

FIFTH WAR LOAN BOND RALLY JUNE 23

From The Editor's Window

The sixth exchange of war prisoners was completed on June 6 when the Swedish liner, the Gripsholm, brought to our shores 131 passengers which included fifty-one sick or wounded American soldiers who were prisoners of war in Germany. It also brought back thirty-seven Canadian soldiers and forty-three civilians.

The Gripsholm docked after a nine day voyage made without incident or accident.

Among the passengers brought back was Larry Allen, an Associated Press correspondent, who was captured by the Italians in 1942 when the British destroyer to which he had been assigned was sunk.

Sister Elizabeth Kenney, the famous Australian nurse who discovered a new treatment for infantile paralysis, has again found her way into prime when the New Jersey college for Women recently conferred upon her the honorary Master of Arts degree.

The ceremony took place at the twenty-third annual commencement on June 7 at New Brunswick, N. J.

At Denver, Colorado num-erology students have called attention to the fact that the European invasion started at the sixth hour of the sixth day of the sixth month which was 6 a. m. London time, June 6—while firing in World War One ceased at the eleventh hour of the eleventh day of the eleventh month which was November 11, 1918.

It is said that sugar stamp No. 37 in War Ration Book 4 will never be used. Because many persons sent this stamp to their local boards when applying for home canning sugar, instead of the correct stamp—spare stamp 37—OPA has announced that sugar stamp 37 will not be used at all, so that no one will suffer for this mistake.

It is reported that Charles A. Lindbergh is on leave from the Ford Motor Company, where he was employed as an aviation engineer, and is now located somewhere in the Pacific area teaching Marine combat fliers new tricks of high altitude flying. He left the Ford company several weeks ago and went to Marine Hospital in New York to prepare for overseas duty and was next heard from in the vicinity of the Gilbert Islands.

A colored man collected his nerve and took a ride in an airplane. As he climbed out of the ship on its return to the field, he turned to the pilot and said: "Suh, I has to thank you fo' both them rides."

"What do you mean," asked the pilot, "You only had one ride."

"No, suh," returned the passenger, "I done had two—my first and my last."

Mamie—So you managed to get a loan from the bank? You must have some very good letters of recommendation.

Marie—I did. You see I had a bunch of old love letters the president wrote me before he was married.

The first quadruplet children on record to reach maturity are the famous Keys quads.

Mary, the last of the group, was married last week to Sgt. Jack P. Anderson of Plano, Texas, who met her while she

(Continued on page 2)

Durwood and Donald Allen Meet in Italy, They Write Parents

Abilene Reporter - News: Sgt. Durwood S. Allen and Sgt. Donald Allen, sons of Mr. and Mrs. O. D. Allen, Putnam, Texas met recently in Italy, they have written their parents. Both are in the Army Air Force and went to Italy about the first of March this year.

Joe Donald is an engineer on a B-24 Liberator and on May 19 had completed 18 missions over enemy territory. Durwood is an airplane mechanic. His wife, Mrs. Earnestine Allen, is living in Coleman while he is in Italy.

Both boys are former students in Abilene Christian College, Abilene. A sister, Lt. Claudia @uy Allen, is in the Army Nurse Corps and is stationed at Ashburn General Hospital, McKinney, Texas.

E. P. Whitaker Home On Visit from Pacific Islands

E. P. Whitaker is in Putnam on a 30-day furlough after spending more than two years in the Southwestern Pacific Islands, Calidoneia, Gaudalcanal, Hiberdies and practically all of this group of islands occupied by the Japanese. Mr. Whitaker states American troops are moving faster than it was thought they could move, but it was yet a long way to Tokyo. He says he really did not know that Putnam and Putnam people really looked so good until after being in a country for more than two years without seeing a white man or a white woman outside of those connected with the Army.

He states that all of the languages used by the natives are signs in any of these islands. And the way of living is just as different as the languages. And that the people all go practically in the nude, both men and women. He says most all the natives on the islands are friendly to American soldiers and would aid them in anyway possible. They say the Japs are mean to them and they do not like the Japs very much. Mr. Whitaker says the soldiers give the natives cigarettes and things like that, which causes them to be very friendly toward them.

