

# Phase of Municipal Building Remodeling Begins; Bids Asked for Completion

First phase of the City Hall remodeling job in Slaton has been completed, Mayor L. O. Lemon told city commissioners Monday night at regular meeting of that body, and all debris should be removed before presstime.

Upper story of the building has been removed, the north entrance closed and new roof installed.

Commissioners voted unanimously Monday night to authorize B. N. Ball to call for bids from both general contractors and sub-contractors for subsequent remodeling. Specifications call for such improvements as re-arranged floor plan,

a drive-in window at the water office, office space for the justice of peace, new interior decor throughout, air conditioning, a heating system, fixed-sash windows and exterior trim of white quartz exposed aggregate paneling. Two main entrances are planned, at the west and east, and restrooms will have outside entrances. Quarry tile is planned on the corridor, also to be used on a wainscoting trim; and private offices probably will be floored with Polymerite tile, Ball said. All plans and specifications now are available from Ball, city officials have announced.

### Police Auction Nets City \$125

The General Fund of the city was enlarged Saturday by \$125.90, this resulting from prothon. Donations also are well-attended by the police department that afternoon.

A variety of unclaimed items — from razors (going at 25c) to knives and even a tape recorder — were put on the block. Miscellaneous items included a camera, spot light, air rifles, shotguns, pistols, ammunition and a crow bar.

## FINAL GUESS

For all practical purposes, several college and high school football conference championships have been decided — some early in the season — but the Slatonite Football Guessing Contest is going right down to the wire with season winner yet very much in doubt.

Johnny Hennington Jr. took first award this week on the week-end games, followed by old-pro Johnny Hennington, and trailed by Jack O. Pearson, a first place winner of five weeks ago.

With the games this week being final ones to be prophesied by local contestants, the season winners soon will be known, and the dividing line is mighty thin between standings of the top three.

Joe H. Baker's 18 points to date barely lead the 16 accumulated by Mrs. H. H. White and the 15 tallied by

## Disaster Mobile Unit Given To Fire Department

A disaster and rescue service mobile unit has been provided for the Slaton Volunteer Fire Department, the vehicle coming as a gift this week from the local Lions Club. Lions President George Willis states that formal presentation will be held up until signs can be painted on the side of the bright red and white Chevrolet panel, but the unit already has been delivered and is on display here.

Firechief Curtis Dowell, in expressing appreciation for the needed unit, has emphasized that the vehicle is not an ambulance, but rather will be used in instance of car wrecks, disaster, drowning and other rescue work.

Plans are to provide all needed emergency and first aid supplies in the unit as soon as funds are available. A 2-way radio installation already has been made, and future plans call for provision of gas masks.

## Community Thanksgiving Service

A Community-wide Thanksgiving worship service has been announced in Slaton for 9:00 a.m. Nov. 22, in the First Presbyterian Church here.

Rev. John Floyd, pastor of the First Christian Church, will deliver the message at this service sponsored by the Slaton Ministerial Alliance.

Every resident of Slaton and the surrounding area is invited by the Alliance to attend, taking part in this Thanksgiving service of worship to God, the ministers state.

Many of the pastors in Slaton will take part in the service. Participating will be Rev. Charles Stuart of the Grace Lutheran Church, Rev. Charles Wood, First Baptist Church; Rev. Weldon Thomas, Trinity Evangelical Methodist Church; and Rev. F. A. Wittig of the Immanuel Lutheran Church in Posey will participate, along with Rev. Ryle and Rev. Floyd.

Garth Hunt, director of music and education at the First Baptist Church in Slaton, will be in charge of the musical portion of the services.

# Ordinance Approved For New Water Rates

New water rates for the City of Slaton will take effect today, resulting from final reading and approval of Ordinance No. 218 at regular meeting of the city commission Monday evening. First billing under the new rate schedule will be made on December 26th, City Secretary J. J. Maxey reveals.

The newly announced rates are higher than previous in Slaton, increase deemed by city engineers and administration as necessary for development and maintenance of the water system from which more demands constantly are being made. Additional expenditure has been pointed out at several

times as necessary in preparing for alignment with the Canadian Reservoir system.

Under Ordinance 218, minimum monthly rate for all metered water shall be \$3.50 for 3,000 gallons or less. The rate for water used in any month in excess of 3,000 gallons will be: next 7,000 gallons at 60c per thousand, the next 10,000 gallons at 50c per thousand, and all use over 20,000 gallons at 40c per thousand. Where more than one establishment or business is served through one meter, each such additional establishment shall pay the added monthly minimum of \$3.50.

The ordinance further states (section 3): Before water shall be supplied to any person or premises by the City of Slaton water department, the owner or occupant of the property shall make application and de-

posit \$10.00 for one 3/4" x 3/4" meter . . . if the establishment to be served is a cafe, service station or laundry, then the deposit shall be \$25.00 . . . Bills will be mailed on the 26th day of the month and are payable on or before the 10th of each month; if not paid by the 15th, service will be discontinued without notice and a fee of \$1 will be charged for re-connection.

Legal notice of the ordinance passing is found elsewhere in this edition of The Slatonite.

## First Thousand Approached On Stadium Fund

The Jaycee-inspired drive for funds to provide an A-1 stadium for the Slaton Tigers was given an action-packed sendoff Thursday night when the benefit game between Jaycees and local Exes netted almost \$1,000 for the cause. Doctor bills for the crippled and decrepit players were not deducted from the gate receipts, reports reveal.

The score—who cared? Anyway, the Exes steamroller offense was indeed offensive to the Jaycees who came out at the small end of a 30-0 score. All scoring was in the first half of the game.

More fun-fests and projects are in store, Jaycee president Bill Ware reports, to augment the special fund that has been initiated at the Citizens State Bank toward stadium construction.

Unofficial injury report of the Thursday game lists Carl Lewis with a broken ankle, John Schmidt with a cracked knee cap, Warren West, a chipped shoulder, and broken ribs incurred by Bill Ware, Bobby Jones, Don Jones and Leon Moore. Other injuries no doubt occurred, but a complete and revealing list was unobtainable.

## Santa Fe Boiler Room Is Damaged By Sunday Fire

Two fire calls were made this week, one to the Santa Fe property where fire early Sunday morning did extensive damage to the roof of a boiler room.

Later Sunday the department answered a call to a burning car.

## Poppy Sales Net \$200 In One Day

Poppy sales by the American Legion Auxiliary in Slaton Saturday brought in \$210.18 for the cause of disabled veterans, according to report of Mrs. L. I. Gregory, poppy sale chairman.

The F. H. A. girls, under direction of Mrs. Joyce Ches ham, assisted in the sale of the poppies, and Mrs. Glen Payne Auxiliary president, has joined with Mrs. Gregory in expressing appreciation to the fine efforts of these girls.

## Letter to Santa:

"Letter to Santa" honors go this year to Stella Smalley directed to the Slatonite early this week.

Smalley will do everything possible to see that the letters to Santa are welcomed at any time; they are in care of The Slatonite, and they will be mailed by the postal service on Wednesday.

Smalley is bringing me a baby doll with bottle (Thirstee that stops crying and gurgles happily when she has her real life-size magic "disappearing" bottle).

## Concurs in Property Sale; Nets Large Amount Business

In Slaton, some volunteer firemen now unable to hear the central siren in some sections of town. This need also was emphasized during the recent Civil Defense drill when residents of some areas failed to hear the warning.

The commission voted to secure a second-hand siren that Chief Curtis Dowell had located, with plans to place it probably in the south part of town, installation to be made after money for the project became available.

