School Chief, Principals Get New Contracts, Pay Raises

Slaton School Board gave a vote of confidence to Supt. Lee Vardy and three principals in the form of extended contracts and increased salaries during a regular trustee meeting Monday night at the school tax office.

In other action, the board approved purchase of about \$7,900 in new band equipment, gave tentative approval for the Evans School building to be used in a day nursery project, accepted the resignation of one teacher and the appointment of a new one, and approved bills, Dr. Vardy, veteran school

administrator, was rewarded with one-year contract extension -- dating it to 1971, and \$1,200 per year raise effective in September. The pay raise will place the superintendent's total salary at about \$16,000.

Before signing on the superintendent's contract, the board had earlier approved Vardy's recommendations on new contracts and pay raises for the system's three "full-time" principals -- M. W. Kerr at high school, James Perkins at junior high, and T. C. Martin at Westard Elementary.

Their contracts were extended through 1971 (from 1970) and pay increase of \$600 per year were voted. These will also be effective with the start of the new school year in September. Total pay of the principals will be raised to about \$10,200.

Trustees discussed salaries for some time, indicating that

classroom teachers' salaries may be given further consideration before the start of a new school year. The board had recently voted pay increases for athletic coaches in the school system.

SALES TAX DISCUSSED City Okays Audit

Slaton City Commission, in regular session Monday night, approved the annual audit report, discussed the possibility of calling a city sales tax election, reappointed two men to the electrical board, approved bills and handled routine business.

After approving the audit, commissioners also voted to have a cash audit twice a year as a check on daily cash records. The action was recommended by auditors. The audit was prepared by Bolinger, Segars & Co. of Lubbock.

Mayor Jonas Cain introduced the topic of a city sales tax at the meeting, pointing out that the city would have to secure additional revenues from some source. He mentioned three possibilities -- city sales tax, increase in property taxes, or a big increase in water rates.

On the latter subject -- water rates, it has been generally accepted for some time that an increase in water rates would be necessary with the arrival of Canadian River water. The commission has apparently hoped to find additional revenues from some other source, however, in order to keep the water rate increase as low as possible.

In the audit report, it was pointed out that the city has contingent liabilities and commitments not appearing on the balance sheet. These included the construction repayment obligation with the Canadian River

PROUD PARENTS — Mr. and Mrs. Ronald C. Schilling are all smiles as they posed with their new baby, Rhonda Joleen, who was proclaimed "Slaton's First Baby For '68". They received congratulations and gifts from several Slaton merchants. (Slatonite Photo)

First Slaton Baby Of '68 Arrives

Miss Rhonda Joleen Schilling weighed in at a hefty 8 pounds 5 ounces at Mercy Hospital Friday, Jan. 5, to be proclaimed Slaton's first "baby of the year".

Her proud parents are Mr. and Mrs. Ronald C. Schilling of Route 1, Slaton. They farm and live three miles southwest of Slaton. Schilling is a lifelong resident of Slaton.

Mrs. Schilling said she had been going to Dr. S. H. Jaynes, but since he was out of town, Dr. Glen Payne received the honor of applying the first pat on the bottom.

The baby was named after her aunt, Sister Mary Joleen, who is at Mercy Hospital in Brownsville. She'll be home later this month to see and hold her namesake.

The youngster, grand-daughter of Mr. and Mrs. Herman Schilling, 920 S. 19th St. and Mr. and Mrs. Louie Schacher

of Nazareth, measured 18 1/2 inches in length, and is a blue-eyed blonde.

The couple has two other children, Kent, 5, and Michele, almost 4.

Mrs. Schilling was in the hospital before Christmas on a false alarm, Schilling said since they didn't get a "1967 deduction" it sure is nice to start the year with Slaton's first baby of the year.

Rhonda Joleen will receive several gifts from Slaton merchants along with a photo of

her with her parents from The Slatonite. Included in the gifts are a Playtex baby nurser's set from Eblen's Pharmacy; ring and ring guard and infant feeding spoon from Champion Jewelry; \$5 worth of baby food from Piggly Wiggly; two dozen diapers from Anthony's; \$10 savings account from Citizens State Bank; a case of milk from Slaton Pharmacy; \$5 savings account from Slaton Savings and Loan, and a case of milk from United Super Market.

Chamber Banquet Tickets on Sale

Tickets for the annual Slaton Chamber of Commerce banquet went on sale this week with two teams of Chamber directors vying for honors in the ticket sales.

With limited banquet space and another top-notch speaker booked for the annual event, ticket sales should be no problem -- and C of C members are urged to get their tickets early. The affair is scheduled Thursday, Jan. 25, in the junior high cafeteria, and tickets are priced at \$3.50 each.

Bob Murphey of Nacogdoches, a lawyer by profession, is the featured speaker. He is in great demand as an after-dinner speaker, and his East Texas philosophy, clean humor, and witty observations have been

enjoyed by hundreds of audiences.

Murphey has been quoted as saying that he speaks perfect East Texas, and fair English. As sergeant-at-arms of the Texas House of Representatives, a war time Merchant Marine officer, county politician, ranch hand, county attorney, fire captain and district attorney, he has observed the Texas scene.

As Bob states it, "There ain't much to see living in a small town, but what your hear makes up for it!"

The banquet will see the installation of new Chamber officers and directors, recognition of Slaton's "Citizen of the

NEW LOCATION — After serving as librarian for 31 and one half years in the same location at the Slaton Library in the park, Mrs. J. F. Merrell is trying to get accustomed to her new quarters downtown at the corner of Garza and 9th Streets. The library opened at the new address Monday. (Slatonite Photo)

AFTER 31 YEARS IN CLUBHOUSE Library Moves Downtown

Slaton now has a new "home" for its library. The need for larger facilities has been known for a long time, but finally something has been done about it.

The library in Slaton had been located in the clubhouse at the park since 1936 with Mrs. J. F. Merrell serving as the librarian all these years. Due to lack of space, Mrs. Merrell was forced to stack books two deep and anywhere else she could find a space. But now, with larger facilities downtown on the corner of Garza and 9th Streets, there is plenty of room to display books and for people to browse. Some members of "The Friend of the Library" packed and moved the books Saturday.

