

## Rotarians To Discuss "What Is Wealth"

The Slaton Rotary Club has for discussion at its meeting this Friday June 17th, the subject "What is Wealth?" As indicating some of the phases of this interesting topic we were copy from the Rotary Program comments on the subject as follows:

Everyone must at some time formulate for himself an answer to this question, and the answer enters into the warp and woof of his character, determining his perspective and constituting his philosophy of life.

In what ways does the average man fail to have a "true sense of values?" Diogenes said "A man's wealth may be estimated in terms of things he can do without." Is that true? Guaged by that definition, are you wealthy?

Franklin said "He who is taught to live upon little owes more to his father's wisdom than he who has a great deal left him does to his father's care." Is that true?

If you were cheating "the greatest wealth," with only one choice, knowing your wish would be gratified, what "wealth" would you choose? When you say you yearn for great wealth just what is it that you really yearn for?

How would you define a wealthy man? Name one who fulfills your definition of wealth.

In comparison with material things, where do you rate intellect, devotion to truth, a good name, a sterling character, willingness and ability to serve others, etc? Does the modern world, and the average man, in the rush for acquirement of material things, discount and ignore these qualities? To what extent is one justified in sacrificing honesty and high ideals to acquire material wealth?

Can one really succeed in his quest for tangible wealth without sacrificing intangible wealth?

In the long run which brings to the individual the greater happiness: tangible or intangible wealth? What difference, if any, is there between 'riches' and 'wealth'?

W. J. Bryan said a man could be worth a hundred million dollars to his fellowman, but that he who was worth it was so busy being worth it he had no time to collect it, and that he who collected it was so busy doing so he had no time to be worth it. Is that true?

Solomon said that a good name is rather to be chosen than great riches. Was he correct in implying that a good name is not great riches?

Who is the wealthier: A crooked millionaire or an honest poor man? A millionaire broken in health or a poor man with rugged health? If you could become a millionaire by sacrificing your most cherished friendships, what course would you take?

Someone has defined wealth as "possessions one does not have to part with at death." What are they? Do you agree with that philosophy? Why?

Make a list of your tangible and intangible assets — an inventory of ALL your possessions. Does it show you wealthy or poverty stricken? What items of wealth does the inventory show you have neglected to strive for?

Guaged by your own definition of wealth, were Socrates, Plato, Aristotle, Bacon Locke and Emerson wealthier men than Carnegie, Morgan, Gould, Baker and Rockefeller? Who was the wealthier: J. P. Morgan or Florence Nightengale? Would you, if you could choose, rather be known to history as Abraham Lincoln or as Andrew Carnegie?

What do you list as the ten most important things in life, in the order of their importance? How many things, qualities, principals, and ideals, do you prize more than you prize your own life?

Does the Rotary Motto "Service above self; he profits most who serves best," contain any sensible suggestion of what wealth is? Have you ever been able to "grasp" the inner meaning of Rotary philosophy? Have you tried making it your own and practicing it? Do sit in any way interfere with your preconceived notions and ideals?

Are you able to entertain yourself, or must you depend on others for entertainment? Are you lonesome when alone? Does a crowd disturb your poise and befuddle you? Are in-

## Attempted Robbery Of Grocery Fails

Attempted petty theft by a person unknown was thwarted this week when a man who had placed several articles in an empty box-car returned to claim them, and was chased away by officers who had been called to the scene.

The man had gained entrance to the Hestand-Kimbell Grocery store some time between 8 and 10 o'clock Tuesday night, and had taken some cigarettes and candy, and placed them in an empty box-car behind the grocery store. When he returned to take them away, officers were waiting for him, and he evidently saw them, as he began running before he reached the box-car. The officers opened fire and gave chase to the man, but he escaped.

## Good Will Trips To Start Monday

It's the songs you sing and the similes you wear, that makes folks happy everywhere and with this mission and spirit of service and good-fellowship the Slaton Good Will Trippers will carry their message in song, dance, reading and instrumental music, to our neighbors in eight adjacent communities each Monday night.

In a fine spirit of co-operation a large number of Slaton folks are joining in putting over several programs, as sponsored by the Slaton Board of City Development, for the entertainment of our friends, and to promote a better feeling of good will and co-operation. These folks are rendering a very fine service to both Slaton and the community visited, and the business men and others of Slaton should encourage and assist in this by visiting the different communities, and attending a different program each week.

Five fine groups have been organized, and will put on their programs beginning next Monday night at 8:30 P. M. and continuing each Monday night except July 4th, which will be given on the following Tuesday night. On next Monday night the Santa Fe group will go to McClung; Chamber of Commerce groupe to New Hope; Retail Merchants groupe to Morgan; Fire Department groupe to Hackberry; and the City groupe to Posey, and the following week Posey, Union, Southland, Acuff and New Hope will be visited.

## Dr. Overton Goes To Pampa Soon

Dr. M. C. Overton, Jr. is leaving Slaton the first of July to take up surgical work in the Worley Hospital at Pampa. His practice here will be taken over by Dr. Roy G. Loveless, of the Loveless-Bennet Hospital at Lamesa. Dr. Loveless was in town Wednesday making arrangement to take Dr. Overton's place. He was a classmate of the Dr. Overton's.

Dr. Overton has been in Slaton for the last three years. He finished a course in medicine at Baylor University, and went to T. C. U. for his bachelor's degree. His first practice was here in Slaton.

