

Nothing Can Be Sold At Any Price Unless The People Know It Is For Sale

VOLUME 13

PUTNAM, CALLAHAN COUNTY, TEXAS

Thursday, July 21, 1949

NUMBER 26

From The Editor's Window

BY MRS. J. S. YEAGER

President Truman has finally signed an order closing out the office of Defense Transportation, a wartime agency that had to do with railroads and the war. The order was signed July 6. The Defense Transportation office was officially established in December, 1941.

The average consumption of meat in the United States in 1948 is said to have been about 63 pounds of beef, almost 63 pounds of pork, and 14 pounds each of veal, lamb, and mutton.

The Boston Globe had this to say about the power of women: "The practice of putting women on pedestals began to die out when it was observed that they could give orders better from that position."

It is said that American vessels must pay the toll for passage through the Panama Canal, just the same as the vessels of any and all other nations of the world.

Peanut oil can be heated to much higher temperatures than other animal and vegetable oils before it begins to smoke or scorch; thus it is preferred for deep-fat cooking of potato chips and similar food products. -Exchange.

From Texas & Pacific Railway Topics:—"Have you heard the one about the minister who walked into a bar, ordered milk, and by mistake was served a milk punch. After drinking it, he lifted his eyes to heaven and was heard to say — Oh, Lord, what a cow!"

"Do you think the radio will ever take the place of newspapers?"

"No, not entirely; You can't swat flies with a radio."

Although the state of Nevada is said to be the sixth state in size, it is the smallest in population according to a statistical report.

Boyhood signatures of King George VI of England and his brother, the Duke of Windsor, are to be sold soon at an auction in London. At the same sale also will be offered the signatures of Oliver Cromwell, King Charles I, and the poet Milton.

The air force, it is said, has decided to leave the art of rain making to the Indians. After months of sprinkling dry ice on clouds to cause rain they have decided it is not worth the effort as the seeding of the clouds has not produced rain in amounts of any significant value.

Santa Fe, New Mexico, was first established as a Spanish provincial capital in 1610 ten years before the landing of the Pilgrims at Plymouth.

Mr. Frye has large ranch holdings and quite a lot of oil production in this territory.

Putnam Scouts At Encampment At Buffalo Gap

Members of the court of honor, in attendance, were I. G. Mobley, Everett Williams, W. L. Lowrie, and Herb Beaver of Abilene. Scouts to receive their second class badges were Ray and Hall Green and Wayne Taylor. P. L. Butler, scoutmaster, held in the highest esteem by his troop and who numbers his friends by his acquaintances, was awarded the Eagle Scout badge emblematic in the hand book for boys.

First, tenderfoot rank, second class rank, third class rank, 4th, star rank, 5th life rank and 6th, the life of our Eagle Scout, which is the highest rank.

I. G. Mobley made the presentation of the pin of honor, pinning them on P. L. Butler, scout master of the troop. P. L. Butler began as Scoutmaster in 1929 through 1939, and 1948. At the end of this scouting, he will have served eleven years as scoutmaster. Scouting is not only citizenship building, but its also character building for all youths of America.

Requirements — A boy must be twelve years of age. Members of the troop committee are I. G. Mobley and Sam Hedrick. Mrs. I. G. Mobley presented the second class badges to her two sons, Ray and Hall Green. Everett Williams presented Wayne Taylor, a son of Mr. and Mrs. Orville Taylor.

Boys belonging to the scouts are: Charley Bell, Ray Green, Hall Green, Billy Hedrick, William Speegle, Billy Wayne Ingram, Alton D. Donaway

Some other boys are expected to join soon. This is a worthy work. An incentive to bring out the best in youth of our country, who will be the men of tomorrow and under the fine leadership of Lloyd Butler, the town of Putnam should be proud of our scouts and encourage their work, by our presence at their meetings. It is indeed a fine organization of America.

Brownwood Tests Show Fertilizer Will Increase Yield

BROWNWOOD, July 21 — Tests conducted by Brown county agent Joe H. Rothe, showing the value of using fertilizer in alfalfa production in the Brownwood area.

Three test plots of alfalfa were grown on the farm of Henry Taylor near Brownwood. One plot received a mixed nitrogen and phosphate fertilizer, another plot received only phosphate and the third plot did not use fertilizer.

The ten foot square plots produced varying results with the mixed fertilizer showing the best results.

The mixed produced eight and a half pounds of dry alfalfa hay, the phosphate, six and one half pounds and the check plot, five and one-fourth.

L. J. COOK, A PIONEER CITIZEN OF PUTNAM, DIED IN MARLIN WEDNESDAY MORNING, 6-13

Strike Delayed For Sixty Days

It appears that the people of the United States are spared from a paralyzing steel strike for the present but for only a short time, since the steel companies said they would not be bound by any recommendation that the mediation board made. According to that, at the end of the 60 days that country will be facing the same dilemma they were facing when the mediation board was appointed. If this board does as all others have in the past they will make recommendations against the steel companies and from the complexion of the board, it will likely follow what has been for the past 17 years giving labor about what they want. This report will likely set a fourth round of raise in wages, plus pensions, which will start another round of wage demands with inflation saturated again with a fourth round of wage increases.

Grain Harvesting About Completed

The grain harvesting is over for this season and turned out better than it was really expected to. Early farmers thought that grain crop would be a complete failure but the oat crop was really good — averaging better than 40 bushels per acre and making about twelve and fifteen bushels which was not so good.

Putnam had an acreage of several thousand acres failed to receive a single car of grain, probably the first year since the Texas and Pacific Railroad railroad was built through Putnam. We had no buyers, for the first time since the writer has been in Putnam. The cotton business will be nil also as there is a very light acreage and it is doubtful if the gin will operate.

Our income should be principally from oil, grain, and cattle, but for the present, the grain income is gone. There should be at least 100,000 bushels of grain handled from Putnam each year.

There will be an attempt to regain the grain business before the 1949 crop is ready for harvest and probably Putnam will have a grain elevator with scales large enough to accommodate any truck that may come to town.

Les Walker of the Admiral community was in Putnam one day last week and reported the grain harvest was over and grain turned out better than expected. He said there was more cotton in the Admiral territory than had been planted in several years.

Callahan County Old Settlers To Meet August 12

President — Foster Bond, Cross Plains

L. J. Cook, 81, pioneer resident of Putnam, passed away Wednesday morning at the Buje-Allen Hospital at Marlin where he was receiving medical treatment. He had been in declining health for several years. He was born November 10, 1867, at Arcadia, La. He moved with his parents to Callahan County, Texas, in 1873.

Since coming to Putnam in 1888 at the age of 21, he took a prominent part in business and civic affairs. He was an early day mayor of the town, a cotton buyer and operated a grocery store and later a garage until his retirement in 1937.

Funeral services were held at the First Baptist Church Thursday afternoon with Rev. H. N. Baldere officiating. Pallbearers were R. D. Williams, Fred Heyser, R. B. Taylor, W. S. Jobe, A. B. Hutchison, and Charlie Cunningham.

