Chamber of Commerce Manager Jerry Hutton reports that the goal for the 1969-70 United Fund campaign has been reached and surpassed.

The fund went over the top with \$14,214.80 collected. Goal for the year was \$13,950.

Several local agencies benefit from United Fund, including scouts, Babe Ruth baseball, senior citizens and others.

Mr. and Mrs. Vance Wagon, making the scene in Amarillo, this last week, will wheel down to Lake Buchanan for fishing, Saturday, Sunday, Wagon will enter Scott and White Clinic, Temple, for a check-up.

Of the 88 votes cast in the election for Mayor of Muleshoe on Saturday, April 4, 81 of the votes were for Irvin St. Clair, one vote was mutilated and discarded and Harmon Elliott, one: Ernest Kerr, two; D. C. Dubose, one; Wilbur LeVeque, one and Kenneth Henry, one as write in candidates.

John Woodard, son of Mr. and Mrs. Bill Woodard of Muleshoe, was reported in 'critical' condition in Lubbock Methodist Hospital Friday morning.

John was injured in an automobile accident in Muleshoe Sunday night and was transferred to the Lubbock hospital Thursday. At the Lubbock hospital, he underwent emergency surgery.

He is a senior in Muleshoe High School and serves as co-editor of 'The Mule's Tale' official newspaper of MHS.

they purchased in the 100 Block of Main Street.

Extensive remodeling is underway as workmen have stripped the former building to the bare walls and are starting from scratch inside. Inner dividing walls have been torn out, the floor removed to the concrete and the ceiling removed. Haney Poynor said a new floor, which will be one-half tile and one-half carpet will be installed, along with new walls, a T-bar suspended acoustical tile ceiling, new fixtures and an entirely new front to the building. An added innovation will be a glass rear entrance to tie in with a paved parking area across the alley at the rear of their new building. They purchased one-quarter of a block to provide paved parking for their customers.

Poynor said in excess of \$40,000 will be spent in the extensive remodeling program and the new building will add an additional 2,500 square feet of floor space and allow expansion of room, especially in the furniture and automotive service departments.

White's Auto Store in Muleshoe carries a full line of automotive products and many services, including tires and batteries. They also have from small electric hand appliances to major appliances such as freezers, washers and dryers and televisions. The store stocks toys, bicycles, dishes and cooking utensils, paint, lawn mowers, air conditioners, garden equipment, picnic and camping supplies and hand tools among many other items.

The late R.W. Poynor, who died in March of 1968, opened the first Poynor's White Auto Store in Portales in 1959. From the first Poynor's White Auto, expansion was made to six stores. This number was later cut back to four, which are still operating in Portales, Muleshoe, Friona and Hereford.

Haney Poynor, who originally is from Lubbock, where he graduated from school, moved to Muleshoe from Earth in 1961 to open Poynor's White Auto at their present location. His brother, Paul, moved to Muleshoe in 1964 when Poynor's sold the Earth location.

Army Speaker Sets Four Local Talks

Captain James C. Pitts, one of 30 Americans participating in the Army Speakers Program, will be in Muleshoe for several speaking engagements this month.

On Monday, April 13, he will speak in an open meeting at the Ben Richardson Post 403 of American Legion at 8 p.m., according to an announcement by Post Commander Jerrell Otwell.

Otwell said everyone in the area is welcome to attend this meeting. Refreshments will be served by the Ladies Auxiliary of the American Legion following the meeting.

Two programs are to be held Thursday, April 16, by Capt. Pitts. He will speak over KMUL Radio at 11 a.m., and will address the Muleshoe Jenny TOPS at 7:30 p.m.

The captain will speak to Llano Estacado Civic Club on Tuesday, April 28 at 8 p.m. Captain Pitts has recently

been assigned to the U.S. Army Defense Center and Fort Bliss under the department of the Army Speakers Program.

He volunteered and was selected by the Army, after serving a tour of duty in Vietnam, to tell the public at the local level about the U.S. Army's activities in Vietnam, the achievements and experiences of the individual soldier.

The Vietnam returnee attended the University of Texas at Austin and at El Paso. As a graduate of the Reserve Officers Training Corps at these schools, Captain Pitts was commissioned a second lieutenant, Armor Branch, in September 1967. After training at Fort Knox, Kentucky, he was assigned to Fort Irwin, Calif., where he served as headquarters commandant for 10 months until his service in Vietnam, for which he volunteered.

Captain Pitts completed a two-week jungle operations training course in the Panama Canal Zone, prior to his assignment in Vietnam in January 1969. He was assigned as a platoon leader in Troop B, 1st Reconnaissance Squadron, Fourth U.S. Cavalry, First Infantry Division. While serving in this capacity, he participated in continuous patrols and combat actions against hostile forces. Midway through this tour of duty, he was reassigned as executive officer of his troop.

Presbyterians Welcome New Local Minister

Muleshoe Presbyterian Church welcomed a new minister several days ago. Rev. Edwin L. Manning, and his wife, Dorothy Juanita, formerly of the Westminster Presbyterian Church at Baytown, moved to the manse at the side of the Muleshoe United Presbyterian Church.

Rev. Manning said he will be working in an area minister concept with the Dimmitt Presbyterian Church. He will conduct morning services at 9 a.m. on Sunday at Muleshoe, then will conduct 11 a.m. services in the Dimmitt Church.

The Dallas native has been a Presbyterian minister for the past 20 years, and has served churches in Texas, Minnesota and Illinois. He is a graduate of the College of the Ozarks at Clarksville, Ark. and attended McCormick and Dubuque Theological Seminaries and took graduate studies in Comparative Religion at Iowa State University.

According to Rev. Manning, a congregational meeting will be held on Sunday, April 19 at 6 p.m. He said the meeting, which was directed to be called by the Session, is to elect elders and present the area ministry concept to the congregation. The minister said a church fellowship will follow the congregational meeting.

