THE ROPES PLAINSMAN

VOLUME XXVII—NO. 36

ROPEVILLE, HOCKLEY COUNTY, TEXAS

THURSDAY, JAN. 17, 1963

Lowest temperature in thirty years prevails on south plains sunday a. m.

Sunday morning recorded the lowest temperature that has prevailed on the South Plains in thirty years. The mercury all but fell out of the bottom of the glass tube when it dropped to 17 below zero.

In all recorded history this is the lowest the temperature has ever fallen here. It did not break all records for in 1933, the mercury dropped that low.

While this could hardly be called a blizzard as the wind

at no time was more than 30 miles an hour, and only a thin covering of snow fell it was a cold blast which came under clear skies. For two days previous the mercury had dropped to 4 and 5 degrees below zero and was then climaxed with the 17 below Sunday a. m.

As a result water pipes froze, cars refused to start, at least three churches called off night services, and the people stayed close to home. In fact, it was homey weather.

er. If you got out you were likely to get your ears frozen off.

It continued below freezing all day Sunday and there was no melting of the snow until Monday afternoon—then only for a short time and the temperature again dropped below the freezing point. At 9 o'clock Monday night the mercury registered 14 above and promised to drop below zero before morning.

While there are few of us

who are happy with the low temperatures, they do have their benefits. Usually the winters here are so mild the insects buried in the earth are not killed and are a hazard to crops during spring and summer. With such weather as we have been having there is little doubt but that the ground has frozen to such a depth that all insects are dead and will have to take a new start in the spring.

In checking on the 1933

freeze, we called L. A. Townsend, depot agent, who keeps records of the weather and he told us:

"There were different readings of thermometers in 1933, some read them at 16 degrees, some at 17 degrees, others as low as 20 degrees below zero. I think it can be safely said that year was 17 or more below.

"I have a very vivid memory of the cold snap. Ropes did not have natural gas and

we had to depend on coal stoves for heat. It got so cold that night that my wife and I had to move our bed into the front room where the coal stove was and I stoked it all night. Even then the room was not warm."

Winter here very often has a few days of temperatures which will range from 4 to 5 below and in rare instances will drop from 10 to 12 below. And, there have been winters when the temperature never went below. Most of our winters are mild, usually with one heavy snow the latter part of February to the first or middle of March. In fact, the worst blizzards we ever experienced, in recent years, have been these two months.

However, people, now, do not suffer from the cold as they once did. Having gas heat has brought comfort to homes which had not known comfort in winter before. The kerosene heater, coal heater and wood burning fire places were all right when you didn't know any better, but you couldn't do better, but they are a poor substitute when compared with gas.

Anyway, the winter is not over and we may have another cold snap or blizzard with huge amounts of snow before it is over.

Olen Petty Writes of Doings of Legislature

Through the courtesy of the management of this newspaper we will present to you a weekly report concerning the actions of the House of Representatives and the legislature. The legislature is a very important part of your every day life so, naturally its happenings are of interest to you.

As your State Representative it is my job to represent you, the people of District 90 in the legislature. It is not my purpose or intent to represent my personal views but to represent the wishes of the majority of the people from our district. I do not have all the answers to the many problems that face our state, but I feel that you do. So, the purpose of this weekly report to you is to keep you informed as to the proposals and happenings of this legislature so that you might in turn keep me informed. My plea to you today and as long as I serve as Representative is for you to keep me informed as to your wishes. We have an office

on the fourth floor of the Capitol building, and it is open from eight to five, five days a week. Also, we are available on Saturdays. Our office phone number is GR 8-9186. If we can't be reached at the Capitol you can call GL 2-9540, which is our apartment, telephone number. We are on the job twenty-four hours, so to speak, and welcome and encourage your calls or any way that you care to contact us.

As far as working in the House this first week the House has been organized. Mr. Byron Tunnell has been elected Speaker of the House. Other than the traditional organizational procedures the most important activity this week was the appointment of the Committees.

Below is a list of our Committees, which I am sure you are interested in.

Appropriations Committee
Agricultural Committee
Banks and Banking Committee
Congressional Districts Committee

Vice-Chairman of the Commerce and Manufacturing.

We are looking forward to a great year for West Texas this year with the new Lieutenant Governor, Preston Smith and our new Attorney General, Waggoner Carr as well as other outstanding leaders as Governor John B. Connally. In years past we have sometimes felt that West Texas has been overlooked in areas of the state government. However, with the outstanding leadership from West Texas and the men mentioned above I'm sure that you agree with me that we are in a position to gain great benefits.

In closing this report let me encourage you to make it a habit to read our report each week and in turn express to me your views. We have many important matters to be considered and I'm certain that you want your views to be heard. We look forward to your letters throughout the coming months.

