (Buddy) Behrens of Ft. Lauderdale, Fla., took the boys' doubles title by defeating Galloway and Oliver Roddey of Charlotte, N. C., 6-3, 6-3.

## Shut Out Is First In Saratoga Race

NEW YORK, July 31 (AP)—They put blinkers on Shut Out today—and the champ came back. The Chocolate son of the Chocolate Soldier, a fair-haired boy last year, after winning the Kentucky Derby, and a "bum" so far this season, ran off and hid from half a dozen other handicap campaigners in the 14th running of the Wilson mile in Saratoga's transplanted meeting at Belmont in a snappy 1:36 2-5. Mrs. Ed Mulrennan's first Fiddle passed the fading Apache in the stretch to take the place spot over by half a length. Shut Out returned \$10.10 for each \$2 win ticket and picked up an \$8,350 pay check at the wire.

## SENS TRAMPLE BROWNS

WASHINGTON, July 31 (AP)—The Washington Senators assaulted St. Louis pitchers with a 16-hit attack in the early innings to swamp the Browns, 14 to 7, before 9,325 customers tonight. Dutch Leonard held the Browns in check most of the way to register his seventh win against 10 losses.

**BUCKY WINS**  
CINCINNATI, July 31 (AP)—Bucky Walters led his Cincinnati teammates to a 4 to 2 victory over the New York Giants tonight in a hard fought battle. Walters was touched for 10 hits but New York's only runs came in the sixth inning when Sid Gordon blasted a home run over the left field wall with a mate aboard.

**THIS TIRE NEEDS RECAPPING!**

**Are Your Tires Worn Smooth?**

When the non-skid pattern on your tires disappears and you're riding on a smooth surface—it's time to check with the experts! Not all tires can be successfully recapped—if the side-walls are bruised or if the carcass is damaged by improper inflation the tire may not be worth recapping! But we can tell you if your tires are in line for more mileage—if you are giving them the proper care—and we can do an expert job of recapping!

**OUR RECAPPING MACHINES**

are working overtime to fill the orders and keep transportation rolling! Another reason for checking your tires before the non-skid pattern disappears.

**FREQUENT INSPECTION**

helps keep your tires in top condition! Experts can tell when you're not caring for your tires properly. They also can tell about how soon recapping should be done!

**10 WAYS TO CONSERVE:**

1. Drive at moderate speeds.
2. Use brakes with care.
3. Take curves slowly.
4. Look out for bumps.
5. Keep tires properly inflated.
6. Keep brakes equalized.
7. Keep wheels aligned.
8. Cross-switch your tires.
9. Repair Promptly.
10. Keep car and tires under cover when possible.

Service Wives—Three clubs have been organized here since the opening of the Big Spring Bombardier School, and each is a club for service men's wives who get together for bridge, theatre parties, luncheons and Red Cross work.

The largest of the three is the Officers' Wives club which meets on Tuesday afternoon twice each month. The average attendance at luncheons which are held in the officers' club at the post ranges from 100 to 125 members.

Pictured above are the club officers who were elected recently. From left to right are Mrs. Eugene Magruder, secretary; Mrs. Joe Rohnett, vice president; Mrs. R. W. Warren, president; Mrs. J. P. Rayzor, treasurer, and Mrs. Roy B. Davis, Jr., reporter and club hostess.

The Cadets' Wives Club, one of the most active groups in Big Spring, was organized several months ago, and is unlike the others in that the membership changes every 12 weeks when club members' husbands graduate at the local school.

Pictured center photo are the club members who entertained recently with a luncheon at the Settles hotel honoring members whose husbands graduated with class 43-10. From left to right the group included (top row) Mrs. Dora Proctor, Mrs. Martha McCoy, Mrs. Helen Gibson, Mrs. Ruth Partan, Mrs. Jeanette Hillweg, Mrs. Thelma Lott; (second row) Mrs. Florence Phillips, Mrs. Peggy Parrock, Mrs. Natalie Montgomery, Mrs. Dell Murray, Mrs. Virginia Orlopp and Mrs. Winnie Hensley. The lower row includes Mrs. Helen Ebbert; Mrs. Ellen Polly, Mrs. Conchita Polly and Mrs. Natalie Patterson.

Learning the knack of finger painting are members of the Service Men's Wives club pictured below. The group meets at the local USO club on Thursday afternoons, and sessions are devoted to luncheons, theatre parties, picnics and dances. Recently a craft class was organized by USO officials in order that service

men's wives may learn to make wall plaques, table ornaments, fruit bowls, etc. Mrs. Mary Locke who has had previous experience in the art department at Hardin-Simmons University is instructor, and teaches the group.

Pictured here from left to right are Mrs. Irene Auringer, Mrs. L. E. Drake, Mrs. Rosalind Weinstein, Mrs. C. L. Hardin, Mrs. Helyn Butler, and Mrs. J. M. Moon.

Meeting together these women who share the same problems are finding fun, relaxation, and new friends at their clubs. It's a lonely wife who finds herself in a strange town with no place to go and no one to talk to. Once she finds other women with much in common, she becomes a part of community life.

### WAC Dance Given At Settles

Dancing to the post orchestra, a large number of military and civilians attended the WAC benefit ball held Saturday night at the Settles hotel.

The event was given to furnish funds for dayrooms for the local contingent of WAC's, and was sponsored by the American Legion.