The Mannings have four children. Their daughter lives in Illinois; and their three sons live in Florida, Arkansas and San Antonio. They also have seven grandchildren.

28 Local, Area Persons Finish Special School

Plains Auto Parts again hosted and sponsored an alternator and regulator short course this past week, with 28 local and area men completing the three day session.

As in the past, the school was conducted by the Mobile Automotive Specialist Training Department of Texas State Technical Institute, with Dana K. Chambliss, training specialist in charge.

The service technicians learned the latest developments in alternator and regulator service and repair. The study covered operation of the alternators and components, bench checks, on-the-car checks, service problems, volt-

Immunization Clinic For Measles Slated

Interested persons are asked to meet at 9:30 a.m. Monday, April 13, in the community room of the Muleshoe State Bank to hear Darrell W. Morris, field representative for the Texas Department of Health to speak on a potential rubella (german measles) epidemic for this country.

A spokesman for the meeting said they hoped to have every organization represented at the meeting. Representatives from Three Way and Bula have been asked to attend the meeting, which will be held to organize immunization clinics for the disease.

"Become better acquainted with the services and needs of our libraries," concluded Governor Preston Smith in the proclamation naming the week of April 12-18 as Library Week in Texas. This is in conjunction with National Library Week which is being held at the same time.

Muleshoe Area Public Library will be busy celebrating the special week, along with the four school libraries. They are all boasting this year's theme: "Reading is for Everybody."

Anne Camp, librarian, said the Muleshoe Study Club is hosting a 'book fair' at the library on Wednesday, April 15. The book fair, which will feature many books for very low prices, will begin at 2 p.m. at the library and will conclude at 6 p.m.

Books will sell for as low as three for 25 cents. One set of 16 garden books will sell for \$5 and some books will be 50 cents each. Library patrons are invited to browse through the books and take their pick during the special sale.

During the 'book fair' the 'Library Family of the Year' will be named by the Muleshoe Study Club. Last year, in the first presentation, the Jimmie Pitcock family of Muleshoe was named 'Family of the Year.'

Mrs. Camp said the library was recently given a grant of \$870 from Title I grant under the Library Services and Construction Act for the federal fiscal year of 1970. The grant will be used for the purchase of new books for the library. A \$1740 grant to the Bookmobile will also be used for the purchase of new books, according to Lorene Sooter, Bookmobile librarian.

An essay contest on the library will be held at Muleshoe.

Librarian Honored For Duty; Dedication

A perfect time to extend a commendation of appreciation to a dedicated and enthusiastic librarian is during National Library Week, being observed in Muleshoe April 12 through 18.

Thanks are due all year long to Muleshoe Area Librarian Anne Camp, but this special recognition is being given this week by the Library Board of Trustees and Friends of the Library. It is indeed well deserved.

Mrs. Camp has, in her six years as local librarian, contributed many extra hours work - mornings before the library opens at 2 p.m. as

School Libraries Boost Library Week

The Muleshoe Schools Libraries are observing the thirtieth annual anniversary of National Library Week April 12-18. The dual themes are: Reading Is For Everybody and Read-Look-Listen In Your Library.

Muleshoe Schools have four centralized libraries and four full-time, qualified librarians. A Professional Library for teachers and all professional personnel has been set up in the Curriculum Office in the Muleshoe Junior High Building.

Mrs. Judith Harlin, high school librarian, reports a total of 11,934 books have been checked out for the first seven months of this school year. This averages 1,705 books that were checked out each month by the students.

In the Muleshoe Junior High School Library, Mrs. Pauline Griffin, librarian, reports a total of 16,436 books checked out for the first seven months making a monthly average of 2,348.

shoe Junior High School during the week and several cars are sporting green bumper stickers with black letters which read, "Follow Me To The Library."

Ann Camp spent Friday, April 10, in Amarillo attending the Texas State Library Association meeting.

Area Extended Ticket Offer For Symphony

Due to interest created throughout the area by the scheduled appearance of the Amarillo Symphony Orchestra for a 'pops' concert, the ticket sale offer has been extended to several area towns and communities.

Eight towns and communities outside Muleshoe now have the tickets available for the Sunday, April 19 concert. Tickets are \$2 for adults and \$1.50 for students. Communities and persons where tickets may be obtained include: Mrs. Jessie Gilliland at the Lazbuddie School; Marion McDaniel at the Bula School; Mrs. Mickey Sowder, Three Way; Mrs. Matt Nix, Sudan; Mrs. Charles Allen, Friona; Mrs. Bob Estes, Bovina; Mrs. Mark Liethen, Farwell; and Mrs. Kenneth Lowe, Glen Bulls, Earth. Tickets are also available from Radio Station KMUL in Muleshoe.

Added to the 'pops' concert is a number which has proven to be quite popular among the younger generation, "Love Theme" from Romeo and Juliet. This makes an impressive list of well-known numbers which will be presented in the concert.

Librarian Honored For Duty; Dedication

As late evening hours after the 6 p.m. closing time. And regardless of the hurdles since the present AshStreet library's early days (lack of space, piles of old books, quantities of catalogues, boxes of old books, et al) she works hard and with enthusiasm. "Not discouraged easily" is certainly an attribute our librarian possesses.

As Holly Ann (Mrs. Ted) Millsap her assistant adds too, Anne has never missed a workshop or library conference, except for once due to illness. (Until recently, it has been at her own expense and time too.) Cont'd on Page 3, Col. 4

School Libraries Boost Library Week

In the Richland Hills Elementary Library, Mrs. Bettie Ingham, librarian reported 10,791 books had been circulated this school year, averaging 1,542 monthly.

At the Mary DeShazo Elementary Library, Mrs. Esther Marie Dillman, librarian, checked out 11,809 books for this school year which average 1,687 per month.

In all the school libraries the faculty has access not only to books, but also filmstrips, transparencies, records, and pictures. Newspapers and magazines are also available for students and faculty.

