A. Kessel Tells Of Campaign Of Tom J. Abel

The victorious Campaign of Tom J. Abel for Sheriff of Lubbock County described by A. Kessel, in charge of the advertising and the helping to conduct the campaign.

When I first learned that Tom would be in the run-off, I thought that in order to carry his campaign to a success he would have to have some help. The first thing I decided

A. Kessel

to run a quarter page ad in the Slatonite and have a circular printed of same, urging his friends to come to his aid, but before this ad went to press I found out that Tom had several other friends that thought to put him over the top, we would have to have a lift. A meeting was called and the matter was talked over and plans laid, some funds were raised, and I was appointed to conduct the advertising. Going into the matter further, I found, although Tom had done the best he could, and had spent all the time he could in and around Lubbock that lots of people did not know him, and did not know what kind of a man in appearance he was. To overcome this it was necessary to take his picture, get plates made. This was done hurriedly and inside of 3 days we had them and were ready to go to work. The next step was to print some big cards with his picture on them and with the following slogan: "On My Merits and Qualifications as a Peace Officer in Lubbock County I solicit your vote. Look me over, inquire, and then if you decide to vote for me I will highly appreciate it."

These cards were distributed by Tom all over the county, mostly in the business houses. Then we made about 100 road signs, and they were tacked on all cross roads and out buildings, which carried the same message, although in bigger display. Then we printed 20,000 smaller cards and they were distributed all over the county by Mr. Abel, women and girls, and carried the same message as appeared on the other cards, while in the meantime citizens of this community and lots of his friends through the county and commenced to work for him and get him before the public.

