Gregory to Challenge Cain in Slaton Mayor's Race

Gregory for the mayor's post has published a circular after Luther Gregory filed on deadline day last Friday, March 7, to challenge Cain in his bid for a third term as mayor.

Gregory, a former city judge, was a candidate in the 1965 when he trailed Cain by 90 votes in the three-man race. Curly Martindale, who was also in that race, had filed in the commission in Ward 1, and incumbent Jack Martindale and Hugo Mosser in Ward 2, and Henry Bollinger in Ward 3. The election is scheduled Tuesday, April 10, for two years.

The school trustee election, which is scheduled for Saturday, April 1, will have six candidates on the ballot with three to be elected. Incumbents on the board are Dr. Don Arrants and Curly Martindale. Arrants received the most votes last year.

The election will begin for the school trustee election on March 13, and absentee balloting starts on March 15.

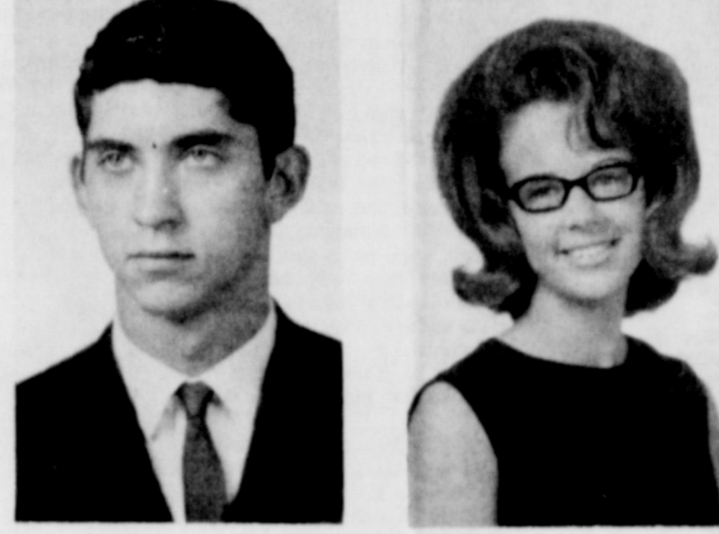

Rotary Selects Hughes As New Club President

Dr. David Hughes was named president - elect of the Slaton Rotary Club when new officers for 1967-68 were elected last Thursday during the regular club meeting.

Other officers include Claude Cravens, vice president; M.C. Davis, secretary - treasurer; directors Bentley Page and Speedy Nieman, and Sgt.-at-arms Robert Breedlove. Re-elected were song leader Dee Bowman, bulletin editor Wayne Cooper and pianist Mrs. Flora Mae Williams. New officers will be installed in June.

Dr. Hughes, local veterinarian, will succeed B. B. (Doc) Castleberry as president. Hughes was vice president last year. Charlie Barron is outgoing secretary - treasurer, and Bill Layne is the retiring sergeant-at-arms.

Rotarian Bob Breedlove also gave a classification talk at last week's meeting. J. S. Edwards is in charge of this week's program.

Students Elect SHS Favorites

Favorites at Slaton High School were announced this week with the coveted titles of "Mr. and Miss SHS" going to seniors Tommy Donaldson, son of Mr. and Mrs. H. R. Donaldson, and Jacquie Edwards, daughter of Alton Edwards.

The student body elects the favorites with the balloting held under the direction of the annual staff. Favorites are featured in the yearbook.

Other favorites elected: most attractive - Steve Harlan and Gay Bowman; most courteous - Dublin England and Cheryl Clark; most athletic - Jack Mason and Nancy Lucero; wit-tiest - Kenneth Winchester and Holly McSween; most school-spirited - Junior Martinez and Vicki Nowlin.

See the "Tiger's Cage" page inside for more details.

As might be expected, both Mr. and Miss SHS have been active in many school activities. Jacquie was named "Miss Flame" at the homecoming pep rally, was junior class favorite and has served on the student council three years.

The 17-year-old, blue-eyed, brown-haired favorite was in FHA three years, D. E. Club

Church, School In Land-Swap

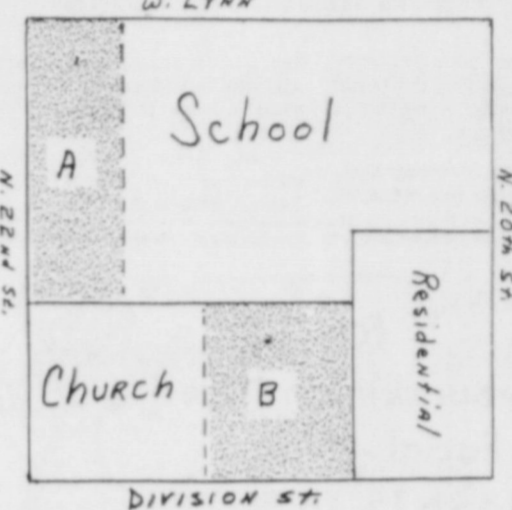

A "swap" of two plots of land between Slaton Independent School District and the First Christian Church was completed Tuesday night during a regular meeting of school trustees.

The trade had been approved by church members Sunday. In the school board meeting Tuesday, trustees also selected Harman Ribard to do architectural work on the new band hall addition at Slaton High School.

The exchange of land involves almost the same amount of property for both parties, with both expecting to benefit. The agreement calls for the school to give the church a strip of land abutting 22nd street with dimensions of 679 feet by 133 feet.

The church will deed the school a plot measuring 300 by 300 feet which abuts Division Street and lies south of the new high school gym. This will provide the school with access and means of exit to and from the new gymnasium, as well as a reserve parking area.

First Christian Church initiated the trade due to its desire of building a parsonage next to and north of the church building. The church building is located on the corner of Division and 22nd street. Church officials reported plans to sell off the remaining residential lots fronting on 22nd street.

Cold Wave Hits Area Tuesday

A new cold front swept into the Slaton area Tuesday, arriving about 3 p.m. and dropping the temperatures by 30 degrees in one hour's time.

Propelled by high winds, the Canadian cold front kicked up dust and sent residents to the closet for heavier coats. The mercury was at 66 when the front hit Slaton about 3 p.m., but an hour later the reading had skidded to 36 degrees.

