AWARD WINNERS

These three men took home cash awards from Monday night's Farmer-Merchant Presentation Dinner. They are left, to right, Floyd Kitchens of Route 1, Slaton, who won \$50.00 for producing the third bale of cotton this year in the Slaton Trade Territory; Donald Myatt of Lubbock, second bale award winner, \$75.00; and Troy Thomas of Acuff, grand prize winner for producing the first bale of cotton harvested this fall in the area. Thomas was awarded \$150.00.

Slaton Has Growing Pains!

C. E. McReynolds Dies Tuesday

A longtime Slaton resident, Clifford E. McReynolds, 58, died in Veterans Hospital, Amarillo, Tuesday morning. He had lived in Slaton since 1911 and was a painter. Services will be conducted at 3 p. m. Friday in First Methodist Church here, with the Rev. Crabtree of Plainview officiating. He will be assisted by the Rev. Rollo Davidson, pastor. Burial will be in Englewood Cemetery. Survivors include a daughter, Mrs. Travis L. King; two grandchildren; four sisters, Mrs. Jack Shepard, Slaton; Mrs. P. A. Minor, Slaton; Mrs. E. A. Bownds, Amarillo; and Mrs. J. M. Dedwine, Abertown; three brothers, R. E. McReynolds, Amarillo; E. N. McReynolds, Clovis; and W. L. Cantrell, a half-brother, Lubbock.

Auxiliary Police Given Permanent City Status

Slaton's City Commission Tuesday afternoon gave the local Auxiliary Police organization permanent status as an approved City organization. The City also publicly sanctioned the operation of the Auxiliary and expressed its appreciation for the work being done by the various volunteer members. The value of the organization was emphasized Monday night, when approximately 800 gathered at the new Slaton Bowl for the Second Annual Farmer-Merchant Presentation Dinner and another group of about 1,000 gathered in southeast Slaton for the start of the Mexican Independence celebration. Tuesday night, Auxiliarymen were called out to help patrol and stand cover guard at the celebration, attended by almost 3,000, according to one report. In connection with its recognition of the Auxiliary, the commission appointed Chief of Police Eugene L. Martin as local civil defense head and authorized him to complete the Auxiliary organization, taking in more members as necessary, and as director of the group. "By golly, it's pretty good," one commissioner said, "when those fellows go out there and work, even if it's just to direct traffic. They take a chance of making somebody mad just doing that."

Finance Committee, Commission Schedule Joint Meeting On 28th

A joint meeting of the Slaton City Commission and its recently appointed Finance Committee will be held September 28. The joint meeting will be for the principal purpose of finding a way out of the current financial dilemma facing the city and to present some kind of solution as soon as possible. Slaton is suffering from growing pains. New construction and expansion of the community has brought demands for additional city services far surpassing the city's ability, financially, to provide. These new services, principally in the areas of additional sanitary sewer service, more water lines, paving, etc., can not be paid for on present city income. The Finance Committee will get the burden of finding out approximately how much money the city will need in the foreseeable future and recommending a way to provide the necessary funds. The joint meeting was called in Tuesday afternoon's session of the commission. In other activity, the commission okayed drilling up to five test holes for water on Santa Fe right-of-way just east of the roundhouse. Santa Fe has given permission to explore for water in that area and test holes will be drilled as soon as possible. The overall water situation came in for lengthy discussion at the meeting. Water Superintendent George Willis reported that the present supply was adequate for the summer with no crisis apparent because of lack of supply. However, Willis said, all wells were going "full blast" on many days. Topics discussed included the need for repair on the pump at one well, the water level draw-down caused by maximum pumping effort on various wells and related subjects. The commission will take bids on the lease of police cars from local dealers. A plan whereby lease price, including preventive maintenance, is desired. Police Chief Eugene Martin was given approval to install a caution light at the intersection of Jean and 9th streets, as well as stop signs at all entries to Highway 84, both north and south of the square. The commission also voted to install street lights, five on Railroad Avenue and one at the intersection of N. 12th and W. Dawson. In addition, a schedule of pay raises for the street and sanitation department was approved. Earlier, a schedule had been okayed for the water and sewer department.

Welfare Center To Be Open On Saturdays Only

The Slaton Welfare Center will open Saturday morning, September 26. Hours will be 9:30 to 11:30 a. m. only on Saturdays. Good clean clothes are needed for school-age children and will be received at any time by the caretaker. The Center expressed its thanks this week for the recent contributions of boxes of children's clothing.

Local Church Sets Revival

Evangelist Elbert Smart of Lufkin will begin a five-night revival at the Assembly of God Church next Monday. The revival will be held September 21 through 25. Evangelist Smart has preached in many revivals and youth camps throughout the southwest. The public is invited to attend the services and hear this young man, according to V. F. Love, pastor.

Football Has Come Long Way Since 100's

Cheering coeds and klieg lights have brought football a long way from the days when the English stubbed their toes kicking around the skull of a Dane. That's one theory of how the game started, according to research experts with The World Book Encyclopedia. The Danes occupied England from 1016 to 1042. A few years after they left, some workmen digging in an old battlefield uncovered a Danish skull and started kicking it back and forth. Several boys who had been watching dug up another skull and soon everybody was "kicking the Dane's head." They were also getting bruised toes. Some precocious youngster substituted an inflated cow bladder... and the game of football was born. In the 1100's, the "game" was more of a riot. Teams from neighboring towns—sometimes with hundreds of players on each side—met at some midway point. The bladder was thrown down and the free-for-all was on. The object of the game was to kick the ball into the center of the rival town. When the yelling hoards descended on the town, pedestrians ran for their lives and shopkeepers bolted their doors. Eventually the players were ordered to play in some vacant area or give up the sport. The teams retired to a field marked off with boundaries similar to those of a soccer field. And the towns—and football—were saved.

Boat Race Club Forming

The formation of a Slaton Boat Racing Club is sought here by persons interested in the sport and in providing another recreational medium for local residents. Leo Henzler is spearheading the efforts to form such a club, which will be made up of any interested persons. Especially invited to take part will be Slaton and Slaton-area teenagers. The club will build boats and motors, either from materials furnished by the members themselves or merchants who will pay for the materials in exchange for advertising messages on the boats' sides. Working tools will be furnished. Meetings will be held in the old Continental Warehouse on Railroad Avenue and the first get-together is planned within the next week or two, according to Henzler. Anyone interested is asked to contact Henzler at Henzler Implement for information. Others interested in the club are "Jot" Gowen of Lubbock, Harris Frazier of Buffalo Lakes and Bill Pippin, boat racer. The club will be for any interested parties, 12-years-old and up.

Canadian Dam Project Talked By Rotarians

Slatonite Howard Hoffman, former president of the Canadian River Municipal Water Authority, gave the program at last Thursday's meeting of the Slaton Rotary Club. Hoffman introduced a film produced by the Authority's secretary which emphasized points why the proposed Canadian River Dam should be completed at the earliest possible date. Differences over price rates have held up progress on the dam during the last few months and current efforts are underway to dissolve those differences. Club members felt the program was highly informative and interesting.

