

# THE ROPES PLAINSMAN

HOCKLEY COUNTY'S OFFICIAL NEWSPAPER

ROPESVILLE, HOCKLEY COUNTY, TEXAS

5c A COPY

THURSDAY, JULY 11, 1957

VOLUME XXIII—NO. 10

## JUNIOR COLLEGE ELECTION WILL BE HELD SATURDAY

In an effort to offset the fact that they failed to bring Cochran County into the Junior College District, L. G. West, of Levelland and president of the college, this week distributed articles to Hockley County newspaper, proclaiming the fact that "West said that residents of two counties outside Hockley county have expressed an interest in joining the district."

It was the Anton News and the Ropes Plainsman who pointed out that no steps had been taken to bring in Cochran county, as was proposed by the college board before the district was formed. The people of this county were told over radio and through the Hockley County Herald and the Daily Sun-News that Cochran county would come in and that the tax rate in Hockley county would be 29 cents on the hundred dollar valuation. John Potts, and perhaps others, were sent to Cochran county to contact the different civic organizations.

It is alleged that he received a luke-warm welcome. The fact remains that he did not go back, and as far as we know no reliable group from Cochran county ever contacted the College board.

But the builders of the college, determined to strengthen Levelland economy which had been weakened by the oil companies moving to other towns, were determined to build the college. In fact, it is a 'must' for Levelland — if you don't think it is ask the merchants — and it is a 'must' regardless of how much it will cost the tax payers, and in the beginning it will cost 44c on the hundred dollar valuation.

It is pointed out in the article that a man owning an average city dwelling will be taxed ten cents a week for college purposes, and that a labor of land will be taxed 12 cents a week.

The thing that has never been mentioned by the promoters of the college is the opposition to more taxes by the oil companies, whom you have been told will pay for the college. The fact is, the oil companies have, in school districts, already demanded an equalization of taxes. In short, on this labor of land, which is valued at \$8 per acre, will likely be raised to meet the demand of the oil companies. You may think this a little far-fetched, but here is a fact: If the oil companies go into court and demand equalization of valuation, what do you think the courts will do with that valuation on land that will sell rapidly for one hundred to three hundred dollars per acre. As an example, in the Ropes school district land is valued at \$23 per acre. It is not stretching the imagination to predict that the time will come, if the \$900,000.00 bond issue carries, that the valuation of all land will be raised in the entire county.

The oil companies have done a lot of paying, but there is a limit to which you

Turn to Page 3

## LEVELLAND IS RATHER QUIET

On a visit to Levelland Monday we found things rather quiet, with a place to park anywhere you wanted to. And, was it hot — heat playing up and down the street unmolested, while the folks in town and country rested in cool comfort under air conditioners.

We visited for a time with T. O. Petty, superintendent of county schools. Also saw Mary Meek, county treasurer, who says she is going to get down to Ropes just as soon as she can.

Also met up with Hulon. They were in the Commissioners' court room all swayed down under the weight of county business. Hulon told us he was getting every thing ready to pave the street by the post office, but was waiting for the caliche pit on the Blankenship place to dry up. He stated that he had permission to get caliche from this pit. He was hoping that the paving of Ropes streets would be in readiness by the time he is ready to go to work, as hauling the caliche from this pit would be much cheaper than other places.

Found Paul Williams. He is still limping and hoping he will not have to undergo an operation to straighten out his back, but stated that he might go to the hospital most any day. Paul has a disc out of place in his spine.

Also saw Sheriff Weir Clem moseying about the courthouse. He said business is slow and law violations at a low ebb.

## CHURCH OF NAZARENE

Dan D. Jones, Pastor  
The development of the Church is still the most important business we have today; it is still the cause for which Christ gave His life.

If you and I will give our best in service and love, the Church will succeed.

Our summer revival will begin July 19th and continue through July 28th. The evangelist will be Mike Courtney of Yukon, Oklahoma. Mike is a good preacher, and is devoting his life to the cause of lost souls. You will enjoy his sermons and songs.

Our regular services are:  
Sunday School ..... 9:45 am  
Morning Worship ..... 11 am  
NYPS, Juniors .... 6:30 pm  
Evening Service ..... 7 pm  
Mid-week Service  
Wednesday ..... 8 pm

## COUNTY TO WORK STREETS

Mayor W. E. Pierce, with the consent of the City Council, has asked Commissioner Hulon Moreland to bring his road equipment into Ropes and level the streets so the water will drain off instead of standing in pools over the town.

Hulon stated that it was his intention to throw up a 24-foot roadbed and cut the ditches to a depth where the water will drain.

