SANTA FE RAILWAY PROPOSES TO CLOSE ROPES DEPOT

On December 11 a hearing will be held in Lubbock at which time the Santa Fe Railway will ask permission to close the Ropes depot, if not permanently, through summer.

This is the second attempt on the part of the Santa Fe to close the depot at this place.

It is hardly understandable in the face of the business which passes through the depot. With the depot closed we would have no telegraph

station, no place to send or receive money by wire. With it closed you might say we would have no shipping point.

The Santa Fe cannot plead a lack of business—each year there are between five and six hundred cars of grain shipped out of Ropes, along with the smaller shipments which come in by Santa Fe truck. It is estimated that the business passing through the depot will average \$12,500 per month, or some \$150,000

per year. In the first place we can't see where it is good business to close the depot. In the second place we feel it would do irreparable damage to the town and its future.

We have interviewed a large number of people and we have failed to find one who is in favor of closing the depot; we have not found one but what thought it would do damage to the town. It is difficult for us to understand the position the

Santa Fe takes. It is not because of lack of business on this branch line of the road. It is said this branch line is the best paying line of railroad in the United States.

As to closing in the summer, that is a joke. Shipments of grain go out of here at all times of the year. Government grain is stored here and is subject to shipment at any time. And there is another thing: Allow the Santa Fe to close the depot in the summer and there is a

likelihood it would never be opened again.

This is a time when the people of the community have to demand and fight for their rights against a large corporation. The community is not considered—only the interest of the Santa Fe for they can save a few dollars by not keeping an agent here.

Better think this over and prepare to attend the meeting to be held in Lubbock on December 11.

That the Republican party is in Texas to stay was demonstrated by the vote they polled in Tuesday's election. While they elected but one man to a major office—a Republican was elected to Congress in the Odessa district, unseating a Democrat—candidates for other state offices piled up an impressive lead.

Jack Cox, Republican candidate for Governor, while not winning the election, carried Lubbock County, and rolled up a total vote in the state 525,826, while Connally, the Democrat, polled 641,399. Heretofore, political races in Texas have been settled in the Democratic primary—but not any more. It is a good bet that by next election Republicans will have sufficient strength to win state offices as well as county offices.

On television Tuesday night the announcer asked one candidate the reason for the switch from Democratic to Republican who answered:

"I think it is the dissatisfaction with the National Administration."

However, regardless of the cause, it is a healthy condition.

George Mahon, member of the House from Texas, won easily over his opponent and, of course, Smith for Lt. Governor, Carr for Attorney General, Blanchard for State Senate were elected. Pool for Congressman-at-Large won over Des Barry.

The vote in the Ropes box follows:

| | |
|-----------------------|-----|
| Connally | 140 |
| Cox | 90 |
| County Judge: | |
| Owens | 181 |
| Latimore | 61 |
| County School Supt.: | |
| Pounds | 179 |
| Breshears | 94 |
| County Attorney: | |
| Tabor | 186 |
| Phelan | 58 |
| County Treasurer: | |
| Cooke | 158 |
| Walters | 45 |
| Attorney General: | |
| Carr | 192 |
| Kennerly | 50 |
| Congressman-at-Large: | |
| Poole | 166 |
| Barry | 75 |
| Congress: | |
| Mahon | 181 |
| Taylor | 63 |
| State Senate: | |
| Blanchard | 188 |
| Christie | 56 |
| State Representative: | |
| Petty | 183 |
| Roberts | 55 |

The county vote was as follows:
 Lt. Gov.: Smith 1,589; Hayes 556.
 Atty. Gen.: Carr 1,654; Kennerly 539.
 Cong.-at-large: Pool 1,441; Barry 678.
 Railroad Commis'n: Ramsey 2,010; Hanson 556.
 Comptroller: Calvert 1,918; Smith 509.
 Land Commissioner: Sadler 2,019; Fay 553.
 Agriculture Commissioner: White 1,978; Hubbard 597.
 U. S. Rep.: Mahon 1,520; Taylor 704.
 State Sen.: Blanchard 1,441; Taylor 704.

GOT A FALL-OUT SHELTER

Fallout shelters in the Ropes community are not as common as they should be—do you have one? If you don't, we imagine when the war scare came you were wishing you had one.

There has been a good deal of propaganda against building fallout shelters, it being pointed out that if you are alive after the attack you'd starve to death as there would be nothing left, even the land would be ruined.