Building on to the east end of the clubhouse was considered according to national statistics, a library located down-

town where there is more foot traffic is used more than one such as where ours has been in the past. Some residents have the opinion that "time will tell."

New hours for the library to be open are 2 to 5 p.m. on weekdays and 1 to 5 p.m. on Saturdays. Plans for a deposit box are under consideration.

The Slaton library has already received over 900 books from the county courthouse collection in Lubbock and the main city library at 19th St. and Ave. T. New books are coming in all the time with 300 new books on order for the Slaton library.

Many of the books that had been in the library were taken to Lubbock, as many as possible being mended and others discarded. According to some library personnel from Lubbock who worked here this week,

there are about 5,000 books in the library.

Furniture and shelving were transferred from the library located in the old Lubbock county courthouse Friday. The furniture and shelving from the library in the park was transferred Monday. Greeley Sanders, president of the Friends of the Library, said "we were certainly fortunate to get the furniture and shelving from Lubbock and maybe interested citizens would assist in painting the furniture."

All residents of Slaton are eligible for a library card, and they may charge out books at Slaton, at the main library in Lubbock, or at any of the other city-county branches and from the bookmobile.

The bookmobile will probably

County Shop Is Completed Here

Lubbock County Commissioners Monday appointed Dr. Lee Vardy, Slaton School superintendent, to a three-year term on the Community Action Board from Precinct 2. Term begins Feb. 1.

The commissioner's court also accepted the new maintenance shop recently constructed at Slaton. Payment was approved to Pirtle Construction on the shop here and one similar in Precinct 1.

Commissioner Max Arrants announced that an informal open house is being planned in Slaton for anyone interested in visiting the new shop. It is located on the old Lubbock highway, on a triangle plot of land where a drive-in theater was formerly situated.

County Judge Rod Shaw, the county commissioners, and county auditor Royal Ferguson inspected the shop here last week.

In other business Monday, the court approved slight pay increases for three county-paid employees in the Child Welfare Department. Smith Ford of Slaton won a low bid on a dump truck for Precinct 4.

Clark Agency Moves

Clark Insurance Agency this week announced a change in location of its offices to 115 S. 9th St., next door to the Red Arrow Cafe.

The agency will share offices with Slaton Optometric Office. Clark's phone number will remain the same, VA8-4687.

It's a woman's WHIRL
BY LAVON NIEMAN

Have you ever stopped to wonder what you do that your children think is important? Of course, children take parents a lot for granted and maybe very seldom tell us how much they appreciate the things we do.

Just recently Mr. and Mrs. R. D. Hickman received a letter from one of their daughters, Mrs. Nina Ray Nesbit of Snyder, telling them in some very chosen words how much she loves them and appreciates all the many things they have done for her.

While talking with Mrs. Bob Hopper this week, she said as she sat around the table with her children that this would be her last year as chairman of the March of Dimes drive (this is her fourth year to serve in that capacity).

I had never given it much thought how it would feel to be wealthy but in a recent issue of Post magazine there were several questionnaires pertaining to being rich and what you would do for money, etc.

I was asking our boys and Speedy the questions, letting the boys answer first, when I came to the question, "Had you rather be rich or the way you are?"

If you don't think your children want you to attend church, why don't you ask them sometime? They most likely had rather be taken than sent.

It's something to think about, isn't it? And speaking as an older daughter...let's not wait til it's too late to tell our parents we love and appreciate them.

Smoking Damage Starts Soon

"Cigarette smoking," says the legally required warning on the package, "may be hazardous to your health."

Less well known are the answers to, "When? What kind of damage?"

According to a common impression, the health damage caused by cigarettes takes many years to develop.

It's an attitude that can be tragically wrong, according to new medical evidence recently brought to light.

The facts were presented in The American Review of Respiratory Disease, monthly publication of the American Thoracic Society, medical arm of the National Tuberculosis Association.

This is pretty potent evidence for young people who think they can smoke with impunity.

Senior Citizens Donate To MOD

Members of the Senior Citizens Club bear Rev. Clinton Eastman, pastor of Westview Baptist Church, at their first meeting of the new year last Friday.

Eastman brought a message taken from the 23rd Psalms and several verses from the 10th Chapter of John.

The club's president, Mrs. Fannie Patterson, conducted the business meeting. A letter was read in behalf of the March of Dimes. A collection was made and \$12 was donated to the drive.

The opening prayer was given by Chaplain F. B. Sexton, Mrs. Alvin White led the singing accompanied by Mrs. Anna Bell Tucker on the piano.

Thirty-six attended the meeting. The club meets each Friday and guests are always welcome.

Our Mistake!

The Slatonite would like to make two corrections in the wedding story of Miss Lynda Hammons and Gerald Joe Hargrave which was printed in last week's Slatonite.

Stephen Adams was ring bearer in the wedding. The story said the bridegroom is a graduate of Electra High School but Hargrave is a graduate of Slaton High School.

The Slatonite extends apologies for these errors.

How Did You Rest Last Night?
If you are crowded on a lumpy, sagging mattress, you did not rest well, but we can take care of that pretty fast with a new Queen or King-Size bed.
You will be surprised at the extra room a Queen size mattress will give and, best of all, you can use it with your present bed. We keep one set up to show you how simply and inexpensively you can rest better.
If you have room for a King-Size, then prepare for a new sleeping experience. Come in and let us show you a complete ensemble set up as it should be. As an added bonus, we furnish the linens, spread and pillows at no additional charge when you buy your King Size ensemble from us. Come in today... and rest better tonight.

In case you haven't heard, Slaton is facing the possibility of losing its Santa Fe passenger service. And Slaton is only one of many cities confronted with that situation.

A hearing is scheduled Jan. 25, at 9 a.m., at the Pioneer Hotel in Lubbock, at which time AT&SF Railway will present for consideration an application to discontinue passenger trains No. 66-75 and 76-65--meaning no passenger service through Slaton.

For years, people have ignored the passenger train. But now, according to editorial opinion expressed by editors all over the country, people are showing renewed interest at a time when they are about to hear the diminishing echo of the passenger trains. There are indications that people are becoming aware of the train's potential toward providing relief of crowded highways.