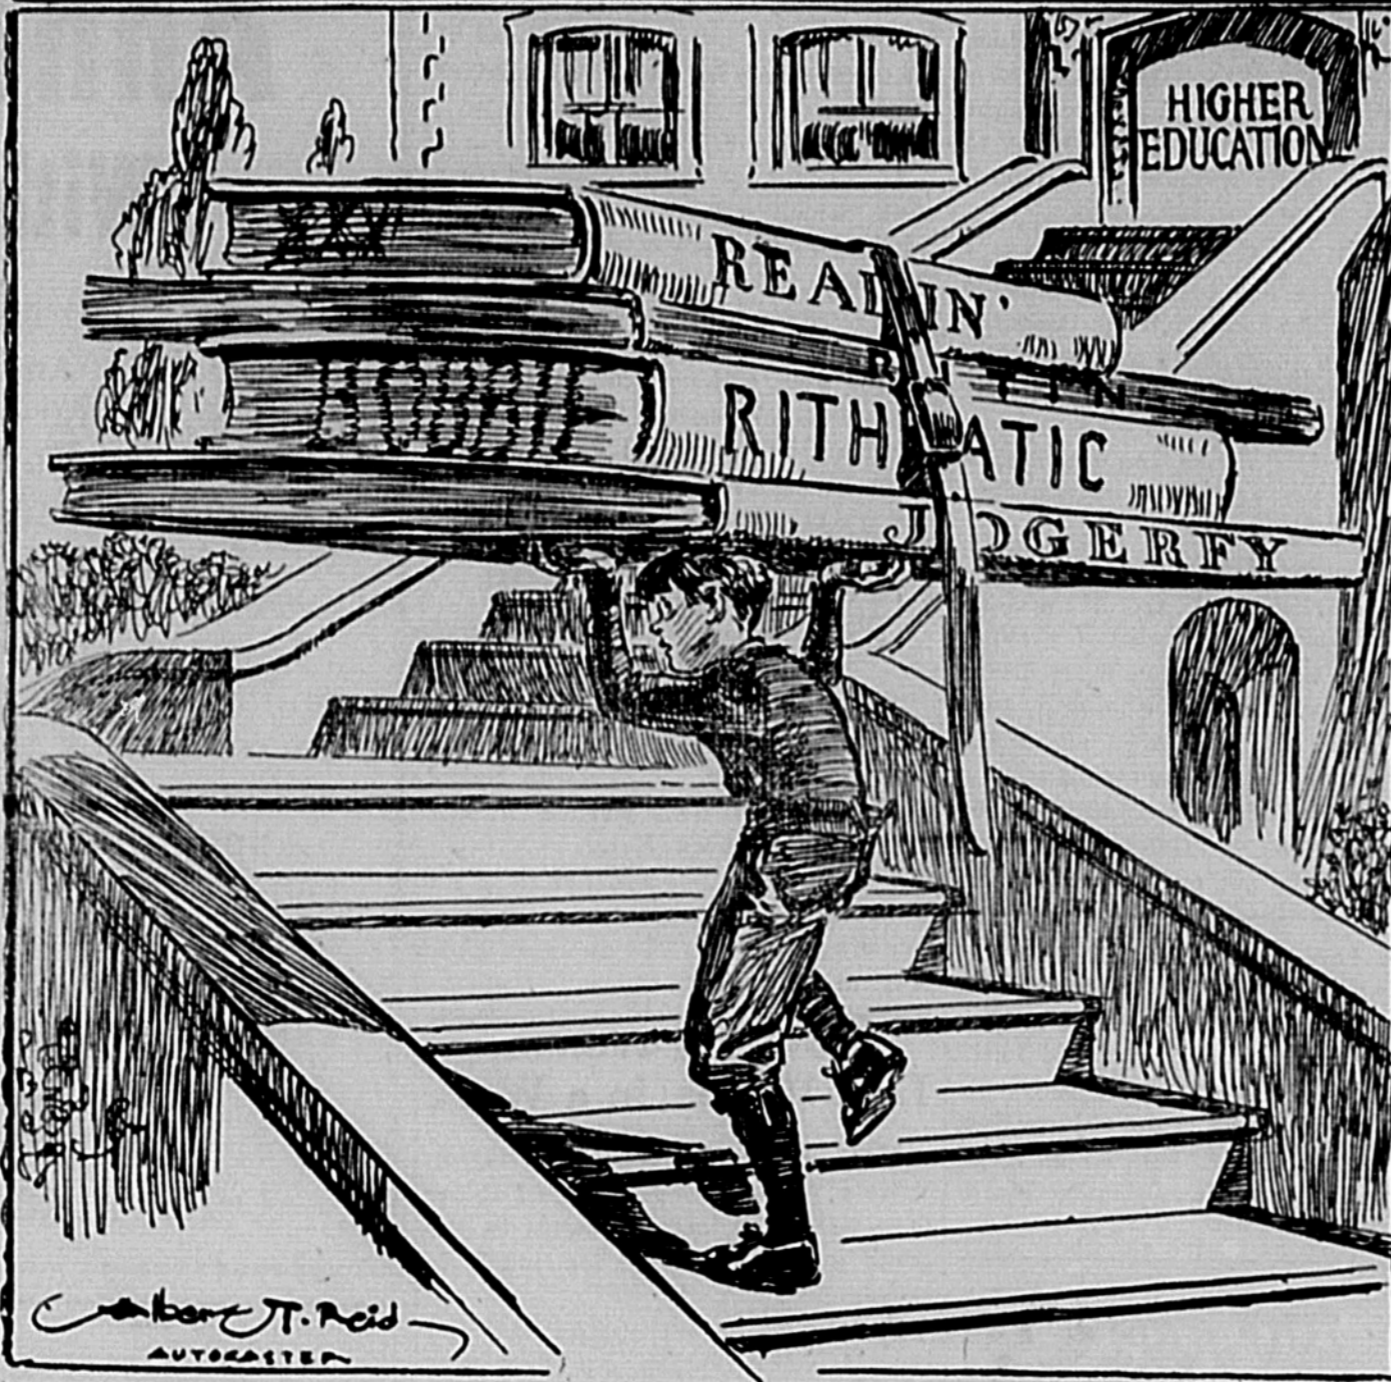

Day by day it looked like he was gaining grounds, however he had lots to overcome and we could not stop. I wound up my advertising with a large circular with a heading, "10 reasons why you should vote for Tom J. Abel for sheriff." 10,000 of these were distributed by the Boy Scouts of Slaton throughout the county. The outcome of the election you all know, he was victoriously elected to the office of the sheriff of Lubbock County.

The following men have helped finance or done work as beneficial: W. B. Hestand, J. S. Edwards, A. Kessel, John D. Smith, H. G. Sanders, R. W. Scott, O. Z. Ball, J. H. Brewer, Slaton Motor Co., Dr. W. E. Payne, N. R. Carter, W. S. Tomlinson, Oscar Killian, L. B. Wooten, E. A. Edmondson, J. A. Elliott, S. P. Mosley, G. J. Catching, Hood and Strasser, Ed Hicks, R. C. Darwin, John Mabin, Alcorn Transfer, Dozier Transfer, Slaton Slatonite, and several members of the Boy Scouts of troops 31 and 32.

Tom and I highly appreciate the help and the willingly working spirit

First Hundred Steps the Hardest

By Albert T. Reid

Robert Blakes' "The Last Mile"

The Last Mile is the story of Robert Blake, the boy who died in the Texas Electric chair for murder. Many men of the plains area figure in the story. Among them are T. H. Walters, the Tulia Sheriff, John L. McCarty of the Dalhart Texan who encouraged Blake to write the story while he was in prison waiting to be executed, also Dennis Zimmerman, the Tulia Lawyer who brought the murderer to justice, and Gene How of the Amarillo Globe who went to New York to get a settlement on the story rights of THE LAST MILE for Mrs. Blake.