Secretary Maxey reported that offer had been received for purchase of lots 5 and 6, Block 105 S.P. from the city and school for \$600. With prior approval by the school board, the city agreed to accept the proposition of C. S. Salazar who

## Scout Fund Drive Near Conclusion

Some \$1500 has been received in cash and pledges in the annual Boy Scout fund campaign, according to M. H. Lasater, auditor for the drive launched last Thursday. Lasater stated that \$2,000 probably will be raised by the end of this week.

Most of the workers have returned their cards and packets, and Charles Barron, local chairman, urges every worker to turn these in to Lasater not later than this Saturday.

Barron has stated that the workers have done a fine job, and the leaders wish to thank all residents who have contributed funds for investment in the Scouting program in this district during the coming year. He concluded by saying that interest and money both are necessary on the part of the community if a program such as Scouting is to continue to work with all the boys of Slaton.

## Final Football Game Friday

Though soundly drubbed by the Denver City Mustang machine Friday night by a score of 59-7, the Slaton Tigers accounted for almost one-third of the points scored against the championship-bound Mustangs in conference play this season! Denver City has scored 199 points against 25 for their opponents.

The single Slaton invasion of the scoreboard came when Bobby Brake passed 28 yards into the arms of Keith White, Steve Ball kicking the extra point that was the first one made against Denver City all season.

Local play terminates this week for Coach Bing Bingham and his charges, the Tigers hosting Friendship on Slaton soil. Friendship has lost two conference games, winning one, and have an identical season standing with Slaton, 17-1. In conference encounters they have scored 19 points against 84 for their opposition, and in all-season play have scored 50 points against 223.

The lot of football in Slaton this year has in many ways paralleled that of Texas Tech, some observers have pointed out. One fan commented in an early game when the lights repeatedly went out that "the lights went out at the Tech game last week too; I betcha jest in fun might have been prophetic; witness the scores: Tech has scored 22 points in conference play against 132 for the opposition; Slaton has a 21-103 record; Tech has season total of 62 points against 204; Slaton has 56 against 208!

Local supporters and fans are urged to come out Friday night to the final game that actually promises to be one of the better tilts of the season.

The gorgeously colorful and well-tailored lawn at the Bruce Pember home has been announced by the Slaton Garden Club as its "Yard of the Month".

Mrs. Pember declaims lawn and yard care and development as an avid hobby, and the careful planning and grooming of her yard bears witness to the fact.

Attractively centered in the African bermuda lawn is the arrangement of fruitless mulberries, by which Mrs. Pember stands in the above picture, and colorful bronze and yellow mums, border the yard in the background. Red mums added to the color earlier in the season. Roses, border the yard and mimosa growth are well used to complete the overall yard arrangement.

The beauty of the Pember yard merits additional acclaim when it is recognized that the family has occupied this residence only since last March, with the "mountain" of yard work accomplished in one season.

# EDITORIALLY SPEAKING

## Observations and Potpourri

We never cease to be disturbed when new proposals are made for firearms control. Whether it's the sportsman in us or whether we are apprehensive of another freedom being withdrawn, we are not quite sure; probably both factors enter in.

A number of publications have hinted, and not so gently, during recent months that more legislation is necessary for a stringent firearms control on governmental levels. The supporting argument usually is a variation of the cry that "arms aid the criminal."

Sure, we agree that the scum of our nation is more dangerous with a gun at hand, but no further legislation can curtail this without infringing on the needs, rights and pleasures of the hunter, the farmer, the boy with his dog and gun.

As for criminal's use of a gun: upon tracing, in practically every instance it is found that the criminal is carrying a stolen weapon — not one purchased through legitimate channels.

If additional controls are needed — then let's control them and himself, not his gun! Then the criminal will meet his just reward, and the sportsman and citizen can continue with his game shooting, varmint control and protection of home.

We hope the politicians of both parties, many of whom have just assumed office in recent elections, will note this among the growing number of freedoms that are being lost.

We might point out some other liberties in danger or forfeited during the past decade. Our children may even fail to recall some of these privileges:

Freedom to know what's going on in every segment of government.

- Freedom from peacetime military conscription.
- Freedom from foreign entanglements.
- Freedom to receive our total income.
- Freedom of the farmer to run his own farm.
- Freedom to own gold.

Freedom to determine measure of our intervention in affairs of other nations, foreign give-away, foreign loans, etc.

... and doubtless any reader could add many more. The trend is more frightening to us than any specific one of the above listed losses. Are we alarmists?

Don't be discouraged if your children seem to reject your advice. It isn't wasted, for years later they will be giving it to their own children.

We hear that a bridegroom is a man amazed at the outcome of what he considered to be a harmless little flirtation.

The greatest of all the labor saving devices is tomorrow.

"So you met your wife at a dance . . . that sounds quite romantic."

"Well it really wasn't . . . I thought she was home taking care of the kids."

The couple went into a showroom to buy one of those new economy compact cars. After learning the price of the automobile, the husband remonstrated:

"But that's almost as much as a big car costs," he said.

# THINK, IRRIGATION FARMER!

WATER is a commodity so precious that no tyrant has ever dared deny it to his people.

The earliest records of our civilization are linked to the spring and the waterhole, the river and the well.

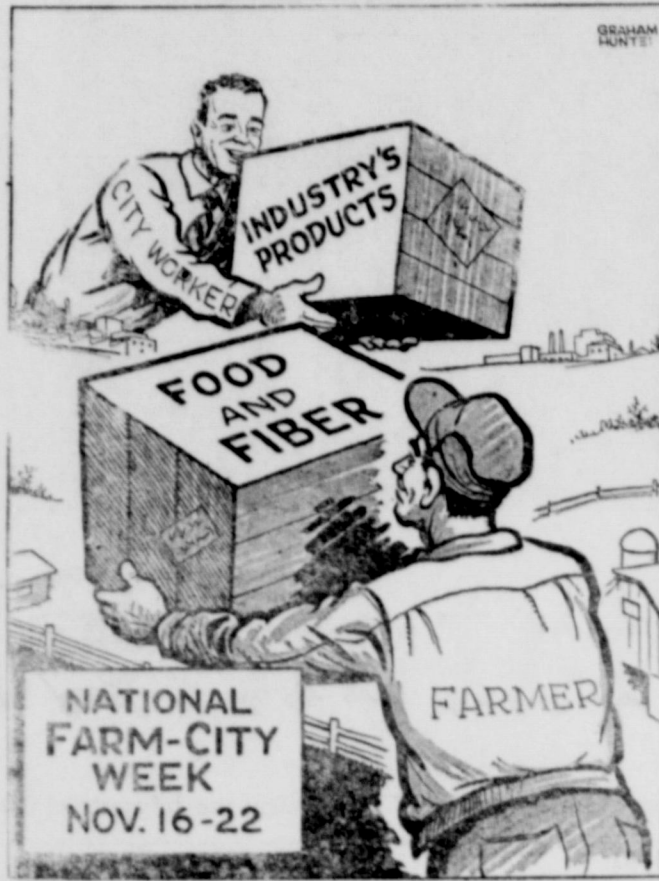

The Children of Israel faltered in the wasteland and were ready to revolt until Moses struck the rock and brought forth a spring.

Wars have been fought over water rights and mighty nations have vanished because their water resources failed.

*In view of these facts, can you afford the luxury of irrigation "TAILWATER"??*

### On Management of the News . . .

The old problem of whether or not the ends justify the means cropped up in a form relatively new to the United States Tuesday.

Arthur Sylvester, Assistant Secretary of Defense for Public Affairs in the Pentagon, frankly admitted the Government had managed, controlled and damned up the flow of news about the Cuban crisis, and he indicates it expected to continue to do so. He envisaged news as "part of . . . weaponry," and declared flatly that "the results . . . justify the methods we use."