If we want to retain our passenger train through Slaton... if railroad transportation here and elsewhere is important to us, a good turnout is needed at the Lubbock hearing Jan. 25.

This year The National Foundation-March of Dimes looks back on 30 years of accomplishment in the health field and looks ahead to further accomplishment.

Founded by President Franklin D. Roosevelt in 1938 to fight polio, the voluntary health organization succeeded beyond all expectations when in 1955 it presented the world with polio vaccine.

The March of Dimes record of achievement has been unequalled by any other health organization. Its pioneering work in basic and clinical research has affected the entire course of medicine.

Especially in virology, the Foundation sponsored studies which actually laid the groundwork for many developments of what is now known as "the biological revolution." This included work on the structure of DNA, the substance that controls the natural heritage of all living things.

In 1958 the March of Dimes expanded its program beyond polio to attack birth defects.

The great majority of birth defects can be treated and completely corrected, if they are detected early and given the best care known to modern medicine.

Medical care of this high caliber is available at nearly 100 March of Dimes-supported Birth Defects Centers at leading medical institutions throughout the nation. Through research, medical care and education it is hoped that birth defects can be substantially reduced, thus raising the health standards of future generations.

GOOD CITIZENS BUILD BETTER COMMUNITIES

Citizenship involves more than casting a ballot, attending a civic club meeting, and obeying the law.

Citizenship means whole-hearted, day-to-day support of both government and the civic and philanthropic agencies which work for community improvement.

Slaton HD Club benefits your community and—directly or indirectly—benefits you and yours. And your help is appreciated, needed and deserved.

Be Charter Member, Join In January 'Friends' Drive Continues

A drive for "Friends of the Library" continues in Slaton and anyone or organization joining by Feb. 1 may be a charter member. A partial list of those who have joined The Friends is listed below and others will be printed in a later issue.

A one year's membership may be bought by an individual for \$1 or more; family, \$5 or more; contributing, \$10 or more; sustaining, \$25 or more; church, club or organization, \$25 or more; and life, \$100 or more.

Mrs. J. F. Merrell would like to make it crystal clear, however, that there still is no charge or fee for using the Slaton library just as it has been in the past.

She said some citizens are confused in thinking that they now have to pay at least \$1 a year in order to use the library. The Friends of the Library is an organization which has recently been organized to support and cooperate with the library in developing library services and facilities for the community along with other goals.

Even though the city and county have supplied the essentials for a library, there are still many things to be done and purchased to better our library facilities. Many of these things can be done by using the dues paid to The Friends.

Following is a letter (in part) that was received by Greeley Sanders, president of the Friends of the Library, from Mrs. Josephine Westfeld. She is the former Josephine Adams, daughter of the late Dr. and Mrs. S. H. Adams, who made their home in Slaton for many years.

"I have followed with interest the pieces in the Slaton paper concerning the new library. I was so glad they were going to have it and I am enclosing a check in the amount of \$25. Please use it any way you see fit.

Since I am so far away, I can't really be a member but I just wanted to have a small part in this."

CITY--- (Continued From Page 1) Municipal Water Authority, and a contract with the City of Lubbock to pay a pro rata share of the water treatment plant at Lubbock.

Cain said the first payment to the CRMWA would be due Sept. 1, 1969, in the amount of \$42,690. The repayment in on a 50-year schedule with the exact amount still to be determined. Original estimate of the city's cost was \$4 million, but a savings in construction has revised the cost to something over \$3 million.

Reappointed to the city's electrical board were Doc Reasoner and T. L. Elder.

Commissioners again discussed a street sweeper problem -- the present sweeper needing to be replaced or repaired. It was agreed to try a lease arrangement one time, at \$12.50 an hour, to determine the costs involved. The group passed over the discussion of purchasing a sewer-line machine.

Present for the first regular meeting of the month were Mayor Cain and commissioners Hugo Mosser and Henry Bollinger. Also attending were several department heads.

start coming to Slaton sometime next month. At present it is in Tulsa, Okla., and the weather conditions have been too hazardous to drive it to Lubbock. Plans are to have the bookmobile on display Jan. 30 at the Garden and Arts Center, 4215 University Ave., Lubbock from 7 to 8 p.m.

Mrs. Merrell was asked if many more citizens are using the library today than they did many years ago and she said she didn't think so. She said, "The library is a wonderful thing for children and I don't know what they would have done without it in the past". But she went on to say adults seem too busy nowadays to read. She says they are probably spending more of their spare time watching television.

The Civic and Culture Club formed the first library in Slaton at the City Hall. Books were donated. The clubhouse was built in 1925 and then in 1936, the library was moved to the clubhouse.

There is normally no limit on the number of books which may be checked out. Each book must be returned to the library in three weeks, with an option to renew for another three weeks. Just like in the past, there still is no charge for using books from the library. There has been a misunderstanding by some residents that they must pay membership dues to "The Friends of the Library" in order to use the library, but Mrs. Merrell wants it known that there certainly is no charge.

Visit the library regularly, use the library, read all the books you want. The library is YOURS

SCHOOL---

(Continued From Page 1) Alliance, appeared before the board to request the school's consideration of allowing the Evans school building to be used for a day nursery if federal funds were available for such a project.

The Alliance indicated its willingness to act as a sponsoring agent for the day nursery, and reported the school building appeared to be the only place which would meet government requirements as to space and other factors. Rev. Richardson noted that news articles had indicated Evans might not be utilized for classrooms next school term.

The nursery would be available to low-income families, primarily those with working mothers, through a government anti-poverty program. It was estimated that the nursery would draw 60 to 100 pre-school children on a year-round program.

Dr. Vardy pointed out that the school planned to continue the Operation Headstart program at Evans, but said there would be space for both programs and they would be compatible. He asked that tentative approval be given in case there were any changes made in school zoning requirements.

Trustees agreed the program would be beneficial for the community, and that the school building would be well utilized if it was not needed for classrooms.

Vardy reported that band director Bill Townsend had requested approval for purchase of new band equipment in order to have two band halls in oper-

ation. A new band hall is being completed at high school.

The superintendent asked and received the board's okay on spending some \$7,900 left in the building fund tabbed for the new band hall.