The car with the bloody thumbprint on the wind shield was taken in Slaton by local officers and the gun used by the murderer was found on the highway between Slaton and Lubbock at the Klattenhoff hill. It was the gun and thumb-print that were used as evidence to convict the criminal.

The story is changed up a bit in order to adapt it to the screen but is based upon the original written by Robert Blake himself.

The Last Mile will be shown at the Palace Theatre three days, Wed. Thurs. and Fri., 14, 15, and 16. Only two other towns on the plains received this picture ahead of Slaton, Amarillo and Plainview. The three day showing will give every person a chance to arrange to see this great picture. It may shock you... lash your very soul... but you will admit "Here is the Truth."

JOINT RECITAL GIVEN AT CLUBHOUSE, TUESDAY

Last Tuesday, August 30, Mrs. Lillian Butler and Miss Hazel Mansker entertained the friends and parents of their pupils with a clever little program, which included about fourteen interesting numbers. The recital included voice, music, and expression, and those taking part were the summer pupils of Mrs. Butler and Miss Mansker.

Refreshments of punch and cookies were served.

Louie Rice was in Lubbock, Tuesday, on business.

they have manifested.

NOTICE I have written this to show that we could do lots of things in Slaton if we would unite and work together. We are now trying to organize a Bank which we all know we badly need, but to do this it will be necessary for all that are able to put their shoulders to the wheel, so lets go.

Board Votes To Go Back To Class B Rank

After a year of class A football competition, the Slaton gridsters this year will return to class B ranks, the school board voted Monday night.

Lack of a football field, expense, and stiff competition were understood to be reasons for the change.

Slaton's leaving the A class will not affect the total number of teams in district 1, as compared to last year. Berger entered the A bracket this year, and other teams in the division are Lubbock, Pampa, Plainview and Amarillo.

No definite schedule has been worked out for the Tigers but games have been tentatively matched with Brownfield, Tahoka and Lamesa. Post will probably be on the schedule also. The winner of this quarter of the class B district meets the winner of the northeastern quarter of the district by October 27 and the finals come sometime near Thanksgiving.

South Plains Fair Officials Make Great Preparation

LUBBOCK, Sept. 9—With just two short weeks left before the opening of the Panhandle South Plains Fair Sept. 26, directors and other officials of the annual South Plains show window are busy early and late completing last minute arrangements.

Three good will trips will be made over the South Plains by automobile before the fair, including stops to practically every town on the South Plains. The 40 piece Lubbock high school Westerner Band will accompany the fair boosters and approximately 150 people are expected on each trip.

"The South Plains exposition is one of the two regional fairs being held this year," W. G. McMillan, president, said in a recent statement. "Crop conditions are good, prices are coming back. This exposition gives us an opportunity to show the world that the Plains is coming back strong so we urge the people of the Plains to bring in their exhibits and come see the exposition and have 'heads up' from this day hence."

The John T. Wortham Show with 350 people, 25 railroad cars, 40 stellar attractions, 12 riding devices and with a world wide reputation, will be here for the fair. Free football games will be played, fireworks and free acts will likewise be offered.

Cletus Nesbitt Opens Grocery

Friends will be glad to learn that Cletus Nesbitt, son of J. W. Nesbitt, has opened a cash grocery store in the building formerly occupied by the Oderless Dry Cleaners, on Lynn St. across from the Farmers Produce.

Cletus graduated from highschool here in 1925, and has been in the grocery business ever since. He was with Swint's grocery for several years, from which he went to manage the Slaton Model Food Store, which gives him seven years experience in that business. His store will be known as the Nesbitt Food Store.

Democratic Eyes Turn To Lubbock To Untangle Mess

LUBBOCK, Sept. 9—One of the most important state Democratic Conventions ever held in Texas will convene in Lubbock Sept. 13.

The State Democratic Executive Committee meets here Sept. 12, and several hundred politicians are expected to be here on that date.

Monday evening, Sept. 12, at the Uptown Dance Palace where the convention will be held, H. S. Platter, operator of the Dance Palace will have a Democratic Ball at which three governors, or more, will likely attend, Governor Ross Shaw Sterling, present governor of Texas, ex-governor Miriam "Ma" Ferguson, ex-governor James E. Ferguson, and perhaps ex-governor Dan Moody, ex-governor W. P. Hobby and others.

South Plains people will have a better opportunity to meet the prominent visitors to this section Monday evening than during either of the busy convention days.

Predictions are that the huge Dance Palace will be taxed to capacity Tuesday when the delegates and visitors crowd in for the convention, however, the seating committee will erect movable circus bleachers at the back of the building in an effort to accommodate the visitors who will come here to attend the convention.

