

EDITORIALLY SPEAKING

Observations and Potpourri

If a nation expects to be ignorant and free in a state of civilization, it expects what never was and never will be. . . where the press is free and every man able to read, all is safe.

—Thomas Jefferson

April 1-7 has been designated as Texas Industrial Week to salute and honor Texas industry which has been primarily responsible for the tremendous growth of our state, both economically and in population.

Industrial growth within Texas has been five times the national average. Changes in two of the state's major job producing enterprises - petroleum and farming - have placed an added significance to the contributions made by industry to the state and to the COMMUNITY.

We point out the following statistics to those of you who are interested in community development: If a new industry adds 100 workers to the local labor force, the community gains:

- 359 more people,
- 65 more employed in non-manufacturing,
- 91 more school children,
- \$710,00 more personal income per year,
- 100 more households,
- \$331,000 more retail sales per year,
- 97 more passenger cars registered,
- \$229,000 more bank deposits,
- Three more retail establishments.

To these economic factors are added state and local taxes paid by the new plant and new workers and by the business establishments favorably affected by new employment.

Industry, with its job opportunities, is the soundest and quickest way for causing an economic advance; and if Texas expects to continue to grow in population and develop its economic base, it must be done through industrial expansion.

A good business climate is not something that just happens - it is a combination of circumstances, conditions and attitudes which are prevalent in the community. It often requires a long period of time to achieve a good business climate and can be maintained only by great effort.

A good business climate is dependent upon stable government on the state and local level, sound labor-management relations, equitable taxes, and by a friendly community attitude.

Our area is fortunate in having the resources, the manpower, the capital, the transportation, the water, the fuel, and the power that industry requires when looking for new industrial locations.

The state and the community which offers the best business climate will be the area favored for industrial growth and new job opportunities.

And we are glad to see the steps initiated by our own Chamber of Commerce Industrial Committee in making the Slaton Development Survey. Keep the good work going.

MEETING ITS RESPONSIBILITIES

White River Dam Progress

To some people, apparently, the word "profit" is an evil word. Why, the dogma goes, should one man or one group make money out of earnings of others?

The answer is simple enough. And a statement by one of this country's oil companies tells the substance of it. This company - like innumerable others in all fields of enterprise - has met a constantly growing public demand for its products, and has had to invest millions upon millions to produce and market them.

So the question is, where does all this money come from? Again, the answer is simple. A substantial part of it comes from profits which are plowed back into business. Other parts come from borrowings which, in each case, came from funds resulting from profits made somewhere, in some way, by some one.

This company makes another, and little recognized point concerning the public revenue the nation gains from profits through taxation. Each year, it says, the taxes on profits of U. S. corporations provide the federal government with enough revenue to pay the entire cost of operating the Departments of Agriculture, Commerce, Health Education and Welfare, Labor and State; plus the Atomic Energy Commission, the C.A.B., the F. H. A. the Veterans Administration and the National Aeronautics and Space Administration.

Finally, it is pointed out practically every product you use owes its existence to profits—as do the 68.5 million jobs which men and women fill.

It is to everyone's interest to encourage not discourage, reasonable profits. —Denver City Press

People who can't keep from criticizing the younger generation usually can't remember who raised it.

The honeymoon is usually over when the bills and coos seem to be mostly bills.

A friend comments that the only trouble with those big, thick heavy towels supplied by luxury hotels is that they make your suitcase so hard to close.

One of the hardships our pioneer ancestors escaped was the problem of disposing of today's "disposable" containers.

Notes from Neighbors

Events and Opinions

From the Exchanges of the Slatonite

So many of us become so involved with our personal problems that we lose sight of what is going on in the world, or even at the national and state level. John Cogley of the Center for the Study of Democratic Institutions, brought up this point when he recently wrote:

"Are our problems so vast, the technical aspects of modern life so tricky, access to the facts so slight and the necessary knowledge so elusive that American democracy will become simply a matter of living one's private life and turning over the management of the public sector completely to professionals? Are 'we the people' no more than a remote board of overseers, preoccupied with our private pursuits while experts carry on our affairs and make momentous moral decisions for us?"

When we reach the point in our thinking that we assume we do not know what is best for the nation and ourselves, then we will have reached a point of "no return."

The UN and US

We go blithely on, hoping some miracle will happen in the United Nations and we will suddenly find ourselves in a world of rosey peace. This hope has blinded us to the facts of what is happening in the UN today and what has been happening since 1956.

Kenneth de Courcy of London, England, in his "Review of World Affairs," gives us an insight of what is actually going on. He writes:

The United Nations will survive in history as the chief monument to Western blindness to Soviet political warfare. In the United Nations we see at work the Soviet facility for taking over an organization from within.

It is to be noticed that only rarely have the communists created their own organizations. They have realized that it is a shorter cut to take over an existing organization. They therefore infiltrate and thereby install factions which embark on every imaginable form of maneuver and intrigue, foster opposition to the official line, spread slanders to smear established leaders, procure the election to key positions of undeclared Communists, and cook up pseudo-popular demonstrations to exert pressure.