Special Services furnished the floor show which had Cadet Kirby Brooks as master of ceremonies. Cadet Bill Mosler played a xylophone solo and Sgt. Hal Harris and his "Corn Huskers" played several numbers.

Sgt. and Mrs. George Dukish presented a magician's act and Cadet Brooks sang several solos. Imitations were given by Sgt. Dale Francis.

A chorus of WACs sang several WAC songs to close the program and included the novelty "G. I. Song" and a medley of World War One songs dedicated to the American Legion.

The Business and Professional Woman's club will entertain the Woman's Army with a picnic at the city park Tuesday night at 8:30 o'clock.

Transportation will be furnished the WACs from the post at 8 p. m. and club members are to meet at 7:45 o'clock at the First Methodist church.

Program is being planned for the evening under direction of Helen Duley.

### Engagement Of Colorado City Couple Told

COLORADO CITY, July 31.—The engagement and approaching marriage of Margery Plaster and Manford Hardegree was announced in Colorado City Friday evening when the mother of the bride-to-be, Mrs. George Plaster entertained a hundred guests at a reception in the Plaster home. Assistant hostesses were Mrs. Harold Boney, Mrs. Homer Winnett, and Mrs. George Irvin Plaster.

The living room was decorated with asters, pink daisies, dahlias, zinnias and fern. The lace-covered refreshment table held an arrangement of blue shasta daisies and fern in a blue urn on a blue reflector. The blue crystal punch service completed the table details.

Mrs. Boney greeted the guests and presented them to the receiving line. The honoree and her mother were assisted in receiving by the mother of the bride-to-be, Mrs. S. K. Hardegree, his sister, Reba Hardegree, and Mrs. George Irvin Plaster.

The announcement was told on plate favor wedding bells of silver and blue. Refreshments of miniature tiered wedding cakes and punch were served by Jackie Hamilton, Helen Marie Knocke, Sue Hardegree, and Mrs. Leslie Wood. Also in the houseparty were Sara Carter, Mrs. Winnett, and Willie Mae Dittford who presided at the bride's register.

The marriage of the couple will take place the first week in August. Miss Plaster is the daughter of a pioneer Mitchell county ranch family. A graduate of Colorado City high school, she attended business college and was until recently employed by the TWA airlines office in Winslow, Ariz.

Hardegree is a 1942 graduate of Colorado City high school and was chosen king of the student body his senior year. He is associated with his father in the Colorado Produce Co., here.

### District Scout Leader Leaves After Meetings Held Here This Week

Mrs. Gretchen Kidd, who has been appointed Girl Scout Area Supervisor for this district, has returned to Austin after staging several meetings here during the week with troops, leaders, and council members.

Mrs. Kidd will return to Big Spring in August and will make Big Spring her headquarters and work out of the city for this area.

Approximately 700,000 workers are directly employed in American shipyards.

### VISITS AND VISITORS

Mrs. W. G. Wilson, Jr., has returned from a ten day visit with friends and relatives in Texas and Marshall.

Mrs. Roy Godfrey left Saturday for Ocala to visit with Judge and Mrs. C. E. Davidson.

Mr. and Mrs. E. E. Sanders have had as guests this week, Mr. and Mrs. J. W. Sanders of Houston. The guests returned Friday accompanied by Alice Sanders, who will stay in Houston for a week.

Mr. and Mrs. Hollis Webb will move this week to the Merrill Creighton farm near Fairview. Mr. and Mrs. Creighton are moving to town to live at the Webb house, 1108 Wood street.

Mr. and Mrs. Alton Underwood have as weekend guests her parents, Mr. and Mrs. L. McDaniel of Abilene.

Odessa Crenshaw has been promoted to the rank of Technician fourth grade, according to word received here by her parents, Mr. and Mrs. J. F. Crenshaw. T-4 Crenshaw is stationed with the WACs at Nacogdoches, with the Headquarters company.

Mrs. T. J. Walker, who returned recently from Fort Worth, was accompanied here by her daughter, Mrs. R. E. Coleman and son, who will be here for a few days.

Pvt. Bob Little, son of Mr. and Mrs. Dave Little, reported to be at Fort Knox, Ky., is actually in North Africa, his parents announced. He has been there for the past two months where he says it is hot but they have plenty of good food to eat.

Lieut. Dan Bearden of Philadelphia, Pa. Mrs. Pat Tatum of Burnet and Mrs. Audrey Miller of Midland are here to visit their mother, Mrs. Nan Bearden, who is ill.

Mr. and Mrs. Will Reed of Snyder and Mr. and Mrs. Edgar Johnson of Ackerly were the guests of Mr. and Mrs. D. F. Bigony last Sunday.

Dr. and Mrs. E. O. Ellington have returned from a two week visit to East Texas.

Lieut. and Mrs. Elmer Potter, Jr. of California are visiting in town for a few days en route to Paris where he has been stationed. Lieut. Potter is a former Big Spring resident, son of Mr. and Mrs. E. W. Potter, one time residents here.

Harold Canning of the RCAF stationed at Toronto, Canada, arrived here Thursday for a visit with his parents, Major and Mrs. L. W. Canning.

Mrs. and Mrs. H. E. Mosley have returned from El Paso where they spent several days vacationing.

Guest of Lillian Shick and Mr. and Mrs. Nat Shick is Sgt. G. D. Dawson, who is visiting here this weekend en route back to California from a 15-day furlough in Abilene. Sgt. Dawson, who is with the ordnance department, is stationed at Camp Santa Anita, Arcadia, Calif.