This is the first State Democratic Convention ever held on the South Plains of Texas, and will likely be the last one to be held within three hundred miles of the South Plains in the next several years, officials of the Lubbock Chamber of Commerce, figure.

Misses dean and Alma Ellis left this week for Battle Creek, Michigan, where Dean will work and Alma will go to school.

Community Building

Hello, Folks!

It is a pleasure again to address you not at so much for line to draw votes but for the purpose of service. It will be two months before I am elected to the office for which I have been nominated and then another two months before I become your commissioner. But I have longed for the opportunity of serving you in certain plans of community building that the office of County Commissioner will afford and it will not be necessary to wait to be installed in the office to begin this service. In fact, with proper cooperation, this work can be set in motion and permanently arranged for before hand allowing my fuller attention to the County's business afterwards.

These plans of community building have reference mainly to providing a "wider and more valuable use of the County Park" and of promoting an annual inter-community fair to be held mostly there-in.

All the powers I would have in these matters would be to lead by suggestion and encouragement and to grant privileges after I am in office. But after long study of community building I feel sure that no more valuable service could be rendered to our communities than to get them to organize and carry on the work I am suggesting.

There could be many pages written on the educational and community-building value of fairs. They, in some form, have been important factors in developing all the highest civilizations of history. We need world fairs, state fairs, county fairs, and community fairs. But what we especially need now in this quarter of Lubbock County is an inter-community fair jointly by the communities. It is perhaps too late to put over a fair this fall, but with proper organization and cooperation of the communities there is a grand opportunity for putting over an educational, home economic, agricultural, and industrial fair at the time of the South Plains Poultry Show here next January 18th, 19th, and 20th.

I suggest the expense could be provided for mostly by home talent carnivals from each community, athletic games, and some good concessions.

Community building without organization is impossible and the best community building organizations are non partisan and non sectarian; Therefore, of the organizations existing in these communities, I suggest that the Parent-Teachers Associations, the Home Economic clubs, or other farmer clubs, would be best with which to work out these community problems. Where there are none of these organizations they should organize, at least a P. T. A. for each school. Then from each of these Associations I would like to have elected a representative to serve on a County-Park management board to advise with me for park management. The planning should start soon. And this board could also discuss plans and start organizing for a fair.

This job of putting over a great inter-community fair should not be hard since we have so many, servants at our command that are trained and ready to help. Viz; the Chamber of Commerce, The Agricultural Agent, The Home Demonstration Agent, the school teachers, District P.T.A. workers, Boy Scouts, 4-H clubs service clubs, newspapers, etc.

And with this purpose in mind we can be saving up our best produce for show and make an exhibition of credit and much value. I would like to know what everybody thinks about putting over this inter-community fair.

W. P. Florence

Dr. Roy G. Loveless Appointed Examiner Of Veterans Bureau

Dr. Roy G. Loveless has recently received from the Central Office of the Veterans Bureau at Washington, D. C. confirmation of his appointment whereby he was designated examiner of the Veterans Bureau for the Slaton District.

Mr. and Mrs. J. D. Saunders are visiting their son, J. D. Saunders, Jr., at Wills Point.

City Schools Open With 762 Pupils

The City School opened Wednesday with enrollment a little lighter than usual due to the bad weather. East Ward had enrollment of 133, West Ward 166; Junior High 206, High School 257, making a total of 762 students.

Books were issued in grades, and all schedules run through. The work in each class was discussed, plans were gone over, and a "get acquainted" spirit was carried out. All schools were reported to have started off better than they ever have. Students and teachers all seemed to take hold exactly where they quit off last May. Superintendent A. R. Ellis stated that all school opened and started better than they were last year after running one month. A great school year is anticipated, even better than last year, which was one of the best schools we have had in several years. Students and teachers are all feeling fine, and with some keen football competition in sight a great deal of pep and enthusiasm is to be seen on all sides.

Chapel was held on first day in order to make a few announcements and to here the following speakers: Al Payne, secretary Chamber of Commerce, Brother Rayburn, Pastor Presbyterian Church Brother Albert Smith, Church of Christ Minister, Mrs. Odom, who represented High School Parent-Teachers Association, and Mrs. Lee Green from The Retail Merchants' Association.

All talks were enjoyed and an invitation was extended to all speakers to pay us another visit.

Clubs to meet and organize Thursday at the fifth period.

Farmers And Home Makers Invited To Lubbock Saturday

LUBBOCK, Sept. 8—A Farm and home meeting and basket picnic, sponsored by the Lubbock County Agricultural Board, will be held at the Lubbock County Park, beginning at 10:00 A. M. Saturday, Sept. 10, to which all South Plains farmers, farm women, agricultural workers and others interested in agriculture are invited to come and bring their lunch, Douglas Pounds, farmer-chairman, has announced. Two thousand people are expected.