The temperature dipped on down to 20 degrees at 9 p.m. Tuesday, then a low of 12 was recorded here Wednesday morning. Estimated high for Wednesday was 44. This was in contrast to a high of 89 and low of 42 on Saturday.

A cooling trend started Sunday when a high of 66 was recorded. A light sleet greeted residents Monday morning, but only a trace of moisture was realized.

No precipitation was predicted on the South Plains behind the cold front, although snow flurries hit in the Panhandle. The cold wave was expected to yield to a slight warming trend.

RETAILERS PLAN FABULOUS FRIDAY SALE, OTHER EVENTS

Plans for a St. Patrick's Day "Fabulous Friday" dollar-day sales promotion, a "Western Day" event in May, and a big "St. Patrick's Day" in June.

The retail trades committee has called for an April 7 meeting of all interested retailers in order to present the upcoming events and acquaint all firms with the schedule.

Billy Strange Dies Wednesday

Billy Strange, son of Mr. and Mrs. J.C. Strange, died about noon yesterday in Methodist Hospital in Lubbock after being injured in an accident almost two weeks ago.

Strange was driving a truck for Caprock Sand & Gravel, with whom he was employed, when the accident occurred. He accidentally fell from the truck and struck his head. The accident happened near Caprock Sand & Gravel located nine miles East of Southland. He never regained consciousness.

At press time funeral services were pending at Franklin-Bartley Funeral Home in Lubbock.

He is survived by his wife, Connie; his parents, Mr. and Mrs. J. C. Strange, and one brother, Gene of Houston.

Babe Ruth Meet Slated Friday

A Babe Ruth League baseball meeting has been called for Friday at 7:30 p.m. in the Slaton Co-Op board room, it was announced this week by Glen Akin, president.

All interested persons are urged to attend the meeting, where officers will be elected and reorganizational plans made for the coming season.

Officers and managers from last season are urged to be present for the important meeting.

Program Set At High School

A program at the high school auditorium tonight will climax special Public School Week activities.

The West Ward Elementary School, in cooperation with the Parent - Teacher Association, will present a program at 7:30 p.m. which will be the dramatization of two musical stories, "The Little Red Hen" and "The Gingerbread Boy". The program will be directed by Mrs. Anita Perkins, music teacher at the school.

In addition to the dramatization, which will be presented by first graders, fourth grade pupils will present a series of folk songs and musical games. Admission of 25¢ and 10¢ will be charged for the purpose of defraying the cost of production and music.

Robbery Victim Dies, Police Seeking Suspect

Fred Hughes, 51, of Rt. 2, Slaton, who was beaten and robbed in southeast Slaton Feb. 18, died in Methodist Hospital last Thursday.

No arrests have been made, but officers said they have suspects.

Services for Mr. Hughes were held at 10 a.m. Saturday in Franklin-Bartley Chapel in Lubbock with the Rev. John Schwensen of Lakewood Baptist Church, officiating.

Burial was in City of Lubbock Cemetery under direction of Franklin-Bartley Funeral Home.

Mr. Hughes was a farmer and served in the armed services in World War II.

He is survived by his parents, Mr. and Mrs. Earnest C. Hughes of Rt. 2, Slaton; three sisters, Mrs. W. H. Fambion, and Mrs. Hazel Van Meter, both of Lubbock.

Pallbearers were Roy Rallsback, Joe Burleson, Punk Thomas, Bryan Reasoner, Carl Crossland and O. A. Oates.

Wilson School Post Open

There will be a vacancy for a Superintendent in the Wilson Independent School, effective July 1, 1967. The school board is taking applications for any qualified person interested in the position.

Applications will be available from the office of the school secretary, Mrs. Ethel Covey, P.O. Box 816, Wilson.

CANDY STRIPERS AT MERCY

BY LAVON NIEMAN

If you've been out to Mercy Hospital lately and have seen a teenage girl dressed in a red and white striped jumper and white blouse, and most likely with a smile on her face.... then you have seen one of the new members of the Mercy Hospital Candy Stripers.

The Candy Stripers have recently been reorganized by the Mercy Hospital Auxiliary and the administrators at the hospital. An organizational meeting was held Dec. 26 and the group of girls elected officers for this year.

Officers for the organization are Kris Richardson, president; Linda Johnson, vice-president; and Darlene Hlavety, secretary. Other members are Laurie Green, Roni Kitten, Terri Hillers, Debbie White, Toni Melcher, Georgia Geer, Vicky Tumlinson, Becky Ratliff, Kathleen Mary Woods and Susan Cagle.

These 13 girls are the charter members since the Candy Stripers have been reorganized. "Other girls may make application," said the administrator, Sister Amadeus, "but members will be taken in to the organization only once a year." Following membership, the girls undergo a training period conducted by the administrator. To be a member, girls must be in the ninth grade or above.

Sister Amadeus said they had considered taking only older girls, but Kris Richardson asked so many times to become a member and get organized that she consented. And it seems more ninth graders are interested than the older girls.

At present the Candy Stripers are volunteering two hours each week at the hospital. During the summer months, it is possible, they will volunteer longer hours.

"The need for young people to fill the 900,000 new job positions which will become available by 1970 is urgent in the medical field, and this gives interested teenagers an opportunity to see if they really like hospital work and would like to make a career of it," Sister Amadeus said. "It is especially rewarding for us to

watch them doing their duties". Among the duties these 13 girls have at Mercy Hospital are making beds, discharging patients, filling water pitchers, answering lights and serving meal trays.

At the age of 16, interested girls may become nurse's aides and are then paid a salary.

Viewed as an educational procedure, volunteer service can provide an opportunity for young people to learn the moral satisfaction from constructive service to a community institution and thus develop a sense of civic responsibility which will rebound to the benefit of the community and the health care facility.

A teen-age volunteer program can help develop community support for Mercy Hospital now and later. It can become a potential recruitment mechanism by exposing young

people to the practical application of many health careers. It can also provide a trained pool of additional volunteers for use in a hospital or community disaster planning program.

A member of the hospital auxiliary mentioned to me this week, that she thinks some of these girls are actually making better workers than some of the adult auxiliary members. Chances are that most girls this age are always in a cheerful mood and this rubs off on the patient, who can always use a few cheery words and a smile.

