Students Excel In League Meet

Slaton students, competing in District Interscholastic League events, forged ahead to capture four 1st place awards at the Saturday Spur meet, and two 1st place wins and 2nd place over-all honors at the Monday Denver City meet.

At Spur, 1st place honors were garnered by Robert Hoffman, extemporaneous speech; Raymon Magafianes, persuasive speaking; Nelda Ray, prose reading; and Norma Clark, shorthand.

Second place spots were earned by Carolyn Pointer in persuasive speech; Marie Blair and Larry Burk in poetry interpretation; John Floyd in number sense, and Gerry Clark and Steve Ball, spelling.

Retail Sales Total Probed In C-C Survey

Progressing in its Community Development Survey, the Slaton Chamber of Commerce this week is contacting all merchants in effort to secure vital retail sales data to be included in a composite presentation outlining all resources of the area.

Mrs. Julia Bisbee, secretary, is mailing questionnaires to businessmen this week asking for 1960, '61 and '62 retail information. She emphasizes that all information is confidential, that the replies should not be signed or any address given, the figure itself, however, most necessary in arriving at a total retail sales volume. Cooperation has been asked by Chamber of Commerce officers in this endeavor.

The survey is a current project of the Industrial Relations Committee of the C. of C., with Doug Galassini as chairman.

Special Election Called in Ward 3

A special election in Ward 3 of the City of Slaton has been called for Tuesday, May 14th, to determine which of the two candidates, J. E. Eckert, Jr. or B. H. Bollinger, will be named commissioner there.

Official canvass of voting returns in the April 2nd elections was conducted by the City Commission in regular session Monday evening, that body confirming the unofficially announced tie between the two contestants, each receiving 104 votes in the earlier election.

All voting in the May 14th election will be conducted in the City Hall, polls open from 7 a. m. until 7 p. m. Absentee votes may be cast commencing April 24th, deadline on May 11th.

Eckert, incumbent, is being opposed by Bollinger, the winner to round out the elected city administration now including Mayor Jonas Cain and Commissioners Truett Bownds, Eckert, Robert Hall Davis and Fernando Gonzales.

The City Commission met Monday night with outgoing Mayor L. O. Lemon opening the session. First item of business was canvass of the vote returns, after which Cain was declared mayor, Lemon at this point expressing his appreciation to the old Commission and to the department heads for their cooperation during his term of office, also offering any assistance that he might give to the new Commission during the coming year.

On motion by Commissioner Davis, second by Commissioner Bownds, the group voted unanimously to participate in the Lubbock City-County Child Welfare Unit for this fiscal year in the amount of \$300, this to be tendered at rate of \$75 for each quarter.

Unanimous approval was given on a motion by Davis, second by Eckert, that a new rate be granted as requested by Southwestern Public Service Company for a 25% rate reduction on water heating, radiant heating and year-round heat pump and combination resistance or radiant heating and air conditioning.

Further items of business were discussed but no action taken, according to minutes of Secretary J. J. Maxey.

PREPARED FOR EASTER— Thomas and Mark Mosser as they pet their Easter bunnies, dubbed "Bubbles" and "Moss." Tom, age 5, and Mark, 6, are the sons of Walter Mosser of 1015 West Crosby in Slaton. Easter means a lot to me. It is when Jesus arose from grave. And I get to go to church and worship. It is a very special day. It's not like any other day of the year. And we can celebrate Easter eggs. We can

Miles-Heinrich Win Board Posts

Joe Miles, Santa Fe railway employee, was re-elected Saturday to the Slaton School Board, with William A. Heinrich winning the other spot up for election. Heinrich, gas and butane dealer, placed second in the voting that saw Miles 160 votes, Heinrich 156; and Don Crow 126. Harold Tucker, whose term expired this year, did not file for re-election. Election that followed by less than one week a spirited city commission and mayor ballot that found 1,000 voters trekking to the poles.

The High Plains Underground Water Conservation District has announced the publishing of water-level measurements made during January 1963.

Allan White, Director of Education for the Water District, said concerning the water-level report, that a majority of the official measurements in observation wells throughout the 13-county District have been published in "The Cross Section," the official publication of the High Plains Water District. He says that a map which indicates the approximate location of the observation wells accompanies the measurements.

White states that the measurements are made each year during January prior to the beginning of extensive pumping for pre-plant irrigation. They are made by the Texas Water Commission in cooperation with the District.

In the recently published tabulation of measurements, the years 1953, 1962 and 1963 are compared. Measurements for these years were used so that a 10-year period and a one-year period of fluctuation could be studied.

White states that those persons who are interested in re-evaluating the water-level measurements and who do not receive "The Cross Section" should write to the High Plains Water District, 1628 15th Street, Lubbock, Texas, and ask for a copy. It will be mailed at no charge.

-WEATHER-

Ninety degree weather brought out the gardeners, the irrigation farmers, the fishermen and the sunbathers this week in wake of the mild cool front of last week that accompanied about one inch of moisture in the area.

The average daytime highs belied the high extremes, with the 40 degree high last Thursday holding the average down to daytime averages of 71, nighttime 46 degree average.

Day to day temperature extremes, as recorded by the Pioneer Natural Gas Company in Slaton, have been:
Thursday 34 - 40
Friday 40-41
Saturday 38 - 64
Sunday 45 - 84
Monday 46 - 90
Tuesday 58 - 90
Wednesday 60 - 88

SLATONITE SUBSCRIBER FOR 38 YEARS — C. W. Buskemper, living three miles west of Slaton, was in the office this week to renew his subscription and visit with the publication personnel. Seen sitting here in the editor's chair, Mr. Buskemper reminisced on how he came to the area in 1922, raising six children, all of whom still live in the vicinity. He said, "I always want to get the Slatonite and always read it."

Deputies Given Pay Increase

Lubbock County sheriff deputies, 25 in all, were handed \$25 per month increase in action taken by the County Commissioners Court in regular session Monday.