The Lubbock County Farm Bureau Federation and the Texas Cotton Cooperative Association are cooperating with the board in holding the picnic meeting.

Dr. Bradford Knapp, president of the Texas Technological College, an ardent advocate of extension work and cooperation in agriculture, and R. J. Murray, general manager of the Texas Cotton Cooperative Association, are the principal speakers.

The farm and home phase of extension work will be discussed.

The Lubbock Chamber of Commerce will serve ice cream as refreshments following the lunch.

The County Agricultural Board, a county-wide organization with representatives from every community in the county, has for its object the promotion of agriculture by blending the interests and efforts of all agricultural activities in the county for a more wholesome effect.

Mr. Kessel Returns From Market

Mr. and Mrs. Abe Kessel returned last Friday from Dallas, where they went to Market. They report a very nice and enjoyable trip, and say that they now have new millinery, ready-to-wear, and piece goods coming in every day and would like to ask everyone to come in and see what they have.

MODEL SHOE SHOP CHANGED LOCATION

The Model Shoe Shop located on north 9th street, has moved three doors south of its former location.

Mm. Hutfler, the present owner purchased the shop from Oscar Kost about two years ago.

The shop's present location is in the building formerly occupied by the Palace of Eats.

"THE MUD HOLE"

People who go to the High School during rainy bad weather or have children in High School know something of the mud hole in front of the building. This condition is a disgrace to a town as Slaton Students can not get from the pavement to the School without getting their feet wet, and then have to sit all day with wet feet? Why can't this be graded up and graveled or at least fixed so that a person can get to our High School with out having to go through a country mud hole.

PRICES ARE GOING UP

The upward movement in commodity prices has begun. That is what all the economic authorities have been saying must happen before prosperity can come back. Cotton is up, wool is up, hogs are up, rayon is up, silk went up so high and so rapidly on the Japanese Exchange the other day that the authorities closed the exchange to prevent a riot.

With raw materials rising it follows that the prices of goods manufactured from them must speedily rise, and that brings the matter right home to everybody in this town.

Now is the time to buy.

Commodity prices are not going any lower. They have touched bottom. People who have been waiting to make their purchases until they were sure that the bottom had been reached had better dig into their purses now and buy while the merchants' shelves are still stocked with low priced goods. The local merchants have just received shipments of goods purchased at the lowest prices paid in years, but they are not going to remain on the shelves very long, and the next lots which our local dealers buy are going to cost them more and will have to sell for more.

We have a distinct feeling that we have turned the corner on hard times. We find that all over the country almost everybody shares the same feeling. We all want prosperity back, and we want it back as quickly as we can get it. The quickest way to bring it back is for everybody who has an unfulfilled want and money whatever with which to supply that want, to spend that money now. Dollars are going to get cheaper, as goods go higher in price. It has been many, many years since the dollar would buy as much in clothing or fabrics or groceries or hardware, in shoes or household goods or furniture, as it will today. It will be many, many years, we hope, before it will again be possible to buy such bargains as are available all around us today.

The people who have been wise enough to hang on to their money during the depression are setting the example for all the rest of us. They are buying in the stock market, they are buying in the grain market, they are buying in the wool market, they are buying in the cotton market, they are buying in the silk market. That means that "big money" has got over being afraid, and we think it is time for lesser people with little money to overcome their timidity and begin to spend.

By buying now you speed the return of prosperity.

ERRORS—AND COLDS

A Doctor was remarking the other day about newspapers never having conquered typographical errors in spite of marvelous improvements in news gathering. He was right, but to carry the subject further, he might have admitted that the medical profession has not conquered the common cold either. There you have an air of evils which have long existed.

but Too Costly

Curing typographical error-itis, however, is possible but too costly to be a "commercial proposition." That is, to prevent every typographical error would be too expensive even if it were possible. There are about thirty chances in every line to make an error. There are many thousands of chances in an entire

paper, marking an error on the proof does not guarantee that it will be perfect in the paper. Errors are made in setting up and inserting correction lines. Recently we counted 17 errors on the front page of a Dallas daily. There were fewer errors, of course, in the home edition.

Never Perfect

We are told that the Harvard catalogue is read seven times, by as many proof readers, before publication. Yet a perfect catalogue has never been issued. We knew of a professor who asked permission to read proof of the college newspaper so that "one perfect paper" could be issued. It was full of errors he overlooked. Of course, every person can find errors when it is too late. Newspapers are printed with matter approximating the length of a novel. Speed is more important than perfection. The Saturday Evening POST is proofread five times, but it is a weekly and stories are set in two weeks, or even months in advance of publication. And the common cold defies all the marvelous skill of the world's scientists.—Olin Hinkle in Pampa Daily News.