In observance of this special week, a Book Exhibit will be held Wednesday, April 15, in the Mary DeShazo Library. Book selections from several publishers will be on display and all interested area librarians and laymen are invited to browse through the display anytime during the day. Allison Ray Precure

Precure Funeral Friday, April 10

Funeral services for Allison Ray Precure, 20, were held Friday, April 10, at 3 p.m. in the First Baptist Church of Muleshoe. Officiating were Rev. Doug Dubose, pastor and Philip Berry, Lutheran minister from Littlefield. Burial was in Bailey County Memorial Park under direction of Singleton Funeral Home.

Allison Precure was born February 16, 1950 in Littlefield and made his home at 906 West Ninth in Friona. He had lived in Friona since November, 1969 and was a foreman at Missouri Beef Packers. He attended Muleshoe schools and graduated from Muleshoe High School in May, 1968. Allison Precure and Irene Hanson of Earth were married on March 28, 1969.

Survivors include his wife, Irene; parents, Mr. and Mrs. Kenneth Precure, Muleshoe; three sisters, Melanie, Cassie and Judy Precure; and grandparents, Mr. and Mrs. R. D. Precure, Muleshoe and Mrs. Keith Maricle, Frederick, Okla.

A family spokesman said a request from the family is that any memorials be made to the

heart monitor fund at West Plains Memorial Hospital.

Allison Precure died almost three hours after a grinding headon crash of the automobile he was driving and a pickup driven by Roy Bridgeman of Hub Tuesday night.

The accident occurred around 8 p.m. approximately 14 miles north of Muleshoe on Highway 214. Investigating officer C. V. Moore of the Texas Highway Patrol from Hereford, said the Precure vehicle was traveling north on the highway and Bridgeman was traveling south at the time of the collision on a slight hill and curve.

The wreckage of the totally demolished vehicles was strewn in a wide area along both sides of the highway.

Bridgeman and Precure were brought to West Plains Hospital in Muleshoe for emergency treatment before being transferred to Lubbock. Precure died enroute to Lubbock at approximately 10:40 p.m. Tuesday night.

Friday, Bridgeman was reported to be in 'critical' condition in the intensive care ward at Lubbock Methodist Hospital.

In the absence of Mayor Irvin St. Clair, City Manager Albert Fields designates the week of April 12th as Library Week in Muleshoe. Standing, L.R. - David Sudduth, chairman of library board, Ann Camp, librarian, Mrs. Horace Blackburn, president of Muleshoe Study Club and Mrs. Larry B. Hall, FOL president.

National Library Week APRIL 12-18, 1970 READING IS FOR EVERYBODY!

Some of the reasons for good Library services are:

- 1...To promote vital tools for the education of our children
- 2....To promote opportunities for continuing adult education
- 3...To provide a good source of information for all
- 4...To attract and hold commerce and industry
- 5...To provide wholesome recreation through reading
- 6...To make our area a better place in which to live

THE EDUCATIONAL VALUE OF READING, BOTH DURING SCHOOL DAYS AND AFTER THEY ARE OVER, IS RECOGNIZED BY ALL THINKING PEOPLE TODAY. IT IS NO USE TEACHING CHILDREN TO READ UNLESS BOOKS WILL BE AVAILABLE AFTER THEY LEAVE SCHOOL. A TASTE FOR GOOD BOOKS AND THE READING HABIT CAN BEST BE ACQUIRED WHILE YOUNG AND ACCESS TO A LARGER COLLECTION THAN THE SCHOOL ITSELF AFFORDS IS NEEDED. ADULTS HAVE DISCOVERED THAT THEY CAN KEEP ON LEARNING AS LONG AS THEY LIVE AND THE PRESENT ADULT EDUCATION MOVEMENT IS GIVING FRESH EMPHASIS TO THE NEED OF ADEQUATE PUBLIC LIBRARIES. THE WHOLESOME RECREATION AFFORDED BY READING GOOD BOOKS IS NOT LESS IMPORTANT. FOR THESE REASONS, OUR PROGRESSIVE COMMUNITY TODAY CONSIDERS A PUBLIC LIBRARY AN ESSENTIAL PART OF ITS EQUIPMENT.

is the year to cooperate with the Texas State Library in its efforts to implement the Library Systems Act. Laymen have planned and worked along with librarians in Texas since 1955 to advance a grand design from fantasy to the reality of legislation," Mrs. T. C. Fisher writes in the Texas Library Journal.

The Goals for 1970 of the State Committee are to implement the Library Systems Act and bring about (1) Establishment of library systems throughout Texas, bringing service to all residents, with access to the total resources of Texas libraries, (2) Adoption of appropriate library standards for all collections, services, personnel and building (3) Strengthening of the position of library leadership at the State level through adequate staffing and financing.

Senator Ralph W. Yarborough has accepted chairmanship of the Committee for National Library Week in Texas 1970.

The Muleshoe School librarians attended the Texas Library Association 57th Conference in Amarillo, Friday, April 10.

Mrs. Black added that an estimated 750 doses of vaccine will be needed for preschool children in Muleshoe itself. This means that at \$1.40 for each vaccination, at least \$1,050 will be needed to pay for vaccine given during the clinic.

Civic clubs are asked to help sponsor the clinic and guarantee payment of any amount not covered by donation boxes which will be placed at strategic points in the clinic. Mrs. Black said that in most cases, donation boxes have yielded adequate funds to pay for the vaccine, but the guarantee is needed in case there is not enough funds available.

Bill Loyd, president of the Muleshoe State Bank, has agreed to act as financial chairman of the clinic, and any advance donations may be sent to him at the bank.

The last rubella epidemic in the United States, 1963-1965, killed 30,000 babies and left at least that many more crippled and damaged with deafness, an abnormal heart, or mental retardation.