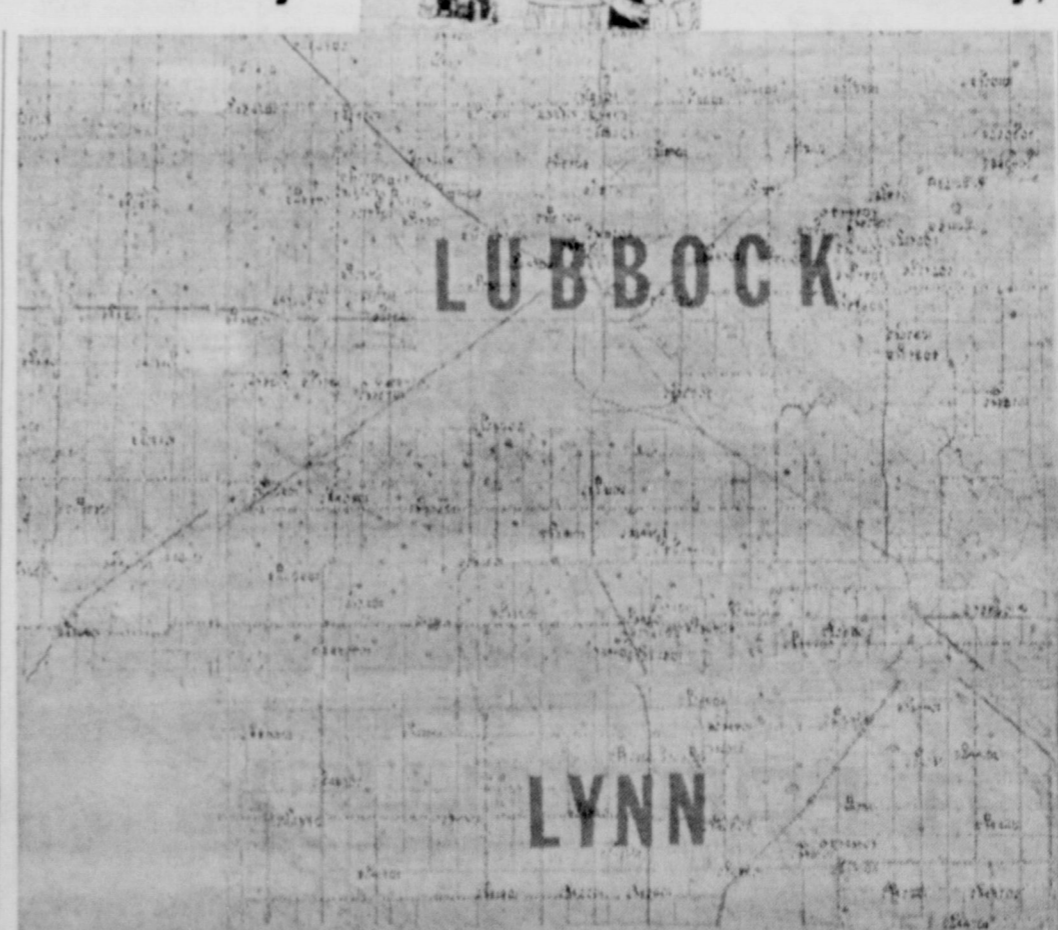

Effective May 1st, the increase will be paid from the Officers Salary Contingency Fund, and will represent raise in base pay from \$400 to \$425 a month; total increase involves \$625 per month or \$7,500 a year. Under the approved new schedule, 22 deputies who now receive \$400 a month will get \$425; two assistant deputies now receive \$445; and the chief deputy will be upped to \$500 a month.

Drilling, Measurement Facts Released In Reports by High Plains Water District

1963 Water-Level Measurements Revealed in Conservation Survey

FARM NOTES

Drilling Activity Accelerated In Lubbock County; 241 New Wells

RECENT WATER LEVEL MEASUREMENTS in the area are indicated on this map, with figures shown in feet below land surface. Water-level measurements are made each year during January prior to the beginning of extensive pumping for pre-plant irrigation. The grid shows that in the Slaton area the test well east of town read 194.70 in '63, representing drop of 8.05 feet. To the west are found wells with drops of .6 ft. (this particular well, however, dropping from 88.76 in 1953 to 104.92 in 1963; another well dropping 1.48 feet the past year; a well just south in Lynn county dropping 1.85 feet from 86.64 to 88.49 during the year and from 84.25 in the 10-year period, a drop of 1.23 feet in 1963).

Irrigation water well during in Lubbock County during 1962 showed an increase of 54 percent, according to figures just released by the High Plains Underground Water Conservation District. New wells drilled in '62 totaled 241 as against 156 in 1961. Number of replacement wells drilled decreased, only seven in these '62 compared to nine the previous year. Eighteen dry holes within the county were tallied during the year.

Actually, with the passing of time, the number of acres of cropland irrigated in the Water District area decreases slightly, whereas the number of wells continues to increase. This situation is a result of individual well capacities as water levels decline, leaving a thinner zone from which the well obtains its water supply, engineers explain. Other factors influencing the overall well-drilling picture include moisture and crop price conditions.

Lubbock County drilling permits totaled 344 last year, an increase from 192 of the previous year; 4,182 permits have been issued in the past 10 years. Actual wells drilled were 266 in '62, 178 in '61, and 3,459 in the 10-year span.

In the 13-county area served by the local Water District, 18,741 wells have been drilled since 1951, with 1,388 of these drilled since 1951, with 1,388 of these drilled in the last year.

EDITORIALLY SPEAKING

Observations and Potpourri

If a nation expects to be ignorant and free in a state of civilization, it expects what never was and never will be. . . where the press is free and every man able to read, all is safe.

—Thomas Jefferson

The Department of Public Safety has issued the statistics of Texas traffic death and destruction for 1962; the figures are appalling:

Number of wrecks	360,000
Killed	2,421
Injured	144,943
Economic Loss	\$387,843,000

We can think of a lot of corrective measures, but without doubt the teaching of all beginning drivers (and we mean THOROUGH, PLANNED, INTENSIVE teaching) how to drive today's vehicles in today's traffic is a big step in making our tomorrows safer. This is done in large part by the high school Driver Education Course, presently financed in Texas locally or paid for by students themselves.

Driver Education not only reduces teen-age accidents, but it prepares our young drivers for a lifetime of safe, law-abiding, accident-free driving.