Rites Are Hed For Mrs. Wilson

Mrs. E. E. Wilson, 80, died in Mercy Hospital, Friday, September 11. Mrs. Wilson has been a resident of Slaton since 1917. She was born October 5, 1878 in Summerville, Kentucky. Funeral services were held September 13 at 3:00 p. m. in the First Methodist Church with Rev. Rolla Davidson, pastor, officiating. Interment was in Englewood Cemetery under the direction of Williams Funeral Home. Mrs. Wilson is survived by her four sons, Grady, Earl, Ray, and Herold, all of Slaton, seven great-grandchildren, one sister, Mrs. P. M. Wrenn of White-wright, and two brothers, George Bennett of Whitewright, and Lee Bennett of Duncan, Okla.

Caprock Auto Parts Slates Formal Opening

The formal opening of Caprock Auto Parts, in its new location at 175 N. 8th, will be held Saturday. Free door prizes and refreshments will be given at the opening. Caprock Auto Parts is owned by H. G. Schuette and is a longtime Slaton firm. It is distributor for Good Year tires and handles such auto parts as gaskets, rings, belts, shocks, batteries, filters, spark plugs, bearings, fuel pumps, mufflers and tail pipes and tools. A featured service of the firm is brake lining work. The formal opening celebration will be held all day Saturday. Attend the Church of your choice. Jaycees See Film Of Seagraves Game; Call Officer Meet Sunday

Coach Dean Wright, Slaton Tiger assistant football coach, showed films of the Slaton-Seagraves game at the Jaycee meeting here Tuesday night. Wright commented on the errors the team made in the game, which it lost 18-16, as well as the good points and explained some of the things the coaches are working to install in the players. Business discussion at the meeting centered mainly on what new projects the club should undertake and ways to "liven up" the club's participation in local civic affairs. President Pete Williams called a meeting of the officers and directors, to be held at his house this Sunday afternoon at 2:30.

Eleven Missed Only One Game In Last Week's Football Contest

It was a real squeaker all the way and there were easily twice as many contestants as the previous week as interest continues to climb. There were three or four disqualifications in the contest caused by failure on the part of contestants to enter a score in the tie-breaker game. Don't fail to do this as, in the case of this week, winners are often determined by their guess on the games score. Entries must be in the Slatonite office no later than 5 p. m. Fridays, unless mailed. If mailed, they must be postmarked no later than 5 p. m. Fridays and arrive at the Slatonite office by 9:30 a. m. Monday after the games. College games will be included this week for the first time.

Season Tickets On Sale At Business Office

Season Tickets to the Tiger football games are on sale now at the school business office in the Slaton Savings and Loan building. Price on the tickets is \$4.50 for the four home games to be played by the Tigers this fall. Those games are against Rotan, September 18; Frenship, September 25; Spur, October 23; and Post, November 13. Holders of season tickets for previous seasons can get the same seats if they purchase them by today.

Touchdown Club, Tigers' Fathers Asked To Meet

Dave Sanders, president of the Slaton Touchdown Club, has requested all members of the club and fathers of all the football players to meet at the gate Friday night when the Tigers play Rotan. Sanders said the members and players' fathers will form two lines to welcome the Tiger footballers onto the field and cheer them on to what is hoped will be their first victory of the year. The game gets underway at 8 p. m. at Tiger Stadium.

800 Attend Highly Successful 2nd Annual Farmer-Merchant Banquet

Approximately 800 Slaton-area farmers and merchants jam-packed the new Slaton Bowl Monday night for the Second Annual Farmer-Merchant Presentation Dinner. Attendance nearly doubled last year's inaugural banquet in what must be termed a tremendously successful affair. Farmers, hosted to the dinner by Slaton and Slaton-area merchants, ate good barbecue, smoked about a thousand cigars and about four times that many cigarettes, saw 45 of their number receive valuable door prizes, and, in general, had a good time. One hundred twenty-four firms in Slaton and the area played host to the affair, buying tickets for themselves, farmers and supplying door prizes. Highlight of the evening was the awarding of cash prizes to the three men who produced the first three bales of cotton this year in the Slaton Trade Territory. Winner of the first place award, Troy Thomas of Acuff, received \$150.00. Second place award, \$75.00, went to Donald Myatt of Lubbock and the third place award, \$50.00, was won by Floyd Kitchens of Slaton. Bill Ball, chamber of commerce manager, was master of ceremonies. Robert Hall Davis, CoC president, made the 60-second welcoming address and the response was made by Howard Basinger, Slaton farmer. W. C. "Dub" Williams' new Slaton Bowl, not yet completed, was the scene of the banquet, held where 12 bowling alleys will be constructed in the next few weeks. Now, the concrete floor below the alleys served well.

Local Pastor Won't Get To Preach To Soviet Premier Khrushchev

Rev. H. E. Summar, pastor of the Bible Baptist Church here, won't get to preach to Russia's Premier Khrushchev during the Soviet boss' current visit to the US. Rev. Summar invited Mr. Khrushchev to hear one of his sermons, and to visit the church while in the United States, through Senator Lyndon B. Johnson. Here is Senator Johnson's latest reply to the local minister: "My Dear Friend: The State Department has acknowledged your invitation to Premier Khrushchev to attend services at the Bible Baptist Church. "As you know, the itinerary, as announced by the White House, does not include Texas. But I thought you would like to see the reply from William B. Macomber, Jr., Assistant Secretary. "Sincerely, "Lyndon B. Johnson"

Wets 'Mad' About Intentions To Publish Signers' Names By Drys

"Dirty pool," say the wets. And they're talking about the plans of local drys to publish the names of persons signing a petition calling for a local option liquor election in Precinct Two. "We've had several people sign the petition because they got mad when they found out the drys were going to publish petition-signers' names," one wet said, "but just the same we've lost some signers because of that, too. We feel like publishing the names of people who drink but won't sign the petition." Wets mention "Democratic principle" in the election. "We don't think there should be involved in any election," one said. The wets feel the intention to publish names of petition-signers is a threat because many won't sign for fear of being subjected to criticism, they say. "We're still looking for about 100 signers," one wet representative said, mentioning that they wanted more than the 466 minimum number required. He gave no comment on how many signers were actually "on the dotted line" at this stage. Meanwhile, dry forces are continuing efforts to raise money with which to combat the election, if and when one is called. Local church bulletins remind congregations of the upcoming fight and seek financial contributions, as well as personal participation, in the drive to keep legalized liquor out of Slaton.

Look What May Be Coming Our Way!

Quoting from an editorial in the issue of the Post Dispatch of September 3d Mr. Charles Didway wrote: "Don't be surprised if cattle feeding on the South Plains someday rivals King Cotton in size and wealth."