Survivors are six brothers, M. H., Fred and John of Putnam; I. E. of Munday; W. R. and E. E. of Clyde; and two sisters, Mrs. Kelly Peek of Dallas and Mrs. J. H. Cook of Josephine, Texas. All were present except Mrs. J. H. Cook, who was ill.

Out-of-town relatives attending the funeral were Mr. and Mrs. W. R. Cook and Mr. and Mrs. E. E. Cook of Clyde; Mr. and Mrs. A. E. Cook and Mrs. L. D. Casey of Lubbock and Mrs. Michael Compton of Fort Worth; Mrs. C. K. Peek, Dr. and Mrs. Truman Peek, L. J. Peek, Mr. and Mrs.; Bill Ruyle of Dallas; Mr. and Mrs. Raymond Hale, Fort Stockton; Mrs. Buck Gresham, Colorado City, Mr. and Mrs. Owen Cook and Mr. and Mrs. Malcolm Hayes of Abilene; Mr. and Mrs. M. F. Cook and son, Tom Mit, of Hamlin; Mr. and Mrs. C. R. Cook of Cross Plains; Mr. and Mrs. Charlie Stone and daughter, Adelia, of Cisco; Mr. and Mrs. R. E. Cook and Mr. and Mrs. I. V. Cook of Munday; and M. L. Cook of Galveston.

Associated Press Index On Prices Shows An Increase

NEW YORK, July 21 — The Associated Press Index of 30 important wholesale commodity prices advanced the past week to 152.00 from 151.10 the previous week and compared with 189.39 one year ago.

The index base year of 1926 equals 100 which equals a gain of 52.0 over 1926 prices.

The grains and cotton component was at a new low for the year at 172.6, compared with 173 a week ago. All other groups posted advances, with non-ferrous metals showing the largest gain.

Mr. and Mrs. E. C. Warren and family were down from Kermif the past week visiting with relatives and friends.

Laws On Working Minors Cited By Labor Secretary

DALLAS, July 16. — Secretary of Labor Maurice J. Tobin today strongly urged Texas employers to obtain Federal certificates of age for minors. These certificates, showing the age of the minor, will protect employers from unintentional violation of the child-labor provisions of the Fair Labor Standards Act of 1938 and the Walsh-Healey Public Contracts Act.

"Investigations under the Fair Labor Standards Act show that less than 4 percent of certified minors are found employed in occupations illegal for the age shown on their certificates," stated Lawson A. Wood, field office supervisor in the North Texas area. "In contrast," said Wood, "30 percent of the minors found employed without certificates were working in violation of the Act's child-labor provisions."

Sixteen years is the minimum age for general employment under the child-labor provisions of the Fair Labor Standards Act, and 18 for occupations that have been declared particularly hazardous by the Secretary of Labor.

The Walsh-Healey Act, which applies to firms supplying goods or materials to the government on contracts exceeding \$10,000, prohibits a boy under 16 or a girl under 18 years old from working on such contract goods.

In this state, Federal certi-

ificates, which are acceptable as proof of age, are issued by the divisions office located at 1114 Commerce Street, Dallas 2, Texas, according to William J. Rogers, regional director. Applications for age certificates are obtainable at local offices of the Texas State Employment Service.

4-H Club Boys And Girls To Enter Electrical Contests

Twelve 4-H Club girls and boys of Eastland County plan to enter the "1949 Texas 4-H Club Boys and Girls Electric Contest". The purpose of the contest is for each boy and girl to find a better way of doing things on the farm and in the farm home through the use of electricity.

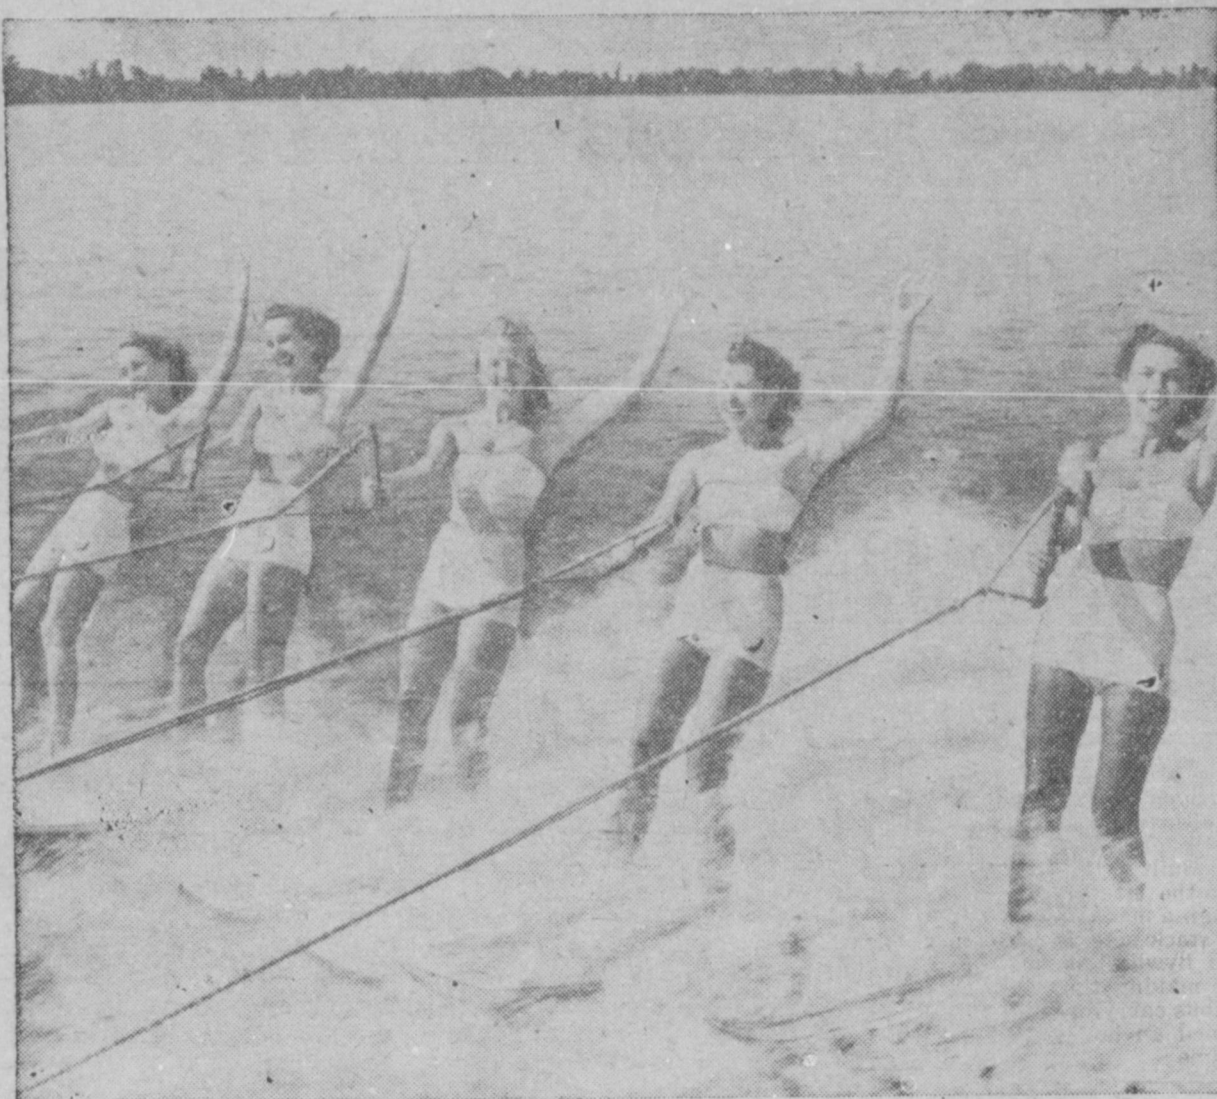

They will go about doing this by selecting a job that requires lot of time and easier the electrical way. After choosing this job they will make a study of it and plan to improve it.