This is a little far-fetched. Some of the land might be ruined, but there would be land that was not ruined and there will have to be someone left to carry on.

The other day we were reading in a medical journal an article which said in effect:

"People should be encouraged to build fallout shelters. There shelters will be the means of saving thousands of lives in case of atomic attack. It is hard for us to understand why people should be discouraged from building these shelters."

Not the exact words, but that was the meaning of the article.

Those folks who talk of not wanting a fallout shelter we imagine will be trying to get into one if an atomic attack should occur.

Attending the birthday of John Kimberlin, who is now 75 years old, Sunday were:

Mr. and Mrs. Ray Bralley and grandson, Danny Carol, of Arlington, Texas; Mr. and Mrs. Leslie Watson and children of Lubbock; Mr. and Mrs. A. C. Jones of Whiteface; Mrs. J. G. Kimberlin and children of Odessa; Mrs. Marie Wright and daughter, Cheryl, and Danny of Odessa; Mrs. Robert Smalls and children of Lovington, New Mexico; Mrs. Johnny Brown and children of Wicket, Tex; Mrs. Marvin Latimer and children of Sands Springs, Texas; Mrs. Dorothy Greenfield and baby of Sand Springs; Mr. and Mrs. Doyle Davis of Olton; Mr. and Mrs. Curtis Jones and family, Mr. and Mrs. Victor Jones, Lubbock; Mr. and Mrs. A. T. Watson, Mrs. Charlie Halford and sons, Mr. and Mrs. Phillip Kimberlin and children, all of Ropes.

COMMUNITY CHEST

DRIVE ON NOV. 19

Keep in mind that the Ropes Community Chest Drive will start on Nov. 19.

This is a drive wherein half or more of the money you contribute is returned to the community. It is sponsored by the Ropes Lions Club.

BROOM AND

MOP SALE

The Ropes Lions Club will hold their annual broom and mop sale this coming Saturday.

These brooms and mops are made by the blind and when you buy one you are helping both the Lions Club and folks who are no longer able to see.

Keep this in mind and buy a broom or mop Saturday.

ATTEND MEETING

IN HOUSTON

Mmes. M. L. Roberts Sr., Edward Russell and Viedna Darby, representing Ropes Chapter of the OES, and Mrs. Irene Young, representing the Sundown Chapter, were in Houston last week attending a meeting of the Grand Lodge.

FHA NEWS

The Future Homemakers of America met November 5 to discuss old and new business.

The main topic of discussion was concerning the selling of fruit cakes in order to make money for the chapter. A vote was taken to see if everyone wanted to sell the fruit cakes, and everyone agreed to sell them. The prices of the cakes are as follows:

5 lb. cake \$8.25
 3 lb. cake \$5.25

Everyone is encouraged to buy their fruit cakes from an FHA member. Other money making projects that the finance committee decided upon are: selling dessert cookbooks, selling yearbook covers, selling Christmas cards, having 2 bake sales, and Sadie Hawkins Day.

It was announced that the Mother and Daughter Banquet would be Friday, Nov. 30. The place has not been decided, but we are trying to find a place in Lubbock for our banquet this year.

As a state project FHA is sending stamped, unaddressed Christmas cards to mental hospitals so the mental patients can send them to those they remember.

The FHA Boyfriend was selected and he will be presented at the Mother and Daughter Banquet.

A report from the parents committee was given and the chapter mothers were selected, they will be announced later.

WILL PREACH ON

PEARL HARBOR SUNDAY

Rev. Bill Johnson, of the Church of the Nazarene, announces that Sunday morning he will preach on Pearl Harbor.

Bro. Johnson was in the salvage crew which cleaned up the harbor after the Japs bombed it. This promises to be very interesting, and all who are not attending other churches are invited.

TOMMY PETERSON

REMODELING HOME

Work is going forward this week on the remodeling of the Tommy Peterson home. The work is being done by Ray Dickie of Slaton.

HARVEST PROCEEDING

AT NORMAL RATE

The harvest this year, despite the rains, is proceeding at a normal rate, with 5,821 bales having been ginned by the six gins in this territory. Last year, at approximately the same date, there had been 6,224.

From the present outlook the harvest of cotton in the Ropes territory will exceed 30,000 bales. This is about the normal yield. However, one man estimated that the yield would go to 40,000 bales.

Most of the cotton has been defoliated and in some fields strippers are already at work. When the strippers start they make short work of the harvest—in a short time the gins will be running day and night.