H. C. Porter left this weekend for Hollywood, Calif., to visit his wife and daughter, Jean Porter, who is currently working for Metro on a new picture with Mickey Rooney.

Mr. and Mrs. T. S. Currie will leave Tuesday for a ten day vacation in Mineral Wells.

### Evacuated Children Write Thanks For Christmas Gifts

Christmas boxes sent last November from the Moore School children to evacuated London children at West Hoathley, Sussex, England, arrived there just before Easter and were welcome gifts according to letters received this week by Miss Anna Smith, Moore school principal, addressed as "Head Mistress."

The boxes, a project of the Red Cross, contained soap, tooth brushes, tooth paste, beads, hair ribbons and other articles for children.

Writing back their thanks, all the children told of a "Wings for Victory Week" which was held in May and a concert used to raise funds. One eight year old girl, Jean Unseil, wrote of the "babies in the parade."

All the children had been evacuated four years ago to St. Mary's school, the Village Hall in West Hoathley and said they like the country very well. One Michael Hows was interested in Americans.

Lieut. Dan Bearden of Philadelphia, Pa. Mrs. Pat Tatum of Burnet and Mrs. Audrey Miller of Midland are here to visit their mother, Mrs. Nan Bearden, who is ill.

Mr. and Mrs. Will Reed of Snyder and Mr. and Mrs. Edgar Johnson of Ackerly were the guests of Mr. and Mrs. D. F. Bigony last Sunday.

Dr. and Mrs. E. O. Ellington have returned from a two week visit to East Texas.

Lieut. and Mrs. Elmer Potter, Jr. of California are visiting in town for a few days en route to Paris where he has been stationed. Lieut. Potter is a former Big Spring resident, son of Mr. and Mrs. E. W. Potter, one time residents here.

Harold Canning of the RCAF stationed at Toronto, Canada, arrived here Thursday for a visit with his parents, Major and Mrs. L. W. Canning.

Mrs. and Mrs. H. E. Mosley have returned from El Paso where they spent several days vacationing.

Guest of Lillian Shick and Mr. and Mrs. Nat Shick is Sgt. G. D. Dawson, who is visiting here this weekend en route back to California from a 15-day furlough in Abilene. Sgt. Dawson, who is with the ordnance department, is stationed at Camp Santa Anita, Arcadia, Calif.

H. C. Porter left this weekend for Hollywood, Calif., to visit his wife and daughter, Jean Porter, who is currently working for Metro on a new picture with Mickey Rooney.

Mr. and Mrs. T. S. Currie will leave Tuesday for a ten day vacation in Mineral Wells.

### Cosden Chatter-FORMAL DANCE AT USO HERE THURSDAY

The tax department has acquired a new face, Mrs. Mary Louise Griffin.

Several of our officials have been, and are, out of town on company business. R. L. Tollett has just returned from a four-day trip to Houston and Dallas.

Ed Gabriel has been in St. Louis, Mo., this week, but expects to be in the office Monday.

J. A. Selkirk returned Saturday from a two-day stay in Dallas, where he has been conferring with the War Labor Board.

Elsaine Path of the purchasing department was muchly "no-account" yesterday because she learned, after the case to work, that her husband, S-Sgt. Harry Path, had returned from a week's maneuvers.

Back on the job is Eunice Evans of the sales department. She and her husband, Cpl. E. E. Evans, went home on a two-weeks furlough. "Home" is Marshalltown, Iowa. They also visited in Albert Lea, Minn., and Des Moines, Iowa.

The sales department seems to be more minus than plus the latter part of the week with W. E. Gibson in Dallas, Fort Worth and Houston; Sam Heffner and Carl Smith in Deming, N. M., and Leonard Blackwell in Fort Worth and Dallas on company business.

The personnel department, too, lost its "boss" for two days when Jack Smith went to Abilene on business.

Welcome to several new employees... Fred Ben Skiles, Clyde Smith, William H. Anderson and Clifton Peacock, are now working as transport truck drivers—"Keep 'em rolling," boys!

Dr. and Mrs. W. F. Stampff of Holland, Mich., are the parents of a daughter born July 27th. The child has been named Judith Anna. Dr. Stampff, who formerly lived here and is a nephew of Mrs. Victor Martin, is now with the Kellogg Foundation in Michigan.

### Class Room Painted By Members Of Philathea Class

Covered-dish luncheon was served at the all-day meeting of the Philathea class at the First Methodist church Friday when members met to re-decorate the classroom which is also the church parlor.

Walls were painted and woodwork redone and new handmade draperies were put up by the group.

Present were Mrs. Lewis Murdock, Mrs. S. R. Nobles, Mrs. C. W. Guthrie, Mrs. Albert Smith, Mrs. Clyde Smith, Mrs. M. E. Cooley, Mrs. Jake Bishop, Mrs. Charles Watson, Mrs. M. A. Cook, Mrs. J. D. O'Barr.

Mrs. Robert Hill, Mrs. Frank Wilson, Mrs. C. E. Moss, Mrs. S. H. Newberg, Mrs. Royce Setzer, Mrs. Emmon Lovelady, Mrs. O. D. Cordill, and Bobby Nobles.

The class will meet Wednesday for regular business meeting and class day luncheon.

