BETTER SERVICE

Fanny Thaws 'Em Out

Fanny's mother was sickly. The whole family was out of sorts, run down, unstrung, so to speak. Fanny knew what the trouble was. They were suffering from trying to live in a cold, clammy house instead of in a warm, comfortable home.
So Fanny thawed 'em out.
She took out the stove, which heated only a spot or two. And she put in radiators, which heat all the rooms evenly.

Fanny's mother grew better at once. The entire family changed. Why shouldn't it change? The house was no longer a house. It was a home. It was comfortable. And where there is comfort there is health and happiness.

Many houses are not homes because there isn't a Fanny to show the difference between a heat that heats a few spots and a heat that heats all the spots.
You know some people are sickly without realizing that poor teeth may be to blame. And others are sickly without realizing that maybe poor heat is to blame.

SCHOOL NOTES.

In order that you may better understand what your boys and girls are doing in school this year, we have secured permission to use some space in Sherrod Bros. Store News to tell you about school happenings. We hope to chat with you for a while each month.

Our total enrollment this year is 319, with an average attendance of about 240 at present. The regular work is moving forward in an admirable way; so much so that we feel the work being done here will compare favorably with the work done in many of the larger and better known city schools. The boys and girls have begun in earnest the last lap of the year's work and are promising fair to finish in grand style. Everyone has caught the winning spirit and apply it to the regular work just as to extra school activities. Come, share their enthusiasm and help to harvest the rich yield of a year well spent.

During this school year swings and see-saws have been added to the school ground equipment, providing untold pleasure for the smaller children and impressing them with the idea that the school is, after all, a very pleasant place for little boys and girls. Athletic equipment for the older boys and girls has been secured, giving them a chance to compete with, and many time defeat, the other schools of the county in various contests. Of course all of this is due to the splendid co-operation of the patrons, and especially the business men of the town in meeting the expenses.

Important additions to the library have been made during this year. Three sets of "The World Book," an encyclopedia of inestimable value to students as reference work, eighty-one English Classics, several collateral readings in history, and two hundred volumes of the Instructor's Library Series for the elementary grades—all these additions have been made and the pupils seem to take unusual pride in using them to an advantage. The school now has a library of about 315 volumes, costing approximately \$275.00 and is planning another addition to be purchased with the money we hope to make in the school play to be given Friday night, April 6th. Come along and let's pull together for a better school at Idalou.—Sherrod Brothers Store News, Idalou.

Kill Hen House Bugs and keep them away by painting with Taroline, a lasting tar oil that penetrates cracks and crevices. For insects on poultry feed "Martin's Insecticide." Money back guarantee by Slaton Drug Co.

CONDITION OF THE BANK REFLECTS PROSPERITY OF THE COMMUNITY

Idalou bank shows to be in a prosperous condition, which speaks well for Idalou trade territory.

The First State Bank of Idalou was organized about two years ago with a capital stock of \$15,000. They recently increased their capital to \$25,000, paid a 20 per cent dividend and show a net profit today of over \$3,000.00. Their last statement as reported to the Department of Insurance and Banking showed over \$180,000 individual deposits, with over \$100,000 cash on hand and sight exchange. They are now in their new brick building which was completed a few months ago, and is one of the nicest, most complete bank buildings in Lubbock County. This being a Guaranty Fund Bank, and having recently joined the Federal Reserve System, insures perfect protection in every respect to their many customers.

With their ample resources, and efficient management, the farmers can feel assured that their legitimate demands for farming purposes will be cared for.

All officers, directors and stockholders of this bank are home people, all their interest is in and near Idalou; they are among our most successful farmers and business men, and are willing and ready to assist at any time in any undertaking that is for the upbuilding of Idalou and Idalou community.

The officers and directors are: W. B. Shelton, president; J. W. Turner, vice president; J. L. Brabham, cashier; T. B. Walker, assistant cashier; B. F. Huton, E. T. Daniell, E. N. Harrison.—Sherrod Bros. Store News, Idalou.

MORE ABOUT TAXES

Then, there is another thing, while we are on the subject of taxes and schools. That is the matter of delinquent taxes. While there are many delinquents in the county who have not paid the State and County tax and a number who have not paid the city tax in Floydada, the people who are doing the most damage, we think, to the community are those, who, for one reason or another, refuse to pay delinquent school taxes. They hurt the community most because they hurt the school children. We had as well look the situation squarely in the face and admit that the "morale" of the community, so far as school matters go, is getting at a low ebb. And we think delinquent taxes furnishes about half the trouble.—Floyd County Hesperian.