That interesting and wholly logical prediction was made recently by Duane Howell, the Lubbock Avalanche-Journal's farm editor, following a tour of this area's crops, cattle feeding operations, and packing plants by some leading farm credit and agricultural officials.

Some members of the Farm Credit Board of Houston, which is made up of representatives from every section of Texas, said they felt cattle feeding here on the South Plains some day could rival Corn Belt operations.

All were impressed with the tremendous potential this area has for expanding feed lot operations. The visitors didn't say cattle feeding might replace cotton. Fact is, the area's enormous production of cotton and cottonseed products, which are used in cattle feeding, would be needed to sustain large feedlot operations and is one reason for the big feeding potential.

Add to these cottonseed products the mountainous supply of grain sorghums, which tests show are almost equal in value in feeding to corn, and you have all the basic ingredients needed for feedlot operations.

What's more, the South Plains are "strategically located as far as prospective markets for beef is concerned."

The erection this last year of the new Supreme Beef Company packing plant in Lubbock came about through just such an analysis of future potential.

The ranch country of this area produces the right kind of feeder cattle and the feed supplies also are locally produced.

Mr. Didway, and Mr. Howell, of the Avalanche-Journal, evidently look forward with great hopes for the day when both sides of the roads around Post, Slaton and into Lubbock will be lined with cattle feeding lots and processing plants for the cattle carcasses.

One large plant and one medium size feeding lot of this description are now located near Lubbock and are stirring up one of the biggest stinks of the age.

On humid days the air is so polluted with the offensive odors that come from these plants motorists traveling within four or five miles of the plants become sickened and residents on the far side of Lubbock complain. On occasions fishermen and people on outings at Buffalo Lakes have been so overpowered with the stench that they have given up in disgust and gone home. There are many people who are contemplating asking for some kind of control of the nuisance.

It is appalling to consider the possibility of having any more of such feeding lots and processing plants on the South Plains. Even if the establishments of a large number of them could be made profitable, think of the damage it would do.

Instead of something to look forward to it is a menace that should be stopped before it fouls up the entire South Plains.

Yesterday! Today! Tomorrow In Slaton!

There are a goodly number of people still living in Slaton who remember when the site our town occupies was farming land and most of them are not of ancient age either. While the town has not grown as fast in size as Lubbock has, it has, in a leisurely way, prospered and expanded and many of its citizens have accumulated modest fortunes. As a town, Slaton has done very well.

The present may or may not be a time of great opportunity. The timid investor may look back on the disasters of the depression but the optimist can easily consider the great increase in property values and in many investments that have been made in the past ten to twenty years. Slaton is as solid now as any town could be under present conditions.

With most all big cities expanding to take in, or overrun near by communities, Slaton is due to expand to be either becoming a part of Lubbock or to prosper and grow because of its proximity to Lubbock. It would take another depression or worse to keep Slaton from expanding at an ever accelerated rate and it is likely that investments made now will be better in the future than they were proportionately in the past. At the rate the shopping centers are spreading around Lubbock it won't be long before our cotton fields around Slaton will be lousy with them.

SPEND WITH CARE!

The Sounding Board

(Editor's Note: H. M. Baggaly, "The Country Editor" of the Tulla Herald, is a really fine writer. And, when he's not expounding the virtues of Ralph Yarborough, is really very quotable. Here he is on a subject, that should interest many of you. The first four paragraphs we just threw in. After that you get down to the "meat" of the column.)

Country newspaper editors often feel like the editor of the Mound City Republic who "blew his top" recently through his front page column. He grew a little weary of getting plenty of free business with little if any of the paying—so he wrote:

"A recent bride was in last week to complain that the Republic had used a wrong word in her wedding write up. Country boy that I am and not intending to embarrass her, I suggested that I give her money back."

"The wedding invitations were bought from some other printer and if they were worth packing home, cost \$15 to \$25. Then, no doubt they used printed napkins at the reception; probably a nearby town photographer got \$35 to \$70 for pictures of the couple; the minister got no less than 10 bucks for reading the ceremony; the girl who baked the wedding cake got another stipend."

"The florist knicked her old man for 50 to 70 bucks; it's a nice gesture to slip a five spot to the gal who plays the old church piano. When it's all over it's a must to leave \$5 for the person who cleans up the church. At \$2.50 an hour for Linotype operators I printed a half column of 'showers' for the bride. After it was over I spent \$5.75 for a picture of the couple and used a column of type (at \$2.50 an hour again for Linotype operators). I suppose her wedding cost me \$12 to \$15 and the story didn't suit the bride! I'm surely in the wrong business."

—but I still like to run a country newspaper."

—country editor—

A school official recently ventured the opinion that in another 10 years there will be no football in high schools the size of Tulla. All over the country, high school boys are displaying less and less interest in the sport.

Those who do come out are becoming less and less enthusiastic. Many will drop out for minor reasons.

Each year, the number coming out for football dwindles.

It is said the interest among the fans is much greater than among high school boys. In some instances, enthusiastic fans have high school sons who are not interested at all in the sport.

According to a story appearing in this week's high school paper which is found on another page of The Herald, "... at the end of the season last year one of our larger Texas schools had only 27 boys out for both A and B teams, while one of our smaller schools played an entire 11 game schedule with 12 men."

—country editor—

At the risk of rating No. 1 position on the dirt list of rabid football fans, we are going to question whether or not this situation is necessarily bad. Should boys be high pressured into playing something in which they have little interest?

For many years, many citizens have been complaining about an over-emphasis on high school sports, particularly football. They have pointed out the expense of maintaining high school football and the relatively small number of students it touches.

They have charged that this money and effort should be diverted to academic subjects. For years, many have felt that high school sports should be maintained only on an intra-mural level. And there have been other criticisms of football, including serious injuries which sometimes result, favoritism shown star players, gambling on the part of townspeople, and others.

It has often been true that a school strong in football is strong in nothing else. The entire school must revolve around the winning football team, and any teacher who dares employ a single standard for all students is a horse's you know what.

Few taxpayers are aware of the cost of maintaining football in a public school system. Football has never been self-sustaining except in the larger schools. It is true that a high school boy cannot afford to spread himself too thin. It is possible for a student to become engaged in so many extra-curricular activities that he succeeds in none.

If a boy prefers vocational agriculture, music, or dramatics to football, if through necessity he must earn his expenses from an after-school job, or if for a good reason he devotes his time to another constructive and worthwhile activity instead of going out for football, he should not be censured.

There are many successful men in the world today who never played football. There are many former football players who would be better off today had they spent a little more time learning skills in high school and less time on the gridiron.

Certainly high school football cannot be justified on the grounds that it entertains the townspeople who like to watch the sport.

—country editor—

On the other hand, there's another side to the picture. There are almost 200 boys enrolled in Tulla High school. Eliminate all who are devoting a major segment of their time to some other constructive interest, who are working after school as a matter of necessity, and who are not football material. There are still enough boys to tax the facilities the high school provides for football players and maintain a long waiting line.