We hope a state-wide system will be worked out for every school—where financing will be assured and qualified teachers provided. It would be a big step toward traffic safety. In support of our thinking on this subject, we call to your attention the following statements from judges of local traffic courts:

Samuel H. Wilds (Judge of Corporation Court, Amarillo): "Far less Driver-Education-trained drivers ever appear in my court. There is no doubt as to the beneficial effects of Driver Education. It is the only way to reach young people. Young drivers are likely to have more confidence than ability, and Driver Education deflates their self-confidence and makes them drive more carefully. It is very important training."

William H. Gilmartin (Judge of Corporation Court, Fort Worth for 24 years): "Young drivers who have had Driver Education are better drivers. First, they have developed a greater sense of responsibility, and second, they understand better the necessity for complying with the driving rules."

STRICTLY BUSINESS by McFeathers

"Show me a man who shoots a low golf score and I'll show you a man who neglects his business — now let's add 'em up!"

Pot Shot at Post (Magazine)

It should be quite interesting to the reading public to sit back and watch happenings of the forthcoming lawsuit between Coach George Batts of Georgia, Coach Bear Bryant of Alabama and the Saturday Evening Post. As most sports fans know by now, the Post ran an article in last week's issue concerning a sellout of the Alabama-Georgia game last year. For many years the Post was considered one of the nation's leading conservative, reliable reading source of information. Of course, for many years the Post wasn't the first magazine out with startling headlines and stories, but you could almost always depend on the information you read in the Post being correct and documented. The past year Post has come out with several highly controversial stories and editorial opinions that have thrown a disfavored view on it from many long-time readers. There is probably a reason for this action. Wall Street Journal carries a 1962 financial report of Post showing a loss of \$18,917,000. The year before the loss was reported at a mere \$9,004,000. With losses such as this it won't be long until the Post folds. I don't care who is behind it, such a large and constant drain on resources will eventually kill any business. So, grasping at straws, the Post has taken to a big headline, expose type magazine format that will leave bitter memories in minds of faithful subscribers. I, for one would like to see the Post back to its old standards and remaining in business. . . . But scandal will never be the answer. —Ralls Banner

Spokesman for the "Little People"

Today many learned political writers say we are lax. We are not watching. Love of country is dead. Patriotism is no more. Maybe these writers are surrounded by too many statistics and sophisticated people. Let them take off a few days and look around at us little people. That's what this country is, isn't it? Just a whole bunch of us little people.

Sure we like luxuries. We earned them through nearly 250 years the hard way. It's not a perfect world we've made for ourselves, but we made it and if we want to yell to high heaven about taxes, then we've earned the right to yell.

You're free. Free to go, free to stay, free to worship or free to stay at home and read the Sunday funnies. You are free to decide what is right or wrong for you and yours.

And be it football, baseball, basketball, Castro or Khrushchev, let anybody step over that line too far or once too often and he'll be faced with that good old American tradition: "HEY, YOU, WATCH IT. WHO YOU THINK YOU'RE PUSHING, ANYHOW?"

New Bible Interesting

Helen Medloe was kind enough to lend me a copy of the newly translated New Testament, published by the Oxford and Cambridge presses.

This is the first entirely new English language translation of the Bible by Protestants since the King James version of the seventeenth century. Later American versions, including the Revised Standard Edition, are essentially updatings of the King James Bible.

I try to keep an open mind on new translations. After all, our language is continually evolving despite all the grammarians can do to mummify it.

Yet religion is a very conservative affair. We all know persons who are prevented from reading Shakespeare and Milton by their language, yet who cling tenaciously to the King James Bible which was translated in the same period.

Enough of this. Let's look at a random passage and see how the wording has been changed. Here is the first two sentences of Matthew 6, the preface to the Sermon on the Mount:

King James Bible, Early 1600's

And seeing the multitudes, he went up into a mountain; and when he was set, his disciples came unto him:

2 And he opened his mouth, and taught them, saying, . . .

American Standard Bible, 1901

And seeing the multitudes, he went up into the mountain; and when he had sat down, his disciples came up to him:

2 and he opened his mouth and taught them, saying, . . .

Revised Standard Bible, 1952

Seeing the crowds, he went up to the mountain and when he sat down his disciples came to him. 2 And he opened his mouth and taught them saying:

New English Bible, 1961

When he saw the crowds he went up the hill. There he took his seat, and when his disciples had gathered round him he began to address them. And this is the teaching he gave:

As you can see, the first three changes are chiefly in the matter of modernizing verbs, pronouns and arrangement. The 1961 English Bible is a masterpiece.

To look at the famous beatitude section of the Sermon on the Mount, the two revised Bibles dare not touch its well known, sixteenth century wording: 3 Blessed are the poor in spirit, theirs is the kingdom of Heaven.

4 Blessed are they that mourn; for they shall be comforted.

5 Blessed are the meek; for they shall inherit the earth. Yet the new English Bible tries to retain modern terms:

3 "How blest are those who know that they are poor in spirit; the kingdom of Heaven is theirs.

4 How blest are the sorrowful; they shall find comfort.

5 How blest are those of a gentle spirit; they shall inherit the earth for their possession.

The King James Bible is exceedingly beautiful language and most of us will continue to prefer it. I wonder if some of its charm doesn't depend on its slightly archaic speech, as the slight accent of a foreigner lends a certain charm to his speech.

Protestantism, in its great era of conversion, leaned heavily on its contemporary speech and contemporary ideas. —Crosbyton Banner

★ ★ Retired couple enjoy modern Electric Heating in 900 sq. foot home

"I like my electric heating because it holds the same even temperature — even at night", says Mrs. Q. L. Hames of Crosbyton. Mr. Hames, a retired contractor, converted his woodworking shop into a fine home of 900 square feet. He added storm doors and windows as well as insulation to bring his home up to modern standards installing electric heating at the same time. The Hames moved into their home in December of 1959 and the joy of electric comfort heating has been theirs every winter since then.