That is the method being used by the Soviets in the United Nations. The Free World fell into the deadly error of sitting at the same table with the Communists and forming with them a common organization for the pursuit of a praiseworthy cause. The communists, aiming at world hegemony, have used the cause as a pretext to ensnare the Free World while every hour, in every office and department, on every topic, they outbid, outbluff, outflank, and—as they hope—will finally outdo and outlive us. This is no exaggeration. Look at the recent record:

1956—Heavy pressure to compel France and Britain to abandon their action against the Egyptian despot, Nasser; but no pressure to compel Russia to abandon her bloody crushing of the Hungarian freedom fighters.

1957—Acceptance of Nasser's cynical violation of his obligation to allow Israeli shipping—in common with others—transit of the Suez Canal.

1958—Condemnation of the Anglo-American action in Jordan and Lebanon in order to stop Communist moves; but acceptance of India's rejection of the UN resolution on a plebiscite in Kashmir.

1959—Total passivity in face of the Chinese invasion and

virtual genocide of Tibet.

1960—Acceptance of the Soviet-proposed deal for the partition and admission of genuinely independent states in exchange for the admission of the puppet states of Mongolia.

1961—Condemnation of Portuguese action in the South African separate development policy, of France in Algeria, of Belgium in the Congo; but no condemnation of the Indian aggression against Goa, of China against Laos, of East Germany over the Berlin Wall. In Katanga, a war was launched against an order of the United Nations to oust the anti Communist President and to replace him by a pro-Communist administrator.

1962—The delivery of West New Guinea into the hands of the dictator Sukarno—amounting to the establishment of a United Nations of a new colony for Russia's ally, China.

The only sensible thing to do is face the reality of the war of Communism against the whole Free World and conclude from this that it is folly to associate with a declared enemy of peace and justice in a common organization for peace and justice.

—Claude News

Public speaking is often like drinking a glass of wine. You can do it in moderation, but many don't know when to stop.

Inflation is a lot like overeating; it makes sense to stop, right up to the time when it's too late to correct it.

Appeal of TV, Easter Seal Head, Appeals for Crippled Children Aid

In an appeal to Texans, Shirley Booth, 1963 Easter Seal Chairman, said today, "I'm working for crippled children these days in addition to running the Baxter household as Hazel. And as some might guess, crippled children really aren't any different from other kids."

—bright, lively, eager affectionate and just as mischievous. What is really wonderful is to watch their development into independent, self-sufficient people who take their rightful place in living everyday lives just like you and I.

Mrs. Don Crow is chairman of the Slaton Easter Seal Committee.

"I have learned that it takes a lot of work, time and money to help them achieve this," Mrs. Booth states. "People like us can do a lot to make the work at the Easter Seal Centers in Texas possible by using the Easter Seals which were sent to over one million homes in Texas in the past weeks."

"Your contributions to the Texas Society for Crippled Children and its 94 local Easter Seal Societies and their 32 Easter Seal Treatment Centers will help provide DIRECT aid to more than 10,000 crippled children and handicapped adults."

Miss Booth closed her statement by saying, "The Easter Seal program is based on the

VOLUNTARY way of helping our fellow-man. Your program of direct services to the crippled in Texas will grow as the people of all the communities of your state help you grow through increased support of the 1963 Easter Seal Appeal. If you haven't sent in your contribution yet won't you do it now, and make it a doozie."

The Easter Seal Appeal will continue through Easter Sunday, April 14.

County Sales Are Talled for U. S. Savings Bonds

February Savings Bond sales in Lubbock County totaled \$213,000. This announcement was made recently by Travis Shelton, Chairman of the Lubbock County Savings Bonds Committee. Sales for the first two months of 1963 were \$353,193 which represents 19.6% of the 1963 sales goal.

Bond sales in Texas for the first two months of 1963 were \$28,367,297 and 18.8% of the 1963 sales goal of \$150,600,000 has been achieved.

"According to a report just received, hundreds of civic, fraternal, business, labor, professional and women's organizations are assisting the Treasury Department in urging all Texas families to buy a Savings Bond before the Fourth of July. Lions, Civitan, Kiwanis, VFW, Texas AFL-CIO, American Legion Auxiliary, and Texas Federation of Women's Clubs are only a few of the clubs that are cooperating in this year's Freedom Bond Drive," Chairman Shelton advised.

Current A. S.C. Benefits Outlined In Statement from County Manager

BY CHARLES BRAGG

This summer about 1000 Lubbock farmers will fertilize, irrigate, plant, cultivate and plow up over 8 sections of cotton and grain. Expense, plus loss of income due to reduced production, would buy a dozen cadillacs.