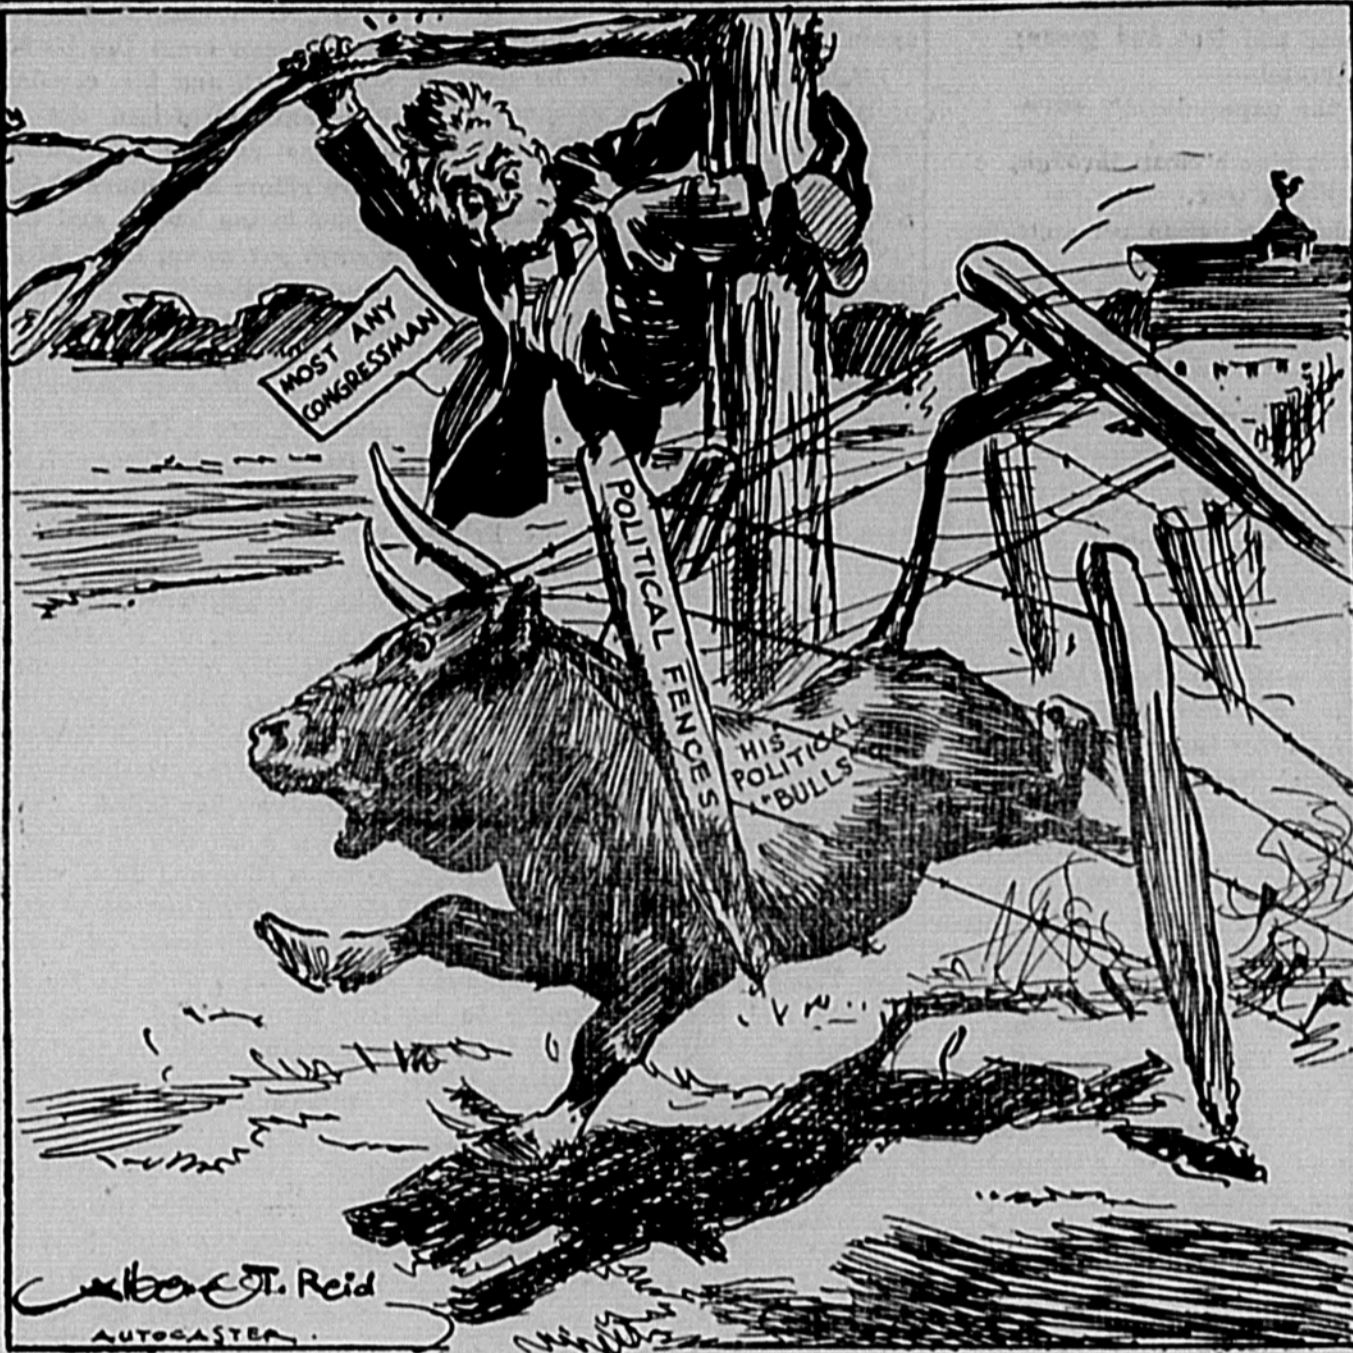

Mr. and Mrs. A. L. Brannon, and the latter's parents, Mr. and Mrs. J. F. Utter, of Amarillo, are visiting in Springfield and Kansas City, Mo.

dividuality, poise, tolerance, balanced viewpoint, among the qualities you prize as "wealth?"

What is wealth anyway? Here are some searching questions. Some are not so easy to answer, but are worth pondering. Get the other fellow's viewpoint. Perhaps it will help you. Whether we know it or not, and whether we will it or not, each spends his life finding and formulating his answers to these questions. The answers determine the path he travels, and where he stands at the end of the journey. Men arrive at widely differing answers. Who is correct?

He's In a Tough Spot

By Albert T. Reid

## BCD Co-operating With 4-H Clubs

The Education Committee of the Slaton B. C. D. is very much interested in 4-H Clubs in this community and is co-operating with our County Agent in trying to have large active clubs.

The Pig Clubs and Baby Beef Clubs are now selecting their pigs and calves for feeding, to enter the competition at the shows, and if there are any more boys between the age of 10 and 20 years who would like to have a pig or a calf to feed out, the above committee will be glad to help make arrangement on special terms, if the information is given to Secretary Payne in the next week or so.

This is a wonderful opportunity for the boys to learn to feed under the supervision of the County Agent and they should be encouraged to interest themselves in this work.

It is also hoped that a girls canning club can be organized, and if a number of girls are interested and will give their names to Sec. Payne, the necessary arrangements will be made. County Agent Eaton was in Slaton last Tuesday and is ready and willing to give all of the help possible in getting clubs in the Slaton community.

## Negro Child Is Injured Tuesday

Last Tuesday, right after noon, a negro woman and a little girl, her daughter, who were on the Lubbock highway about two miles out of Slaton were struck by a car driven by J. S. Edwards. The mother escaped with only slight injuries, and the little girl, Elsie Mae Alford, was taken to the Mercy hospital for treatment.

She was said to be still in some danger, suffering from a concussion of the brain.

## Miss Thelma Poteet Willard Donald Wed

Last Saturday afternoon, at Clovis, New Mexico, Miss Thelma Poteet and Willard Donald were married at the home of Rev. W. O. Campbell, pastor of the First Methodist Church there.

The bride has been librarian at the Slaton Branch of the County Library for the past four years, and will continue to work in that capacity. The Groom is advertising manager of the Slatonite.

The couple are now at home at 755 south 11th street.

## Miss Ruby Catching Entertains Club

Last Tuesday evening, at the home of Miss Ruby Catching, the Junior Civic and Culture Club held its first meeting of the summer, with Miss Hazel Mansker, secretary of the club, presiding.

Several business matters were disposed of, including the matter of next year's study course. The subject chosen was "The British Isles." The literature, early history, physical appearance of the country, its politics, arts and religion will be taken up. Miss Audrea Marriott, chairman of the Calendar committee, said that the program would probably be made out and presented for approval of the club by the August meeting.

After adjournment, Miss Catching served ice cream and cake to the seven members present: Misses Cora Sealey, Eunice Florence, Jo Hestand, Audrea Marriott, Hazel Mansker, and Mrs. W. D. Donald.

The next meeting will be in July, with Miss Marriott.

## Thelma McCollum and Ira McCarter Married Thursday

Last Thursday afternoon, June 9, at Clovis, New Mexico, Miss Thelma McCollum, daughter of J. H. McCollum, and Ira McCarter, who works at the Harvey House here were married at 6:45 o'clock, Miss Ophie Aydelott and Claude Cooper witnessing the ceremony.

The bride was dressed in blue, with accessories to match. The couple came back to Slaton immediately after the ceremony, and will make their home at 1225 West Garza Street.

A bridal shower was given to Mrs. McCarter about three weeks before her marriage. An interesting program was rendered, consisting of a song by Miss Pauline Marriott and Mrs. J. J. Maxey, a piano duet by Miss Earline McAlister and Mrs. Allen Farrell, and a bride and groom dance by Maxine Odom and Doris Peavey. The bride was then presented with many lovely gifts, after which angel food cake and punch was served to about seventy women and girls.

## Retail Merchants Meet Monday

The regular meeting of the Retail Merchants will be Monday night at 8:30 at the R.M.A. office. All members please be there.

## New Postage Law Effective July 6

According to the post office employees, the new postage law which raises the rates on letters will go into effect Wednesday morning, July 6th. The rate will be three cents on letters, except those sent by airmail. The airmail rate will be eight cents for the first ounce, and thirteen cents for each additional ounce.

### CARD OF THANKS

When peace and happiness attend our way we are prone to underestimate life's real values which strengthen and enrich our lives. It is when the storms of life threaten the very foundations of faith and hope that "true friendship" is properly evaluated.