### Training Union To Have City Wide Meeting At Baptist Church Today

A city-wide Training Union Federation will be held at 4 p. m. Sunday afternoon at the East 4th St. Baptist church. A program is to be presented with C. V. Warren, head of the organization, in charge.

This will be first of a series of meetings to be held at Baptist churches in the city each month.

Charts in Spanish

EDINBURG, July 31 (AP)—Secretary Homer Rowe of the Hidalgo county war price and rationing board said that point rationing charts printed in Spanish will soon be ready for distribution to all stores with a large percentage of Latin American or Mexican customers.

### "The Prodigal Women"

### Lieut. Gilliland, Miss Meadows Wed In Tampa, Fla.

Mr. and Mrs. A. F. Gilliland announced the marriage of their son, Lieut. Elton Gilliland, and Viola Meadows on July 21 at Tampa, Fla.

Lieut. Gilliland was graduated from Big Spring high school and later attended Texas University. He joined a construction crew in November of 1941 en route to Guam but after the Pearl Harbor attack, his ship finally docked at Australia.

He was three months returning to the United States and then joined the army. He received his commission at Fort Monmouth, N. J., in October of last year and has been stationed since then at Drew Field, Fla., with the signal corps.

### Elvina Jones And Pvt. W. Henry Wed

Elvina Jones and Pvt. Wilborn Henry were married Thursday evening in the home of the Rev. W. L. Porterfield, who read the double ring ceremony. The pastor of the Wesley Methodist church read the service at 9:30 p. m.

The bride's parents, Mr. and Mrs. Fred Smith, reside in Big Spring, and her flowers were white roses arranged in a head wreath. Her corsage was of pink and white roses.

The couple was attended by his sister and husband, Mr. and Mrs. Oscar Self, and Mrs. Archie Henry.

The brides parents, Mr. and Mrs. Fred Smith, reside in Big Spring. The couple left following the wedding for Melrose, New Mexico, where the bridegroom's parents, Mr. and Mrs. A. C. Henry live.

The couple will be at home in Big Spring on their return. Pvt. Henry is stationed at the AAFBS here.

### Victory Bridge Club Entertained In The W. M. Gage Home

The Victory Bridge club met Friday in the home of Mrs. W. M. Gage and three guests, Mrs. R. E. Coleman of Fort Worth, Mrs. Fred Beckham and Mrs. Herschel Petty, were included.

Mrs. Coleman won the floating prize and Mrs. Beckham and Mrs. A. G. Hall bingo prizes.

Sweetpeas were table decorations along with zinnias. Refreshments were served and others present were Mrs. T. J. Walker, Mrs. G. C. Graves, and Mrs. C. M. Shaw. Mrs. Walker is to be next hostess.

About 75,000 men now constitute the personnel of the U. S. merchant marine.

### ENTRE NOUS CLUB IS ENTERTAINED IN H. JOHNSON HOME

Mrs. Herbert Johnson entertained the Entre Nous club in her home Friday and included Mrs. C. H. Newton as guest.

Mrs. Newton won guest high score and Mrs. H. V. Crocker, club high score. Bingo winners were Mrs. John Davis and Mrs. R. L. Pritchett.

Refreshments were served and others present were Mrs. C. E. Johnson, Mrs. Johnny Garrison, Mrs. Guy Stinebaugh, and Mrs. Hollis Webb. Mrs. Garner McAdams is to be next hostess.

# Miss Frazier To Give Voice And Piano Recital At USO Monday

## Townspiece Invited To Soldier Center

Highlight of the Open House Monday night at the USO will be a voice and piano recital given at Cornelia Frazier at 9:15 o'clock. Every Monday night a special program is presented at the soldier center and townspeople are invited to visit the center.

The recital is to be given in the USO garden and townspeople are urged to attend.

Miss Frazier will begin her recital with a piano group including "Sonata in B Flat", allegro con brio, by Beethoven; "Soaring" by Schumann and "Butterfly" by La

Valla.

The second group will be songs including "Vittoria, Mio Core" by Carissimi; "O Divine Redeemer," by Gounod; and "Across the Hills," by Heymann.

After an intermission the third group will be piano numbers... "Fantasia Improvita" by Chopin and "Black Key Etude" also by Chopin; and "Fughetta on Dixie Theme" by Mann-Zucca.

The last group will be vocal numbers including "The Kiss" (Il Bacio) by Ardit; "Let My Songs Fill Your Heart" by Ernest Charles and "Bombardiers" by Young-Maddox.

## Miss Laneous

### Notes

#### MARY WHELAN

#### THOUGHTS WHEN WE SHOULD BE WORKING

If some of the gals would just start the fad, we'd join in a shaved head movement during hot weather. Everybody would look funny, but bet it feels cooler than a bunch of curls dangling down on the neck.

Now all the armchair generals can speculate on Italy and the new Badoglio and the action to be taken. Also, where the Museo is AT is something else that the big brains can toss around over coffee cups and other liquids.

Maybe we're naive but we thought the president's speech was pretty good and lacking any qualms for a fourth term plug. We didn't catch any hidden meanings or see any planks for another platform, but then we could be wrong. It's happened before.

Heard someone complain the other day that all they heard about, read about, or thought about any more was the war and they wished folks would talk about something else. That remark gets our double zero rating for the week. Maybe we could all play like there was no war!