About 400 of their neighbors will ask us to pre-measure their fields. We will measure the allotment out to the tenth of an acre, deduct ditches and turnrows, flag the rows where the fields end. Measurements are guaranteed. These men will gain full use of every acre, pay more income tax, buy more Bonds, etc.

We have six men working full time in the field now. We are behind, but will continue taking applications until May 1. Come see us.

Got a conservation problem and half enough money to solve

Half Million Are Engaged in Texas Manufacturing

Statistics regarding the stupendous, almost unbelievable growth of the Texas industrial colossus are impressive. In 1947 Texas had only 163,978 persons engaged in manufacturing. Today this number has ballooned to more than half a million. Which means there are more jobs, greater prosperity and a healthier more diversified economy resulting in better business all-around. More than \$4 billion was spent in industrial construction in Texas during the past ten years.

Texans are pausing during Texas Industrial Week, April 1-7 to salute and honor Texas industry which has been primarily responsible for the tremendous growth of Texas, both economically and in population.

Texas Industrial Week was created through a concurrent resolution of the Texas Legislature in 1951 and has been proclaimed each year by Texas governors to call attention to the contributions of industry to the economic development of the state and to the local community which have enabled Texas to grow and prosper.

In issuing the Texas Industrial Week proclamation, Governor John Connally stated that: "Industrial Week is a time to reemphasize that only through building and maintaining a good, warm, and inviting business climate can Texas continue its diverse and flourishing industrial development. Through the maintenance of a good business climate, Texas can encourage the creation of new job opportunities through industrial growth, resulting in more business, more trade, more income and more capital to invest."

Connally emphasized that "it is important that Texans understand and cooperate in dynamic action necessary to improve and keep our business climate good, warm and inviting. Texas must work consistently to improve the business climate through cooperation at the state and local levels, and through sound labor-management relations."

The statewide observance of Texas Industrial Week is sponsored by the Texas Manufacturers Association which conducts a competition among local chambers of commerce to recognize outstanding local observances of Texas Industrial Week.

Wheat Referendum Study Set Apr. 5

County Agent Lee H. McElroy and co-workers from some 20 other wheat producing counties will meet in Lubbock on Friday afternoon, April 5th, in the South Plains Electric Co-op Auditorium, 110 North Ave. A; News media personnel meet from 9:30 to 12:00; County Extension staff from 1:00 to 4:00.

A wheat referendum study will be conducted at this session. Similar meetings will be held in 6 other Texas cities, all conducted by a panel of A & M College specialists headed by John E. Hutchison, director of the Texas Agricultural Extension Service. In this series of meetings, agents will receive training and material which will prepare them to conduct needed educational programs that are designed to acquaint producers with all aspects - pro and con - of the referendum, the director said.

As in the past, county Extension agents will take no sides in this issue, but will present factual, unbiased information so that wheat growers can decide for themselves whether they wish to vote "Yes" or "no", Hutchison explained.

Bluebonnet Club Aids in Crippled Children's Fund

Mrs. H. V. Jarman was hostess Wednesday of last week to the Bluebonnet Club, with Mrs. Ford Stansell presiding. Committee reports were given, and the club made a donation to crippled children funds. Games were played, and refreshments were served to Mesdames Stansell, Sanner, Standefer, Wicker, Boyd, Smith, Teague, Patterson, Neilson, Edmondson, Rucker, Hodge, Lamb, Taylor and Jarman. Mrs. Standefer will be hostess to the group next Wednesday, April 10, at 2:30 p. m.

Mrs. Castleberry Hostess to Club

"Communism" was subject of the program presented by Mrs. Jackie Allred at the Monday meeting of the Centurettes Study Club, meeting in the home of Mrs. Harley Castleberry. Mrs. Wayne Preston served as co-hostess. Refreshments of cake, homemade ice cream and cookies were served to 16 members: Mesdames Wayne Banks, Tim Bourn, Jackie Haire, Jack Halliburton, Robert Heaton, Joe Holland, Joe Ross, Jerry Don Ross, Pat Taylor, Ralph Thorpe, Ray Wilkins, Randy Sanders, Tuney Basinger, Castleberry, Preston and Allred.

Miss Donna Beth Rainwater

Rainwater-Walker Engagement Told

Mr. and Mrs. J. V. Rainwater of Ft. Worth have announced the engagement of their daughter, Miss Donna Beth Rainwater, to David Earl Walker of Galveston. Walker is the son of Mrs. Paul Walker of 515 W. Garza St., Slaton.

The couple will be married at 8 p. m., June 15th, in Rosen Heights Baptist Church in Fort Worth, with reception in Victory Hall of that church.

Miss Rainwater is a senior at TWC and a member of Auis. Her fiancé is now with the Navy in Galveston; he formerly attended Texas Tech in Lubock.

Rev. and Mrs. Fred A. Ryle of the First Presbyterian Church here expect Mrs. Ryle's parents and brother to arrive later this week for several days visit. Her father, Dr. Elmer Lloyd Jones of La Mesa, Calif., is on the staff of Point Loma Presbyterian Church as educational director. The brother, Clarke Jones, has just finished boot training in the Navy at San Diego.