Dr. Vardy reported the school had \$115,000 of unsold bonds from a capital improvements issue of \$500,000 voted in early 1966. The remaining proposed item is for an elementary school building in southwest Slaton, a facility which was tabbed for the "future".

Besides the new band hall at high school, the improvements have included new football stadium facilities, a new gymnasium, and a cafeteria at West Ward.

The board accepted the resignation of Mrs. Pat Hughes at West Ward, and appointed Theresa Simpson as her replacement. Mrs. Hughes' resignation is effective at mid-

Three Tigers Named On All-South Plains Team

Slaton Tiger gridders additional plaudits last being named to the Plains Class AA foot-

ball team on the offensive team back Richard Washburn while two Slaton seniors Dale Harris and Stricklin -- were named to the defensive unit. City, 4-AA champ, selections with six on the 22-man team. 4-AA had 12 players on the 22, with Morton two spots and Midland one. The team was picked by area coaches and the Journal sports staff, leading AA

scorer in the area, was one of eight juniors named to the team. The Slaton back was overlooked for offensive honors on the all-district team, but was named on the defensive unit. Slaton, Abernathy and Olton each landed three berths on the mythical team, while Olton Coach Don Beck got "coach of the year" recognition for leading his Mustangs to an undefeated season. Denver City eliminated Olton, 26-0, in district.

Two gridders made both teams. Dwayne Young of Denver City and Joe Moet of Friona were linemen both ways. The offensive backfield included Washington, Gary Hatfield of Denver City, Benny Akin of Olton, and Burl Fuller of Abernathy.

The offensive line: Willie Nathan of Midland Carver and

Clark Riley of Abernathy, ends; Gary Lovelace of Abernathy and Lloyd Bingham of D. City, tackles; Joe Moet of Friona and Young of D. City, guards; Allen Arnold of D. City, center. The defensive team: linemen Dave Emier of D. City, Moet of Friona, Eddie Hooper of Olton, Strickland and Harris of Slaton; linebackers Bill Smart of Morton, Tony Perea of Friona and Young of D. City; backs Donny Harvey of Morton, Charles McCain of Olton, and John Hayes of Dimmitt.

Jr. High To Play Frenship Here Monday

Slaton Junior High teams traveled to Post last Thursday night. Three of the Slaton teams came home with wins, while the 7th-grade boys lost by only three points.

The undefeated 8th-grade girls posted a 36-7 victory over Post with the three starting forwards all scoring in double digits. Dru Ann Beard was high point scorer with 12 points; Cynthia Akin scored 11 points, and Gorla Gass scored 10. The 8th-grade girls have only lost one game during their two seasons of playing.

The 8th-grade boys defeated Post by a score of 24-15, Randy Davis and Darrell Eastman tied for high point honors with seven points each. Jim Melton and Bob Crow each scored four points, and Tony Martin scored two.

Cindy Kenney was high point scorer with eight points when the 7th-grade girls defeated

Final score with Evans out front was 40-39.

Last Thursday night at Wilson, both St. Joseph's teams came out victors with the girls winning 28-19, and the boys 26-21. High point scorer for St. Joseph's girls was Karla Kitten, racking up 11 points, and Karla Moore was top scorer for Wilson. Lloyd Kitten scored 10 points to lead St. Joseph's, and Aurora Vega was high point scorer for Wilson.

Monday night, Wilson hosted Southland with both boys and girls junior high teams winning. The "B" team lost to South-

GIRLS WIN AT TULIA Tigers Top Morton

Slaton's Tigers rallied in the second half behind the 31-point scoring performance of Richard Washington and the play-making of Jimmy Williams to down Morton's Indians, 65-57, in a District 4-AA contest.

The triumph gave Slaton a 2-0 mark in loop action. The Tigers travel to Stanton Friday night to take on the strong Buffs. The Tigerettes also play their first district contest at Stanton.

Slaton's girls played at Tulia Tuesday night, with the varsity scoring a 68-55 win over the Class AAA team, Marilyn Davis ripped the cords for 39 points in leading the Tigerette triumph. Tulia won the B game by 59-49, and also scored a close 27-25 win in the freshman game.

The Tigers ran their won-lost record to 17-3 for the season with the triumph over Morton here Tuesday night. Slaton fell behind by eight and 10 points before halftime, but rallied in the third period. Dick Vanlandingham led Morton with 22 points.

In other 4-AA games Tuesday, Midland Carver rolled over Frenship, 102-50, and Post edged by Denver City, 58-54. Three games are scheduled here next Tuesday night beginning at 5 p.m. The Tigerettes take on O'Donnell in a non-district game, then the Tigers host the strong Midland Carver A and B teams in 4-AA action.

TAX MAN SAM SEZ: Slaton 4-H Club Meets

Employers are required to issue W-2 forms for each of their employees during 1967 before January 31. Getting a correct W-2 from your employer is important for each taxpayer.

Internal Revenue has these tips for you: 1) Be sure to get a correct form W-2, that shows the correct wages and tax that you have paid; 2) If you have changed jobs and/or moved, make sure that your former employer knows where to mail your Form W-2; and 3) Be sure to get all your Forms W-2 before you prepare your tax return.

To smart gals, men are a solution, not a problem.

Members of the Slaton 4-H Club met in regular session Tuesday with Marsha Bednarz presiding.

The group discussed future meetings and fund-raising projects. Recreation was led by Juanita Schweitzer and Miss Bednarz.

Sixteen members attended.

SWPS Makes Plans For Power Plant Additions

Power plant additions which will increase the company's electric generating capability by 225,000 kilowatts make up the major investments in a \$17,818,000 construction program for 1968 were announced today by Roy Tolk, president of Southwestern Public Service Company.

"We have invested more than \$200-million in new equipment in the last ten years for just one purpose, meeting the needs of our customers. Our 1968 program is another step in a continuing effort to assure our 45,000 square mile service area of the electric power necessary for it to reach its full growth potential," Tolk said in announcing the electric company's 1968 plans.

The company's generating capability will go to 1,717,000 kilowatts, twice what it was ten years ago, with the completion of a 210,000 kilowatt addition to Nichols Station, northeast of Amarillo, and the installation of a 15,200 kilowatt gas turbine in the Guymon, Oklahoma area.