## DAVID BURKS SUFFERS FROM ARM INJURY

David Burks, son of Mr. and Mrs. Wilburn Burks, who broke his arm some three weeks ago while practicing on the Little League field, is back in the hospital.

It is stated that his arm was not healing properly and that an operation was necessary to bring about natural healing processes. The operation, we understand, was performed on Monday. He is in a Levelland hospital.

## BURGLARS OPERATE IN ROPESVILLE

This past week burglars were operating in Ropesville, breaking into three places and carrying off property estimated at \$335 and also \$35 in cash.

The first places entered were the T.V. Shop and Tyree's Insurance Agency. The TV Shop lost an estimated three hundred dollars worth of tubes, and a radio was taken from the Insurance Office.

On Saturday night thieves entered the Roper Food Store and took some thirty-five dollars in cash. Fifteen dollars of this was in silver dollars. One silver dollar, which had a hole in it, was left.

Entrance to the Insurance Office was gained through the front door, it is thought, with a skeleton key. Entrance in the TV Shop was through the back door where some instrument had been used to pry the door open. At the Ropes Food Store entrance was through a back window where the glass in a window had been broken.

Investigation of the break-ins was made by the Sheriff Department and in cooperation with Constable Jack Ogle.

## METHODIST CHURCH

Fraak Story, Pastor

The Intermediate class of our Church School enjoyed a swim party, weiner roast, and miniature golf Monday evening. They were eighteen in the party including their sponsors.

The MYF will have a swim party and weiner roast Monday evening, July 15th. Plans are made for an evening of directed recreation under the direction of Mr. and Mrs. Travis White.

The WSCS will meet in regular session Monday afternoon at 3:00 PM. Mrs. L. E. Jeffcoat is the president.

## WILL LEAVE FOR CALIFORNIA

Mrs. Bert Bagley will leave for California Saturday, making the trip with her son, Jewel Lee and family of Lubbock. Mrs. Turpin, mother of Mrs. Jewel Lee Bagley, will also accompany them on the trip.

They will visit in the home of Roy Lynn and family, son of Mrs. Bagley, and other relatives.

## MRS. BOB THOMAS ENTERTAINS THE REBEKAH OFFICERS

Mrs. Bob Thomas was hostess to a party Tuesday night, July 9, honoring officers of the Sundown Rebekah Lodge.

The colors of the lodge were carried out in the decorations, the table being centered with Bells of Ireland and pink roses.

Refreshments of punch and cookies were served.

Mrs. David Bell Jr., past Noble Grand, presided at the punch bowl.

The following were present:

Mmes. Willie Murphy, N. G., Woody Sullivan, E. C. Duncan, Robert Hudson, P. L. Darby, Josephine Duke, R. M. Mayfield, and the hostess.

Gifts were exchanged and the evening was spent in visiting and renewing memories. Also, plans were discussed for the next term of the lodge.

Everyone reported a very pleasant evening.

## FIRE DEPARTMENT MET MONDAY NIGHT

The fire truck, fully manned, made a run to the north part of Ropes where the time was spent clearing weeds from around the fire hydrants and other practice.

President Tyree Martin called the business session to order. The minutes of the last meeting were read. On a motion by Joe Allen and seconded by Clyde Fewell the minutes were approved as read.

At roll call twenty members answered as follows:

J. T. Allen, Joe Allen, Walt Fraley, Clyde Fewell, Dan Jones, Tyree Martin, Troy Morris, Gene Newsome, Jack Ogle, John Proctor, Ralph Riojas, James Smith, John Smith, J. R. Smith, Weldon Tudor, Tom Wall, Everett Wallace, Bob Whitlock, T. J. Littlefield, Lloyd Wall, and Phillip Kimberlin.

A lawn party in which Weldon Tudor is to furnish the deer meat was discussed but was tabled until next meeting.

On a motion by Jack Ogle and seconded by Ralph Riojas, Jim Gotcher and Phillip Kimberlin were voted in as members of the Fire Department. Under the same motion Everett Wallace was voted in as a member of the Department.

On a motion by Clyde Fewell and seconded by Tom Wall, it was voted to send flowers to David Burks, son of Mr. and Mrs. Wilburn Burks, who is in the hospital because of a broken arm.

A motion was made and seconded that the meeting adjourn.

## REV. STORY IN ODESSA

Rev. Frank Story, pastor of the Ropes Methodist Church, spent a part of the week in Odessa and Stanton where he met with Rev. Wallace Kirby and others in planning the Big Spring and Brownfield districts intermediate encampment to be held at Cedar Canyon on August 12-13.