TEXAS TECH NEWS

The best football halftime shows of 37 area high school bands will be unreeled Nov. 20 in Jones Stadium with Texas Tech as host.

More than 2,600 students will participate in the Region I Interscholastic League competition. This is the second year Tech has held the marching event.

The admission-free marching contest is one of the top band events in the Southwest, according to Dean Killion, Tech band director. The West Texas bands are truly the top marching bands in the United States, as evidenced by their continuous winning in national competition, he said.

Beginning at 1 p.m., bands will perform their colorful shows every eight minutes. Judges will include band directors Frank Piersol of Iowa State University; Jim Jacobson, Texas Christian University; and Dr. Ted Crager, West Texas State College.

Entries in Class B include ROPESVILLE, Jayton, New Deal, Anton, Shallowater, Wilson and Whiteface.

MRS. W. O. JOHNSON

RECEIVES MEDICAL AID

Mrs. W. O. Johnson was in Lubbock Tuesday for medical examination and treatment.

The two older Johnson girls, Christeene and Karon, were out of school last week because of illness, but are recovered and back in classes.

ROBERT HALLS

HAVE VISITORS

Mr. and Mrs. Robert Hall had as visitors Sunday their daughter, Mr. and Mrs. Monte Fowler and children of Friona, and Mrs. Hall's parents, Mr. and Mrs. W. D. Nabours of Ropes.

RALPH RIOJAS JR.

WRITES HOME

The following letter was received recently by Ralph Riojas Sr. from his son, Ralph, who has been promoted to the rank of Captain, and is stationed in Washington.

Dear Dad,

We are writing you to let you know we arrived fine. We were very tired when we got home and I didn't even get a chance to rest because I had to work the following day and two days later I went on alert.

What we had been anxiously waiting for is finally here, my promotion to Captain was effective Nov. 1st.

About our return trip, even though it was very tiresome it was also very interesting. We left San Antonio and drove to Sheffield where we stayed with Uncle Pete and family, which we enjoyed our visit very much. From there we went to Chandler, Arizona where we visited Celia's cousin, all then drove to Las Vegas, Nevada where we stayed at the Sands Hotel which belongs to Frank Sinatra & Co. It is a beautiful place with a big casino. That night we dined there having a chance to see Nat King Cole and Gary Morton (Lucille Ball's husband).

The following day we travelled all day until we came to Twin Falls, Idaho. We drove most of the day through Nevada and it seemed to be the most lonesome part of our trip because we only passed

Wild Cat Oil Well Now Drilling Near Ropesville

The rotary rig, which is drilling the new wildcat well one mile west of Ropes is now up and drilling is in progress. An unofficial source stated this week the well is already below three thousand feet. The test will be

drilled at 10,500 feet. While dry holes have been drilled to the west and east of this well it is thought there is a strong possibility that oil will be found here in paying quantities. Maps compiled by geologists

came into our hands several years ago. According to these old maps there is a huge pool of oil under the city of Ropes, extending to the east and west. The geologist owning these maps told us that the time would come

when Ropes would be in the center of one of the largest and richest oil fields in the state of Texas.

As to whether the maps were correct and the geologist knew what he was talking about remains to be seen.

One well has been drilled on the Bob Thomas place east of Ropes which did not pay off. It might be that the present well is dry, but there are high hopes that it will be a producer and that other wells will be drilled in this

vicinity during 1963. The field, four miles west of town, has several heavy producers, and it is but logical to suppose the production will extend in this direction.

LETTER FROM RALPH
sed through seven small
towns during the whole day.
It is a much more deserted
state than New Mexico or
Arizona.

We left Twin Falls and
drove all day till we finally
arrived home. This was the
day when we saw the most
beautiful scenery. Hundreds
of springs gushing out from
a mountain side, very pic-
turesque farms, ranches and
beautiful mountains covered
with pine trees. Like I told
you before, the day after we
arrived home I had to start
working because they moved
me to a Standardization Crew.
We have been awful busy,
especially during last week
which I am sure you are ac-
quainted with the news.

During these days I stay
on alert four days and two
days at home and back to
alert again. It is hard to
be away from our loved ones,
but it is gratifying to know
that this way we are assur-
ing the security of our na-
tion. We hope that this
crisis will end soon and that
everything turns out for the
best.

With best regards,
Your son, Ralph.