Mission Study Is Continued by Methodist WSCS

The Woman's Society of Christian Service of the First Methodist Church met Tuesday morning, April 2, in the chapel for the second session of the study, "The Christian Mission on the Rim of East Asia".

An oriental vase and lamp from China, an open Bible and an incense burner comprised the worship center.

The meeting was opened with Mrs. S. H. Janes and Mrs. Cecil Scott reading some Korean proverbs.

Mrs. W. C. Church read a meditation on the account of "Our Mission to the Rim of Asia and the World". Mrs. J. S. Edwards gave a discussion on Korea and its contributions to civilization and its ancient religions.

Mrs. Ross Pierce told a Korean story, "Sun Hee and the Street Boys". Mrs. W. S. McWilliams gave the life and works of Dr. Helen Kim, leading Methodist educator and former president of Ewha University, the largest woman's University in the world. Mrs. Randy Sanders listed Christian institutions of learning in Korea.

The group participated in a questionnaire on Taiwan and Korea. The meeting was closed with the singing of the Doxology.

Pre-Nuptial Courtesies Given Miss Catha Walker

First in a series of pre-nuptial courtesies planned for Miss Catha Walker was a kitchen-bath shower given Friday evening by Mrs. Clarence Heaton and her daughter, Miss Dana Heaton.

Miss Walker, daughter of Mr. and Mrs. Joe S. Walker, Jr., is the bride-elect of Norman Maples, son of Mr. and Mrs. W. N. Oats.

Education Movie Shown to Catholic Daughters at Meet

The Catholic Daughters of America met March 30 in St. Joseph's School Cafeteria with Mrs. A. W. Steffens, vice-regent, presiding over the 41 members in attendance. A movie on education, "Who Is My Neighbor," starring Danny Thomas, was shown following the business session.

Mrs. Louis Mosser gave the report for the sick committee. Included on the April committee are: Mrs. Paul Mosser, Mrs. G. B. Nesbitt, Mrs. Nick Neu, Mrs. Elizabeth Philipp and Miss Dora Pinkert.

Elected to the nominating committee were Mrs. Walter Lee Bednarz, chairman; Mrs. Albin Kahlieh, Mrs. Louie Melcher, Mrs. Rose Johnson and Mrs. Frank Kitten.

Mrs. W. H. Farschan, legislation chairman, presented a brief program and encouraged members to exercise their right to vote. Members were urged to order the free "Personal Citizenship Guide" from Mr. H. C. Marsh, Director Public Affairs, Phillips Petroleum Co., Bartlesville, Okla.

Guests were Ronda Pettigrew, Nancy Johnson, Joanne Thomas, Ann Wright, Janice Winn, Linda Jones, Linda May, Conda Wyatt, Canzada Lee, Olivia Sanders and Sharon Perdue.

Others included Doretta and Diana Schuette, Betty McSween, Nelda Ray, Nancy Anderson, Gerry Clark, Charlene Kitten, Pam Stansell, Janice Hill, Joyce Gamble, Jane Thompson, and Melinda Clifton.

The hostess gift was a sugar and creamer in the honoree's chosen pottery.

BRIDAL LUNCHEON

The Gold Room, Hemphill-Wells, was the scene of a bridal luncheon honoring Miss Walker Saturday. Hostesses were Mesdames Howard Hoffman, J. S. Edwards, Jr., and Glenn Payne.

Pink carnations and azalea centered the luncheon table where places were marked for Ronda Pettigrew, Nancy Johnson, Joanne Thomas, Ann Wright, Janice Winn, Linda Jones, Olivia Sanders, Sharon Perdue, Jane Thompson, Dana Heaton, the honoree, and her mother, Mrs. Joe Walker, Jr.

A silver tray was a gift of the hostesses.

Mrs. Schlueter Is Study Club Hostess

Mrs. M. M. Schlueter was hostess to members of the Daughters of the Pioneer Study Club Monday evening in her home, 810 South 22nd St.

Mrs. John Morris, president, expressed thanks to the members who assisted with the final "Stop Polio Sunday".

Program speaker was Mrs. Alex Webb, who discussed "Superstitions, Goblins, and Ghosts". The magic of familiar things was featured in Mrs. Webb's talk taken from the book, "The Soup Stone".

An Easter motif was featured in refreshments served to Mesdames R. E. Ayers, B. N. Ball, Martha Brown, Don Crow, Leroy Holt, Morris, Howard Hoffman, Greeley Myers, Jack Nowlin, Cecil Scott, Bill Smith, Joe Walker, Jr., Webb, John H. King, and a guest, Mrs. J. E. Vickers.

The next meeting will be in the home of Mrs. Rush Wheeler.

