Girl Hurt In Mishap Tuesday

Ellen Traweck, daughter of Mr. and Mrs. A. A. Traweck, 100 N. 4th, suffered multiple bruises, contusions and abrasions when run over in an accident at High School during a noon hour Tuesday.

Traweck, 17, was walking across the parking lot at the school during the confusion and commotion as school had just let out for lunch. She tripped, fell into the path of a car driven by Miss Sue Reasoner, sister of Mr. and Mrs. L. A. Reasoner.

It is not quite clear whether the wheels of the car passed over Miss Traweck's body or not in any event, some part of her car pinned her to the ground, requiring students and teachers who rushed to the scene to lift the car up in order to return her to the hospital.

Doctors reported Wednesday that her condition was not serious but she had the previously mentioned injuries and had lost blood. Miss Reasoner was released from Mercy Hospital Tuesday afternoon.

It is not quite clear whether the wheels of the car passed over Miss Traweck's body or not in any event, some part of her car pinned her to the ground, requiring students and teachers who rushed to the scene to lift the car up in order to return her to the hospital.

Doctors reported Wednesday that her condition was not serious but she had the previously mentioned injuries and had lost blood. Miss Reasoner was released from Mercy Hospital Tuesday afternoon.

It is not quite clear whether the wheels of the car passed over Miss Traweck's body or not in any event, some part of her car pinned her to the ground, requiring students and teachers who rushed to the scene to lift the car up in order to return her to the hospital.

GETTIN' READY

Miss Jean Glen, who will direct a stage show Wednesday and Thursday of next week for the Slaton Jaycees, is shown here working with Frederic deVries of Marinell Portraits on a part he will play in the show. Mr. deVries will have the lead part, at one time in the play, must dress up as a girl to hide from hoodlums, hence the mop of "hair" he is holding over his head. Tickets may be purchased from any Jaycee for the affair, which will feature many local persons as actors.

throughout this area. The kit is designed as an aid to Drivers Education Courses and to all teenagers who are learning to drive.

Dr. and Mrs. Joe Belote have placed these kits in Slaton, Wilson and Southland Schools. If a teenager is taught to drive well, and to have respect for the traffic laws, our highways will be safer for all, the optometric organizations feel.

The kit has a "seeing-habits" test with rating scale of excellent, average and poor on such questions as how well the driver centers his car in the traffic lane, how he follows a safe path on turns, observes delays in advances, makes smooth stops, maintains safe speeds under various conditions avoiding "blind spots" driving, etc. It also includes information on what to do in case of an accident.

Post in a game to be played in the Slaton Gym Friday at 7 p. m., and then Floydada in a game here next Tuesday night, they will be assured of a share of the title. There is a chance they can wrap up the title outright with the Tuesday night win. That is, if it is coupled with a loss by Spur.

Mock Trial Is Conducted At Rotary Meet

Harold Green, Kenneth Durham and Emil Prohl of the Tahoka Rotary Club gave the program at last Thursday's meeting of the Slaton Rotarians.

The three conducted a mock trial in the mythical state of "Cubal," ruled by the famous Infidel Gastro, with four local Rotarians being "tried" for their belief in the Rotary principles.

"On trial" were Bruce Pemberton, Howard Hoffman, Frederic deVries and Wayne Liles, all of whom had to give reasons for believing in the principles of Rotary and some good reasons why they should not be executed (their contribution to fine state of "Cubal" or its people).

Deputy District Governor Speaks To Local Lions

John Hansen of Brownfield, Lions Deputy District Governor, spoke to the fledgling Slaton Lions Club Tuesday at noon.

The club, meeting in Bruce's Cafe, enjoyed Hansen's talk concerning Lionism and giving a boost to the new club's venture, according to Boss Lion Bland Tomlinson.

Three new members were added to the club's roster, L. D. Langham, Ernest Kerchival and Leon Herring.

Community To See Stage Show; 'Running Wild' Has Local Talent

A stage show, "Running Wild," will be held Wednesday and Thursday of next week in the High School Auditorium under the auspices of the Slaton Jaycees.

The big show, pointed for by the club for several months, will feature up to 100 local persons in various parts.

The affair will be presented at 8:14 p. m. Wednesday, February 10, and Thursday, February 11, and net proceeds will go to Boys Ranch.

Miss Jean Glen arrived Sunday to start work on the "big home town spectacular." Miss Glen is a graduate of Columbia College in New York and will give professional direction to the cast.

The hilarious show is a take off on a political campaign, hence the name, "Running Wild." After deciding to battle the underworld elements in a small town by running a woman for mayor, the People's Party is faced with a crisis when their candidate is unable to be present for the campaign. A bombastic banker, a lovable old doctor and a television disc jockey collaborate to solve the problem in a dubious but hilarious fashion.

Slated for parts, among many others, are Frederic deVries as Chuck Chamberlain, television disc jockey who must dress up as a woman to fool underworld characters; Someone else as Doctor Lewis, who later masquerades as Matilda, a French maid; Hugo Mosser as Will I. Proffit, the banker who runs the town; someone will play Hertha Higgenbottom, leader of the Lullaby League of Marching Mothers; Chief of Police Eugene Martin as Spider McGinness, local gangster boss; Mayor Clark Self, as Nick the Knife, one of Spider's gang; Ed Williams as The Shadow.

JC's Elect Officers; Outline Special Week

Slaton's Jaycees elected officers and outlined activities for next week's special observance of "Jaycee Week" here in their meeting Tuesday evening at Bruce's Cafe.

Elected to head the organization during 1960 were Joel Combs, president; Eugene Martin, second vice president; Jim Burleson, secretary; Don Kendrick, treasurer; Bennie Moeller, Ted Swanner, John Schmidt and Darrell Weaver, directors. Pete Williams, retiring president, is automatically a member of the board of directors.

In a meeting of the new officers, held immediately after the regular session, Williams was elected this club's state director. The new officers will not take office until March 28th, when the annual Installation Banquet will be held at Bruce's.

Efforts are now underway to get a top-notch speaker for the occasion, which will be followed by a dance at the VFW Hall. Tickets may be purchased from any Jaycees, or, in particular, Earl Foerster and Otis Rogers, at \$2.50 each. The ticket will entitle holder to attend both the banquet, which will feature steaks, and the dance, or either.

The club reminded all members that "Jaycee Week" next week, will be kicked off with group attendance at the MORNING worship service of the First Baptist Church, Sunday. Jaycees and their families will sit together at the service if at all possible.

On Tuesday night, the annual Bosses Night Banquet, when Jaycees feted their employers to a meal, a speaker and entertainment, will be held at Bruce's Cafe. No tickets are being sold for this affair, as members will

pay for their meal and their employer's meal at the door at \$1.50 per plate. County Juvenile Officer Tom Cannon will be the speaker and entertainment will be provided by a group of dancers from Shirley Williams' School of Dance.

On Wednesday and Thursday nights, the club is throwing its full support behind the stage show, "Running Wild," featuring many local persons in the cast. Proceeds from this attraction will go to Boys Ranch.

A Stag Party is planned for Friday night, and members will be notified of the time and place.

The club had previously proposed holding a benefit games party Saturday night of the special week, but because of the heavy load of activities already "lined up," decided to postpone the affair until a later date.

Harvey W. McEachern, a director of the national Jaycee organization, from Plainview, gave the program and Melvin Lisman of Lubbock, state vice-president, also gave a short talk at Tuesday's meeting.

McEachern explained the part the national organization plays in the Jaycee setup and urged local activity on developing the Slaton chapter and the community. Lisman gave a short "booster" talk at the end of the meeting.

In other activity, president Pete Williams appointed Eugene Martin to look into the club's annual Teenage Road-e-o project and report back to the club on the feasibility of holding it here this year. Also, Don Kendrick, who was in charge of the Jaycee poll tax sales campaign, reported that, through the club, between 600 and 800 poll taxes had been paid.

Drivers License Check Slated For Community

The Slaton Police Department will begin a stepped-up traffic enforcement program this month, according to Chief Eugene L. Martin.

"The reason for this increased enforcement is because of an increase in traffic accidents recently, and because a large amount of the people involved in the accidents had no drivers license," Martin said.

There will be periodic drivers license checks held in different parts of the city at various times during this month and next month by the police department in an effort to decrease drivers license violations. Also, the stop signs and traffic lights will be given more attention by the local force as well as other traffic violations.

"Also," Chief Martin said, "I would like to take this opportunity to inform the owners of motorized go-carts, which seems to be a popular fad at this time, that these vehicles are illegal when operated on a public street or highway or sidewalk. Any motor-propelled vehicle, before it can be operated on a public street or highway, must be properly registered, inspected and display an inspection sticker."