An example of what a truly interested Candy Stripper might realize in the future is evident to the 13 girls, Marsha Holloman, who is a senior student at Slaton High, started out as a Candy Stripper summer before last and after three months as a Candy Stripper was hired at

the hospital as a nurse's aide. The opportunity has given her a chance to realize her dreams and go into a medical career of her choice.

Another aide who is employed at the hospital is Lavonia Wertner, who is a pre-nursing student at Texas Tech in Lubbock. Other girls who are planning to make a nursing career are Joyce and Kim Kitten and Patsy Crow. McSweeney, a medical student at the Medical Division of the University is planning to be as an aid at the hospital this summer.

The community can be proud of the Mercy Hospital Auxiliary for its work in organizing the Candy Stripers along with all its other accomplishments during the year.

Ministers Plan Easter Program

Further discussion on Slaton's day school was held when members of the Ministerial Alliance met at 8:30 a.m. Wednesday at Bruce's.

Also, plans were made for an Easter program to be broadcast over the local radio station during which seven ministers will speak on "The Seven Last Words of Christ."

Present for the session were Revs. David Powers, Johnny Cartrite, Jimmy Leuders and Robert C. Richardson. The next meeting will be Apr. 12.

Mrs. F. B. DeMont of Amarillo is visiting her daughter and family, Mr. and Mrs. Gene Moore, Jacquelyn and Clay.

Pricers Have Anniversary Dinner Sunday

Mr. and Mrs. H. F. Pricer, 405 So. 3rd, were honored on their 42nd wedding anniversary Sunday with a number of visitors present for dinner in their home.

Present were Mr. and Mrs. Boney Harris, Mr. and Mrs. Dick Harris and Mr. and Mrs. Paul Harris, all of Lubbock and brothers of Mrs. Pricer; a cousin, Mrs. Vivian Thompson of Slaton; and a daughter and son-in-law, Mr. and Mrs. T. L. Rampy and sons, Rickey, Randy and Britt, also of Slaton.

Visiting the Pricers last Thursday through Saturday was a son, Teddy Pricer of Lake Charles, La. Paul Rampy returned to Lake Charles with his uncle for an extended visit.

Nola Stout Brings Program

The Senior Citizens Club met last Friday in the clubhouse and played dominoes until the president, Mrs. Fannie Patterson, called the meeting to order.

After prayer by E. B. Sexton, Nola Stout, pastor of the First Assembly of God Church here, introduced three girls of her church who sang some songs. They were accompanied by Norma Elliott, assistant pastor. Following the songs, Nola Stout brought a short message on "Bible Promises", and then they had lunch with the senior citizens.

Girl Scout Week Starts Sunday

More than 5,000 girls of the Caprock Girl Scout Council will join more than three million Girl Scouts throughout the country in celebrating Girl Scout week from Sunday, March 12, through Saturday, March 18.

"Values to Hold -- Worlds to Explore" is the theme of Girl Scout Week and of the Girl Scouts' 55th birthday March 12. This date marks the anniversary of the first meeting of the first troop organized in Savannah, Ga., by Juliette Gordon Low, founder of the movement in the U.S.A.

Since that first troop of a few girls, more than 20 million members have made the Girl Scout Promise to do their duty to God and country, to help other people at all times, and to obey the Girl Scout Laws of loyalty, honesty, courtesy, cheerfulness, usefulness, kindness, and thrift.

This year Girl Scouts are focusing their attention on "Worlds to Explore." Troops across the country are being encouraged to explore the world of themselves and that includes fashion, food and fun as well as their future.

Special days are earmarked throughout Girl Scout Week to illustrate the various aspects of the Girl Scout program. Members of Caprock Council will observe the week in a variety of ways.

In observance of Girl Scout Sunday March 12, thousands of Girl Scouts are expected to attend religious services in uniforms. Jewish girls will celebrate Girl Scout Sabbath on Friday evening, March 17. Many schools throughout the West Texas area, will join in the celebration of Girl Scout Week.

Woodrow HD Club Hears Program On Gardening

Mrs. Bennie Hagens was hostess to members of the Woodrow Home Demonstration Club when they met in her home last Thursday.

Roll call was answered with "How I Would Landscape My Yard If Money Were No Object."

Mrs. J. H. Lambright presided at the business session. Plans were made for the exchange meeting at 2 p.m. Mon., Apr. 10 at which time members of the Slaton Home Demonstration Club will be guests. Program at that meeting will be on rooting plants from cuttings and potted plants and will be held in the Slaton Club House.

Recommendations from the county finance, yearbook, education, recreation, exhibit and 4-H Club committees were read by respective chairmen. All recommendations were accepted by the group.

A report on the special needs of the Travis State School at Austin was given. Members will provide an Easter card shower for the club's "adopted student" at the school.

Mrs. Hagens presented tips on flowers and gardening. A program on pruning shrubs and roses was presented by Mrs. Mildred Patterson, County Home Demonstration agent. She stressed reasons for pruning; proper equipment to use; and methods of pruning.

Club gift was won by Mrs. A. A. Kahlich. Refreshments were served to Mrs. Fred Gonzales, A. E. Schwertner, A. D. Schaffner, J. W. Lambright, A. A. Kahlich, J. H. Lambright, and two visitors, Mrs. L. J. Kahlich and Mrs. Patterson.

Members of the Mercy Hospital Auxiliary hosted a party for the newly organized Candy Strippers Tuesday in the dining room at the hospital.

They were interested to see what the 13 girls had to say about their volunteer jobs.

This reporter made a few inquiries of her own, but the girls must have been afraid I would quote them because they didn't have much to say.

They seemed to be in agreement that they like visiting with the patients and one girl said she especially liked the older patients, "because they were so cute and said such funny things."

With a membership of about 60 women, the auxiliary shows many accomplishments for the past year. Being organized for about a year, the group's largest project has been to purchase a therapy machine for the hospital.

Last month they turned \$900 over to the hospital to apply on the machine. The money was raised through sponsorship of a rummage sale, a benefit dance and contributions were donated by individuals.

Other projects the auxiliary worked on have been re-furnishing and decorating a sun room on the third floor of the hospital; opening a gift shop; repainting hospital furniture; supply a coffee service; repairing worn sheets; and they have now started decorating and furnishing a second floor waiting room. Jimmie Jean Edwards has served as the auxiliary's president for the past year.