The Guymon installation will be used principally for peaking purposes during periods of high usage, but will also provide area protection, complementing transmission line power sources in the Oklahoma Panhandle. The plant will be operated by remote control from Guymon and can be brought up to full production in a matter of minutes.

In view of the concern about reliability of service which is prevalent in some areas of the nation and in political circles in Washington, Tolk pointed out that Southwestern Public Service Company will have adequate reserve capabilities in 1968.

Water and electricity will be-

gin combining forces for efficiency and economy in 1968 with the beginning of the utilization of the Sanford Dam Project by the 11 member cities of the Canadian River Municipal Water Authority. The major pumping on this system will be done electrically on a controlled peak system supervised at the Southwestern Public Service Company's dispatching center in Amarillo, with the most efficient generating units being utilized, thus keeping production costs as low as possible.

Other improvements planned in the 1968 program will strengthen the electric company's 4200 mile transmission system which interconnects 10 major power plants and provide for additions to distribution facilities in communities throughout the service area.

"1967 was a year of decision on the High Plains and this is the basis of our optimism for 1968 and other years to come. The thoughtful consideration

and financial support which has been given this year to plans and programs to bring imported water to this area typifies the initiative of the people of this region. This 'It can be done' spirit benefits the world and the nation - as well as this region, for no other area is better suited to agricultural development. With supplemental water, this territory will play a major role in feeding the world, and the diversified development of agriculture and industry will make it one of the most productive areas of the nation," Tolk concluded.

Mr. and Mrs. A. D. Nieman of Tres Ritos, N.M. visited his mother, Mrs. Katie Nieman, at Slaton Rest Home, and their son and family, the Speedy Niemans, last week. They have gone to Port Aransas now to visit their aunt and uncle who operate Nieman and Vaughn Courts at Port Aransas.

No 'Rush' By Elderly People For Medicare

This time last year social security offices across the nation were carefully watching hospital admissions as 20 million people became eligible for Medicare. Contrary to predictions, there was no "rush" of elderly people seeking admission to hospitals. For the most part admissions and discharges went on as usual.

However, some changes were felt by hospital personnel in their business offices. John C. Hutton, district manager of the Lubbock social security office, reports that new types of forms required, checking Medicare cards, etc., involved more of hospital personnel's time than had been customary.

Paper work accumulated and some claims were not submitted for several months. As hospitals, doctors, and beneficiaries developed an understanding of Medicare's procedures and became familiar with forms, a rush did develop.

The number of claims reached its peak in January 1967 but has rapidly diminished since that time.

Over 12 million doctor and hospital bills were processed to completion during the first year of Medicare. True, there were some delays -- there still are some -- but by and large the greater number of Medicare claims are processed quickly. Less than one-fourth of the claims being processed at the present time are more than one month old.

LOTS OF FLU

Mrs. Ned Myers is at home now after spending five days in the hospital with the flu.

There are a lot of cases of the flu around Southland. Mrs. Hulise, the first grade teacher is sick and Mrs. Valton Wheeler is substituting for her. Mrs. F. W. Callaway is sick and Mrs. Elmer Belk worked in the lunchroom in her place Monday.

Mrs. Nellie Mathis has been sick with the flu for several days. Mr. and Mrs. Delroy Odum and both children were sick for several days with the flu. Mr. and Mrs. Dee Hodge from Levelland spent Saturday night and Sunday with Mrs. Mathis.

Mrs. Robert Mason, mother of Mrs. Billy Lester, was recently confined in Mercy Hospital with pneumonia, but she is at home now and doing very well.

INSPECT SHOP---Lubbock County officials, Slaton Chamber officers, and the contractor and architect were looking over the new county maintenance shop completed in Slaton last week. The county accepted the building in a meeting Monday, and Commissioner Max Arrants plans an informal "open house" in the near future. (SLATONITE PHOTO)

Texas Handbook Available On Request

New information on recreational and historical attractions, election returns by counties, U. S. Census data on agriculture, population estimates and many other features are found in the 1968-'69 edition of the Texas Almanac, just published by The Dallas Morning News.

Published since 1857 and called "The Encyclopedia of Texas," the Texas Almanac is widely used in schools, libraries, business and professional offices and home libraries. Newspapers, county farm agents, chambers of commerce, trade associations and many other Texas individuals and organizations contributed information for the new edition.

New and expanded features listed by Walter B. Moore, editor, in this edition include: A history of the Texas Highway Department which is observing its 50th anniversary.

Descriptions of the principal birds of Texas, prepared by the Audubon Society of Dallas.

Expanded descriptions of Texas State Parks and major museums.

Individual pages devoted to historic attractions in the following counties: Anderson, Austin, Bell, Jefferson, Tom Green, Webb and Young.

Economic pages devoted to the 23 Standard Metropolitan Statistical Areas, the larger cities in which 80 per cent of all Texans live.

Enlarged information on Texas agriculture, including a history of the state's cotton industry.

Election returns, by counties, for two Democratic primaries and the general election of 1966 for the principal contested races.

Text of the Texas Constitution, including 20 amendments approved in 1965 and 1966. Twenty amendments on which Texans are voting in 1967 and 1968 are summarized.

New districts for Texas Senators and Representatives are listed and shown on maps.

Lists include state, municipal and county officials, state boards and commissions, statewide civic and business organizations and many others.

A calendar with phases of the moon, and chapters on weather, geology, plant and animal life, minerals, banking and commerce, service industries and many other topics are found in the 704 pages of the 1968-'69 edition.

Shaver Seeking First Elective Term As Judge

William R. (Bill) Shaver, Judge of the 72nd District Courts of Lubbock and Crosby Counties, has announced his candidacy for election as Judge of the 72nd District Court.

Judge Shaver was appointed by Governor Connally on April 26, 1967, to fill the unexpired term of the late Victor H. Lindsey. Judge Shaver is seeking his first elective term as Judge of the 72nd District Court.

He was born in Lubbock County, in 1925, and lived in the Shallowater area until 1930. He graduated from Rochester High School in 1943. He is a veteran of the U. S. Army Air Corps, having served as aerial gunner on a B-29 Bomber in the Pacific Theater, and was awarded the Air Medal and one Oak Leaf Cluster.

Judge Shaver received a Bachelor of Business Administration degree, and his law degree from Southern Methodist University. He began the practice of law in Lubbock in August, 1951.

