Ropesville Eagles Drop Hard Fought Battle to Wilson Mustangs Friday Night

The Eagles defended the Wilson Mustangs here Friday night in their first district game. Although the Eagles lost 26 to 19, they fought with pride, determination, and spirit all the way.

In the second quarter, Steve Sims went in for a touchdown with a 35 yard pass play from Frank Quintanilla. Ricky Streety came in and made the extra kick good. Bobby Trevenio, the outstanding

offensive player of the week added six more from the two yard line.

In the third quarter our outstanding defensive player of the week, Joe Allen, blocked a punt and ran it back to the Eagles own two yard line. Bobby Trevenio then came through again to make another touchdown. The final score was 26 to 19. The Eagles really looked great Friday and they have come a long way.

The Eagles will play Whiteface there Friday night at 8 p.m. Let's all go out and show them how proud we are to say we're backing the Eagles all the way.

History of Ropes To Be Presented At Settlers Reunion

The History of Ropes will be presented at the Old Settlers Reunion and Fun Day, by Ronnie McNabb. He is going to start from the very beginning of Ropes, to the present status, and then give a future outlook for the city.

Come and learn many interesting facts of the past history of your town. See what is happening and see what can be done if you support the organizations and activities of your community.

Tell everyone you see and know and everyone that used to live in Ropes that this great event is coming up. Let everyone know that Ropes is on the move again. Your support will show up in the future. Ropes will be a better place to live or it will continue to dwindle away.

Trash Hauling

If you want your trash hauled, it must be burned and the barrel must be on the alley.

All trash barrels must have holes in the bottom or the weight of water will not allow them to be hauled.

Kathleen Freeman Now Appearing at Hayloft Dinner Theater in Lubbock

Kathleen Freeman is the star at the Hayloft Dinner Theater is a play that was considered one of the biggest hits ever to appear on the Broadway stage called "Solid Gold Cadillac." Miss Freeman will be known by millions from just seeing her face. However, she is best remembered as the mother of Dom DeLuise on the NBC television hit "Lots 'a Luck". However, Miss Freeman's fame dates back many years in television and movies, having performed in over 200 movies and television appearances. She appeared in many movies and was a favorite of Jerry Lewis, and he found a spot for her in the majority of his films. The "Topper" series and "Mayor of the Town" starring the late Thomas Mitchell have made her familiar to all TV viewers, along with the "Dean Martin Show", "Cannon," and "The Lucy Show."

Her starring role in the "Solid Gold Cadillac" at the Hayloft Dinner Theater which previews October 1, 2, and 3 gives her an outstanding opportunity as the lead in this hit play. She holds stock in a massively disorganized corporation and at her first attending a stockholders meeting

Rocking Chair Is Missing

A little red rocking chair disappeared from the back yard of the Shelvy Evans home sometime between Sept. 1 and Sept. 20.

Mr. Evans bought this chair for his youngest daughter when she was three years old. His father put the rope seat in it. So you can see the sentimental value of it.

If anyone knows the whereabouts of this chair, please contact Lavoun McGahey at 562-4091.

with her vote, asks some rather embarrassing questions. In order to keep her from continuing her question and disrupting the entire meeting, she is hired by the company as Director of Stockholder Relations in some obscure back office hoping that no one would ever see her, hear her or pay any attention to her. Her homey letters, however, seem to reach the ear of four million stockholders and creates some additional problems that the corporation must solve. It is a comedy, a very funny one. Miss Freeman has an extreme talent for stage productions.

She comes by this talent quite naturally, in that her parents had a vaudeville act. She was raised in the business. She has appeared in about 70 plays in eight years and has directed and written children's plays.

SPORTS

by Joe Kelly

Mr. Webster, you just didn't publish a dictionary with enough adjectives to cover Texas Tech's victory over Texas. By now, every possible one has been used—and if anyone is tired reading them, no one would admit it Sunday morning.

It was an impressive triumph. Indeed, the Raiders did to Texas exactly what the Longhorns have been doing to other teams through the years. Tech literally outpowered the powerful Horns.

It was especially sweet for Jim Carlen, who had come close four times previously without seeing the Big Red win. Jim couldn't keep a partially concealed smile off his face at the post game press conference, but he was generous in his praise.