Seminar Is Set Tuesday, Youth Welfare Study

The public is invited to hear a discussion on youth's problems in today's world, at a Regional Conference of the Texas Social Welfare Association to be held at the Pioneer Hotel in Lubbock on Tuesday, April 16th. Theme of the Conference will be "YOUTH TODAY — NORMAL? NUTTY? or NUISANCE?" The key-note speaker will be Fred R. Crawford, Ph.D., Director of Education and Research, Timberlawn Foundation, Austin. Other well known speakers at the one day

session will include: Mrs. William Mingus, President, Lubbock Women's Club; Richard K. O'Loughlin, M.D., Psychiatrist and Neurologist; Don Rademacher, Austin, Consultant to the Texas Citizen's Committee of the National Council on Crime and Delinquency; the Reverend William S. Smith, Lubbock Westminster Presbyterian Church; Holmes Webb, Ph.D., Professor of Education, Texas Technological College.

The registration desk will open at 8:30 a.m. on the mezzanine of the Pioneer Hotel and the Opening General Session will start at 9:30 a.m. Registration fee of \$5.00 will include a luncheon and morning and afternoon coffee breaks. During the luncheon hour, a panel of young people from area high schools will participate in a discussion on "Concerns of Youth Today". The afternoon will be given over to forum sessions for general discussion by all the participants. The conference will close with a general summary from 3:00 to 3:30 p.m., by Dr. Fred R. Crawford.

George G. Green, President of the South Plains Chapter of the TSWA, emphasized that everyone interested in our youth, their problems, ambitions, and opportunities in today's society, is invited to attend.

HERE AND THERE

If you want some new light on the subject just drop by the Division Office! The electricians have been really busy and the lobby and upstairs hall, Dispatchers' Offices and the Maintenance Office are really lighted up! The new lights really make a difference - so soft and bright. . . . Our little ole Tiger Band made everyone mighty proud of them Saturday at Plainview when they won SWEEPSTAKES! All that extra work they have been doing really paid off. . . . I heard an interesting fact the other day - we have four rail hands here in Slaton who are members of the Santa Fe Amateur Radio Club. I guess you might call them rail hams instead of rail hands!

They are Road Foreman of Engines W. K. Fry (K5ZAJ), Dennis Brush (WA5CBG), son of Switchman and Mrs. Kenneth Brush, B & B Painter L. W. Lewis (WA5BEM) and son Gene Lewis (K5LTH). In case you are wondering what the crazy letters are by each of their names - they are their call letters. Sure sounds like fun! . . .

VISITS

Retired Office Engineer and Mrs. S. A. (Squire) Peavy accompanied Master Mechanic and Mrs. H. E. Anderson to Clovis Saturday to attend the retirement banquet of Master Mechanic J. L. Fertig. Fertig retired the 1st of April as Master Mechanic at Clovis and plans to make his home in Albuquerque, New Mexico, for the present time. Mr. and Mrs. Fertig were at home in Slaton for several years some little time ago. You will also probably remember the Hardins - Clinton and Dee and Dewey - who were also at the banquet and have been transferred to La Junta, Colorado. Clinton was Chief Clerk to the Master Mechanic here a few years ago and had been in Clovis in that capacity since they left here.

Dispatcher Bill Roche has just returned from a "flying" visit to see his daughter in San Diego and his brother in San Francisco, California. That's right he flew instead of riding the rails! . . . Mrs. E. O. Chadock, wife of our Trainmaster, and daughter Janice, sons Bobby and Jimmy, are visiting in the home of Mrs. Chadock's parents in Waukegan, Illinois. . . . My mother, daughter and I made a quick trip to Amarillo this weekend to see my uncle, Dr. S. W. Ball, who is recovering from a heart attack in the hospital there.

FORMER RESIDENT DIES

Word was received last week of the death of J. R. Bean, 91, of Yuba City, California. Mr. Bean was a resident of Slaton for many years, and he was the father of Mrs. R. E. McRaynolds of 2964-A Van Buren St., Amarillo. The McRaynolds, Slaton residents until three years ago, have two sisters here: Mrs. P. A. Minor and Mrs. R. M. Shepard.

Rev. Rollo Davidson has returned home from Claude where he has been holding a revival meeting. The Davidson's daughter, Mrs. J. W. Clifton of Richardson, is visiting her parents, and her husband will be here for Easter.

Old Friends

By J. J. Maxey

Bill Eads, class of 1932, was in town a couple of weeks ago visiting Charles Marrioff. I had not seen Bill since we were in the dairy business and he worked for us on the milk truck. I hate to think how long ago.

(Almost thirty years.) Bill is an electrician in the potash mines at Carlsbad, New Mexico. His address is Route 1, Box 52 G, Carlsbad, N. M.

Had a short note and check for five bucks from Leonard and Margaret Covington, class of 1930, saying that they would be here for the reunion. They have moved to a new address 2745 Mateur, Dallas 11, Texas.

Milton Jochetz, class of 1944, was by a few days ago visiting for awhile. Milton is the pastor of a Methodist church in Borger. His address is No. 1 Amargosa Street, Borger. I have a great deal of admiration for Milton in that he had the intestinal fortitude to go to college some seven or eight years to prepare himself for the ministry after he had been in service, worked for a number of years and had a number of years and had a growing family.

One day last week a fellow walked into the office and introduced himself as Marvin R. Jones and told me that he had gone to school in Slaton from to be a member of the Ex-1912 through 1918 and wanted Students organization. He also gave me a check for dues which proved he wasn't kidding. I appreciated this since it is evident that some of our members are boosters and are getting the word around all over the area. Mr. Jones is the night dispatcher for the Santa Fe

We would remind all of our local exes that June 22nd, is not very far away and if we are to make some plans, pay some dues and generally get ready to greet all of our out of town friends that have indicated that they will be here. Some have already made reservations for rooms on that date. Those that have paid dues since our last report are—J. W. Covington, Laura Saage Wilson, Johnny Melcher, Ruth Austin Crawford, Leonard and Margaret Covington, Thurman and Bebe Reynolds, Billie Greer White, Troy and Vena Bell Bickerstaff, Bill Huckabay and Marvin R. Jones.

Everything for the office. The Slatonite.

