## High Schoolers Have Fun Annual Western Day Celebration

Price and Dale donkey. Ab Wright won the beard contest and Gene Talbert and Rose Marie Phillips were named best-western dressed boy and girl.

The day also included a meal of barbecued beef and two assembly programs, one during the morning and the other during the afternoon featuring local talent, The Sla-Tons, The Sharps of Lubbock, and others. The dance that night was played by the Sla-Tons and featured Gene Ebens, a recording artist from Lubbock.

WESTERN DAY KING AND QUEEN

Jeannette Price and Dale Burleson were selected Western Day Queen and King, it was announced in last Friday's assembly program during the annual celebration. Miss Price and Burleson won over entries from each class in all-high school voting. (Kertan Studio)

## Girls Summer Program Meet

A meeting will be held at 7:30 p.m. Monday, May 16, in the Junior High building for the purpose of getting the 1960 Girls Summer Program activated.

Election of officers and selection of a program for the summer will be taken care of at the meeting, to which all interested persons are invited. Children are welcome to accompany their parents.

Girls ages 9 through 15 are eligible to take part in the program.

Registration will not be handled at the meeting, only such items as mentioned, plus naming a director. Slatonites were urged to attend the meeting to help get the program started as activity is late getting under way now, representatives said. Marlee Holloman is president of the organization and James H. George is vice-president.

## Proposal Defeated In Three Of Slaton's Four Voting Wards

In a comparatively light vote Tuesday, Slaton voters turned down a proposed amendment to the City Charter, 458 to 256.

The proposed charter change would have altered the method of electing City Commissioners. For years, commissioners have been elected from each of four City wards with voters in the wards voting on commissioners for their ward only. The charter amendment would have allowed all city voters to cast their ballots on all candidates, electing them to represent the city at large instead of a particular geographical ward.

The offering was turned down by voters in three of the City's four voting wards with only Ward Two, northwest Slaton, supporting the proposal, 87-59. It was close in Ward One, where the measure failed by three votes, 114 against to 111 for.

Ward three had the lightest

vote as only 57 balloters made the trip to the polls. In that ward, the amendment was defeated, 43 to 14.

In Ward Four, where the heaviest balloting took place, it went down to the tune of 242 against to 44 for. This ward is heavily influenced by Negro and Latin-American voters, who were opposed to the amendment because they saw it as an attempt to keep representatives of their races out of office. Last month, the ward elected a Negro commissioner, L. L. Dixon.

The total turnout of 714 voters was light when compared to the potential vote in the city of probably well over 2,000, exemptions and all. No one knows for sure exactly how many exemptions there are in Slaton as exemption certificates are not required in cities of less than 10,000 population.

## Water Situation Liked By City

Water supply came in a favorable discussion at tonight's meeting of the commission.

The maintainer presently operated by the city, which was described as not being large enough to handle some important jobs, will be traded in. The commission bought a 1960 Ford pickup from Slaton Motor Company for use in the Water and Sewer Department. The firm had low bid of \$1,527.73 and trade-in as compared to \$1,583.00 and trade-in from "Doc" Crow Chevrolet. Commissioner Harry Stokes, a partner in Slaton Motor Company, refrained from voting in this action.

The commission instructed George Willis, Water and Sewer Department Superintendent, to tell Mrs. C. C. Wicker that half the cost of extending water line to houses just west of her residence, on South 20th, must be paid by her since she has been in the City Limits only since December 22, 1958.

The commission also voted to commission Melvin Childers of Lubbock as a new patrolman in the Police Department at the request of Police Chief Eugene L. Martin. It was also decided to have the Annual City Awards Banquet sometime in June with City Secretary J. J. Maxey as chairman. See Talked Page five

## Organization Of Dale Carnegie Course Here Is Nearly Complete

It was reported today that enrollment is almost completed for the first Dale Carnegie Course to be held in Slaton. The fourteen-week Dale Carnegie Course in personal development and leadership training is sponsored in Slaton by the Methodist Church Board of Stewards.