He said Tom Wilson called the bomb. He said Richard Bell had called the defenses. And he praised all his aides, while admitting that he shut down Tech's offense at the half.

Shutting down the offense might not sit well with everyone, but it made sense. Texas' Wishbone isn't suited to playing catch up football and Jim didn't want to take any chances on helping Texas get back in the game. Besides, the defense was doing great work.

Indeed, the defense was magnificent. It played the option well, the bread and butter of the Texas attack, and it stopped the power sweeps, trademarks of Texas supremacy.

It started out like a typical Texas game. They kicked off, held Tech, forced a punt and then began the usual methodical drive to the goal. This is Texas. Here we come. Stop us. Get a seven on the board and make the other team play catch-up.

But a funny thing happened. Tech stopped the UT drive, forced a field goal. No one knew it at the time, but it was all over. After that, the Raiders controlled.

Indeed, Tech took the ensuing kickoff and went 80 steady yards for a 7-3 lead. And they scored on one of the plays that Texas loves close in, the quick pitch and end sweep.

Then, to add insult to injury, Tech used the bomb to literally bomb Texas out of contention. This, too, is one of the favorite ploys of the Horns. After that, Tech was the aggressor by playing brilliant defense and forcing Texas mistakes.

The Horns were frustrated thoroughly. In all, they drove 44 yards, 55 yards, 84 yards, 45 yards and 31 yards all to get only three points.

Six times Texas was inside Tech's 30. The Horns reached the 3, 5, 16, 17, 23 and 25. They scored a field goal, lost the ball three times on downs, had a pass picked off and lost a fumble. It was a study in frustration and a tremendous tribute to the defense that the Raiders threw up.

Another little noted comparison was on third down conversions. In the first half, for instance, Tech converted on seven of nine; Texas, on three of six. In the second half, with Tech playing conservatively, the Raiders converted three of eight; Texas, three of ten.

For the game, Tech converted 10 of 17; Texas, six of 16. In fact, Tech's first three touchdowns came on third down situations.

If you were at the game, or saw it on TV, you probably noticed that on his 77-yard bomb, Lawrence Williams turned around and motioned a couple of times to Raymond Clayborn.

Why had he done it? "Clayborn had been talking to me," Williams said with a grin. "I can't tell you what he said, but you know he's supposed to be real fast. Anyway, I got 10 yards behind him on the pass, so I motioned to him. I just wanted to see if he was as fast as everybody said he was!"

For Pete's sake, don't start talking about (1) Ranking in the Top 10; (2) Southwest Conference title; or (3) Cotton Bowl. One game does not a season make, even though it is a giant step in the right direction.

A tough—despite the loss to Baylor—Oklahoma State comes in Saturday. And, looking down the road, you can't sell A&M, Baylor, SMU, Arkansas or Rice short. Even TCU did a good job last week and will have to be considered.

The question here is, can the Raiders remain high the rest of the season? Obviously they did a year ago. Just as obviously, they must this year if they want the same success.

The Raiders were emotionally flat for New Mexico, which becomes more and more obvious. Tech shut Texas down with only 58 total yards the first half—and the Lobos aren't in the same class with the Horns. I think this team has matured and is on its way. Stick with them and you'll be rewarded.

Incidentally, the cream of the Southwest sports writers were present Saturday, including Denne Freeman, the AP sports editor. You may remember that I said, on August 29, I hoped Denne was on hand to see Tech win.

Denne had "given" the title to Texas, using the psychological edge the Horns had over teams like Tech, A&M, Arkansas. I said, also, that I hoped Rosy Leaks was well and played the whole game. Oh, well, even a blind hog can find an acorn every now and then!

Get on out to Jones Stadium Saturday and help yell the Raiders on. How Sweet It Is!

4-H CLUB WEEK

6-1200

Young folks who appreciate the gifts the good earth offers, who use those gifts to make things better for themselves . . . their families . . . their neighborhoods . . . and the nation. It's time to congratulate them: the country kids with their livestock and produce . . . the city kids planting parks, cleaning rivers—all of them learning and using the skills that make life a richer experience and the world a better place. We'd like you to know, 4-H'ers, that we appreciate your work and applaud your success. We're standing behind you proudly as you proceed with your projects. Thanks for creative concern.

