Then, there's that once a month' when a girl could use a good old-fashioned medicine.

Maybe you feel just plain bad then. Or maybe a little lonely and sad, like you could use a pair of arms around you.

Well, we have just the thing for this once a month time. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients, including one that works to help relax tightened muscles that give you cramps. Plus a little iron that a girl could use at a time like this. And, you don't, run any chance of the kind of unpleasant side effects you could get from some of the newer drugs.

With an old-fashioned problem like this,

couldn't you take an old-fashioned medicine.