Girls entering the contest are: Jane and Dorothy Wooten of Gorman, Una Beth Grace, Vida Beth Kehey, and Ila Jane Bailey of Scranton, Janet Rodgers of Desdemona, and Jo Veda Fleming of Pioneer.

Boys entering the contest are Don Webb of Eastland, James Ed Buckley of Desdemona, Billie Wayne Grisham of Gorman, and Glenn Fleming of Pioneer.

The contest is sponsored by the electric service companies of Texas and conducted by the Extension service.

Any 4-H boy or girl who is in-

GETTING IN PRACTICE—Before they left to participate in an aquatic show in Chicago, these sun-kissed water nymphs at Cypress Gardens, Fla., spent a lot of time keeping in condition. And it's possible that the girls found the Lake Michigan water somewhat cooler to practice on than the water farther south. With temperatures soaring all over the country, these water beauties are probably glad to get those skis on every day and go to work.

Webbs Still Held In Seymour Jail

Arthur C. Webb, 42, professional concert and his wife, 38, violinist from Abilene, are still being held in the Baylor County jail for check swindling following their arrest here Thurs-

day by Eastland County Sheriffs deputies, it was reported. Bonds of \$1,500 and \$1,000 have been set respectively, J. B. Williams, sheriff, reported.

Both Todd, known professionally as Todd Webb, and his wife were charged in the Seymour justice court for check forgery and swindling. Four charges were filed against the pair in Eastland Friday and they face ten other similar charges in Texas cities.

Sheriff Lott Keefer of Baylor County said he has received copies of warrants issued against the Webbs from Nacogdoches, Lufkin, Rusk, Borger, Plainview,

Coleman, Brownwood and Big Spring.

Sheriff Williams and deputies made the arrest Thursday night in a local hotel after being notified by Baylor County authorities the Webbs were believed in this vicinity.

First Gasoline Tractor

Once around and then to bed was the last "pull" for the first gasoline-driven tractor ever built in the United States. The 19,000 pound agricultural mechanical giant shown above, the Oliver-Hart-Parr, was recently presented to The Farmers' Museum of Cooperstown, New York. Built in the winter of 1902-03 by Hart and Parr at Charles City, Iowa, the tractor has two horizontal cylinders. Gasoline is ignited through a make and break ignition system. Oil circulating through the huge stack acts as a coolant. Since no spark plugs are used, a 1,000 pound flywheel is used to keep pistons in motion during misfiring. After making the "final run" . . . pulling the ancient O-TE-SA-GA Omnibus carrying visiting 4H Club girls . . . the Oliver-Hart-Parr was assigned an honor spot in the Cooperstown Farmers' Museum Hall of Fame.

WEST TEXAS UTILITIES COMPANY BEGINS RADIO OPERATIONS IN CISCO

Effective today, "trouble-shooters" of the West Texas Utilities Company, Cisco District, will get their orders by radio.

The work of linemen, installation servicemen, emergency repairmen, power dispatchers, and substation operators will be directed by two-way radio. According to an announcement by E. L. Jackson, assistant manager, the West Texas Utilities

company has received authority from the Federal Communications Commission covering the operation of a two-way, high frequency, FM radio system. The FCC license was issued on the basis of "public welfare." "The new system will materially help the WTU Co. in its efforts to maintain and provide uninterrupted electric service," said Mr. Jackson.

The system is authorized

250 watt central station, which is located in a frame structure in the Southwest part of Cisco adjacent to the city water tower. The antenna extends 8 feet above a 185 foot antenna tower; total height being 193 feet.

This central station, which has been assigned call letters KKA589 and which according to FCC regulations will operate on assigned frequency of 37,700 kc with a maximum variance of .01 per cent from assigned frequency allowed, cannot be heard on standard radio receivers. Only receivers designed to use this frequency will be able to pick up signals from this station.

A dispatcher located in the WTU Co.'s district distribution office at Cisco district office operates the station by remote control. The dispatcher maintains two-way communications with the operators of mobile units which are installed in service and line trucks operating in the Cisco district. These mobile units have a range of from thirty to sixty miles, depending upon the surrounding terrain. They can communicate with each other as well as with the central station.

In case of disaster, public need, national emergency, or in instances when existing means of communication fail, these mobile units and this fixed station can, by relaying from station to mobile unit to other mobile units provide emergency communications with all communities of the surrounding area.

Recent surveys conducted by WTU engineers under FCC experimental license show how this system can aid the company in rendering better service to the public by speeding the handling of many orders, varying from routine to emergency switching orders.

Funeral Held For Man Killed By Train

Last rites for B. A. Bostick, 44, Cisco hotel employee who was found dead beside the T&P MK&T Railroad switch crossing early Thursday morning, were to be held at the Colored Baptist Church at 5 p. m. today. Rev. G. A. Smith of Mineral Wells officiated.

A resident of Cisco for more than 25 years, Bostick was found by two railroad section hands shortly before 7 a. m. Thursday. Investigating officers believe Bostick was killed by a passing freight train sometime during the night.

He had formerly worked for the railroad. In 1947, he was employed by the Laguna Hotel, now the Victor, as bellhop and porter.

A bachelor, Bostick had been living with an invalid aunt, Mary Floyd, who survives him. He was born in Clarksville, Texas in 1905.

Thomas Funeral Home of Cisco is in charge of arrangements. Burial will be in Oakwood Cemetery.

ASTHMA

Don't let coughing, wheezing, recurring attacks of Bronchial Asthma ruin sleep and energy without trying MENDACO, which works thru the blood to reach bronchial tubes and lungs. Fascinatin' Fashions *By Judy Seaton*

ANNE-MARIE GAYER, starlet on CBS's "Wendy Warren and the News" makes a poncho! She takes an oversized towel, folded in half, cuts 11" head opening in center fold, takes three tucks across each shoulder. For wide armholes, seam sides from waist down. Trim three inches off hem for belt.

Pretty Anne-Marie Gayer, left, models the beach poncho made in less than an hour! And here is a complete outfit—cape, hat, bag and skirt — all made from the same basic idea—a circle!

FOR THE BAG—An 18" square, fold lengthwise, then crosswise. Take a piece of chalk, attach an 18" string. Placing end of string at folded corner, mark quarter-circle across bottom. Cut on chalk lines. Fold outside edge under 1", leaving opening for drawstring. Gather into pouch bag.