Church School Attendance Totals 1,523

Attendance at church school in Slaton, Sunday, Jan. 31, totaled 1,523 in the 12 churches which reported.	
Churches reporting and their attendance was as follows:	
First Christian	73
Church of God	41
First Methodist	210
First Baptist	350
Church of the Nazarene	53
Westview Baptist	189
First Presbyterian	74
Grace Lutheran	87
Church of Christ	271
First Baptist Mission	62
Pentecostal Holiness	60
Bible Baptist	53

Flu Bug Defeated?

The threat of an influenza epidemic that has hung over Slaton for nearly two weeks shows signs of diminishing this week.

According to reports from high school superintendents at Slaton, Wilson and Southland, the flu bug seems to have done most of its damage.

"Absences have been tapering off the last few days," says Dr. Lee Vardy, Slaton school superintendent. "They are now only slightly above normal in high school but West Ward has double the normal amount of absent students."

Southland schools were closed all of last week when 23 per cent of the student body was absent on Monday. Classes were dismissed until this Monday when most of the students were back in school.

"Most of our absences were in the lower grades. About 16 per cent of high school students were absent too so we had to dismiss classes for all of last week," said E. W. Calloway, Southland superintendent.

John Clark, Wilson superintendent, reported Wilson schools have not been greatly affected by flu absences.

"We haven't had any more out than usual," Clark said. "There has been quite a number of slight cases in the community but there has been nothing approaching epidemic proportions here."

A spokesman for Mercy Hospital said cases reported there have been "tapering off" this week.

MOTHERS MARCH NETS \$48

The Mothers March for the National Foundation netted \$481.92 here last week.

The march, taken part in by various local women's organizations, was spearheaded by the Slaton Jaycee-Ettes.

Rites Are Held For Jamey Jones

Graveside services were conducted at 10:30 a.m. Friday in Englewood Cemetery here for Jamey Lynne Jones, infant daughter of Mr. and Mrs. Jerry Jones, Slaton.

The child was born at 1:4 p.m. Thursday in Mercy Hospital here and died at 7:25 p.m. The Rev. Ted Gaze, pastor of the First Baptist Church, officiated. Burial was under the direction of Williams Funeral Home.

Survivors include her parents; maternal grandparents Mr. and Mrs. J. J. Maxey, and paternal grandparents, Mr. and Mrs. J. C. Jones, all of Slaton.

Burglars Get \$400 Sunday

Burglars hit Bruce's Cafe early Sunday morning and made off with approximately \$400.

Entrance was gained by pulling a board away from the wall in a rest room. A door was unlocked when officer Don Blackberry arrived about 4 a.m.

Some \$300 was taken from a desk drawer along with \$66.25 in checks.

About nine Sunday morning, (continued on page 4)

EDITORIALS

Let Us Take A Bow . . .

In a modest way, the Slatonite should take a bow for its part in recording and keeping for posterity accounts of happenings, both small and large, over a long period of the life experiences of the people of Slaton and the area.

True, there has been nothing published in the Slatonite that has made sensational world, national, or even local history, but there are thousands and thousands of old Slatonites that have been filed away and there will be thousands and thousands more filed away in scrap books, in trunks and in closets that will keep our times alive.

No other paper has carried and no where else has been recorded all of the things that the Slatonite has reported, regardless of the individual opinions on how good, or how poor, the Slatonite is or has been, here in this paper as been recorded news, errors and opinions that are individual.

Nowhere else can you get and never again will you find any other newspapers like the ones that have been printed over the years and like the one in your hand now. We quote from an editorial clipped from a Lumberman's magazine:

"What printing has done. A perfect illustration is Lincoln's Gettysburg Address. Today it is universally acclaimed to be one of the greatest utterances that ever fell from the lips of a man. Yet, we are told, that when he delivered it, it made little impression. The exalting inspiration that comes to you today as you read over those eternal words in cold print, was lacking in the minds of the crowd that heard Lincoln deliver it. There was no thrilled audience that listened, little knowing that what they were hearing would become immortal. They were not deeply moved. One of the all-time masterpieces of human thought and utterance had touched their ears, but they knew it not. It was only after the words had been printed and distributed that their immeasurable grandeur soared toward the sky, and their glory shown through. Had it never been printed, it might have died a-borning—that miracle of word and thought. It took printing to give it to the world, and keep it there forever."

A. M. J.

No Fireworks Here . . .

Is it that there is a particular lack of interest in Slaton in the coming political struggle at the city, county, state and national levels, or is it a national condition that is sweeping the nation?

Men on the street report less interest in the coming elections than has been evidenced in many years. It was not so many years ago when candidates were announcing by the dozens at this time of the year for good easy jobs with what was then lucrative pay and when we were all being urged to pay our poll tax so we could get our say as to who would be Lubbock County Sheriff, County Judge and who would represent us in Austin and in Washington.

But most of us do not even know what offices are to be filled or who will be trying to get the jobs.

Perhaps political careers do not hold the appeal that they used to because inflation has made it far more profitable to work at something else, the cost of a political campaign makes it a big gamble and young men no longer want to take the chances that such a campaign entails.

There may be a deep seated interest in the political condition of the country, but in Slaton there is not near as much discussion of the coming struggles and any attempt at getting an argument started even at the Presidential level gets only bored looks and no arguments.

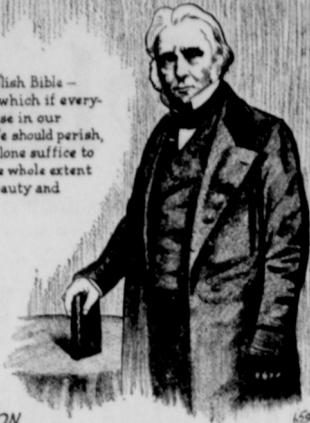

This of course might be only a local situation but if it is a national trend, then we must all be in a sad predicament. Not particularly because it always is necessary to have a hard battle between contestants for a political elective job, but because it is a sign that our locality is losing its vitality, its interest in its own prosperity and in being governed wisely and as well as possible. A.M.J.

Moderns may not endure martyrdom for a principle, but at least they have more fortitude than the martyrs of old; they'll suffer agonies before they'll scratch in public.

Men who glory in their work, in the contest for greater heights of human endeavor, are the world's inspiration and its hope.

THE AMERICAN WAY

The English Bible—a book, which if everything else in our language should perish, would alone suffice to show the whole extent of its beauty and power.

THOMAS BABINGTON, LORD MACAULAY 1800-1859

The Bible—Book of Beauty and Power

The Sounding Board

(Editor's Note: Here are a couple of items you might be interested in.)

From Ben Peeler's column, "Column 1" in the Fort Stockton Pioneer:

"A GREAT many people think they are thinking when they are really rearranging their prejudices."—Edward R. Murrow.

FROM A report on the recent national liar's contest, held annually in Minnesota or North Dakota or someplace:

"An Air Force man lied his way into an honorable mention with one of the shortest entries in the club's files. M. Sgt. William E. Leach offered this comment:

"I firmly and implicitly believe all TV commercials and panel shows."

GLENN CRITES figures he may have performed a good deed of considerable proportions for Fort Stockton's husbands the other day. Seems he arrived at the Stockton Funeral Chapel one morning to find a large sign announcing "We Give S&H Green Stamps" in front of the place.

"The way some of these women are I had to get rid of that thing in a hurry," allows Crites.

I'VE BEEN meaning to look around for a likely candidate for this for some time, but always develop a complete lack of courage. Unfortunately, it's also one of those things for which volunteers are as scarce as overcoats in a nudist camp. Anyway they tell me there's no thrill like kissing a girl and dropping an ice cube down her back at the same time.

—sounding board—
From Pat Bennett's column, "Realities," in the Crosbyton Review:

Plains Justice Seems Bit Queer; An Elacado Negro was sentenced to 99 years in the penitentiary.

EVER SEE A MAN CRY?

What does it take to raise a crop?

It takes money . . . months of hard work . . . and a little luck! Yet, in less than 30 minutes . . . a harvest can be over . . . the yield so faithfully worked for will not be forthcoming. HAR, has done its work again!

The Readers' Angle

Dear Editor,

Three years ago right now, I was enjoying (?) the hospitality of your warm-hearted citizenry. My husband had suffered a completely unexpected coronary attack and was hospitalized in your Mercy Hospital.

From the Cecil Sells, Loyd Tuckers, A. Grigsbys, in offering the warmth of their homes to me, to the lady named Frankie who happened to hear my request for the location of a sandwich shop, and all those dozens in between who brought hot trays of food to me as I stayed at his bedside, the special nurses, the hospital staff and McSween Clinic doctors, I shall be eternally grateful!