150 So. 2nd Slaton, Texas April 4, 1963

The Slaton Slatonite Slaton, Texas Dear Sir:

In regard to your recent letter from Mr. Parkhill, of Crosby county ASC committee; since your correspondent expressed an interest in published facts, try some of these:

- 1. There is no such thing as "Federal" money; it is the taxpayer's money. 2. Mr. Clark Wood, no doubt, is a taxpayer. 3. No facts were included in the letter to show how much had been taken from Mr. Wood's pocket before any was returned in the form of "cost-share" gimmick. 4. It is altogether possible that Mr. Wood had realized that if he did not receive the amounts mentioned in Mr. Parkhill's letter; that the administration would send the "aid" to communist Yugoslavia, Poland, or some other slave nation, where it could be used by the atheistic tyrants to further oppress their slaves. 5. No mention was made in the letter concerning those forced programs; in which all farmers must participate or quit farming.

Once upon a time, there was a hunter who became lost in the woods. After several days without food, he in desperation cut off his dog's tail and ate it. Then he threw the remaining morsels to the dog who greedily devoured them and then licked his master's hand in gratitude. This is the story of FEDERAL AID. The dog (tax-payer) can live without a tail; but the master (government) is still famished.

I have personally never had the privilege of meeting Mr. Clark Wood; but it would certainly be a welcome opportunity to me; for we need more men in our nation today who will speak out against the socialistic, Marxist programs that are speedily regimenting our farms.

Sincerely yours, Troy Bruster (Farmer)

Flight Safety Course Slated For Area Pilots

John G. Uranga and Laddie J. Roark, Flight Safety Specialists from the Texas Aeronautics Commission, will conduct a series of Flight Safety Refresher Courses during the months of April and May at Hereford, Brownfield, Littlefield and Lubbock. All pilots, and anyone interested in aviation safety, are invited to attend. There will be no charge. These courses are designed to offer the pilot an opportunity of upgrading his knowledge and pilot skills, and to promote overall flying safety. General subjects to be covered are: Aviation weather... Air traffic control... Navigation radio aids... Safety techniques in the operation of single, multi-engine, and rotor-wing aircraft... and an analysis of current changes in Civil Air Regulations. The meetings at Lubbock will be held in the Lubbock City Hall, Room 214, Training Room, Corporation Court Entrance on Fridays—April 12th, 26th and May 3rd.

Former Slaton Railroad Master Mechanic Retires

John L. Fertig, master mechanic for Santa Fe Railway at Clovis, has announced his retirement March 31, after nearly 54 years of service. Fertig was appointed as a master mechanic at Slaton in 1947. Responsibility for the master mechanic's work at Clovis will be assumed April 1 by Jack D. Swauger who is appointed general master mechanic, a newly created position, with headquarters at Amarillo. Born at La Junta, Colorado, in 1893, Fertig was graduated from the University of Colorado with a bachelor of science degree. He entered service as a graduate special apprentice at La Junta, April 6, 1911. Following his graduation as a machinist, he worked in that capacity until his appointment as assistant roundhouse foreman at Albuquerque, July 17, 1922. He has been a supervisor ever since. He successively served as tank shop foreman, general machinist foreman, general locomotive foreman, general shop foreman and general mechanical inspector until his appointment as master mechanic at Slaton, January 1, 1947. He worked as division foreman at Calwa, California, for a brief time in 1964-65, and was named master mechanic at Galveston, where he remained until he transferred to Clovis in November, 1958. Mr. Fertig and his wife are the parents of a son, Jack, who is an Albuquerque businessman. Mrs. Fertig has currently been serving as librarian of the Clovis Public Library but in their retirement, the Fertigs expect to make their home in Albuquerque. Mr. and Mrs. Guy James and daughter Marybeth of Hobbs, N. M., will spend Easter holidays in Slaton with Mrs. James' mother Mrs. L. C. Odom.

Heritage Theme To Be Emphasized At State Fair

The 1963 State Fair of Texas, Oct. 5-20, will be presented as the "Exposition of Our American Heritage." Exhibits, special events and decorations on the fairgrounds will follow the "American Heritage" theme. "We believe this star-spangled theme is very appropriate," said James H. Stewart, executive vice president and general manager of the fair. "For 78 years, the State Fair of Texas itself has been a traditional part of the American Heritage for millions of Texans." "We are working now to build around this exciting theme the greatest exposition ever presented by the State Fair, serving to remind young and old alike of the glorious past of our nation as well as the promise it holds for the future," Stewart said. The "Exposition of Our American Heritage" follows the State Fair policy of carrying out a central theme at each year's exposition. The 1962 Fair had an international theme as the "Exposition of Nations" and in 1961 it was the "Exposition of Music." A regular feature of the 1963 State Fair will be an illuminated "Parade of the Stars and Stripes" around the fairgrounds each evening.

Elliott Engaged In Army-Air Force Hawaii Exercise

Army Specialist Four Johnny V. Elliott of Slaton, and other members of the 25th Infantry Division are participating in Exercise LAVA RIDGE IV, a combined Army - Air Force mobility exercise in the Hawaiian Islands which is scheduled to end April 1.

The soldiers, regularly stationed at Schofield Barracks on the island of Oahu, were flown in round-the-clock operations to the island of Hawaii where they are receiving three weeks of live-fire training.

Specialist Elliott, son of Mr. and Mrs. John R. Elliott, 1130 W. Lynn, is a finance clerk in Headquarters Company of the division's 35th Infantry, 2nd Battle Group. He entered the Army in October 1960.

The 20-year-old soldier is a 1960 graduate of Slaton High School.

through the 1963 wheat program, livestock will be the use of diverted acres for grazing, Bragg explained. If the livestock man is also a wheat grower, he may participate in wheat-diversion provisions (made available under the new wheat program) without the need to fence off diverted acres. Since the payment on diverted acres which are grazed year 'round would be reduced, the practice would not be attractive to men not already in the livestock business. But the provision would relieve livestock operators of the trouble of fencing off small cropland acreages diverted from wheat.

The new wheat program also provides for substituting wheat allotment acres for feed grain base acres, provided a feed grain diversion program is in effect for 1964. This wheat for feed would be in place of — not in addition to — feed grain that otherwise would be grown on that acreage. Price supports for wheat grown on feed grain acres would be at the noncertified rate of \$1.30 per bushel, national average.