To our friends who offered sympathy and kindness in our recent sorrow in the death of our loved one, and to those who sent beautiful floral offerings, and sought by any means to offer their friendship at such a time we acknowledge our deep appreciation, and the assurance that we shall ever remember you and your kindly deeds. Mrs. Earl Thornton Mr. and Mrs. J. R. Thornton and L. B. Mr. and Mrs. W. A. Johnson and family Mr. and Mrs. J. G. Oslin Mr. and Mrs. G. K. Taylor and maily Mrs. L. B. Thornton Mr. and Mrs. Bert Thornton Mr. and Mrs. Irving Thornton Mrs. Elizabeth Hanes

### STANDARD RECEIPT FORM FOR BONDED WAREHOUSES ISSUED BY SHACKELFORD

AUSTIN, June 16—Declaring the situation among Texas bonded warehouses in regards to receipt forms is "pitiful," L. L. Shackelford, chief of the warehouse division of the Department of Agriculture, has issued to all warehouses a standard receipt form which they will be required to adopt.

"In the past there has been such a multifarious conglomeration of receipts that it has become necessary and expedient to adopt one of uniformity that will be acceptable as collateral by the Federal Reserve Bank," he said. Warehousemen were instructed that forms for both negotiable and non-negotiable receipts are the same but that non-negotiable receipts must be so marked on the face of the receipts. Warehouse charges must be inserted on the face of the receipts and a warehouseman can not issue a receipt signed by a public weigher, Shackelford further advised.

Mr. and Mrs. John Dabney, and daughter, Mrs. H. C. McElvey, are leaving this week for Alford.

## K. L. Scudder For Commissioner

I wish to announce to the voters of Precinct No. 2 as a candidate for county commissioner. I am a native Texan and have lived in Slaton for the past 8 years and during that time have at all times tried to do my part in promoting any enterprise for the betterment of the community.

I believe in Lubbock county and especially in the community in which I live. I believe normal conditions will return to our county as soon as it will to any other part of the country. However until those times come I believe in the strictest enforcement of economic policies: In the handling of our county funds I think the same economic policy should be enforced that the average tax payer has to employ in the expenditure of his private funds.

I graduated from High School and Tyler Commercial College in 1912. I have had several years experience in office work and bookkeeping as well as two years at farming. For the past 13 years have been engaged in the automobile sales and garage business. I feel that in steering a business thru the past 3 years without hitting the rocks a man thoroughly versed in economic practice.

During the world war I served as assistant chief clerk, in the office of John T. Wilson construction company while they completed a \$6,000,000 construction job of officers training quarters and base hospital at Camp Lee Virginia. This experience will be of assistance to me in dealing with some of the problems of county commissioners. This work gave an insight to cost accounting, time keeping inspecting and passing on construction work.

I should not attempt to tell the voters just what changes I would make from the present commissioners court. I have ideas of things that might better conditions for the tax payers. I do not know nor does any individual know just what course to pursue until he has gone into the court and gets familiar with its present status.

If elected to this office I shall go in with the sole purpose of—first obtaining the good will of other members of the court. Then with them try to formulate plans by which present expenditures may be reduced. When this is done I shall press my claim to the limit so that in some way taxes may be reduced. My motto shall be—"Taxes must come down to where people can pay them." Delinquent taxes on the rolls will not pay bills.

My experience of 13 years as a mechanic and with machinery should enable me to lower the maintenance cost in operating the machinery in road work. This can and will be done.

I will appreciate your vote and influence and if honored with the office which I need and have the right to ask you as voters for, I shall promise only this. No one shall have any "Strings" on me as an officer—and I shall give you and to every one alike the benefit of my very best judgement and efforts toward conservative funds. Lets pull together and work together until normal conditions are a reality.

Thanks for your vote on July 23rd.

## Services For Earl Thornton

Funeral services were held here Wednesday afternoon, June 8, at 4 o'clock at the First Baptist Church for Earl Thornton who died Tuesday morning at 9:45 at the Lubbock Sanitarium of gunshot wounds.

The services were conducted by Rev. Dr. Trammell pastor of the First Baptist Church, of Lubbock, with Rev. W. O. Carter, pastor of the Asbury Methodist Church, of Lubbock, assisting. Interment was in the Englewood Cemetery.

Mr. Thornton was 27 years old, and had lived in Slaton, since his boyhood. He graduated from the high school here, and married here several years ago. About a year ago, he moved to Lubbock, where he worked at an ice berg until the time of his death.

He is survived by his widow, his father, John Thornton, a brother, L. B. Thornton, and a sister, Mr. W. A. Johnson.

Mr. and Mrs. George Jones are visiting in Hillsboro with the latter's grandmother.

**FATHER EXPRESSES HIS SENTIMENTS LOUDLY WHEN THE HOME TOWN PAPER DOESN'T COME**

My father says the paper he reads ain't put up right, He finds a lot of fault, he does, perusin' it all night. He says there ain't a single thing in it worth while to read, And that it doesn't print the kind of stuff the people need. He tosses it aside and says it's strictly on the bum— But you ought to hear him holler when the paper doesn't come.

He reads about the weddin's and he snorts like all get out, He reads the social doin's with a most derisive shout, He says they make the paper for the women folks alone, He'll read about the parties and he'll fume and fret and groan; He says of information it doesn't have a crumb— But you ought to hear him holler when the paper doesn't come.

He's always first to grab it and he reads it plumb clean through, He doesn't miss an item or a want ad—this is true. He says they don't know what we want, the darn newspaper guys. I'm going to take a day sometime an' go an' put 'em wise; Sometimes it seems as though they must be blind and deaf and dumb; But you ought to hear him holler when the paper doesn't come.

—Author Unknown.

**Chamber of Commerce News**

By A. J. PAYNE, Secretary

The Directors of the Texas Pan-handle-Plains Poultry Association met in the office of the B. C. D. and Chamber of Commerce Tuesday afternoon at 3 o'clock with the following present.

W. T. Magee, President and Major Rogers both of Levelland, Roy B. Davis Plainview, D. O. Fox Lorenza, D. F. Eaton Lubbock, and A. J. Payne Sec-Mgr.

After much discussion and letters being read from those who could not be present, it was decided by the majority that the dates of the next Annual show would be in January 18, 19 and 20 1932.

Next order of business was the terms of the Directors of who should be the one, two and three year term Directors, and that was left up to the Sec-Mgr to work out and so notify of his findings to each Director of the term he should serve.

President Magee appointed A. B. Davis, Secretary of Lubbock Chamber of Commerce, Mr. H. B. Lansden A. P. A. Judge, and Sec-Mgr A. J. Payne to be a committee to draw up resolutions favoring an Egg laying contest to be sponsored by the Tech College of Lubbock.

Meeting of the Directors of the B. C. D. and Chamber of Commerce met Tuesday night with ten members of the Board being present. President Peavey is going to hue to the line that part of the By-laws where in if a Director misses four consecutive meetings with out a good excuse, he will forfeit his rights as a Director, and the Secretary will so notify the Director before the fourth meeting of his standing.

C. A. Bruner chairman of the Community Committee reported that there were five organizations that were about ready to start on the Good Will Trips, next Monday night June 20th.

A Kessel chairman of Trade and Extension reported that the money would be ready to cash the R. R. Checks on time.

Mr. K. L. Scudder chairman of the Poultry and Dairy Com. reported that the Cream station was getting along fine and were kept very busy so far, that over 14000 gross pounds of cream had been taken in, as well as chickens and eggs, he also said they would need more help to handle the business on Saturday's.

H. G. Sanders chairman of the Sports Com. reported that the Base Ball Tournament would be going with in the week.

J. W. Hood chairman of the Reception and entertainment Com. reported that he had been with the Band Boys

and also with the Band Master Mr. Davis and that the Band was all set and had started their weekly concerts at the Band Stand.