Although the Dale Carnegie training is truly international in scope, with over 750,000 graduates, this is the first time that it has been offered in Slaton. The class will meet one night per week for fourteen weeks in the Fellowship Hall of the First Methodist Church. Although frequently billed as a "public speaking" course, graduates report that the courage and self-confidence they gained, the skills in dealing with people they developed and the memory training for names and faces they practiced are equally important.

Joe Hood, representative from Lubbock, reported that enrollment is limited to 44 persons due to the money-back guarantee offered anyone dissatisfied with the training. The remaining vacancies will be filled Thursday night, May 12th at 7:07 p.m. in the Fellowship Hall of the First Methodist Church. Interested persons are urged to contact Joe Hood at the Slaton Slatonite for further information before the class is filled.

## All-Day Working In Southland Cemetery Set

SOUTHLAND—There will be an all-day working Monday, May 16, at the Southland Cemetery.

Mrs. Hub Haire, president of the Southland Cemetery Association, urged everyone to be there, ready to work, or to send someone, "as we want all who are interested to have a part in making our cemetery beautiful for our loved ones. See you Monday."

## Senior Play To Be Given Tonight

Tonight is the night for "Terror in the Suburbs," a play to be given by the members of the senior class. It will be held in the Slaton High School Auditorium at 8:00 p.m. Admission is 75c and 50c.

Members of the play cast are Donna Wilke, Maxine Moore, Karen Henry, Neida Brooks, Suzie Cooper, Randy Sanders, Sharon Boyd, John Dodson, Ronald Mangum, Carolyn Eater, George Privitt, the body, and the six strangers.

Roy Strube is the stage manager and Charles Eanes is in charge of sound effects.

## Go-Kart Races Slated Sunday

Go-kart races will be held at the Slaton track, just south of town, Sunday starting at approximately 1:30 p.m.

Slaton Go-Kart Club members reported that several out of town clubs will be represented at the races.

Leo Henzler and Don Bourn will be giving free kart rides to interested persons after the races, they announced, and the races will be conducted with all safety precautions.

## LUBBOCK MAN SPEAKER

Chester Williams of Lubbock, water engineer, gave the program at Tuesday's meeting of the Slaton Lions Club.

Williams spoke on present water facilities here, future needs, etc.

# Slaton Follows State Pattern In Democratic Primary

Boxes, for the most part, along with the rest of the state in re-electing incumbent last Saturday's Democratic primary.

The only race of note was for Constable of Ward Two, where incumbent Meurer was swept back by C. C. (Cliff) Weaver, again campaigning as a candidate only a few days before election. Weaver drew a total of 378 votes while Meurer got 957. There was one write-in for Joe L. Kitten. Slaton boxes gave Governor Daniel a 696 to 367 win and, surprisingly, endorsed Attorney General Will Wilson. It was close, though, as Wilson won Slaton's votes 492 to 489 for Waggoner Carr of Lubbock. Robert L. Looney drew 55 Slaton ballots.

Across the county, Daniel got 12,743 votes to 7,193 for Jack Cox. Carr took Lubbock County heavily, receiving 13,056 votes to 5,909 for Wilson and 829 for Looney. Slaton favored Homer Hensley in the State Representative, though, as Edwin H. (Ed) Boedecker took 489 votes to 474 for J. Collier Adams. Adams was elected however, in a close race. He received 9,866 votes throughout County to 9,012 to Hensley and Quilliam will be in

a runoff election June 4. Taking the county as a whole, Quilliam got the most votes, 8,372, to 6,664 for Hensley and 4,477 for Jones. This community lost its votes in the other representative race, though, as Edwin H. (Ed) Boedecker took 489 votes to 474 for J. Collier Adams. Adams was elected however, in a close race. He received 9,866 votes throughout County to 9,012 to Hensley and Quilliam will be in

borough, 39 to 33. Box-by-box, here are the results in Slaton's three boxes in races of interest. For Governor: Box 26, NW Slaton, Daniel, 180, Cox, 79, Box 27, East Slaton, Daniel, 203, Cox, 128, Box 28, SW Slaton, Daniel, 313, Cox, 160, Box 19, McClung, Daniel, 39, Cox, 34, Box 25, Posey, Daniel, 57, Cox, 30, Box 29, Roosevelt, Daniel, See Slaton Follows Page 4