Some of the most graphic writing we've ever read has come from the battle of Sicily by correspondents. After reading some of their articles we felt as if we'd been right along. This is something the average American hasn't been treated to before as returning soldiers seldom tell.

#### Farewell Party Held For Mrs. Roy Veatch In Beckham Home

Mrs. Roy Veatch was honored with a farewell party Friday morning at 10 a. m. in the Fred Beckham home with Mrs. C. C. Coffee as co-hostess.

Dahlias, daisies, and roses were room decorations. Mrs. Veatch, who has been teaching school here for a number of years, is moving to Lubbock where the family will make its home.

Gifts were presented and refreshments were served. Present were Mrs. Ruth Burnam, Mrs. J. J. Throop, Mrs. Gene McAllen, Mrs. W. C. Ryan, Mrs. W. E. McAllen, Mrs. Clyde Angel, Mrs. C. A. Flint, Mrs. Kelly Lawrence, Mrs. S. M. Smith, Mrs. A. C. Kioyen, Mrs. Judge Gardner, Mrs. James Fowler, Mrs. Veatch, and the hostesses.

Gifts were sent by Mrs. Chester H. Draper, Mrs. F. M. Purser, Mrs. Matt Harrington, and Mrs. Clayton McCarty.

### Vacation Trips Are Main Talk Of The D's And The First Part Of The E's

#### These Residents Have Varied And Many Activities

**IRA DRIVER**—Mrs. Driver was busy Saturday making watermelon sweet pickles. She reported that Mrs. E. P. Driver of Monahan had spent the weekend here from Pyote where First Sergeant Driver is stationed.

**C. M. DUBLIN**—Mrs. Horace Garrett answered the phone at her mother's and reported that Stella Flynt has arrived here for a weekend visit from Fort Worth. Mrs. Howard Memper and Dorothy Jean of Abilene are also visiting here with the Garretts.

**JAMES L. DUKE**—Mrs. Duke reported that nothing was going on at her house but that they were looking forward to a vacation sometime maybe in October.

**C. R. DUNAGAN**—Mrs. Dunagan says they are just spending the summer here at home.

**SAM DUNCAN**—Mrs. Duncan had moved and her telephone had not been transferred so she could not be contacted.

**G. C. DUNHAM**—Mr. and Mrs. Dunham and Marie spent Friday in Midland with the Aldridge Estes family where he was celebrating his birthday anniversary.

While they were there the Estes, Button, called from Trenton, couldn't be contacted. They also reported that the W. R. Pucketts and other Big Spring people attended.

**R. D. DUNIVAN**—Mrs. Dunivan reported their aunt, Mrs. L. Rogers of Corpus Christi was here visiting with Mrs. J. T. Dunivan.

**J. L. DUNKERLY**—Lieut. and Mrs. Dunkerly have just returned from a six weeks stay in Carlsbad where he was on detached service.

**DENVER DUNN**—Mrs. Dunn was busy fixing dinner for her guests, her mother, Mrs. J. W. Pittman of Dublin, who is visiting here for several months after being in Baton Rouge, La., and her nephew, Billy Ray Cannon of Dublin, who will return home Sunday.

**JOHN DUKES**—Mrs. John Dukes has returned from Denver, Colo., where a daughter, Susan, was born some three weeks ago. Lieut. Dukes is stationed at the AAFBS and the couple resides at the Settles hotel.

**H. E. DUNNING**—Mrs. Dunning had her nephew and wife, Mr. and Mrs. G. D. McConnell of Merkel as guests until Saturday.

**A. B. DYER**—Mrs. Dyer has been ill with an infected lip but is recovered and plans to leave Monday for Mingo to visit her mother, Mrs. J. T. Bernard. Her niece, Micky Miller, has arrived here to make her home with the Dyers.

**RUTH DYER**—Ruth and Marie Dyer have as a guest their niece, Bobbie Ruth Beach of Fort Worth, who will be here several weeks.

**THE E'S**  
**BILLY EARLEY**—Mrs. Earley had no news except she was busy cleaning house and trying to play with the children's pet duck. It is such a household pet, Mrs. Earley explained that her husband is teasing her that he'll have to buy her a duck so the youngsters will get to play with theirs.

**FRANKLIN EARLEY**—Mrs. Earley was glad to tell that her son, Franklin, Jr., is getting better after an illness and she is taking him this weekend to Odessa to visit with Mrs. E. G. Lockier.

**S. T. EASON**—Mrs. Eason said she and Mr. and Mrs. Wyatt Eason are planning on going to Hot Springs, Ark., for a stay some time this week "if we can ever get off."

**WARREN N. EDSON**—The Edsons have had as guests her brother, and family, Col. and Mrs. Robert D. Adair and son, Terry. Mrs. Terry has returned to Phoenix, Ariz.

**HENRY EDWARDS**—Mrs. Edwards had gone to work when called, so couldn't contact her.

**JAMES EDWARDS**—Mrs. Bart Wilkinson and Winnell and Mrs. F. Nugent spent Friday in Midland so Mrs. Edwards played nursemaid and kept their children.

### USO IS BUSY SPOT DURING WEEKEND

Service Men's Wives club met at the Red Cross room Tuesday and Thursday of this week to assist with the work and also met at the USO Thursday to continue the craft class.

Fingerpainting, pottery and conventional designs made as samples for Christmas presents were done.