Cooper School News

F.H.A. News

The FHA Chapters had their installation of officers Monday morning at 11:15. The presidents, Shari Hagens and Kandy Jones had lots of help setting up great programs and activities for this year, and plan to have a great year.

FHA also had another great week. It was initiation week for the Freshmen. Everyone looked so cute in their curlers and skirts and red lipstick. We'll try to have some pictures for next week.

Homecoming Game

Friday night was one of the best homecoming games. The Pirates went out on the football field and won the game. The score was 49 to 6. The Pirates won over Idalou. The spirit was really up. Next week the Pirates will go against Post. The Cooper Pirates are the best all around. Good luck on the next game. It will be the first District game of the season and the coaches and boys are all ready to get going and stomp Post into the ground.

Freshmen Win

Thursday night was a great night for the Freshman Cooper Pirates. They went out there and really gave Post a hard game. It was also a very close game. But

the Cooper Pirates came up with a 20 to 14 win. The Pirates showed Post what they can do. Good luck Freshmen when you go after Frenship.

Hockley County Extension Agent Recipes—Soybean Flour

Soybean flour can be used in regular standard recipes. Use it in the proportion of one-fourth soybean flour to three-fourths wheat flour in yeast bread, muffins, biscuits, nut breads, pastry and plain cakes.

Baked products with soybean flour have the advantage of giving a moist product which keeps fresh for a long time. They also improve the crust of breads and cause them to toast better than usual. Only a small amount of soybean flour can be used in yeast bread without changing its texture beyond acceptability. More can be used in quick breads made with baking powder. Soybean flour cannot be used alone in ordinary recipes because it has no gluten or starch to bind the mixture together.

Soybean flour should be sifted before it is measured.

High Protein Bread

Bake: 375 degrees F., Time: Bread, about 35 to 40 minutes, rolls about 20 minutes. Yield: two 1 pound loaves of bread and 8 pan rolls.

- 2 tablespoons sugar
- 2 teaspoons salt
- 2 cups water (slightly cool to the wrist)
- 1 small yeast cake (finely

crumbled) or 1 pkg. of granules 3 tablespoons melted fat, not hot

- 1/2 cup minus 1 tbs. soy flour
- 1 cup dried milk solids
- 6 to 6 1/2 cups sifted flour

Place the sugar, salt and water in a bowl; add the crumbled yeast. Sift together into the bowl, the soy flour, milk solids and one cup of the measured flour, then stir.

Add the melted fat and stir. (The mixture may stand 5 to 10 minutes at this time). Add about 2 cups more of the flour, beat hard for 75 strokes.

Sift a layer of flour about 1/8 inch thick on the kneading board. Stir another cup of the flour into the batter then place the very soft dough on the well floured board. Clean the bowl with a spatula or rubber scraper and set to one side.

Knead (5 to 10 minutes) in enough of the remaining flour to give a soft but not a sticky dough. It will not hold its shape when held in hand. Add about 1 teaspoonful of fat to the scraped bowl; place dough in it. Let the dough rise until it doubles in bulk (about 2 hours). Fold the dough under and shape as bread or rolls, let bread and rolls rise in pan until they are about double in bulk.

Bake bread in dulled tin pans at 375 degrees for 35 to 40 minutes. After the first few minutes, cover the tops of the pans with heavy brown paper.

Rays of Hope

by Pat Stanton

The book of Proverbs in the Bible gives rich insight to parents in regard to their children. The verses listed below are easy to understand, but only applicable through wisdom and understanding. The wisest man in centuries past, King Solomon, gives the following words of wisdom. "If you refuse to discipline your son, it proves you don't love him; for if you love him, you will be prompt to punish him." (Proverbs 13:24). "Reverence for God gives a man deep strength; his children have a place of refuge and security." (14:26).

"Discipline your son in his early years while there is hope. If you don't, you will ruin his life". (19:18). "Teach a child to choose the right path, and when he is older he will remain upon it".

(22:6). "Don't fail to correct your children, discipline won't hurt them. They won't die if you use a stick on them. Punishment will keep them out of hell (23:13,14). "Scolding and spanking a child helps him to learn. Left to himself, he brings shame to his mother." (29:15). "Discipline your son and he will give you happiness and peace of mind." (29:17).