In my opinion, Slaton is very fortunate to have such an outstanding accredited hospital. Examples of what can happen in towns about our size have happened to our two neighbors, Tahoka and Post who are without hospitals at the present time.

I think it is heartwarming to see women of all faiths join together as one organization and accomplish worthwhile projects for our community...be it a Catholic hospital, welfare center, or what have you.

STYLE SHOW COMING SOON

The second annual Style Show, sponsored by the Tiger Town Youth Center in conjunction with several Slaton ready-to-wear stores, will be held next Thursday night, March 16, at 7:30 p.m. in the Slaton High School Auditorium.

The style show will feature spring and summer fashions for dress, sports and casual. The Tiger Town planning committee for the style show is planning to have several talent acts which will be announced in next week's Slatonite, along with names of the models.

Proceeds from the show will be used towards purchasing an air conditioning system for the youth center. With warm weather here and right around the corner, the need is obvious.

Merchants participating in the show with models of their selection modeling the latest in fashions are Anthony's, G. Z. Ball's, The Gift Gallery, McWilliams Dry Goods, Roma's Shoppe and Webb's.

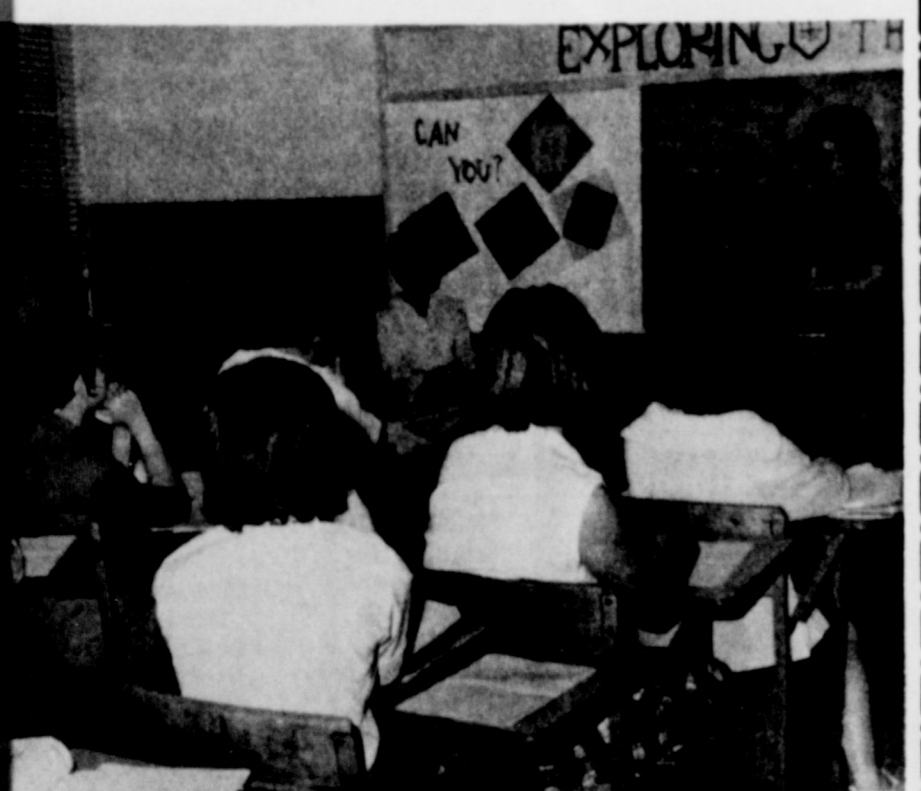

Admission will be \$1. Tickets may be purchased from representatives of Tiger Town or at the door.

Mrs. Howard Hoffman and her mother, Mrs. Mollie Tomlinson, attended the funeral of a dear friend, B. A. Runnels, last week in Temple. They were gone from Monday to Wednesday.

For 44¢ Per Day You Can Spend 1/3 Of Your Life In Comfort

Most of us spend about 1/3 of our life in bed and many of us are sleeping (or tossing & tumbling) on bedding that should have been thrown out years ago. We sleep on the same amount of space that we did in our crib and on mattresses that lump, sag and are bumpy.

We can help you to rest with new, firm, smooth, oversize bedding. You can use the Queen size on your present bed simply by changing rails, and if you have room the King size gives the ultimate in sleeping comfort. You wake up feeling better; Ready to tackle the days problems or work and the cost is surprisingly low.

Isn't it time you made a small investment in 1/3 of your life?

Come in soon and let us show you how to feel younger in just 7 days.

Six Flags Over Texas to Open Again April 29

Six Flags Over Texas will begin its 1967 season on Saturday, April 29. The announcement came from Angus G. Wynne, Jr., president of Great Southwest Corporation, owner - operator of the famed 115-acre, historical - theme entertainment park located midway between Dallas and Fort Worth. During the Spring, Six Flags Over Texas will be open on Fridays from 5 p.m. to 11 p.m. and on Saturdays and Sundays from 10 a.m. to 10 p.m. Starting May 26 and continuing through Labor Day, the Park will be open seven days a week from 10 a.m. to 10 p.m. Following Labor Day and until the season closes October 29, Six Flags will operate on Saturdays and Sundays only from 10 a.m. to 8 p.m. The Run-A-Way Mine Train ride, key project in the \$1,000,000 expansion of the Boom Town Section of the Park which was begun last season, has been completed over the winter months. The ride, one of the most exciting ever developed, was introduced to visitors on a limited basis near the end of last season, while work continued on the project. An attendance milestone will also be reached during the forthcoming season, as Six Flags anticipates welcoming its ten-millionth visitor sometime during the month of August. The Park, which opened in 1961, has already counted over 8.5 million visitors.

Monthly Police Report Given

A total of 39 jail arrests, 23 traffic arrests and 39 offense reports were recorded by the Slaton Police Department during February. Topping the list of the jail arrests were alcoholic beverage violations. Eleven minors were arrested for possession of alcoholic beverages, and 4 adults were charged with making beverages available to minors. Fines in city court for the jail arrests totaled \$1,295. Traffic fines collected amounted to \$503. A total of 35 traffic warnings were also issued. Eleven theft cases led the offense report. There were five auto theft cases logged - a large number for a single month. Only seven accidents were investigated in the city limits during the month, but property damage was estimated at \$6,420 in the collisions. Police logged 6,279 miles on patrol units during the month.