Seven Junior hostesses were on hand Friday night as dancing partners for the ballroom class. These included Mosele Bradley, Mary Lee Beavers, Arline Robinson, Dorothy Long, Mrs. Ruth Burnam, Norma Nell Burrell, and the instructor, Mary Ruth Dills.

Square dancing and the Virginia Reel were also done with Cpl. Jesse Barnes in charge. Around 20 persons attended these classes.

Over 200 soldiers visited the center Friday night.

The Snack Bar is open every night from 7 p. m. to closing time. Mrs. Anne Houser announced, to sell candy, sandwiches, cigarettes and drinks. The snack bar has proved especially popular for soldiers in transit.

The canteen is open from 4 o'clock to 9 o'clock each Saturday with free tea and cookies for the soldiers. Sunday during hospital hour the women of various churches serve free sandwiches, cakes and tea from 5 o'clock to 7 o'clock.

#### Food Conservation Agent Completes Work Here

Mildred Atkinson, special foods conservation agent, completed her work here Saturday and returned to her home in Sterling City after two months spent in Big Spring.

The closing session was held Friday morning at the First Presbyterian church where Miss Atkinson demonstrated canning of black eyed peas, carrots and apples. Drying apples and carrots in the electric dehydrator and also making apple butter were part of the demonstration.

The all-day session was attended by twelve persons. Miss Atkinson expressed her appreciation for the cooperation of all those in Big Spring during her stay here.

Mrs. Eugene Thomas and Mrs. Dee Foster have returned from a week's stay in Graham with J. D. Cagle, son of Mrs. Thomas, who underwent an appendectomy. Cagle is reported improving.

### CALENDAR

#### MONDAY

FIRST CHRISTIAN Council will meet at 3 o'clock at the church for a missionary program.

PRESBYTERIAN Auxiliary will meet at 3:15 o'clock at the church for a business meeting and inspirational with Mrs. W. E. Wright, Christian Social Service chairman, as program leader.

9:00—Recording hour at USO.  
8:45 Dance at post, special services office in charge.

#### FOOD SALE HELD

A smaller food sale than usual was held at the county agent's office Saturday by home demonstration club women. Plenty of buyers were on hand but there were fewer products to sell. Around \$5 was raised.

However, the club women have already made \$117 on their budget from food sales held in the past and Saturday's sale was only an extra event.

Love Of Liberty Shown In Welcome Accorded Allies

The world has seen no more powerful evidence of the common love of the human race for genuine liberty than is being shown in the reception given American troops by people of countries freed from Axis oppression.

liberate, represents a responsibility more stupendous than ever any nation has inherited. Ordinarily humanity demands that the immediate physical needs of these people be cared for.

this war, we were sincere in our declarations of aims and whether we have the moral stamina to see that those ideals are carried out.

New Gains Scored In Drive To Make Sea Lanes Safer

By HERMAN R. ALLEN WASHINGTON — It's a two-ocean war, and both oceans are the scene of submarine warfare the like of which was probably never dreamed of even by Jules Verne.

1—New escort aircraft carriers and long-range aircraft. Recently a big convoy crossed the Atlantic with air protection the entire distance.

MURDER IN TIN

Chapter 12 Chevalle's Mexican servant eard-clasp. I sat down next to her on a couch covered with sombre grey and white serapes.

The Thrill That Comes Once In A Lifetime

Comic strip panel showing a man in a suit talking to a woman. Speech bubbles include: 'SAY, MISTER, HOW MANY PLANES WE MAKIN' RIGHT NOW?' and 'AN WHY AIN'T WE BOMBIN' TH' JAPS EVERY DAY TH' SAME AS TH' GERMANS?'.

Ginger Rogers Plays 'Lady In The Dark'

By ROBBIN COONS HOLLYWOOD — Everybody who follows the theater knows that "Lady in the Dark" is about a career girl who takes her inextinguishable dithers to a psychiatrist for solution.

REHABILITATION OF SMALL SOUTH AMERICAN AREA FURNISHES PARTIAL BLUEPRINT FOR POST-WAR PLANS

(First of Two Articles on Ecuador's model for post-war Europe. By JACK STINNETT WASHINGTON—Blueprint for resuscitation of the war torn world is being drawn today in little El Oro province in Ecuador on the west coast of South America.

the ashes and sickness of war. El Oro means "gold" and although it can't be said yet that the province is living up to its name, it has come a long way in that direction.

2—The training and morale of our submarine crews are of the highest order. Submarine service is voluntary, but the Navy has a waiting list.

After that, he was farmed out for a western, "The Gunmaster." He found himself touted as an expert horseman, which gave him some laughs. He had never met a horse before, not even socially.

Crossword Puzzle

Crossword puzzle grid with clues for Across and Down. Includes solutions for 'TONG CUP MALL' and 'WORLD'.

Comic strip panel showing a man and a woman talking. Speech bubbles include: 'WOW! I'M WILTED! THIS IS THE HOTTEST DAY YET' and 'A NICE BATH WILL COOL YOU OFF'.

Comic strip panel showing a man and a woman talking. Speech bubbles include: 'I FILLED THE TUB FOR YOU, DEAR—JUMP RIGHT IN' and 'YIPE'.

Advertisement for 'The Big Spring Herald' newspaper, published Sunday morning and weekday afternoon.

Comic strip panel showing a man and a woman talking. Speech bubbles include: 'WAAL—OL SNUFFY SHOWED UP IN SOUTH AMERICKY' and 'YUP—I BETCHY THEM FOLKS IN TRINNY-DAD TARRAN AN' FEATHERED TH' SHIFLESS SKONK AN' RID HIM OUT ON A RAIL'.