Mrs. Roy Priest

Brownfield, Texas

Harry Hershfield—The main ingredient of ignorance is the desire to prove it.

Robert Benchley—I do most of my writing sitting down—because that's where I shine.

the Banner and killed him, I doubt if a jury would have given the gunman more than five years. That's 18 months with good behavior.

Joking aside, the vengeance of the law is not going to help that Mexican wife and her brood. But is the treat of the law protecting the rest of Crosby's citizens?

Local rowdies and scoundrels read the papers too. They can also draw conclusions.

February Mad Time Keeping Days Together

The month of February has had a rough time keeping its days together. But some U. S. taxpayers may wonder whether it was worth the trouble.

February wasn't even included in the year when Romulus, one of the founders of Rome, drew up the first Roman calendar, according to World Book Encyclopedia.

Numa Pompilius, the second king of Rome, added it. He took the name from a Latin word meaning "to purify," for February was the month in which the Romans were purified for the religious festivals of the following months.

But Numa tacked "February," as it was called, onto the end of the year. It wasn't until hundreds of years later that it found the place it occupies today.

In the meantime, the emperor Augustus swiped a day to add to August, the month named after him.

But the worst blow came in 1913, on February 25, the federal income tax was made legal by the Sixteenth Amendment to the U. S. Constitution.

CROSSROADS

REPORT

Jan. 29, 1960

Dear Editor:

I see where a Senator wants to stop all labor disputes and strikes by setting up a parity price for labor like we have got for farm products.

My benchmark neighbor says he notes parity is a fair price for a man's work which the government sets and then hires people to see that he don't

Says what the country needs is a parity figure on wages, and Secretary Benson moralize Uncle Sam's budget standard down to about 60 percent of parity.

FHA Banquet Date Set For Monday March 7th

A FHA meeting was held February 1st in the High School Auditorium with June Johnson, president presiding.

The meeting opened in due form, followed by a devotional entitled "Working in a Group." Those who participated in the devotional were: Diane Heinrich, narrator, Melinda Clifton, Ann Haddock, Nancy Anderson, Olivia Sanders, Jan Bowns, Pam Samsell, and Laura Brooks.

The banquet was discussed and decided to be held March 7, at Bruce's Cafe, 7 p.m.

A welcome was extended to all guests and introductions were made.

Miss Kathy White and Miss Sondra Williams gave a program on "Developing Potential Abilities." Miss White discussed make-up, skin coloring, and modeling. Miss Williams modeled several garments and gave instruction on standing, sitting, walking, and poising.

R. L. Haglers Celebrate Golden Anniversary

The Golden Wedding of R. L. Haglers was held in their home, Sunday, January 24. It was a huge success according to the neighbors and used-to-be neighbors. The Haglers want to give everyone a very hearty thank you to those that helped. The high light of the afternoon was having friends call who lived neighbors to the family near Whitewright in 1910. They were Mr. and Mrs. Frank Smith of Spade; Mr. and Mrs. Sam Hodges of Hale Center; W. R. Wilson of Slaton, and the most important guests were Mrs. Wood, 96, mother of Mrs. J. O. Reed Sr. of Lubbock; Mrs. Leverett, 86, of Slaton; and W. R. Wilson, 88, of Slaton.

Friends came from Slaton, Lubbock, Anton, Idalou, Post, Wilson, Hale Center, Spade, Welch, Brownfield, Pampa, Amarillo, Meadow, Bula, Petersburg, Abilene and O'Donnell.

P-TA Will Meet

The West Ward PTA will meet next Monday, February 8, at 7:30 p.m.

This meeting has been designated as "Men's Night" with Dads counting two on room count.

Dr. Lee Vardy is in charge of the program which promises to be most interesting.

You can cordially invited to attend, particularly you Dads.

We have all the newest Ship'n Shore blouses now!

LING

Posey Gin Owns Lead

Posey Gin is firmly entrenched in first place in the City League with a 12 and one half margin over runner-up Hackberry Gin in bowling competition.

Posey's lead is the most comfortable among the eight leagues. Closest race among old leagues is in Queen Pins, where

Jake Rellig Construction trails Kertan Studio by only one and one-half games.

New leagues still have tight scraps for the top spot with only one game separating the first two teams in Guys and Gals and the Junior league.

Wilson Girls In Win Over Lorenzo, 39-34

WILSON—Friday night of last week, the Wilson girls downed Lorenzo, 39-34, there, in a district 6-B east contest.

The Lorenzo boys took their game, 47-26.

Carol Lamb was high pointer for Wilson, scoring 17 points, followed by her sister, Doris, who dropped in 14. Judy Bowman was high pointer for Lorenzo with 14 points while Charlotte Pollock scored 10.

Glenn Coulter scored 16 points for the Lorenzo Hornets while Jerry Jenkins had 11. No Wilson player hit in the double digits but Bobby Weid hit nine points for the Mustangs.

The Wilson girls are now 1-1 in league play while the boys are 0-2. The Lorenzo girls' record is 1-2 while the boys are 2-1.

The two Wilson teams traveled to Roosevelt Tuesday night to play their third district game.

JUST TALK

BY A. M. J.

If you have not lived in Slaton more than five years Just Talk will not mean much to you this week for I am going to reminisce about some people and happenings of the past that will not mean much to you, but if you want to come along just for the ride, you are welcome.

Even if you are what might be called an old timer you still might not be interested because you have heard most of the old jokes and observations concerning the folks and places I am going to write about. You might as well turn to something else and not waste too much time here.

What brought on this determination of mine to bore as many people as possible was caused by Mr. Clyde Tally, who brought me an old Slatonite, printed in June, 1936, which was the 25th anniversary of the paper. Mr. Talley works for Cecil Self at the Self Service Station. It brought back memories to me of some of the most interesting and best people I have known in my life, although I did not come to Slaton until September, 1940.

The 25th Anniversary edition was then being published by the Donalds, Red, Reese and Mrs. W. D., under the supervision of "Red" Donald who worked on the Slatonite for nearly a year after I took over the bleary-eyed job of publishing it.

The Directors of the Chamber of Commerce at that time were: Claude Anderson, Jim Elliott, W. M. Cates, W. H. Smith, J. H. Brewer, Dr. W. E. Payne, C. A. Porter, M. A. Pember, E. N. Pickens, Fagan Gann, Carl Evans and Dr. Roy Lovless.

Some of these men have moved away from Slaton, some have gone to their reward and a few still make Slaton their home.

If I were not a very lazy reporter I would go to no end of pains to give as many details of each as possible, but as I am very slipshod and too un-energetic to scratch where I itch, I am going to comment on those with whom I was familiar and pass over those with whom I had little or no contact.

Although I have had little business dealings with Claude Anderson, I do know that he has been an enthusiastic worker for the development of Slaton and has given much of his time and money for the advancement of the town.

He has been President of the Slaton Rotary Club and a director in the Citizen's State Bank and done a lot of things for the betterment of the South Plains with details of which I am not familiar. He has been a good citizen. He is now retired after suffering severe injuries in a car accident.

Jim Elliott was for many years the local manager of the Texas-New Mexico Utilities and later when the company was taken over by the Southwestern Public Service Co. He also served as a President of the Chamber of Commerce and was active in civic work. He is now retired and leading the easy life.

W. M. Cates was a popular manager of the Pioneer Natural Gas Co. when it was the West Texas Gas Co. He was active in the civic life of Slaton and has been away from Slaton for many years. A mighty nice guy.

W. H. Smith was a rip-snorting Rotarian and very active in civic affairs. He was the agent here for the Santa Fe and a mighty nice man. He was Mrs.

K. C. father and most every one in Slaton spoke well of him. He died some years ago.

J. H. Brewer was at one time the President of the Chamber of Commerce and was one of the most outspoken men in this area. He took abig dish in politics and was for many years the Secretary for the Lubbock County Democratic Executive Committee. He was a true-blue Democrat and had as little to do as possible with Republicans. He would jump right down your throat should you make dirty cracks about Franklin D. Roosevelt. He served during the war as the head of draft board in this area and took a lot of criticism for his efforts and no money. He did not stutter when he took the side of the questions, what ever they were. Most everyone admired him regardless of whether they agreed with him or not. You always knew where J. H. stood.

And now I'll take up Dr. W. E. Payne. He was in my opinion one of the most unique characters who ever lived in Slaton. There are a lot of folks here who are still having his prescriptions filled although he has been dead several years. The date would be noted here but I have forgotten the exact time although I'll never forget Dr. Payne. He backed me up against the wall on the West side of the square when the Post Office was where Brewer Insurance Agency is now and ate me out from top to bottom soon after I came to Slaton.