HOLD EVERYTHING

The status of election returns to date is that Texas concedes nothing and expects the worst. The State now faces a grueling test of its ability to preserve fair play in the good old Anglo-Saxon style. There has been skulduggery, according to both sides, and maybe both sides are right about that. But the business in hand now is to see the lawful votes counted, no matter where they go or what they bring us to.

The News would regard the inauguration of Mrs. Ferguson as a great misfortune to the State, both in its fiscal affairs and its public policy, as well as a grievous handicap to the economic recovery of business and the general development of its resources, whether natural, moral or mental. But if Mrs. Ferguson has the most votes, Mrs. Ferguson it must be. The State survived irresponsible government once before, though then in more prosperous times than these, and surely can survive again.

The News has no direct knowledge of gross illegalities in the election, but the indications are so provocative of suspicion in some counties that only investigation and recount can satisfy the milder partisans concerned. As for the violent partisans, nothing will satisfy them and our chief concern

Chamber of Commerce News

By A. J. PAYNE, Secretary

On account of the State Democratic Convention convening in Lubbock Tuesday Sept. 13th. President S. A. Peavy has asked that the Regular meeting of the Directors of the Chamber of Commerce and B. C. D. meet Monday night the 12th. instead of Tuesday night the 13th. As no doubt some of the Directors may want to attend a night session at Lubbock Tuesday night.

C of C

We are in receipt of an invitation from the Tri-State fair at Amarillo which is to be Sept. 19th. to 24th. inclusive to send our Band there for broadcasting, as well as to have some of our Artists attend and broadcast. This will be referred to the proper committee for action.

C of C

Our Chairman of the Beautification Committee has received a letter from the Office of the West Texas Chamber of Commerce giving suggestions as to how to go about the contest that Slaton is entering for the five year period. This contest will be very beneficial to Slaton in helping the City to be put on notice as being

should be to keep them as quiet as may be through the overwhelming weight of common sense and moderation. In any case, let's have no Latin American election out of this. To use classic though rude objurgation, if Texas is going to hell, let us go to hell according to law.—Dallas Morning News.

in a West Texas Contest for beautification, and should have a good effect on the looks of any town or city that may enter the contest. We hope and trust that our Beautification Committee will get busy and take heed of the suggestions as stated in the letter to them.

C of C

Answering our Resolution of last week, which was published in these columns and copies sent to our Senators and Congressmen, have a letter from Congressman Marvin Jones, saying he supported this measure, and will be glad to keep our interests in mind. Senator Morris Sheppard said he would be very glad to do everything in his power for a tax on all foreign oils.

Flower Show Will Be Held Saturday

The Lubbock Garden Club will hold its second annual flower show Saturday, September 10th. in the Dyke-Cullum building, on Avenue K, opposite the Lubbock Hotel.

Flowers will be contributed from Lubbock gardens and those in surrounding territory. The public is cordially invited to attend.

How One Woman Lost 10 Lbs. in a Week

Mrs. Betty Luedeke of Dayton writes: "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, SAFELY and HARMLESSLY—take one half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast go light on fatty meats, potatoes, butter, cream and pastries—it is the safe way to lose unsightly fat and one bottle that lasts 4 weeks costs but a trifle. Get it at any drugstore in America. If this first bottle fails to convince you this is the safest way to lose fat—money back.

But be sure and get Kruschen Salts—imitations are numerous and you must safeguard your health.

NOTICE!

I will meet all parents interested in having their children take piano lessons, at the High School Auditorium, Tuesday afternoon, from 2 till 4 P. M.

MISS REBA HULING

YOUTHFUL STRENGTH

Dr. Magnus Hirschfeld, the world-known authority on Sexology and Director of the Institute for Sexual Science of Berlin, Germany, created

TITUS-PEARLS

to help the millions of men and women who have lost or are losing their vital physical power. In his 35 years of practice and research, however, he realized that the weakening of man's glands was also responsible for other troubles: High blood pressure, hardening of the arteries, physical exhaustion after work or exercise, dizziness, depression neurasthenia, etc.

All these troubles can be removed with Titus-Pearls. Numerous cases were treated by Dr. Hirschfeld in his Berlin Institute.

L. S. (State Official; 60 years old, married) complained of physical exhaustion, dizziness and tremors. Was easily tired. Mental powers dull and slow moving. Physical powers had been incomplete for previous 5 years. Blood pressure too high. Given 2 Titus-Pearls 3 times a day. 2 weeks later the medical report on this man was:—General health better, more vigor; dizziness much less and returning of power. Treatment continued and 2 weeks later L. S. reported again, this time to say that all weariness and exhaustion had gone; he felt fresh and buoyant. His blood pressure had fallen, and at 60 years of age he had regained the physical power and virility that he had known in the prime of his life.