Mr. Whitaker is chief machinist of the Navy Seabees, and gives a very interesting story of his stay in the jungles and his two years in the service.

Farmers & Ranchers Can Secure Fish for Stocking New Tanks

Farmers and ranchers can secure fish for stocking tanks by making application at the county agent's office. It will be necessary to make application as soon as possible so that delivery can be made at an early date. It will be necessary for all applications to be in by the middle of July so that deliveries can be made in August and September.

MARY RUTH JOHNSON FIRST GIRL FEEDER IN CALLAHAN COUNTY

Mary Ruth Johnson of Oplin, is feeding a Hereford calf, selected from the commercial herd of Larimer Henry, east of Baird.

Mary Ruth is the first girl feeder in the county. The calf will be shown at the local fall and spring livestock show, and also at the Houston Fat Stock show, where it will be sold. Mary Ruth is the daughter of Mr. and Mrs. Wallace Johnson.

White's Tire Shop CISCO, TEXAS

Tire Repairing and Recapping

Fort Worth Highway East of Viaduct

Take no chances, but have your tires repaired or recapped. They are very important and we give each tire our special attention—tried, tested and approved.

ALL WORK GUARANTEED

Judge L. R. Pearson, Ranger, In Putnam Friday Afternoon

L. R. Pearson, candidate for Representative of the 107th district, composed of Eastland and Callahan counties, and C. B. Pruet, were in Putnam Friday afternoon. Pruet was visiting in Putnam while Judge Pearson was working in the interest of his candidacy for Representative. Mr. Pruet was reared in and around Putnam, and he feels very much at home when he is in Putnam.

MRS. EMMA BROWNING 92 YEARS OF AGE, IN THE COUNTY HOSPITAL

Mrs. Emma Browning, living with her daughter, Mrs. J. F. McCloughlin, three miles west of the Bankhead highway, has been a patient in County hospital since June 3. She is improving slowly. She is past 92 years of age, and the mother of Frank Browning who owns one of the largest apple orchards in this county. Mr. Browning reports plenty of fruit and an excellent apple crop coming on.

Billy Brock, 4-H Club Member, Winner of Achievement Award

Billy Brock, Eula 4-H club member, is the winner of the county Achievement award for 1943. This award is given by Texas A and M. College for the 4-H club boy doing outstanding 4-H club work in the county.

Billy started his first project in 1942 by writing one of the winning essays in the Cow-Hog-Hen program, which won a registered Poland China gilt. Through Billy's efforts and good care, the gilt placed first in the Abilene hog show, thereby winning a registered Jersey heifer. The heifer was shown last fall in Abilene, and won 2nd place in the 4-H Jersey heifer division.

This spring the heifer is giving 3½ gallons of milk in her first year of production. In addition to his hogs and Jersey cattle, Billy has added beef calf feeding to his achievements. An outstanding Hereford calf, selected from the good commercial herd of Larimer Henry, was placed on feed in April. The Jersey heifer is being used as the nursecow for the calf.

Billy plans to keep all increase from the Jersey heifer and invest the profit from the beef and calf in Hereford breeding stock.

Rev. and Mrs. H. N. Balderie made a business trip to Abilene Monday afternoon.

G. I. Bill of Rights Law Passes House Sent to President

The house passed the compromise version of the Bill of Rights and General Veterans Pension Bill, putting it in language that people can understand.

As finally approved and sent to the White House Tuesday by the overwhelming vote of 379 to 0, and contains the following provisions:

Unemployment compensation, \$20 weekly for a maximum of 52 weeks for veterans out of jobs in the first two years after their discharge, with creation of a job placement bureau within the United States Employment Service.

Education, one year of government financed education in regularly established schools, including vocational training institutions with the government paying a maximum of \$500 for tuition and other fees and subsistence allowances of \$50 monthly for a veteran with no dependents and \$75 for those with dependents. In the case of a veteran who entered the service before he was twenty-five, a complete four year college education would be available provided the veteran qualified and made proper progress.