REPORT TO GOVERNOR--J. E. "Dinks" Eckert of Slaton (standing on the governor's left) was with a group of South Plains Scouts who made an annual report to the governor Feb. 12 in Austin. Left to right are Terry McEachern, Troop 221; Bryan Reed, Post 333; Stephen Tipps, Post 777; Gov. John Connally; Stanley Harrell, Troop 638; Eckert, Troop 125; Leland Eaton, Post 221; and Richard Rice, Troop 491.

COTTON--

CONT. FROM PAGE 1 when it goes into the government loan. Producers, of course, will want to grow the longest staple that can be grown in their areas of the Plains consistent with economic reality. All other things being equal - such as yields and micronaire readings - the longer the staple the greater the farmer's income. However, producers in those

areas which, because of geographic location or elevation, do not have a growing season and climatic conditions that lend themselves to the production of the longer staple varieties now available should not despair of improving their market position. Graves Jones, vicepresident of Pacolet Industries, Inc., Spartanburg, South Carolina, said in his address "I'm not saying that there will be no demand for the shorter staples because there are products which are made from this type cotton. However, the other fiber properties of these shorter staples need to be improved - higher micronaire and better tensile strength, for example - and of course they need to be harvested and ginned in a manner which will not adversely affect the fiber properties bred into the seed variety."

It was in later conversations with Jones and other members of the Cotton Committee that the 500-bale lot and uniformity factors were brought out, along with the fact that the annual offtake of cotton stapling one inch and under averages in the neighborhood of 4 million bales. Whatever the staple objective of producers, if they are to enjoy favorable markets and build a reputation for the cotton they produce, it is necessary that they provide mills with sizable lots of uniform, high quality fiber.

To reach this goal most in the cotton and textile industries agree that it will be necessary for producers to enter into lint block programs from which cotton will be block ginned to retain varietal purity.

Not Too Dry To Plant Now

Too dry to plant? Charles Owens and Clyde Benn who farm west of Abernathy don't think so. They are preparing to plant sidewalk grama grass now. They feel that it is time to plant regardless of moisture. Under dryland conditions, grass should be planted on a firm seedbed not over one-half inch deep. A dead litter cover is recommended to aid in the prevention of crusting, which is a major problem in establishing grass. When the grass seedlings are emerging they are very hard to see. In contrast, the weeds are growing at an alarming rate. Weeds should be controlled by mowing, shredding, or with chemicals. When the grass has been established, weeds will no longer be a problem. You can obtain assistance and information through your local Soil Conservation District by contacting technicians of the Soil Conservation Service. They will be glad to discuss seeding and management of grasses with anyone who is interested.

Postal Stamps To Honor Lions 50th Birthday

Postmaster General Lawrence F. O'Brien has revealed plans to honor Lions International, with a commemorative stamp. Honoring the world's largest service organization during their Golden Anniversary year the stamp will also salute Lions International's theme "Search for Peace" and will be issued to coincide with the organization's annual convention, to be held in Chicago in July, 1967. Lions International was founded during the war year of 1917, and for half a century has been grimly observing wars breaking out all over the world. With a confident look to the future and in the earnest belief that peace for mankind can be attained, Lions is conducting a peace essay for youth throughout the free world. Prizes totaling \$50,000 will be awarded to eight winners to be announced at the Chicago convention. Of the many public service programs sponsored by Lions International, its aid to the blind is the best known. The organization currently has 816,093 members in 136 countries and geographical areas. Some nineteen foreign nations have announced similar plans to issue commemorative stamps to honor this large service organization for its continuing world-wide humanitarian achievements. Public Invited To Hear Program On Juvenile Problems

West Texas men working in juvenile work. They plan to use some film strips along with their message.

Vice-commander Roy McCann is responsible for securing such an outstanding program and will be in charge. The two men who will speak are Lyn Turner, Lubbock County Chief Juvenile Probation officer, and Captain Bill Cox, serving on the juvenile division

of the Lubbock Police Department.

Turner is a 1962 graduate of Texas Tech with a B. A. in sociology. He was employed as assistant juvenile probation officer in Lubbock in 1963 and was promoted to the chief's position Dec. 15, 1965. Turner meets with the Slaton Youth Council each month and has been a big asset to the council. Cox came to Lubbock in 1950 and has served in the patrol and traffic divisions. He has been captain of the juvenile division since 1959. He is a graduate of the Federal Bureau of Investigation Police Academy. He is chairman of the newly formed Panhandle South Plains Youth Council. He is also chairman of the Council on Youth Problems, a Lubbock organization composed of school teachers, school officials, a juvenile parole officer, a child welfare, juvenile probation officers, a juvenile judge, and juvenile police officers.

\$68 MILLION FOR TEXAS

EDUCATION NEWS SERVICE

WASHINGTON, D. C.—Texas could receive an estimated \$68.4 million in federal funds in fiscal 1967 to improve education for children of low-income families and other deprived children.

The \$68.4 million includes \$1.7 million for children of migratory workers and \$219,896 for neglected children and juvenile delinquents in state-operated institutions.

Estimated state allocation for education programs for low income and handicapped children will be \$65.8 million. The remaining \$678,125 of the state allocation will be for administration.

The funds are provided for under Title I of the Elementary and Secondary Education Act.

Total estimated appropriation for the nation under Title I is \$1.05 billion — \$95 million more than for fiscal year 1966.

Community Ambassador Brings Homemaker Program

The Slaton Young Homemakers met Tuesday, Feb. 28, in the Junior High Cafeteria. A short business meeting was conducted by president, Mrs. Harley Castleberry. Plans for the community-wide door to door collection for the Easter Seal Drive were made for March

19. This is an annual project of the Homemakers, with their president, Mrs. Castleberry, being a member of the County Easter Seal Committee. FHA girls were enlisted to help with the drive.

Mike Mallett, Lubbock's Community Ambassador to Japan, brought a very interesting program about his visit to Japan. Mike showed colored slides of his travels and adventures, which included pictures of his Japanese "family" with whom he lived for about a month.