Citrus Corsage For Easter Dessert

A Florida citrus platter, as bright and refreshing a tonic as a lady's new Easter bonnet, makes the perfect dessert for spring. This loveliest of seasons is always symbolized in fresh flowers, and an old-fashioned floral bouquet can be simulated with fresh fruit. Florida's juicy orange slices and plump grapefruit sections form the blooms, whole strawberries make a colorful center, while a coconut border simulates a white lace frill.

Florida oranges and grapefruit will help keep you feeling fit and looking as attractive as spring flowers themselves. Citrus fruits are the best natural source of valuable vitamin C, essential to good health which of course contributes to your good looks. For radiant health and vitality—spring, summer, fall and winter—vitamin C is needed every day.

When buying Florida oranges and grapefruit, select with your hands—by feel. The fruit should be firm, well-shaped, heavy with juice, and thin-skinned. Store in a cool place, preferably your refrigerator; chilling brings out the refreshing flavor of the fruit.

Citrus Compote

- Florida grapefruit
- Florida oranges
- Strawberries, sliced
- Shredded coconut

Chill fruit before preparing. Cut off grapefruit and orange peel in circular motion, cutting deep enough to remove white membrane. Go over fruit again, removing any remaining white membrane. To section grapefruit, cut along sides of each dividing membrane from outside to middle of core. Cut oranges into slices. Make border of coconut and arrange fruit in groups on plate.

Total County Ginnings Were Up For Season

An analysis by Plains Cotton Growers, Inc., of U. S. Bureau of Census figures on cotton ginning, released recently, reveals that Texas produced 4,735,000 bales of cotton in 1962, which is more than twice the amount produced by the next leading state and over a million bales more than the next two leading states combined. The 23 High Plains counties in this territory alone produced more cotton than any state in the nation, excepting, of course, Texas itself.

California ran second in production, followed by Mississippi and Arizona.

Lubbock County had a 1962 production of 286,148 bales, compared with '61 yield of 289,494, representing a 5.6 percent increase.

Garza County, on the other hand, dropped 22.6 percent, from 26,017 bales to 20,145 bales.

The 23 High Plains counties served by PCG ginned 2,328,293 bales, or almost half the Texas total; nearly 400,000 bales more than all of California, and over 15 percent of national ginnings. U. S. total production of 14,859,968 bales was slightly above the 1961 total of 14,324,508 bales. Texas production fell 1.4 percent, or 65,112 bales below the 4,390,771 bales ginned in 1961, while the 23 county High Plains area dropped only 7 percent, or 16,510 bales below 1961, when the final figure was 2,344,803. It should be noted that production in 1962 was achieved on 45,781, or 1.9 percent fewer acres, and still constitutes a gain in average yield per acre for the area.

Interesting to note in a study of High Plains production are figures on classings from the three classing offices of the U. S. Department of Agriculture Cotton Classing Division at Lubbock, La-

Coronation Was Climax Of Fund Solicitation

Venita Phillips, 8 years old, and Bill Phillips, 4 years of age, were named king and queen last week in a contest conducted as a fund-raising project at the Church of God in Slaton.

The winners are children of Mr. and Mrs. L. V. Phillips, and they won by virtue of raising the most funds in a solicitation drive for new seats in the church here. Twenty children up to age 16 participated in the contest.

Church representatives have expressed their thanks to the merchants and individuals who aided by giving donations.

mesa, and Brownfield. These offices, under the direction of W. K. Palmer, report an actual increase in number of bales classed, from slightly over 2,268,000 in 1961 to 2,274,610 in 1962. The area covered by these offices, however, does not coincide exactly with the PCG area. This fact, together with the different methods used in compiling figures always cause a slight variance between Bureau of Census and Cotton Classing Division totals.

Pet Vaccinations Set Here April 22

Slaton pet owners will have opportunity April 22nd to have their dogs and cats vaccinated for rabies, a Lubbock veterinarian to be at the local police station that day.

Gene Martin, local police chief, urges all pet owners to avail themselves of the vaccination opportunity here at the beginning of another "rabies season." The veterinarian will be on hand between the hours of 5 p. m. and 9 p. m., Monday, April 22nd.

Few Jail Arrests During The Week

Judge Luther Gregory states the activity in Corporation Court here was at an all-time low this week, to his knowledge, and the police blotter verifies by listing only nine arrests, 7 for drunk, and one each for disturbance and traffic warrant.

Cases of abusive language were reported over the week end, and at least five burglaries were noted.

Entry was gained to the Montgomery Irrigation Service Friday night, a drill believed to have been taken.

Someone during the weekend, the Quintero Barber Shop was entered, with an inside door kicked out to enable the thieves to take some \$4 in change plus a straight edge razor.

A radio was taken from an El Camino at the Crow Used Car Lot Sunday night.

W. T. Joiner reported that Saturday night someone broke the lock on his ice cream truck, taking about \$4 in change and a few ice cream bars.

Quality Cleaners on West Lubbock was damaged early in the week when someone apparently threw gravel from car tires, breaking the south and east windows of the establishment, damage estimated at \$225.

Lucado Dies As Car Crashes On Lubbock Street

R. J. (Buck) Lucado, 54-year-old Santa Fe Railway employee and former Slaton resident, was pronounced dead on arrival at a Lubbock hospital later Tuesday afternoon, after being taken by ambulance from the scene of a traffic mishap in southeast Lubbock.

Cause of death was undetermined at last report, although an examining physician said Lucado possibly died of a heart attack. Lucado, Santa Fe worker for 25 years, was said to have been driving north on Avenue C in Lubbock about 4 p. m. Tuesday when his car veered to the left and struck a parked car on the opposite side of the street. He was unconscious when reached. Damage to both cars was said to be rather light.

Funeral services will be held at 2 p. m. Friday in the Vandella Church of Christ in Lubbock with Bob Hoover, minister, officiating. Burial will be in Englewood Cemetery at Slaton.

Surviving are four sisters and four brothers.

