

Water Pipes Burst As Mercury Drops 4 Below

We don't think you will find anyone on the South Plains who would try to deny the fact that for the past ten days we have realized it is winter.

Last week, when the mercury dropped to within nine of zero, we thought we were being mistreated but, to add insult to injury, this Friday the little red line zoomed to 2 below. That is the coldest it has been in this section in eight years. In 1950 it is said the mercury dropped to a low of 5 below zero.

The upper reaches of the Panhandle, Amarillo and Dalhart, showed a low of 9 below and 20 below at the same time, the coldest weathers in the history of the country. They were plagued by the heaviest snowfall in history, as well as icy roads. In fact, it is reported that hundreds of motorists were caught on the highways in stalled cars.

While it was cold here, and is still cold (Monday), there was no moisture, the first spell bringing a trace of snow but not enough to dampen the ground.

It is the general belief, and the prediction of long-range prognosticators, that we will have the coldest winter in years which, according to the same source, will be followed by a mild winter in 1960.

However, in speaking of our present winters, Jack Tipps remarked that there has been a great change in the winters during the past twenty or thirty years, calling to mind the blue northerners which in former years

descended on the South Plains in sudden fury, the wind so cold that it would freeze man or beast within a short time.

During those good old days snow lay on the ground from thirty to sixty days each winter and the temperature was sub-zero.

It is no trouble for the writer to remember these winters and to, also, remember that we depended on coal for heat. It was during one of these blue blizzards that the town of Ralls ran out of coal and the citizens had to go out in the pastures, shovel away the snow, and pick up cow chips. There were few, if any, winters when from one to a dozen people froze to death, while the casualties among cattle ran into the hundreds.

Even considering the cold snaps we have had during the past two weeks, there is no comparison between the weather of now and that of 30 years ago.

However, we're told that sub-zero weather is good for the land. It kills insects that might, and do, survive during a mild winter. And, these same insects come back during the growing season to plague the growing crops.

And, that it was cold was brought home to us in a very real manner when we walked around the court house in Levelland Monday. Scattered among the shrubbery were a large number of birds who had frozen to death and dropped to the ground from the eaves of the building.

ROPES HOME DEMONSTRATION CLUB MEETS

The Ropes Home Demonstration Club met for the first meeting of the new year on January 6th at the home of Mrs. James Chambers.

The new president, Mrs. Joe Harris, presided. Yearbooks were distributed. The business of the day consisted of appointing committee chairmen and members, and arranging meeting places for the coming year. Programs to be presented in the future include foods and nutrition, health and medicine, yard improvement, and good grooming.

Mrs. Jewel Robinson, county agent, was present to assist in planning the forthcoming programs, and she also gave an interesting report on statistics concerning Hockley County taken from the 1950 census.

Our main goals for the year include securing new members and assisting in renovating the Community Building.

The next meeting will be held on January 20 at the home of Mrs. Joe Cook. A program on Cancer will be presented by the County Health nurse. All interested persons are cordially invited to be present for this timely program.

NAZARENE CHURCH

On Wednesday night, January 14th, we will begin a weekend Young People's meeting. Rev. and Mrs. Billy Burton, pastors of Lubbock Grace Church, will be our special workers. There will be special music and something different every service.

We invite all young people of the community to enjoy these meetings each evening at 7:30, Wednesday, the 14th, through Sunday, the 18th. Come worship with us.

JOY ALLENS' VISIT IN BROWNFIELD

Mr. and Mrs. Joy Allen were in Brownfield this past Sunday where they visited her grandparents, Mr. and Mrs. J. R. Holmes.

The Holmes have been on the sick list.

CHARLES RUSSELLS' VISIT PARENTS

Charles Russell and family, of Andrews, were here this past week visiting with his parents, Mr. and Mrs. Edd Russell.

O. V. FULLER IN LUBBOCK

O. V. Fuller, superintendent of Ropes schools, was looking after business in Lubbock Tuesday.

Methodist News Notes

Last Sunday began our ATTENDANCE EVANGELISTIC CAMPAIGN. We will count attendance upon all Sunday services and report to district reporter, Rev. Vernon O'Kelly of New Home. The Pastor was well pleased with attendance on this first count. We had 56 in Sunday School, 65 in morning worship and 29 in the evening service. The bitter cold and some illness may have cut attendance some.

An attendance report from all our Churches to this newspaper each week would prove interesting. It would let us know what percent of our community is attending the services each Sunday. Some of us might be proud and others might be chagrined.

THE DISTRICT MEETING of the MYF will convene at Seminole First Church Saturday, January 10th. It includes the Intermediate, Senior, and Older Youth groups. A very fine program is arranged. Registration will begin at 6:00 P.M. The registration fee is fifty cents.

THE CHOIR used their New Robes for the first time last Sunday. The new robes was a Youth Division project. The entire Church should be proud of both the Youth and the robes.