He told of some of their customs concerning families, housing, certain ceremonies, and religion. Also of interest was the fact that on two different occasions he was permitted to go aboard Russian sailing ships. He met a Russian navigator and Russian woman doctor who were members of the crew of one of the ships. He spent all of one day with them, conversing on various subjects with the navigator who spoke English very well. Mike said that the navigator commented on the fact that their Russian Astronauts have never seen God when they have soared into the heavens and that they doubt the existence of God. Mike was able to tell this man of his faith in God and the Russian exclaimed that, "it must be wonderful to have such a feeling."

After Mike left his "family" he traveled for two weeks throughout Japan. Then he returned to the United States, bringing back with him many wonderful memories, exciting tales, and beautiful colored slides, which have captured forever his most unforgettable adventure.

Other guests at the meeting included members of the Future Homemakers of America Chapter, Gregg Nowlin, Harlan Crume, Clyde Farris, all of Slaton, and Don Malcik of Lubbock. Special guests were the Young Homemakers' Little Sister, Cindy Steffens, and her mother, Mrs. A. W. Steffens. Refreshments of spiced tea and fruit bread were served by Mrs. John Grantham, Mrs. Earl Schwenke, Mrs. Clyde Farris, Mrs. Harlan Crume, and Mrs. Harley Castleberry.

License Tags On Sale

AUSTIN -- The Texas Highway Department reported today that more than 6.7 million motor vehicles will be registered in Texas in 1967 and urged car owners to buy their license plates early.

The new license plates may be purchased during February and March at county tax assessor-collector's offices or at authorized sub-stations. New license plates must be displayed after midnight April 1.

A Highway Department spokesman said motorists can help shorten waiting lines and speed up registration by buying license plates early and by presenting proper ownership documents.

Car owners are required by law to present certificates of title and last year's license plate receipts when renewing vehicle registrations.

In previous years there has been some confusion and misunderstanding about the ownership documents needed to obtain license plates.

In one Texas county, for instance, motor car owners were permitted to renew their vehicle registrations with their old license numbers written on the backs of envelopes or other scratch paper without proper proof of ownership.

NOW... LOCAL PHARMACIST OFFERS TAX SAVINGS PACKAGE

complete record of all tax-eligible drug purchases is now offered as a free service to patients of this area by their pharmacist, thanks to a reliable new computer system called TIP (Tax Information Package).

pharmacy are processed by the computer which prints out the record of purchases for each customer, with a copy for the pharmacist. These records are returned to the pharmacist who forwards them to the customer with his monthly statement. Should the customer's deductions ever be questioned by the Internal Revenue Service, these cards serve as valid proof of purchase.

The average pharmacy in this area stocks more than 6,000 deductible items. While there had been no trouble recording prescriptions ordered by physicians, or the more obvious deductible items like pain killers, cold preparations and antacids, there is a multitude of other items which, under present tax laws, may also be deducted. In addition, certain non-deductible items become deductible under certain circumstances.

NOW IN 24 STATES

More than one-half million Americans in 24 states are now receiving the benefits of the TIP system, whose records show that young married couples and senior citizens are special beneficiaries. The reasons are clear: young married couples with children find that childhood diseases and injuries can run up a considerable bill, and that precise knowledge and proof of allowable deductions can contribute to a sizeable tax saving; retired people, with smaller incomes and the special Federal tax provisions applying to senior citizens, also find that accurate records with proof-of-purchase permit them to take maximum advantage of the tax saving opportunities provided by law.

In addition, the TIP records are valid proof for consumer claims in health insurance programs.

A spokesman for the local pharmacies offering the free TIP service says that TIP is an "example of computer technology providing a direct free service to the consumer... and it is free to the consumer because it helps the pharmacist reduce his cost by reducing his bookkeeping time."

FORMER SLATON COACH GETS 'ACE' ON SLATON COURSE

Neal Chastain, former Slaton High coach, realized the golfer's dream Saturday morning at Slaton Municipal Golf Course when he made a hole-in-one. The "ace" came on the 160-yard, No. 8 hole, after he lofted a 7-iron shot into a stiff northeast wind and the ball landed on the green, curled slightly to the right and dropped in the cup. Playing in the foursome and witnessing the shot were Bing Bingham, R. G. Copeland and Joe Sparkman. Copeland is a Slaton Junior High coach; Bingham is a former head Tiger coach, and Sparkman a former junior high coach. Chastain now resides in Lubbock and is a teacher and coach at Coronado Junior High. It was his first hole-in-one. Bingham had a birdie on the same hole, landing 8 feet from the cup and rolling it in. Chastain posted a 42 on the round, then came back to score a 41 on the second nine--without an ace this time around. Bingham was low man in the foursome with a pair of 37's on the 18.

Southland Bows In Region Meet

Southland basketball fans felt like their girls' Eaglette team missed the regional championship by just two points in Canyon last weekend. And, for good reason. The Eaglettes lost a heartbreaking 54-53 decision to Quitaque in the opening round Friday, then Quitaque went on to take the title. It took a strong fourth-quarter rally by Quitaque to chalk up the victory. Southland led at the end of each quarter, taking a 14-9 advantage after the first period and going into the dressing room at halftime with a 30-23 bulge. Southland still held a 7-point margin, 41-34, after three stanzas, but Quitaque finished strong with 20 points in the final quarter. Pat Brunson tallied 38 for the winners to capture scoring honors. Libby Sales tossed in 31 points for Southland, hitting seven field goals and 17 free throws. Polly Martin added on 14 for Southland, and Patsy Gindorf had 8. It was Southland's first bi-district girls' team since 1930. Bob Dyess is coach of the team.

The Dental Assistants increased their league lead while sweeping four points in Women's Bowling League action Tuesday night. The Farmerettes moved into second place with a 3-1 victory over Citizens State Bank, while Smith Ford dropped to third in losing a 3-1 series to Teague Drug. High team series was posted by Teague with a 2,581, and the Farmerettes rolled a 906 team game. Individual honors went to Faye Gray with a 542 series and Dot Moeller with a 205 game. Others rolling 200 games included Faye Gray, Idillah Porter, Eufaula Spradley and Jolene Fondy. The standings: Dental Assistants 74-30, Farmerettes 62-42, Smith Ford 61-43, CSB 55-49, Bowlers 43 - 57, Eblen 42.5-57.5, Teague 39-65, Anthony's 35.5-68.5.