FOR THE HAT — Another 18" square, fold and mark same as for bag. Next shorten string to make circle fitting head size. Hold chalk at folded corner, mark smaller circle. Cut on chalk lines. On alternate sides of center circle attach grosgrain strips for crown. If hat needs body, spiral stitch entire circle, or face with erinoline.

FOR THE CAPE—An 18" square, fold lengthwise, then crosswise. Mark with chalk as for hat, using measurements for cape length and neck opening. Open material, slit circle from hem to neck for front opening. Gather to fit neckline. Stitch gathers 4 or 5 times with stitching 1/4" apart. Turn back front opening, hem cape. To fasten neck opening use grosgrain ribbon.

FOR THE SKIRT—Using a 36" square, follow directions for the cape. However, slit on one side only — from center down about 15". Gather top to fit waist. Stitch gathers 4 or 5 times. Stitching should be 1/4" apart. Fasten with hook and eyes, snappers or bright grosgrain ribbon.

The addition of monograms, decorative stitching, buttons, and, of course, bows, makes these easy-to accessories really individual . . . practical proof of your ingenuity.

W. A. Welch Rites Held Thursday

Funeral services were held Thursday for W. A. Welch, 83 year old Eastland County citizen who died in a local hospital Wednesday night. The services were conducted in the Pleasant Hill Baptist Church at 4 p. m.

Rev. Dick O'Brien of Big Spring, Rev. Lee Fields of Carbon and Rev. Paul Stephens of Cisco conducted the services. Burial was in the Pleasant Hill Cemetery.

For the past few years Mr. Welch had been making his home with his daughter, Mrs.

Willie Hardin of Eastland.

Mr. and Mrs. John Hinkle spent a day or so the past week end visiting Mrs. Pierce Shackelford.

Fiery, Itching Toes and Feet

When feet burn, sting, itch and shoes feel as if they were cutting right into the flesh, get a small bottle of Moore's Emerald Oil and rub well on feet and ankles morning and night for a few days.

weekend visiting Mrs. Ruyle's parents, Mr. and Mrs. M. H. Cook.

It is reported from reliable sources that a deep well is to be drilled on the Hart lease in the Hart community about ten miles northwest of Putnam.

Mrs. M. D. Heist was in town visiting and talking oil business Saturday. The Heists are interested in the well drilled in on the Smith lease near Admiral. They are both reported to be good wells.

Gene Cook of Munday was the first of the past week visiting with relatives in Putnam.

Mr. and Mrs. Wheeler Pearce of Fort Worth were visitors in the home of Mr. and Mrs. J. H. Fisher Thursday. They formerly lived in Putnam.

Mrs. Don Hester and children returned to their home in Denver, Colorado going by the way of Los Angeles California for a visit, after visiting with their uncle and aunt here Mr. and Mrs. George Biggerstaff.

Mrs. M. K. Ellison has returned to Mineola. Pattie and Jerry Children of Mr. and Mrs. Halton (Wilhite), went to Los Angeles, after visiting with their uncle and aunt Mr. and Mrs. George Biggerstaff.

Mrs. J. M. Watson has returned to her home in Grand-Saline, after a visit with her sister Mrs. George Biggerstaff.

Mrs. J. M. Watson has returned to her home in Grand-Saline, after a visit with her sister Mrs. George Biggerstaff. Mrs. Watson just recently celebrated her 70th birthday. Open house was held for her where 250 called throughout the evening.

Social Security Man To Be In Cisco July 28th

Mr. E. Glenn McNatt, Field representative of the Abilene Office of the Social Security Administration, will be at the Post Office at 2:00 p. m. on Thursday, July 28. Any per-

sons wishing assistance with retirement or death claims under the Social Security Act are invited to see Mr. McNatt at that time.

Mr. McNatt announced that the Abilene office issued 717 original social security cards during the month of June. In addition, 283 duplicate cards were issued to persons who had lost their cards, or whose cards had become mutilated.

Most of the 717 new cards were issued to students preparing to take summer jobs. Any student, whether he works part-time or full-time, should have a social security account number card if he is working in commerce or industry. The card represents an insurance policy with the government and should be shown to each new employer. Application blanks may be secured from the local Post Office. The completed application should be mailed to the Social Security Administration, Abilene, Texas.

Persons who have lost their account number cards should make application for duplicates. Blanks for this purpose are also furnished by the local Post Office.

Callahan 4-H Girls Attend Camp At Kendrick Park

Nineteen 4-H girls from Callahan county attended the annual 4-H encampment at Kendrick Park on July 6, 7 and 8. One leader and the agent also attended.

Seven girls had been trained to help in leading the encampment at a previous all day meeting on June 29. Girls were divided in two groups of five and 6 girls, making four groups.

Each group set up an outdoor kitchen with pole set up over the camp fire, shelves tied to trees with twine for putting up dishes and food disposal pits for waste water. After kitchens were set up, the girl leaders showed the girls how to chop wood, arrange it neatly in their outdoor kitchen and how to build a tepee fire and later use large logs on the fire. At 4:00 p. m. Wednesday, groups 1 and 2 began preparing supper while groups 3 and 4 prepared the program for the night. After supper, the group assembled for cowboy camp fire program arranged by the girls with appropriate decorations.

Thursday morning, after arising and eating breakfast, the group journeyed to Abilene to swim in the V F W Pool.

After lunch the girls worked on their camp craft, which was metal repousee. This craft is raising a design as a piece of copper foil which may be used for a picture of an ash tray, according to design selected.

For Thursday night the group switched duties, group 1 and 2 preparing the program and groups 5 and 6 prepared supper. The night program theme was an Indian Council fire program prepared by the girls. An Indian reservation was the decorations for the program.

The activities Friday were finishing and judging of crafts, firebuilding and wood chopping contests.

In the crafts the winners were Robert Edwards, Eula first; Dorothy Konzak, Clyde second; and Ann Burleson, Eula, third. In the fire building contest, Bettie Rae Chancey of Oulin won, and in the wood chopping contest, Robert Edwards won.

KOURT FAMILY MEETS IN WACO FOR ANNUAL FAMILY REUNION

Members of the F. W. Kourt family met at Waco Municipal Park Saturday and Sunday for their annual reunion honoring Mr. Kourt on his 86th birthday.

Each year at this time the family meets to celebrate the birthday of Mr. Kourt which is on July 14. The group began gathering Saturday afternoon and spent Saturday night and all day Sunday visiting, swimming and motor boat riding. Picnic type meals were served to more than 100 members of the family.

Those attending were Mr. and Mrs. R. F. Harner and son, Mr. and Mrs. Louie Sontag and children of Waco; Mr. and Mrs. J. F. Kourt, Holland; Mr. and Mrs. Melvin Goodnight, Pasadena; Mrs. Lola Williams, Dallas; Mrs. Eldon Beucer and children, Fort Worth; Mr. and Mrs. J. W. Rainbolt and children, Mt. Calm; Mr. and Mrs. J. C. Prater and children, Hico.