According to health officials, six years ago, nothing could be done. Now, there is a new and highly effective vaccine against rubella said the authorities. They added that this actually became a race against time to develop the vaccine as medical history has proven that a rubella epidemic strikes the United States from every six to nine years. The next epidemic could come as soon as this year.

The high danger in rubella is not to the preschooler or youngster in school, but the high incidences of their carrying the germs of the disease home to expectant mothers.

Mrs. Black said the health officials are hopeful that every child will have the immunization on May 13.

An interest in books and people is shown in her work with children at the popular library Story Hours, which have her added personal touch. At Halloween our librarian dresses in the costume of a friendly witch; she makes sacks and adds candy for Christmas gifts for her stay-hour children. In addition she tells a (to quote the children) "A terrific" story, using various books, pictures, films, puppets, to enhance the story hours. And those added touches DO make the attendance swell!

Just this week, Mrs. Camp

hunted through shelves of poetry books when a library patron gave just one line of a poem and wished he knew the whole poem. Her enthusiastic interest, general knowledge, and diligence paid off shortly; she found the complete poem for him. And students testify that they so often are helpfully served with her personal research assistance for their special school theme projects, and science fair projects too.

As many library patrons know, Librarian Camp most often greets them with "These books just came in and this is one I KNOW you will like!" Somehow she remembers hundreds of people's tastes and various preferences of types of books, plus remembering to tell them of new books in their fields of interest. And she'll keep at the State Librarian Inter-Library Loan requests until she gets what her patrons want. (This reporter doesn't know many others who are so consistently thoughtful - and all as a friendly, helpful part of her job as Muleshoe Area Public Librarian.)

Being a librarian is a natural

vacation for one who as a young girl was brought up with a love for books and people.

Her mother, the late Mrs. Olive McFarland, instilled an interest in "Library-building", by example, to Anne, her sister and three brothers in their home in Winters, Tex. Mrs. McFarland loved her books and wished to share them with friends and neighbors. She opened the doors of the modest family library in their living room. She encouraged all to read. Book shelves were added and filled. As time passed friends brought in more books; soon all walls in the living room were covered with shelves of books. Later the furniture was removed to make more space for more books. Thus a community library was started in Winters at the McFarland home.

The devoted and "book-loving" mother not only took time to develop her own children's love of reading and books, but also those in the community. With such a background, it is no wonder that Anne developed such a friendly, understanding way with people and books. Her dedication to books

makes her hobby reading of course. As her family adds "she's a real bookworm". And this ardent reader always remembers the stories, histories, types, and is able to tell her library patrons of them all.

Family and home come first, just as books, with Anne. She and Bernis Camp married in 1940, moved to Bailey County in 1950 and to Muleshoe in 1960. He farms, and is Performance Superintendent of the local ASCS office. They are the parents of six children: Bobby Camp, married and the father of three, lives at Morehead, Kentucky; Becky is Mrs. Amos W. Keith, Austin, and mother of two children. Daughter Susan is a soph-

omore at West Texas State University, Canyon. Pattie is a senior at Muleshoe High School; Carol, a seventh grader at Muleshoe Junior High and Joyce, a fifth grader at Richland Hills Elementary School.

Anne Camp was employed as librarian for Muleshoe Area Public Library August 10, 1964, when the doors of the present Ash Street building were opened. She served previously as clerk for the State Library Demonstration Bookmobile, which began service to the four-county area it now serves.

The Muleshoe area is quite proud to recognize, our librarian - Anne Camp!

Orphanage Explained

Mr. A. L. Gatewood of Buckner's Orphanage, Lubbock, outlined the method applied to restore children to families whose breach is healed through counseling, where parents are willing to try. The Muleshoe Young Homemakers heard of Buckner's unique technique at their 4 p.m. meeting, Thursday, April 9, in the Home Economics Department of Muleshoe High School. The purpose is to get the family back together, so the child will have a family to grow in, not an institution, Mrs. J. C. Gatewood explained.

Mrs. Willie James gave the Devotion, "Why Don't They Listen", a humorous account of why children don't listen. Mrs. Jimmy D. Black, President, conducted a business meeting, and read a letter from the Bailey County Health Department, asking Young Homemakers to sponsor part of the expense for the Rubella and German Measles clinic, May 13. Chairman of that drive is Mrs. Jimmy D. Black. It was voted to contribute money and volunteer club help.

Also, it was voted to have a "Girls Night Out" for the members, April 24, when they will gather at the Corral, for dinner, at 7:30. Secret Pals will be revealed, at that occasion.

The program concluded, refreshments were served by Mrs. Jimmy White, Mrs. Willie James, and Mrs. Carrell Nowell to Mrs. Elmer Downing, Mrs. Charles Hamilton, Mrs. Eugene Shaw, Mrs. Robert Hunt, Mrs. Gerald Shanks, Mrs. Kenneth Powell, Mrs. J. C. Gatewood, Rosemary Pool, Mrs. Eugene Buhrman, Mrs. Roland McCormick, Advisor.

Face-mask favorite of a beautiful Mexican millionairess: squeeze juice of lemon into jar, seal tight overnight so it turns white and foamy... smooth on and let dry. Male-capturing trick: perfume palm of hand before putting on gloves... when you draw them off the fragrance intrigues.

James First introduced the love-lock -- a curl that hung on the left side of a MAN'S cheek! But by Charles II's time, WOMEN had taken over "love-locks."

To prevent lipstick from smearing when you add gloss: DAB gloss on gently. Don't blot.

Art News

A series of profiles of the members of the Muleshoe Art Assn., and other talented people of this area will appear in the coming weeks.