Judge Shaver engaged in the practice of law in Lubbock until his appointment as District Judge, except for three and one half years as Assistant District Attorney for the 72nd Judicial District from 1952 to 1955, and ten months as County

Questions and Answers about All Number Calling coming to Slaton in July

Q. What is All Number Calling?
A. It's the modern telephone numbering system that is being adopted across the nation, changing telephone numbers from two letters and five numerals to seven numerals.

Q. Will I actually dial most numbers as I always have?
A. Yes. There will be basically no change in the way you dial. The two letters of the exchange name will simply be changed to numerals.

Q. When will All Number Calling start in Slaton?
A. With delivery of the new telephone directory next July. The prefix, "VA 8," will be changed to "828" -- actually the same in dialing. In most cases, the last four digits of each number will remain the same.

Q. Are any other number changes planned?
A. Yes. Numbers in the VA 8-4000 series will be changed to the corresponding 828-6000 number. For example, VA 8-4591 will become 828-6591.

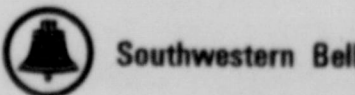

Q. Is it really easier and faster to dial numbers only?
A. People who have been using All Number Calling have found it is definitely easier and faster to dial numbers only, because they no longer have to search for letters on the dial.

Q. Are there any other advantages?
A. Definitely. All Number Calling ends confusion between the letter "I" and the number one; and the letter "O" and zero. Nor will there be any more misunderstanding or misspelling of the exchange names.

Any more questions? Just call the telephone business office for the answers.

Four Accidents Listed in City

Four traffic accidents topped a news check at Slaton Police Department this week, but no major injuries were reported. Police also reported that two more burglaries had been solved following the arrest of a suspect in a break-in at the C. R. Anthony store recently. Lin Gallegos, 25, of Slaton was charged in the Anthony case and also implicated in several other burglaries. Added to the list were break-ins at Guest Drug and Pauline's Flowers. A three-vehicle accident was recorded Saturday afternoon on FM-400 with only minor damages. Drivers involved were Curtis Alspaugh and Donald W. Buxtemper of Slaton, and Victorio E. Salas of Lorenzo. James E. Robertson and Charlie H. Walton were drivers involved in a minor two-car collision Friday afternoon at S. 8th and Lubbock streets. Pickups driven by Earl Reasoner and Joe T. Ruiz were involved in an accident at the intersection of 9th and Garza

Implement House Has New Owners

Slaton Implement is now under new ownership, it was announced by officers of the corporation this week. A group of 10 men purchased the implement company from Sam Ellis and Clarence Basinger, effective Dec. 1. The owners plan to announce a manager for the company soon. Kenneth Davies heads the officers of the corporation. Douglas Neugebauer is vice president; R. C. Hall Jr., secretary - treasurer, and directors are Donald Jones, Earl Foerster, and Wesley Hancock. Other members are Jay Oats, Roy L. Heinrich, Alfred Taylor and Raymond Standefer. Thursday night last week, about \$474 damage to the pickups was estimated, and Ruiz was taken to Mercy Hospital for treatment. About \$400 in damage was reported when vehicles driven by James H. Eaves and Manuel Trevino collided at 8th and W. Division Thursday morning.

Mosser Resigns As Constable

Lubbock County commissioners at a special meeting last week accepted the resignation of James O. Mosser of Slaton as constable of Justice Precinct 2, and reduced the salary of that office to \$1 a year. In a letter to the court, Mosser requested his resignation become effective Jan. 15. He gave no reason for the resignation. Commissioners okayed the date and ordered his salary terminated the same day. Max Arrants, commissioner of Precinct 2, said the court felt the office was no longer necessary. He said another constable's office in the county had previously been reduced to a \$1-a-year job. Arrants said the only active constable in the county at present was F. H. Bolen of Lubbock. He added that the commissioner's court might consider reducing the salary of that office when the term expires. Mosser had been drawing a salary of \$75 a month the past two years. He was elected to office in 1964.

New Candidate Announces Here

One other candidate authorized The Slatonite to announce his candidacy this week, with William R. (Bill) Shaver filing as a candidate for 72nd District Judge. Shaver will be seeking his first elective term after being appointed to the bench. On the local scene, The Slatonite erred last week on reporting school board terms which expire. The seats held by Don Kendrick and Tommy Davis will be up for election this year, rather than those held by Joe Miles and Willie Heinrich. No candidates have announced their intentions on the city or school level here. There was rumor last week that Bo Becker had tossed his hat in the political ring, but a check with Becker revealed that he has made no decision as yet. Dr. Vardy Attends Meeting

Some 2,500 Texas school administrators were in Austin Jan. 3-5 for the annual School Administrators Advisory Conference on Education. Among them were Dr. P. L. Vardy, superintendent of Slaton Public Schools. General session began Thursday in the Terrace Motor Hotel Convention Center with J. W. Edgar, Texas Commissioner of Education, presiding. The Texas Education Agency annually sponsors this conference so delegates can discuss new education programs, and review and suggest improvements in procedures used by the Agency in its relations with local public schools. Administrators discussed such topics as how to prepare teachers for change, how to decide what changes are needed in the organization of their respective schools, and how to develop a climate in a community that will be responsive to changes from the traditional methods of instruction and curriculum. Other topics for discussion included: Evaluation of expanding vocational education programs, budgeting and financing vocational education programs, bilingual education for Spanish-speaking children, business procedures for schools participating in Federal programs allocated under the National Defense Education Act and the Elementary and Secondary Education Act, and development of the Regional Education Service Centers. Also, evaluation of revised accreditation standards, the new State Plan for Driver Education in Texas Schools, new programs for exceptional children, and educational planning for better schools. And the Texas Education Agency's methods of auditing special Federal programs in Texas schools, in-service training for program development, and the implications of international education to the public schools of Texas. Delegates were invited to a series of special meetings held each day of the conference. Among topics for discussion at these special meetings were Federal laws concerning regulations regarding the construction and operation of school facilities in those areas affected by Federal and/or military activity.