There is no doubt that "management" or "control" of the news is censorship described by a sweeter term. There is no doubt that it restricts the people's right to know. There is no doubt that public positions upon great national issues cannot be intelligently formed unless the facts are available. There is no doubt that a democratic government cannot work if news of and about that government is long suppressed or managed or manipulated or controlled.

There is also no doubt that in time of crisis a sense of responsibility and restraint on the part of all public information media is imperative. The withholding by voluntary restrictions or, in time of war by censorship, of certain types of military and security information is imperative. But to attempt to manage the news so that a free press should speak (in Sylvester's words) in "one voice to your adversary" could be far more dangerous to the cause of freedom than the free play of dissent, than the fullest possible publication of the facts. —N.Y. Times.

### Quotes on the Mississippi Front . . .

One reason for the Battle of Oxford was that "University of Mississippi officials are weak men."

Attorney General Robert Kennedy explained it that way in an interview with Henry Brandon, Washington correspondent for the London Times.

The story came out last Sunday morning on the front page. Jim Whittenburg III, who is visiting over there, clipped it and airmailed it to us.

Reporter Brandon wrote: "I remarked that what struck me most in Mississippi was the unbelievable isolation in which its people live. A slightly embarrassed smile scurried over the Attorney General's face. With a slight shrug of the shoulder he said, 'What can you do if all the local newspapers, radio and television stations, politicians, businessmen, most of the clergy, do everything to maintain this isolation?'"

### Wildcats Emerge Victorious 63-30

The Wellman Wildcats defeated the Southland Eagles Friday night by a score of 63-30. In the first half, the Eagles scored twice. The first touchdown came when Ronald Sanders ran it over from 55 yards out. Southland's second touchdown was made by Rod Callaway, who took the ball from the kick-off and went all the way for a touchdown.

In the second half, Southland's Johnny Haire scored twice. The final touchdown was made in the last seconds of the game when Haire ran it over from 50 yards out. The final score was 63-30 in favor of Wellman.

Outstanding on defense for the Eagles was Bob Albright and Rod Callaway.

### CROP Benefits From Hallowe'en Trick or Treat

Young people of Junior and Senior High School age from many of the churches in Slaton went "Trick or Treating" for "CROP" on Hallowe'en. They gathered at the Clubhouse and went from there to various parts of Slaton.

Funds of \$134.61 were collected to help send food and clothing to needy people in various countries under the supervision of Christian workers in those countries.

Because of the donation of surplus food by our government for this cause, each dollar that was collected will give 13 children a cup of milk every day for a year or will provide over

400 pounds of food to hungry families. CROP contributions in 1961 made possible the distribution of 71,282,650 pounds of surplus food valued at \$3,855,050. Over 400 pounds of food were sent

overseas for each dollar collected. The food was an answer to "Give us this day our daily bread" for destitute people in 29 countries. The local committee thanks the young people and all who

made a contribution. If you still make a contribution through were not contacted, you may your pastor.

### Beverage Group Pledges Aid To Local Causes

Slaton Youth Organization received a pledge of \$1000 from the Lubbock County Beverage Association with the first portion of the pledge to be received by the local organization on December 15.

Ells Schmid is chairman of Slaton Youth Organization which includes the following groups: Little League, Pony League, American Legion League, Girls Summer Youth Program, Boy Scouts and Slaton Welfare Group.

Spokesmen from the above named groups met with board of directors of the Lubbock County Beverage Association, Hubert Odum of Cecil's Liquor Stores, Andy Harris of Pinkie's Liquor Stores and V. O. Williams of Payless Liquor Stores.

Ells Schmid said that a member of each organization will serve on the committee of the Slaton Youth Organization to plan distribution of funds that are received for the various programs.

Odum, Williams and Harris, speaking for their organization, said that it was their desire to help Slaton's non-profit numerous youth programs, and that was their only reason for making this pledge.

40 MILLIONS — more than twice the population of the most populated state; almost four times the population of the largest city; equal to the present combined populations of Texas, Arkansas, Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, and Oklahoma.

The question is not "What will we do with so many more people?"; but "What will we do for them?" Since man is inherently religious, these coming 40 millions will become either Christian or pagan — WHICH? This generation, mainly — not the next — will provide the answer, whatever it is. MR. CHURCH MEMBER, do you realize that you will help determine the answer? Much depends upon your being genuinely Christian, and assuming an active role as such. Old Friends

By J. J. Maxey

I ran into Dwayne Walters, class of 1945, the other night at the Slaton Ex-Jaycee football game. Dwayne remarked that he had read in this column recently an account of Slaton's only powder puff football game. He suggested that this game be replayed with the same girls and the same coaches. I can't speak for the girls but as for the coaches (Max Arrants and myself) the sands of time has been running.

Speaking of the sands of time — the boys participating in the football game last Thursday night for the Jaycees were bigger, stronger, just as willing but not nearly so nimble as their adversaries — the Slaton Exes. All of these fellows are to be commended for taking their lives in their hands to raise money for such a worthy cause — improvement of Tiger Stadium.

From time to time we have written comments on Slaton Exes from out of town, what they have done or what they are now doing. I would like to take time to comment on a Slaton Ex that has been one of us for a long time. Bruce Pember, class of 1922, actually finished High School up in a furrin country in the milwest. He then came back to Texas where he went to the University of Texas (the school that John Schmidt will not mention) where he received a degree in engineering. After graduation from college Bruce spent some time working for the Panhandle and Santa Fe Railway Company in their engineering department. Later Bruce spent some fourteen years with the Texas Highway Department. The highway from Dallas to Denton is one of the landmarks of Bruce's efforts with the Highway Department. Bruce also spent some time helping to construct a couple of Naval Bases during the war. All of this preliminary work went into preparing Bruce for his career.

It seems that Bruce came back to Slaton during the very early forties where he went into the real estate and insurance business with his father, the late M. A. Pember. Bruce is the kind of guy that can never say no to any community service that he is asked to perform. He has served on innumerable boards and commissions for the community and his church. He is presently serving a term on the Zoning Board of Adjustment for the City. Bruce has been a member of the Rotary Club of Slaton for as long as I can remember, serving the club as president in about 1946 or 1947 and serving as District Governor last year.

The Pembers have four children, three of whom are graduates of Slaton High School. Mrs. Dick Cheatham (Joyce) who is now the Home Economics teacher in our school, Mrs. Bob Kern (Maybelle) who is also teaching in our schools, Mrs. J. W. Adams (Joan) who now lives in Newfoundland. Bruce (I don't know whether he is a junior or not) is a student in High School now. Bruce is presently recovering from a broken bone that he received while playing football.

Bruce Pember is the kind of guy that will always take the other side of an argument, make you mad as —, raise the devil with you about anything or nothing. He is also the kind of guy you can depend on to work with the Boy Scouts, help raise funds for any worthy community project, get a good club or church program, sit up with the sick and just be the kind of citizen that makes up the kind of community that we like to live in.

We haven't received any cotton pickin dues this week so we don't have any names to list or any more money in the bank.

Former Pastor Is Guest Retirement Group Tuesday

Forty-two members of the Slaton Railroad Retirement Club were present Tuesday at the monthly meeting of that group. Dr. and Mrs. Crabtree of Plainview were special guests, Dr. Crabtree bringing the devotional program. He is a former pastor of the Methodist Church in Slaton.

Gregory Speaks At Minister Meel

Ministers are very much a part of Civilian Defense emergency forces, playing a key role in event of emergency, asserted Judge L. R. Gregory, Assistant Vivian Defense coordinator in Slaton, as he addressed the members of the local Ministerial Alliance at their monthly meeting on Monday of this week.