In the absence of the chairman of the Beautification Com. The Directors said there would be a yard contest starting at once, and all yards would be judged that were being kept up, with out any formal solicitation from the owners. Those who's lawn will be judged this year will be the Home owned and the corporations. The first judging will be some time this month, so if you see any one around your place, you may know they think from the looks it is worth being in the competitive class.

Mr. G. J. Catching chairman of the Welfare Com. wanted to know what his duties were, that he was ready and willing to work when he found something to do.

All the Directors present are very much in earnest with their work and good will be accomplished with these ten men who work on the board.

The subject of the 4th of July celebration was passed from the Directors of the R. M. A. to the Directors of the B. C. D. and Chamber of Commerce and it was the unanimous opinion of those present that there would be no celebration this year on account of finances. The stores will closed all day Monday the 4th as is the custom of Slaton Merchants.

President Peavey does not have his committees all filled out as yet, but when they are filled, each committeeman will receive notice, what part he has to do in for the Directors of the Chamber of Commerce and B. C. D.

Your Secretary was remembered by a card from Director C. F. Anderson from Ariz. on his way to Calif, and Seattle to the Rotary International Convention that convenes here on the 28th.

Judge W. P. Walker of Crosbyton was a pleasant caller at this office this week.

"Levying taxes is an easy business. Any projector can contrive new impositions, any bungler can add to the old; but is it altogether wise to have no other bounds to your impositions than the patience of those who are to bear them?"—Edmund Burke.

"All our experience teaches the growing dangers of centralization of authority at Washington."—Dr. Wallace K. Donham, Harvard University.

**Fat Man Reduces 53 Pounds—Oh Boy!**

Don't be stubborn, you big fat men—throw off your fat before your fat throws you into the discard. Do as Mr. S. A. Lanier of Sawtelle, Calif., did—read his letter:

"I have used two reducing belts to no benefit but since using Kruschen Salts each morning in my coffee I have taken off 7 lbs in a week and eat most anything I like. I weighed 243 lbs. 6 months ago and now I weigh 190 lbs."

Take one half teaspoonful of Kruschen Salts in a glass of hot water every morning—cut down on fatty meats, potatoes and sweets—now you know the safe way to lose unsightly fat.

For a trifling sum you can get a jar of Kruschen Salts that lasts 4 weeks at—any drugstore in the world—but be sure and get Kruschen—your health comes first.

**Scout News**

**THE TENDERFOOT**

It is rumored, fellows, that the first troop in the Council which gets 75 per cent of its membership enrolled for camp, will receive a one dollar refund on their camp fee. Whoops! And all others who get 75 per cent of their membership by a certain date will get a nice penant. Whoops again!

Life Saving is going to be stressed at the camp this year as much as it has in the past. Tom Everheart who is Scoutmaster of Troop 8 at Lubbock will have charge of all water front activities. Tom is a great scouter and has certainly done a fine piece of work with his troop. He says they are going to win that trophy easily. I wonder—How about it?

There is one man whom we are going to miss very much this year. He is little George Eaton. Known around the camp as "Chief Prickly Pear." George got that name because of his knack of riding donkeys and landing in prickly pear patches when the donkey got tired of his company. He is now serving in the army at Fort Bliss.

Delbert Jones, renown leather expert, from New Mexico, will be at the camp this year to teach us the gentle art of leather craft. Delbert and his craft were very popular at Camp We-Hin-Ah-Pa last summer. Say, gang, this Troop 23 at Lamesa, lead by Stevens and Pratt are going to be making a mighty strong bid for that McMillan Trophy. At least that's what I've been told.

I wouldn't be surprised if Troop 16 at Post, the present possessor of the cup wouldn't want to have a word or two before giving that cup up. They were the winners in 1930, maybe they will repeat.

Joe Spikes' Troop 23 also of Lamesa will probably give the rest of these troops, who think they've got the cup tied up in a sack, quite a few fits. That is if they come to the camp.

I wonder about these other troops. Where are they going to be? Write in fellows, and let me know what is up. If you have any suggestions about the camp, send 'em in to the "Tender-

**Jones In Exciting Fighting Western**

Buck Jones rides and fights into and out of terribly dangerous and exciting situations faster than you can wink in "Border Law," the Columbia picture showing Friday and Saturday at the Palace Theatre. Talk about action and thrills! You can't beat this one.

Buck is a ranger who resigns so that he can cross the border to get Shag Smith and his criminal gang. They have terrorized the southwest and the rangers are putting forth every effort to capture them, but the border is too handy, and the bandits always get away. It is after Buck's young brother is shot down by Shag Smith in a daring daylight bank robbery that Buck decides to devote his entire attention to getting Shag, no matter where it takes him.

Posing as the Pecos Kid, a lone bandit wanted on many charges and recently brought to justice by Buck, the ex-ranger rides across the border with his pal, Thunder. In a cantina he finds Shag and his gang. Shag sees possibilities in their joining up with the famous Kid in a certain big haul, but Dave hates Buck because he succeeds with the flashing-eyed Tonita where Dave has failed.

After a terribly thrilling fist fight between Dave and Buck, which the latter wins, Shag agrees to go in on the robbery with Buck, but as he doesn't entirely trust Buck he sets all sorts of trap for Buck that keep you gasping and excited until the whirlwind finish.

**WHAT SILVER MEANS TO US**

Here is the silver problem in a nutshell: So long as one-half of the world's population is unable to do business with the other half because of the abasement of their money-metal, we cannot expect the resumption of a normal flow of business. International commerce—which, in normal times, is of sufficient bulk to mean the difference between prosperity and hard times in many countries—is dependent upon an equitable, fixed relationship between gold and silver.

foot" at Scout Headquarters. I'll be seein' you at camp I hope.

**GREASING**

The chasis of your automobile is just as important to its life as lubricating oil is to your motor, and, like lubricating oil, can only be done to the best advantage by using the proper grades in the correct amounts at all points of friction.

Our workmen are trained to use seven different lubricants on your automobile, and have the necessary equipment to correctly apply them, without which no greasing is complete.

**Vital Links**

SWIFT & COMPANY daily purchases many tons of poultry, eggs and dairy products from farmers. Its interest does not end by shipping this produce to a few big city warehouses, there to await the development of demand.

Demand seldom stands on the rooftop and yells for Supply to come into the house.

That's why, every morning thousands of Swift & Company Branch House and Car Route salesmen start out to sell poultry, butter, eggs and meat.

Perhaps these salesmen do not create demand, but they hunt for it with fine tooth combs; they stir it; they dig it up. When they find Demand, they turn it over to farm producers who sell to Swift & Company.

It is to the salesmen's interest to discover new outlets, to expand the old ones, to let the organization know which markets are best. Their incomes, their advancement, depend on how well they sell.

Salesmen are vital links in a human chain that reaches back to the produce plant manager and his helpers. Every man strives to better himself by selling more and by cutting the cost of handling.

The Swift & Company national market was made by digging up demand wherever it exists in the United States, by advertising brands of high quality, Swift's Meats, Swift's Premium Milk Fed Chicken, Golden West Fowl, Swift's Brookfield Butter, Eggs, Cheese and many other products. Local gluts and shortages are known, and Swift's products are then distributed to the best advantage. By having the same railroad cars equipped to transport produce or meat; by having the same salesmen sell produce and meat on the same order, important economies have been achieved. Costs are spread more thinly for livestock men and produce men alike.

Unflagging interest that begins with a purchase from a farmer, and continues until his produce is in a retail store—and in demand by a consumer—that is Swift & Company service. The charges for it are low. Profits over a period of years, have averaged less than a half cent a pound of all products sold.

**At The Change**  
A Critical Time In Every Woman's Life.  
"During a critical time in my life I took Gardui for several months. I had hot flashes. I would suddenly get dizzy and seem blind. I would get faint and have no strength. My nerves were on edge. I would not sleep at night. "Cardui did wonders for me. I recommend it to all women who are passing through the critical period of change. I have found it a fine medicine."—Mrs. Hettie Murphy, Poplar Bluff, Mo.  
Cardui is a purely vegetable medicine and contains no dangerous drugs.