Mildred Williams would drive Edna Ferber out of her writing skull, entirely. Texans, who still recall her book, "Giant", with steam whooshing out of their ears, might introduce her to Mrs. Conrad (Mildred) Williams, and sit back to enjoy Ferber's next: "Midget, An Autobiography". Mildred Williams is a typical Texas farm wife, with a typical Texas home life, and husband. They have lived at Stegall since 1925, have three children, and one grandson. Her parents are Mr. and Mrs. Charlie Phipps of Muleshoe. She attended school at Stegall, now called "Three Way", a consolidation of Stegall, Maple, Goodland and Watson communities. She first started painting in December, 1956. Interested, she enrolled in "Famous Artists Correspondence Course" in 1957, finishing it in 1961. Not content with this instruction, she is instructed by Dr. Emil Caballero, West Texas State University, in 1960, taking three of his courses at Muleshoe. Her work has been shown mainly in the Muleshoe area, but has had displays in Clovis and Amarillo. One painting hangs in the Muleshoe State Bank, several in Pool Insurance offices, and Data Associates in Dallas. Her first citation was won in 1960, and since then has won either prizes or ribbon honors in every local competition since, except the Spring 1969 show.

"I make all of my clothes, and most of the daughters. Also sew occasionally for nieces, sisters and friends. I have done fabric painting, glass painting, sea-shell work, wood carving (picture frame cornice for bathroom window, for example), crochet, hang all my own wallpaper, make drapes, and have attempted re-upholstering furniture. Do centerpieces for bridal and baby showers, bake fancy cakes, do crystal sugar work, and work on the farm when needed, such as taking lunches to the harvest crew, or, hauling in the grain. Art is a wonderful pastime and since all my children are away from home, I spend a great deal of my time painting," she says.

Mildred taught a short session of basic drawing to Jr. High boys at Three Way School, and did cub scout work while sons Carter and Wendell were growing up to become Texas Tech students. Her daughter, Wenonah, and grandson Chad, live in Denver. Another part of Mildred is poetry, "what I call 'Little Jewels', for special friends or occasions. One appears in the 1969 Muleshoe Art Association year book. Being typical "giants", friends say the church-going Williams (Zion Rest Primitive Baptist, Muleshoe) built one of the most modern farm homes of its day, have a ham radio-operator room that gets a lot of action from Conrad Williams, and park one airplane at home, the longer, range plane in Friona.

So there, Edna Ferber. Read "Giant" don't have to be invented, or distorted. The Lubbock Art Association, under the auspices of the Texas Fine Arts Assn., selected an acrylic painting by Ruth Hammock, at the Garden and Art Center April 5th Show, to go on the South Plains Circuit. At present it is hanging in the Methodist Hospital, Lubbock. The prize-winner is a rendering of the "Old Miller Place" at Littlefield. Entry deadline for exhibit in the Muleshoe Annual Art Show is between 10:00 a.m. and 3:00 p.m., Thursday, April 16, 1970.

Tuesday Night Duplicate Bridge Club met in the home of Mrs. Janet Wagon, April 7, with Mrs. Buck Wood, Mrs. Wilbur LeVeque, Mrs. Mary

Towels For Nursing Home

Mrs. Ray Black, President, and Mrs. L. O. Norwood of the Progressive Homes Club brought terry cloth towels and shampoo aprons to be used by residents of the Muleshoe Nursing Home, Thursday, April 9. Mrs. Zane Ellison, a volunteer of the Hospital Auxiliary received the needed items.

Mrs. Ellison pointed out the lack of many everyday items persisting for some of those living in the Nursing Home, as well as the pressing need for volunteers to offer their service to those who cannot perform simple tasks for themselves, at their great age, or limiting infirmity. The Progressive Homes Club is one group trying to fill a large gap in supplying facilities. In a discussion dealing with improvements of service and supplies, Mrs. Ellison showed a new stock room which will contain hygienic necessities, located where residents may conveniently buy them. No profit will accrue to anyone, but it will benefit those who cannot easily "go shopping".

Mrs. Black and Mrs. Norwood stressed the urgency of

needs not filled, and service not performed, by overloaded personnel of whom too much is required of too few.

A salad supper was hosted Thursday by the members of Jenny TOPS who were on the losing side of a recent weight losing contest. Mrs. D. E. Beller and Mrs. Roy Clark were the only ones not gaining weight thru the contest.

Queen for the week was Mabel Wolf. First runner up was Mrs. J. M. Hefner and Mrs. Kenneth LaRue was second.

The club divided into three teams April 2. The two losing teams will host the winning team to a supper. This contest will continue to May 30.

The lady losing the most weight regardless of what group she is in will receive a gift. Side one is ahead with 89 points, second is side two with 82 points and side three has 80 points.

Essie Hall who is in the hospital was sent a birthday gift.

W.S.C.S. Meeting

The Women's Society of Christian Service of the First Methodist Church met April 7, in the Chapel of the Church. Mrs. Robert Hooten presided with the thought, "A smile is a light on your face, saying your heart is at home."

Joyce Hill Circle reported that they are helping this summer with the Latin American Vacation Church School. Progress Circle met April 6, and elected their new officers. New Chairman is Mrs. H. H. Snow, Vice Chairman, Mrs. Albert Davis.

Each attending selected the name of some elderly person to adopt as their "grandmother" or "grandfather", who will receive special attention from them. The sale of tickets for the Amarillo Symphony Pops Concert was encouraged, and it was agreed to help the Rubella clinic. District WSCS meeting was announced for April 23, in Cotton Center, and members will leave from the Church at 8:30 a.m. Esther Circle will sponsor the birthday party at the Nursing Home, April 21, at 2 p.m., with pictures taken of those having a birthday. It was announced that the Guild District meeting will be at the Methodist Church April 26, 2 p.m. The speaker will be Miss Ila Pool, from Pampa, and her topic will be, "Extremism". One WSCS was selected to receive a life membership, pin, and certificate to the Methodist Womens Society of Christian Service. It will be presented at their spring luncheon, Tuesday, May 5.