Comic strip panel showing a man and a woman talking. Speech bubbles include: 'I RECKON SNUFFY'LL BE TAKIN' OUT WNSHORANCE NAWW IN THAT THAR GOOD NEIGHBORLY POLICY' and 'PORE LOWWIZIE—SHE ALRUDY HAD TWO-THREE RIGHT SPRY WADDYWERS A SHANNAN UP TO HER'.

Comic strip panel showing a man and a woman talking. Speech bubbles include: 'LUCIUS WAS SO MUCH SICKER THAN THE OTHER TWO—THEY MUST HAVE LED HIM INTO EATING THOSE GREEN PLUMS!! I'D SAY SO TO ELLY, BUT...' and 'I TOLDJA HOW COUSIN LUCIUS ACTS!!—NO MORE DIGGIN' FOR TREASURE WHILE HE'S HERE!!'.

Comic strip panel showing a man and a woman talking. Speech bubbles include: 'I KNOW YOU CHILDREN WILL BE DISAPPOINTED, BUT I'M TAKING LUCIUS HOME SO DOCTOR DAWSON CAN LOOK THE LITTLE LAMB OVER VERY CAREFULLY!' and 'FROSTED COOKIES ARE SWELL, AUNT ELLY!! COULD EAT A HUNDRED OF EM!!'.

Comic strip panel showing a man and a woman talking. Speech bubbles include: 'TAKE IT EASY, JOCK—TAKE IT EASY—IT WON'T HURT YOU' and 'COME ON AWAY, ZERO IT GIVES ME THE WIM-WIMS TO SEE ANYBODY WORKIN' AT A JOB THEY DON'T LIKE'.

Comic strip panel showing a man and a woman talking. Speech bubbles include: 'HONEST—I GUESS MONKEYS ARE FUNNIER THAN CLOWNS OR ANYBODY—THE YOUNG ONES AN' THE OLD ONES—BIG ONES AN' LITTLE ONES' and 'I JUST DIE LAFFIN' AT 'EM ALL THE TIME—CLOWNS GOTTA TRY TO BE FUNNY, BUT IF YOU'RE A MONKEY, YOU JUST CAN'T HELP BEIN' FUNNY—EVEN IF YOU AREN'T TRYIN'-'.

Today, more than ever  
A store is known  
by the brands it keeps

Keeping store is a matter of keeping faith. It is a job of jealously guarding quality — of delivering honest value. And because quality is always eager to identify itself by name, you can judge the worth of the store by the fame of the names it keeps. At Elmo's men will find an imposing roster of famous names — names which mean superior material and styling. Now, when the clothes you buy must have the stamina to stand up longer — under harder usage — the names of quality brands become more important than ever — to you and to us. For you these top-flight brands make up a dependable guide to proven quality — for us names we proudly link with ours in the knowledge that "a store is known by the brands it keeps."

### Ickes To Meet With Midwest Committee

BLANCHESTER, O., July 31 (AP)—Rep. Clarence J. Brown (R-Ohio) said today an unofficial middle-west congressional rationing committee of which he is chairman would meet Thursday in Chicago to consider whether further gasoline restrictions are necessary outside the east.

Petroleum Administrator Ickes, who notified the committee today that changes in gasoline rationing "are in prospect," will meet with the group. Ickes had promised the committee he would discuss plans with it before tightening rationing in the middle and southwest.

### Bombardier Graduation Thursday

Class 43-11, the twelfth in eight months, is scheduled to graduate from the Big Spring Bombardier School on Thursday of this week. Thirty-eight states have contributed to this latest axis headache, Texas this time being represented by one cadet, William Butler of Karnes City.

At the graduation exercises which will be held in the post theater beginning at 9:30 a. m., all those lads who have survived the tough twelve weeks grind as cadets will be appointed flying officers and will be presented with their silver wings as bombardiers by Colonel Robert W. Warren, commandant of the school.

### Local Pastor Has Responsible Post

The Rev. P. D. "Dick" O'Brien, pastor of the First Baptist church, has been appointed to one of the most responsible posts under the Texas General Baptist convention—that of chairman of the committees.

It is the duty of this group to shape up all the committees which will serve in the operation of the Texas Baptists working conclave in November.

Others on the committee are the Rev. J. M. Sibley, Sweetwater; the Rev. Vernon Yearby, Midland; the Rev. Truman Crouch, West-erford, and Dr. Wallace Bassett, Dallas (Cliff Temple).

"Love" is the subject of the lesson-sermon which will be read at the Church of Christ, Scientist, at 217 1-2 Main street today. Golden Text is: "O God, Thou Art My God; Early Will I Seek Thee. . . Because Thy Loving Kindness is Better Than Life, My Lips Shall Praise Thee." (Psalms 63:1-3). Citations from Bible will include scriptures from Psalms 36:3. Citations from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, are drawn from page 275.

### AAFBS Notes— Promotions Announced

Promotion of two officers at the Big Spring Bombardier School has been announced.

Promoted from rank of second lieutenant to that of first lieutenant were: Earl L. Jones, Palestine, Texas, post weather officer, and Alvin H. Walter, San Antonio, 2052nd Ordnance air mission officer.