For County Clerk, as did the remainder of the county. Mrs. Swenson got 704 votes here to 242 for P. L. Lewis Crossley. Mrs. Swenson won the race, 14,961 to 4,268. All boxes in the Slaton area went for incumbent Lt. Governor Ben Ramsey but one, McClung, which favored Ya-

# Mercy Hospital Constructed As Result Of Community Co-Operation

This week, May 8-14, has been proclaimed Hospital Week in Texas by Governor Price Daniel. Slaton's Mercy Hospital, which will have been in existence 31 years this November, would be included among those mentioned in that part of the Governor's proclamation which said, "In order to keep pace with the rapid expansion of medical knowledge, hospitals must more than ever depend upon community interest, support, and understanding to be able to continue offering the best care for all people."

Mercy Hospital was dedicated on Wednesday, November 27, 1929, after sincere effort and work on the part of members of the community and the Catholic Church.

For the hospital's history, let's quote a November 25, 1929, special hospital edition of The Slatonite, "Going back to a very hot day in mid-August, 1927 we find a delegation of Slaton citizens in conference with Father O'Brien. Those citizens were L. A. Wilson, J. W. Hood, W. E. Olive, J. T. Overby, S. E. Staggs, H. D. Talley, J. W. Nesbit, and L. J. Strube. Fr. O'Brien was then only one month in Slaton. He promised the delegation that he would do his utmost to get some Sisters to build a modern, up-to-date hospital in Slaton. The citizens promised him their heartiest co-operation. They would donate a site, raise a bonus, and put pavement to the new hospital. About a year later, July 12th to be correct,

Hospital, shown here in a picture taken several years ago, is honored this along with other Texas hospitals, as a result of a proclamation by Governor Daniel naming the week May 8-14 Hospital Week in Texas. The governor's proclamation points out the need for communities to express interest in and give support and understanding to their hospitals.

## Miss Your Paper? Uncle Sam Got Smart Alecky!

Was your paper late last week? Part of the blame, at least, must be shouldered by the Republicans!

We, of course, were at fault too. We didn't fill out one of those bureaucratic Republican forms telling the Post Office how many papers we had mailed, where they went, how many pages they had, how much they weighed, and how much advertising was in them for the month of April. Of course, we had been even later filing the report in the past and had experienced no difficulty with the past boss of the local P. O. But this time recently-appointed acting Postmaster Barry Ford decided you didn't need to get your paper on time, issued orders for them not to be mailed and proceeded to go golfing (obviously eyeing the Presidency). Besides, he must have concluded, there was just too much advertising in the paper on behalf of Democrats, last Saturday being the Democratic Primary and the last issue candidates could use for advertising.

Never you fear, though, such censorship of the press will not be condoned for long by any Congressman we know. You can count on it, this little incident will not be un-heralded to them either.

# STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

Tex. - Texas Highway with State Highway funds has been okayed by Attorney General Will Wilson. State Controller questioned the legality of using road-use tax revenue for non-highway purposes, and the Attorney General's opinion as to legality was requested.

Actually, the brochure sticks pretty close to the road. It contains a map of the Texas highway system, tells about traffic laws and highway markers and makes a strong appeal for safe driving.

Its publication was declared legal on grounds that to refuse authorization would, in effect, declare unconstitutional the amendment approved by the people to allow advertising of Texas with state funds.

Expense of the brochure, said

Wilson's opinion, "will be refunded to the highway program many times due to the great increase in automobile travel and the resultant increase in gasoline taxes."

Tourist spending in Texas dropped by \$100,000,000 last year. This has been attributed by many to the fact that other states have advertised vigorously while Texas has not.

TEACHER TRAINING STUDIED State Board of Education is considering proposals for revising requirements for education of public school teachers. Decision is to be made next summer.

Suggestions include:  
1. Requiring all teachers to take 18 semester hours in education courses.  
2. Requiring elementary teachers to take 18 hours in subject matter and skills to be taught plus another 18 hours in related areas. An optional plan would be 24 hours in one subject and 18 in another.  
3. Requiring future teachers to spend six semester hours of practice teaching. It was suggested that this requirement could be set aside for persons with a college degree and three years actual teaching experience.