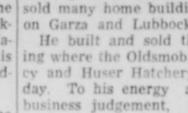

He did not like something that I had printed in the Slatonite and he glared me in the eye and ripped me up one side and down the other. Every week or so from then on he would see me on the street or phone me and tell me off or compliment me in grand manner for things he considered either good or bad. Dr. Payne was not afraid of me, or the devil, and I appreciated his opinion and considered him one of the best men who ever went out to put Slaton on the map.

C. A. Porter comes next on the 1936 list of Directors of the Chamber of Commerce. He is still going wide open and operates Lumber Companies in both Slaton and Lamesa. He has been active in real estate operations and in the building industry in this area for a long time, having been the manager of Forrest Lumber Company before going into business for himself. He owned a major part of the present site of Piggly Wiggly before selling it to its present owners. He built the building where Rona's Shop is at present and bought and sold many home buildings sites on Garza and Lubbock streets.

He built and sold the building where the Oldsmobile Agency and Huser Hatchery are today. To his energy and good business judgement, Slaton owes a good part of its progress. He helped plan and is now helping to promote the Shelby addition to Slaton. Slaton Lodge No. 1094 AF & AM

Stated Meetings 2nd and 4th Thursday Nights in Each Month.

R. L. Smith, W. M.
J. H. Gordon,
Secretary

ton does not have, and has not had, a more devoted citizen than C. A. Porter.

Having only gotten started on my long-winded tale you will have to wait until next week with bated breath for the next chapter of Just Talk when another exciting chapter will follow. It is all I can do to wait and find out what I am going to write.

—just talk—

My wise cracking child's tale of the week:

In a great, towering skyscraper building in New York City, the elevator to the top travels at a terrific rate of speed.

A gentleman was taking his little son to the top of the building to let him see the sights from above, and he elevator was traveling upward at customary speed. At about the fiftieth floor, the little boy gripped his father's hand, and asked: "Papa, does God know we're coming?"

Santa Fe Gives Promotion To Ex-Slatonite

W. R. Henry, Superintendent for Santa Fe Railway at Emporia, Kansas, has been named Assistant General Manager at Galveston, Texas, effective February 1, according to Ernest S. Marsh, President, Chicago.

Henry was born at Roby, Texas in 1917, and began his career as an apprentice operator at Slaton, Texas, in 1936. He rose through the operating ranks and was named trainmaster at Clovis in 1947. After serving in a similar capacity at Dodge City, Kansas, LaJunta, Colorado, and Amarillo, Texas, he was appointed Superintendent at Amarillo in 1955, which position he held until his transfer to the Emporia post in 1959.

One of the disturbing discoveries of life is that the truth one man cherishes seems a mystery to another.

But is that surprising? We live in a world of doors and locks. To the man with the Key a door opens. To another it remains closed.

Among the keys to spiritual truth is one called HUMILITY. It accounts for many of the millions who worship God every Sunday in the churches of our land.

An American President once said, "I have been driven many times to my knees by the knowledge that my own strength, and that of all around me, was insufficient for that day."

He ruled a nation divided. But neither Blue nor Gray ever questioned the humility of the man who signed his name, "A. Lincoln."

Not only the portal, but the Truth of God's House, is every Sunday an Open Door to humble men!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

(Continued from Page one) officers arrested two suspects on Farm Road 2150 southeast of Slaton. The men were arrested for drunkenness and creating a disturbance. They had a money bag containing \$41 in change. Between \$40 and 50 dollars in change was taken from the cafe juke box.

License Plates For 1960 Are Now On Sale

New license plates for 1960 went on sale at all county court houses Monday morning, February 1, State Highway Engineer D. C. Greer said this week. The plates will have white letters and numerals on a black background.

Greer stated that 4.7 million motor vehicle registrations were bought by Texans in 1959, and predicted that 1960 registration would approach the five million mark.

Greer urged Texas vehicle owners to register early. The registration deadline is midnight, April 1.

Greer stressed the importance of registering all automobiles and trucks in the home county of the vehicle owner.

"Take your certificate of title and your last year's registration receipt to the tax collector in your home county. Penalty for improper registration of a vehicle can be as much as \$200. Don't risk an illegal registration. Remember, too, that a portion of all registration fees stays in your home county to benefit your local community," Greer said.

C. B. "Shorty" Martin, Sr., entered West Texas Hospital, Lubbock, February 1 for surgery.

SLATON.

EXCEPTIONS:

Groups of uses requiring parking space may join in establishing group parking areas with capacity aggregating that required for each participating use. Vehicle Parking Requirements shall not apply in a block, 50% or more of the area of which was occupied by business or industrial structures at the time of the passage of this ordinance.

(6) For each permissible use in the "R1", "R2", and "R3" Districts, there shall be provided on the property, or upon a site within 300 feet from the principal use property (such site being subject to the approval of the Zoning Board of Adjustment after receiving a favorable report from the Planning and Zoning Commission) a parking space for each 3 employees, open or enclosed, totaling 250 square feet for each motor vehicle.

LOADING AND UNLOADING BERTHS:

Loading and unloading berths of 250 square feet shall be provided on the rear of the lot as follows:

GROSS FLOOR AREA

Square Feet	Additional
25,000 or less	1
25,001 to 84,000	2
84,001 to 156,000	3
156,001 to 236,000	4
236,001 to 325,000	5
Each 100,000 additional	1 additional

PAVING:

Open parking area and loading berths shall be paved with a dust proof or hard surface meeting the standard specifications of the City of Slaton.

EXCEPTIONS:

Groups of uses requiring Vehicle Parking Space may join in establishing group parking areas with capacity aggregating that required for each participating use. Vehicle Parking Requirements shall not apply in a block, 50% or more of the area of which was occupied by business or industrial structures at the time of passage of this ordinance.

(7) Upon public school sites and facilities, or any educational institution where pupils in attendance are transported to and from same by busses, there shall be provided for each institution interior site driveways and bus loading and unloading facilities in addition to the required provisions for off-street parking. General site and street plans of all school facilities indicating such provision shall first be submitted to the Planning and Zoning Commission for approval of general arrangement regarding traffic circulation, location of entrances and exits, etc.

SPECIAL REQUIREMENTS:

In order to meet requirements for vehicle parking space where such space is not available on the property occupied by a business or industrial use, in a "B1", "B2", "R1" Districts, the Zoning Board of Adjustment may, after conferring with and receiving a favorable report from the Planning and Zoning Commission on a proposal and, further, after public notice and hearing, grant a permit for the establishment of a parking area as an auxiliary use, on a lot or lots in a "R1", "R2", or "R3" District, provided that the entire area for the parking area is within 300 feet of the business or industrial use property involved and when the proposed parking area adjoins or is across an alley from said business or industrial use property in a "B1", "B2", or "R1" District, or in the case of a church or place of congregations of people and automobiles in a residential district, immediately adjacent to such church or place of congregation and provided that:

(a) There shall be no sales, dead storage, repair work, dismantling or servicing of any kind on said parking area.

(b) Entrances and exits shall be approved as to location by the City Planning and Zoning Commission.

(c) Except for approved entrances and exits, a masonry wall, not more than five (5) feet in height and not less than four (4) feet in height and not less than six (6) inches in thickness may be required along boundaries of the parking lot as determined by the City Planning and Zoning Commission for the protection of adjoining residentially zoned or used property, and if erected shall conform to the required front yard line.

(d) The lot shall be paved with a dust proof or hard surface meeting the standard specifications of the City.

(e) No advertising signs may be erected upon such lot except at each street side of the lot to indicate the operator or purpose of the lot and to indicate entrances and exits, direction of traffic flow and conditions for parking. Such signs shall not exceed twenty (20) square feet in area and shall not extend more than ten (10) feet in over-

all height above the ground.

(f) Lighting facilities, if provided, shall be so arranged as to be reflected away from residentially zoned or use property.

SECTION 13. SPECIAL REGULATIONS:

(1) On any lot on which a front yard is required by this ordinance, no wall fence or other structure shall be erected and no hedge, tree, shrub or other growth or structure of any kind shall be maintained in such location within required front yard so as to obstruct the view.

(2) Any fence, wall, hedge, shrubbery, etc., higher than a base line extending from a point 2 1/2 feet above walk grade to a point 4 1/2 feet above walk grade at the depth of front yard required is hereby declared to be an obstruction to view, except single trees, having single trunks which are pruned to a height of seven feet above walk grade.

(3) In the "R1" Districts the minimum frontage of any lot shall be fifty (50) feet at the building line.

(4) In all other Districts the minimum frontage of any lot used for a one-family residence shall be fifty (50) feet.

(5) Off-street automobile parking space shall be provided on every lot used for residential purposes, sufficient to provide space to park one automobile for each family living quarters for which the premises are used. This regulation shall also apply to servants' quarters, and alley spaces shall not be considered off-street.