Judge Gregory spoke to the Alliance concerning the overall place and role of ministers in the event of a natural or manmade crisis in Slaton. He reviewed the history of the Civil Defense planning group here, and discussed the drill held November 5th. He pointed out how ministers were part of the force that would be activated in event of an emergency, suggesting that they would be needed to give spiritual counseling and help to those who are injured and to their families, also indicating that they could serve as a means of communications between those patients in the hospital and their families who would not be admitted during the emergency period. Other contributions of the pastors also were cited by Gregory.

At the Monday session, the ministers made plans for the Community Thanksgiving Service here, and also discussed the Christmas basket program in Slaton.

Slaton Band Will Perform Nov. 20 At Lubbock Meet

The best football halftime shows of 37 area high school bands will be unveiled Nov. 20 in Jones Stadium with Texas Tech as host.

The Slaton band, under direction of Bill Townsend, is scheduled to march at approximately 2 p.m. on that date.

More than 2,600 students will participate in the Region Interscholastic League competition. This is the second year Tech has held the marching event.

The admission-free marching contest is one of the top band events in the Southwest, according to Dean Killion, Tech band director. The West Texas bands are truly the top marching bands in the United States, as evidenced by their continuous winning in national competition, he said.

Beginning at 1 p.m., bands will perform their colorful shows every eight minutes. Judges will include band directors Frank Piersol of Iowa State University; Jim Jacobsen, Texas Christian University; and Dr. Ted Crager, West Texas State College.

Entries in Class B include Jayton, New Deal, Anton, Ropesville, Shallowater, Wilson and Whiteface. Represented in class A are Tahoka, Kress, Sudan, O'Donnell, Petersburg, Idalou, Plains, Ralls, Crosbytown, Springlake, Seagraves, Sundown and Hale Center.

Class 2-A participants are Lockney, Frenship, Post, Muleshoe, Floydada, Morton, Olton, Dimmitt, Slaton, and Abernathy. Brownfield, Littlefield, Levelland and Monterey of Lubbock second band compose Class 3-A.

Representing the Class 4-A are Monterey of Lubbock, Lubbock High and Plainview.

Mr. and Mrs. H. T. Sefton of Plainview were welcomed as new members of the club, and others attending for the first time included Mrs. Jessie Prosser and Mr. and Mrs. Clarence Holt.

Next meeting of the organization will be held December 11th, at which time a turkey dinner will be served.

The membership of 69 rail workers represent an average of 40 years service each. Oldest member of the organization is 84 years of age.

Southland Will End Ball Season Friday Night

The Gail Coyotes defeated the Southland Eagles by a score of 69-12 last Friday night at Gail.

Southland scored only two touchdowns during the game and made no extra points. The first touchdown came in the first quarter, when Johnny Haire carried it over from 60 yards out. The last touchdown came in the last quarter. It was made by Rod Callaway, who ran it over from twenty yards out. The final score was 69-12, in favor of Gail.

The Eagles play Dawson next Friday night at Southland. This game will wind up the season for the Eagles. Hats off to the Senior boys who have done such a fine job of playing football this season. They are Johnny Haire, Jackie Dunn, Larry McNeely, Webster Crawford, Robert Mock, and Bobby Albright.

Evans Contracts Have Been Let

Early construction of the gymnasium for Evans school 1 Slaton looms with concrete expected to be poured late this week or early next week.

Additional bids have been let, according to Superintendent of Schools Dr. Lee Vardy for completion of the 12,240 sq. ft. structure that will contain a gym and stage, one classroom together with boys' and girls dressing rooms.

Dillard Electric submitted low bid of \$1,026 for electrical work and was awarded the contract on that phase. Al's Plumbing bid of \$1,552.23 was accepted for plumbing work and fixtures, with exception of lava tories and commodes that likely will be purchased from warehouse supplies, Dr. Vardy stated.

Prime contract to Stout Steel Builders of Lubbock was let October 24th for an amount of \$26,183.60, completion stipulated within 40 working days.

The structure, to be located at a site 150 feet west of the present Evans school is to be of steel construction with inside partition walls of pumice block and tile.

## Red Cross Steps Up Activities At Home, Abroad

The American Red Cross is bolstering its services to the U.S. Armed Forces while, at the same time, the volunteers and staff in its nation-wide network of chapters stand ready for any possible emergency relief action that may result from the Cuban crisis.

Statistics on firearm fatalities and other reports indicate that more youths are hunting now who know little about gun safety or safe hunting rules. The safety director said that two times as many firearm fatalities occurred 'outside' the home in 1961 as in 1960 and also that the number of public accidents in 1961 were double the number of home accidents last year.

Mr. Harriman added that the ARC Blood Program has on for you shoot.

- 1) Treat every gun as if it is loaded.
- 2) Never point a gun at anything you do not intend to shoot.
- 3) Be sure of your target before you shoot.
- 4) Before firing be sure barrel and action are clear and unobstructed and that you are using the proper size ammunition.
- 5) Keep the safety on until you are ready to shoot and carry the gun so it will not point at anyone if you should stumble.
- 6) Unload your gun before climbing a fence or tree, or when traveling in an automobile or boat.
- 7) Never shoot a bullet at a flat, hard surface or at water.
- 8) Don't mix gunpowder and alcohol.
- 9) Before carrying a gun into camp, unload it and leave action open.
- 10) Be sure guns kept at home are empty and that ammunition and weapons are stored in separate places, away from children.

## Membership Reports Tended To P-TA Group

Reports on the Halloween carnival and 1962 membership were made at the Thursday meeting of the executive council of the West Ward Parent-Teacher Association.

The committee has asked that their appreciation be expressed for the generous support received at the carnival.

Mr. M. G. Mitchell, membership chairman, told of 366 members enrolled to date.

## Clarification Is Made on Deer Tags

Three deer tags on the 1962 Hunting License have caused some confusion among hunters. An explanation from Henry Burkett, Region I Director for the Game and Fish Commission should clarify many questions: A bonus (or third) deer tag is attached to hunting licenses so hunters may legally kill as many as three deer in specific areas of unusually high deer populations.

In high deer populated areas landowners have been issued Antlerless Deer Permits by the Game and Fish Commission. Landowners are urged to harvest as many deer as the Game Department recommends, but the use of Antlerless Permits is solely at the landowner's discretion.

Hunters wishing to use their hand an ample reserve of serum albumin, the blood component used in the treatment of shock resulting from burns or other injuries. The armed forces already have available a large stock pile.

All such Red Cross services, Mr. Harriman pointed out, long have been carried on routinely in accordance with the congressional charter, which charges the ARC with providing voluntary relief to servicemen and acting as a medium of communications between military personnel and families. The charter also calls on the Red Cross to conduct a nation-wide program of disaster preparedness and relief.

had made an offer to pay \$100 down. Stipulation was that the purchaser complete his contract within one year and that note would bear 6 percent interest.

Final reading of water ordinance No. 218, fully explained elsewhere in this edition, was held, with all commissioners and mayor voting in the affirmative for the ordinance.

A new siren was authorized or one of the city patrol cars, his action coming after request by Chief Eugene Martin.

Joe Bryant, who is constructing the John Deere agency building on Tract 6 of the Storey subdivision had request permission to connect into the city sewer on Oak Street, and it was reported at the commission meeting that the total cost of this service would be borne by the property owner. On motion by Commissioner Davis, the group voted that Bryant be allowed this connection at his own expense and that maintenance of this line that is on Bryant's property be done by him.

Johnny Hennington. A first-place win this week by any of these three could well determine recipient of the Cotton Bowl tickets reserved for grand prize.

Final tallies and current week award winners will be posted in the Slatonite office Monday noon and will be told in the newspaper of next week. Entries have been heavy throughout the 10 weeks of this merchant-Slatonite sponsored fun fest, and more often than not the winners have been determined via the tie-breaker route.

**-WEATHER-**

Freezing weather, for the first time this year, entered the area early this week, dropping local thermometers to a 30-degree reading.