Officers will also be installed at the spring luncheon. They are: Local Officers: President, Mrs. Johnnie Prater, Vice President, Mrs. Robert Hooten, Secretary, Mrs. J. A. Nickels, Treasurer, Mrs. Keith Taylor, Chairman of Program Areas: Mrs. Cecil Cole, Christian Social Relations, Mrs. Mervin Wilterding, Local Church Activities, Mrs. Bill Moore, Membership Cultivation, Mrs. J.E. "To the church at Ephesus it warned of the danger of losing its first love, meaning that they had lost their love for Christ and Christian fellowship and true love for each other, that they had. Are we guilty?"

"To the church at Smyrna, He warns of the danger of the fear of suffering. If we have true faith, we will remember that all the persecution cannot rob us of our eternal blessings. Do we have this faith?"

"To the church at Pergamos, He warns of the constant danger of doctrinal compromise. Are we guilty today of compromising with the ideas of Satan?"

"To the church at Thyatira, He warns of the danger of moral compromise. Are we lowering our moral standards?"

"To the church at Sardis, He warns of the danger of spiritual deadness. They were so lifeless that they were troubled by any attack from the outside. Are we alive or dead?"

"To the church at Philadelphia, He warns of the danger of not holding fast. He encourages them to hold on to what they have. To hold on to their faith. That the only danger they have of losing their crown is by not showing that they are worthy of it. Will we be worthy of our crown? Are we holding fast to the true faith?"

An excellent program was presented by the Joyce Hill Circle, Mrs. Hooten said. Helping with the program on the first three chapters of the "Book of Revelations", were Mrs. Reagan Cox, Mrs. Keith Taylor, Mrs. Jack Rennels, Mrs. Buddy Black, and Mrs. Marcia Gragg. An excerpt is, "Taken as a whole the messages to the seven churches of Asia constitute a comprehensive warning from Christ Himself as found in the exhortations to each of the churches. There is warning to the churches of today and to our First United Methodist Church here to," hear what the spirit saith unto the churches."

"To the church at Laodicea, He warns of the danger of lukewarmness. As he said in Chapter 3, verse 16, 'So then because thou art lukewarm and neither cold nor hot, I will spew thee out of my mouth.' Are we cold? Or are we warm? Or are we the intolerable lukewarm?"

"We should take heed and 'Hear what the spirit saith unto the churches'."

In the usual order, the meeting was adjourned.

Joyce Hill Circle Progress H.D.

The Joyce Hill Circle of the WSCS, met April 8, at 1:30 p.m., at the home of Mrs. Kenneth LaRue. A prayer was offered at the opening of the meeting by the vice chairman. This group has been probing the "Revelations of Jesus Christ to Saint John". The present meeting was concerned with the 16th Chapter. "We are using along with the bible, the 'Revelations of Jesus Christ', by John F. Walvoord," Mrs. Cox said. "The 16th Chapter speaks of that great day of God Almighty. This is the great battle climaxing the second coming of Jesus Christ. This is the Chapter of the pouring out of the seven vials. Even after all plagues (the seven plagues) have happened, the people still refuse to repent, and still blaspheme God."

Discussion ensued among those present, who were: Mrs. Jack Rennels, Mrs. Reagan Cox, Mrs. Kenneth LaRue, Mrs. Marcia Gragg, and three visitors from the Y-L Methodist Church, Mrs. Bobby Newman, Mrs. J. C. Gatewood, and Mrs. Bobby Chaney.

Trouble Shooting Team Selected

Muleshoe High has picked its "Road Scholars" for 1970.

These are the boys who will represent Muleshoe High in this year's Plymouth Trouble Shooting Contest, according to Tom Jinks, principal of the school. Competing for Muleshoe High will be Randy Lackey and Danny West.

They will be accompanied by R.K. Minckler Sr., auto shop instructor at Muleshoe High.

The team will be sponsored by Garland Motor's, Littlefield. The Trouble Shooting Contest will be held at Fenner Tubbs Motor's at Lubbock, May 5, 1970.

The winning team in the local contest will be sent to Indianapolis in June to compete against other top Trouble Shooters from all parts of the country in the National Championship Finals.

Contestants are competing for more than \$125,000 worth of scholarships and awards.

In the contest, participants take a written exam which counts as 30 percent of their team's final score and then they race the clock and the other teams to find and fix several malfunctions deliberately placed under the hoods of new Plymouth cars. This mechanical challenge counts as 70 percent of a team's score.

The Plymouth Trouble Shooting Contest originated in 1949 as a local event in Los Angeles with 50 students from 17 high schools participating. Today, the more than 2,000 high schools

and colleges representing all 50 states -- with a total auto shop enrollment of more than 150,000 students -- participate each year in this nationally-famous competition.

Purpose of the contest is to recognize and honor outstanding young auto mechanic students and to encourage them to make a career as automobile mechanics.

Trouble Shooting has placed more than 16,000 young men in full or part-time jobs as auto mechanics. Since the contest became a national event in 1962, the Chrysler-Plymouth Division of Chrysler Motors Corporation has made available scholarships for 146 students.

The Plymouth Trouble Shooting Contest is an outstanding example of cooperation between industry and education.

The Muleshoe Golf Team competed in the Amarillo Relays last week. This was the largest and toughest golf meet that the boys will participate in this year. The meet was held at the Amarillo Country Club and we competed against most of the AAA and AAAA teams in this area. Although this was a difficult meet to win, it gave the boys an opportunity to compete against some of the best golfers in this area and also an opportunity to play on a tougher course that we're used to. The boys shot a 354 with Jeff Chapman shooting an 84, Lewis Morris, 87; Bucky Taylor, 91; Kenny Taylor, 93; and Darrell Wilson, 104.

The next meet for the boys will be a District meet at Tulla on April 10 at 1:30 p.m.

Home Nursing Study Course For Students

In Homemaking II we study home nursing. During this time we find out about taking temperatures, giving enemas, back rubs changing linens on hospital beds, and care of patients in general. Also, we discuss accidents in the home, how to prevent and treat.

