## Homecoming activities to open tonight with annual bonfire

### Jest some thoughts

The old brain got soaked Sunday, pushed around by high winds and general dampness soaked in. Sure wish this unseasonable weather would let up. Just past the middle of October is a little late for tornadoes, and we understand there were a few dancing around to the tune of hall and high winds north of us.

We think perhaps Mother Nature got up on the wrong side of the bed last January 1, and the entire year has been one more mixup as far as the weather is concerned. We sure hope she is a little more careful when she arises this January, and perhaps things will be more back to normal.

We thought when we laid down Sunday afternoon for our weekly siesta the western skies looked just like spring storms, and sure enough they did.

The real plight of the storms is what they are doing to the crops. They can mean total disaster to our area's economy this time of year—with no help from any other quarter.

And Christmas is just around the corner—the stores are already having pre-Christmas sales. It gets earlier every year, and we still manage to do our shopping on the 23rd or 24th of December. Regardless of how early the merchants get, we can not get organized enough to make any early preparations.

It's just as well. Even though the Christmas spirit should last all year long, we find it begins shortly before and is over right after, with a big sigh of relief.

This is not because we do not enjoy the special holidays, for we do, as much or more than any body it's just that this is one more thing over, so we can get on to the next in the busy life of today.

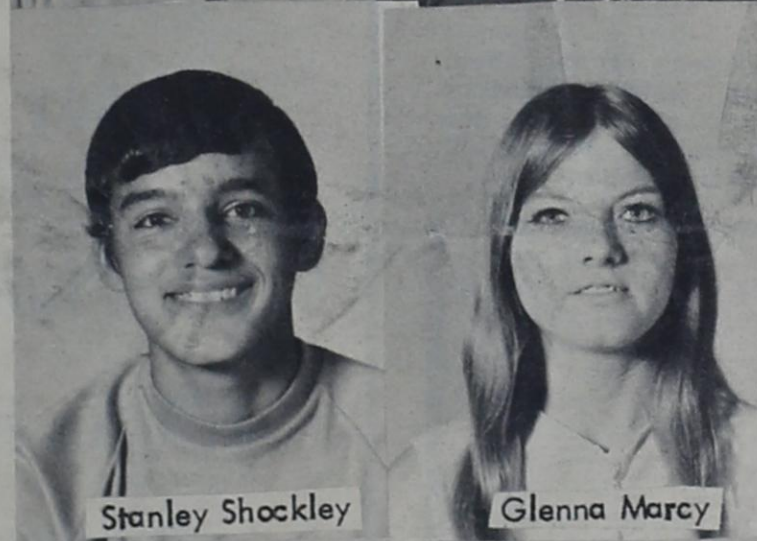

We would remind everyone of the homecoming activities slated for Friday night in Ropes. We hope there are a lot of ex'es present for the occasion, and the Eagles soar high.

Well, we've worn out the weather —and the fact that Ropes is losing ground—in another article — and we have neither the time nor space to tell of all the cute things our grandkids did this week—so, we'll roll off the page for another week.

Homecoming Queen Candidates and Escorts

Homecoming activities for Ropes Schools will get underway tonight with the annual bonfire just west of the football stadium.

Friday afternoon, a pep rally will be held in the gymnasium.

A turkey supper with all the trimmings will be served in the school cafeteria from 5 to 7 p.m. by the seniors. Tickets are \$1.50 for adults and 75 cents for children under 12. Every one is urged to dine with the seniors before the big game.

At 7:30 p.m., the Ropes Eagles will tangle with the Wilson Mustangs on the home gridiron, which promises to be a most interesting contest.

During half-time ceremonies, the homecoming queen will be crowned, as will the band sweetheart, and the football hero will be announced.

Homecoming queen candidates and their escorts are Connie Witt and Archie Jordan, seniors; Glenna March and Stanley Shockley, juniors;

Margie Salas and Jessie Guzman, sophomores; and Kayla Odom and Bobby Trevino, freshmen.

Last day to order homecoming mums was Wednesday. They may be picked up at the senior turkey supper Friday evening.

Fans will also be treated to special music by the Ropes Eagle Band, and twirling by Ruth Roberts.

Following the game, the Ropes Ex-Student Association will conduct its bi-annual homecoming meeting in the high school cafeteria.

Everyone is urged to attend all the festivities planned.