DONT TAKE IT EASY -- Biggest problem in driving on the new long, straight, controlled-access highways is that it's too easy. Drivers get bored, inattentive, sleepy.

"Rhythmic hum of powerful engines mile after mile... soft rumble of tires can duce a decided hypnotic effect," says the State Health Department Bulletin.

It suggests these ways for a driver to keep awake and alert: (1) Watch for police cars. (2) Chew gum -- a full pack at a time. (3) Sing loudly and talk to yourself out loud, or to a passenger. (4) Drive in your stocking feet. (5) Sit on something hard. (6) Keep moving your eyes. (7) Don't overeat before a trip. (8) Make periodic stops.

Finally, says the Bulletin, if you get sleepy, the only real cure is to pull off the road, stop, and go to sleep.

It cautions against artificial stimulant and dripping after taking tranquilizers and antihistamines.

WHAT'S A BOMB? -- Anyone who buys a jar of gasoline for his lawn mower could be accused of violating the state's anti-bomb law, a Dallas labor lawyer argued before the Court of Criminal Appeals.

His client was convicted of a jar of gasoline with a rag stuffed in the top for a wick.

In the case at issue, the bomb was exploded in the driveway of a non-striking employe during a Dallas labor dispute.

Dallas assistant district attorney disagreed with the charge that the law involved is unconstitutional. He said the statute makes it clear that possession of gasoline for use as a fuel is legal, but for use in bomb making it is illegal. He said the law had been upheld seven times by the Court of Criminal Appeals and twice by the U.S. Supreme Court.

TRAFFIC COURTS URGED More and More attention in Texas is being given to plans for setting up courts of record to try traffic cases only.

Lawyers and law enforcement officials have been concerned for years. Public interest was suddenly sharpened this year when the State Board of Insurance adopted automobile insurance rates tied to the driver's traffic violation record. People who had been paying fines rather casually began to wonder what kind of shake they could get if they went to court over a ticket.

A State Bar Association committee has suggested a two-pronged plan -- one for rural and one for metropolitan areas. Under this plan, county seats with 50,000 or more population would set up a city traffic court of record. Less populous areas could set up a county-wide traffic court. City judges would be appointed, county judges elected.

In each case, the new courts would be restricted to traffic cases, and usual corporation and justice of the peace courts would continue to function.

University of Texas Law School Dean Page Keeton has suggested that county traffic courts be set up so that appeals could go directly from them to the Court of Criminal Appeals.

SECOND GAS TAX UPHELD State Supreme Court has ruled the state has a right to collect a tax on gas when it is taken from the ground a second time.

Francita Gas Company had been taking gas from the ground in Jackson County, running it through a cycling plant and then re-injecting it into the ground.

It paid a tax for the first extraction, but protested state demand that it pay again when it took the gas out again. Supreme Court held the company had to pay the "7 per cent of fair market price" production tax for the second extraction.

Take therefore no thought for the morrow; for the morrow shall take thought for the things of itself. Sufficient unto the day is the evil thereof. (Matthew 6:34)

While learning to drive an automobile, I often looked ahead and sometimes saw traffic problems. I then began to worry about how I would manage to drive through when I got to that place.

My husband, who was my teacher, always said, "Don't worry about the traffic ahead; watch what you are doing here. Those problems you see ahead will usually clear up before you get there."

### Chief Warns Against Following Local Fire Trucks

Chief of Police Eugene L. Martin had a warning for Slaton residents who like to "chase fire trucks" this week.

Chief Martin said it is a violation of a state law to follow a fire truck within 500 feet and also to park a car within a block of where fire-fighting apparatus is in operation.

Chief Martin said there was a problem recently when "light-seers" got in the way of volunteer firemen driving to the scene of the fire and cluttered up the area of the fire itself.

He asked the cooperation of residents of the community in giving firemen as much "room" as possible when going to and fighting a fire. If necessary, he said, the department will file charges against violators.

## Why Install a Gas Light?

If you are a home owner who takes justifiable pride in the appearance of his property... if you have a regard for the convenience and safety of folks who come to see you... and if you have a keen sense of economy as well as for things functional... then a Gas Light will be a satisfying addition to your yard.