Mrs. J. W. Prater, Hico; Mr. and Mrs. Maurice Stapp, Andice; Mr. and Mrs. Horace Ma-

Gilvray, Penelope; Mr. and Mrs. J. M. Rainbolt, Hillsboro; Mr. and Mrs. C. A. Brorkman, Katherine and Billy Bass, Penelope; Mr. and Mrs. E. G. Nabors and son, Waco; Mr. and Mrs. R. E. Winters and children, Fort Worth; Mr. and Mrs. George E. Fabian, Dallas; Mr. and Mrs. Cecil D. Childre, Mt. Calm; Garrell O. Simmons, Fort Worth; Mary Johnson and daughter, Fort Worth.

Bobbie and Shirley Williams, Fort Worth; Edward Spiegelhaur, Bartlett; Eva Tery, Terry W. Bush, Mr. and Mrs. Alvia Williams and Peggy, Waco; Mr. and Mrs. Ernest Gerik and Rodney, West; Mr. and Mrs. W. A. Looney and children, Miss Coystel Smith, Miss Mattie Lue Simmons, Mrs. M. Norris and Mrs. A. W. Dawson and son, of Cisco; Mr. and Mrs. J. D. Simmons, Stephenville; Mr. and Mrs. R. E. Harper, Mrs. H. L. Beasley, Charley Harper, Mr. and Mrs. Clarence Harper and Mr. and Mrs. Oscar Niles, all of Waco.

Mr. Kourt is the grandfather of Mrs. A. W. Dawson of Cisco.

STATE HEALTH DEPARTMENT PLANS V. D. EDUCATION PROGRAM

AUSTIN, July 14 — A statewide educational campaign for the control of venereal diseases, which will be carried out throughout the summer and possibly into the fall, has been announced by Dr. Geo. W. Cox, State Health Officer, who states that the public will be reached by means of radio, newspapers, movies, and lectures by health authorities.

"While it is true that great advances have been made recently in the control of these diseases, nevertheless a lack of full information on the part of the public has hindered the complete success of the program," Dr. Cox said.

"There has been a steady decline in the incidence of new cases reported, in infant and adult morality rates, and in admission to mental institutes due to syphilis, since 1933 when intensive measures for the control

of venereal diseases were initiated. But this decline has not been great enough," Dr. Cox added, "and this is partly attributable to a lack of accurate information and the general apathy concerning venereal diseases which followed the termination of the war.

"The spread of many completely false ideas about these diseases and their treatment has also lead to a feeling of complacency, and the belief that a patient can diagnose his own case, and treat it with self medication. This is a particularly dangerous untruth; only a competent doctor can diagnose and treat venereal diseases, and it is the purpose of this educational campaign to fully inform the public of the actual dangers of venereal diseases, and what measures must be taken to control them."

Interior Modes... by Reno

Modern inventions bring modern problems—but all are quickly solved through the ingenuity of the nation's progressive engineers. The television alcove above provides the necessary soundproof retreat from favorite radio programs preferred by members of the family who won't desert airline stars for the new home entertainment. Modernfold doors combine beauty and utility — folding like an accordion—yet meeting all building requirements with flame-proof coated fabric. Used both in remodeling and new home construction by leading interior decorators, the new folding doors or walls are available in 28 colors. This variety enables matching or harmonizing with all home furnishings or color schemes

Cooperation Asked In School Measure

COLLEGE STATION, July 1, —The more than 200 attending the closing session Wednesday of the Texas school conference, heard an appeal for cooperation in carrying out the provisions of the Gilmer-Aikin school measure.

"It has got to prove its worth this year," L. P. Sturgeon, official of the committee in carrying out the program, explained. "It is a long-time program and may set a pattern for the next 20 years," he said.

The speaker said that, "if you do not have the proper personnel at present, wait until you get it."

Small Business Aid Offered By Commerce Offices

A packet of pointers as an aid to present and prospective small businessmen is available through the Dallas Department

of Commerce offices, 1114 Commerce Street, Ray L. Miller, regional director, has announced.

The packet contains a carefully selected group of eight official publications on various phases or problems of small business. Each one is clearly written, authoritative, and comprehensive, Miller said.

Here is what you will receive for the cost of \$1 a packet: A review of government regulations affecting small business operations; Information and suggestions about bank loans; Essential information about valid trade-marks; Where and how to get adequate capital for effective business management; Background information about accounting and bookkeeping and methods of analyzing business accounts and statements for improving management; Guides for new world traders outlining a sound course toward profitable exporting and importing.

Mrs. C. B. Pruet of Rariger visited in the home of Mr. and Mrs. S. M. Eubank, the past week and while here, Mrs. Eubank and Mrs. Pruet were shopping and visiting in Abilene.

Interest High In ABC Club Summer Swim Program

Enthusiasm continued at a high peak in the city's ABC Club sponsored "Learn to Swim" school at the lake pool, now going into its fifth week. Jack Everett reported Saturday.

Between 40 and 45 youths of the city, ranging from ages of 6 to 14, have been enrolled in the school, which was inducted this year in the ABC summer recreational program. The swim school is under the supervision of Everett and Buck Overall, his assistance.

Given preliminary instruction in one of three brackets, beginners, intermediates and divers, the students are responding rapidly, Everett said.

With the Cisco club footing the bill for the swimming school, two shifts each Monday are being operated by the instructors. A morning class, for those between the ages of 6 to 10, is held in the mornings for two hours. The other shift is in the afternoon, beginning at 2 o'clock, for youths between the ages of 11 to 15.

Besides the swimming school, activities are being carried on daily at the softball park in several fields of athletics. The program, now in its second year, will be continued until fall.

State Fair Has Added 126 New Swine Pens

The State Fair of Texas has added 126 new swine pens for the 1949 exposition, in a move to heighten interest in the swine show still further this year, Ben E. Cabell, chairman of the State Fair's livestock committee, has announced.

A total of 282 pens will be available for the 1949 show, insuring facilities unexcelled anywhere in the nation, Cabell said.

The show will be held in Dallas October 8 - 16, with judging on October 10, 11 and 12. Premiums totaling \$5,500 are offered for breeding swine, and

WHEAT GOES UP IN SMOKE—One of three bays destroyed by fire goes up in flames at Barrington, N. J. The 100-ton stack of wheat and straw blazed away freely before firemen from several companies could bring the flames under control. Hose had to be taken 2000 feet to the nearest water supply.

Warning Sounded On Drain Of Oil, Gas Resources

AUSTIN, July 6. — A warning that oil and natural gas resources of Texas and other parts of the South are being drained away so rapidly that the supply "will dwindle sharply during the next 20 years," leaving this section of the nation "indeed a blighted area" comes in a national report just received at the state office of the Texas Rural Roads Association.

The findings, contained in a complete copy of the National Planning Association's report to the President's Council of Economic Advisers, is titled, "The Impact of Federal Policies on

the Economy of the South," including Texas. It has not yet been distributed, but a copy came to the Texas Rural Roads Association President Jim Cantrell of Princeton, North Texas banker and farm leader. The report represents months of careful study by qualified economists, including Dr. L. P. Gabbard, head of the Department of Agricultural Economics and Sociology, Texas A & M College at College Station.