Capt. James J. Bradley, Chicago, Ill., was assigned on temporary 30-day duty to Fort Worth.

Capt. Edwin C. Helkilla, Brooklyn, N. Y., was assigned to La-remo Air Gunnery School for temporary duty for specialized training. 2nd Lieut. Herman A. Reque, Newark, N. J., was assigned for temporary duty at central instructors school at Randolph Field for specialized training.

Second Lieut. Herbert W. McMillin, Cleveland, Ohio, reported for assignment to the 75th bombardier training group for duty with the department of training.

Released from active duty and transferred to the enlisted reserve were Pfc. William A. Payne (medical detachment) Waco, Texas; Pfc. Joseph H. Sanders (medical detachment) Coalgide, and Pvt. Enrique Carrillo (812th) New York.

### RETAINS BOTH JOB AND WIFE

MARYVILLE, Tenn., July 31 (AP)—Constable E. E. Bates lives in Sevier County and his wife resides in Blount County—but they are only 20 feet apart and are as happily married as ever. The unique arrangement was made so that Bates could retain his job as constable in Sevier, where he had to reside. So he leased a plot of land on the county line, adjoining his 300-acre farm. Everything's legal and logical now, but the constable's tiny shack isn't so comfortable. He cats at his wife's house.

### Record Canning In Rio Grande Valley

WESLACO, July 31 (AP)—The Rio Grande Valley processing industry rang up a total of more than \$19,000,000 for the 1942-43 canning season in a summary of figures covering grapefruit juice, tomato and green bean packs which came to a close this month. The latest of the pack, the tomato crop, resulted in a record-breaking total of 1,055,400 cases valued to \$1,952,490, according to figures compiled by the South Texas Canners association.

### Extra Charge For Sitting Down

SAN ANGELO, July 31 (AP)—A rash of new departures in retail beverage dispensing since the inauguration of OPA beer price ceilings has been called to the attention of the Tom Green county rationing board. Several reports of "cover charges" which came in the front door as unrestricted beer prices went out the back seem to head the list. The idea is that the consumer can drink his Texas beer for 11 cents a bottle—and then pay a "cover charge" for the privilege to sit down and do it.

### The People of Big Spring Are Lucky!

While many towns are unfortunate in that they do not have enough doctors to take care of them, Big Spring does have enough doctors to take care of us adequately — if their time is not wasted.

Your Doctor could possibly see a dozen patients while making one home call.

Do not disturb his rest with night calls unless it is an absolute emergency!

Your Doctor will appreciate your kindness and thoughtfulness.

### Story

Continued from Page 13

Cheville a rich man? Did Cheville have any black-malling facts on Sam Taggard? Was the Frenchman's share in the Roberta Silver Mine Enterprises apportionment to a blackmailer? And if blackmail, what sort of blackmail was it? "That is so unfortunate," Cheville was saying. "Father has been gone six months," she said. "It's been lonely for Lila," I said. "Until recently I've been away. But now we are together again."

"That is better," Cheville murmured. "If I can help—Let us think. I have not been in mining enterprises a long time, but they are often conducted in secret. Very secret. Senior Taggard's lawyer!" he exclaimed. "You have, of course, seen the lawyer." "I've seen them. They know nothing," she said. Cheville frowned. "The lawyer is the midwife of the business man. The secret is the lawyer," he muttered vaguely. "Senorita," who is your father's current lawyer?" "Dominguez y Avendano." "An excellent firm. And they know nothing?" "I could have testified to the lack of knowledge of Dominguez and Avendano. We had put them through the mill several times. "Nothing," she replied. "Before Dominguez y Avendano," she said, "the lawyer of your father, who was he?" "Lansing, Sarabia, Sordo," she said. "Excellent. And?" "Nothing."

Talk of phoney clues! Or was it so phoney? Maybe, there was something to be discovered behind their patter about Taggard's lawyers.

### Delinquent Tax Collections Up

AUSTIN, July 31 (AP)—Improved business conditions in Texas have brought about a substantial increase in delinquent tax collections. Governor Coke Stevenson was informed today by C. H. Cavness, state auditor and efficiency expert.

Cavness reported a large decrease in bonded and net time warrant indebtedness in the last five years.

Delinquent ad valorem taxes due the state, counties and other units of government as of Sept. 1, 1942, totaled \$111,806,463.47, or \$17,143,370.40 less than the corresponding figure the year before.

Net bond and time warrant indebtedness, or the debt outstanding less sinking funds, totals \$601,571,611.40, or \$22,206,027.18 less than that reported for Sept. 1, 1941.

The report showed a decrease of \$44,802,975 in warrant and bonded indebtedness in the last five years.

### Ration Clinic Will Be Conducted Here

While the local ration office is closed Tuesday, board members and clerks will be assembled at the district courtroom—with similar officials from neighbor counties—for a ration clinic to be conducted here by officials from the district OPA office at Lubbock.

The session, one of a series of 10 being conducted over the area during the month of August, will start at 10 a. m., with both morning and afternoon sessions scheduled. Ration board members and clerks are to be here from Midland, Glascock, Sterling, Mitchell, Martin, Dawson, Scurry, Borden and Howard counties.

Appearing on the program will be District Director Howard Gholson; J. Doyle Settle, district rationing officer; J. B. Mooney, district price officer; Helen Montgomery, district information officer; and Vance Apple, district board operations officer.

Turin is second to Milan as an Italian rail center.