Public Enemy No. 1 of high school football is not hat which we have just discussed—it is the automobile. If a high school boy can manage for an automobile—and most of them can—then he either wants to spend his after school hours riding around or else he must get an after school job to keep the old buggy in gasoline. In either event, he has no time for football.

—country editor—

Still others are not interested in football for the same reason that they are not interested in anything that requires a little self denial, a little self discipline.

They don't want to train. They don't want to deny themselves certain foods and drinks. They don't want to maintain regular hours.

We heard last week of a boy who dropped football after the first few days because he did not make the first team—this was his first year out for football!

All this denotes simply a lack

of self discipline. A business executive told us recently that anybody he was able to hire wanted his job.

In other words, whether a person is considering playing football or is about to "accept" a position, he wants to start at the top.

—country editor—

Gone are the days when the average youngster expects to work for something. Gone are the days when a person is willing to learn a trade by the apprentice route. In the past we have tried to interest high school graduates, those not planning to attend college, in learning the printing trade which offers excellent opportunities to ambitious young men.

Occasionally someone manifests a mild interest. About the only thing he can do as a beginner is to carry paper to the incinerator. He resorts to work in a car on which he must make payments. About two weeks later we learn he is to be married. He tells us what he must earn—or else he will have to

quit. He's telling the truth. It takes more than an apprentice is worth to make car, television, and refrigerator payments, and to support a wife. Some filling station operator, caught over a barrel and desperate for help, will offer him more than he is getting—and away he goes.

As a result, skilled help is almost unobtainable.

—country editor—

Much is wrong today with organized labor. Too many union laborers, devoid of anything that

approaches conscientiousness, are giving all laborers a black eye. They are abusing their rights. They believe in Santa Claus. They're killing the goose that laid the golden egg.

SANTA FE DONATES BELL

Local Santa Fe Superintendent K. C. May, left, and Rev. Weldon Thomas, pastor of the Trinity Evangelical Methodist Church, are shown here with a bell presented to the church by Santa Fe. The church is currently constructing a new building to be located at 700 S. 19th and the bell will go in the new bell tower. It was used in Engine 953, constructed in 1905, an old steam engine similar to the one parked here across from the depot. In presenting the bell, May said, "This bell has been used to warn people at many a railroad crossing. I hope it can be of as much useful service to the church as it has been to the railroad, and I'm sure it will." This is one of many such bells being used by different churches which have been donated by the railroad. It is made of solid brass.

Mrs. Bill Chriesman is returning to San Angelo to be with her mother, Mrs. C. S. Taylor. Mrs. Taylor suffered a stroke two weeks ago. She has improved somewhat but she is still in critical condition. Mrs. Chriesman has been staying in San Angelo since her mother had the stroke. She returned home for a few days.

Sounding Board . . .

about it, organized labor does have minimum standards for its members. Its members have to be proficient at their skills even if they aren't always long in conscientiousness.

However, organized labor doesn't have a monopoly on labor abuses. There are plenty of unorganized laborers who know how to charge more than they are worth, who are sloves at whatever they do, who are not interested in being a craftsman, who take no pride in what they do, who are completely unprincipled when it comes to ethics, who would be kicked out of any union if they ever gained membership in one.

—country editor—

If the attitude of this generation towards jobs, towards employers, towards the public, towards most anything including sports, continues to deteriorate during the next 20 years at the rate it has deteriorated during the past two decades, what is to be the end?

—country editor—

Apparently the only deterrent to this trend is a hair-raising depression in which once again a man must compete for a job against two dozen other applicants who want it, in which a man is discharged for gross negligence or inefficiency because there are plenty of others

standing around willing to deliver if that isn't his desire.

Don't misunderstand. The employer has more to lose than the laborer in event of such a depression. The employer lost his shirt along with the employee during the 1930s. The employer would be the last person in the world to wish for such a depression because he personally has nothing to gain. It is just as easy to lose a home in Highland Park as it is in the south part of town. Everybody sails along in the same boat.

Yet, the fact remains that mortal man is too weak, too lacking in self discipline to learn the lessons of life in any way other than in the hard school of experience.

AUTOMOBILE SAFETY

I don't believe enough can be said on the subject of automobile safety. Safety is everybody's business, and I feel that when we hear of a serious accident it must be a matter of deep concern for all of us.

Whether we are pedestrians, operate cars and trucks in our businesses, or take our families on short or long trips in our cars, we are potential accident statistics.

The automobile contributes to the safety of modern day living, as an ambulance, fire apparatus, police vehicle, and other ways contributes greatly to the safety of modern living.

In the hands of unskilled, irresponsible people the automobile becomes a menace. We seem to forget that the automobile is an inanimate machine. It has never collided with another object. Only through human beings does it become an instrument of destruction.

If we accept the basic premise that no vehicle is safer than its driver, we can come only to the belief that driver education is the sole solution to the problem of death on the highways.

It may interest you to know that one third of all high schools are offering courses on the elements of safe driving. These courses combine theory and practice together with discussions of the social aspects of safe driving.

The next time you or I climb into our automobile, remember one thing, respect the rights of others, both motorists and pedestrians.

PICK THE ROOM — THEN THE COLOR

The other day, I was reading over a study made by the telephone company which showed that the kitchen and bedroom were the most popular locations for extension telephones.

It doesn't surprise me because a good number of our customers here in Slaton have ordered telephones for those particular rooms in their homes.

But perhaps you'd like additional phones in other rooms — the workshop, maybe, or the family room. All you have to do is pick the room where you want an extension, and then call the business office.

We'll be happy to help you select the color that fits the room — and within a few days you'll have a color extension to brighten your home and help you get more out of life.

THE OLD "COLLEGE TRY"

In the coming months, Saturday afternoons on college campuses will mean lively football games with teams giving it the old "college try."

But Sunday afternoon — minus the excitement of the winning touchdown — can be lonely for sons or daughters away at college.

There's an easy remedy for this, however. Just ask them to make the old "college try" at remembering to call you collect every other Sunday.

Who knows? They may even surprise you some Sunday by paying for the call themselves with the dollar or two they've saved from allowances or an extra job they've picked up at college.

Call by number. It's twice as fast.

Ringling Bros. Circus Perch Experts Have Supreme Balance

The Del Moral perch act works with probably the highest poles in the circus world, and their daring routine is seen twice daily with Ringling Bros and Barnum & Bailey Circus.

Manuel Del Moral balances a 25-foot pole on his forehead while his brother George climbs to the top and performs one-hand and head stands. Then as a windup to the act, Manuel's wife, Martha, ascends the pole and does a series of bends while hanging to the pole top solely by a loop about one foot.

The Del Moral were trained in their hazardous act at their Mexico City home by an uncle, and have appeared with the Mexican Ataydi Circus, throughout Europe and Central America and with smaller American circuses. Now they will be seen with Ringling Bros and Barnum & Bailey when The Greatest Show on Earth comes to Lubbock Municipal Coliseum Oct. 19, 20 and 21 for six big shows.