"It gives every patriotic Texan food for thought," Cantrell said. "Wake up Texas," he declared. "Let's close the gate before all our horses are out and gone forever."

Ellenburger Test Drilling At 2,750

Fain and McGaha's No. 1 Orin Warren, an Ellenburger wildcat oil test three miles north west of Putnam, was drilling at 2,750 feet Friday, according to reports here. Contract calls for 4,300 feet. Tolbert and Tolbert of Breckenridge are the drilling contractors.

It was understood that Fain and McGaha, Wichita Falls op-

erators, hold leases on some 2,000 acres in the region of the test.

Former Cisco Man Dies Wednesday In Oklahoma

Walter Boatman, 68, former resident of Cisco and Eastland county, died at 6 p. m. Wednesday in Headerick, Oklahoma. He had been ill for some three months. He spent his early life near here on the old Cisco ranch and Boatman farms.

His death is the second death in the family within the last month a brother, Bee Boatman, from California, also a former resident of Eastland county, who had arrived at the bedside of Walter, died with a heart attack. Mr. Boatman is survived by his wife, two brothers, Joe of Cisco and S. L. of Corpus Christi five sisters, Mrs. W. S. Barnhill, Stanton, Mrs. Eula Ledbetter, Mrs. C. Jacobs, Mrs. Mrs. P. B. Travis and Mrs. E. R. Watson of Cisco.

The funeral will be at Headerick Friday at 3: 30 p. m.

More Than 500 Men To Get Discharges

AUSTIN, July 15—Approximately 500 18-year-old Army volunteers from Texas that entered the service last summer for a period of one year are due for discharge during the next sixty days, Colonel Oscar B. Abbott, Executive of the Texas Military District, announced here today.

The 18-year olds entered under one of the provisions of the Selective Service Act that provided that if they were in that age bracket and served one year in the Army they would no longer be subject to draft. Of the 10,000 18-year old volunteers that the Army received last summer, approximately 500 or 1-20 came from the State of Texas. All were sent to Camp Hood for their one-year tour of duty.

It is now mandatory that these service men remain active in an organized unit of one of the reserve components for four years — the National Guard or the Organized Reserve Corps.

Colonel Abbott said that all of these volunteers must report to the Texas Military District by letter within five days. They will be assigned to a National Guard or an Organized Reserve Corps unit according to the physical location of the volunteer's home.

If there is not a Category I Organized Reserve Corps unit

or a National Guard unit near the home of the volunteer, he will be assigned to a Category II Organized Reserve Corps unit and must serve six years therein. Category II meets 24 times a year while a Category I unit will meet 48 times a year.

Former Ciscoans Return To Home In South America

Mr. and Mrs. Eunice H. Marsh and their two daughters, Patricia and Shirley, who have been visiting in the home of Mrs. J. D. Yarbrough, 401 West Seventh, sailed Friday from New Orleans on the Alcoa Corsair for South America where Mr. Marsh is employed with an oil company.

Mr. Marsh, who formerly lived in Cisco, has been in South America for approximately two years. His family joined him there a few months later.

The company with whom Mr. Marsh is employed has built a small village near their operations, complete with schools, hospitals, stores and all conveniences.

This was the first time the family had been back to the States since leaving for their South American home. They plan to remain there for several years.

Mr. and Mrs. I. L. Cook left for their home in Munday after attending the funeral of L. J. Cook, a brother of Mr. I. E. Cook.

Final Rites For Mrs. L. H. Qualls Held Here Monday

Final rites for Mrs. L. H. Qualls, 63, who died suddenly at 2:25 p. m. Saturday at her home, 1005 West 13th Street, were conducted at the Church of Christ at 2 p. m. Monday under the direction of Brooks Terry, local Church of Christ minister, and Wilburn C. Hill, minister of the Sweetwater Church of Christ. Arrangements were in charge of Thomas Funeral Home.

Immediately following the services here the body was taken to Fort Stockton and services were to be held in the Church of Christ there at 3 p. m. Tuesday. Bela Lee Watson of Baytown conducted the Fort Stockton services. Burial was to follow in the Fort Stockton cemetery. Owens Funeral Home was in charge of rites there.

Bill Kendall, Neal Moore, Clarence Pippen, J. A. Krisel, A. Z. Myrick and M. E. Fry were pallbearers.

Mrs. Qualls was born in Nashville, Tenn., on May 3, 1886. She moved to Texas with her parents when she was a young girl. She had been a member of the Church of Christ since her early life and was active in the work of the church. While in Cisco, she was a teacher in the Bible school and participated in all of her activities of the Church.

She was married to S. F. George in De Leon on October 25, 1903. Mr. George died on Dec. 31, 1936, and was buried in Fort Stockton, their home for several years. She was married to L. H. Qualls of Cisco on May 17, 1911, in Fort Stockton, and had made her home in Cisco since that time.

She is survived by her husband, three daughters and one son. The daughters are Mrs. Roy Huffnayer of Cisco, Mrs. Carl O. Smith of Fort Stockton and Mrs. B. F. Smith of San Angelo. The son is Olin George of Imperial. Eleven grandchildren also survive.