Mrs. A. L. Schwartz has returned from a visit with her daughter and family. Mr. and Mrs. Cecil Smith, of Chatanooga, Tennessee. The Smiths have a new son, Michael Allen, born March 12th.

LET'S ALL VOTE FOR WILLIE HEINRICH FOR School Trustee SATURDAY, APRIL 6th

Willie was raised here, went to school here and has proven himself a successful business man by his handling of his own business.

He has been a willing worker on several nonpaying public boards, devoting his time and effort for the good of the community.

In our opinion, we could not elect a better addition to our already excellent board of School Trustees.

This advertisement paid for by Citizens interested only in the good of the Schools.

First Soybean Variety for West Texas Is Developed by Foundation

Dr. Earl H. Collister, director of the High Plains Research Foundation, has announced that a new improved soybean variety has been developed in the breeding program at Halfway. This is the first variety to come out of the Foundation's extensive

FARM NOTES

breeding and improvement program on soybeans for West Texas. The new variety has been accepted by the State Seed and Plant Board for certification under the state seed program. Field plots to increase the new soybean variety will be conducted in cooperation with farmers throughout the High Plains area this year.

Dr. Collister stated that the new soybean variety has been named HINN in honor of Mr. Harold Hinn, one of the founders of the High Plains Research Foundation, and who has served as the chairman of the Board since its organization some six years ago. In commenting on the selection of the name for the new variety Dr. Collister stated that "all of the Trustees of the Foundation unanimously approved naming the variety after Mr. Hinn who has given such

Local Salesmen Given Company Selling Honors

Louie Melcher & Sherman Seitemer have been awarded Chevrolet Motor Division's highest selling honor.

These members of the sales staff of Doc Crow Chevrolet were named to membership in Chevrolet's "Legion of Leaders" Honor Club at a special award banquet attended by fellow members from the Division's Oklahoma City Zone. This is Melcher's tenth and Seitemer's first entry into the select group of Chevrolet salesmen.

For over a quarter of a century Chevrolet has recognized its leading salesmen, the first "Honor Organization" inaugurated in 1926.

Becker to Attend Meeting, Ruidoso

Charles Becker, service station manager for Humble Oil & Refining Company in Slaton will attend the 9th annual Humble Manager's Convention in Ruidoso, New Mexico Monday and

devoted leadership to the Foundation through the years." Seed produced by the Foundation this year will be released to certified seed growers on or about January 15, 1964. Certified Seed Growers will then produce certified seed during 1964, which will be released to farmers for planting in the spring of 1965. The Foundation at Halfway will be responsible for maintaining a pure source of Foundation seed for Certified Seed Growers.

In commenting further regarding the Hinn variety, Dr. Collister stated that in tests conducted at the Foundation, it was superior in many respects to the commercial varieties now available for use. One of its outstanding characteristics is the ability to hold the seed in the pod under adverse weather conditions. This inherent shatter resistance and high seed yielding ability make it an outstanding variety for use on the High Plains.

The HINN variety was developed in the Foundation's accelerated research program which is conducted in the greenhouse, laboratory, and field plots. Mr. Barry Love and Paul Belcher are conducting the Foundation's soybean breeding program with Dr. Collister.

Tuesday, April 8 and 9, according to announcement from the Houston headquarters of that firm.

He will join approximately 300 other Humble service station managers and sales representatives from Texas, New Mexico and Arizona at the two-day meeting to be held at the Chaparral Hotel. Keynote speaker will be Mr. H. L. Wilson, Sales Manager, of Sales-Sonics, Inc.

During the convention, presentations will be made on Humble's 1963 advertising, sales promotion, and merchandising plans, new product developments, and customer service techniques. Clinics will be held on tires batteries, and accessories; motor oil and lubrication; cleanliness; and business analysis.

The purpose of these yearly meetings is to provide product and marketing information which will help Humble service station managers give better service to their customers.

Typewriter and adding machine ribbons for all make machines. Available in Slaton at The Slatonite.

Twenty-Five Are Added to Slaton Newcomer List

At least 25 new Slaton residents are revealed in the month-end Newcomers Report issued by the Slaton Chamber of Commerce.

DICK AND RUTH HARTMAN, living at 1130 W. Lubbock, come from Tulsa, Okla., where they had lived for more than 12 years. They have two children, Becky, 12 years old; and Roby, 10 years old. Hartman is manager of C. R. Anthony firm here.

WAYNE AND DELSIE COBB, at 930 W. Lubbock, come from Odessa; and he is employed as assistant manager of the local T. G. & Y. store.

MIKE AND GIVEN GODFREY, from Post, live at 425 N. 5th, and he is employed as a mechanic at the Slaton Motor Company. Children are Carla, 5, and James A., 1 year old.

HOWARD AND LILLIAN PRICE, 120 W. Geneva, move from the Acuff community

where they had resided for 10 years. Price is retired, and a daughter, Ann, is employed in Lubbock but lives in Slaton.