(6) Nothing in this ordinance shall be construed as repealing any existing ordinance of the City regulating nuisances or permitting uses which are prohibited by ordinances.

SECTION 14. CERTIFICATE OF OCCUPANCY AND COMPLIANCE:

(1) No building hereafter erected or structurally altered shall be used, occupied or changed in use until a certificate of occupancy and compliance shall have been issued by the building inspector stating that the building or proposed use of a building or premises complies with the building laws and the provisions of these regulations.

(2) Certificates of occupancy and compliance shall be applied for coincident with the application for building permit and shall be issued within ten (10) days after the erection of structural alteration of such building shall have been completed in conformity with the provisions of these regulations. A record of all certificates shall be kept on file in the office of the Building Inspector and copies shall be furnished on request to any person having a property or tenancy interest in the building affected.

(3) No permit for excavation for any building shall be issued before application has been made for a certificate of occupancy and compliance.

SECTION 15. NON-CONFORMING USES:

(1) Any use of property existing at the time of the passage of this ordinance that does not conform to the regulations prescribed in the preceding sections of this ordinance shall be deemed a non-conforming use, except that any duplex or apartment use existing at the time of the passage of this ordinance shall be thereafter deemed a conforming use. Any lawful use existing within a building at the time of the passage of this ordinance, in any business, industrial or manufacturing district, shall be deemed a conforming use upon the lot devoted to such use at the time of the passage of this ordinance.

(2) The lawful use of land existing at the time of the passage of this ordinance, although such does not conform to the provisions hereof, may be continued, but if such non-conforming use is discontinued, any future use of said premises shall be in conformity with the provisions of this ordinance. If a building occupied by a non-conforming use is destroyed by fire or the elements, it may be reconstructed or rebuilt except to conform with the provisions of this ordinance.

(3) The lawful use of the building at the time of the passage of this ordinance may be continued, although such does not conform to the provisions hereof, such use may be extended throughout the building provided no structural alteration, except those required by law or ordinance are made therein. If no structural alterations are made, non-conforming uses of the same or more restricted classification may be continued, provided however, that in the event a non-conforming use of a building is once changed to a higher or more restricted classification, it shall not later revert to the former lower or less restricted classification.

(4) The right of non-conforming use to continue shall be subject to such regulations as to maintenance of the premises and conditions of operation as

may be the judgement of the Board of Adjustment reasonably required for the protection of adjacent property.

(5) Nothing in this ordinance shall be taken to prevent restoration of a building destroyed to the extent of not more than seventy five (75) percent of its reasonable value by fire, explosion or other casualty, or act of God, or a public enemy, nor the continued occupancy or use of such building, or part thereof, which existed at the time of such partial destruction.

SECTION 16. ZONING MAP DESIGNATIONS:

(1) When definite distances in feet are not shown on the zoning map, the district boundaries on the zoning map are intended to be along existing street, alley or property lines or extensions of or from the same. When the location of a district boundary line is not otherwise determined, it shall be determined by the scale of the map measured from a given line.

(2) Where the street layout actually on the ground varies from the street layout as shown on the zoning map, the Board of Adjustments may apply the designation shown on the mapped streets in such a way as to carry out the intent and purpose of the plan for the particular area in question.

SECTION 17. BOARD OF ADJUSTMENT:

(a) There is hereby created a Board of Adjustment consisting of five (5) members, each to be appointed by a majority of the City Commission for a term of two years and removable for cause by the appointing authority. Vacancies shall be filled by the appointing authority of a suitable person to serve out the unexpired term of any member whose place on the Board has become vacant for any cause. The Board is hereby vested with power and authority, in appropriate cases and subject to appropriate conditions and safeguards to make such exemptions to the terms of this ordinance in harmony with its general purpose and intent and in accordance with general or special rules therein contained for the purpose of rendering full justice and equity to the general public. The Board may adopt rules to govern its proceedings provided, however, that such rules are not inconsistent with this ordinance. Meetings of the Board shall be held at the call of the chairman, who may administer oath and compel the attendance of witnesses. All meetings of the Board shall be open to the public. The Board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent, or failing to vote, indicate such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the Board and shall be a public record.

(b) Appeals to the Board of Adjustment can be taken by any person aggrieved or by an officer, department, board or department of municipality affected by any decision of the administrative office. Such appeal shall be taken within fifteen (15) days' time after the decision has been rendered by the administrative office, by filing with the officer from whom the appeal is taken and with the Board of Adjustment, a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the Board all the papers constituting the record upon which the section appealed from was taken. An appeal shall stay all proceedings of the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Adjustment, after the notice of appeal shall have been filed with him, that by reason of facts, stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed, otherwise than by a restraining order which may be granted by the Board of Adjustment or by a court of record or application on notice to the officer from whom the appeal is taken and on due cause shown. The Board of Adjustment shall fix a reasonable time for the hearing of an appeal, give the public notice thereof, as well as due notice to the parties in interest and decide the same within a reasonable time. Upon the hearing any party may appear in person or by attorney or by agent.

(c) The Board of Adjustment shall have the following powers:

(1) To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of this ordinance.

(2) To hear and decide special exceptions to the terms of the ordinance upon which

The Slaton, Texas Slatonite. Thursday, February 4, 1960

the Board is required to pass under this ordinance.

(3) To authorize upon appeal in special cases, such variances from the terms of the ordinance as will not be contrary to the public interest, where, owing to special conditions, the literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so that the spirit of this ordinance shall be observed and substantial justice done.

(4) In exercising its powers, the Board may, in conformity with the provisions of Articles 1011-A and including 1011-J of the 1925 Civil Statutes of Texas, revise or reform, wholly or partly, or may modify the order, requirement, decision or determination as ought to be made and shall have all the powers of the officers from whom the appeal is taken.

(e) The concurring vote of four (4) members of the board shall be necessary to revise any order, requirement, decision or determination of any such administrative official, or to decide in favor of the application in any matter upon which it is required to pass under this ordinance or to affect any variance in said ordinance.

(f) Any person or persons, jointly or severally, aggrieved by any decision of the Board of Adjustment or any taxpayer or any officer, department, or Board of the Municipality may present to a court of record a petition, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. Such petition shall be presented to the courts within ten (10) days after the filing of the decision in the office of the Board and not thereafter.

SECTION 18. COMPLETION OF EXISTING BUILDING:

Nothing herein contained shall require any change in the plans, construction or designated use of a building actually under construction at the time of the passage of this ordinance and which entire building shall be complete within one (1) year from the passage of this ordinance. Nothing herein contained shall require any change in plan, construction or designated use of a building for which a building permit has been heretofore issued and which entire building shall be completed within six (6) months from the date of the passage of this ordinance. If any amendments to this ordinance is hereafter adopted changing the boundaries of districts, the provisions of this ordinance with regard to building permits issued at the time of the passage of this ordinance, shall apply to building permits issued in the area affected by such amendment at the time of the passage of such amendment.

SECTION 19. DEFINITIONS:

The following shall apply in the interpretations and enforcement of this ordinance, to-wit:

(1) Words used in the present tense include the future; words in the singular number include the plural number; the words "shall" is mandatory and not discretionary.

(2) ACCESSORY BUILDING: A subordinate use or building customarily incident to and located on the lot occupied by the main use or building.

(3) ALLEY: A way which extends only secondary means of access to abutting property.

(4) APARTMENT: A room or suite of rooms in an apartment house or tenement arranged, designed or occupied as the residence of a single family, individual, or group of individuals.

(5) APARTMENT HOUSE: A building or portion thereof arranged, designed or occupied by three (3) or more families living independently of each other.

(6) BEER PARLOR: A place where beer and light wines or either of them are sold for consumption on the premises, and the majority of the gross business done is from the sale of beer and light wines or either of them.

(7) BOARDING HOUSE: A building other than a hotel where lodging and meals for five (5) or more persons are served for compensation.

(8) COURTS, TOURIST: A building or group of buildings designed, arranged or used for temporary occupancy, having accommodations for housing or parking automobiles in close proximity to the quarters occupied by the owners of such automobiles and providing for three (3) or more of such quarters.

(9) COURTS, TRAILER: An area designed and used for the temporary occupancy by automobile trailer or tent quarters and providing for one (1) or more of such quarters.

(10) CUSTOMARY HOME OCCUPATIONS:

Occupations ordinarily carried on in a home that are not detrimental or injurious to adjoining property. These may include serving meals, or renting rooms to not more than five (5) persons not members of the household, dressmaking, millinery, washing and ironing. Customary home occupations shall not include barber shops, beauty shops, dance studios, carpenter shops, electricians shops, plumbers shops, radio shops, tanners shops, transfer or moving offices, auto painting, furniture repairing or sign painting.