**OBSERVATIONS AND MEDITATIONS**

The sole purpose of this column is to induce people to think.

It takes a full grown man to do right when his social commercial and political success depend on his doing wrong.

The financial success of the financially successful men is due not so much to their ability as to other people's lack of ability.

It takes more skill and more years of training and experience to handle a team of horses properly than it does to draw a dollar an hour laying brick.

If Chicago can be dried up during the national conventions, why can't it be dried up the rest of the time?

Henry Ford says a man is never old till he stops learning. If that is true we have no excuse for not dying young.

The best way for a man to prove himself worthy of promotion is to handle his present job successfully.

A governor would be more justified in asking the people to make him president of the United States if he would do some cleaning up in his own state.

All men are created equal yes, they are equal when they come here, and equal after they leave; but very unequal while they are here.

The inalienable right to life, liberty and the pursuit of happiness don't mean the privilege of doing and having everything that we think is necessary to suit our pleasure, at he expense and sacrifice of he life, liberty and happiness of others.

It is not always possible for governments to derive their just powers from the consent of the governed, because many of the governed, being unable to distinguish between just and unjust powers, will not always consent to just powers.

A \$52,000 bank robbery has just been pulled off at Streator Illinois, and two members of the local police force had a hand in it. When men with steady jobs and good salaries will pull such stunts, what can be expected of the jobless, hungry man?

Bill Murray very pertinently remarks that we will not have much use for the repeal of prohibition till we find out where we are going to get the money to buy a drink.

The Spartanburg Herald wants to know how the repeal of prohibition is going to increase the demand for grain for liquor purposes if, as the wets claim, there is more liquor made and consumed now, than there would be if it was legal.

When bathers in a public pool can't wear sufficient covering on their bodies to maintain decency without being compelled by a ruling of the city commission to do so, the progress of civilization is not very much of which to boast. Please pass the apples.

There were no automobiles half a century ago, but there were plenty of buggies for sale for less money than the lowest priced automobile costs now, and only a very small percentage of the people was rich enough to own them; but practically all of those who could not afford to own buggies made a living, depended on themselves and did not want expect nor receive anything from anybody, without paying for it; and did not complain about hard times.

An anti-prohibitionist says he would like to be shown one single instance of a drunkard have been redeemed as a result of prohibition.

The primary purpose of prohibition is to stop the manufacture of new drunkards. The matter of remodeling and reclaiming old ones, although im-

portant, is only a secondary consideration. However, Colonel George H. Davis of the Salvation Army at Chicago says: "From Oct. 11-1930 to Feb. 3-1932 we helped 1,102,545 unemployed men, and in 99.92 per cent of these cases, the cause of their condition was not due to strong drink, to any degree at all; while before prohibition, we used to gather up drunks by the truckload, and 90 per cent of the poverty and distress was caused by strong drink."

Well, we always try to practice what we're preaching to you now, and though we sometimes fail to hold our tongue, in our feeble, humble way, we do the best that we know how, to set a good example for the young.

W. H. Patrick  
230 S. Second St.

**Boys Scouts To Go On Annual Outing**

Boy Scouts of the South Plains Area Council will gather again, after a years absence, for their annual summer camp to be held at Post, Texas on or about July 17. Last years camp was held jointly with the New Mexico scouts in the Sacramento mountains.

Plans are going forward rapidly and officials are looking to a successful camp.

This years camping session will be shortened from ten to seven days. It is believed that this will enable many Scout leaders to attend the camp who could not do so under the ten day plan. The camp fee, which will be lowered in proportion to the length of the camp, will be approximately seven dollars.

Troop leadership will be stressed strongly at the camp this summer. Every troop attending the camp will be greatly strengthened by a week in camp.

Because so many boys have entered scouting on the South Plains since the last camp was held at Post, Scout Headquarters has expressed a desire to have every boy in camp who can

**NOTICE OF TRUSTEE'S SALE**  
WHEREAS, On the 21st day of October, A. D. 1925, B. L. White and Mae White his wife, of Slaton, Lubbock County, Texas, executed a Deed of Trust to the record of which in Volume 31 Page 190, Deed of Trust Records of Lubbock County, Texas, reference made, conveying to Walter J. L. Ray, Trustee, the following described Real Estate, to-wit:  
Lot No. 8, Block No. 55, West Park Addition to Slaton, Lubbock County, Texas.

IN TRUST to secure the payment of the indebtedness therein described, and WHEREAS, default has been made in the payment of said indebtedness according to its terms and such default has continued for more than four months and the owner and holder of said indebtedness has declared the whole amount thereof due and payable in accordance with the terms of said Trust Deed, and

WHEREAS, The said Walter J. L. Ray, Trustee named in said Deed of Trust is unable to execute the powers thereof, and has refused to execute the powers thereof, and the undersigned M. A. Pember has been appointed Substitute Trustee and has been directed by the owner and holder of said indebtedness to execute the power of sale conferred by said Trust Deed:

NOW THEREFORE, Notice is hereby given that on the 5th day of July, 1932, the same being the first Tuesday in said month, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon of said day, at the front door of the County Court House in Lubbock, Lubbock County, Texas, I, M. A. Pember Substitute Trustee, as aforesaid, will sell the land above described to the highest bidder for cash, to satisfy the indebtedness secured by said Deed of Trust and cost of executing this trust.

WITNESS my hand this 10th. day of June, A. D. 1932.

M. A. Pember,  
Substitute Trustee.

**NOTICE OF TRUSTEE'S SALE**  
WHEREAS, On the 10th day of June, A. D. 1925, W. T. Spratling and Lela Mae Spratling his wife, of Slaton, Lubbock County, Texas, executed a Deed of Trust to the record of which in Volume 29 Page 187, Deed of Trust Records of Lubbock County, Texas, reference is hereby made, conveying to Walter J. L. Ray, Trustee, the following described Real Estate, to-wit: East 1-2 of Lots 1 and 2 and North 29 1-2 feet of the East 1-2 of Lot 3, Block 111, West Park Addition to Slaton, Texas.

IN TRUST to secure the payment of the indebtedness therein described, and WHEREAS, default has been made in the payment of said indebtedness according to its terms and such default has continued for more than four months and the owner and holder of said indebtedness has declared the whole amount thereof due and payable in accordance with the terms of said Trust Deed, and

Substitute Trustee.

**NOTICE TO DEPOSITORS AND CREDITORS**  
OF  
THE FIRST STATE BANK OF  
SLATON, TEXAS

The First State Bank of Slaton, Texas, closed its doors on the 28th day of January, A. D. 1932, and is now being liquidated by me as provided by law. If you have a claim against said bank, you are hereby notified to present the same with legal proof thereof to me at Austin, Texas, within ninety days after the 24th day of March, A. D. 1932.

Form for proof of claim will be mailed to every known creditor, and additional forms may be procured from the office of the Banking Commissioner, Austin, Texas.

JAMES SHAW  
Banking Commissioner of Texas.

possibly attend.

The present camp staff, which will be added to at a later date, consists of Scout Executive Jennings, who will be Camp Director; Tom Everheart, who is a Senior Red Cross Life Saver and is connected with the City Swimming pool at Lubbock will have charge of water front activities; Dr. E. L. Reed, Professor of Zoology and Botany at the Texas Technological College, who is an ardent lover of Scouting, will have charge of all nature work at the camp; Jack Mickle, will have charge of Camp First Aid Activities. Jack is a new man this year, but won't be for long. Saving the best for last, here is Ernie Self, who will be cooking for the camp again. This will make Ernie's third year of cooking for the South Plains Council. This alone should be recommendation enough of his culinary ability.

The spring rain have put the Two-Draw Lake and the camp site in tip-top condition for the hundred or more boys who will attend the session.

**LIVESTOCK DEVELOPMENT SWEETWATER, June 9**—Livestock development in this territory and increase of cattle trade in the Sweetwater section have led to the selection of this city for the livestock department headquarters of the Texas and Pacific railroad, it was announced this week.