WILLIAM AND BETTY AURY, 340 S. 5th, come from Lubbock. He is an interstate truck driver with the S. B. Campbell Trucking firm. Children are Cynthian, 13; Danny, 10; and Barbara, 10 years old.

ROY AND BURNS KENDRICK are newlyweds living in the Wicker apartments on South 20th Street. He is employed by the Red Barn Chemical Company.

DONALD AND NORMA TOWNSEND, come from a 10-year residence in Lubbock where he is employed as a dockman with Fremont Dairies. They live at 555 W. Crosby. Donald, Jr., 8 years old, is the one child.

RAMOND ROLFE and DEAN DANIELL also are listed as newcomers, with no other information available.

Everything for the office. The Slatonite.

FREE AIR

AT M & S SERVICE STATION

For making a man repent his sins, there's nothing quite as convincing as catching him.

People who refer to things as "dirt cheap" never owned a garden.

When a woman was asked her age, she replied; "I was 18 and my husband 30 when we were married. Now he is 60 or twice the age he was when we married. So — I'm 36."

In these days of automation, perhaps we can replace the ladder of success with an escalator.

A man is judged to be great because of positive qualities, not because of the absence of faults.

There's a Friendly Church Near You advertisement with a church illustration.

A Flag Is Born
In a little home in Philadelphia the ideas of several American patriots were made a reality by the nimble fingered seamstress, Betsy Ross, and a flag was born, emblem of a nation that was in the process of formation. It was a beautiful emblem and it came to mean much to the oppressed; to those seeking a land where there would be opportunity for all. The Nation that flag symbolizes has had many trials and has faced grave perils. It has had other things besides armed might to sustain it. Its leaders have relied upon prayer. Washington at Valley Forge, Lincoln after Antietam, prayed and the Nation came through. If prayers availed in the past they will serve in these critical times. Regular attendance at your favorite church will aid in establishing the right relationship with the Creator so that our continued prayers will avail

In King, Editor
Slatonite
Texas

I have been asked by a Slaton Citizen to write set forth more complete relative to a letter from Mr. Wood to Senator John er, which you printed on ch 15, 1963 issue of the Slatonite.

I have written to edi- sors of the other news- carrying similar articles, to the GOP is not the resentment to the ar- some of the programs ned were administered oth the present Demo- Administration and the Republican Adminis- It is inconceivable that who owns and operates and ranch containing nately 1400 acres, would contribution of only o further the efforts osten political party. We he is gloating over the on he has received in srs for a mere \$13.44. records of the Crosb- ASCS office indicate that d signed his "Intentions inate" in the 1962 wheat ion Program on No- 13, 1961. He signed an tion for Final Pay- n January 29, 1963 mak- m in the amount of his share of the pay- r reducing the wheat by 3.2 acres. Therefore, records, Mr. Wood in- his desire for the pay- two separate occasions, records further indicate Wood was paid \$350.00 hares for carrying out ice of controlling mes- 70 acres of his range- 958. In 1954, \$239.30 was ost-shares for the pre- onstructing terraces on Under the 1956 Emer- eed Program. In late early 1957, Mr. Wood government assistance

in the amount \$4852.20 toward the purchase of livestock feed. It's a pretty good bet that (Mr. Wood) was smart enough to get the publicity he desired for a mere \$13.44 and kept the \$5441.50 for his own benefit.

The statement of Mr. Wood that "the boys at the local ASC offices actually go out and 'beg' farmers and ranchers to accept this and that give-away deal from their offices" is simply not true. There has never been anyone representing the ASCS (formerly ASC and PMA) to visit his or anyone's ranch or farm to "beg" or even request that they accept a payment of any kind. It has never been necessary to "plead" with anyone to secure participation in the Agricultural Conservation Program. Funds have been limited and each year we have had more requests for cost-shares than we have been able to approve. Our visits to Mr. Wood's ranch have been limited to compliance checks of program provisions.

The article, has probably served the purpose for which it was intended. News stories of this type can serve no useful purpose. They can only create confusion and distrust. We hope you will take action to get the true facts in this case to your readers.

Sincerely yours,
G. J. Parkhill, Jr.
Chairman, Crosby County ASC Committee

(Editor's note: We thank you, Mr. Parkhill, for your most enthusiastic letter. It was refreshing finally to receive a bona fide, signed, letter on this matter, after the many requests this paper has received to print a similar message, UNSIGNED. It seems that some of the modest folks who didn't care for their own name to appear in the Slatonite finally prevailed upon you to carry their torch.

The letter above is re-printed verbatim, with exception of several phrases which even this naive editor suspected were

Resident Dies

Mrs. Trula Boyd Jones, 70, sister of Mike Boyd of Slaton, died Friday, March 29, at the St. James Hospital in San Angelo.

Services were held Saturday afternoon at the Day Memorial Methodist Church in San Angelo, with Rev. David Brantly, pastor, officiating.

Other Slaton relatives include John Clay Foster, grandson and Willie Jones, step-son.