### Homecoming Oct. 22

Homecoming for the Ropesville ex'es will be held Oct. 22. Herman Timmons asked that everyone contact the ex-students they know, write or call, and urge them to attend the homecoming activities slated for that evening.

## Eagles soar to victory over Wink Friday night

### Five indictments against Patrick Ramirez this week

A grand jury in Levelland has returned 26 indictments this week including five against a 21-year-old Colorado prison escapee accused in the stabbing death of a Levelland woman.

Patrick Ramirez, a four-month resident of Levelland since his escape from the Buena Vista State Reformatory in Colorado, also was indicted on two charges of rape, a charge of robbery by assault and a charge of illegal possession of narcotics.

The murder indictment stemmed from the September 4 slaying of Mrs. Myrtle Carlisle at her home in Levelland.

Authorities arrested Ramirez about two weeks ago, and said he escaped from the Colorado reformatory May 10.

Members of the grand jury also returned one no bill and passed five cases to the next grand jury.

Jurors were impaneled this week before Judge M. C. Ledbetter in 121st District Court.

The Ropes Eagles soared to a 26-0 win Friday night on the home gridiron over Class A Wink. The first half of the game was scoreless, with the Eagles coming to life in the third quarter.

The Eagles, now 2-2-1, passed the scoring around as Archie Jordan caught a five-yard pass from Wes Bradshaw and Larry Shannon hauled in a 45-yard pass from Sammy Belaw, both in the third quarter.

James Cervantez scored on a 16-yard run and Bradshaw ran 24 yards for the final score. Cervantez then ran over the extras.

Cervantez led the Ropes defense with 18 tackles. Kirk Lewis chipped in 15 and George Salinas 12.

### Howard Bradshaw is named manager

Howard Bradshaw has been appointed manager of Cyanamid Farm Supply just north of Ropes on the Lubbock highway. Noel Flowers, former manager, was transferred to South Carolina.

**SPEAKS TO RECORD CROWD**—Mrs. Jeanne Dixon, famed lady of predictions, spoke to a record crowd at Parnell Auditorium in Lovington, N. M., Friday night. (Newsfoto by Celeste)

## Jeanne Dixon predicts . . .

BY CELESTE THOMAS

"The Divine Intervention will be between now and the year 2025," stated Mrs. Jeanne Dixon as she spoke of the second coming of Christ at the Parnell Auditorium in Lovington, N. M., Friday evening.

A hushed and attentive crowd numbering in the thousands listened to the predictions of this renowned woman who appeared under the sponsorship

of the Lovington Women's Clubs.

People traveled for miles, knowing this would be the only opportunity for perhaps many years to hear what Mrs. Dixon had to say, and to view the famous prognosticator in person.

A vibrant woman, she spoke with self-assurance, and gave the credit to God for her gift of prophecy.

The meeting opened with an invocation and the pledge of

allegiance against a background of a cross, flanked by two lovely arrangements of flowers. A resounding round of applause welcomed Mrs. Dixon as she gracefully moved to the microphone, attired in a floor-length dress of white with a sequined bodice.

Relating a few stories of humor to put the crowd at ease, she stated she was the darling of the Democrats when she predicted a democratic President, and the darling of the Republicans when she predicted a Republican President, both sides dropping her when she made a prediction for the other.

"The year 1972 will be a year of reckoning," she continued. "It will be 94 years before we are in the full limelight of the Aquarian Age. Before the end of the century, we will be using energy in an entirely different form." She explained the energy will likely come from the sun.

"The war will not end for some time to come, neither will we know peace. Peace will be attained through the second coming of Christ, of Divine Intervention. The Christians will know it is the second coming of Christ, and the Jews will believe it is the arrival of their Messiah."

Following her talk, Mrs. Dixon answered questions from the crowd, at which time she predicted Lovington will grow in population.

She also stated that "We do not have high calibre statesmen like DeGaulle, Roosevelt and MacArthur any longer because the people are afraid to be themselves. Our earlier men did not care what people thought, but elected officials are now trying to please the masses."

"President Nixon will appoint a woman to the Supreme Court."

"The trouble between Israel and the Arabs will not be resolved. Meditation and prayer, and trying to please others is the only route to peace of mind and serenity."

She also stated that California will not slip off into the ocean until the greatest earth tremor, which will be the Divine Intervention.