Mother Of Slaton Resident Dies

Funeral rites were held Monday for Mrs. Tilden Raborn of Lubbock, mother of Mrs. Ernest Carroll of Slaton.

Mrs. Raborn, 79, 1302 9th St. Lubbock, died Sunday morning at the Colonial Manor Rest Home; she had been ill for seven weeks. She had lived in Lubbock since 1928.

Services were held Monday at 3:00 p. m. in Ford Chapel of the First Baptist Church in Lubbock. Rev. James Boddie officiating. Burial was in the Lubbock Cemetery.

Survivors are three daughters: Mrs. Carroll, Mrs. Joe Hly of Fort Worth, and Mrs. Joe Dently of Lubbock.

Brackeen Funeral Friday Afternoon

Funeral services will be conducted Friday at 2 p. m. in the First Baptist Church in Slaton for Billie Lloyd Brackeen, 35, former Slaton resident found dead Tuesday morning in a Lubbock motel.

Dr. Charles Wood will officiate at the services, assisted by Rev. J. T. Bobbing of Lubbock. Burial will be in Englewood Cemetery under direction of Williams Funeral Home.

Brackeen, at time of death, was employed as a furniture salesman, living in Odessa, who was found at 1:20 a. m. Tuesday by the manager of a Lubbock motel where he was registered. He was reported sitting in a chair, having been shot once in the chest. A .38 calibre automatic pistol was found beside the chair, investigating officers said.

Surviving are the mother, Mrs. T. E. McClanahan of Slaton; father, William Brackeen of Odessa; a brother, R. C. Brackeen, Electra; a step-brother, Tommie McClanahan, Slaton; and his grandparents, Mr. and Mrs. M. R. Williams of Slaton.

CARD OF THANKS I am indeed grateful to all of you who supported me for my bid for Slaton City Commissioner, Ward I. To the many of you voters of Ward I who expressed your confidence in me by voting for me as Commissioner of Ward I, I say thank you very much.

My heartfelt congratulations to Truett Boudns on his successful bid for Commissioner of Ward I. Again, thank you for your support and confidence. Respectfully, Charlie Dickson

Guests in the J. J. Kitten home last week end included Mr. and Mrs. Lawrence Wenzinger of Phoenix, Ariz., and Mrs. Joe Gildorf of Lawrence, Nebraska.

Federal Funds Made Available For Building Lake Pits, Installation Pipelines from Lake to Crops

FARM NOTES

The High Plains Undergrround Water Conservation District has received word from the State Office of Agriculture Stabilization that the State ASC Committee has approved the expenditure of federal funds for constructing pits in wet-weather lakes, and for installing pipelines from lakes to cropland.

Lester Young Chief of the agriculture Conservation Practices Division of the State ASC Office in College Station, in a telephone conversation with the Water District office, stated that funds could be made available immediately by local ASC County Committees. They will need only to amend their county handbook to include such practices. He said that any county that presently has Practice C-14 (construction of reservoirs) available, could supplement it by including the construction of pits for channeling lake water to re-circulating pumps; and where Practice C-12 (irrigation system construction) is available, it may be supplemented to include the construction of permanent pipeline from re-circulating pumps in the lake

back to the farm's irrigation system. The State Committee's action culminates several years efforts by the High Plains Water District and others to make funds available for salvaging rainwater

and irrigation run-off water that collects in the lakes. The State ASC Committee consists of Frank Moore, Plainview; E. B. Smith Lampasas; W. W. Poole, Sinton; Ralph Price, Bryan, and Jim Goad, Rosebud.

Easter Recipe Is Shared by Reader

Does a special Easter recipe intrigue you?

With the multitude of popular and favorite recipes always associated with Christmastime, New Years, etc., the Slatonite is happy to find that one of our good contributors, Mrs. L. C. "Cecil" Odom, has a special recipe for Easter feasts.

We reprint Mrs. Odom's recipe herewith:

Dilly Bread

1-Mix 1/2 cup sugar, 1 1/2 pkg. dry yeast and 2 teaspoons salt in 1/2 cup warm water dissolve well.
2-Scald 1 cup milk, melt in it 1/2 cup Crisco or Oleo, while still hot add a heaping tablespoon of Dill seed, after cooling some add 1/2 cup cold water. When this

mixture is lukewarm add yeast and enough flour to make a stiff batter. Stir about 1 minute slowly.

3-Cover batter in large bowl its mixed in, with Saran wrap or waxer paper and allow to rise at least double in size. Stir down easy and allow to rise the same again.

4-Now sift flour on the bread board about 1 in., thick, pour batter on and lift the same amount on top, work the flour in until you have a medium stiff dough.

5-Pinch dough into pieces 1-3 size of loaf or casserole used to bake in. Grease container and the top of dough well and let rise to a little more than twice the size of the dough.

6-Heat oven to 300 degrees, put bread in for 15 minutes then increase heat to 350 degrees. Bake about 45 minutes or an hour according to size of loaf.

7-When bread is done make a mixture if 1/4 lb. Oleo and 2 tablespoons of fine ground rock salt or just plain salt and cover the top of loaf while hot.

This has been called Easter Bread or Rolls, since it goes so well with ham

Waymon Muse Is Naval Instructor

Waymon O. Muse, aviation electrician's mate first class, USN, son of Mr. and Mrs. L. N. Foster of 1020 South 20th St., Slaton, is serving as an instructor with Naval Air Mobile Training Detachment 1010 at the Naval Air Station, Barbers Point, Hawaii.

Muse is qualified to teach EC-121K electrical systems maintenance.

He entered the Navy in February 1956.

Monthly Police Report Reveals Quiet March

Only 51 jail arrests were reported in the March bulletin of the Slaton Police Department, resulting in \$990 fines in City Court, \$910 collected and \$80 "laid out".

Traffic arrests totaled 34, with \$363 assessed, only \$6 of this not paid in cash.

Nine vehicle accidents were investigated, estimated total amount of damages at \$1470.

Traffic warnings added to 83, the report revealed.

Of 34 offenses reported to the department, 20 were cleared.

Most flagrant traffic violation again was "no driver's license," followed by speeding, contesting for speed, negligent collision, excessive noise with mufflers, and passing on the light.