Start regaining your youthfulness now! To-day! In 2 weeks time you will be aware of the new, virile force within you. Send \$5.00 (cash registered or money-order) for 2 weeks treatment.

TO THE LADY OF THE HOUSE

What are your working hours
Have you some time to yourself?

The average woman spends 51.6 hours each week on work connected with the home. More time than the 44-hour week which is generally established in business! And many women average 10 and 12 hours each day!

Many industrial workers remember the time when factory hours were from 6 in the morning until 6 at night, six days a week, with one-half hour for lunch. By taking advantage of labor and time-saving inventions, industry has reduced its working time.

So can the homemaker. The electric washer, the electric iron, the electric range, the electric dishwasher, the vacuum cleaner, and all the other electrical appliances for use in the home, not only make your work easier and save your health, but cut down the time required to do the same tasks in the "old" way.

"Can I afford them?" you probably ask. The real question is "How can you afford to do without them?"

The modern home is the electrified home, where homemaking does not take up the major part of a woman's time, but leaves her enough time and energy to do some of the things she merely wished she could do before

William P. McKenzie Takes Up New Executive Duties

BOSTON, Sept. 8—Succeeding to the office from which Edward A. Merritt, C.S.B., recently resigned after fifteen years' service, William P. McKenzie, C.S.B., of Cambridge, Massachusetts, took up his duties today as one of the five Directors of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., an organization whose influence now extends throughout the civilized world by virtue of its extensive publications and its maintenance of over 2600 branch churches and societies.
 Mr. McKenzie, the son of a Scotch clergyman, was educated at Upper Canada College, Toronto University, Knox College, Toronto, and Auburn Theological Seminary. After a brief pastorage, he taught English literature and rhetoric at Rochester (N.Y.) University, during which time he became interested in Christian Science. Since then he has held many important positions with the Christian Science organization.
 In 1894 Mr. McKenzie became a "First Member" of The Mother Church, The First Christian Church of Christ, Scientist, in Boston.
 Mr. McKenzie is a brother of the well-known sculptor, Robert Tait McKenzie, and he is the author of a number of familiar hymns as well as several volumes of poetry.

LOCAL NEWS

EASTERN STAR HAVE PROGRAM
 The Slaton chapter --o. 585 order of Eastern Star will have a program in honor of Robert Morris' birthday Tuesday, September 13th at 8:30 at the Eastern Star Hall. All Eastern Stars are requested to be present.

FARMERS TO RECEIVE CASH FOR COTTON
 The Ginners and Cotton buyers will pay cash for all cotton bought here in Slaton.
 Farmers are requested to bring their cotton to Slaton that they may be able to receive cash for it. Highest market prices will be paid for it.

The Legion Auxiliary will meet in regular business meeting Friday evening, September 9, at 8 o'clock, at the Club House.

The executive committee will hold a short session just before the regular meeting.
 All members of this committee is urged to be present.

We will have election of officers at the regular business meeting. Reports of our State Convention will be given by Mrs. J. S. Bates and Mrs. Lee Green, who attended this meeting at Corpus Christi.

We feel sure they have many things to tell us that will inspire us to go forward with better work.

Our President, Mrs. J. S. Bates, attended a meeting at Amarillo recently given in honor of our State President, Mrs. Van Stewart, of Perryton.

Mrs. E. H. Roach, of Taylor, was elected at the State Convention as our new President.

Each unit is urged to revise their Constitution and By-laws in accordance with the new by laws adopted at the State Convention.

Let us urge each member to attend the meeting Friday evening.
 Many things of importance will come before us at this time.

 Subject: Laying up Treasures.
 Albert Smith, Minister

Mr. Q. B. Murphee and family and Mrs. Murphee's sister, Opal Mosley, have just returned from a trip visiting friends and relatives in Ft. Worth, Dallas, Hillsboro, and Hubbard City. They visited Lake-Worth and Forrest Park while in Fort Worth and the Zoo in Dallas, reporting an enjoyable trip.

METHODIST CHURCH NOTES
 Sunday School—9:45 A. M.
 Preaching—11 A. M. by the Pastor
 Evening Service—8 P. M. The Laymen of the Church will be in charge.
 Special music by the Men's Choir.
 Prayer meeting Wednesday evening at 8. We will begin at this time a study of the Methodist Discipline, the special topic for this evening will be, "Infant Baptism."

At the close of the prayer meeting there will be a special meeting of the Choir for organization—all who are willing to help with the Church music are asked to take notice of this announcement.