Financial assistance, guaranteed by the government of 50 per cent of private loans up to \$4000 to help establish themselves in business or purchase homes or farms; interest would not exceed four per cent.

Any cash benefits received by a veteran under provision of the legislation, would be deducted from any bonus that might be voted later. The cost of this legislation has been estimated from \$3,000,000,000 to \$6,500,000,000.

Mrs. Fannie Maltby Price Gives Family Relics to Museum

Mrs. Fannie Maltby Price recently made a most valuable gift to the Callahan county museum, located in the County Library in the basement of the courthouse in Baird. The gift list contains many articles belonging to Mrs. Price's parents, the late Capt. and Mrs. W. J. Maltby, prominent pioneers of Callahan county.

The list includes a muzzle loading buffalo gun, weighing fifteen pounds, bullet molds, powder horns, cartridge belts, and hunting knives owned by Capt. Maltby in the frontier days. A spinning wheel, rare old dishes, among them an extra large platter on which much of the wild game killed by Capt. Maltby was served.

(Continued from page 2)

Farmers Report Wheat Making About 20 Bushels per Acre

Grain harvest is in full blast this week with combines running on practically every farm in the community. It appears that the grain harvesting is slow on account of scarcity of help and several of the combines being broken down quite a lot of the time, which is delaying the harvest. Oats are not so good as the wheat. The wheat crop is the best in several years in this territory with the yield being from 15 to 20 bushels per acre, and some of it making more than 20 bushels.

Many farmers are reporting cotton being damaged on account of the grasshoppers. There is a shortage of bran or other stuff suitable to mix with the arsenate. Arsenate is plentiful since the county agent reports finding about 1000 pounds at the court house. The county purchased a car of arsenate several years ago and this arsenate has been carried over until this year.

The county agent was in Putnam a few days ago and the writer was telling him that the county purchased a car of arsenate and unless it had been used, there was probably a 1000 pounds or more at the court house. So the agent went back, found that there was about 1000 pounds there which will likely be as much as will be needed.

LONE STAR COMPANY APPOINTS L. B. DENNING NEW MANAGER AT BAIRD

L. B. Denning, supervisor of distribution operating manager, has announced appointment of W. W. Lofland, former Abilene district chief clerk and credit manager at Baird. The appointment was effective of May 1st.

Mr. Lofland has been with the company since February, 1931, when Community Natural Gas Company took over West Texas Utilities properties in Abilene; Lofland had been with the latter company. He served as meter reader until September, 1939, when he was brought into the office as a clerk. He was made chief clerk in January, 1941 and credit manager in July, 1942.

Retail Stores Have Been Seeking Hastily Drawn Legislation

The retail stores of the country have been seeking changes in hastily drawn legislation, such as provisions in the price control act, which permits needless oppressions. An example is the provision that a merchant can be arbitrarily fined (and is fined) \$50 for an obviously unintentionally infringement of OPA rulings. And then there is the growing demand for excess to regular district courts in appealing from OPA orders instead of being restricted to an emergency court set under the price control act. The fact that bureaus resist so stubbornly the slightest limitation of their powers is one of the most compelling reasons why the people should ask Congress to be more critical in its passage of measures that deny court appeals from bureau decrees.

Either we are going the whole hog for centralized government by socialized means, or we will have to show more interest in preserving local political and court jurisdiction, and in keeping the legislative, judicial and executive functions of our government separate and independent as was intended by the founders of our nation.

Major Evans of Camp Berkeley will be at the rally with a military band composed of 27 members and will furnish the music. The ladies will furnish coffee and cookies for the band.

Remember the bond rally at the high school building Friday night, June 23. The rally is to begin at 9 o'clock p. m.

The county is divided into four areas, each comprising a commissioners precinct. Baird is No. 1 and has a quota of \$195,000. No. 2 is the Oplin area with a quota of \$25,000, and Putnam is No. 3 area with a quota of \$20,000 with I. G. Mobley as chairman and No. 4 is Cross Plains, with a quota of \$80,000.