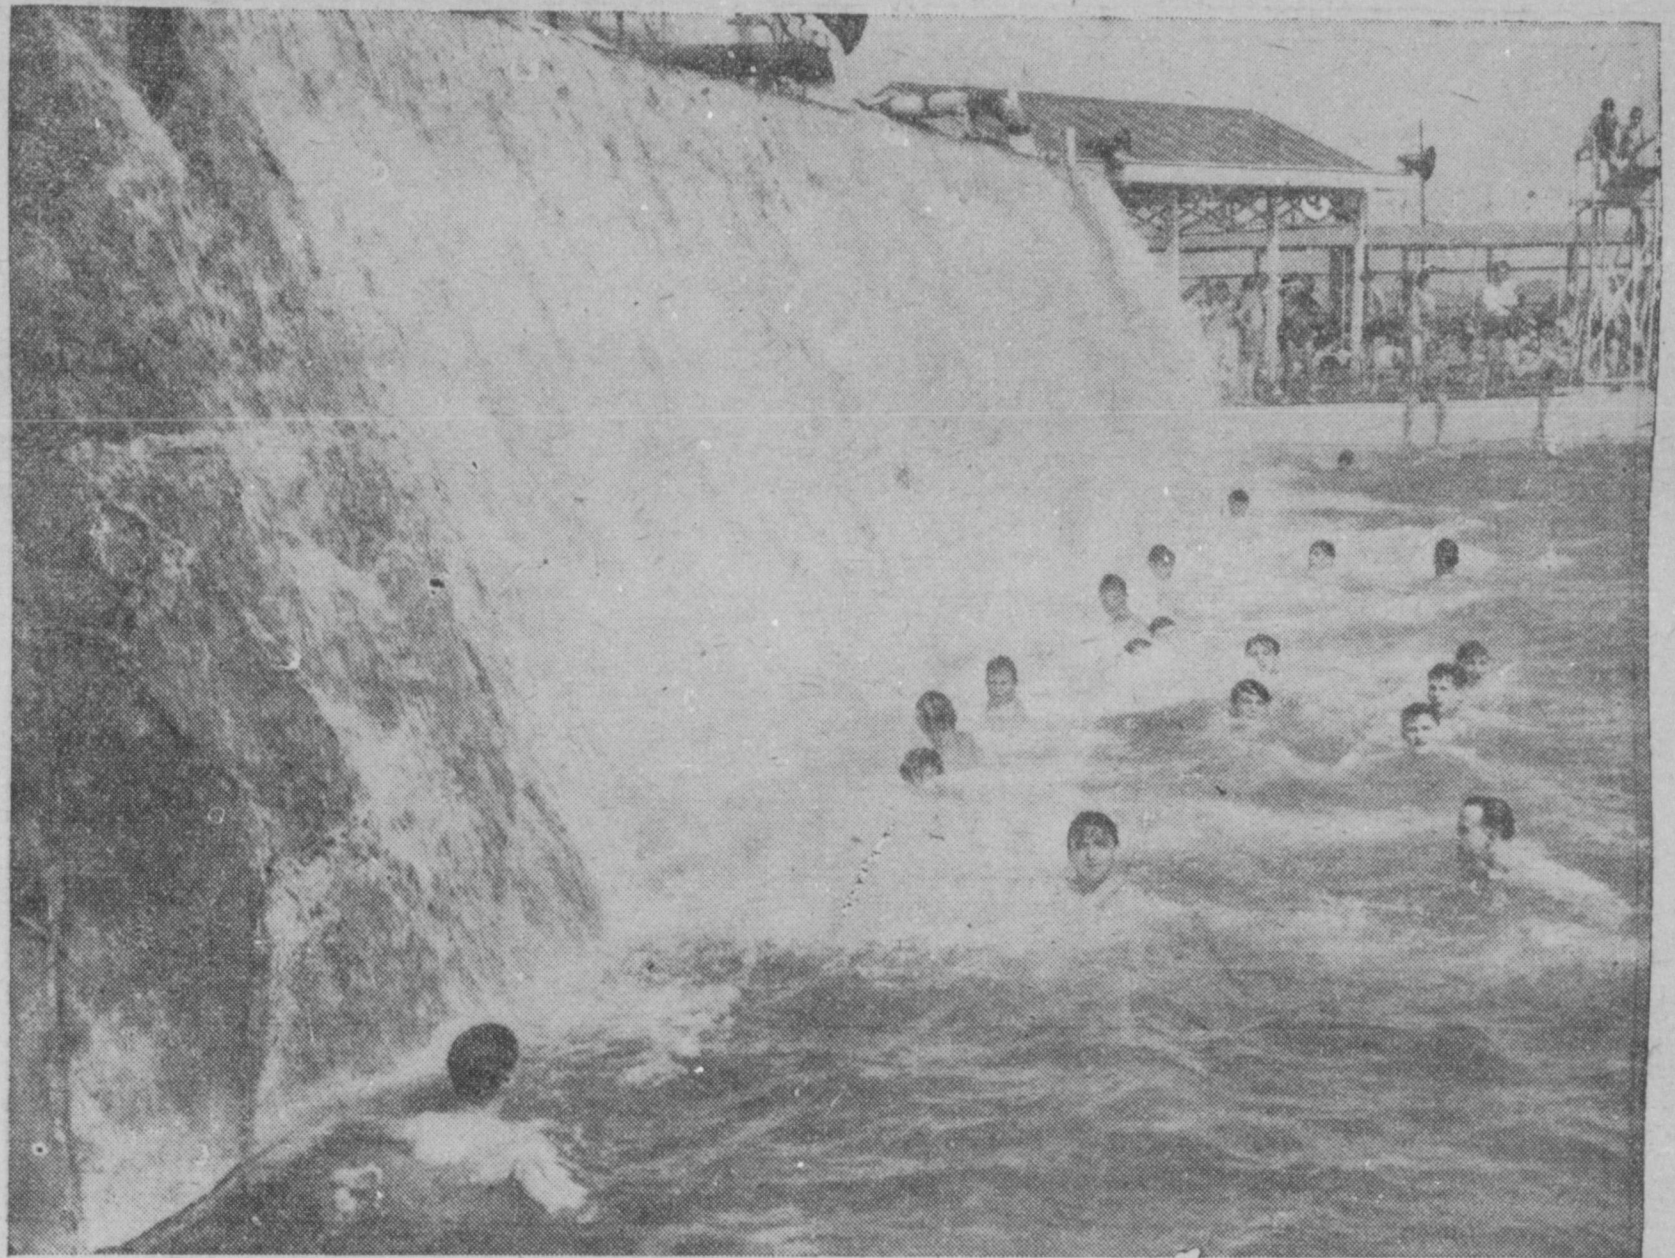

Also among the survivors are one sister, Mrs. Mary Southall of Blair, Oklahoma, and one brother, G. M. White of Odessa.

Deal Rites Held Here Tuesday

Funeral rites for Burette P. Deal, 54, of San Antonio, were to be held at 4 p. m. Tuesday at Thomas Funeral Home Chapel with Rev. John R. Merritt of Meridian in charge. Mr. Deal died in Kerrville on July 17.

He had been a resident of San Antonio for the past two years, moving there from Cisco where he had lived most of his life. Mr. Deal was born near Scranton on January 3, 1895, and had lived there and in Cisco until he moved to San Antonio.

Surviving are his wife, three

THE RIGHT PLACE TO BE—These youngsters know what to do when the temperature soars into the nineties and threatens to stay there. They're enjoying the splash of water under the falls of a pool at Palisades Park, N. J., and when old Sol's rays beat down unmercifully, there's no more comfortable place to be than under a waterfall.

sons and one daughter. The sons are Fred M. Deal and Billy Joe Deal of San Antonio and Jim Deal of Kerrville. The daughter is Mrs. John Bailey of Cisco.

Deceased is survived by his mother, Mrs. Nannie E. Deal of Kerrville, who is seventy-six years of age.

Also surviving are one brother, four sisters and four grand children. The brother is Weldon Deal of Kerrville. The sisters are Mrs. T. E. Reader of Kerrville, Mrs. J. Roy Andrews of Longview, Mrs. L. B. Stewart of Scranton and Mrs. O. L. Slatton of Wink.

Pallbearers were D. P. King, Wilson Smith, L. E. Sublett, J. E. Sublett, Buck Sharp and Herman Barron.

Burial was to be in the Scranton cemetery with Thomas Funeral Home in charge.

Shallow Oil Test Making Progress

West Bros. and Associates were drilling at about 500 feet Friday in a shallow oil test well located on the M. E. Fry Ranch, Section 316, SPRR Survey, five miles south of Putnam, according to information here.

The test is expected to seek oil in the 600-700 feet region. An Ellenburger producer is located nearby. The shallow test is expected to be complete early next week.

Well Known Oil Man Dies In Fort Worth Thursday

Charles F. Roeser, well known independent oil operator who began his career in this area, died in a Fort Worth hospital Thursday at 3:30 p. m. after a critical illness of one week. A heart attack was the immediate cause of his death.

Early in his career Mr. Roeser, in partnership with T. T.