There is a welcome for you at the Methodist Church.
 C. E. Fike

Mrs. H. T. Bartlett of Lorenzo, spent last week with her mother, Mrs. Fred Melton.

Fall Fashions—1932 vs. Gay 90's

FASHION news reports from style centers pertaining to the new autumn mode say that the cigarette silhouette is to rule in new fall frocks for the modern miss, with the full sleeve created to accentuate the cigarette silhouette.
 As this study in styles indicates, a full sleeve is just as full of shirred textile under one name as another. The Victorian vamp of the gay 90's was proud of her leg of mutton sleeves and this autumn Miss America of 1932 will simply doze on the dolman sleeve. The dolman sleeve is in fact a healthy juvenile balloon-sleeve well on its way to full-bloomed maturity.
 Of course, forty years ago, when the leg o' mutton sleeve was all the rage, cigarettes would never have been mentioned in connection with styles. The belles of that era did not smoke since the raw tobacco used in making old fashioned cigarettes did not have the mildness which the toasting process gives to the modern cigarette which Miss America of 1932 prefers. But the descriptive term seems applied quite naturally to the modern straight and youthful silhouette which is inspiring the fall mode.
 The dolman sleeve in its design permits the style creators to narrow the bodice lines by crowding the shirred sleeve-top in toward the center of both front and back, thus giving the effect of an eight-inch wide front and back and creating the straight line essential in the cigarette silhouette.

Query Corner

10. New Hampshire.

CHRISTIAN SCIENCE CHURCHES
 The lesson-sermon subject was "Man" in all Churches of Christ, Scientist, Sunday, September 4.
 "Now, O Lord, thou art our father; we are the clay, and thou art our potter; and we all are the work of thy hand," was the golden text, taken from Isaiah 64:8.
 The service included the following passages from the Bible (Genesis 1:26,27): "And God said, Let us make man in our image, after our likeness;

... So God created man in his own image, in the image of God created he him; male and female created he them."
 These citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, were also included (pp. 295, 294).
 "Mortals are not like immortals, created in God's own image; but infinite Spirit being all, mortal consciousness will at last yield to the scientific fact and disappear, and the real sense of being, perfect and forever intact, will appear. . . Man is neither self-made nor made by metals. God created man."

Through the night comes a call for help

THE alarm bell on the switchboard at Miss Freeman's head tinkled as the hands of the clock reached 4 one morning.
 "Operator? Send Dr. Palmer out right away. We live four miles west, you know."
 Miss Freeman was ringing the doctor when she noticed a reflection against the sky. The doctor didn't answer. What was wrong? Was that a fire in the north of town?
 She stepped to the window. That shed by the Black place was on fire. It was out by the road away from the house. It would burn before the firemen could get there.
 As she tried to ring the doctor again, Miss Freeman realized that his telephone line had burned. Perhaps a life was in peril. She called a neighbor. No answer. At last a sleepy voice, two blocks down the street, said . . .
 "Hullo?"
 "Will you call Dr. Palmer, please. His telephone isn't working. An emergency call. The Bamberger home. Four miles west."
 Miss Freeman smiled at an item in the Hillsdale notes of the local paper the next week:
 "Mr. and Mrs. C. E. Bamberger are the proud parents of a 9-pound son, born last Friday morning."
 The telephone is ready day or night . . . in case of fire . . . to call the doctor . . . to order a part for a machine . . . to get the price for eggs . . . to visit friends.
 You can buy few things which cost so little and are worth so much.
 A true story.

Presbyterians Give Party For Children

The primary department of the Presbyterian church were given a Lawn party last Monday afternoon from 5 to 6:30 by their teachers, Mesdames James Rayburn and Bessie Mae Donald. The children invited one guest and their mothers, and Mrs. Hickman's Sunday School class of larger girls assisted with the games. The most entertaining feature of the afternoon was a treasure hunt, when each child found a gift. The refreshments of Dixie cups, lemonade and cookies were served picnic style.

CHURCH OF CHRIST

Meets each Lord's Day for worship at eleven o'clock, at the Club House on West Garza St.

preach each 2nd Sunday, and Jack McCormick, of Little field, each 4th Sunday.

You are especially invited to attend these services.

Relieves Women's Pains

Here is an example of how Cardul has helped thousands of women: "I was very thin and pale," writes Mrs. F. H. Scott, of Roanoke, Va. "I suffered from weakness and a severe pain in my back. This pain unnerved me, and I did not feel like doing my work. I did not care to go places, and felt worn, tired, day after day. My mother had taken Cardul, and on seeing my condition she advised me to try it. I have never regretted doing so. I took three bottles and it built me up. I gained in weight, my color was better and the pain left my back. I am stronger than I had been in some time." Cardul is sold by local druggists.