Farmers generally have hailed the cool nights and open balmy days.

Day to day temperatures locally have been (high and low):

Thursday	62-35
Friday	80-36
Saturday	78-42
Sunday	66-46
Tuesday	74-33
Monday	68-30
Wednesday	42 low

Average daytime temperature: 71; average night readings: 38 degrees.

**CARD OF THANKS**

We wish to thank our neighbors and friends and relatives for the many things they did for us. We also thank Dr. Payne and Dr. Locke and our mayor, Mr. Lemon, for their services rendered us, and the ladies who brought food, and our friends that gave us money. We also thank Mr. Bud Englund. Our best wishes to you all.

**Police Blotter**

A fine of \$20.50 was levied Monday against a man found early that morning slumped in his car two miles northwest of Slaton, the vehicle parked without lights in the righthand lane of the 4-lane Highway 84. The subject was reported by Bill Gandy at 2:05 a.m., and police unit No. 42 was dispatched to the scene, the patrolman accompanied by Slatonite publisher John King II. Police records show that the man threatened to whip King, said he "would get Gandy", and resisted arrest. He was brought to the local jail by representatives of county sheriff's office.

Other activity of the city police department was largely routine, dog bites, abandoned cars, and stolen hubcaps again showing on the blotter.

Jail arrests during the last seven days reveal 21 drunk arrests, one for simple assault, one for juvenile delinquency, one vagrancy, three of theft over \$5, five of possession by minor, and four of disturbance.

and contractors are urged to study them at an early date so that work can be given a go-ahead at a near-future commission meeting.

At the Monday commission session it was unanimously voted to pay Ball on the basis of 3 1/2 per cent if contract is let to a general contractor, or 5 per cent if contract goes to the various trade contractors, this fee to include preparation of plans and specifications and supervision of construction.

It has been pointed out that floor space is to be used at a maximum in the re-modeled building, all former facilities to be afforded in addition to the new ones — but all on ground level. Allocation has been made in plans for a 23 ft by 17 ft court and assembly room, a general utility room, and adequate office space for the justice of peace, corporation judge, chamber of commerce, and city departments.

**Key Citizens Take Podium At Rotary Meeting**

Impromptu discussion by Rotary members occupied program time at the meeting of that organization in Slaton last Thursday, with several commenting on items now much in the news.

City Secretary J. J. Maxey was called on for a report on the city hall renovation; his progress report revealed much work accomplished, with plans in the mill for more contract letting prior to re-arrangement of the floor plan and finish of both interior and exterior. Funds for the remodel job are coming from the general fund of the city, this route being pursued as only alternative to rapid deterioration of the building. New construction was vetoed at the polls recently when a bond issue for that purpose was defeated. Plans are for city offices to be removed to the north side in the building, the north entrance already closed.

City Police Chief Gene Mar-

Mary Porfirio was married to Joe Valbidia, Oct. 1st, in St. Joseph's, Lubbock, by Father George.

He told of a recent man representing himself as from the Raton police department, working Slaton in effort to sell advertising. Martin said the city or his department in no way endorsed the solicitation, and he personally felt "the advertiser would be getting mighty little for his money" in such a scheme.

Judge Luther Gregory of the Civilian Defense organization told of findings in the recent practice emergency here. Cited for improvement were: inadequate fire siren, speed-up and orderly ambulance and hospital service always a goal; etc, but he opined that the "dry run" was largely successful, with everything working out as well as could be expected on first practice.

**Thanksgiving Was Theme of Garden Club Spectacular**

A "Thanksgiving Spectacular" theme greeted guests and members of the Slaton Garden Club as that group met last Wednesday in the home of Mrs. Clifford Young, with Mrs. Grady Wilson as co-hostess.

Varl-colored mums and colorful berries decorated the entire entertainment suite. The session was conducted by Mrs. August Kitten, president, and Mrs. Earl Reasoner, secretary, held roll call with answers of "Why I am Thankful".

Mrs. V. G. Browning, program chairman, presented "Time for Thanksgiving", with Mrs. L. O. Lemon giving the devotional. Mrs. H. G. Stokes read poetry appropriate for Thanksgiving.

The program ended with Mrs. Stokes inviting all attending to an enclosed patio where a delightful hour was enjoyed in the club's yearly project for organizational funds — a bazaar. Hand painted china, artwork, Christmas boxes and paper, jeweled kist balls, linens, aprons, goodies for the table, centerpieces, toys, door and mantle decorations, all handmade, were sold. Seeds and plants, flowers and floral decorations, baskets and yardsticks provided the horticultural motif as members purchased the talents of the group.

A refreshment plate was served to guests Mrs. Kenneth Davies and Mrs. A. E. Ware, and members Mesdames R. E. Ayers, O. Z. Ball, Dudley Berry, V. G. Browning, F. A. Drewry, J. S. Edwards, Fred England, Edwin Haddock, Bevis Hanna and August Kitten.

**Demonstration Agent Hints:**

**Preparation of Thanksgiving Aided by New Cookery Text**

Since turkeys are different today in that they over the breastbone and have different shapes from turkeys, Miss Clara Pratt, County home demonstrator says the flesh responds to new methods of cooking.

Turkeys of any size may be roasted. Correct cooking by dry heat on a rack in an open pan. A key DONE in one continuous cooking period. Assure better flavor and appearance, less shrinkage of juices.

A shallow open pan allows the heat to circulate around the bird, roasting it evenly. A rack at least 1/2 inch above the bottom of the pan, keeping it out of the fat.

Preheat oven to 325 degrees F.

Rinse bird in cold water, drain and pat dry. Rub lightly with salt. Fill wishbone area with stuffing. Push neck skin back with skewer. Fill cavity with stuffing. Push drumsticks under band of skin at tail.

Place turkey on rack in shallow roasting pan. Brush skin with fat. Put in preheated oven at 325 degrees F. desired, baste or brush occasionally with pan drippings. When turkey is two-thirds done, cut cord or band of skin at tail and turn over onto breast.

Use this table as a guide to total roasting time:

Weight	Stuffed	Unstuffed
6-12 lb.	3 1/2-5 hrs.	2 1/2-3 1/2 hrs.
12-16 lb.	5-6 hrs.	3 1/2-4 1/2 hrs.
16-20 lb.	6-7 1/2 hrs.	4 1/2-6 hrs.
20-24 lb.	7 1/2-9 hrs.	6-7 hrs.

Turkey is done when meat at thickest part of thigh is very soft when pressed between fingers. Be sure to protect your fingers with folded towel or oven glove.

Plan to have the turkey out of the oven 20 to 30 minutes before carving so the juices will not run out so readily.

### Vows Are Exchanged

Wedding vows were exchanged Wednesday, November 7th, for Miss Betty Carol Armstrong, daughter of Mr. and Mrs. Howard Armstrong, and Freddy Miller, son of Mr. and Mrs. Roy Miller.

The single ring ceremony was held at 7 p.m. at the St. Joseph's Catholic Church. The bride was attired in blue with white accessories, carrying a bouquet of baby pink carnations.

Janet Miller was matron of honor, and Bobby Miller, brother of the groom, served as best man.

Miller is employed here by the Santa Fe Railway.

After a short trip the couple will be at home at 710 10th St. in Slaton.

### Brownie Troop 212 Plans Style Show

Brownie Troop 212 met this week at the Scout house where refreshments were served to 19 members.

Mrs. Carnez Hill is troop leader; and Mrs. Nell Eubanks and Mrs. Joyce Biggs are assistant leaders.

Mrs. Nita Paschall is secretary-treasurer, and Mrs. Vesta Beard is in charge of refreshments.