Neighbors welcome its glareless illumination... insects give its soft, mellow glow a wide berth. And regardless of the architectural style of your home, gas lights provide an indefinable "something" that adds noticeably to the appeal of any residence, at an amazingly small cost of operation.

then, as stated, in November of 1929.

The hospital represented an outlay of \$180,000.00, at that time. It is constructed of reinforced concrete, with outside curtain walls of brick and tile. The exterior is a treatment of mingled shaded red brick, in combination with cut stone. The four-story, fireproof building has an ambulance drive at the front underneath a large arch. The most modern equipment of the day was installed and in use when the hospital first went into operation.

The Sisters of Mercy have operated the hospital since its inception.

Mercy Convent was built in 1951 and is the home for about 25 nuns, most of whom teach away from Slaton.

Recent improvements and new equipment include:

1951: Humidicrib Incubator.

1953: Westinghouse Elevator purchased and installed at a cost of \$22,000.

1954: Laundry wing added to original building and laundry equipment, storm windows on entire building, kitchen refrigerator.

1955: Electric low-high beds and other furniture for 2nd floor, sterilizer for operating

room, combination stove, refrigerator and sink for nursery, all new X-ray equipment, paving on 19th street.

1956: New lights in operating room, new operating table, main sterilizer, water distillery, office furniture, boiler for heating system.

1957: Deep-freeze, oxygen tent and resuscitator.

1958: More office furniture, cash register, electric adding machine and office remodeled, pavement on 20th street, air conditioners at end of halls and on 4th floor, ice maker, station wagon.

1959: New glass doors and metal frames at both main and emergency entrances, acoustical ceiling.

The hospital, which has received a grant from the Ford Foundation, has 30 regular employees and four part-time employees besides the Sisters. There are six staff doctors, two staff dentists and sixteen or more consulting staff. The present administrator is Sister M. Mercedes, R.S., a native of the South Plains.

Plans are currently being made and the architect's drawings are completed for a new addition to the structure. It will consist of an all-new electric kitchen, Sisters, guests and employees dining rooms and a walk-in ice box and store room.

**WHY DO CUSTOMERS QUIT?**

Why do customers quit? What causes customers to stop shopping at one store and start shopping somewhere else, sometimes at great inconvenience to themselves? What has happened to the customers who shopped with you at least once last year but have not returned or who return very infrequently? Last month the Chicago Sales-Marketing Executives Club listed the following reasons for customers quitting:

- 1 per cent—Die
- 3 per cent—Move away.
- 5 per cent—Make other friendships.
- 9 per cent—Competitive reasons.
- 14 per cent—Dissatisfaction with product.
- 68 per cent—Because of dissatisfaction with employees' attitudes!