(11) DEPTH OF REAR YARD: The mean horizontal distance between the rear line of a building other than an accessory building and the center line of the alley where an alley exists, otherwise the rear lot line.

(12) DEPTH OF LOT: The mean horizontal distance between the front and rear lot lines.

(13) DISTRICT: A section of the City for which the regulations governing the area, height and use of buildings are uniform.

(14) DWELLING, MULTIPLE: A building used or designed as a residence for three (3) or more families or households living independently of each other.

(15) DWELLING, GROUP HOUSES: Detached or semi-detached dwellings built on one (1) lot, usually in opposing rows separated by a walkway or court.

(16) DWELLING, ONE-FAMILY: A detached building having accommodations for and occupied by only one family.

(17) DWELLING, TWO-FAMILY: A detached building for separate accommodations for and occupied as, or to be occupied as, a dwelling for only two families.

(18) FAMILY: A family is any number of individuals living together as a single household unit; as distinguished from a group occupying a boarding house, a lodging house or both, or hotel as herein defined.

(19) FRONT YARD: An open unoccupied space on the same lot with a building, between the building and the street extending across the front of the lot.

(20) GROSS FLOOR AREA: The gross floor area of an apartment house shall be measured by taking outside dimensions of the apartment building at each floor excluding, however, the floor area of basements or attics when not occupied as living quarters.

(21) GARAGE APARTMENT: An apartment built on the rear of a lot similar to servants quarters.

(22) GARAGE, PRIVATE: A garage with capacity for not more than five (5) motor driven vehicles for storage only and for private use.

(23) GARAGE, PUBLIC: Any premises not a private garage, as defined above, used for housing of more than three (3) motor driven vehicles or where any such vehicles are repaired for operation or kept for remuneration, hire or sale.

(24) GARAGE, STORAGE: Any premises, except those defined as a private or public garage, used exclusively for the storage of automobiles.

(25) HEIGHT: The height of a building or portion of a building shall be measured from the average established grade at the street lot line or from the average natural ground level, if higher, or if no street grade has been established to the highest point of the roof's surface if a flat surface; to the deck line of mansard's roofs; and to the mean height level between eaves and ridge for hip or gable roofs. In measuring the height of a building, the following structures shall be excluded: chimneys, cooling towers, radio towers, ornamental cupolas, domes, or spires, elevator bulkheads, penthouses, tanks, water towers, and parapet walls not exceeding four (4) feet in height.

(26) HOTEL: A building occupied as a more or less temporary abiding place of individuals who are lodged with or without meals, in which as a rule the rooms are occupied for hire, in which provisions are not made for cooking in any individual apartment, and in which there are more than twelve (12) guests, and a general kitchen.

(27) INSTITUTION: A building occupied by a non-profit corporation, a non-profit establishment for public use.

(28) LODGING HOUSE: A building other than a hotel where lodging for five (5) or more persons is provided for compensation.

(29) LOT: Land occupied or to be occupied by a building and its accessory buildings, and including such open spaces as are required under this ordinance, having its principal frontage (Legal continued on page 7)

at least two (2) exterior walls are not more than two (2) feet above the floor of such story.

(42) STRUCTURAL ALTERATIONS: Any change in the supporting members of a building such as bearing walls, columns, beams, or girders.

(43) WIDTH OF SIDE YARD: The mean horizontal distance between a side wall of a building and the side line of the lot.

(44) REVERSED FRONTAGE: A portion of a corner lot fronting the street which was originally platted as a side street.

SECTION 20. PENALTY FOR VIOLATION: Any person or corporation who shall violate any of the provisions of this ordinance or fail to comply therewith or with any of the requirements thereof, or who shall build or alter any buildings in violation of any detailed statement or plan submitted and approved thereunder, shall be guilty of a misdemeanor, and shall be subject to fine of not more than one hundred dollars, and each day such violation shall be permitted to continue shall constitute a separate offense. The owner or owners of any building or premises or part thereof, where anything in violation of this ordinance shall be placed, or shall exist, and any architect, builder, contractor, agent, person or corporation, employed in connection therewith and who may have assisted in the commission of any such violation, shall be guilty of a separate offense, and upon conviction thereof shall be fined as above provided.

SECTION 21. CHANGES AND AMENDMENTS:

(1) The City Commission may from time to time amend, supplement or change by ordinance the boundaries of the districts or the regulations herein established.

(2) Before taking action on any proposed amendment, supplement or change, the City Commission shall submit same to the Planning and Zoning Commission for its recommendation and report.

(3) A public hearing shall be held by the City Commission before adopting any proposed amendment, supplement or change. Notice of such hearings shall be given by publication one time in the official publication of the City of Slaton, stating the time and place of such hearing, which time shall not be earlier than fifteen days from the first date of publication.

(4) Unless such proposed amendment, supplement or change has been approved by the Planning and Zoning Commission, or if a protest against such amendment, supplement or change has been filed with the City Secretary, duly signed and acknowledged by the owners of 20% or more, either of the area of lots included in such proposed changes or those immediately adjacent in the rear thereof extending 200 feet from the street frontage of such opposite lots, such amendment, supplement or change shall not become effective except by a three-fourths vote of the City Commission.

SECTION 22. REPEALING CLAUSE: All ordinances and parts of ordinances in conflict herewith are hereby repealed.

SECTION 23. SAVING CLAUSE: It is hereby declared to be the intention of the City Commission of the City of Slaton, Texas, that the sections, paragraphs, sentences clauses and phrases of this Ordinance are severable and if any phrase, clause, sentence, paragraph or to contravene superior law by the valid judgment or decree of any court of competent jurisdiction, such unconstitutionality or invalidity shall not affect any of the remaining phrases, clauses, sentences, paragraphs or sections of this Ordinance, since the same would have been enacted by the City Commission without the incorporation in this Ordinance of any such unconstitutional or invalid phrase, clause, sentence, paragraph or section.

PRESENTED AND PASSED IN FIRST READING ON THE 11TH DAY OF MAY, A. D. 1959 BY A VOTE OF 5 AYES AND 0 NAYS AT A REGULAR MEETING OF THE CITY COMMISSION OF THE CITY OF SLATON, TEXAS; PRESENTED AND PASSED IN SECOND AND FINAL READING ON THE 25TH DAY OF MAY, A. D. 1959 BY A VOTE OF 5 AYES AND 0 NAYS AT A REGULAR MEETING OF THE CITY COMMISSION OF THE CITY OF SLATON, TEXAS.

City Secretary, J. J. Maxey

Establishment of a district office for the 1960 Census of Population and Housing at Lubbock County Court House, Lubbock was announced today by Director James W. Stroud of the Census Bureau's regional office at Dallas.

Earl E. Kerr will be supervisor of the district office. He will direct a force of 24 crew leaders and 376 census takers in the following counties: Andrews, Bailey, Cochran, Crosby, Dawson, Dickens, Floyd, Gaines, Hale, Hockley, Howard, Lamb, Lubbock, Lynn, Martin, Mitchell, Terry and Yoakum.

Taking the 1960 Census nationally will require the services of 160,000 enumerators, 10,000 crew leaders, and 400 district supervisors, all temporary workers. The district supervisors, working under the general direction of the permanent regional field directors, are

February 5: Tommy Barnes, Kathryn Kitten, Tommy Bond, Mrs. J. H. Tremble, Mrs. Ervin Roberts, Joe Holland, Doyce Waylon Fields.

February 6: M. W. Kerr, H. C. Maxey, Mrs. John Kirtton, Johnny Haire, Miss Cora Sealy.

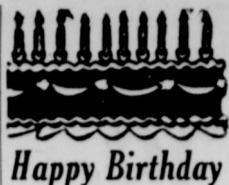

February 7: Herschel Glasscock, Steve Meador, Ronald Heinrich, J. T. Haliburton.

February 8: Mrs. Dave Draper, Coy Biggs, Keith Price, Mrs. W. L. Davis, Earl Eblen, Jr., Betty Joyce Green, Tommy Hargrove, Harold Gene Foc, Forney Henry, Mrs. J. R. Brush, Mrs. Ted Gaze, T. S. McClanahan.

February 9: Mrs. Rudy Schwertner, Howard Hoffman, Jr., Billy Beltoe, Mrs. Charles J. Fones, L. O. Lambert, Mrs. L. M. Cole, Mrs. Robert Lee Hagler, D. M. Jackson, Fred Marriott, Caydon Brush, Rita West.

February 10: Manuel George, Mrs. Inell Avant, James Brush, Mrs. J. S. Edwards, Jr., Mrs. Bobby Jones, Mrs. Harry Stokes, Mrs. T. N. Bickers, Mackie Klatenhoff.