A. M. Watson has been quite sick this week. Many friends hope to see him able to be out again soon.

ATTENTION, TAX PAYERS.

In accordance with a ruling of the Lubbock County Commissioners court it was decided to waive the 10 per cent penalty on the special road tax voted in Slaton district, for the year 1922, many of whom did not pay their tax. The penalty will be returned to those who have paid, and an extension of time until April 15th given those who have not paid this tax.

LOSER IN GAME OF STRIP POKER, GIRL ENDS LIFE

Palm Beach, Fla., April 1.—Reverly in a hotel here culminating in a game of "strip poker," according to the police today, ended in death for a girl known as Esther Hanson, and whose home is said to be in New York.

The woman committed suicide, her friends say, by shooting when she went to a room adjoining the one where the game was in progress, to divest herself of her last garment. She had previously "lost" all her other garments.

She was found following a shot, clad in a suit of pajamas, lying on the floor with a bullet through her head.

Timely Cultivation

Cultivating at the correct time with an Oliver No. 1 Southern Cultivator insures greater yields.

The Oliver No. 1 Southern Cultivator has been developed to perform the best possible job of cultivating all southern crops. It has a standard frame which permits the farmer to use either 4 shovel pipe beam, 4 or 6 shovel flat beam, or disc gang and either hammock or straddle seat. With this advantage the farmer can use the type of gang that is best adapted for his particular conditions.

The Oliver seat guide, parallel gangs, high clearance, and lever or foot lift are other features which add to the superiority of the Oliver No. 1 Southern Cultivator.

Beautiful New Home For Sale.

Let us tell you about this beautiful little home. It was constructed for the small family, and is 22 feet wide and 40 feet long over all. You know that there are lots of mere houses. They are poorly planned and hurriedly thrown together, and possess no individuality, distinctiveness or beauty. Then you know there are real homes, homes first in planners' mind, and then constructed to that end. This is a genuine home. Every stick of material in it is high class, and the workmanship the very best. The doors, the windows, the paints, the varnishes, canvas and paper are as good as you will find in \$5,000 homes. It is planned by an experienced home builder who has studied the business, and every inch of space is serviceable, and all proportions are admirably maintained. It is solid, substantial, artistic and beautiful. It is in the 4th block southeast of the square, and with an east front. We can sell it for \$2250.00, and we believe it is worth the money. See us if interested.

If, when you trade in your car, you learn that you can get only three or four hundred dollars for it because there is no second-hand market for that make of car, then

you must add this extra depreciation to arrive at the real cost of the car.

The trade-in price of Studebaker cars shows a very small depreciation, in many sections the smallest of all makes of motor cars. And there is always a ready market for used cars of Studebaker manufacture.

116,080 FORDS FOR FEBRUARY.

Shortest Month Brings New Sales Record. Acute Situation Certain as 6,000 Cars a Day Production Fails to Meet Demand.

According to H. G. Stokes, manager of the Slaton Motor Company, local Ford dealer, 116,080 Ford cars were sold at retail in February, a new record for the shortest month in the year having been established. February sales exceeded those of January by more than 15,000 and marked the eleventh month in which Ford sales have topped the 100,000 line.

This sales record bears out predictions made at the opening of the year that an acute shortage in Ford cars is certain and this shortage is expected to be felt within the next two months with the increased volume of car buying, which is always attendant upon the spring months.

Even the high production schedule set at the Ford Motor Company's factory, which will reach 6,000 cars a day about April 1, will be unable to meet the apparent demand for Ford products.

February sales of 116,080 cars were made in the face of unfavorable weather conditions in many sections of the country, which tied up freight traffic and prevented many deliveries. This was particularly true throughout the Northwest, the northern tier of states and in New England. In California, too cold weather during a part of the month had its effect upon car sales.

Yet with even these unfavorable conditions, the February sales topped those of January by 15 per cent and set a new high record for mid-winter selling.

With February, the eleventh month in which Ford car sales have gone over the 100,000, the total for this period is close to 1,250,000 cars.