County Voters Total 47,137

A near record voting strength of 47,137 has been tabulated for Lubbock County, according to a report from the county tax assessor-collector's office this month. The total almost matched the record-shattering 47,207 persons who registered in Lubbock County to vote in the 1964 presidential election. This year's total is far above the previous record for an "off year." In 1965, the last off-year, only 22,551 persons signed up to vote. The previous record for an off-year was in 1961 when 32,314 persons were on the eligible list.

Tigers In D.C. Track Action

The Slaton Tiger track team moved up a notch in meet competition and found the going tough at Brownfield last Saturday. The Tigers managed only four points in the meet--that coming on a fourth-place finish by Larry Pickens in the open 440-yard dash. However, Coach Eugene Franklin had some things to be happy about. The SHS thinly-clad travel to Denver City Saturday to face another strong field of teams. Charles Fisher, a member of both Tiger relay teams, pulled a muscle last Saturday in the preliminaries and his loss hurt the times in these events. Most of the teams were from Class AAA schools at Brownfield, and the Tigers will be running against "the big boys" most of the year. Coach Franklin thinks the tougher competition will help build a stronger team by the time district action rolls around. Too, Slaton High is nearing triple A classification. Lubbock Dunbar swept the field at the Brownfield meet with its fleet dash men and items of expense which are considered personal and therefore not deductible are: travel to and from work; losses from sale of personal residence, family auto, etc.; home repairs and insurance; attorney fees for preparation of a will; safe deposit box for personal effects; fines and tax penalties.

Save Tipping
Save yourself the annoyance of picking up overturned house plants by keeping them sturdy clay pots. Most growers and quality florists supply plants in clay pots -- not just because their porosity helps produce better root action and growth -- but also because they're more tip-resistant than synthetic containers.

Once nematodes get at your cotton, yields go down and so do profits. But with FUMAZONE® 86 soil fumigant applied at only 1 to 2 gallons overall an acre, you can take care of root-knot, sting, meadow and other nematodes--those microscopic, worm-like soil pests that attack plant roots, suck away profits. FUMAZONE 86 soil fumigant increases yields up to 1/2 bale an acre. Many High Plains farmers just like yourself tell us that's exactly what happened to their yields after their soils were treated with FUMAZONE 86. It can be applied right from the drum. No mixing, no diluting, no nozzles clogged with foreign material. You can use the chisel method, the plowsole method or inject FUMAZONE 86 into your irrigation water. Could you ask for greater flexibility? Sure you could. So here it is. Apply FUMAZONE 86 before planting, at planting or after planting. It's the only type of soil fumigant that can be used on living plants. Ask your Dow farm chemicals supplier about it. Cooper Winners Peace Corps To At 4-H Show Test March 18

The County 4-H Favorite Food Show was held Saturday, at the Reddy Room of the Southwestern Public Service building in Lubbock. There were fifty-five participants in the show.

The members entered their food in one of the four food groups: Bread - Cereal, Fruit-Vegetable, Milk, or Meat. The ones entered in the County Show had won the right to show by winning the highest score in their food group at the local show.

Winners in the show from Cooper Community 4-H Club were Juniors - Bread - Cereal, Pam Griffin - blue ribbon; Terri Boyd - red ribbon; Fruit - Vegetable, Don Dorsett - blue ribbon; Lisa Louder - blue ribbon; Milk, Cindy James - blue ribbon; Meat, Mark Dorsett - blue ribbon; Marsha Cade - blue ribbon, and Carolyn Madding - red ribbon. Marsha Cade also won first - alternate to the District Food Show.

Two seniors from Cooper exhibited in the show. They were Ann Dorsett, who won first alternate to the District Food Show and a red ribbon, and Cindy Cade, who was chosen to compete in the District Food Show and won a blue ribbon.

ITEM: Summer sun, salt water dry and burn your skin. Use good suntan lotion or baby oil while tanning. If you do develop sunburn, apply soothing first aid cream which relieves pain, heals the burn quickly.

Slaton area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement test at 1:30 p.m. on Saturday, March 18, at the Lubbock Post Office building, room 16A.

The Peace Corps uses the placement test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. (If test scores indicate a limited language - learning ability, for example, the Peace Corps tries to place the applicant in an English - speaking country.) The placement test requires no preparation and is non - competitive -- an applicant can neither pass nor fail.

The application form, not the Placement Test, is the most important factor in the selection of Volunteers. Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test. Applications may be obtained from local post offices or from the Peace Corps, Washington, D. C., 20525.

The placement test takes about an hour and a half.

ITEM: Brown leather shoes and belts can be darkened by rubbing with milk to which a few drops of household ammonia have been added. As soon as dry, polish with a soft cloth.

"Paging The Pirates"

Two college-bound seniors are in the spotlight at Cooper High School this week.

KAREN THOMAS
Karen is the daughter of Mr. and Mrs. C. H. Thomas of Rt. 4, Lubbock, and has attended Cooper High School the past four years.

Her activities include head cheerleader, student council vice-president, annual editor, National Honor Society vice-president, basketball captain, Girls' State, sophomore class secretary and class favorite.

Awards she has received include an English award; junior homemaking, service award and athletic award.

After graduation, Karen plans to attend Texas Tech and major in medical technology.

GLENN NETHERY
Glenn is the son of Mr. and Mrs. Cecil Gray of Rt. 6, Lub-

bock, and has attended Cooper Schools for the past seven years.

He served as freshman and sophomore class president; student council president; and was junior class student council representative.

After graduation, Glen plans to attend Texas Tech. He has not yet decided on a major.

Let us try to help

The handicapped and bedridden need to communicate too. These are special people requiring special aid.

Businessman, housewife, child, anyone may have need of special communications.

If you, or someone you know could benefit from special telephone service, let us try to help. Whether the need is for an existing service we have, or for a tailor-made system, we'd like to be of service. That's what we're in business for.

A few of the many items we offer are shown here. For further information, just call your telephone business office.

Volume-Control Handsets
For those who have difficulty hearing on the telephone, a handset is available with a wheel which adjusts the volume of the voice being received. For telephone users whose speech is impaired, another handset is equipped with a wheel that amplifies speech.