February 11: Teresa Loke, Patricia Kayser, Cecil Mosser, Regina Anders, Douglas Hampton.

Happy Birthday

Census District Office Opened

responsible for all phases of census in their districts. Du of the ditric supervisor incl the recruiting of the crew le ers, obtaining space for ci leader training, recruiting i training a small office staff, viewing the completed questi naire, and direct supervis of the field canvass which gins on April 1.

Prior to the start of the c sus, all households will recei in the mail an Advance Cens Report Form, a new census-t ing device which is designed speed up the field canvass a provide more accurate stat tics. Distribution of this fori which contains the basic pop lation and housing question gives the family a chance to a semble information about eac member in advance of the ce sus taker's visit.

A Message from "Teague Drug"

HOW MUCH PROFIT DO YOU THINK a pharmacy earns on each sale? Very few people realize how reasonable drug store service really is.

AUTHENTIC STATISTICS REVEAL

1. The actual wholesale cost to the pharmacy, of everything you get from us, averages 65.4c of every dollar you spend. This leaves 34.6c for all expenses and profits.

2. Salaries or wages in the average pharmacy are 19.2 cents per dollar of sales. This leaves 15.4c.

3. Other expenses like rent, heat, insurance, telephone, advertising, repairs, license fees, electricity, deliveries and state taxes amount to 11.4c of every sales dollar.

THIS LEAVES 37c NET PROFIT.

Which means that, if the average pharmacy were to reduce all prices only 4c on each dollar, it would lose money.

ARE WE COMPLAINING?

Of course not. We try to achieve this national average to be competitive and depend on increasing volume for satisfactory total profit.

If something is sold below its cost plus overhead expense, then other articles must be excessively priced. Personally, we prefer to make a fair profit on each sale, instead of raising prices on unfamiliar items.

Wilson Events . . .

(By Mrs. Charles Berry)

The Walther League of the St. Paul Lutheran Church met recently for a social. They had a bowling party in Lubbock. Those present were Sandra and Shirley Behrend, Carolyn Luker, Arnell Lehman, Margie and Charlene Talkmitt, Gene Herzog, Serlene Weid, Donald Herzog, Gary Herzog, Lawrence and Norman Luker, Jimmy Gicklehorn, Melvin Lehman, Ronnie Nolte, Roy Nolte, Barbara and Nancy Wuensche, Geneva Wuensche, Judy Heine-meir, Allen Wuensche, James Wuensche and counselors, Mr. and Mrs. Hubert Teinert. Guests were James Ehlers and Jimmie Dickey of Cooper.

Mrs. Frank Smith was in Slaton Monday for medical attention. Mrs. Smith has had a battle with the flu for a few weeks. Mr. and Mrs. M. L. Murray and Grandmother Hancock visited with the Newcombs in Big Spring recently.

The W.S.C.S. met for an all-day session Monday at the Methodist parsonage. The study and program were given in the morning and the members had sack lunches at noon. In the afternoon the business meeting was held and the members cleaned the parsonage for the new minister who will arrive this week.

Mrs. Hubert Teinert was in Slaton for medical attention Monday.

The Luther League of the St. John Lutheran Church attended a social in Slaton, Sunday night. The social was held at the Grace Lutheran Church with members of three Luther Leagues present. The other churches were Posey and the Slaton and Wilson. They held tri-socials and the three churches attend. The Valentine theme was used for this social. There were about 12 members of the Wilson church present and Pastor and Mrs. Burnett.

The monthly Wednesday night social of the Wilson Methodist Church was held on Jan. 27th with a large group of members present. After a nice supper, slides and movies were shown on a trip to Alaska. Mr. V. L. Coleman of Ackerly talked as the film were shown. The trip was taken by he and his son. The film showed the climate, wild life, vegetation and civilization of Alaska. Visitors were Mr. and Mrs. Dewey Winstead of Lubbock, Mr. and Mrs. Charles Tyler of Crosbyton, Mr. and Mrs. V. L. Coleman of Ackerly, and Mr. and Mrs. Jim Porter and family of Slaton.

Sunday afternoon guests in the Charles Berry home were Mr. and Mrs. James Speer and daughter of Petersburg, Mr. Doyle Phillips, Miss Patsy Shinn and Miss Ruby Ashmore all of New Deal.

Mr. and Mrs. Frank Smith visited in Lubbock, Sunday with Mrs. Smith's mother, Mrs. Ben Boston.

A pastoral and teachers conference was held at the St. Paul Lutheran Church last week on Thursday and Friday. About 53 people were present. They came from an area from

Junior Civic And Culture Club Has Meeting

The Junior Civic and Culture Club met with Mrs. R. M. Shepard on the evening of January 19. Mrs. Ray Conner presided at the business meeting.

Mrs. J. A. Wright introduced Don Edwards, who played piano selections from Gershwin, Beethoven and Chopin.

Refreshments were served to Mesdames Joe Belote, C. V. Brake, M. M. Brieger, W. B. Chriesman, E. D. Cummings, C. E. Hogue, Yates Key, Melvin Kunkel, M. H. Lasater, W. A. Wilke, W. K. Frye, Conner, Wright and Shepard.

Athenian Study Club Meets

The recent meeting of Athenian Study Club was a mer and style show at Dun Tea Room.

Some of the members brought guests and all had wonderful time.

Winston Churchill:—I surprised that in my later I should have become so interested in accepting honors university degrees when, schoolboy, I was so bad at ing examinations. In fact, might say that no one ever ed so few examinations and ceived so many degrees!

Betty Stotts Honored With Surprise Shower

A surprise personal shower was held January 26 in the home of Mrs. Bob White honoring Betty Stotts bride-elect of Holly Sims.

Refreshments of hot chocolate and cookies were served to: Messrs. Bob Reynolds, Haley Reynolds, JoNell Shackelford, Wyatt Swint, Juanita Banks, and Elizabeth Nall. Misses Kay Ella Buxkemper, Lucille Verkamp, Carolyn Brunson, Frances Banda, Tommie Wicker, and Jeanette Buxkemper.

Hostesses were: Mrs. Bob White, Mrs. Wynn Stephens, and Miss Eunice Lee Buxkemper. Hostesses gift was a white lace gown.

Lloyd George:—Don't be afraid to take a big step if one is indicated. You can't cross a chasm in two small jumps.

Robert Penn Warren:—Poets are terribly sensitive people and one of the things they are most sensitive about is cash.

WHIRLPOOL

IMPERIAL AUTOMATIC ELECTRIC DRYER

DRYS FABRICS SO GENTLY, SO QUICKLY, SO SAFELY

WITH EXCLUSIVE TEMPERED HEAT

3 Separate Cycles Automatically "Tailor" The Time And Temperature To Fit The Fabric . . . Wash 'n Wears Come Out Wrinkle-Free!

Giant Size Capacity

This big, family-size dryer takes a full 20-lb. load of damp clothes. This greater capacity means fewer loads for you to dry, which can save you time and money every washday.

Porcelain Enamel Finish Top

This durable porcelain enameled top retains its newness for years and years . . . resists acids, heat, bleaches, alkalis, rust or stains. And, it's so easy to keep clean . . . simply wipe with a damp cloth.

Built-In Lint Screen

Lint removal is no problem when an RCA WHIRLPOOL Built-in lint screen is conveniently located on top of the cabinet, it's easy to remove, clean and replace after each usage of the dryer.

Illuminated Interior

Eliminates searching and grouping in the dark, or overlooking small garments. Automatically when the dryer door is opened, the interior is flooded with light.

DRYER PAYS IT'S OWN WAY

"The average family will save enough on clothing and linens to pay for an electric clothes dryer in just over two years," says Mrs. Xie Collins, home service advisor for Southwestern Public Service, Lubbock.

"This savings is realized through the need for fewer articles and realizing longer wear from these articles," the home economist explained. When you have an electric dryer it is not necessary to have the large supply of clothing items required when you must depend on fair weather for line drying. You can dry your clothes anytime with an electric dryer and take them right out of the dryer ready to wear.

"This feature is most favorable for families with infant or small children because they outgrow their clothes before the clothing articles wear out," Mrs. Collins pointed out.

Electric dryer dried clothes retain greater strength than line dried clothes. The wear and tear on clothing and linen articles while being line dried reduces the tensile strength many times faster than dryer drying. Fabric strength retention insures that the items taken from your electric dryer will give the maximum length of wear, another savings in dollars and cents. Also, dryer dried clothes retain their original colors and texture.