**SOUNDS LIKE SOME FACTS WORTH DIGESTING!**

Very little can be done about the first five reasons but businessmen in Slaton now have an opportunity to do something about the "bulk" of lost customers. What would it mean to your business if you could pull back 68% of your lost business? Progressive and growth-minded businessmen all over the world are now realizing that money spent on insurance, expansion, advertising, inventory, etc. must be supplemented by investments in employee training. How much have you spent to train your employees to better meet and deal with customers so that your business will grow and prosper? Enrollments are almost completed for the first Dale Carnegie Course to be held in Texas. Call Joe Hood at Slaton Slatonite, VA 8-4621, to attend the free information meeting to be held Tuesday night, May 12th, at 7:00 p.m. in the Fellowship Hall, Methodist Church, Slaton, Texas. **PLANT TEXIOCA - 54**  
MUST BE GROWN ON IRRIGATED LAND  
Under a simple contract, deliver it to us 15 per cent or lower moisture content this fall, and **WE WILL PAY \$1.64 PER 100 POUNDS**  
COME BY THE WILSON COOP GIN FOR YOUR SEED, and BE READY TO PLANT.  
**SEED \$6.00 PER 100 LBS.**  
THERE IS NOTHING COMPLICATED OR INVOLVED ABOUT THE DEAL. YOU PLANT IT, GROW IT AND WE TAKE THE CROP OFF YOUR HANDS AT OUR WILSON, TEXAS ELEVATOR.  
Following are some of the Questions we have been asked by Farmers:  
QUESTION: Is Texioca-54 the same as the Waxey Kaffir grown during the mid-forties?  
ANSWER: No Texioca-54's main parent is Martin Milo.  
QUESTION: How is The Yield?  
ANSWER: Substantially the same as Red Hybrids.  
QUESTION: How can we pay \$1.63 per 100 pounds?  
ANSWER: Because the yield from the acres you plant is already contracted to Corn Products Company at that price. Corn Products Company makes a high-grade cooking starch to go in frozen foods.  
QUESTION: Is it more difficult to raise than Milo?  
ANSWER: No. The same farming methods are used as for Milo.  
QUESTION: Does it stand as well as Milo?  
ANSWER: Yes. Better, in fact.  
QUESTION: Do you have an unlimited amount of seed?  
ANSWER: No. The seed we have on hand is all there is available, so it will be well for you to make arrangements for your seed now.  
QUESTION: What are the prospects for growing Texioca in the future?  
ANSWER: There will be more seed available next year and there will be a demand for more acres.  
QUESTION: What is the planting rate?  
ANSWER: 4 to 6 pounds per acre is recommended.  
QUESTION: When is the best planting time?  
ANSWER: June 10-20th. However, it makes as well proportionately as milo when planted earlier.  
QUESTION: Must it be 13% moisture when you deliver it to us?  
ANSWER: No. 15% or below.  
QUESTION: Will it dry well in the field?  
ANSWER: Yes. About like Martin and better than most red hybrids.  
QUESTION: Is it difficult to harvest?  
ANSWER: No. The head grows well above the leaves. It has an open type head which threshes more easily than most red hybrids.

# The Master's Touch

God must love beauty, to use it so lavishly. The Master Artist dapples the soft green leaves with golden sunshine, turns the brook to flowing crystal, and puts a song into Spring itself.

There is beauty in us, too . . . because He put it there. In His sight, none of us are ugly, none of us are forsaken, none of us are "lost."

But sometimes, in the busy process of day-to-day living, we turn blind eyes upon the world's loveliness, and take for granted the gifts which should brighten the hours and years. We need a faith that gives us vision to find again the inner beauty He gave us in the beginning . . . a gift which He never takes away. Let us go, then, to His Church. Let us "enter into His gates with thanksgiving . . . for the Lord is good; His mercy is everlasting; and His Truth endureth forever."

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**JUST TALK**

BY A. M. J.

Last week my blood pressure hit the ceiling when I accidentally listened in on a television program on which some lady, who insisted she is a garden expert, said that "they" do not plant flowers in the front yards.

Like most all people who proclaim themselves as experts, she gave her authority for this rule as "THEY."

As a gardener who follows no rules and does not accept the authority of "They," I have scattered all kinds of seeds and flowers, here and there, in our front yard, against the direction and consent of my wife, who, like the television expert, wants every flower worth seeing planted in our back yard, in the far corners, where no one but our immediate neighbors, or some peeping Tom, might accidentally see them.

It is my contention that pretty flowers, pretty women and good things to eat, should be where they can be seen and appreciated regardless of what "they" say. If the seeds and things I have planted do any good this season our front yard is going to be a "FRIGHT," according to "They," the television expert, and my wife, while I, most likely, will wear a hang-dog expression until frost.

— Just Talk —

Last week I quoted a list of "I Remember Things" that I found in a book that I thought I had gotten from the City-County Library and now I find out that Mrs. L. B. Kitten had loaned me the book and the list was one she had made. It is inspirations like these that makes Just Talk so interesting, thought provoking and hair-brained and I would appreciate help from any source that I can get. Any contributions will be appreciated. Address them to 735 W. Lubbock Street.