John M. Simpson, livestock agent for the railroad, has arrived from Dallas, his former headquarters.

It is the first office of this nature to be placed in Sweetwater by any railroad.

Chile is having another revolution, indicating that normalcy is returning to South America. Those folks' idea of getting somewhere is going round and round.

## THIS TOPSY TURVY WORLD

"When people get topsy turvy the world seems that way."

Of course you have faith in Slaton, but are you showing it?

A wise merchant advertises as a good business investment.

Sure there are lot of bargains in Slaton stores, but who besides the merchant is going to know it if the merchant does not advertise?

When you have the merchandise and the price, then volume of business is what you need, and only advertising can get that volume.

The man who fellows wire pulling as an occupation does not object to pulling your leg as a side line.

Another reason we have to hope that conditions will shortly improve is that shortly Congress will adjourn.

The country's real object seems to be that near beer is not near enough.

All along the route the police have been watching the bonus marchers to prevent them pulling boners.

And now if we taxpayers should organize and march on Washington we wonder who would feed and bed us enroute?

Now as ever the country has those who depend on others for a job and those who depend on themselves.

This depression has taught us, among other things, that a greedy world can on occasion become an awfully hungry one.

If you are out of work now would be a good time do that odd job you could not get to when your time belonged to the boss.

The man with a good digestion and a clear conscience has never valued his possessions at their real worth.

If all candidate for public office this year could be elected it would come pretty near eliminating the problem of unemployment.

And while you are lamenting the position of the forgotten man, drop a tear for the man who forgot himself.

We still patronize the old clothes man. We used to sell to him, but now he sells to us.

We do not feel that we belong to the class of the forgotten man. True, our debtors forgot us long time ago, but our creditors have better memories.

We are fully aware, of course, that the bottom dropped out of things sometime back, but what puzzles us is where the bottom went to.

Anyway the vast army of unemployed can look back and recall those terrible days when folks were being nearly worked to death.

If this depression is one of the prescribed courses in the great University of Experience, then more than ever do we favor the elective courses.

Only a few days have elapsed since commencement—enough time, however for the promising graduates to forget the admonition that only hard work and integrity can win in the long run.

Some men in this world are so low down there ought to be a law compelling them to sleep in the basement.

The Toledo Blade wonders how saloons are to come back when filling

stations and drug stores occupy all the corners. What about adding another story? There's always room at the top, you know.

We suppose it is true that what goes up must come down, but this depression sometimes makes us feel that something has come down never to rise again.

All we got to say about it is that when the little waitress in the Morrow home swallowed the poison to escape further grilling about the Lindbergh kidnaping, it showed either that she had a guilty conscience or else those law hounds hounded her to death. But tragic in any event!

The benefactor of mankind has always been the man who was able to find so much work for himself to do that he was obliged to hire others to help him get it done.

Merchants will rejoice at the increase in postage rates, because now they can save three cents by not mailing useless duns to a debtor, whereas heretofore the saving has been only two cents.

Along back about 1893 Coxey's army marched on Washington, and look what prosperous times we had in 1929—only 36 years later. So don't be too hasty in condemning those bonus marchers.

Gov. Roosevelt is in a dilemma. If he removes Jimmy Walker he will lose Tammany; if he abuses Tammany then Jimmy will turn against him; and if he does neither then he will lose the support of Mr. Tom Love.

Politics is indeed something strange. We were always taught to associate pork barrel legislation only with the Republicans, and now comes the Hon. John Garner with a pork proposal that makes even the most dyed in the wool Republican blush for shame.

The Bible says "Ask and ye shall receive!" Uncle Sam applies that to the taxpayers and the taxpayers apply it to Uncle Sam, and there we have a perfect example of a deadlock.

But let us be fair to poor much abused Uncle Sam. He cannot take his hand out of the taxpayer's pocket until the taxpayers take their hands out of his treasury.

One reason why we never get anywhere in lowering governmental costs, right here in Slaton, for example, is that when a citizen presents a specific remedy to effect economy the city dads just ignore it.

A democratic nation of course has in it people possessing the qualities of level headedness, integrity, sound judgement, balanced viewpoint, and intestinal fortitude, but the trouble—and maybe also the danger—lies in the fact that so few of them will run for public office.

## Fishing

Shade Trees. Ideal for the weekly outing.

Bass, Crappie and Perch are plentiful

Don't fail to get your share

South Lake, Post, Texas

BILL DONALDSON

### PRETTY LAWNS

Slaton can truthfully be called a city of beautiful lawns. All over the town one can see flourishing shade trees, green, well trimmed lawns, and gorgeous flowers gardens.

For some years past the Chamber of Commerce encouraged home and town beautification, and the people began to acquire the habit. Pretty lawn contests have a feature for some years past. They have proved wholesome and worth while.

However, thus far we have seen no announcement that we are to have a pretty lawn contest this year. We hope these will not be abandoned. True, the prizes have never been large, but it has never been necessary to make them large in order to accomplish the true object in view, namely, to emphasize the importance of home and city beautification, and to furnish an incentive therefor.

We hope that the pretty lawn contests will not be abandoned. It is not too late to get the program under way for this year.

And in connection with home and town beautification, we hope the importance of the home garden will not be overlooked. Much can be grown in that way, a saving can be effected, and if for no other reason, a garden always affords a little useful lagor for children who otherwise would have nothing to do but to loaf and rove idly about the town.

### Program Given By United Charities

AUSTIN, June 9—Charters were granted to 107 Texas companies during May, according to the University of Texas Bureau of Business Research. Although this number showed a gain of 10 per cent over that for the previous month, the preponderance of very small firms brought a decline of about 29 per cent in total authorized capital, which in May amounted to \$2,270,000, as compared with \$3,206,000 the previous month, the Bureau's report said. In May last year, 212 companies were organized with authorized capital stock of \$6,078,000. More than a fourth of the companies were South Texas firms, the report pointed out. Twenty-four real estate and building firms were organized, almost all of them being interested in realty developments in the larger cities. Of the remaining corporations chartered during May, eleven were to engage in manufacturing, ten in banking and finance, five in transportation, 47 in merchandising, and 27 unclassified firms. Only seventeen permits to out-of-state corporations were issued during May. Last year in May, 40 were granted, and 34 were issued in April, 1932.

### YEARLINGS FED

SWEETWATER, June 9—Yearlings fed by the Sweetwater Cotton Oil Company brought top prices on the Los Angeles Stock Yards last week, topping days' sales at \$6.60. Sweetwater and trade area has this year shipped to Los Angeles markets better than 150 carloads of grass-fed and finished cattle. Indications are that some 25,000 to 30,000 head of cattle and sheep will be fed in Sweetwater during the coming feed season.

### H.W. STANLEY DIRECTOR

SWEETWATER, June 9—H. W. Stanley, Director of the Trade Extension Division of the Dallas Chamber of Commerce, addressed approximately 100 local business men who were guests of a local packing concern at an "All-Sweetwater" banquet on Tuesday night at the Macie Hotel. Stanley's address, while largely in praise of local owned industries covered a number of useful suggestions as to trade extension and better business methods.

Miss Mamie Cawley, of Shallowater, and Sara Scott, of Crosbyton, visited the first of the week with Mr. and Mrs. Claud Gentry.

### LATON WOMANS

#### FATHER FOUND DEAD

Mrs. Forrest Payne was called to her home at Sanger, Texas, on the account of the sudden death of her father. Mr. E. J. Taylor was found dead Friday at 11 o'clock near his home. Mr. Taylor was 75 years old and had been a elder of the church of

christ for many years.

He was a loving father and devoted husband. Had lived in Denton county since early youth, until 1917 the family moved to Newlin Hall county. Where they lived until last November when they moved back to Denton county.