Peak car sales usually are reached during the summer months which drops in the fall and winter. This feature of automobile absorption by the buying public has been completely changed during the last few months through the activities of the Ford dealer organization which has raised the peak line to include every month of the year.

Your attention is directed to the advertising of Mr. Stokes, which appears in every issue of the Slatonite.

BAPTISTS COLLECT \$38,918,000 CASH

Growth of Denominational Activities in Every Direction is Indicated as Result of Forward Program

LARGE ADVANCES ARE MADE

REPORT ON CONTRIBUTIONS TO 75 MILLION CAMPAIGN ISSUED BY HEADQUARTERS OFFICE

Up to January 1, 1923, Southern Baptists had paid in cash on the 75 Million Campaign, their five-year program for the advancement of the general missionary, educational and benevolent activities of the denomination the sum of \$38,918,191.10, according to a report issued by the general headquarters office.

These contributions have come from the various states and other sources as follows: Alabama, \$1,653,739.40; Arkansas, \$1,165,153.35; District of Columbia, \$143,564.70; Florida, \$609,016.02; Georgia, \$3,669,516.70; Illinois, \$320,482.95; Kentucky, \$4,122,039.78; Louisiana, \$1,035,640.23; Maryland, \$489,494.29; Mississippi, \$1,591,011.34; Missouri, \$1,537,067.49; New Mexico, \$170,998.35; North Carolina, \$3,365,330.21; Oklahoma, \$1,052,438.20; South Carolina, \$3,309,252.60; Tennessee, \$2,340,766.77; Texas, \$5,002,785.32; Virginia, \$4,102,802.12. Special designated funds, Texas, \$1,223,640.55; New Mexico, \$403,072.68; Louisiana, \$105,100; Illinois, \$148,591.11; Tennessee, \$192,853.25; Oklahoma, \$59,000; received direct by Home Mission Board, \$15,340; received from special sources by Foreign Mission Board, \$86,103; contributed by native churches on foreign field and expended by them directly on their work there, \$1,003,866.68.

Indicating something of the progress which the impetus of the Campaign has brought to various phases of denominational effort in the South, it is reported that during the three years of the Campaign period that have expired, Southern Baptists have had 150,000 more baptisms than they did for the three years immediately preceding the Campaign; organized 3,000 more new Sunday schools with 400,000 new pupils; enhanced the value of their local church property by \$33,000,000; increased their contributions to local causes by \$22,000,000; gave \$18,938,862 more to missions and benevolences, and advanced their contributions to all causes by \$43,480,490 during the three years of the Campaign over what they gave to all causes for the three years immediately preceding the Campaign.

Gains in Special Fields.
The Campaign has enabled the various state mission boards to greatly enlarge their programs of state and associational missions within their respective boundaries, it is pointed out; made it possible for the Home Mission Board to complete its \$1,000,000 Church Building Loan Fund, extend its work among the foreigners, Indians and Negroes, administer 134,382 baptisms, secure 218,371 additions to the local churches, provide larger equipment for its system of 38 mountain mission schools, establish the Southern Baptist Tuberculosis Sanatorium, and greatly increase its work in other directions.

Some other gains in the homeland include the better equipment and maintenance of the more than 56 academies, colleges and seminaries other than the mountain schools; increasing the number of Baptist hospitals from 18 to 20, and providing better equipment and maintenance for all of them; increasing the number of Baptist hospitals from 12 to 20 and beginning the erection of three others, at the same time all the older ones have been better equipped; while the number of aged ministers helped has been doubled and the stipend given each has been greatly increased.

Mission Work Extended.
In the realm of foreign missions the Foreign Mission Board has been enabled to send out about 250 new missionaries, employ over 500 additional native workers, greatly increase the equipment in the way of church buildings, chapels, schools, hospitals, publishing houses and mission residences in the older fields of China, Japan, Africa, Italy, Brazil, Argentina, Paraguay, Uruguay, Chile and Mexico, and open up new work in Spain, Jugoslavia, Hungary, Roumania, Russia, Palestine and Siberia. In the territory now occupied by the Foreign Mission Board there is a total population of 900,000,000, or more than half the people of the world.

Due to the enlargement of the missionary program in Europe the board has been compelled to station a general representative there in the person of Dr. Everett Gill, who has general oversight of the work on the continent and maintains his headquarters at Lausanne, Switzerland.