Mr. Del Moral promises a new member of the troupe within a year or two when his pretty, 16-year-old daughter, Magdalena is expected to join the act.

In addition to scores of acrobatic and high trapeze acts, this year's edition of The Greatest Show on Earth boasts four huge and gorgeously costumed production numbers, as well as such animal acts as Hugo Schmitt's elephants, Sciplini's chimpanzees and Charles Moroski's horses.

A host of newly imported European acts are being seen in America for the first time this year, and many old favorites are again thrilling their fans from coast to coast.

SUMMER'S END

Nothing is so empty as a day without a plan.
Home, to a small boy, is merely a filling station.
Some people never hit the mark because they never pull the trigger.
It's time enough to say it when you know it to be true.

CAN YOU STOP in TIME SAFETY SPACE SLOW DOWN and LIVE!

A college boy's father is the kin he loves to touch.

Be careful what you start when you try to stop something. Culture, like custard, curdles when it's overdone.

When words fall—try a few new ideas.

Remember the words of the Lord Jesus, how He said, "It is more blessed to give than to receive."—(The Acts 20, 35.)

Often, when spontaneously bestowing a friendly smile upon a lonely person or a word or deed of help and encouragement to one in distress, we have been wondrously rewarded by such an inner satisfaction as a fortune in dollars could not equal. Indeed we are blessed when we give, unselfishly, and in love.

KNOW YOUR SLATON BUSINESS MEN AND FIRMS

In order to encourage the people of this area to become better acquainted with leading South Plains business firms and the men who are and those who have been instrumental in their establishment and growth the Slatonite will carry historical sketches at regular intervals.

The information will be told in a way to make it as interesting as possible

and it is hoped that each sketch will be read by everyone who is interested in the growth of this area.

Do business with these firms when possible and you will do your share toward the further development of the South Plains and they in turn will be of benefit to you by being able to give you better service and quite often more economical prices

JUST TALK

BY A. M. J.

The magazines, newspapers and doctors have taken most of the pleasure out of living, at least it seems so to me, for about all the thrills left me are those derived from eating.

It is very dangerous to put butter or even margarine on your bread, it clogs up your arteries and may cause a stroke or heart attack at any moment. Sweets bring on diabetes and such things as tomatoes, orange juice and lettuce bring on ulcers. Follow these suggestions and you end up living off of dry toast, cream of wheat and meat.

With the women counting every calorie in a cracker and buying bread with all the nourishment and flavor removed so that you might as well be eating sawdust I feel as guilty as a chicken thief every time I glance at a piece of pie at a restaurant and I'm afraid to enjoy swiping a grape when I sneak through a grocery store.

With all this propaganda soon the young men will not have ambition, or strength enough, to sneak a look at a young woman and the women will be so weak and stringy that they won't have strength, or ambition, enough to care. "My doctor said don't gain a pound," is the slogan of the day.

Please; please pass the gravy.

When we moved to Slaton in Sept., 1940, the steam engines were still pulling the trains and the lonesome sounds of their whistles kept one company regardless of the time of day or night. Most of the engineers worked out their own signals and one could quite often tell who was in the cab when certain sounds were heard but the old romance of railroading seems to be gone. Who wants to hear the grunts of the warnings sounded by a diesel engine and who could make a melody from such sounds. Slaton is not the same place it was in 1940 and I blame the railroad company for a lot of it.

It is with regret that I must admit that two tomato plants will not produce enough tomatoes to satisfy even a person who is just a moderate tomato

eater. As I am what might be graded a tomato glutton I was very much elated last week when Mrs. G. N. Smallwood brought me a big sack full of tomatoes that made the ones I gathered off my anemic vines look like cherries. As tomatoes have no calories, no sugar and no fat in them it is not against the rules to eat them and those Mrs. Smallwood brought me has been the one bright star of pleasure in a drab experience for this week. When the tomato season for this area is over it will be steak and potatoes at our house, for I have no use what ever for hot house tomatoes that are grown in California, packed green and shipped in plastic bags and taste like rubber balls full of floor sweepings.

Although I have been moaning and groaning about the heat and looking bleary eyed at the world because of hay fever I was real discouraged last week when the first suggestion of fall and winter came creeping up on us.

Even though my straw hat looks like a sock, both in color and shape, my short sleeve shirt feels cold and heartless and my legs dry and shriveled where my shorts stop at the knees, I still want to go back to May and start the summer all over again.

My fondest hopes for the winter have been shattered. They were that men's hat styles would change from Eskimo igloo styles back to Grandpa styles women have shoes would not look like a missile headed for the moon with a stinger on it, but I see by the papers and magazines that my hopes have been shattered. Of course I can go without a hat myself, which I intend to do, even if the bone shows through, but I will have to watch the women totter along breaking ankles, falling through gratings and off curbs thinking that they are the most graceful animals in the world but I'm not going to help pick them up because I believe that any one who would wear such shoes should be left where they fall and I simply am not in shape to handle some of them. Besides I just don't give a whoop any more.

A little boy, asked to make up an arithmetic problem similar to those in his school book, came up with this unlikely proposition:

"My father is thirty-six years old. My dog is four. In most fields were a human, he'd be twenty-eight. How old would my father be if he were a dog? How old would my dog and my father both be if they were human beings?"

Around and About Slaton

Mr. Charley T. Hill the tree and shrubbery doctor reports that it is too late to spray for bag worms. The bags now hanging on the trees do not hold live worms and the eggs that have been laid have already been deposited on leaves and vegetation. Next May and early June will be the proper time for spraying these pests that have been so destructive. Mr. Hill is a Bantam chicken fancier and has shown his chickens at many fairs and poultry shows. He has won many ribbons and prizes.

Mr. and Mrs. J. I. Drewery returned last week from a trip to New Mexico, Arizona and other vacation spots. Mr. Drewery was very much impressed with a shetland pony ranch he visited where he saw shetland ponies vaulted at over a thousand dollars each.

Not only are there many cases of severe influenza reported in Slaton but there is also an unusually heavy infection of allergies that cause hay fever and difficult breathing. Winter may be a welcome season this year.

O. H. Heinrich and family, left last Thursday for Schulenberg to attend the family reunion of the Miksch and Swabota families.

Dub Williams expects to begin the installation of the new bowling equipment in the building that has been completed on Farm to Market Highway 400 as soon as it arrives which is scheduled within the next day or two.

The road bond that was to have provided funds to pave highway 84 from the caprock near Post to the Lynn County line was defeated last week by Garza County voters by a vote of 123 to 84.

The latest idea in facial tissues is blood red ones which are supposed to serve as a warning to hunters not to shoot each other. They are particularly useful this time of the year to suffer hunters who are likely to doze from hay fever. Do your shopping in Slaton and get red facial tissues.