Mr. Taylor leaves a host of friends

a wife and six children and 19 grand children, Mr. Fred Taylor, Bolivar, Mrs. Jessie Gilbert, Memphis, Mrs. E. J. Taylor Jr., Borger, Mrs. F. L. Payne, Slaton, Clarence W. and Eugene Taylor, living at home.

His burial was in Walling Cemetery near Tivga Texas. Saturday afternoon at 2 o'clock.

# THE PEOPLE OF TEXAS MUST DECIDE THE FATE OF TEXAS RAILROADS

● THE WELFARE of Texas and Texans has gone and will always go hand in hand with the welfare of Texas railroads. Their dependency upon each other is absolute.

In 1929 Texas railroads gave employment to 82,956 employes, to whom they paid annually \$126,674,543 in salaries and wages. In 1930 this number decreased to 70,739 while the payroll declined to \$109,892,226. In 1931 the number of employes fell to 57,098 and the payroll to \$89,505,918.

This represents a decrease of more than \$37,000,000 in purchasing power in Texas communities. There has been a corresponding decrease in purchase of materials and supplies by Texas railroads. The ability to have maintained railroad payrolls and purchases would have been a very important factor in overcoming the present trying economic condition.

The decline in railroad payrolls and purchases is due only in part to economic conditions. The revenues of the railroads have been affected not only by business conditions but to a very large extent by loss of traffic to trucks and buses using the public highways in competition with the railroads.

● The time has come when the people of Texas must decide whether the traffic of this state can best be carried by the railroads, using facilities which they built and maintain at their own expense, or by trucks and buses using the highways built and maintained at the taxpayers' expense.

## THE TEXAS RAILROADS

# FORD TRUCK WEEK

## Get the facts about new transportation economy

This is an opportunity to see how the transportation needs of a new business era have been met with new economy, performance, and reliability in the new Ford trucks. Your Ford dealer is ready to give you the complete story.

☆ ☆ ☆

Body types to fit every hauling need. 50-horsepower 4-cylinder engine. New freely shackled semi-elliptic rear springs distribute load stresses. Wide, deep, strong frame gives substantial support for bodies. ¾ floating type rear axle for heavy service. 4-speed transmission. Tubular steel coupling shaft with heavy duty universals at each end. New bi-partible coupling and removable main cross member permit easy servicing of clutch, transmission, and coupling shaft. New comfort and safety for the driver. These features and many others will convince you that the New Ford Trucks can save you money and give you added performance.

SLATON MOTOR COMPANY INC.

FORD TRUCK WEEK JUNE 18 to 25 INCLUSIVE

**Cotton May Replace Imported Jute Twine In U. S. Post Offices**

AUSTIN, June 16—Use of cotton twine instead of imported jute twine by the United States Post Office Department will be made possible if the Fulmer amendment to the pending Treasury-Post Office appropriation bill in Congress is retained.

The Governor's committee, while in Washington, urged the Post Office to favor cotton in the purchase of 1,600,000 pounds of twine for the six months period beginning July 1.

"The committee pointed out that cotton is a part of the United States and the producers of cotton pay taxes in support of the government and are the ones who would be expected to defend the country against the invasion of a foe," Commissioner J. E. McDonald, a member of the committee, said. "The Post Office Department is very hopeful of passage of the Fulmer amendment, which would make mandatory the purchase of supplies produced and manufactured in the United States, unless the domestic article is unreasonably higher than the imported."

"Texas congressmen have been very active in sponsoring this new use of cotton and in urging the adoption of the amendment and subsequent use of cotton twine by the Post Office Department."

Bids for the twine, already in the hands of the Post Office Department, show that the lowest cotton twine bid is \$1.61 a million yards higher than the lowest jute bid, but as jute comes of Massachusetts and the cotton twine out of Brooklyn, the saving in freight would greatly reduce the difference in price.

The present federal statute provides that preference be given to domestic products if price and quality are equal but the Fulmer amendment would permit the purchase of domestic products at prices higher than that of imported products "if such excess of cost be not unreasonable."

**Culinary Jingles**  
by Virginia Gibson..

"Life's just what we make it,"  
"I once quoted to my cook;  
"There's good, if you but take it,  
And you haven't far to look."

Cook replied, "Those words are just,  
"And likewise very true;  
"Life is like our pie crust,  
For that's what we make it, too."

"Good pie crust is like a smile,  
"Hinting the good within;  
"Poor pie crust is full of guile,  
"—A culinary sin."

COOK'S philosophy was rather quaint, but it was sound too. Pie crust, no matter how good your recipe may be, is exactly "what you make it." Many home-makers attribute their failures to bad luck rather than carelessness or faulty materials. However, given good materials, a dependable recipe and proper utensils, we should be able to make excellent pie crust, or other pastry, by simply following

directions. Good pie crust should be a delicate golden brown in color, have a mild flavor, be short, without being too short; and tender and flaky without being too flaky.

One may achieve uniform success in making pies, or other home baked products, by using self-rising flour. Made from finest, southern grown soft wheat and scientifically pre-leavened at the mill, it is a flour that is at once highly dependable, exceptionally palatable, nutritious and economical. Since it requires no salt or leavening agents, it is the most economical flour one may use, and is a time-saver, too, since there is less measuring and mixing to be done.

**Apple Cheese Pie**

**Filling**  
4 cups sliced apples 1 cup sugar

Pare and slice the apples and steam or cook them without the addition of water until they are tender; then add the sugar. Remove from the fire and let cool before putting into the pastry. For best results, use under-ripe fruit.

**Pastry**

2 1/2 cups self-rising 1/4 cup grated sharp cheese  
flour 1/2 cup milk  
1/2 cup fat Cold water

Sift and measure the flour; add the fat and rub it into the flour with the tips of the fingers. When the mixture is thoroughly blended, remove 1 cupful, then add just enough cold water to the remaining mixture to make a stiff dough. Do not handle more than necessary. Roll the dough into a thin sheet, and fit it to the pie pan. Then add the grated cheese to the reserved 1 cup of fat and flour; add enough cold water to make a stiff dough, and handle as little as possible. Roll 1/4 inch thick, and cut into strips 1/2 inch wide. Pour the apples into the pastry-lined pan; wet the pastry along the rim of the pan, and put the strips of cheese pastry across the top in a criss-cross fashion. Seal the edges of the strips to the pan by pinching between the thumb and forefinger. The outer rim should stand up 1/2 inch. Bake in a hot oven (425° F.) about 15 minutes.

**Ginger Tarts**

1/2 cup fat 2 tablespoons butter  
2 cups self-rising 1/2 cup milk  
flour (scalded with the  
Cold water to ginger)  
make a stiff 1/4 cup finely-cut  
dough crystallized  
4 or 5 tart apples ginger or 1/2 tea-  
1 cup sugar spoon ground  
2 egg yolks (re- ginger  
serve whites for meringue)

Pare, core, slice and steam the apples until they are tender; force them through a sieve; add the sugar, beaten egg yolks, butter, milk and ginger. Pour this mixture into individual baked pastry shells; cover with meringue, and brown in a slow oven (300° F.) about 15 minutes.

Mrs. M. C. Overton, Jr., is visiting in Dallas.

Mrs. S. S. House and Mrs. C. D. Hartman, of Wichita Falls, is here visiting Mr. and Mrs. O. D. McClintock. They are the mother and sister of Mrs. McClintock.

Misses Mary and Hattie Lee Collins, of Lubbock, spent last week with their sister, Mrs. Leo Baggett.

Mr. T. A. Turner and children are

visiting relatives in Clovis, New Mexico.

Mr. and Mrs. W. B. Montague are in Austin, visiting their daughter Virginia. Mr. Montague is representing the Santa Fe in a legislative meeting.

Mr. A. L. Elkins, father of G. W. Elkins, is leaving for a visit to Illinois to see his sister.

E. L. Hick is in Austin this week.

**Pioneer Texas Cowboys Reunion July 4, 5 And 6**

STANFORD, June 16—Pioneer Texas cowboys, who "won and ruled an empire from the saddle" will hold their annual round-up in Stamford in connection with the Texas Cowboy Reunion July 4, 5, and 6. The oldtimers have their own organization known as the Texas Pioneer Cowboy Reunion Association.