JEHOVAH'S WITNESSES' CONVENTION REPORT

Harry A. Fetzik, district supervisor for Jehovah's Witnesses, told 731 assembled Sunday in Lubbock's Fair Park Coliseum that "a great crowd of people will survive this world's end."

In speaking on the subject, "The Bible's Answer to Our Problem of Survival," Fetzik said, "God will bring to ruin those ruining the earth," and then His will is to be done on earth as it is in heaven."

Martin C. Harbeck, circuit supervisor, in his closing talk "Christian Conduct in a Divided Household," said, "The Christian minister will preach in his divided home not so much by word of mouth but by his Christian conduct."

Alfred Ferguson, presiding minister of the Congregation at Ropesville said, "The theme of the assembly, 'Spread the Word of Life,' was exemplified by talks, demonstrations and illustrations from the platform, and then the Witnesses put the things learned into practice from store-to-store and house-to-house, even though Lubbock had subzero weather."

The purpose of the 16-congregation meet was to analyze the approximately 700 reporting ministers' activity, and lay plans to eliminate existing weakness so that their activity will be brought up to national and district levels.

ATTEND SINGING IN LUBBOCK

Among those from Ropes who attended the singing in Lubbock Tuesday night were Mrs. Clyde Loveless, Mrs. Mansfield Thomas, Brenda and Libby, Mrs. J. D. Beaty, Maurice and Brady, Christeen and Karen Johnson.

The singing was attended by a huge crowd, was held by two famous quartets, the Blackburn and Statesmen.

On March 15 they will conduct another singing. It was held in the Municipal Auditorium in Lubbock.

WANTED

To trade equity on a 1960 Vellant 4-door station wagon in excellent condition, for an older model. Any reasonable offer discussed. Call 3351, or see Mrs. Virginia McKinney at the home of Mrs. D. E. Strickland.

REV. J. E. YOUNG UP AND ABOUT

Rev. J. E. Young, who was in the hospital for a short "vacation", was a pleasant caller at the Plainsman office Tuesday with the report that he is feeling very "chipper". Bro. Young is pastor of the Methodist Church in Ropes, and one of our esteemed citizens.

YOUNG FARMERS MET MONDAY NIGHT

The Young Farmers had their regular meeting Monday night with about fourteen present.

Mr. Hinton, Hockley County Soil Conservation District of Levelland, met and gave a talk. A visitor, Max Marble of Lockney, attended.

News of Ropes 4 H Club Work

(Delayed)

The Ropes 4-H Club met December 8 for their Christmas party at the Youth Center with 16 members present and the adult leaders. The guests were Mrs. E. N. Exum and Mrs. Bud Rucker.

As a project for Christmas the Club made Christmas wreaths and these were given to three members of our senior citizens of Ropes. We enjoyed making the wreaths.

On December 1 the Hockley Co. "Awards Banquet" was held at the South Plains College for the 4-H boys and girls. Those receiving pin awards were:

Freda Pointer, dress review; Danny Rosser, swine; Ted Lowrie, electric. Ted also received a cash award on his record book, being first in the county and 4th in district. Freda was the outstanding girl for the county and received the "Gold Star" award. In the "Wool Dress" contest, Freda won first and went to District.

Those receiving certificate awards were Becky Carpenter and Paula McCormick, dress review; Charlotte Johnson, cooking; and Bill McCormick, swine and sheep.

We are very proud of these boys and girls, and on the

yearly report of our club work we scored 63 points out of 80, and placed third in the county.

Doris Martin, Bill McCormick and Danny Rosser, who are council members, attended a meeting on January 3, and Doris was elected as council treasurer.

In February the "Favorite Food Show" will be held at the Womens Building in Levelland, and we have had two local meetings on this. We are hoping the girls who are entering the contest will be ready for the show.

The boys are working hard on their sheep and swine projects, and two of the girls have livestock projects, too. The show will be in March.

Have you noticed the 4-H Club sign south of town, as you are coming from Brownfield? The Club erected this sign in November, and we hope you have seen it.

Paula McCormick and Susan Redman are the Refreshment Committee for our Jan. 28 meeting at the Youth Center. Time is 4 o'clock.

We hope you can all come and we would like for the parents to work with us, as we need your support.

Reporter.

TELE NEWS
by Sandra Jeffcoat
The area has had a week.

Announcement of the person selling the most fruit cakes has been let out. The winner being Freda Pointer, then a tie for second between Pam Searsy and Kathy McNabb. Glenda Price and Sandra Jeffcoat were 3rd and 4th respectively. The Freshman class won the race on the tubfirm collection with 2903 stamps. The project was to collect as many cancelled stamps as one could, to send to Norway to help fight tuberculosis. Stamp collectors buy the stamps and then the money goes to fight tuberculosis there. The Sophomore class was second with 1200 stamps.