Slaton Leading Acala Producing Area in World

Slaton can lay claim to being "the largest Acala 1517 cotton - growing area in the world," according to a report by Glen Akin at the Slaton Lions Club regular weekly luncheon meeting Tuesday. Akin, a Lion and a director of the Slaton Cotton Improvement Association, was speaker for the club program Tuesday at Bruce's Restaurant. He reported on the cotton group's progress this past season -- estimating that the longer-staple cotton would average about 34.5 cents a pound. He said the association has some 5,300 acres signed up in the quality cotton program last year, and "we are expecting about 20,000 acres next year." Members of the cotton group made a trip to Las Cruces, N.M., recently in connection with state-registered seed for the program. Akin said Slaton has gained much publicity over the quality cotton produced this past season. Truett Bownds introduced Akin as the luncheon speaker. Speedy Nieman, club president, announced the Lions had voted to become a charter member of The Friends of the Library, and also voted a contribution of \$25 to the Dimes drive in Slaton.

REGISTRATION FORM--This application to register can qualify you to vote in 1968. Fill out the form above and mail it to the county tax assessor-collector in your county. Address in Lubbock County is Box 1620, Lubbock, Tex. 79406. Be sure all information is provided. The tax office will process your application and mail your voter certificate to you.

Changes, Regulations Accompany New Year

The year 1968 arrived with various new "do's and don't's" plus changes in "this and that."

The Slatonite reminds readers of some of the changes by bringing the following six items into focus.

- (1) All persons must register to be an eligible voter, including those over 60 years of age. Deadline is Jan. 31. Registration forms can be secured at the tax assessor-collector's in Lubbock, at Drewery Insurance, or clipped from a newspaper and mailed.
- (2) Motorcycle headgear approved by Texas Department of Public Safety now is required.
- (3) Registration rates for car tags now are figured quarterly.
- (4) Driver's licenses will include a colored photo in the future and may not be renewed by mail as in previous years.
- (5) Cars equipped with "anchors" cannot obtain inspection stickers without seat belts.
- (6) Postal rates went up Jan. 7.
- (7) Car tags will go on sale Feb. 1 at the county tax assessor-collector's office and tags must be installed by midnight April 1. Tags will be lettered in white on black and the word "Hemis-Fair" will be flanked by "68".

Changes to be remembered regarding vehicle tags include the fact that registration rates now are set quarterly instead of monthly. In other words, although a vehicle license may be purchased during the last month of a quarter, that entire quarter will be included in the charge. Another item to note is that 30 cents will be added per license as collection toward reflectorizing tags in 1969.

Registration rates on vehicles up to 3,500 pounds will be \$12.30 for one full year; 3,501 to 4,500 pounds, \$22.30 per year; 4,501 to 6,000 pounds, \$30.30.

The above charges apply if the vehicle is registered at any time during the first quarter of the year. Charges thereafter will be based on remaining number of quarters in the year. Also, new forms will be used for Certificate of Title to a Motor Vehicle. Replacing the former square-shaped certificate will be a pliable rectangular "original" tilt certificate printed in blue letters on white with complete details of the vehicle's purchase provided on the back of the certificate.

For vehicles carrying liens, a similar certificate printed in red and marked "duplicate original" will be issued. This certificate will be stamped "Non Negotiable Title" while the "original" carries the stamp of the State of Texas.

Headgear For Cycle Riders Now in Effect

The law governing the wearing of protective headgear for motorcycle operators and passengers went into effect Jan. 1, announced Major Luther Moore, regional commander of the Texas Department of Public Safety.

Major Moore stated, "Effective Jan. 1, 1968, no person may operate a motorcycle on a public street or highway of this state unless he wears protective headgear which has been approved by the Department of Public Safety, nor may any person carry a passenger on a motorcycle on a public street or highway of this state unless he wears a protective headgear which has been approved by the Department of Public Safety."

The major also added, any peace officer may stop and detain any motorcycle operator or passenger for the purpose of inspecting his protective headgear to determine if the headgear is of a style and make approved by the Department.

A Layman-Led Revival will be held at the First Baptist Church Friday, Saturday and Sunday of this week. There will be three different speakers for the revival, according to Rev. J. L. Cartrite, pastor. Bringing the message for

Friday night's service which will begin at 7:30 p.m. will be Rev. David Ray, who has been pastor of the First Baptist Church in Lubbock for the past six months. Theme for his message will be "Man and His Mission".

Mrs. Carroll Hostess To Dorcas Class

The Dorcas Class of the First Baptist Church met at 6:30 p.m. Monday in the home of Mrs. Ernest Carroll.

Mrs. Wade Thompson presided over the class meeting. Mrs. R. L. Smith gave the opening prayer.

Minutes of the last meeting and the treasurer's report were read by Mrs. Boyd Meeks.

Mrs. T. E. McClanahan brought the devotional "New Land", from Deut. 11-12. Mrs. Thompson closed the meeting with prayer.

Refreshments of cookies, sandwiches and coffee were served to Meses. Sam Wilson, Dudley Berry, Edgar Moseley, Smith, Meeks, McClanahan, Thompson and Carroll.

Saturday night's service, which will begin at 7:30 p.m., will have as its featured speaker, Rev. Tony Longval, pastor of the Monterey Baptist Church in Lubbock. He is also associational chairman of evangelism of Lubbock Baptist Association. His theme will be "Man and His Church".

Then on Sunday at the morning service at 11 a.m. and the evening service at 7 p.m., Rev. Boyce Evans will be the speaker. Evans is a representative from Hardin Simmons University and is previous pastor of the First Baptist Church at Abernathy. The theme for the morning service will be "Man and His Saviour" and the evening service will be "Man and His Day of Rewards", which he has preached over 200 times. A nursery will be provided and the public is welcome.

The New Year offers you 52 special Sabbath Day appointments with God. Will you keep them?

Psalms Studied By Lutheran Women

Rev. Jimmy Lueders, pastor of the Posey Lutheran Church, led a Bible study for the church women at their regular meeting last Thursday at the church.

The study was entitled "God Speaks to Me in the Psalms, To Assure Me of His Existence". The group invites anyone wishing to study Psalms to come to the meetings held the first Thursday of each month at 2 p.m.

