THE OBSERVATIONS OF A PILGRIM

—John E. Drawhorn

I have observed the latest news in medical operations: Abdominal surgery on a 6 foot 9 inch rattlesnake. That's right; I said abdominal surgery on a snake! Hard to believe I know, but it's true.

It seems that Monroe County, Alabama was holding a Rattlesnake Rodeo, and a certain Larry Gibbs who operates Atmore Repùle Farm came across this 6 foot 9 rattler he immediately nicknamed "Bad News." A fantastic size for a snake!

But Bad News was in bad shape when Mr. Gibbs found him lurking beneath the underbrush of South Alabama. He was the unfortunate victim of a traffic accident, or to put it another way; someone had run across Bad News' big carcass with their automobile as he attempted to slither from one side of the highway to another. His midsection was severely bruised to say the least, by the tremendous weight of the car. So severely, in fact, that Bad News would bleed to death unless surgery was performed.

Thus, the great phenomenon of medical science took place on January 26. But the operation failed to stop the inevitable; and Bad News went where all good rattlers ought to go—to his grave; just two weeks short of the Monroe County Rattlesnake Rodeo.

With great dejection Mr. Gibbs, the bereaved owner, was heard to say: "We did all we could to save Bad News but it was just his time to go."

Whether it was his time to go or not: I for one am glad Bad News is dead.....D E A D.....DEAD! If there is one thing this world doesn't need, it must be surgery to save a rattlesnake's life.

Heretofore, I had questioned the validity of moving from beautiful, wet green, hilly Alabama to drab dry, brown, flat Texas; but never again! I promise never.....NEVER.....to say anything else about dust storms and blowing wind, if someone will just guarantee me that they will not hold Rattlesnake Rodeos in the GREAT State of Texas. If and when this sadistic brand of instant suicide invades this state; ALASKA—HERE I COME! At least it's too cold for the crawling brand of snakes there.

THANKS

I would like to say thank you to each and every one that sent me a Christmas card. I enjoyed and appreciated all of them.

Next Week Is National FFA Week

Each year during the week of George Washington's birthday the Future Farmers of America celebrate National FFA Week. There are over 400,000 active members in this organization. Texas boasts 10 percent of the total, or more than 40,000 members.

The Ropes Chapter of Future Farmers joins the National Organization in recognition of present and former members for their achievements and leadership, much of which was acquired in the FFA. The Ropes Chapter was started in 1935. Mr. Herbert Davis, now of Amarillo High School, was the first agriculture teacher at Ropes. He remained here for four years and was the first chapter advisor. Since the beginning, the Ropes Chapter has seen many young men become members of the organization. About 60 of these have achieved the degree of

Lone Star Farmer and four have become American Farmers. Many of the former members have been successful in their chosen professions.

The local chapter salutes the former members and wishes them well. The leadership training and experience in the local chapter had some bearing on their success in achieving the goals they have set out to reach. Former members have become farmers, business men, engineers, teachers and ministers, career service men, accountants, salesmen and also many other professions. The local chapter points with pride to the former members who have proven that success is a matter of private determination and concentrated and dedicated effort. You have given the present active members a goal for future attainment.

Booster Club Will Meet

There will be a Booster Club meeting in the school library immediately following the boys game with Southland on Friday night.

The main topic of discussion will be about sponsoring the youth basketball program that we sponsored last year.

This is one of the finest projects that the Booster Club sponsors. It will begin the boys and girls in one of the finest games that they can participate in so that by the time they reach Junior High they already know the fundamentals of basketball and the feeling of competition.

All men and women interested in coaching either boys or girls teams are urged to attend this meeting.

We still would like to have more members in the club. The only requirement for joining is a fierce pride in our Ropes School. That means anything to do with our school and not just athletics.

VALENTINE GREETINGS TO ROPES:

Wishing each and everyone a very nice Valentine Day, from we boys in Phu Bai, Viet Nam. We are very busy and thanks to all who remembered us in some way during the holiday season, to make it a "Happier Time". It is almost impossible to write every one, but we had four Christmas trees in our room, and lots to eat.

Hope to be in the States in four more months, and all of us are really looking forward to our return.

Hello to Everyone.

The Junior Class would like to thank everyone who has helped us with our work program thus far. We appreciate your help immensely.

If you should, by chance, have any complaints about our work, we suggest that you call Mr. Braden or Mrs. Caldwell at 562-4211, high school office and state the nature of your complaint. We will then try to straighten out any bad work that we may have done.

After careful consideration we have decided upon a new policy for our work program. If you have any work you would like to have done, we ask that you call the high school office, 562-4211, and ask for Mrs. Caldwell. If you will then tell her what kind of work and how many people you need for the work, she will

assign the students to it as fast as possible.

The second part of this new policy we ask you read very carefully. When the work you needed is completed, we ask that you make out one check to the Junior Class thereon stating the combined totals of the workers money-wise. Then, on the bottom of the check, place the names of the students who worked and how much each one of them earned. Send this check to Mrs. Braden's office (high school) where it can be placed along with all of its information, in the records of our class.

We would appreciate your cooperation immensely in this matter, for it is designed to avoid as much confusion as is possible.

Reporter,

Sooner or later, that day comes, the day when a woman feels she's changing. It's not a good feeling either. And she could use a good old-fashioned medicine then.

Could be you feel a little edgy, or maybe cross. You might even have what we call hot flashes and feel sad and slightly off-balance.

Whatever you feel, we have something for the day you need a little comforting. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients that work to give you a better sense of well-being.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine?

Installing Gas Air Conditioning is a

Snow Job

Put in Gas Air Conditioning in the winter and beat the rush that always starts on the first hot or dusty day. This spring, while the crowd's all steamed up waiting for overworked installers, you'll be cool, calm and collected... enjoying the benefits of the smart air conditioning buy... economical gas air conditioning. Quietly cools your whole house for what you may have been paying to cool two or three rooms. You'll save on repairs, too, because gas air conditioning has no major moving parts to wear out.

And the payments... forget 'em until May 1st.

Call Pioneer tomorrow. A representative will be glad to put on his overcoat and come tell you just what it will take to convert your present forced air heating to comfortable, efficient Gas Air Conditioning. It costs you nothing to get a complete cooling survey of your home or business.

JEST SOME THOUGHTS —
One good thing about West Texas — a sandie may hit one day but you can just about count on ole Sol shining shortly so it puts you in the mood to clean up the sand.

Last Friday proved to be a real thriller — the real estate was changing hands mighty fast, and without any help from an agent. This is what we call cheap land transactions.

Our thanks to Commissioner Emmett Schoenrock — we no longer fear of being launched into orbit when we travel our street. The holes have now been filled with caliche.

Had a new street sweeper recently and naturally our camera was out of gas. Some one broke a bottle on Main Street and Ropes Food Store proprietor Billy Ray Martin was out with his broom and dust pan sweeping up the pieces.

How 'bout that for keeping a nice clean town.

Would pass on a few jokes, but the latest from our youngest is not quite passable in print. We old folks sure get an education — and a few shocks nowadays.

This early sunshine is sure affecting folks with Spring Fever. Always wondered what spring fever was, but have finally decided it puts a spring in the step, a little more pep, on the way to laying down beside all that hard work that's waiting.

We would like to apologize to Mayor T. J. Redman Jr. He asked us to be sure and get the information on the upcoming City Election. This was last week, and we've no excuse except our poor memory. Well, it's now after midnight and we must put this edition to bed. We don't have the heart to call anyone for information at this late date.