There will be four rallies in the county beginning with Oplin June 17, the next will be at Clyde June 21, with Major David Evans of Camp Berkeley and his band, June 23 at Putnam and Major Evans and his band will be here also, and at Baird June 24 with Major Evans and his band. This will complete all the rallies scheduled in the county but there might be others.

Texas Wheat Crop Second Largest on Record, 61,095,000

Estimate on the Texas wheat crop by the Department of Agriculture places it at 61,095,000 bushels, the second largest crop on record.

The State's record wheat crop was made in 1931 with a total of 67,983,000 bushels. Last year's crop was only 36,366,000 bushels and the ten year average before that was only 28,195,000 bushels.

The report on the oat yield was 45,400,000 bushels, more than double the last year's crop of 21,780,000 bushels.

Cattle were reported in generally good condition and range and pasturage were said to have made excellent improvement in the month of May.

Everybody Must Pay Sacrificial Taxes To Carry on War

After reading scholarly talks on our tax problems and after listening to arguments for and against different methods of taxation, one fact stands out clearly, everybody and his dog must now pay sacrificial taxes and government extravagance must be cut as drastically as taxes are increased. If we fail to do this, we admit that we prefer to pass on to the boys at the front not only the risk of life and limb, but the obligations of an unnecessarily high public debt. We make no sacrifice in buying interest bearing bonds which create debt and in perpetuating every boondoggling political project, while our fighting men sacrifice their lives and opportunities and families to preserve us safe from hardships at home.

Unless those enjoying war profits and war wages pay heavy taxes now to hold down the National debt and prevent the devaluation of the dollar, and unless government expenses are cut to the bone, there will be no chance of lowering the tax rate after the war is over, so that industry and the people can have the tax relief necessary to encourage the accumulation of earnings and savings which are essential to industrial expansion on peace time basis that will provide permanent jobs for all.

No amount of rhetoric can change these facts. Price ceilings and quotas will not employ ten million jobless men and women. Production can only employ people.

vertising rates.

(Continued from page 1)

Ivory handled carving set, a
number of exquisitely hand
embroidered articles made by
Mrs. Maltby in the early days.
Many rare old books; Web-
ster's Blue Back Speller, Ray's
second part arithmetic, Mc-
Guffey's 3rd, 4th, and 5th
grade readers, Colton's Map of
Texas made from maps in Li-
brary of Congress in 1873.

Among papers and docu-
ments are two official appoint-
ments of Capt. Maltby to the
Ranger service in Texas, one
of which is written in long
hand and signed by Gov. Rich-
ard Coke, Governor of Texas,
May 2, 1874.

There were also two rare old
prints (Currier and Ives) of
"Arkansas Traveler" and
"Turn of the Tune" companion
pictures which have been
framed and hung in the Li-
brary.

There are many articles
from the Maltby family in the
collection, also many from
other pioneer families of Cal-
lahan county. All gifts to the
museum are placed in locked
glass cabinets.

Capt. Maltby, who was a
prominent pioneer horticultur-
ist of Callahan county, took
many exhibits from the coun-
ty to the Texas State Fair at
Dallas. Many of them having
been grown in his own orchard
and on his farm.

Capt. Maltby was born in
Sangamon, Illinois, Dec. 17,
1829. He came to Texas in an
early day, settling in Burnett
County, coming to Callahan
County in the early 70's. He
is author of the book, "Capt.
Jeff in Frontier Life in Texas
with the Texas Rangers." An
interesting history of his ex-
periences as a Texas Ranger.

Capt. Maltby died in 1907.
His wife had died several
years before. Jimmy Maltby
the youngest son died a few
years ago, leaving Mrs. Price
the only surviving member of
the family. There are also a
number of grandchildren. Mrs.
Price, a widow, lives on the
old Maltby farm hidden in the
shadows of the Spring Gap
mountains near Rowden, Tex-
as, some fifteen miles south
of Baird.

