### Memo From Mac:

R. B. (Mac) McAlister  
State Representative,  
District 76, Place 3

Eight legislators in the house coffee shop one morning last week were of the unanimous opinion that Governor Preston Smith is going to work better with both the Senate and House than any Governor in modern history. The new Governor come down on the floor and visits with any and all, and frankly so far they accept him as one of them. One big reason is because Governor Smith having served in both house for 18 years knows their language. The honeymoon will soon be over, but we predict that the spirit of cooperation between the Executive and Legislative branches of our state Government will be the finest ever, and this should make for a "Most effective" session.

There are now 149 members in the House and to date I know 80 of them. I hope in the next two weeks to be able to place the name and face of the entire House. You will be reading the latter part of this week about the committee appointments. No one seems to have any advance information but most legislators feel like my deskmate J. E. Ward from Glen Rose, Texas: I'll work

where Gus puts me.

Mail is beginning to pour in on the 'Name Change' of Texas Tech. This issue will not be settled for weeks, or maybe months, because it must be referred to a committee before any chance of coming up for passage. Obviously, there is a strong difference of opinion among students, ex-students and faculty, but unlike the 'School Consolidation' issue, this one holds very little interest 150 miles from Lubbock in any direction. The quicker it is settled the better for all concerned, and my fervent hope is that all who desire will have their say, but when the name is approved by the Legislature we shall accept it and move on to greater things.

I am about to get used to the "Honorable" tag in front of my name. Senator Blanchard explained the significance to me. Once there appeared before a committee a Colonel Bean — One house member interrupted his testimony to ask "Sir, what does the Colonel mean in front of your name?" — The old gentleman asked and answered, "Well, it's like this, you men are called the Honorable, so and so — my colonel is just like your honorable — it doesn't mean a doggone thing."

tion breeds nothing but prideful self-satisfaction and maybe more war. WHO NEEDS IT? Only little men of little character who rule their lives by law without love for life, that is who!

Commander Lloyd M. Bucher saved the lives of his crew by surrender to an enemy. Sure, it hurts my American pride, but I wonder if the mothers and fathers, wives and children of those returned crewmen really care at this point about foolish pride? WOULD YOU, IN THEIR PLACE, IT MAKES A DIFFERENCE WHEN YOU STAND IN THE OTHER FELLA'S BOOTS FOR AWHILE.