Even though the weather has turned cooler than usual for this time of the year, it has not slowed the mosquitoes a bit. One case of sleeping sickness was reported in Slaton last week and residents are warned not to expose themselves to the mosquitoes. While fogging machines have been working over time here in Slaton the flies and mosquitoes seem to have multiplied in quantities greater than ever before.

Did you know that the city limits of Slaton to the northwest is slightly less than nine miles from the city limits of Lubbock?

Mr. and Mrs. R. D. Presley and daughter, Angella, of Abernathy visited with her mother, Mrs. M. D. Gamble, Sunday.

Dr. James W. Turnbow, son of Mrs. M. J. Turnbow, Slaton, has moved with his family to Arizona where he has accepted a position as Dean of Engineering, Science at Arizona State University, Tempe, Arizona. Formerly of Austin where he was Associate Professor of Engineering Mechanics at the University of Texas.

Do You Remember?

Taken from the Sept. 19, 1952, issue of the Slaton Slatonite.

Miss Josephine Becker, daughter of Mr. and Mrs. Willie Becker of Slaton, and Floyd Foerster, son of Mr. and Mrs. Emil Foersaer of Lubbock were married at 5 p. m. Sunday in the Lutheran Church at Wilson with the Rev. C. C. Ehler officiating.

Mr. and Mrs. Charles R. Fulkerson will make their home at 2208 16th st. in Lubbock following a wedding trip to Colorado Springs, Colo. The couple was married on Friday at 6 p. m. in Ford Memorial Chapel of First Baptist Church Lubbock with the Rev. George Maurice Small officiating at the double ring ceremony. The bride is the former Dorothy Lee Foster.

Patsy Pettigrew was honored with a party on her tenth birthday, Tuesday evening at her home, 1000 South 13th st.

Mrs. Henry M. King and children, Elaine, Henry Mason Jr. and Beverly, who have been with her parents-in-law, Mr. and Mrs. Harry King, since June 6, left Friday for New York, from where they will take a plane to Germany to join their husband and father, M/Sgt. Henry M. King.

Taken from Sept. 17, 1948, issue of the Slaton Slatonite.

Taking effect Sept. 1, J. W. Bagby, who has held the position of Clerk in the Superintendent's office, is now Chief Clerk to the Superintendent of the Slaton Division of the Santa Fe.

Marriage vows were spoken last Sunday morning at ten o'clock at the First Baptist Church by Miss Billie Georgia

Burns, daughter of Mr. and Mrs. E. R. Burns of 335 E. Panhandle, and Joe L. Tyson, son of Mr. and Mrs. J. J. Tyson, of Lubbock, Rev. W. F. Ferguson read the double ring ceremony.

Mr. and Mrs. W. L. Housour returned Friday from a vacation trip on which they visited New Mexico, Arizona, Colorado, Wyoming, Utah, Nevada and California.

Mr. and Mrs. F. D. Elder spent the last week end in Littlefield visiting Mrs. Elder's parents, Mr. and Mrs. J. W. Kyzer.

Mrs. Bryan Williams and young son, Lee, of Post, spent Monday in the home of her parents, Mr. and Mrs. Lee Wootton.

J. B. Griffin, of Cooper in East Texas, is visiting in the homes of C. L. Griffin, J. B. Patterson, and Mrs. Annie Patterson of Union.

A number of close friends of Mrs. C. E. Jarman of 600 So. 12th st. surprised her by gathering at her home Tuesday morning with all the materials for a covered dish luncheon.

High Plains area. Tops was the 1958 season which produced 2,025,433 bales. About 100,000 more acres were planted this year since there was no soil bank but adverse weather in May and June wiped out as high as 600,000 acres and much of it was left in being replanted. Standing acreage on the Plains as of August 1 this year was 2,159,850 acres, just about the same as standing acreage in 1958 at this time.

Below are listed production estimates by counties in this area:

Crosby 105,000; Garza 20,000; Lubbock 195,000; Lynn 130,000; Total 450,000.

Plains Cotton Crop Prospects Are Good; 1,775,000 Bales Expected

Texas High Plains cotton crop prospects for the 1959-60 season continue to look good and estimated production in early September was placed at 1,775,000 bales.

This is up about 5,000 bales from the August 1 crop estimate made by officials of the Lubbock Cotton Exchange and the Plains Cotton Growers, Inc.

Crop reports throughout the area continue to be good. Late-planted June cotton is said to be making excellent progress. Some dryland cotton is suffering from lack of moisture but much of the dryland area is in good shape and farmers report heavily loaded stalks. Most noticeable change in the crop estimate is the decrease in production on dryland cotton and increase from irrigated areas.

Most cotton authorities now agree that weather the next six weeks on the Plains will mean the difference between a good and bad crop year, as far as cotton is concerned. Most farmers have hopes for a warm, dry fall and late frost.

If the 1,775,000 bale estimate does materialize, it would be the second largest cotton crop ever produced in the 23-county Texas

High Plains area. Tops was the 1958 season which produced 2,025,433 bales. About 100,000 more acres were planted this year since there was no soil bank but adverse weather in May and June wiped out as high as 600,000 acres and much of it was left in being replanted. Standing acreage on the Plains as of August 1 this year was 2,159,850 acres, just about the same as standing acreage in 1958 at this time.

Below are listed production estimates by counties in this area:

Crosby 105,000; Garza 20,000; Lubbock 195,000; Lynn 130,000; Total 450,000.

HUMBLE Presents... THE NEW TIRE of this generation!

ATLAS BUCRON TIRES

Positively No Squeal!

YOU CAN'T MAKE IT SQUEAL!

The new Atlas Bucron Tire grips the road so well you can't make it squeal. The secret is in the miracle new rubber of the tread.

SAFER!

STOPS 30% QUICKER THAN ORDINARY TIRES

Tested against other tires, the Atlas Bucron Tires stopped 30% quicker—often the difference between a safe stop and an accident. Atlas Bucron Tires will stop quicker on wet pavement than ordinary tires on dry.

SOAKS UP BUMPS AND JARS! You notice bumps with ordinary tires because the rubber "bounces." The miracle new rubber in Atlas Bucron Tires smoothes "bounce." Your car rides like the day you bought it, steers easier, handles better.

Trade Now for a set of these amazing new tires. Ask for a demonstration ride—you'll be amazed! Then talk trade with your neighbor under the Humble sign. The price is less than you would think, and terms are available. Equip your car with Atlas Bucron Tires on all four wheels.

GUARANTEED BY HUMBLE

Humble guarantees the Atlas Bucron Tire against all road hazards for 18 months. Adjustment is based on months of service. Guarantee is honored by 38,000 Atlas dealers on service station driveways throughout the United States and Canada. (Note: All Atlas dealers do not carry Atlas Bucron Tires, but all will make adjustment under the guarantee.)

STATE CAPITAL Highlights AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

But complete unity is unlikely. Liberals are forming a Texas Democrats for Stevenson organization. First showdown will be at the precinct conventions. They'll be May 7 since the new law moves the date from the last Saturday in May.