The County Library and
museum, which is sponsored
by the Wednesday Club of
Baird, is one of the best in this
section.

In addition to the Maltby
gifts to the museum, there are
many other gifts from pioneer
families, including branding
irons, hand made bridle bits,
shawls and many household
utensils used in the pioneer
homes of Callahan county.
Mrs. E. C. Hill gave an old
muzzle loading shotgun owned
by her father, the late Sam
Cutbirth. Also numerous oth-
er articles.

There are some bits and
wire to bring memories of the
wire cutting days in the early
80's, a pair of forceps used by
Dr. J. D. Windham, deceased,
the first doctor to locate in
Callahan county. Insulators
used on Federal telegraph line
running through the county,
connecting Fort Griffin and
Camp Colorado.

**The Nation Has Been
Given New System of
Road Transportation**

Washington.— That more
than 70 bus companies have
applications before the Civil
Aeronautics Board for permis-
sion to establish local air ser-
vice, usually with helicopters,
is seen by Arthur M. Hill,

president of the National As-
sociation of Motor Bus Opera-
tors, as an indication of the
advanced postwar planning
within the industry.

"There are some who con-
sider these plans visionary,"
Mr. Hill said. "They forget
that intercity bus lines are
pioneers in a comparatively
new form of public transpor-
tation, scarcely older than the
airlines as an industry. When
the first buses jogged over
the rutted dirt roads less than
three decades ago, many per-
sons were not convinced that
the automobile was entirely
practical.

"Within that brief time, the
nation has been given a great
new system of highway trans-
portation. The bus lines have
established facilities reaching
into thousands of communities
that are without other forms
of public transportation. Those
who pioneered in bus
operation have gained wide
experience in the country's
need for flexible, frequent-
stop service. It is only natu-
ral, with the prophecies that
the helicopter will be as adapt-
able to local service in the air
as the motor bus is on the
highways, that bus operators
should seek to supplement
their present lines with the
new type of air carrier. Be-
cause of their present facili-
ties, the bus lines can provide
local air service at capital ex-
penditures and operating costs
incomparably less than would
be necessary if undertaken by
any other form of transporta-
tion."

An important point in con-
nection with the proposed
helicopter air service is that
its development will provide
particularly suitable employ-
ment to the thousands of men
who have been trained as pi-
lots or mechanics with the
military air forces.

Bus line applications now
pending before the CAB range
from "feeder" services up to a
system of helicopter air buses
over nearly 50,000 miles of
routes. In practically all cases,
the proposed service covers
the territory now served by
highway buses and will be in-
tegrated with the motor coach
schedules.

**S SGT. WILLIAM TAVER
FLEW 151 MISSIONS IN
19 MONTHS IN PACIFIC**

S/Sgt. William L. Tarver of
Baird, Texas, recently return-

ed from service outside the
continental United States, now
is being processed through the
Army Air Forces Redistribu-
tion Station No. 2 in Miami
Beach, where his next assign-
ment will be recommended.

This is one of the Redistrib-
ution Stations within the com-
mand of the AAF Redistribu-
tion Center. At an AAF Re-
distribution Station, AAF re-
turnees from theaters of opera-
tion are examined by speci-
ally selected medical and
classification officers whose
joint findings are used in de-
termining new assignments.
Theme of the AAF Redistribu-
tion program is designation
of each man to duty for which
he is best fitted. Returnees
live at a Redistribution Station
under conditions that encour-
age natural response to pro-
cessing, a majority of their
two-week stay being devoted
to rest and recreation.

AAF personnel, including
enlisted men and officers
alike, are assigned to a Redi-
stribution Station upon their
return to the United States,
but do not report to the Sta-
tion until completing a fur-
lough or leave of approxima-
tely three weeks.

Staff Sergeant Tarver, a
C-47 transport plane engineer-
mechanic, flew 151 missions
during 19 months in the
Southwest Pacific and was
awarded the DFC with oak
leaf cluster and the Air Medal
with oak leaf cluster.

He is the son of W. R. Tar-
ver, route No. 1, Baird.