At the meeting the girls rehearsed for their style show, "Brownies on Parade", to be presented Nov. 13 at 3:30 p.m., honoring their mothers.

Doris Maree Patterson

### Betrothal Is Announced

Mr. and Mrs. Grady Patterson, 1120 South 12th Street, announce the engagement of their daughter, Doris Maree, to Mr. Franklin Delano Strain, son of Mr. and Mrs. Alex E. Strain of Hitchcock, Texas.

The couple will exchange wedding vows at 4 p.m. on Thanksgiving Day at the Westview Baptist Church.

Miss Patterson is a 1962 graduate of Slaton High School. Strain is a graduate of Hitchcock High School and attended Texas Tech. He is employed by the Supreme Beef Company in Lubbock. The couple will reside in Lubbock.

Friends and relatives of the couple are invited to attend the wedding ceremony.

MISS SUE OATS

### College Honors To Sue Oats

Miss Sue Oats of Slaton has been elected to Who's Who Among Students in American Universities and Colleges for 1962-63. It was announced this week by Dr. Joe C. Humphrey, academic dean of McMurry College in Abilene.

Miss Oats was among 27 McMurry students to be so honored. A senior elementary education major, Miss Oats is a member of Delta Beta Epsilon, women's social club, SEA, Alpha Chi, and Kappa Delta Pi.

### Dinner Is Set By Club

Ministers of the city will be special guests at the annual Thanksgiving dinner scheduled by the Senior Citizens Club of Slaton at its program - dinner Friday, November 16th.

All local pastors and their wives have been invited to attend, according to word from Mrs. Fannie Patterson, secretary of the organization. The meeting will convene at 11:30 a.m. at the clubhouse, and Dr. Charles Wood, pastor of the First Baptist Church, will bring a message to the group.

Mrs. George Evans is president of the club that has among its membership some 45 Slaton residents.

### Jaycee-ettes Give Funds for Stadium

Funds for benefit of Tiger stadium construction were augmented by over \$100 in Jaycee-ette efforts last week, that amount being derived from program advertising and program sales for the Thursday night ballgame sponsored by the Jaycees. Entire program proceeds were turned over to the stadium fund, Mrs. Jerry Draper, Jaycee-ette secretary, reports.

Mrs. Draper has asked that the appreciation of the group be extended all who assisted by their time or funds.

Mrs. Lawrence King is president of the Jaycee-ettes, with Mrs. Wayne Banks as vice president.

Next meeting of the group is scheduled for Thursday, November 29, at 7:30 p.m. They will meet in the home of Mrs. Don Kendrick, and all Jaycee wives are urged to attend.

### Centurettes Meet With Mrs. Joe Ross

"Man-made Amusement Parks" was the program topic chosen by Mrs. Jack Haliburton at the meeting of the Centurettes Study Club Monday in the home of Mrs. Joe Ross. Mrs. Jerry Don Ross was co-hostess. Mrs. Tim Bourn presided over the business session.

Refreshments of sandwiches, potato chips, pickles, olives, pumpkin pie and cokes were served to members Mesdames Donald Basinger, Harley Castleberry, Tip Culver, Jackie Allred, Robert Heaton, Hobert Limmer, Ralph Thorpe, Tommie Tomlin, Truman Ford, Dwayne Preston, Randy Sanders, Arlie Sownds, Pat Taylor Ray Wilkins, Ross, Bourn and Haliburton.

### FHA Cookbook Sale To Benefit Cystic Fibrosis Research

Slaton Future Homemakers of America are engaged this month in selling "Celebrity Cook Books" for benefit of the National Cystic Fibrosis Research Foundation.

The girls are selling these books at \$1.65 each and they contain recipes of such famous people as Jacqueline Kennedy, Patricia Nixon, Conrad Hilton, Amy Vanderbilt and many others. The 57 famous Americans whose favorite foods appear in this book came from almost every field of human endeavor.

What unites the contributors is a common desire to help conquer cystic fibrosis, to help sustain the lives of the thousands of children born with it each year, to give them some chance to grow and to share in the worlds work and joys.

The cookbooks were obtained through Mr. Tommy Davis, members of the Lubbock Chapter of Cystic Fibrosis.

Anyone wishing to buy one of these books may get one by contacting any FHA member.

### TEL Class Plans Christmas Banquet

Mrs. A. J. Baker, assisted by Mrs. W. A. Cooke, was hostess to the TEL Class of the First Baptist Church on Thursday, November 8th.

Mrs. E. M. Lott presided, with Mrs. A. J. Baker bringing the devotional program. Mrs. George Payne presented a treasury report.

Plans were made for the class Christmas banquet to be held December 13th, 6 p.m., in Fellowship Hall, for members and families and associate members. Gifts will be exchanged.

Eleven members and one visitor, Mrs. Timble, were present at the recent meeting. Next session will be held January 10th in the home of Mrs. B. A. Hanna.

John T. Hall and his wife and children of Albuquerque visited his parents, the R. C. Halls, over the weekend. While here they also visited his brother and family, the R. C. Halls Jr., and his sister and family, Mr. and Mrs. Sam Phillips Jr. of Lubbock.

Miss Patsy Ruth Hall

### Engagement Told Of Granddaughter

Mr. and Mrs. R. L. "Rocky" Hall of 4218 Waverly, Odessa, announce the engagement of their daughter, Patsy Ruth, to Ronny Gene Brumble, son of Mr. and Mrs. W. T. Brumble, also of Odessa.

Patsy is the granddaughter of Mrs. Birdie Meyer, 855 S. 15th Street in Slaton, and is a great granddaughter of Mrs. Mattie Hinson, 205 E. Dickens in Slaton.

Miss Hall will be a mid-term graduate of Permian High School, and she is employed by G. C. Murphy Company in Odessa.

Brumble graduated from Odessa High School in 1961 and is employed by J. C. Penny Co. there, also attending Odessa College.

### Demonstration Is Given at Club Meet

Mrs. Vivian Williams presented a demonstration in making of Christmas balls at the meeting last Tuesday of the Junior Civic and Culture Club in Slaton. The decorations will be placed on the Christmas tree at the clubhouse.

Attending at the meeting held in the home of Mrs. Jack Shepard were Miss Mardell Childress, Mesdames W. B. Christman, Jackie Talbert, M. H. Laster, Mark Etter, C. E. Hogue, Charlie Brake, Ed Caldwell. Mesdames Joe Belote, W. C. Gilmore, Yates Key, Joe Wickler, C. W. Space, W. K. Fry, Ray Conner, J. J. Maxey, C. E. McCoy and Oma Faye Brown.

OPTOMETRY: The Art and Science of Visual Care

## 500 killed - 3000 wounded!

Quite a slaughter, isn't it? That's a reliable estimate, however, of those who will be killed or injured by accident this hunting season. There's only one tragic explanation for it - MISTAKEN IDENTITY. Experienced hunters seldom cause these accidents. If you hunt only once in awhile, be doubly sure:

1. That your vision is good enough.
2. That you hold your fire until you are sure.

Don't kill or injure your hunting friends. Have your vision examined by a professional optometrist EVERY year.

dom of Texas. Back in 1966 the Texas Press Association joined with the Texas Independence Day Organization to encourage construction of such a memorial.

Building is to be shaped like the Lone Star, with a tower rising from the center, topped by a powerful searchlight known as the "Light of Texas Freedom."

An elevator will take passengers to the top.

**TOURS FOR THE TAKING**  
Scouts for the Texas Highway Department's Travel Division, always on the look-out for interesting things for tourists to see, have uncovered 324 tours that Texas industries offer in 70 cities.

Information came from queries as to what plants would spread the welcome mat for visitors.

Replies were compiled into an easy-to-read booklet entitled, "Visitor Tours of Texas Industry."