## SCHOOL NEEDS FOUR TEACHERS

Contrary to a rumor which has been floating about that the Ropes school was in need of fourteen teachers, there is a need of only four, 1st grade, 6th grade, high school English and a principal for the high school.

Only recently Gordon Graves has been employed as Junior High boys' basketball coach, Claudie Carpenter as Commercial teacher, and Wanda Patterson has been reelected for commercial work.

O. V. Fuller, superintendent, stated the school is in need of houses for the teachers, and if you have a house to rent please contact him.

## COMMUNITY CHEST CHAIRMAN IS APPOINTED

This past week Ralph Riojas was appointed chairman of the Community Chest Drive for the local community.

Ralph will attend a Chest meeting in Levelland on the 18th of this month where, we presume, the ground work will be laid for the Drive.

## HERE FOR THE 4TH

Mr. and Mrs. Ray Martin were in Plainsview Sunday evening for the purpose of returning their daughter, Betty, back to school. Betty enjoyed the July 4th holidays at home. A nephew, Curtis Longshore and family, of Odessa, enjoyed dinner the 4th in the Martin home also.

Ray is now employed at Foster General Store.

## VISIT IN ROPES

Mrs. C. S. Trotter, of Wellman, spent Sunday night and Monday with her daughter, Mrs. Frank Story.

Rev. and Mrs. Frank Story also had as weekend guests three of their grandchildren, Betty, Norman, and Kenneth Shanks of Odessa.

## FIRST BAPTIST CHURCH NEWS

John J. Cole, Pastor.

THE MONTHLY ASSOCIATIONAL Training Union conference will be held at our church Sunday afternoon at 3:00 o'clock. We will have visitors from other churches of our Association, and we hope to have a good group of our own members present.

A YOUTH REVIVAL will be conducted August 4th to 11th. Dub Bryant will be the evangelist, and Harlan Reddell will lead the music. Both of these young men have been attending Wayland College the past year. The youth of the church will take the lead in this revival, and they will need the encouragement and cooperation of all the adults.

FOR THE NEXT FEW days we will be busy with the Camp Program for the Young People. These summer camps are very worthwhile for the youth, and we are hoping that many will take advantage of the opportunity to participate in the program. The schedule is as follows:

## PLAINS COTTON GROWERS, INC. TO HAVE MEETING

Directors of the Plains Cotton Growers, Inc. will meet July 16 at 10 AM in the Caprock Hotel, Lubbock, to hear a legislative report in cotton bill now before Congress and to consider possible changes in 1958 cotton allotments.

W. O. Fortenberry, Lubbock, president of the PCG, said additional details of the PCG supported cotton bill introduced in the U. S. House by Cong. Paul Jones of Missouri will be explained by Geo. W. Pfeifferberger, Executive Vice-President, W. L. Edelman of Friona and Dan Davis, Lubbock, who attended hearings of the bill recently in Washington.

Also the Texas Agricultural Stabilization and Conservation Committee are now at work drafting policies concerning the 1958 cotton allotments. PCG Directors will hear proposed plans on freezing Texas cotton allotments at the 1957 level and other policies affecting acreage.

Orville Bailey and Charles Hedges are the Hockley County Directors of the Plains Cotton Growers.

## VISITORS IN KIMBERLIN HOME

Visiting in the home of Mr. and Mrs. John Kimberlin the 4th were their grandchildren and daughter, Mrs. James Jones of Lubbock. Mr. and Mrs. Cecil Wington and sons, Chris and Lofton, Mr. and Mrs. Harold Bagwell, all of Lubbock, Miss Carole Patterson of Farmersville, Mr. and Mrs. P. L. Kimberlin, Stevie and Jimmy, of Ropes.

## VISIT IN ROPES

I. R. Hutchinson, superintendent of schools at Wink, and Billy Reynolds, also employed by Wink schools, visited briefly here Wednesday in the home of Rev. and Mrs. Dan Jones. They were enroute to Lubbock.

Mr. Reynolds is a son-in-law of the Jones'.

August 19-20  
Music camp ..... August 21-23

YOU ARE INVITED to attend the Wednesday nite services of the church. Bible Study will begin at 8:30 during the summer months. We are studying the Book of Revelation. Do not lose the blessing which the Lord has promised to those who read and those who hear the words of this Book.

## VISITS PARENTS IN ROPESVILLE

Mrs. W. D. Nabours was a pleasant caller at the Plains man office Wednesday and told us she had as visitors her daughter, Mr. and Mrs. Berriman Ray and children, of El Paso.

Mrs. Nabours stated that Mr. Nabours, who suffered a heart attack several days ago, is on the road to recovery.

She also said they had heard from their son, Jay, who is stationed in Germany, and he stated it is hot there, running around 100 degrees, with people there saying it was the warmest it had been in ten years.