MORAN
Personal Mention

Wayne Watts, oil man of Breckenridge, was in Moran this week.

Mr. and Mrs. Howard Callaway of Comanche, Texas visited friends and relatives in Moran Saturday.

Mrs. Chester Lourey and baby of Dallas visited relatives and friends in Moran Saturday.

Mrs. Sammie Brewster, who has been visiting Mrs. Callaway, passed through Moran to visit with her mother of Albany.

Rev. Finis Williams and family of San Angelo, Texas visited friends in Moran this week.

Mrs. F. W. Chumney of San Antonio arrived in Moran last Sunday and is visiting her mother in the home of A. A. Smith.

Miss Pearl Donaway of Cisco spent the week-end with Mr. and Mrs. H. J. Locke. While here they had a fishing trip. Miss Donaway is spending her vacation with her parents at Dothan.

Are you paying your share to educate our boys and girls in the Moran School? Check up, see if your taxes are paid.

John Brazell of Daisyette, Texas is in Moran visiting friends. John says the country looks better to him now than ever before. His land is out near Ithex, and is in the deep oil territory which is very gratifying.

Claude C. Brooks and family have moved to Abilene where he has accepted a position. We regret to lose this fine family. Claude has been active in civic affairs for many years. He was the chairman of the board of stewards of the Methodist church, elected on the board of trustees for this year and served as toastmaster at the Luncheon club and a member for several years. Always at his post and ready to help in anything for the good of the community, also a fire boy and a member of Texas State Guard C.

Mr. and Mrs. John Henry, Deloris and Mrs. Cox went to Arlington Saturday and visited Deron Cox. Mrs. Henry and Deloris went on over to Dallas Monday to spend three weeks attending the Stamps school of music. Mr. Henry and Mrs. Cox and grandson, Dwain returned Sunday.

Pay your school tax NOW and save some penalty and interest.

Mrs. Dora Ward has purchased the A. A. Smith residence that was occupied by the Claude Brooks family. Mrs. Ward had to be moved in the Taylor ambulance to her new home last Tuesday. Her niece, Mrs. C. O. Moseley of Orange, Texas and her sister, Mrs. Lucy Trammell of New Mexico are in attendance at her bedside. Her many friends hope Mrs. Ward's condition will improve.

Miss Glenna Sue Gay of Fort Worth is spending her vacation with relatives and friends in Moran for the summer.

Mrs. J. D. Meredith and Miss Julia Ballard are spending Father's Day with Mrs. Meredith's father, J. T. Gant Sr., at Wichita Falls.

F. E. Bratton and family of Orange visited here last week. Jane, Martha and Nancy are spending the summer with their aunt, Mrs. Oscar Parrish and uncle, Fred Bankston. Oscar Parrish and Miss Lucille Harris returned to Orange with Mr. and Mrs. Bratton.

Wes Green of Fort Worth was in Moran last week.

Large assortment of good meats and vegetables. Shop where it is cool. Our cooling system makes it comfortable to trade at our store. Freeman's Grocery & Market.

Mrs. Herman Dorsey and children are spending a month with her sister on the Plains.

Mr. and Mrs. Cole Webb and son of Hobbs, N. M., are visiting in Moran this week. Mrs. Webb will be remembered as Maudie Rogers.

Mrs. Joe B. Matthews, county chairman of the Red Cross wrote a letter of thanks to Mrs. B. A. Elliott, local chairman for Moran, that she was so well pleased with the collection of articles from Moran for the Camp Barkeley Hospital unit, for the people to not let up on giving. They want dominos, games, playing cards, curtains, ash trays or cash. Anything you have to give that will cheer a sick soldier. Leave your donation with Mrs. Oyler at her beauty parlor.—Mrs. B. A. Elliott, chairman.

Miss Nettie Bartee of Fort Worth and Moran, visited the Leo Jeanis family Monday.

GOING TO GLORY
(By Emy)

I like to go to Sunday school
I there a lesson learn,
How to keep the golden rule
And of the Prodigal's return.