Report To Taxpayers— Texas government cost more last year than ever before and will cost even more in the fiscal year that began this month. But there was a bright spot in State Comptroller Robert Calvert's report. Because of a new bookkeeping system enacted by the Legislature, the General Revenue Fund deficit is only \$26,571,159 instead of the \$87,000,000 that was predicted. Calvert reported the state

The Slaton, Texas, Slaton
Thursday, Sept. 17, 1959

spent \$1,163,883,080 in the year just ended. This is \$140,000,000 more than in the previous year. In the present year spending will be some \$50,000,000 higher than in the year just ended.

Biggest expenditures, in the order of their cost, were for highways, schools, public welfare, state hospitals and penal institutions.

AUSTIN, Tex.—"Dogwood time in Texas" could come around Thanksgiving this year. In years past, the deadline for candidates to file for a place on the Democratic primary ballot was the first Monday in May. Would-be candidates frequently followed an old East Texas tradition of holding off formal announcements "until the dogwood is out." Depending on the season, dogwood blooms in late February to Early March, some 2 to 2 1/2 months before the old May filing deadline.

Election law changes passed this year move the filing date up to Feb. 1. If the whole schedule is moved up accordingly, "dogwood time" would be from late November to early December.

Probably, for the first time at least, long habits will cause most candidates to feel this is too early.

Also for the first time in 1960, county officials will face a new fact of life. A constitutional amendment adopted last year bars them from running for another office while holding their present office, if it has more than one year to run.

This means that district judges etc., all of whom have four-year terms, can't run for some state office in their "off year... They will have to resign first.

This rule does not apply to state officials holding four or six-year offices.

BATTLE LINES FORMING—However lively state politics, they probably will be eclipsed in the coming months by the tremendous interest building up in national party politics.

Focal point of most of the suspense and activity is U. S. Sen. Lyndon B. Johnson, first Texan since Nance Garner to be re-

garded seriously as a potential presidential nominee. Clubs to support Johnson are already being formed, and Democratic Executive Committee Chairman J. Ed Connally of Abilene has predicted strong unity behind the senator.

TRUCKS THAT DO THE NEXT BEST THING TO PAVING EVERY ROAD IN AMERICA!

Imagine a truck ride so smooth and cushioned that fragile loads can travel the worst "wash-board" roads with ease. Imagine a truck ride that virtually eliminates shimmy and wheel fight, cuts side sway on curves, makes steering far steadier and easier, keeps drivers far fresher. Imagine a truck ride that permits higher safe cruising speeds, more trips per day with all kinds of cargo over every type of road surface. Imagine a ride that keeps up to 78% of all objectionable road shock and vibration from ever reaching the driver and cargo, a design that sharply reduces twisting and fatigue forces on chassis, cabs and bodies, that keeps trucks young for extra thousands of miles. / Soon you won't have to just imagine such a ride. You can try it for yourself in the trucks that do the next best thing to paving every road in America—new Chevrolet trucks for 1960. You'll see what happens when Chevy's truck engineers design a whole new line of trucks around a whole new kind of torsion-spring suspension. These trucks are new from the ride on up—with wonderfully roomier cabs, brawnier frames, style that's fresh as sixty and more! Don't decide on any new truck till you see the newest of all.

See them soon at your local authorized Chevrolet dealer's.

Come to Church on Sunday

DESTINATION: Church

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalms	42	1-4
Monday	Psalms	55	14
Tuesday	Psalms	84	1-12
Wednesday	John	21	1-14
Thursday	John	21	15-25
Friday	I Corinthians	15	1-28
Saturday	Revelation	1	1-20

Mother's wearing her smart new hat, Susan's curls are brushed till they shine, and Dad's looking pretty sharp, himself, in that pale gray suit.

If the Browns look like a family starting out on a pleasure ride — well, that's exactly what they're about to do. They're going to church.

The Browns are regular churchgoers. But this is their secret. They go to church not only because they feel they should, but because they want to. Church, for them, is one of the most joyous occasions of the week.

No one ever said that going to church had to be a glum, long-faced affair. Going to church isn't a duty. It's a privilege.

Make church your destination this Sunday. And go joyfully.

Initiation Is Held For FHA Girls At Roosevelt Club House

The FHA initiation was held Tuesday afternoon for the incoming Freshmen at the Roosevelt Club House. Some of the things the girls had to do were roll raw eggs

down the highway with their noses, walk through cooked spaghetti barefooted and roll balloons filled with air and water along the floor with their noses. They had straight pins stuck on their noses. They ran relay races by crawling through the holes in old tires, and finally cleaned the sidewalk with a tooth brush and thimble full of water.

For their clothing they wore full skirts turned upside down and tied at the waist with a rope. They also had can-cans on. They wore one highheel shoe, a shoe box on the other foot, and ball caps on their heads. Sweat

MRS. JESSE ELDON WILLARD nee Martha Ann Pair

Martha Ann Pair And J. E. Willard Marry

The wedding of Miss Martha Ann Pair and Jesse Eldon Willard was solemnized Sept. 6 at 3 p. m. at the Cooper Methodist Church, Woodrow, with the Rev. John Ferguson of Kress officiating for the double ring ceremony.

Parents of the couple are Mr. and Mrs. Floyd Pair, Slaton, and Mr. and Mrs. E. V. Willard of Kress.

The bride, accompanied by her twin brother, Mark, sang "Because" at the altar and Cecil Morris of Lubbock sang the "Wedding Prayer."

The bride, given in marriage by her father, wore a gown of white net over taffeta with French imported lace. The portrait neckline is framed with scalloped lace, and the fitted tulle bodice has long sleeves of imported lace pointed at the hand. The full floor-length skirt of shirred tulle is accented by imported lace over net.

The bride carried a white Bible topped with a white orchid and garlands of Stephanotis. Her chapel length veil of tulle was accented by tiny seed pearls.

Feminine attendants were Mrs. Raymond Davis of Oklahoma City, sister of the bride who served as matron of honor; and Miss Juana Jay Barrett, Lubbock, and Miss Joan Willard of Kress, sister of the groom, bridesmaids. Diane Davis served her aunt as Junior bridesmaid.

Their dresses were mint green cotton and satin with Italian-cut sleeves and necklines and princess bodices from which flowed full gathered skirts. They wore white velvet headpieces with sprays of white flowers and carried bouquets of white gladioli and carnations with mint green stamens.

The bride's niece, Debbie Davis, was flower girl and Willard's cousin, Donald Dixon, carried the rings. Diane Davis and Sammy Pair were candle lighters.

Lee Willard of Lubbock served his nephew as best man and a brother, James Willard and Charles Rinehart of Kress were ushers.

Assisting in hospitalities at the reception in Fellowship Hall were Mrs. Lee Willard, Miss Katherine Payton of Roswell, N. M., Miss Sandy Lincecum of Lubbock and Miss Theresa Griffin of Slaton.