## HOT, DRY WEATHER

We are having plenty of hot, dry weather — what is termed cotton weather, and cotton is making a remarkable growth.

The temperature has been holding around 100 degrees in the afternoon but, true to the history of the South Plains, it has dropped enough before morning that you are searching for cover to keep warm.

## ATTENDS TO BUSINESS IN ROPESVILLE

Attorney Bill Boedecker and Ed Hofacket, of Levelland, were pleasant visitors in Ropes Tuesday.

Bill was looking after legal business, while Ed was eyeing the real estate situation.

## WILL ASK FOR DRIVERS' LICENSES

We are requested to announce that, due to the fact that many transients

will be in the Ropes community during the cotton hopping season Constable Jack Ogle will begin checking drivers' licenses.

## SCHOOL BUS WILL CARRY 4-H'ERS TO LEVELLAND RALLY

We are requested to state that a Ropes school bus, driven by Bob Whitlock, will carry the 4-H'ers from Ropes to the rally at Levelland.

The bus will leave from the school building at 12:30, July 11th. All interested in attending this rally please be on hand.

Following is the program of the meeting:

4-H Club Rally Day will be held in the City Park at Levelland beginning at 1 o'clock on July 11th.

The schedule for the day is as follows:

- 1 to 1:30 — Registration.
- 1:30 to 2 — Sing-song and instructions.
- to 4 — Games.
- 4 to 6 — Swimming.
- 6 to 6:30 — Move to fair grounds.
- 6:30 to 7:30 — Supper.
- 7:30 to 8:30 — Film.
- 8:30 to 9:30 — Talent show and square dancing.

There will be a charge of 40 cents for supper.

You must bring with you written permission from your parents that it is all right for you to go in swimming.

## J. M. MARCY BACK AT WORK

We may be a little late in telling this, but this season J. M. Marcy has actually returned to manual labor.

For a couple of years he let someone else work his farm, but he was getting so big, fat and lazy that he resumed the operation of it himself this past season — actually going out in the

field and riding a tractor. Just how far he rode the tractor we don't know.

## AIR CONDITIONING HAS DRAWBACKS

According to Douglas Jones, air conditioning has its drawbacks, such as: when a man has been lolling comfortably in an easy chair and then has to go to work in the field with the sun boiling down at the rate of 106.

Douglas is sincerely hoping that someone will invent an air-conditioned tractor.

## ASPIRINS ON THE WAY

Some of our boys, Ray Martin, Myles Collins and A. M. Armstrong, dumped enough cash into the Plainsman office to keep the paper coming another year. Thanks, you may watch for the bottle of 52 aspirins.

## NEW ELECTRIC PLANT IN SERVICE

More power for the growing electrical requirements of the Eastern New Mexico and West Texas area becomes available early in July, when Southwestern Public Service Company's new and modern Cunningham generating plant goes on the line.

Southwestern Public Service's eleventh principal steam plant is located 12 miles west of Hobbs, N. M. and 1 mile north of the Hobbs-Carlsbad highway. The gleaming aluminum structure is on a 160 acre tract owned by the power company.

The new plant is named for J. E. Cunningham, president of the Public Service Company and member of its board of directors. He has been associated with Southwestern Public Service 30 years, and president for the last 12 years.

Generation from Cunningham plant will "feed" onto the existing 115,000 volt transmission line between the Company's Denver City and Carlsbad plants. This same line connects the power company's principal generating stations and interchange substations with 3,000 miles of high voltage transmission line over the 45,000 square mile area served by Southwestern Public Service.

The turbo-generator in Cunningham plant was manufactured by General Electric has a nameplate rating of 70,000 kilowatts and a capability of producing 96,000 horsepower. This additional generation brings the Southwestern Public Service's total plant capability to 820,600 kilowatts or 1,100,000 horsepower.

Mr. A. R. Watson, execu-

tive vice president and general manager of Public Service, remarked that just ten years ago the total plant capability of Southwestern's system was only 166,000 kilowatts.

"Our last ten years' growth and the new plant capability symbolizes the progressive thinking of our 170,000 customers in applying more electric power for use in industry, commercial establishments, and the home," the power company executive added.

Mr. Watson also added that Cunningham plant was

can ride a good horse.

Naturally, we have no hope of defeating the bond issue. As has been stated by the Daily Sun-News, "Levelland has enough votes to put the proposition over if the rest of the county votes against it." Not only that, but the different civic clubs are making preparation to bring all the voters to the polls. However, in the years to come, if what we have said does not come true, we will gladly hunt up a copy of this newspaper and reprint it.