The pioneers will hold their convention and elect officers on the morning of July 4. However, they will be guests of the Texas Cowboy Reunion throughout the three days of the gathering. Membership badges of the pioneer association will admit the veteran cowhands to all rodeo performances, to the chuck wagon dinner each day and the oldtime square dance each night.

Men who were actively employed on the range or trail 35 years ago are entitled to membership. Widows of men who would be entitled to membership also are eligible. Col. R. L. Penick of Stamford, president of the pioneer's association, is mailing out invitations to some 600 members and prospective members.

The assembling of the pioneer cowboys and cattlemen to renew acquaintances swap stories and revive memories of the old West, is one of the outstanding features of the Cowboy Reunion each year.

As a part of the rodeo program, a contest in calf-roping will be held for cowboys over 55 years of age, with a handsome \$150 saddle as first prize. The oldtimers also will be represented in the selection of the two typical cowboys, one of the selections to be over 55 years of age and the other under 55.

Besides President Penick, the officers of the Pioneer Cowboy Reunion Association are Clyde Burnett, Benjamin, chairman of the board; Chas. E. Coombes, Stamford, secretary; Starks Daughterty, treasurer; Frank Rhoades, Throckmorton range boss, and Walter Cousins, Dallas, historian.

**LOCAL NEWS**

**"YOUNG PEOPLES DAY"**

"Young Peoples Day" was observed Sunday June 12, at the Presbyterian Church. The program which was led by John Rayburn was participated in by all departments from beginners to Seniors. The reading and choruses by the little folks were very pleasing, but the climax of the hours program was a pageant by the junior department "Children under the Flag." This was a demonstration of the work of the Presbyterian Sunday School missionary for the neglected children of our country. An offering of about \$10.00 was made for this special cause.

**LUBBOCK C. E. VISITS SLATON**

The Christian Endeavor Society of the First Christian Church of Slaton was the proud host to the Lubbock society last Sunday. About 50 young people from the Hub City constituted the group.

The regular program was given by the local leader, Ardal Wicker after which announcement was made by the Lubbock president, of the meeting of a Tri-County Convention, to be held in Lubbock next Tuesday.

Announcement and discussion was given concerning the young people's conference at Ceta Canyon, which is in progress this week, and the State C. E. Convention at Dallas, June 26-29. It was indicated that delegates from both societies would go.

The local society has progressed well under the guidance of Mrs. Howard Perky, their sponsor, and Merle Garragues, president.

The young people had planned a picnic for this week, but owing to the M. E. meeting which is in progress, it was changed until next week, and will be joined by the Lubbock C. E. for the affair at the County Park. All members and their friends are urged to be present next Sunday at 6:45 to discuss final arrangements.

**CHRISTIAN SCIENCE CHURCHES**

The subject of the lesson-sermon was "God the Preserver of Man," in all Churches of Christ, Scientist, Sunday, June 12.

Psalms 36:6 furnished the golden text: "Thy righteousness is like the great mountains; thy judgments are a great deep; O Lord, thou preservest man and beast."

The services embraced the following passage from the Bible (Psalms 91:1): "He that dwelleth in the secret

place of the Most High shall abide under the shadow of the Almighty."  
"The history of Christianity furnishes sublime proofs of the supporting influence and protecting power betowed on man by his heavenly Father, omnipotent Mind, who gives man faith and understanding whereby to defend himself, not only from temptation, but from bodily suffering" (P. 387).

**ASPIRIN**

beware of imitations

Look for the name Bayer and the word genuine on the package as pictured below when you buy Aspirin. Then you will know that you are getting the genuine Bayer product thousands of physicians prescribe.

Bayer Aspirin is SAFE, as millions of users have proved. It does not depress the heart, and no harmful after-effects follow its use.

Bayer Aspirin is the universal antidote for pains of all kinds.

- Headaches
- Rheumatism
- Neuritis
- Neuralgia
- Lumbago
- Toothache

Genuine Bayer Aspirin is sold at all druggists in boxes of 12 and in bottles of 24 and 100 tablets.

Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylic acid.

**5 reasons for having a telephone**

1 "They're opening the plant again? ... I'll be there!"

2 "Why yes, I found your keys on the dresser."

3 "The train is 40 minutes late ... I'll wait for them."

4 "Please change my appointment to Friday."

5 "Please hurry, doctor. We're worried about him."

THE situations above suggest the countless ways a telephone saves time and worry . . . ways in which it makes life easier and more enjoyable. If you haven't a telephone, we believe you're missing a lot of satisfaction, to say the least. And emergencies do come. At such times a single telephone call may be priceless.

For only a few cents a day, you can have a telephone of your own. No more trips to the neighbors, or the corner store. Call the telephone business office.

## W. P. Florence Spoke On Taxation Crisis

### TAXATION CRISIS

On June-15th, W. P. Florence, candidate for county Commissioner addressed a fair sized audience at the City Hall on our Tax burdens and how to get quick relief. The Gentry Boys made some good music.

The substance of the address was to the effect that we are under smothering loads of debt incurred in time of high prices and now cannot be paid. That though the people have

### NOTICE

I am moving my residence from Slaton to Pampa on July 1st. Everyone owing me please come in before I leave and pay their accounts or make satisfactory arrangements for same.

Thanks  
M. C. Overton Jr.

been forced to the very limit of expense retrenchments and still are unable to meet running expenses, our officials have not retrenched accordingly. They are still taxing us on boom valuations, making us pay unjust taxes to the county and doubly unjust to the state.

He says our officials begin at the wrong end to make out a county budget and assess taxes.

Instead of making out a list of what they think they need and then setting valuations and rates to fit, they should estimate the real value of our property based on what it would bring in cash if it were sold today, or its net profit power and then make out their budget of expenses and rates to fit. By that just and legal method they would have to cut salaries and other expenses at least 50 per cent.

County farm lands cannot now justly be valued over \$6.00 per acre for taxation as it must be valued on profit power basis. That is already set by neighboring counties.

Florence referred to the new county budget law, just now in effect, as the people's best leverage for relief this

year. By it the commissioners must prepare a budget and invite the people to study it and then on the 15th of August come into conference with them and protest against objectionable items and then the commissioners must make the final form of the budget conform to the tax payer's demands as near as possible.

He recommends that the tax payers organize to take advantage of this means of relief.

The speaker showed how by information and agitation he had already influenced a cut of \$42,000 from this year's tax and is fighting for more and hoping the people will graciously elect him to the office where he can serve them better, even though it looks as though the taxes able to be collected will not be enough to pay interest and sinking funds and have any left for salaries.

Mr. and Mrs. Cecil Bryant have returned from San Angelo, Winters and Cisco, where they visited friends and relatives and went fishing. Mr. Bryant reports that they caught 76 fish in Cisco Lake in one afternoon.

## Query Corner

### QUESTIONS

1. How many square miles are there in the District of Columbia?
2. Name the largest state in Venezuela?

# The Triumph of Beverage Perfection

The New *NuGrape*

MADE WITH WELCH'S GRAPE JUICE

From Maine to California millions are enjoying today the supreme achievement of the makers of NuGrape. Truly this is a gala day in the history of beverage making. It marks the final victory of science over the ancient King of all Fruit Juices—King Grape Juice!

After years of expensive research our labors are rewarded. Our laboratory working in conjunction with the Welch Grape Juice Company, has produced a New NuGrape . . . A delicious, carbonated beverage deriving its entire flavor and color from Welch's Grape Juice.

Never before has there been a drink like this introduced to the American public. The New NuGrape has a smooth, fresh piquancy of flavor—a delightful, bracing tartness about

it that only the flavor of grape juice can give.

Try your first bottle today and if you don't think it's better than any artificial grape drink you ever tasted—write us, enclosing crown and we'll gladly refund you the small purchase price. Make sure though you get the genuine. The New NuGrape is now on sale everywhere for 5¢.