A cure for cancer will be announced within six months; a volunteer army will not be successful; the boys will not return from Vietnam until 1974 or '75, and most prisoners of war will be held until that

time; by 1980, we will have a socialist government, and appointments will be made instead of elections in the officers of government; and if Kennedy ran for President, he would not be victorious.

"The anti-Christ was born in 1962, and the powers will move into Rome, and out of Rome before the Divine Intervention, when the new City of Jerusalem will be opened, and no one will be denied admission. There will be no sun, moon nor stars. The light will be provided from the spiritual self," she told the group.

"We must live by example," she concluded, "by praying as though everything depends on God, and work as though everything depends on you."

When asked if she believed the 18-year-olds were old enough to vote, Mrs. Dixon replied, "I don't know. I'm not young enough to know it all."

## It is our belief . . .

That a few citizens are interested in saving Ropes from becoming a ghost town, which seems probable at the present time.

A few comments made to us after a recent article would indicate interest, but a leader is needed in order to organize something substantial, rather than just talk and suggestions.

One of these suggestions, which may seem unlikely at first, but sort of grows on you, is that the City buy the vacant buildings on Main Street, and lease them to merchants for their upkeep and keeping them open.

The rapid decline in our fair city seems to have arrived overnight, though it really took a little while. When you reach a week where two businesses close at the same time, it makes you wonder just what has happened.

There has definitely been no interest shown in building the town—just taking care of oneself, and no participation in civic affairs of any kind.

We wonder about the City Council, also. We can remember when it met each second Tuesday evening without fail. Now, you never know when it is going to meet. This month, it met on Wednesday evening at 6. Our better half, who is a member of this governing body, made a trip home Tuesday evening especially to attend the meeting, only to find it had been changed, and it was impossible to take off two nights in a row.

Interested persons need to do more than just talk. They need to band together, and see what can be done. We would suggest the best place to start is to meet with the Council, since it is the only governing body of the City. Then, perhaps something can be worked out. If this doesn't help, perhaps it would do some good to meet with the Lions Club, who are responsible for much good in the community.

While citizens are complaining the work done in the city might benefit another race, they might also consider the harm being done to their own race, who is having to do without also.

Another suggestion we received was that grass be planted on the playground at the schools for the children in elementary school, and also on the Little League baseball field. We fully agree with this. When a child falls, or slides down as he surely will, especially on the gravel in the school yard, he receives a frightful burn, if not cuts.

We have never understood why the playground was not a grassy area, as other parts of the school yard. This is really the place that needs it most.

This is not just the responsibility of the people who live in town, but of the entire area—the people who send their children to school in Ropes, attend church here and trade here.

If they don't trade here, they better start, or there won't be any place to trade. There are plenty of excuses but none can compensate.

About four years ago, we ran an article about Ropes becoming a ghost town—it was in the cards then. This can be changed, but it is going to take plenty of thought, work and interest of the citizens who call Ropes their home.

## Cemetery Clean-Up

Tommy Littlefield, president of the Ropes Cemetery Board Association, announced this week there will be a clean up of the cemetery Saturday, October 23.

Everyone is urged to bring their implements and come out early to put the Silent City in shape for the winter months. This will be the last workday for the year.

Mr. and Mrs. Larry Borland visited Friday night in the home of her grandparents, Mr. and Mrs. Sam White-ner, and Louella was honored with a birthday supper. Others present were Mr. and Mrs. Sammy Means and family and Mr. and Mrs. Melvin Glenn and boys.

The Lab School in Lubbock is for the entire Lubbock District and will provide the best training experience available for teachers and prospective teachers in all divisions. An outstanding group of teachers and leaders has been secured. We must register soon.

The COUNTRY STORE AND AUCTION is something new in our program. It is connected with the Lord's Acre Program and Harvest Festival. The store and auction will be November 11, 12 and 13 with the clean-up auction starting at 4:00 p.m. in the Jackson Building in Ropesville Saturday afternoon.

There will be a coffee-and-goody trap for sippers and grazers who want to whittle a bit of time away on a nail keg or saw horse. The harried shopper will find it a one-stop bargain shop: An Arts and Crafts Center, A Sea of Driftwood, An Antique Nook, A Furniture Counter, A Miniature Hardware, A Home Bake Shop, Country Groceries, Dress Up Department and Uncatalogued Items.