Homemaking III is having the Young Homemaker's officers to a dinner Thursday, January 17.

The chapter has its regular night meeting Thursday at 7:30 p.m. in the library. Linda Whitten and Lavoun Evans are preparing a program on the history of Ropes for the meeting. Freda Pointer is to receive an award at the meeting for selling the most fruit cakes. The Freshman class is to receive a party later for collecting the most stamps.

VISITORS IN THE HOME

Mr. and Mrs. J. W. Berry have had as their guests the past few days her sisters, Mr. and Mrs. J. E. Reeves of Munday, and Miss Dorothy Perry of Washington, D. C. Also visiting the Berrys were their son, Mr. and Mrs. Berry of Ponce, N. Mex., a niece of Mr. Berry, Miss Hazel Berry of Ponce, N. Mex.

LOSE ALL CLOTHES

Mr. and Mrs. Ralph Riojas were in Laredo last week to take Richard that far. He rode the bus from there to Mexico City where he is studying medicine in the University.

Mrs. Riojas reports that she left the car locked for about two hours right after dinner on a main street in Laredo. Upon returning to the car they found someone had broken a window and stolen Richard's clothing, a radio, several suits belonging to a friend, two sweaters, 4 sheets, and other items. Except for an old sweater lying over a radio on the seat, the car was ransacked, but good. The radio was found in a pawn shop only a short time after the looting was discovered. It had been pawned for \$5.00. Detectives traced the name and address on the pawn ticket, and both were fictitious. That turned out to be a costly trip for the Riojas family and friend.

LOCKETTVILLE HD CLUB

The Lockettville Home Demonstration Club met on Wednesday, January 16, with Mrs. Ann Jackson.

After all business was disposed of Jewel Robinson, HD agent of Levelland, gave a talk on "Energy and Management". Those present were Mmes. Enyllis Redman, Sandra Mc-McD. Von Ayers, Bobbie Annwe, Mrs. Geraldine Nix, and the hostess, Ann Jackson.

The next meeting will be February 6 in the home of Mrs. Elaine Odom, and Mrs. Robinson will be the speaker.

HIGH PLAINS UNDERGROUND WATER CONSERVATION DISTRICT

Plains Underground Water District, Joseph B. Conservation District said Judge Dooley, Judge of the United States District Court for the Northern District of Texas, that in a letter received last week by attorneys for the

stated that ground water used in the production of agricultural crops in the Southern High Plains of Texas is a depletable natural deposit under the federal tax laws, and that he has so ruled in a case pending before his Court.

The spokesman, Tom McFarland, manager of the High Plains Water District, said Judge Dooley's comments were in regard to a case tried before his Court during January 1962. The suit is a test case filed by a Floyd County farmer, Marvin Shurbet, in behalf of the High Plains Underground Water Conservation District and is styled, "Marvin Shurbet, et ux v. United States of America". It seeks an income-tax refund of about \$300. for the tax year 1959.

McFarland said that the favorable decision in the Shurbet case, upheld on appeal, will ultimately mean millions of dollars in tax savings for persons in the Southern High Plains of Texas who can show a cost of ground water beneath their land and who are using the water to produce income.

McFarland pointed out that in 1954 the Board of Directors of the High Plains Water District first authorized the District's staff to seek a depletion allowance on ground water. The Board felt that if such a program were allowed on ground water by the Internal Revenue Service, then a great many more persons would realize first hand that their supply of water is truly exhaustible and would then become conscious that "water conservation" is a necessity for continued prosperity.

"Even when I remove a plate from my wall there's no mark. This proves to me the cleanliness of **ELECTRIC HEATING!**"

says MRS. CHARLES J. BLACK,
300 W. Cherry, Amarillo, Texas

Sandy and Candy are inseparable pals. That is, except when Sandy, 6 years old, is playing with her dolls. You can tell by her smile that she's happy in her electrically heated home.

Mr. Black, an avid hunter, is passing the benefit of his experience on to son, Chuck, age 9. Here, he instructs him in safety handling of firearms.

The den of the Black-home is lined with exciting trophies, ranging from elk to antelope. Here he admires a 1958-deer that field dressed 250 pounds, placing it in the trophy class.

Mrs. Black, and her family, are completely happy with their electric heating. Their home is not only heated, but is also cooled by an electric heat pump. They are impressed with the over-all warmth throughout the house. Mrs. Black is particularly happy with the cleanliness of electric heating and the "wall" test she is making in the top photograph proves it. You, too, can now enjoy electric heating in your new home or you can convert your existing home with little inconvenience.