Copies can be obtained through the Travel Division's Austin office, or at any of the eight State Tourist Bureaus.

**PARKS PLANS FALL THROUGH**

Those water-color illustrations of a \$1,500,000 lodge on Lake Texoma in Eisenhower State Park now are more of a dream than a reality.

Plans for the project fell through when John Prather of Dallas, a member of the Eisenhower Development Corporation, financing the lodge, told State Parks Board executive director Bill Collins that the finance company, holding a \$350,000 note against the marina, had filed for repositioning.

Lamplighters Inns, Inc. of St. Louis, Mo., which had agreed to operate the lodge, withdrew when it became apparent that the proposed \$500,000 marina won't be completed in time for the tourist season.

Prather said his group still is interested if it can find a backer, but the Parks Board figures it is under obligation to no one at this point.

A giant sigh of relief was expressed when board members were assured the state was not financially involved in the building plan.

Several attempts to finance a lodge on the Texas side of the 20-year-old lake have failed. Oklahoma's Lake Texoma Lodge

across the lake was built about 1953.

**IN THE BLACK**  
Land Commissioner Jerry Sadler reports that his department is in such good financial condition that it won't need to ask the Legislature for an appropriation for the Veterans' Land Program, out of General Revenue, for the next two bienniums.

While \$15,847,000 is due to be paid out during the next two years, for bonded indebtedness, the program has more than \$17,000,000 set aside to meet the obligations.

Sadler said that \$16,500,000 in installment payments from veteran purchasers, and \$3,000,000 in interest from federal securities, will be collected in the coming biennium.

**AUTO TAX BACKED**

Assessing automobiles for city and school taxes, without assessing "all other personal property on an equal and uniform basis," has been upheld by the Austin Court of Civil Appeals.

Court reversed a judgment of the Hays County District Court which had denied the City of San Marcos and San Marcos Independent School District judgment against F. W. Zimmerman for delinquent taxes on three motor vehicles.

Suit was for back taxes for 1956 through 1959.

**SECURITY BIDS**

State Securities Commissioner William M. King reports five applications for permits to sell \$1,562,890 in securities in Texas.

Applicants include four Texas companies: FNIC Investors, Inc., Houston, \$618,840; Medalion Stores, Inc., Dallas, \$814,050; Textstar Securities, Inc., San Antonio, \$30,000; and Texas Fund, Inc., Houston, \$300,000.

**SYSTEM CHALLENGED**

The "place" system of electing two or more state representatives from Texas' larger counties has been challenged in Austin's 53rd District Court.

Houston attorney Robert W. Hainsworth seeks a declaratory judgment that the present method of apportionment of representatives in the larger counties is unconstitutional.

His petition attacks the 1961 reapportionment act of the 57th Legislature.

Act assigns representatives by the place system to 17 counties now allocated more than one representative: Jefferson, Galveston, Harris, Nueces, Hidalgo, Cameron, McLennan, Bell, Dallas, Travis, Tarrant, Bexar, El Paso, Wichita, Taylor, Lubbock and Potter.

**DRAFT STATUS**

In times of crisis, men worry about their draft status. President Kennedy's arms quarantine on Cuba has brought a flood of calls to State Selective Service Headquarters, in Austin, from men concerned about their "obligation."

If you were born before August 30, 1922, you don't have any, says SSS headquarters. If you were born after August 30, 1922, you legally are required to be registered, unless you are not yet 18 years old.

Any man past 35 is no longer liable for military service. But he still is obligated to inform his local draft board of any change of address.

**BASKETBALL PROBE CONTINUES**

## Available Tours Of Texas Firms Listed in Book

Tourists and local citizens interested in visiting Texas industries need wonder no longer which plants have the welcome mat out and how they may arrange to tour them.

The information is contained in a first-of-its-kind booklet, Visitor Tours of Texas Industry, published by the Travel Division of the Texas Highway Department.

It lists 324 tours in 70 Texas cities including five tours available in Lubbock. The first section of the publication discusses 77 regularly scheduled tours. The latter portion is devoted to 247 additional tours that can be arranged by appointment.

Lubbock firms listed are Hancock Mfg. Co., Lubbock Cotton Oil, Paymaster Oil Mill, Plains Co-op Oil Mill, and Supreme Beef Company.

Each listing offers the name of the industry, its address or telephone number, name of the plant contact, the products it produces, days and hours of tours, their approximate duration and whether linguists are available for the foreign visitor's benefit.

Complimentary copies of Visitor Tours of Texas Industry are now available upon request from the Travel Division, Texas Highway Department, Austin, and from the eight Tourist Bureaus operated by the Highway Department around the state.

**Attend Relative's Funeral In Fresno, California**

B. B. Castleberry and W. D. Adkins recently attended the funeral in Fresno, Calif., of their brother and brother-in-law, J. T. Castleberry who died Saturday night in the Veterans Hospital after a long illness.

Surviving are the wife and two daughters, three brothers: C. C. of Pomona, Calif., Jim and B. B. of Slaton; three sisters, Mrs. Mabel Adkins and Fannie Castleberry of Slaton, and Mrs. Bertie Marr, Albuquerque.

appear in Austin before the Travis County grand jury.

Their appearance is desired in connection with a hearing on Contempt-of-the-Legislature charges.

Three witnesses balked at answering the committee's questions during the probe of possible fixing in Southwest Conference basketball games.

Citations charging Milton (Duck) Mallard of Bryan, Enoch (Sig) Dickson of Dallas and M. C. (Sonny) Pearson of Austin were received from Turman by District Attorney Tom Blackwell of Austin.

**WORLD'S FAIR COMMITTEE**  
Governor Daniel has picked a 25 member advisory committee to consider a Texas exhibit for the 1964 World's Fair in New York City. He has asked the committee to prepare a recommendation by January, for Legislative approval.

**MORE POLIO**

Harris and Hidalgo counties each have reported a new case of paralytic polio. This brings the 1962 total to 234 cases. Of these, 178 are paralytic, 56 non-paralytic.

At this time last year the total was 70 cases.

## Edwards Featured At Music Meeting

Donald Edwards of Slaton will perform in Donizetti's comic opera, "Rita," Monday (Nov. 12) at a regional meeting of voice teachers at the University of Oklahoma in Norman.

Presented by the North Texas State University Opera Workshop, the production will be an entertainment feature at the Southwest Region Conference of Teachers of Singing.

The conference begins Sunday (Nov. 11) and continues through Tuesday (Nov. 13).

The workshop will present "Rita" at NTSU in December. Edwards, the son of J. S. Edwards Jr., 745 S. 18th, Slaton, is a sophomore music education major and is a member of Phi Mu Alpha Sinfonia of America, national music fraternity.

**TURKEY AND TOUCHDOWNS**  
Now comes that happy time of the year... the time of roast turkey, cranberry sauce, pumpkin pie. family get-togethers — and the Texas - Texas A&M football game.

Put them all together and you get Thanksgiving, 1962... a great day in every way. Here's hoping you have a good one.

**A SMALL SUGGESTION**  
I have a small suggestion if you want to help out-of-town friends and relatives reach you faster when they telephone. Be sure you give them your area code as well as your telephone number. The area code here is 806.

**NEW MOVIE AVAILABLE**  
Like to learn more about Telstar, the world's first active communications satellite? Well, a brand new telephone company film is now available for your school, civic or church organization.

It's called "Telstar," is in Technicolor and runs 27 minutes. There are dramatic close-up scenes of the Telstar launch from Cape Canaveral and shots of the Bell System's huge earth station at Andover, Maine, as well as earth stations in Britain and France.

To book this film for your group, free of charge, just call the telephone business office, VA 8-4591.

**TIMELY TIP**  
Chances are you've never found yourself in the predicament of the people in our cartoon... let's hope not anyway.