Then to church I like to go
And to the sermon listen,
For when I fail I know
There's something I'll be missin'.

I like a part in the woman's club
And on their programs figure,
There we learn to never snub
The Mexican or the Negro.

I like to go on Wednesday night
And hear the old old story,
The Parson says if we live right,
He's sure we'll go to glory.

WAR BONDS
In Action

Signal Corps Photo
Leaving blazing enemy installations behind them, our troops advance on the island of Kwajalein. It takes many dollars to clear away the debris of battle so that our own installations can be set up in these Pacific areas. In order to supply these men, Buy War Bonds and Hold 'em! U. S. Treasury Department

KEEP ON
Backing the Attack
WITH WAR BONDS

NOTICE

We want to thank our many customers and friends for the business you have given us during the 13 years we have been in Cisco.

We came here June 1, 1931.

Hundreds of you became our customers at that time and have been ever since and we have added new customers from month to month. You, our customers, have made it possible for us to have the largest parts and shop labor that we have ever had.

No job too large or too small to have our special personal attention.

Thanks a Million.
BUY MORE BONDS.

Personal Mention

J. E. Free made a business trip to Cisco Thursday afternoon. While in town he said he planted a little patch of wheat for his chickens and after grazing it all winter and spring he gathered 96 bushels off about six acres.

Add this to your collection of New Deal definitions: A consultant is a man who knows less about your business than you do and gets paid for more for telling you how to run it than you could possibly make out of it even if you ran it right instead of the way he told you.

The city now has charge of the cemetery and have been cleaning it, but have run out of money and there is still a little work to do to finish the job, and there will be a clean-up day Saturday morning, July 1st. Let everyone who will come and bring a hoe and file if you have one. It will only take a short while to finish the job. This is something that everyone is interested in and do not forget the date and let us get this job finished.

Remember the bond rally at the high school auditorium Friday night, June 23, and the rally will begin promptly at 9 o'clock. Major David Evans of Camp Barkeley will be there with a military band composed of 27 members. Let everybody turn out and be there on time.

Mr. and Mrs. Willie Jeter of Orange are here visiting with Mr. Jeter's parents, Mr. and Mrs. G. W. Jeter. Mr. Jeter was down in town Friday morning with both hands tied up and informed a representative of the News that he had broken some fingers on both hands on a man's head before leaving Orange. He and Mrs. Jeter are living in an apartment and noticed a man peeping into a room in one of the apartments about 10 o'clock at night. Mr. Jeter went out to find out what he wanted, and of course he ran and was overtaken about a block away where a fight ensued and as a result Mr. Jeter is carrying both hands in a bandage and it will be several days before he will be able to return to his employment. He said they would remain in Putnam several days before returning to Orange.

The Fair Practice Committee Personnel, 68 Negroes, 48 Whites

According to reports, the Fair Practice committee appointed by President Roosevelt to see that fair practices are carried on by business people of the United States is composed of 68 negroes and 48 white persons.

This is the committee that advised the Dallas News to desist from specifying white or colored help in an advertisement. A Mr. Brin was the person who advised the News to that effect. But Coke Stevenson wrote Mr. Brin who gave the orders calling for his authority for such actions and the result is that Brin resigned and made reply to the gov-

When you have news bring it in or if you live out of town mail. It takes news to make a newspaper. Sending news to other papers out of town first reminds the writer of a newspaper man and a local merchant that had always told the local paper man that he could get better results advertising on billboards, more people would read the ads. So the merchant lost his wife by death and the local newspaper wrote a nice writeup about her passing, but in place of running it in the columns of the paper he went out and nailed the news item up on a small billboard. The merchant came to see why he had placed the news of his wife's death out on a board like that. Newspaperman: Well we thought that was what you wanted as you have been telling more people would read anything on a billboard than they would in a paper and we thought that was the way you wanted it.

ELECTRIC FENCING
Parmak Electric Fences. We have them in stock. See us when in need.—Shackelford Implement Co.

WANTED—Home-made soap. Will pay 5c per pound.—Loper's Laundry, Baird, Texas.