The students take a field trip to the hospital and get to go through patient's rooms, emergency room and the operating room. This is always the highlight of the Home Nursing course.

Pam Morphis Homemaker Of The Year

Pam Morphis, one of our senior girls was recently awarded the "Betty Crocker Search for the American Homemaker of the Year" award.

This award was available to all senior girls. These girls all participated in a test of an objective type. Pam scored highest of all senior girls in this school.

This makes Pam eligible for state and national competition and many scholarships.

We are proud of Pam and encourage all girls to work toward this most honorable award.

Home Ec III Hosts Guest, Mrs. Rempe

By Lana Washington

The Home Economics III classes were honored by a demonstration visit by Mrs. Rempe. She gave each student a memographed copy of the recipe she used. This recipe has been in the Rempe family for a long time. It was fairly simple to make and since it contained vegetables and meat, it is an entire meal. The meat need not necessarily be chicken. Pork or beef may be substituted. Overall, the demonstration was a big success and many of the girls discovered that they really "loved" Chinese food. We sincerely offer our thanks to Mrs. Rempe for a great recipe and a wonderful meal.

Improvements To Bedroom FHA Project

Home Economics I girls participate in Room Improvement projects. This section of study in Home Economics I deals mainly with the girls own bedroom, which at this age is the center point of a girl's home life. Here are her most prized possessions - stereo, records, radio, books and all things dear to her. In this course we learn to decorate the room. Arrange it in the most practical way, to use color schemes and to learn to express the girls personality in her bedroom. After the girls study these things, they apply them at home with projects such as making pillows, pictures, pajama bags, stuffed animals and refinishing some pieces of furniture. This is just one of the many projects taken up to prepare for their future life as homemakers.

Week Highlighted By Special Events

This week commemorates the annual celebration of F.H.A. week. This gives us an ample opportunity to look back over the organizations growth and achievements.

The future homemakers of America is the national organization of pupils studying homemaking. It offers opportunity for the further development of pupil initiative in planning and carrying out activities related to homemaking.

F. H. A. is an incorporated, non-profit youth organization. It came into being through the co-operative efforts of youth enrolled in homemaking in secondary schools in building a national organization of their own in which they may develop social qualities and promote better home life for themselves and their families.

Over the past years the organization has gone from one large chapter, or group, containing so called, "Big sisters" and "Little sisters" to the division in 1960 to two different chapters. These have come to be known as the Rose Chapter and the Rosebud Chapter, respectively. The Rose Chapter contains the former "Big Sisters" of the sophomores, juniors and senior girls. The Rosebud chapter consists of the "Little Sisters" or freshman girls. These girls are of their first year in F. H. A.

The main reason for the division into the two different chapters was to accommodate the growing membership of the organization. This provided a more organized method of carrying on many duties. This also served the purpose of giving more experience to the younger girls as they prepare to take over the responsibilities of the older group or Rose Chapter.

One of the highlights of the years has been the selection of a boy, by popular vote within the organization, to hold the title of what was first called

Basic Sewing Completed By Home Ec I

The Home Ec I girls have just recently finished studying clothing. During this course of study they learn the basics of sewing. They began by studying the pattern and learning to cut out patterns. Next they learn the mechanics of the sewing machine. They learn to follow the pattern guide for a basic dress. After this they apply their knowledge to make a more complex garment at home. After these are complete a style show is given. This year the style show will be April 14, at 7:30 p.m. You are all urged to attend this showing of the work of our Future Homemakers.

the "F.H.A. Beau", later the "F.H.A. Prince Charming", and finally grew to the title of the present "F.H.A. King".

In recent years another honor to be bestowed upon a boy has been adapted. That is the title of "Mr. Irresistible." This is selected during F.H.A. week and this year Dub Ivy won the title.

Also, one of the annual events of the year has been the F.H.A. Sweetheart banquet. The girls go all out to make this a big success. This is, usually, the event where the King and Queen are crowned.

Traveling With The Bookmobile

by Lorene Sooter, Librarian

Most people would think of traveling with the Bookmobile as a dull uninteresting routine. But of course, few people have the privilege of visiting the many small and large Communities of Bailey, Permian, Lamb and Cochran Counties and meeting the many interesting people like those that come on the Bookmobile.

Most of these people are interesting conversationalists. They tell us about their community, their problems; their plans; Church; their school; what their teams did in football or track, especially if they played our home team. They tell us about themselves and their neighbors; their joys; their sorrows; what they are doing; what they plan to do and, of course, about the books they have read and are reading.

Since we visit and service each community in the four counties ever three weeks we soon developed the feeling that we were a part of every community. This is the most rewarding part of traveling with the Bookmobile. Now Spring is here and soon the farmers will be planting their fields and the birds will have returned. It gives you a feeling of exhilaration and new life to travel through the farm and ranch land and see the brown fields gradually turn green and then develop into luxuriant growth with a promise of a bountiful harvest.

There are also those distressing moments when we cross the path of a hail storm and see those beautiful crops beaten to the ground or see the destruction of homes destroyed by a tornado or fire.

The Bookmobile has lost books in the homes of patrons that have been the victims of these disasters. We are at least happy that they do not have to replace the books in these unfortunate circumstances.

Now don't get me wrong, we do work. If you could only be with us when we check out 461 books in 3 hours as we did at Bovina recently.

We have practically all the best sellers and a tremendous amount of new books. The month of February we checked out 4,571 books and the month of March we checked out 4,874.

Come visit the Bookmobile because we could have the book you have been wanting to read.

IRS Summonses Complied With In Magby Case

Two Muleshoe banks and three individuals were ordered by U.S. District Judge Halbert O. Woodward on 2-11-70 to answer Internal Revenue Service summonses to produce books, records and papers pertaining to Magby Ditching Service, Muleshoe, Texas.