When the couple left for a trip to New Mexico and Colorado the bride wore gray and white silk tweed fallie suit and black and white accessories. She is employed at Lubbock Auto Co., Inc. Willard is an engineer major at Texas Tech and is employed at Galbraith Steel and Supply Co.

Miss Opal Willis To Be Married

Mr. and Mrs. C. D. Willis announce the approaching marriage of their daughter, Miss Opal Faye Willis, to Pfc. Ben Milan, son of Mr. and Mrs. C. M. Milan, Norman, Ark.

Miss Willis is a graduate of Slaton High School and is presently serving with the Woman's Army Corps at Ft. Sill, Okla. Her fiancé is serving with the 546th Military Police attachment at Fort Sill, Okla.

The couple plans to marry in the home of Mrs. Buddy Wiles, Lubbock, sister of the bride-elect. A definite date has not been set for the wedding.

Tigers Drop Tilt To Seagraves 18-16; Play Rotan Here Friday

Slaton's Tigers missed getting their first win of the current football season by three points last Friday night at Seagraves. The win was claimed by Seagraves, 18-16, in a hard-fought game.

An offside penalty midway in the second quarter enabled the Tigers' opponents to score what proved to be the winning touchdown.

Slaton scored the second time it had possession of the ball, but trailed at halftime, 12-8.

Fullback David Bishop led the Tigers with 91 yards in 23 car-

ries. Randy Sanders carried 19 times for 87 yards and Giles Smith 59 yards on 15 carries.

The Tigers took the opening kickoff to their own 25 yard line where three tries at the line gained only 8 yards and brought on a 4th down kick. End Jerry Allen punted to the Seagraves 23 where it was picked up and returned to the 45 yard line. Halfback Joe Faulkenberry broke through the line for 12 yards and a first down on the Slaton 43 yard line.

Tackle T. L. Blisard broke through on the next play, cover-

ing a fumble on the Slaton 41 yard line. Slaton took the ball and in nine plays had a first down on the five yard line. The longest gain was a 15 yard sprint by Bishop. Sanders went over right guard for 3 yards and on the next play Bishop went over center for the touchdown.

Sanders carried for the extra point making the score 8-0.

Seagraves put the kickoff in play on their own 48 yard line and in 3 plays had a first down on the Tiger 25. Twenty-four yards were gained on a pass to Dick Stephenson. From the 25, Faulkenberry made 3 over center. Stephenson made 5 over tackle. On the next play Stephenson went over center for the remaining 16 yards and the touchdown. The extra point try was no good.

Seagraves scored again in the second quarter with 4:07 left. The drive started on their own 19 yard line. Stephenson broke over tackle for 48 yards to the Slaton 33. A personal foul moved the ball to the Slaton 18. Four plays moved the ball to the Slaton 5 yard line, where Slaton held for three plays. On the fourth play, the ball was shy of the goal by one yard but an off-side gave Seagraves one more try at the goal line. Stephenson carried over on the next play. The extra point was no good, leaving the score 12-8, Seagraves.

In the second half, Seagraves Eagles scored in eight plays, the big gain being a 20 yard pass from Tommy Moseley to end Milton Roach which set up a first down on the Slaton 43 yard line. Two more plays had moved the ball to the 20 yard line where Faulkenberry broke over center for the touchdown. The try for extra point was no good. The score 18-8, Seagraves.

Slaton took the kickoff on their own 31 and in 18 plays scored their second touchdown. The big play was a 20 yard pass from Ward to Sanders which set up a first down on the 15 yard line. Two more plays set up a first down on the 5 yard line.

Bishop went over center for 1 yard. Sanders broke over tackle for the touchdown from 4 yards out, and also carried for the extra point.

An on-side kick set up a Slaton first down on their own 45 yard line. Three plays made a first down on the Seagraves 45. Three more plays gained only 6 yards and forced Slaton to punt. The ball rolled dead on the Seagraves 11.

Faulkenberry broke over right tackle for 23 yards and a first down on the 34 yard line. Seagraves was held and forced to punt, the ball took a good bounce and rolled to the Slaton 15 yard line.

Slaton drove to the Seagraves 36 where a fourth down try was stopped short. Seagraves ran two plays and the game was over.

The Tigers played good ball throughout the game and never gave up. They will try to get in the win column next week against the Rotan Yellow Hammers. The game will be in Tiger Stadium, the first home game of the season.

Southland's Eagles Win Second Game Of Season; Down Loop, 32-0

SOUTHLAND—The Southland Eagles won their second game of the current season last Friday night, defeating Loop, 32-0.

On the opening kickoff in the game, played at Loop, Southland received and drove 50 yards in six plays, scoring on a six-yard pass. Don Basinger passed to Manuel Salinas for the score. Darrell Jones made the extra points in a dive play.

In the second half, Jones started the scoring by going 20 yards on a dive play. Basinger passed to Salinas for the extra points. Ronnie Sales intercepted a pass and got the ball back for Southland a little later. Clifton Smith scored from 15 yards out on an end around. Basinger passed to Salinas for the extra points.

The last Eagle touchdown came on a pass from Basinger to Smith. The extra points came when he passed to Salinas again.

Outstanding players playing Eagle offense were Basinger, quarterback; Jones, halfback; and Salinas, end.

Tops on defense for Southland were Gary and Delton Robinson, Dennis Popham and Ronnie Sales.

A lot of school spirit is being displayed at Southland with plenty of fans going to the game and backing the boys in the games away from home. This Friday, the team will play Dawson. Kickoff time is 8 p. m. and everyone is invited.

Wilson Loses To Plains Squad

WILSON—Wilson's Mustangs suffered a 50-0 loss to Plains last Friday night at Plains.

This week, the team will take on Meadow, there, as they seek their first win of the season.

Junior Athletic Club Organized For Year; Pep Squad To Be Formed

The Junior Athletic Club was well attended by interested parents at the first meeting of the year which was held on September 8, 1959, in the study hall of Junior High School.

Coach Laceywell, coach for Junior High School, was introduced at the meeting. Coach Day, assistant to Laceywell, was also present. The following is the 1959 District Football Schedule for Junior High School.

Sept. 15—Post—There.
Sept. 22—Frenship—Here.
Sept. 29—Open (game to be scheduled later).
Oct. 6—Tahoka—Here.
Oct. 13—Post—Here (Homecoming).
Oct. 20—Frenship—There.
Oct. 27—Tahoka—There.

All dates include two games. (7th and 8th). Game time is 7:00 p. m. Sandwiches and cold drinks will not be served to the football boys and pep squad girls after the out-of-town games in order to arrive back in town at an earlier hour.

It was announced that there will be an organized pep squad for the Junior High girls, however they will not be transported to the out of town games by school buses. Transportation will be furnished for as many girls as possible who have their parents' permission to attend the out-of-town games. Mrs. Frank Chappel, chairman, Mrs. Thomas Claiborne, Mrs. Roy Saage and Mrs. Leon Walston were appointed as a committee to meet with the girls and contact the parents to help work out their transportation.