SAVINGS SHOWN BY SURVEY

"A dryer-owning family invests only about 1/2 as much in clothing as does the family without a dryer," stated the home service advisor. "This was brought out in a recent study by the Westinghouse Electric Appliance Division which showed that the investment for baby clothes in the family with a dryer amounted to only \$29, while non-users laid out an average of over \$75 for infant wear. A seven year old boy required only \$42 worth of clothing in the dryer family, while \$85 was required by families not owning a dryer. The average clothing cost for a nine year old girl averaged \$71 for dryer-owning families, and over \$125 for families not owning

electric dryers. All the dryer families estimated that they paid for their electric dryer in just over two years," she concluded.

MODERN ELECTRIC DRYER DOES MIRACLES MAGICALLY

"Hand wash" and "drip dry" are becoming an obsolete method of laundering man-made fabrics as the clothesline is for the standard garment materials," announces Mrs. Fern Nix, Southwestern Public Service home service advisor.

Laundry equipment manufacturers incorporated features in their washing machines to eliminate the hand washing task formerly required for those homemakers who wished to enjoy the miracle fabrics because of their lasting beauty, usefulness and wearability. The automatic electric clothes dryer now permits her to dry them with the same ease and assurance that finish and color will be retained in the same manner as "drip dry," the economist said.

The modern electric permits the homemaker a range of uses of these man-made fabrics in the home. These wonder fabrics are made up into sumptuous dresses and coats, snazzy dresses and rugs and carpets. Also, the manufacturer may recommend "hand wash" and "drip dry," recent research has shown that the electric dryer dries them with perfect results in time.

To keep your synthetic fabrics like new with the sparkle and finish, all you do is learn the names and characteristics of the new home economist advisor.

For instance, Orion and Dynel are something wool in their character. They can have a soft wash and when they are into knitted garments, should be handled like So, clean, fresh air is probably the best way to dry and wool-like synthetics.

Some electric dryer manufacturers are now market-

IT'S L FAIR TIME AT YOUR REDDY KILOWATT DEALERS

Yes, it's like fair time because your dealer is now giving you free wiring with your electric clothes dryer. In addition, also giving you a guarantee that you'll like your electric clothes dryer — or your money back. Can't get a better offer than that — at your county fair, now — cash!

Get rid of outdoor clothes drying worries — get an electric clothes dryer. Let's you choose your drying method. No more worries about dust, dirt, rain, or cold weather. And, in the summer, no sun-fading of delicate clothes.

er Homes' Dream... Modern Electric Dryers

Modern electric clothes dryers are the ideal for the homemaker. They are used in the bedrooms, living rooms, and other areas of the home. They are available in a variety of styles and colors to match your home's decor. They are also available in a variety of sizes to fit your needs. They are a must-have for any modern home.

miracle fabrics. Permanently pleated nylon or Dacron can be dried in the dryer, but durably pleated woven nylon or Dacron, Orlon or Acrilan, should be "drip dry," the economist said.

The economist concluded with data on taunting other articles made from the miracle fabrics.

Wash your foam rubber pillow and put it into the dryer for an hour on low heat. (She cautioned to make sure it was low heat.)

Nylon damask slipcovers: wash 3 minutes as low temperature, dry at low temperature. DRYER SERVES AS "FRIEND IN NEED"

An electric clothes dryer, which has swept to unprecedented popularity in a few short years, takes a new role as a "friend in need" when there is sickness in the home.

What mother hasn't been ready to throw up her hands at the near impossibility of supplying a constant flow of fresh pajamas, nighties and bedding

when one or more members of the family take to their beds with colds, flu or more serious illness?

Few nightclothes wardrobes and few linen closets can withstand the strain of many-times-a-day changes, and even if they can, when does one find time for all the extra laundering? GIVE EXTRA BLESSING

At times like this users give their dryers extra blessings. Speed and simplicity are the answers. In the clothes dryer-equipped home, nightclothes and bedding can be quickly laundered and ready for service again, often in less than an hour from the time they hit the discard heap.

Clothes dried this modern way are soft and wrinkle-free and not pulled out of shape. So they require less ironing. Many items being ready to use just as they come from the dryer. This is doubly appreciated if you must double as laundress and sickroom nurse.

GERMICIDAL LAMPS USED Some makes of dryers are equipped with ultra-violet ger-

micidal lamps of the type used in hospitals to promote hygienic conditions. Rays from these lamps play on the clothes while they are being tumbled dry, which also gives them a fresh, sunshiny smell.

CLOTHES DRYER "MOST WANTED"

The clothes dryer is the "most wanted" appliance on the planned purchase lists of America's homemakers. Repeated surveys by national magazines and appliance manufacturers alike have indicated this with the result that the dryer is expected to experience the most phenomenal growth in appliance history. Already it has set an enviable record with more than one million dryers in use although it has been on the market in force for only about five years.

The one million women who now own dryers are the real salesmen who have made this new appliance the "most wanted." Many of them, asked if they were forced to give up their automatic washer or dryer said they would prefer to lose the washer first.

SAVES MORE LABOR They point out to surveyors that the dryer not only saves more labor than any other appliance but it saves clothes and reduces the number of garments needed.

Leading dryer manufacturers predict a startling growth for the dryer business in the next five years. Executives foresee six million new dryers in addition to the one million now in use.

The extent of this record, if achieved, can be appreciated when anyone considers that although the automatic washer industry is 15 years old it has just reached the six million figure which the dryer industry expects to hit in 10 years.

ELECTRIC DRYER MAKES GIFT OF 2.973 FREE HOURS

What would you do if someone made you a present of two thousand, nine hundred and seventy three hours of free time?

If you are wondering where in your busy life you would find that many hours to do with as you wish, the answer is simpler than you might expect. A recent study shows that an automatic electric clothes dryer actually saves two thousand, nine hundred and seventy three hours over clothes line drying.

Of course, it took some expert calculating to come up with that figure and in the course of the survey some other interesting facts were revealed - one of the most interesting being the weather. It seems that in most localities, U.S. Weather Bureau figures show that the number of days - in a year unsuitable for clothesline drying because of rain, low temperatures and other reasons - outnumber the good days almost

two to one.

DRYER MAY NEED VENTING

When your electric dryer is operating, it is removing about one gallon of moisture per hour. Some consideration should be given to venting or disposing of this moisture and the lint from the clothing, other than discharging it into the house. (A note to remember—a dryer does not create lint, it merely removes it.)

The moisture discharged from your dryer can damage wall paper, wood finishing, and foundation of the house, therefore, manufacturers suggest that the dryer be vented to carry this moisture outside.

The location of your dryer will determine if you actually need an outside vent. If it is located in an area with good air circulation, such as your garage, or a laundry room where it can be set by a window which can be opened, it may not be necessary to install an outside vent.

All electric dryers have vents on the back of the dryer, and venting pipe can be run from these up to 25 feet if there is not too many bends in it.

RESEARCH PROJECT CONDUCTED

The consumer was quick to recognize the work and time a dryer would save, but there were many questions in the minds of prospective buyers. Would the dryer wear out clothes? Would yellowing and fading occur in a dryer? Was a dryer safe for synthetic fabrics as well as the traditional cottons and linens? Was there more shrinkage in the dryer than in line-drying? Since the dryer uses heat, would it be a safe appliance? Would lint and moisture be a serious problem. The Household Equipment Research Staff at Ohio State University conducted a study to get the answers to some of these questions. Results of the study show that (except for a small amount of shrinkage in a few fabrics such as cotton knits) dryer-drying is definitely more satisfactory than out-of-doors drying in sunshine and breeze.

A CAUTION ON OVER-DRYING

There is a danger of over-drying clothes in an automatic clothes dryer. All the homemaker need to do is set the dials for the predetermined correct time for various fabrics. Over-drying results in deep-set wrinkles which are difficult to remove in ironing. Although no published research has been done on over-drying, it is expected that continued over-drying would remove the natural moisture content, causing the fibers to become brittle, and eventual wear out the fabric faster. Over-drying can and should be avoided.

IT'S FUN-TASTIC

STEP IN IT-

STEP OUT IN IT

Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

Supple Full Coil suspension—Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.

Butyl rubber body mounts—Thicker, newly designed body mounts

further insulate you from the road.

Body by Fisher—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.

Foam cushioned seats—Chevy offers foam cushioned seats in both front and rear in all series but one.

Safety-Girder frame—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.

Hydraulic valve lifters—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.

Cushioned steering shaft—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

Precision balanced wheels and tires—Here again Chevy has concern for your comfort by nating vibration in this vital tire life is longer, too.

Easy steering ratio—Chevy's ratio Ball Race steering takes work out of steering for you.

Superior weight distribution—Chevy rides better, handles and stops better because the weight is more equally divided between the front and rear wheels.

Wide choice of power—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than any other car.

Now—fast delivery, favorable deals! See your local authorized Chevrolet