DR. DALLAS D. DENISON will preach for us Sunday evening, January 11th, at 7:00 o'clock. Dr. Denison is District Superintendent of the Brownfield District.

THE OFFICIAL BOARD will meet in regular session Wednesday, January 14th, at 7:30 p.m. Since this is the business body of the Church, every member should be present. N. J. Green is the Chairman.

THIS IS SOME CAT!

Talking about cats in general you don't have anything very special, but speaking of a particular cat, that is different, and that is the kind of cat Jack Ogle has.

It is some cat.

This cat, who has the handle of Judy, sleeps in a covered pan and when she retires for the night she will stick a paw out and motion for Jack to let the lid down. When she becomes playful she leaps from the floor to the ceiling and then stands up on her tail and laughs.

As to the matter of eating, she prefers mice and rats, but she doesn't like to put out the exertion of catching them, so she persuades Jack to watch the rat holes, and after he knocks one over she will feast on the carcass.

Jack says the cat can talk, but this last we pass along for what you may think it is worth—but she can rear up on her hind legs and walk about the room. But, seemingly, she realizes most cats can do this, so now she walks around the room on her front feet with her tail curled around her neck to hold extremities.

It is some cat.

Lions to Hold Public Auction

Plans are now under way by the Ropes Lions Club to hold a community auction.

"No matter what you have for sale," said T. J. Redman Jr., "it will be auctioned off by the club. Ernest Whately will do the selling and has tendered his services free to the club so that all the commission will go to the Lions Club and will be used in civic work for the community."

Bring in your listings as soon as possible as the Lions wish to have circulars printed so they can be scattered, not only in the Ropes community, but in surrounding communities.

Every effort will be made to have a large number of buyers on hand, and the more items there are the better chance the sale has for success.

You can give your list of sale items, farm machinery, household goods, livestock, etc., to T. J. Redman, Jr., Jimmy Sims, Robert Hall, Charles Shannon, Gene McKee, Ralph Riojas, or leave them at the Plainsman office.

SAM WILHELM PASSES AWAY

Sam Wilhelm, who resided here for the past several years, passed away in a Levelland hospital on Saturday of last week. Funeral services were held from the Ropes First Baptist Church Monday at 3:00 o'clock with the pastor, Rev. John Cole, delivering the oration. Interment was in the Ropes cemetery.

While we know but little of Sam, who was more than 80 years old, we do know that in the early days he built gins in Texas and Oklahoma, and later went to the Klondike. In his latter years he was in excellent health up until several weeks ago when it was discovered that he had cancer of the colon, and underwent surgery from which he never recovered.

While residing in Ropes he made many friends who mourn his passing. If he had close relatives other than a brother living in New Jersey, we do not know of them. He came to Ropes at the time of the serious illness and death of his sister, Mrs. J. G. McCarroll, and continued to reside here.

His last request was that he be buried as near his sister as possible. This request was granted as he was laid to rest by her side.

MENDON HANNAFORD IS EMPLOYED IN LEVELLAND

Mendon, son of Mr. and Mrs. M. G. Hannaford, and who is attending the Junior College in Levelland, has accepted a position with the First National Bank of that city.

He will work in the bank a half a day and attend college a half day.

Revaluation of Farms Likely During 1959

While visiting in the court house Monday Judge Louis Owens stated, in answer to a question:

"This new administration has to take up the problem of revaluation of farm land in the county. It is the intention of the commissioners court to go into this very thoroughly. Just what action will be taken I am not in a position to say. However, I will say that I believe the present commissioners court will act in harmony."

For the past two years the commissioners court has been divided. Also, the problem of revaluation comes over from the past administration, as this was taken up and discussed several times this past year without any definite steps being taken.

However, now, as pointed out, the commissioners court will have to take some action. The oil companies operating in the county are declaring they are paying a lion's share of the taxes and that they want farm land to pay its equal share.

While in Levelland we met J. C. Hollis who traded in Ropes during the years of 1924-25, before moving to the northern part of the county. Mr. Hollis is still farmin' and made a bumper crop this year.

We didn't find Dick Cooke in his office of county treasurer, but learned he was still in the Veterans' Administrator's office, straightening up the affairs there before taking over the duties of county treasurer.

M. B. Lee was on the job in the county auditor's office. He told us that he was very busy winding up the year's work and getting everything set for 1959.

Also talked with Warren Tabor. Warren told us that this had been one of the quietest falls he had ever seen in Hockley County. Few, if any, major crimes were committed, and the number of drunks and DWIs were much lower than any previous fall season. He pointed it out as his belief that

BOY SCOUTS TO MEET 15th

T. J. Redman Jr. requested the Plainsman to announce that the Boy Scouts will meet on Thursday night of next week, which will be the 15th of January.

The meeting will be held in the basement of the First Baptist Church, and parents are requested to accompany scouts to this meeting as matters of importance will be discussed.

Following this meeting the Scouts will meet each Thursday night thereafter in the basement of the church.