In reference to my comments in horticulture in front yard, I would like to those who might have to stroll in our vicinity have one of the wicker sprinklers in captivity. It revolves, runs up and and flops from one side to other. Unless I am a block away when I get me fifty feet just to get get soaked and it has a pail full on my new slacks and freshly-washed. Last week Mrs. J. B. dropped in with some cake for us and she made a sprinter out of proved that she can run up and skip when her been freshly waded, paid for. Our neighbors are beginning to get with ur sprinkler street and enter their from the back gate an occasional walker who by our house, stumbling neighborhood of our and suddenly takes to mumbering malfunctions other things. ## Dale Carnegie Representative In Lions Program

Joe Hood of Lubbock, currently in Slaton organizing a Dale Carnegie Class, gave the program at Tuesday's meeting of the Slaton Lions Club last week.

Hood talked about the benefits of the course and a demonstration was given by Bentley Page Jr., a graduate. President Bland Tomlinson reported that the club's share of the circus proceeds was \$73.55, which will be used in the organization's Sight Conservation program.

## SLATONITE 'COOK BOOK' GETS MAGAZINE MENTION

The "Cook Book" Published by The Slatonite a couple of weeks ago rated mention in The West Texas Publisher last week.

The Publisher is a monthly magazine concerning the activities of newspapers belonging to the West Texas Press Association.

The "Cook Book" was described as "attractively arranged" and indicating a good response from the community in regard to recipes and advertising.

## Rotary Club Has Film, Talk On Encephalitis

A film on mosquito control was shown at the Slaton Rotary Club's meeting Thursday of last week.

Walter Breedlove of the City-County Health Unit showed the film and commented on that organization's efforts to keep down the mosquito populace in the Slaton area. Breedlove said larvae and a "dusting" process is planned for a little later in the season. He urged local residents to do all they could do in combatting mosquitoes, transmitters of the dreaded encephalitis disease, by eliminating places for stagnant water to stand, etc.

# Construction Got Underway On Farm Road 400 Monday

Reconstruction of about 18.5 miles of F.M. Highway 400 between Tahoka and Slaton and 0.7 mile of street work on F.M. Highway 211 in Wilson got started May 9, according to statements by J. O. Boswell, Lubbock contractor on a \$256,000 project let in March by the Texas Highway Department, and Department representatives, in a preconstruction meeting Friday, April 29, at Lubbock.

The contract provides for widening roadbed, culverts, base and surfacing to make 26 foot pavement with 3 foot surfaced shoulders on the rural sections and 64 foot street pavement on four blocks of Tenth Street and nine blocks of Green Avenue in

Wilson. The F.M. Highway 400 portion of the contract extends from U.S. Highway 87 2 miles north of Tahoka to U.S. Highway 84 at the south edge of Slaton, and the F.M. Highway 211 work extends from the Wilson west city limits to F.M. Highway 400.

The sequence of work outlined by Boswell in the Lubbock meeting provides for construction operations beginning near the south end of the job and on curb and gutter work in Wilson next week. The rural work will be extended northward, and hauling of base material is scheduled to begin about May 16. Completion of the project is expected some time in August.

cifications. Traffic will be routed past construction operations on temporary detours inside the right of way.

Other representatives of the interested agencies attending the meeting included R. W. Tucker and F. C. Stanley of the Highway Department, Lt. James A. Mason of the Department of Public Safety, Deputy Sheriff George Eubank, Lubbock, Mayor Clarence Church, Wilson James W. King and J. W. Stevens are Highway Department Engineers working on the project.

Is there any way You can reduce Your income tax next year?\*

# COME

Perhaps there is!

If you have a bank checking account and have made it a practice to pay bills "the check way," you have valid receipts in your cancelled checks. If you haven't an account, open one soon at our bank and be in the best position to save money at tax time next year!

It is wise to double-check your tax return, before filing it, to be sure that you have taken every deduction to which you are entitled. But remember: you must be prepared to prove every claim for deductible expense, or it may be disallowed. The safe way is the best way.

**A SALUTE TO SLATON**

The following merchants of Lubbock wish to take this opportunity to congratulate the people of Slaton on entering their 50th year of Progress. Although Slaton has not yet reached its 50th Anniversary, it is getting very close, and 50 years ago right now, activity was under way to bring the community into being. Since that time, Slaton has been a valued friend of Lubbock and its merchants. These merchants are expressing their gratitude to our community and wishing it another 50 years of progress as the two communities become closer and closer together, in more ways than one.