Jail arrests included 26 for drunk, 9 for possession by minor, 5 for drunk in car, and two or less for a dozen other offenses.

The two local mobile units of the police department patrolled 5099 miles during the month.

From reports quite a number of Slaton citizens have been taken in again lately by the resurrection of the old chain letter scheme, now made more remunerative to the original-ors by being done with savings bonds and certified checks, but still illegal. The only ones who ever profit are the Judas goats who lead the sheep up the gang planks — and the sheep then become "goats". When will people admit money doesn't multiply except by work? If Joe and I each put a buck in the pot, and I take out two, what can be left for him?

Of course, you can accomplish it by cutting my taxes so I can buy more for Joe, then cutting his taxes so he can buy more from me. Then both Joe and I can invest the tax- es we've saved in government bonds, and both of us live on the interest. That way there'll be no need for Joe or me to work, and you can worry about raising the interest to pay vs. H.L. Marsh

Slaton

L. O. Lemon

April 11, 1963

F. A. Wittig, Pastor
Immanuel Lutheran Church,
Posey

In a period of eight days some
of the most momentous things in
the history of the world have
happened. This was to influence
time and eternity.

It was on Palm Sunday when
Jesus entered Jerusalem and was
acclaimed King. The multitude
shouted, "Hosanna to the Son of
David! Blessed is he that cometh
in the name of the Lord! Hosanna
in the highest." On Monday Jesus
entered the temple and cleansed
it and cast out those who sold and
those who bought and overturned
the tables of the money changers.
From now on the chief priests
and scribes sought how they
might destroy him.

On Tuesday Jesus is back in
the temple teaching. This is the
climax in his ministry. The lead-
ers try to arrest him, but fear
the multitude. Different schemes
are tried to entrap him in his
talk. Jesus has them bested. In
every encounter with his en-
emies, Jesus is the victor. In the
evening of Tuesday Jesus leaves
the temple, and his disciples call
attention to the wonderful build-
ing. This gives Jesus the oppor-
tunity to speak about the destruc-
tion of Jerusalem and the ev-
ents that of time. These are in-
terwoven one with another.

On Wednesday Jesus seems to
have been in seclusion. We do
not have any record of any deeds
or words for this day. The en-
emies, however, were active. The
highest court was assembled de-
vising ways and means how to
get hold of Jesus by craft. We
may assume that they spent long
hours debating this matter and
yet had arrived at no tangible
results. Then altogether unex-
pectedly came the astounding
offer of Judas, one of the twelve,
to betray his master.

On Thursday the Passover meal
was eaten and in connection with
this the Lord's Supper was in-
stituted. During the night Jesus
was arrested and on Friday he
was condemned and crucified.
After his burial the tomb was
guarded by soldiers. Easter morn-
ing consternation spread among
the enemies with the report that
Jesus was risen.

We thank thee, Lord Jesus, for
thy victory over death. Amen.

Mrs. England wore a garden straw announcing "Best Aides in Horticulture".

Others were: "Pink and Pail" Mrs. Bob Ayers, "Contrast and Color"; Mrs. O. Z. Ball, The Majorette (Rhythm in Flowers); Mrs. V. G. Browning, Vice President, "The Cabbage Hedda"; La Rose" Mrs. J. S. Edwards; "Complimentary Others," Mrs. E. R. Legg; "Time for Tulips", Mrs. L. O. Lemon; "Johnny, You're Planting my New Hat! (Roll call of the Day) Mrs. Jack Nowlin; "Tulip a bloom and Awaiting Rose Mrs. Bruce Pember.

"Most Like Hedda" titled by the judges, Mrs. Bevis Hannah; "Hedda Bare", Mrs. A. M. Jackson; "Grace and Elegance", Mrs. J. D. Holt; "The Rose I Love", Mrs. Grady Wilson; "The Pepper Pod Peek", Mrs. Earl Wilson, Second Vice President, Mrs. S. G. Wilson; "Gloves in Glory", Mrs. Earl Reasoner. She used National colors.

"The Rosier, the Posier", Accomplishment of Bird Conversation, Mrs. Bill Smith; "The Gateway to Beauty" (Landscape) Mrs. H. G. Stokes.

Mrs. Dudley Barry wearing an Easter Bonnet "Love of Liliac" which she had arranged of fresh materials and ribbons had accomplished such a skilled effect with the use of liliac that the judges kept the most beautiful in Classification till last. She was also the Month's winner for her display of Orchids and Plants. A delightful luncheon buffet style was enjoyed from tables centered with flame pussy willow and carnations. Dainty hats explaining candied eggs brought out the Easter Motif. Hanging Easter Lilies topped the buffet counts and iris and liliac in home arrangements denoted the season. Mrs. L. O. Lemon voiced Grace.

Mrs. Kitten recognized members as they gave their reports and former business including fund raising drives were carried through. A Public Flower Festival including use of judges was voted for May 8th from 3 to 5. During the final business session for Mrs. Kitten she thanked all the members for their support loyalty. She received a verbal ovation for her good work from both her and District Hints. They requested Mrs. S. G. Wilson to report on the Flower Show in Dallas after a reading of the Dallas Shaw by Mrs. Holt.

INSTALLATION

The president stood before a large mirror, reflecting a unique arrangement she had made "Tree and Hats", and commissioned each new officer with duties in accordance with the Club's constitution and Robert Rules of Order. She presented beautifully decorated miniature hats to the following Mrs. Edwin Haddock (absentee), J. S. Edwards, E. R. Legg, Earl Reasoner and Ellis Schmid; Vice Presidents Mrs. Bill H. Smith, Second Vice Mrs. Jack Nowlin and president Vassar Browning. Mrs. Browning presented her personal gift and thanks to Mrs. Kitten. Other presentations of the day were gifts to Mrs. Arrington and Nelson from the program committee, Mrs. Young, Hannah, Schmid. Gifts from the Garden Club to Prize Winners, Mrs. Barry and Whitehead. A handsome leather bound book inscribed in the Club's name was donated by a member who wishes to remain anonymous. A surprise door prize of a beautiful shop made hat was donated by Mrs. S. G. Wilson to Mrs. Schmid. Many made silent presentations