At any rate, it helps me make a point: One way to make certain you never stand in line is to settle back, and shop by phone. After all, you're only seconds away from any store in Slaton with your telephone.

**ONE LAST THOUGHT...**  
They tell me the worst part about loafing is that you can never take a day off. So long for now and I'll see you again next month.

Call by number. It's twice as fast.

**ATTENDS WATER SEMINAR**

Don Britt, of Forrest Lumber Company, 250 South 9th Street, Slaton, was in Lubbock recently where he attended a one-day seminar featuring the latest in home and ranch water systems.

Highlight of the seminar was an impressive showing of advances in submersible pump design during the last decade and a sneak preview of new jet pump lines to be released shortly. Forrest Lumber Company is the exclusive Aermotor dealer in the Slaton area.

Britt was entertained at a social hour and dinner by official hour and dinner by official and Amarillo.

# Early C o C Document Found In Movement

As in the case of most moves, old and forgotten documents and other items come to light, and it was no exception as City Secretary J. J. Maxey recently removed his operations to a temporary location as the city hall renovation commenced.

A publication entitled "Slaton" came to light, evidently a Chamber of Commerce enterprise of the year 1930. The 4-page 9x12 pamphlet bore the masthead statement proclaiming "Published Occasionally". However, the identification went further to show that the discovered publication was numbered Volume 1, Number 1, and no one has to date come up with any further issues. So, for anyone wishing to determine the frequency implied by "occasionally", it might be deduced that the duration would be at least 32 years — from 1930 until 1962.

Indicative of the dry season of 1930, the following items appeared:

**ESTIMATE SEED WHEAT WORTH OVER \$20,000**

Of course everybody knows about the Slaton Chamber buying 1,000 bushels of seed wheat last September and selling it in October to ninety-seven farmers around Slaton for planting winter pastures to offset effects of the short feed crop caused by the dry summer season.

Careful estimates of the value of this project made conservatively, indicate that the total benefits of the seed wheat for these farmers will range between \$20,000 and \$30,000 at the minimum. Rains have been excellent for the wheat pastures, which are now being pastured, saving the farmers large sums on feed for livestock, also preventing sacrifice of livestock and

assisting in furnishing food for the families of these farmers.

**—O—O—**

**DROUGHT RELIEF WORK IS DONE BY C. OF C.**

Late last summer, when it became evident that the dry weather had made serious inroads on the farm crops of this territory, the Slaton Chamber of Commerce began a fight for drought relief work to be done by the state or federal governments. Many letters, telegrams and telephone calls resulted. State and national officials were conferred with. A representative was sent to the state drought relief meeting at Haskell. Now, a bill has been passed by Congress providing \$45,000,000 for production loans to farmers of the drought area. Texas is said to have about \$3,500,000 in that appropriation. Our organization is now working to get the proper share of this Texas fund for aiding farmers around Slaton. It is believed this can be secured and nothing will be left undone that

would help in getting it.

**—O—O—**

**OFFICERS NAMED**

Officers and directors of the Chamber of Commerce in 1930 were listed as W. H. Smith, president; P. G. Stokes, vice president; Carl W. George, treasurer; and directors J. H. Brewer, Dr. W. E. Payne, T. A. Worley, Jr., J. A. Elliott, T. E. Roderick, E. R. Legg, R. D. Hickman, Horace Hawkins, George G. Green, A. Kessel and Dr. M. C. Overton, Jr.

**Lutheran Church To Celebrate 10th Anniversary**

Grace Lutheran Church, 840 W. Jean in Slaton, will mark its tenth anniversary this Sunday with special services, announcement has been made by Rev. Leroy R. Deans, pastor.

Activities of the day will commence with Sunday School at 9:30 a.m., followed by a 10:45 special Anniversary Service.

Fellowship and games will be on the agenda for the afternoon, followed by a box supper at 6:30 p.m. sponsored by the Luther League.

The pastor states that "we seek on this day to express our thanks to Almighty God for His many blessings He has bestowed on Grace Lutheran Church during the past 10 years".

Invitations have been sent to all former pastors of the church to attend this tenth "birthday", and all friends of the church are invited to visit at any or all the services of the day.

**Services Held For Jones Infant In Graveside Rites**

Graveside services were held Sunday at 3 p.m. for Walter Lee Jones, 4-day-old son of Mr. and Mrs. Haden Jones.

Rev. Clinton Eastman of the Calvary Baptist Church in Andrews officiated, with burial in Englewood Cemetery under direction of Williams Funeral Home.

The infant is survived by his parents, maternal grandparents, Mr. and Mrs. E. D. Robison of Slaton, and paternal grandparents, Mr. and Mrs. J. O. Jones of Posey.

# Top Russian, U.S. Players Featured In Lubbock Tilts

Dropping political hostilities and taking up the combat of the basketball court will be two teams from the United States and two teams from Russia who square off in Lubbock's Municipal Coliseum Nov. 21 with game time slated for 7 p.m.

Meeting in the first of the doubleheader feature will be the Soviet National Women's Team and the Hutcherson Flying Queens from Wayland Baptist College, Plainview. In the second game the Soviet National Men's Team will battle an all-star male team made up mostly of players from the regular Phillips 66 Oilers of Bartlesville, Okla.

It will be the third series of games for the Russian women and the Flying Queens. The first encounter for the two was in the fall of 1960 when the Soviet squad toured the United States. The next clash was in the spring of 1961 when Flying Queen coach Harley J. Redin piloted a U.S. all-star team which toured behind the iron curtain. Three of this year's Flying Queens are among the starters who were on the 1961 tour.

Local fans may have opportunity to see dead-eyed Del Ray Mounts and possibly Harold Hudgens of the 1962 Texas Tech team who are expected to play with the Oilers.

Action will start at the Coliseum with the women's game set for 7 p.m. and the men's contest slated for 8:30. Tickets for the event will be \$1.50 to \$2.50 and will be on sale in Lubbock and surrounding areas.

**Wolverines Split Two Games In Week-end Play**

Arvid Ray Hicks came off the bench in the second quarter and scored eight straight points to ignite the Evans High Wolverines to a 63-50 victory over the Washington Tigers of Sweetwater Saturday night in a game played at the Junior High Gymnasium. The Wolverines had suffered their first defeat of the season Friday night to the Levelland Hornets 58-49.

Wolverine Captain Nathaniel Quincy led all scorers both nights, with 29 points against Levelland and 18 against Sweetwater. Arvid Ray Hicks and William Carr scored 12 and 10 points respectively against Sweetwater.

Evans girls team lost both games over the weekend, being defeated by the Sweetwater girls 23-16 and by the Levelland girls 27-21. Ora Jean Anderson led the Evans girls with 9 points against Levelland and 16 points against Sweetwater.

The next home game for the Wolverines will be on the 20th of November when they will play Snyder.

**Jail Arrests, Offenses Heavy In September**

September activity coming within the report of the Slaton police department reveals 32 offenses committed during that time, 15 of these cleared; 93 jail arrests made, 60 traffic tickets made, 61 traffic tickets given, and 14 automotive accidents investigated.

Offenses, other than vehicle infractions, included lost property, murder with malice, truancy, theft, prowling, burglary, malicious mischief, auto burglary, vandalism, missing persons, burglary of coin machines and auto theft.

Jail arrests included 61 for drunkenness, nine for drunk in car; 8 disturbance, four vagrancy, one murder with malice aforesaid; four of possession by minor; one of consumption by minor, one no driver's license.

Jail arrests accounted for \$1630 collected by Corporation Court, \$390 additional being laid out in jail; and traffic ticket fines collected aggregated \$419. Property damage in the accidents investigated was estimated at \$3,388, according to report of Police Chief Gene Martin.