Mrs. Jones also is survived by her husband, W. W. Jones; a son, Tom Bloodworth, of San Angelo; two daughters, Mrs. Laverne Mastel of Portland, Ore., and Mrs. Marie Saunders of Abilene; a step-daughter, Mrs. C. E. Hambricht of Stephenville; three sisters, Mrs. W. A. Erwin, Stephenville; Mrs. S. W. Mitchell, Gatesville, and Mrs. B. U. Perkins of Wichita Falls; two other brothers, Willard Boyd of Devine and James Boyd of Gatesville; 12 grandchildren and 14 great-grandchildren.

Mrs. Sug Robertson is reported improving rapidly from major surgery performed last Thursday at the Methodist Hospital in Lubbock.

Bill Eads of Carlsbad, N. M., visited in Slaton last week. He is a Slaton High School graduate of 1932.

libelous, and there are very clear laws on libel, and we don't care to be "taken in" to the extent that we are scorched or more likely burned!

Never a week passes but what this paper has to "weed out" information forwarded to it. We can excuse bad taste, errors of judgement and over-enthusiasm, but we're steering away from the greater errors, whether the copy is signed by a faithful employee of a government bureau or by John Doe. We know that you appreciate our discrimination, as you state in your last paragraph a definite affinity for censorship.

Sincerely, Ed.)

to take this means of expressing our deep appreciation for all kindnesses extended during the recent illness and bereavement of our dear relative. We shall especially remember all our Slaton friends who sent letters, flowers, and otherwise made the difficult hour easier. May God's richest blessings be with each of you.

"She was a kind and loving mother.
A Sister by our side;
She is a shining angel now,
With God across the tide.
She walked with Christ from day to day
And took Him home with her to stay
Until the day God called her away
To live with Him forever"
Mr. and Mrs. Mike Boyd and family

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

"Hi Pardonner" . . . have you Longhorn State?
suggested a slogan for "The Better get your pencil and
the two words we used in

paper out and start thinking. Everybody's doing it!
Reason is, there's a bill before the Texas House of Representatives calling for a slogan to be imprinted on our auto license plates. Three choices are given in the bill. They are "Lone Star State", "Vacation State", . . . and "Texas Has Everything."
Latter slogan was sent in by a newspaperman, Bob Bray, publisher of the Marble Falls Highlander.

Come to think of it, what's wrong with "Hi Pardonner" — the two words we used in

starting this column? Sounds like the friendly welcome of a Texan. . . in state or out of state.
Cost of adding a slogan to the Texas tags would run only about \$150. Or just the cost of new dies.

UP IN THE AIR
Activities of state agencies in aeronautics filled the air in two recent meetings of the House Committee on State Affairs.

Rep. Ben Barnes of De Leon got a hearing on his bill to abolish the Texas Aeronautics Commission. It is asking \$436,000 for the next two years. Commission has been created by some opponents of the bill with helping create landing strips in smaller communities. Rep. Gene Hendryx of Alpine favored abolishment of the commission.

He said citizens of his town built their own airstrip with \$4,000 of local money, without any government aid except for use of some county bulldozers.

Land Commissioner Jerry protested a bill by Rep. Roy Arledge of Stamford which would force all agencies except the Texas National Guard, Texas State Guard, and the Department of Public Safety to sell all "executive-type aircraft" with more than 250 horsepower.

Sadler said the Arledge bill was aimed mainly at the Land Office. He insisted the State Land Office needs an airplane for aerial surveys of state land.

ANNEXATION COMPROMISE
Municipal annexation bill, as passed by the House, is considered a compromise by the Texas Municipal League. Ditto for interested industries — including the Texas Association of Home-builders — that have been on the other side of the fence.

Straddling the fence during the four days it took the House to pass on the bill written by Rep. Henry Grover of Houston, and rewritten by Rep. Jerry Butler of Kennedy, were enough representatives to decide the matter for one side or the other.

Several votes indicated the cities might win the right to

annex additional territory in a manner they consider reasonable. Other votes indicated the industrial pressures would be the winning factor.

Finally, 130 House members decided Grover's bill was good enough to send to the Senate as a "workable vehicle" for a joint conference committee. But 14 felt that it still wasn't fair either to cities or to rural people living on fringes of the cities.

Main point in contest still seems to be: How much authority should cities have over surrounding areas subject to annexation?

As it stands, cities would be limited to setting "minimum standards."

AUTO INSPECTION DEADLINE
Col. Homer Garrison Jr., director of the State Department of Public Safety, has sent out a reminder to Texas drivers who do not have their 1963 auto inspection stickers that April 15 is the deadline.

If Rep. Terry Townsend of Brady has his say the \$1 auto inspection fee will be raised to \$2. But Rep. George Richardson of Fort Worth said he will oppose any increase.

CROP INSURANCE
Farmers will get more liberal crop insurance coverage under revised policies and rates issued by the State Board of Insurance. New plan eliminates the controversial mechanical-harvesting clause pertaining to cotton.