Boyd Magby, Owner of Magby Ditching Service, had secured a temporary restraining order in November 1969, preventing the First National Bank, Muleshoe; Muleshoe State Bank; H. D. King; W. B. Kittrell and C. A. Larimore from complying with the Internal Revenue Service summonses.

The Internal Revenue Service filed a petition with the U. S. District Court, Lubbock, Texas, seeking compliance on the summonses issued to the banks and individuals.

Magby sought to intervene in the proceedings, claiming that the summonses were issued for the sole purpose of securing evidence for a criminal prosecution against him.

RULING GIVEN
In his order dated February 11, 1970, Judge Woodward denied Magby's intervention in the summonses and ordered the respondents to comply with the summonses and furnish the records involved on March 16, 1970.

When recently contacted, investigators of the Internal Revenue Service stated that the banks and individuals had complied with Judge Woodward's order of February 11, 1970 and had complied with the summonses which had been served on them by the Internal Revenue Service.

READY FOR *New* CARGO

This ship has been emptied of its cargo, and now stands ready to take on fuel and more cargo for further service. If this ship were to remain empty, it would be of no value and would be failing in the one thing that it was built for.

Man was created to be a companion to God, and when he does not join in worship with God, he is failing in the reason for his creation.

Make your life mean something for God...

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

STATE CAPITAL

Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Tex.--"Things are going to get worse, unless we plan and fight a war against drug abuse in Texas," Gov. Preston Smith told the Conference on Public Health and Drugs.

Noting that in the past 10 years "arrests of teenagers for drug abuse increased 800 per cent," Smith urged the conference to come up with new means of controlling and preventing drug problems, as well as reviewing what is being done.

"We need to examine penalties," he said. "The drug offender who is caught is often very young. He may have been pressured into experimentation with drugs. Yet, within the legal machinery, his punishment can be as severe as that of a dope pusher, or seller."

"Is this fair? Or is it out of proportion with the crime?" Smith asked. Earlier, Lt. Gov. Ben Barnes -- accompanied by newsmen, law officers and government officials -- toured drug treatment and mental health facilities over the state. On the trip, Barnes proposed a State drug center near a medical school for treatment, rehabilitation and research.

Later, Barnes joined Atty. Gen. Crawford Martin at the meeting of the Crime and Narcotics Advisory Committee with the Texas Education Agency to hear what plans the agency has developed for teaching a course on the dangers of drugs and crime, as required by the last Legislature. Speaking to the meeting, Martin expressed concern over the increasing use of heroin, which, he said, is becoming a major problem.

Involving young people in the program will be necessary if it is successful, the Attorney General said, because "no program of narcotics control can ever be effective unless the young people themselves want it to be effective."

REGISTRATION A record of 4,150,645 Texans are qualified to vote during the primary and general elections this year, Secretary of State Martin Dies Jr. reported that count as the State Chief Election officer.

Statewide total is almost 80,000 more than in the 1968 presidential year. Metropolitan area county registrations rose dramatically from 1969, Harris County (Houston) alone accounted for 650,612 of the votes, Dallas 466,925 and Bexar (San Antonio) 260,225.

Dies said he is confident new procedures for registration and various drives by groups produced the record sign-up, which he had predicted, even though 1970 is a non-presidential year.

ROAD DEVELOPMENT ASKED South Texas highway boosters called on the Highway Commission for \$150.8 million worth of highway developments ranging over 1,275 miles during the next decade.

Projects are in District 15 which includes Atascosa, Bander, Bexar, Comal, Frio, Guadalupe, Kendall, Kerr, LaSalle, McMullen, Medina and Wilson Counties. Delegation urged state expenditures of \$146.5 million for construction and \$4.2 million for right-of-way in "Plan for '70's." About \$87.9 million of the total would go to farm-to-market roads.

Long-range plan does not include interstate projects, those programmed for later construction or structly-urban facilities.

BILINGUAL DISTRICTS PICKED Thirteen Texas school districts have been selected by the U.S. Department of Education to submit plans for a bilingual education program during the 1970-71 school year. They are Alamo Heights, Northside Independent School District and South Side ISD, all of San Antonio; Alice, Colorado City; Corpus Christi, Del Valle; Edinburg; El Paso; Gal-

Last Thursday and Friday Muleshoe hosted the 14th District P.T.A. Convention. We Made a good impression on over 200 people from the surrounding area. We had many compliments on our matching red coats and our red carpet, and of course, our friendly, red-coated greeting committee composed of Harvey Bass, Don Harmon, Larry Hall, Olan Burrows, Curtis Wellborn, Bill Loyd, Robert Hooten, Roger Albertson, Tommy Black, Carlton Newell, Lindal Murray, and Frank Ellis. Our Ambassadors, Devona Bradley, Cathy McCormick and Becky Milner, were in good form as always.

We would also like to say THANKS to our local P.T.A. who did a wonderful job. To sum it up, between 200 and 300 people came to Muleshoe to the 14th District P.T.A. Convention and were thoroughly impressed by a town that's on the ball, MULESHOE!

Court of Criminal Appeals upheld the life sentence for robbery by assault given a Lubbock man, despite expert testimony he was mentally retarded.

Uncorroborated testimony of one who may have been an accomplice cannot be used alone to sustain a conviction for possession of marijuana, Court of Criminal Appeals held.

Lawsuits have been filed in federal court in El Paso to force district courts, courts of civil appeals and justice of the peace courts redistricting in line with the one-man, one-vote ruling of the U.S. Supreme Court.

BUILDING DESIGNERS SELECTED Two Austin architectural firms -- Page - Southerland - Page and Brooks, Barr, Graeber and White -- were picked to design the new multi-million, 10-story State Highway Building here.

Strict rules declare that the building must harmonize with the nearby governor's mansion, state capitol and other structures in the capitol complex. It also must include the old Lundberg Bakery, an Austin landmark which actually will be a part of the new building, serving as a tourist information center.

Estimated design and construction will take about three