Pendleton, started the Roeser-Pendleton Oil Co., Inc., with the principal holdings in Shackelford and Stephens Counties. They were the discoverers of the prolific Cook Pool on the Cook Ranch near Albany.

They also developed holdings north of Albany and in Stephens County. Mr. Roeser was president of the company and was chairman of the board of the Continental National Bank in Fort Worth.

The final rites for Mr. Roeser were to be said at 4:30 p. m. today on Westover Rd. in Fort Worth. Rev. Warren Johnson officiated. The body was to be placed in the family mausoleum in Greenwood Cemetery near Fort Worth.

OFF TO A NEW LOCATION—While being moved by truck to a new location in Hempstead, N. Y., the height of this old three-story house caused line-men to relocate wires, allowing the tall building to pass through a busy section of the town. Traffic was rerouted as wires along the street had to be taken down and then replaced.

Square Dance To Be Featured At De Leon Festival

DE LEON, July 14 — Final preparations were being completed for the annual Peach and Melon Festival on July 21, 22 and 23. A major attraction of the Festival will be the Square Dance on Friday and Saturday nights, the 22 and 23, at the North Ward School House.

Seven noted Square Dance callers have been signed up to do the calling for the two nights. They are John D. Waring, Margaret Tate, and Joe Waring, all of Comanche; Horace Taylor and Grady Williams of Hamilton; Jim Bradberry of Dublin, and Jim Searcy of Gatesville.

Just about every Square Dance known has been arranged, and programs will be printed giving the names of the dances and callers.

A special Square Dance band has been engaged for the two nights.

The Odom Grocery has been putting in a larger meat cooler and another self computing scale which will save lots of labor by not having to go to the back of the store to weight each article that had to be weighed.

courses in harmonw, arranging materials, marching bands, and band shows.

Committee Makes Seat Assignments At Cotton Bowl

Notification of seat assignment and application blanks for the nine major football games to be played in the Cotton Bowl this fall, have been mailed to Bowl bond and option holders, W. H. Hitzelberger, vice-president and general manager of the State Fair of Texas, has announced.

Applications must be returned to the football ticket manager, State Fair of Texas, by August 15, when option privileges expire. Tickets on expired options will be returned to the schools for general public sale.

Separate ticket applications will be mailed later for the New Year's Day Cotton Bowl

game, Hitzelberger said.

Bondholders have the right to purchase one ticket for each \$100 in bonds, and option holders one ticket for each \$50 option, to each game or event in the Bowl for which reserved seats are sold.

Games scheduled for the Bowl this season are SMU vs. Wake Forest, Sept. 24; SMU vs. Missouri, Oct. 1; Texas vs. Oklahoma, Oct. 8; SMU vs. Rice, Oct. 15; SMU vs. Kentucky, Oct. 22; SMU vs. Texas, Oct. 29; SMU vs. Arkansas, Nov. 12; SMU vs. Baylor, Nov. 19, and SMU vs. Notre Dame, Dec. 3.

A few ticket options are still available for sale, Hitzelberger said, and may be purchased by application to the State Fair of Texas.

Mr. and Mrs. Virgil Holcomb of Illinois and mother, Mrs. Olivia Holcomb and Mr. and Mrs. Lee Holcomb, were visiting in the home of Mr. and Mrs. M. H. Sargent the past week end. They all went to Cisco Saturday afternoon to visit with other relatives and friends.

Noted Musician To Conduct Music Camp At H-SU

ABILENE, — Chief clinician of the tenth annual music recreation camp to be held on the Hardin - Simmons university campus August 15-27 will be Milburn E. Carey, director of the Phillips University concert band of Enid Okla. and manager of the annual Tri-State Festival. Announcement of appointment has been made by Marion B. McClure, director.

Carey is a director, composer, arranger, and has conducted musical organizations in 14 states. He holds three degrees from the University of Illinois and has additional graduate work at Northwestern University. During the past two years organizations have appeared under his direction in California, New York, and Florida. He has played and studied under A. A.

Harding who was director of the University of Illinois band an organization described by John Philip Sousa as the "world's greatest university band."

The music camp is primarily for band members and music students of high school and junior high ages and their directors and teachers. A faculty of specialists in the field of instrumental music and band work will instruct the students.

Daily ensembles, coaching, classes in conducting, harmony, and musicianship will be conducted for students. Baton twirler Norma Kniffen will offer instruction in twirling and drum majoring. Classes in roping and section drill will also be held.

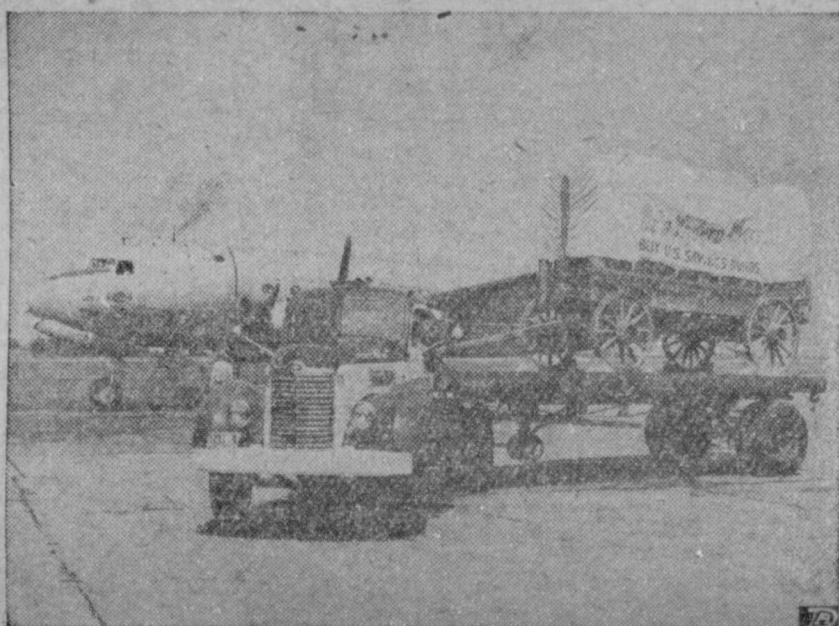

For directors there will be

STARLET SWIMS

Summer sunshine has sent the movie stars scurrying to their swank pools for a refreshing plunge. Here, pretty Arlene Dahl pauses for the camera before she dives in. She finds this cotton jacket a handy cover-up for her trips to and from the pool. It is designed in Turkish toweling by Normandin, the National Cotton Council reports.

Bond Drive Theme—100 Years Transport

The prairie schooner, the airplane and that rugged servant of modern-day transport, the truck-trailer, are joined in today's Opportunity Savings Bond Drive, representing the century between the gold rush of 1849 and the Treasury Bond campaign of 1949. Prairie schooners took the '49'ers west to California when gold was found, but the airplane brought the old pioneer wagons to a network of cities where, mounted on Fruehauf trailers, powered by international truck-tractors, they are serving as a point-of-sale for Savings Bonds. Here is one of the 30 wagons mounted on a trailer with the plane in the background—another example of how air transport and motor transport are being linked to perform a multitude of hauling jobs requiring both utmost speed and utmost flexibility.