Newly elected officers for 1968 for the church group are Mrs. Alvin Neugebauer, president; Mrs. W. J. Johnson, vice - president; Mrs. Edwin Meyer, secretary; Mrs. Melvin Walter, treasurer; Mrs. Walter Schroeder, secretary of education; Mrs. Edna Walter, secretary of stewardship; and Mrs. Frank Lester, reporter. Refreshments were served by Mrs. Walter during the social hour for Mrs. Johnson.

ITEM: New indoor carpet tiles, 12" x 12", backed with high density latex foam rubber, are easy to install. Available in many fashion colors, they can be arranged in all sorts of interesting color combinations and patterns.

Rites Read For Mrs. Wilson

Mrs. Daisy Wilson, 75, a Slaton resident since 1934, died at 8:45 p.m. Monday in Mercy Hospital. She was a native of Scottsville, Ky.

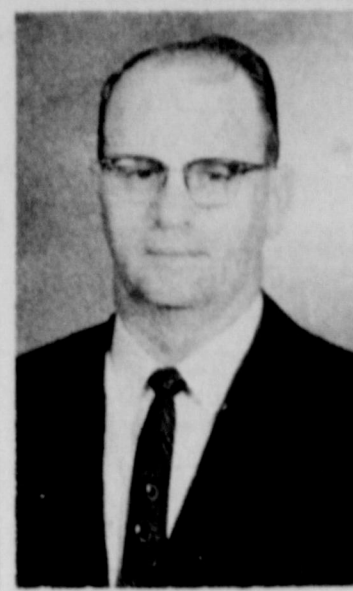

Services were held at 2 p.m. Wednesday in the First Methodist Church with Rev. Bruce Parks, pastor, officiating. Burial was in Englewood Cemetery under direction of Englund.

Mrs. Wilson was a member of the First Methodist Church and the Order of the Eastern Star.

Survivors include a son, Douglas Slaton; a brother, James Flowers of Florida; and four sisters, Mrs. George Meier of Missouri, and Mrs. A. S. Clark, Mrs. Vernon Barksdale and Mrs. John Miller, all of Florida.

ITEM: A thin sheet of foam rubber padding underneath a fabric covered headboard adds comfort to bedtime reading or TV watching. Make a paper pattern of the headboard, cut foam rubber to measure, then cover with selected fabric.

ITEM: Hard cheese such as Cheddar, Swiss and Parmesan may be kept for several weeks. Soft cheese such as cream, cottage and Neufchatel is highly perishable and should be used within a few days after purchase.

REV. BERT MILLER

Pentecostal Holiness Church Holds Revival

Rev. Bert Miller from Altus, Okla. began a revival meeting in the Pentecostal Holiness Church Jan. 9th, which will continue through Jan. 21st.

Rev. Miller served in the capacity of superintendent of the West Oklahoma Conference and is presently serving as assistant to the superintendent of that conference. He has had many years of successful ministry in pastoral and evangelistic work. Mrs. Miller will accompany him and is very good with poetry, according to Rev. Archie Cooper, pastor.

Revival services begin at 7:30 p.m. on week nights and 7 p.m. on Sunday. The church is located at South 8 and Knox Streets. The public is invited to attend each service.

Pioneer Gas Plan Big Pipeline Jobs

Contracts totaling approximately \$4 million dollars for three major pipeline construction projects were awarded today by Pioneer Natural Gas Company. Work on all three jobs will start immediately.

Successful bidder on all three contracts was The Great Plains Construction Company of Lubbock.

Scheduled for completion by March 1 of next year is 15 miles of 12-3/4 inch pipe connecting with the high pressure main line at New Deal and extending west to Shallowater to provide additional gas supplies for the towns northwest of Lubbock.

Second of the three projects involved is a loop-line around Lubbock extending from 82nd Street and Quirt Avenue east and north to a point near New Deal. This line, scheduled for completion about March 15, will tie into the 15 mile line mentioned above.

The line around Lubbock will be 21 miles of 20-inch pipe, and it will replace a similar amount of 10-inch line. The new 20-inch line will have more than five and one-half times the capacity of the line it replaces.

The advent of these two new lines in the Lubbock area will permit Pioneer to take advantage of newly acquired gas reserves in the Delaware Basin to insure an increased volume of gas to take care of added industrial, residential and irrigation customers in these areas.

Pioneer has purchased a six-

acre site for a new station four miles Lubbock. While this isn't current contract installations is planned.

This is all part of a determined effort well in the forefront in the area served, around Lubbock and in the New Deal water line, plus installation of the station near New permit Pioneer to from the Delaware and northwest through stem. Gas from the been in use in the and the Plainview September.

The third portion part contract involves 77 miles line being built to Elcor Chemical Co. Sulphur Recovery Plant, T. J. Peterson, originator just north of Oil Company's Ward County and through Reeves County northeast of Texas, in Culbert Pioneer's engineer that this project completed July 1, 1967.

GOOD STANDARDS

We appreciate the person who is honest and truthful -- Clean in body and soul -- Courageous to resist -- Faithful to God and country -- to his fellowman. Some help toward reaching these goals are, Holiness heart, 1st. Thess. 4; 3-4. And the promised power Heb. 10: 36. Acts 8, Acts 2; 4. The initial (first) of the Holy Ghost experience is coming in other tongues. Tongues ceased. If that was true, then knowledge would have vanished. 1st. 13; 8. Drunkenness and all other ful sins are forbidden by the Bible the Pentecostal Holiness Church. "They that do such things shall inherit the kingdom of God." Gal. 5; 21.

Come and hear Rev. Bert Miller preach the Bible. 7:30 P.M. on week nights and 7 P.M. on Sundays. 9th. through the 21st. Corner of 8th. and Knox St.

Glory Is God's

"He that glorieth, let him glory in the Lord." - Jeremiah 9:24

We live in an age of wondrous things. We are reaching for the moon and the stars. Our heroes are men who walk in space and orbit the earth. We reap fame and riches upon the individual who makes a spectacular achievement to the thing we call "progress."

It is only fitting that noteworthy accomplishments be recognized and be rewarded. Yet, we should never fail to recognize the singular merits of a worthwhile life.

There is, in service to God and to humanity, an offering to the glory of God. There is, in the achievement of a Christian life, a singular and important fulfillment.