Magical Automatic Dialer
Push-button dialing for those who are unable to use the standard telephone dial. A simple push of a button recalls the wanted phone number from the instrument's memory unit. Another push of a button dials the number.

Electronic Larynx
This battery-operated device substitutes artificial vibrations for the natural vibrations produced by vocal cords. It can be used in certain cases by vocally handicapped people.

School-To-Home Service
Shut-in students can attend classes via telephone. This two-way communications system lets the student speak and listen to anyone in the classroom.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN -- Legislative redistricting reared its ugly head suddenly and fearfully from Texas' House of Representatives, a U. S. Supreme Court decision invalidates the carefully - stuck - together reapportionment act of 1965 for Representative districts.

This unexpected court action has changed redistricting from a routine cleanup chore into a major task. It could very well mean the end of the political line for some representatives and possible shaking of House unity.

Court found population variances among representative districts (up to 26 per cent) to great to meet its one-man-one-vote standard and sent the 1965 districting plan back to Houston federal judges for recheck.

Representatives had figured all that was necessary this year was elimination of the 11 electoral districts criticized by the Houston federal district court. Now, they are faced with wholesale redrawing of lines to equalize population discrepancies statewide.

Speaker Ben Barnes acknowledged "it is a difficult situation."

Big city lawmakers said they soon would introduce a bill to give Bexar, Dallas and Harris Counties one more representative each (high court held they were entitled to that) and adjust other variances.

Sensing that congressional reapportionment also might be struck down, redistricting acts in this area were introduced by Reps. R. L. Vale and Jake Johnson of San Antonio and Rep. Frank Cahoon of Midland.

LIQUOR-BY-JIGGER--A bill to legalize sale of liquor by the drink in Texas was introduced this week.

Reps. John Field and Dick McKissack, both of Dallas, are House authors. Sen. Joe Christie of El Paso is the Senate sponsor.

Highlights of the bill are: *Open saloons (banned by constitution) are defined as places devoted exclusively to sale of liquor for on-premise consumption. Bill would legalize mixed-drink permits for qualified hotels, private clubs, restaurants and lodges -- businesses or organizations NOT engaged exclusively in the business of selling liquor.

*Measure would authorize mixed drink sales in some 122 counties where on-premise consumption of beer and wine and package store sales already are permitted. Provision is made for local elections in these areas on specific issue of mixed drinks. Failure of election would not affect status of other alcoholic beverages. In other areas, affirmative vote would be required for mixed drinks.

*Drinks would be subject to five-cents-an-ounce tax, plus two per cent sales tax. Retail drink permits would cost \$1,000 at state level. Cities and counties could assess fees of \$500 each. Beverage servers would pay an annual fee of \$12. Private clubs in wet areas must operate under the same regulations as retail drink establishments and pay the permit fee. Those in dry areas will pay a special registration fee and a 10 per cent gross receipts tax.

*Texas Liquor Control Board would administer permits and enforce the law.

TIME MARCHES ON--Legislators had time on their hands and their minds as House State Affairs Committee conducted the longest hearing of this legislative session on the bill to outlaw daylight saving time in Texas.

Committee heard witnesses for nearly seven hours, until after 2 a.m., arguing both sides of the proposed act by Reps. Will Smith of Beaumont and Ralph Wayne of Plainview.

Federal Uniform Time Act of 1966 will place all states on daylight saving time from May to October unless a state's special legislation exempts it. Lining up in favor of the bill were restaurant and theater owners and the farm bureau.

Opposing it were radio and television stations, investment bankers and some newspapers.

STATE KINDERGARTEN --Sen Don Kennard of Fort Worth is sponsoring a bill to provide free public education for five-year-olds, with the state sharing the expense with local school districts on a 50-50 basis.

Kennard said the program would cost \$34,500,000 for the first two years and that 50 per cent of the five-year-olds would attend classes next year, 60 per cent the second year and as many as 80 per cent by 1970-71.

"A kindergarten program established under rules set up by the Texas Education Agency, is the most vital step Texas should take in improving our school system", the senator said.

"There is abundant evidence that six years is too late an age to start children in school."

A. G. OPINIONS -- Proposed Medical Assistance Act of 1967 would authorize medical care benefits to inmates of state mental hospitals, under new state-federal "medicaid" program, says Atty. Gen. Crawford C. Martin. However, inmates will remain ineligible for old age assistance benefits.

In other opinions, Martin concluded that: *A prisoner who received a suspended sentence under the old criminal code may not have his sentence reduced or terminated under provision of the new code. *A bill to provide benefits

to survivors of firemen and law enforcement officers killed in line of duty cannot be made retroactive.

It is not within the discretion of a trial court to stay an order of the Department of Public Safety suspending a driver's license of motor vehicle registration.

ABORTION BILL--Sen. George Parkhouse of Dallas has introduced a bill to expand the circumstances under which women can get legal abortions in Texas. Present law allows an abortion only if delivery of the child would endanger the life of the mother. Parkhouse's bill

also would allow abortions in the case of rape or incest, if the health of the mother would be impaired by having the baby, or if there is substantial evidence that the child would be born with a serious physical or mental defect.

This bill would require that a hospital abortion committee approve any abortion by a majority of the five members.

COLLEGE BIDS REJECTED -- After extensive hearings, the Higher Education Coordinating Board again declined to give its blessing to creation of four-year colleges in Midland-Odessa, Texarkana and San Antonio.

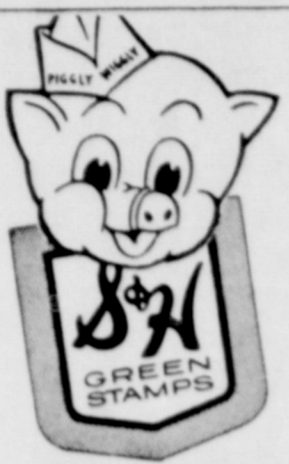

Midland - Odessa and Texarkana groups want to elevate existing junior colleges to senior college rank. San Antonio legislators propose a new institution to be built "from the ground up."

Board said all such proposals must await the statewide master plan for higher education, expected to be completed by the spring of 1968.

SHORT SNORTS Texas' travel exhibit, designed to attract tourists to the state, has won top honors in the first of six North American travel shows in which it entered.