HUSBAND OF MRS. PETTIET ILL

Mrs. Pettiet, a teacher in the Ropes school, was in Fort Worth this week attending the bedside of her husband who is seriously ill.

Mrs. O. V. Fuller is substituting for her at school.

this was brought about by the fact that the fall, at the start, was wet and harvest hands worked only a few days at a time, making it impossible for them to accumulate enough money to go on drunken sprees.

Earl Ford, Justice of Peace in Levelland, agreed with Warren as to the quietness of the fall, but said, "I think it is because there was a good crop everywhere and the Mexican harvest hands did not accumulate in just one spot. There were fewer hands in Hockley County this year than during previous years."

Mrs. Grace Clingan was in her office looking after the affairs of the county and explained to us that she was just getting over being snow bound during Christmas. She was at Farmington visiting during the Christmas holidays and on the return trip they were snowbound and had quite a time getting home.

"They were telling us all the time to drive slow," she said. "But of course there were those who would not drive slow, and as a result some twenty cars went into the ditch."

Davis Pounds, affable and accommodating county school superintendent, was in his office and declared that everywhere in the county the schools had taken up after the holidays, and that school wise things were running rather smoothly.

In the office of Murry Stewart, tax assessor-collector for Hockley County, Murry told us, "We have collected about 91 per cent of the county taxes and through the month of January this will be increased to 97 per cent, and 1½ per cent more will be paid in by July 1."

Murry stated that at a later date this month he would be in Ropes for the purpose of issuing poll tax receipts and collecting taxes. A notice will appear in the Plainsman announcing the date.

COUPLE WED IN CHURCH CEREMONY

Miss Anita Joyce Dozier, daughter of Mr. and Mrs. Jess Dozier, and Carol Wayne Scott, son of Mrs. A. A. Lankford, Lubbock, and W. W. Scott of Smyer, were married at 7:00 p.m. Thursday of last week in Northside Assembly of God, Lubbock.

The Rev. Scott F. Mitchell read a double ring ceremony.

Given in marriage by her father, the bride wore a gown of Chantilly lace and pleated tulle over satin. It was designed with a Sabrina neck line outlined in scallops of lace. The fitted bodice was dusted with iridescent sequins and featured long sleeves. The voluminous skirt was made of ruffled pleated tulle and enhanced with an overskirt of lace flecked with iridescent sequins.

Her finger tip veil of illusion was attached to a half hat of lace and she carried a cascade arrangement of white orchids and stephanotis.

Her attendants were Miss Emma Christopher, maid of honor; and Rosine O'Neal junior bridesmaid, and Mrs. George Igo and Miss Nelda Jordan of Meadow, bridesmaids.

The attendants wore identical dresses of red scarlet chromespun taffeta designed with a sweetheart neckline and harem skirt. Short red

veils fell from red velvet ribbon headpieces with small velvet ribbons accenting the scallops on the lower edge of the veils. They wore real lace mitts and carried crescent styled bouquets of feathered white mums.

Edsel Martin of Tucumcari, N. M., served the groom as best man.

Sheron Lynn of Brownfield, and Linda Jordan of Meadow were candlelighters, and Donna Bingham of Meadow was flower girl. Steve Mason of Brownfield and Loyd Jordan of Meadow were ring bearers.

Ushering duties were assumed by Windall Taylor, Claude Cash and Ronnie Scott.

Miss Euteva Coberly played the wedding music, and Miss Nora Boyd of Petersburg was soloist.

The reception was held in Christ Ambassador Hall of the church. The houseparty included Mrs. Weldon Mason of Brownfield, Mrs. Donald Bingham and Mrs. Edward Jordan of Meadow. Edward Jordan of Meadow registered the guests.

For her wedding trip the bride wore a white jersey wool sheath dress and a white orchard corsage. The couple will be at home in Savannah, Ga., where the bridegroom is stationed at Hunter AFB.

**ARZIE MARTIN
CAR WRECKED**

A car belonging to Arzie Martin and driven by his daughter, Helen, who was accompanied by a girl friend, was completely wrecked this past week when it was in collision with a pickup driven by a Latin American. The accident took place near the Tom Price place, west of Ropes about eleven miles.

According to Helen she was driving on the pavement when a pickup and car passed her and whipped off the side of the road, then turned back in front of her. She said the car, in turning, for a moment, stood on two wheels and she just missed it, but the pickup did not get by, the car she was driving striking it near the rear end.

The driver of the pickup was slightly injured, but the girls escaped injury.

As is the case so many times, the Latin American had neither driver's license nor insurance on the pickup. Investigation officers gave him tickets for driving without license, falling to

grant right-of-way, and leaving the scene of the accident.

You will, perhaps, tell me that you can save money by trading at home.

That is an excellent reason.

However, are you sure of this? We are not so sure of it. During the past few weeks the Plainsman has been investigating prices in Ropes and prices elsewhere.

There is not the difference you may think.

This is a fact: Current every day prices in Ropes are not only as cheap as at other points but, in some instances, they are cheaper.