Revisions were requested by both wheat and cotton growers. Coverage will be available under economically-priced "escalator" and "step-ladder" forms, as well as "board forms" policies.

GOVERNOR'S APPOINTEES
Frank C. Erwin Jr., Austin attorney, was named by Governor Connally to the UT board of regents, to replace Judge W. St. John Garwood, also of Austin, whom the Senate earlier refused to confirm.

Jack Kultgen of Waco his choice as State Highway Commissioner. He replaces Charles Hawn of Athens, whose term has expired.

Rev. C. A. Holliday, Negro minister of Fort Worth, has been named by Connally to a six year term on the Texas Board of Corrections. He succeeds John S. Justin Jr. of Fort Worth, this is the first time a Negro had been appointed to the board.

Connally re-appointed to the Board of Corrections J. M. Windham of Livingston and Jack Vaughn of Dallas.

Dr. J. A. Chatman of Lubbock, Joseph A. Scott Jr. of San Antonio and Rev. Martin Griffin of Waco were assigned to the Texas Southern University's Board of Directors. All are Negroes. They replaced J. M. Odom of Austin, Mack H. Hannah Jr. of Houston and the late Dr. Everett H. Givens of Austin.

Mrs. Jack T. Bowman of San Antonio was appointed to the Board of Regents of Texas Woman's University. Mrs. John

County Man Named Thursday, April 4, 1963 Director of State Safety Association

Fourteen persons in the Lubbock area were elected to offices in the Texas Safety Association that convened March 31-April 3 at the Rice Hotel in Houston.

Over 1,000 persons were present at the General Assembly and Annual Association Meeting where the 1963-64 Officers of the Association were elected.

W. E. Medlock, President of the Medlock Company, Inc., Lubbock, was re-elected Regional Director General for the Lubbock Region, TSA.

Safety experts from throughout the state and nation gathered for the three-day conference on accident prevention.

Approximately 1,050 persons registered for the 24th Annual Texas Safety Conference and Governor's Highway Safety Conference. The three-day affair, sponsored by the Texas Safety Association is the largest safety conference held annually in Texas and one of the largest accident prevention meetings held in the United States.

Theme for the 24th Annual Conference was "Safe Men - Safe Methods - Save Money."

TAKES SPECIAL SCHOOLING

John E. Todd, Jr., ATR2, has been visiting his parents here, leaving late last week for Norfolk, Va., where he will attend a crypto repair school for a six-week period.

Todd has been stationed at Port Canaveral, Florida, for the past nine months. He entered the service in February of '62.

Hazelwood of Amarillo was re-appointed.

To the Texas Tech Board of Regents the governor named Herbert Allen of Houston and Roy Furr of Lubbock. He re-appointed Harold Hinn of Dallas.

LEGISLATIVE WIND-UP

Governor Connally and House Speaker Byron Tunnell seem to agree that the 58th Legislature should wind up its business before the May 27 deadline. This should please the Legislators. They stop getting the usual \$12 per day living allowance 20 days before that deadline.

But many are afraid the loan shark bill may hold them here.

Need desk trays, blank pads to bring your office up to date? Call VA 8-4262 for prices on enlarged supply of office supplies.

ATTORNEY GENERAL SLATES LUBBOCK TALK
Attorney General Waggoner Carr will be the principal speaker at the annual convention of the Texas State Junior Classical League to be held on the campus of Texas Technological College on April 6. Hosts for the convention are the college and Monterrey High School. General Carr will speak to the general assembly at 8:30 a. m.

Job printing is a fine art at the Slatonite. Rush orders are welcomed. Phone VA 8-4209.

You expect more quality for your money at Anthony's — And You get it!

SPEED MERCHANTS!

:::The little lady will pass them all with her bedroom telephone...every time!

Across town or across the continent, there's no faster way to get from one place to another than by telephone. Just spin the dial and seconds later you're talking.
This almost "instant" communication is made possible by a continuous flow of service improvements.
Modern equipment automatically guides your call to its destination. If one voice pathway is busy, electronic

equipment routes your call another way — in fractions of a second.
These and many other improvements add up to greater speed, convenience and reliability. Our never-ending goal is to improve your telephone service and make it more valuable to you.

Making telephone service better to serve you better

SOUTHWESTERN BELL

THE LOSS OF FREEDOM IS NO LAUGHING MATTER

Does it shock you to know that in Russia and Cuba most all business and industry, including electric service is owned or rigidly controlled by the state?

No, it doesn't—because you really expect that of a dictatorship.

But, here's a fact that will shock you! In 1935, YOUR federal government produced less than 1% of America's electric power. TODAY THIS FIGURE HAS CLIMBED TO 15%—and advocates of government-in-business press constantly for more.

Is it wise to let your federal government continue on a course that promises not less but MORE government ownership and control?

The loss of freedom is no laughing matter.
