TAX ROLLS CLOSED, RATE REMAINS SAME

City Tax Valuations Total \$20.7 Million

New Sales Tax In Effect

City's First Return On Sales Tax Is \$11,910

Slaton taxpayers, who start-
ed paying an extra one-fourth
percent on each taxable pur-
chase Wednesday, may be happy
to know that the City of Slaton
received its first check on the
1 percent municipal tax last
week.
The check was for \$11,910.10

and covered April, May and
June sales -- the first quarter
under the city sales tax. City
officials say this is probably
the lightest quarter of the year,
estimating the annual take to be
near \$65,000.
The tax rate Wednesday
went to 4.25 percent in Slaton,

and in most Texas cities. The
state sales tax is now 3.25
and the city sales tax is 1
percent.

Smokers and drinkers were
the hardest hit by the new in-
crease to meet the \$348 million
tax bill passed by the recent
session of the Legislature.
Cigarette taxes were increased
from 11 cents to 15.5 cents a
pack.

In addition to falling under
the 3.25 percent state levy,
alcoholic beverages will also
be subject to the optional 1
percent city sales tax that has
been approved in more than
400 Texas cities and towns. The
new bill also levies a charge
of 5 cents a drink on alcoholic
beverages sold in private clubs.

Drinks served in private
clubs are not affected by the
sales tax levy, because techni-
cally they are not sold but
only served to persons who al-
ready own the liquor.

Business portions of the tax
bill included a 50-cent in-
crease in the corporate fran-
chise tax rate, a one-half cent
increase in the natural gas tax,
and a new destination tax on
out-of-state corporations do-
ing business in Texas.

Rentals Slow For Low-Rent Housing

The Housing Authority of the
City of Slaton reported this
week that rentals have been
going at a slow pace since the
low-rent housing project was
opened in early July.

said Tuesday that only 17 of
the 70 apartments had been
rented, with a few more sched-
uled for occupancy Oct. 1.

Due to the lack of applica-
tions, Berry stated that a num-
ber of the one-bedroom units
designated for the elderly have
not been put on the list for
other prospects with appropri-
ate incomes.

There is a total of 70 apart-
ments of one, two and three
bedroom sizes. Rent is based
on a government formula which
considers the amount of family
income and the number in the
family.

Residents of Slaton in the
appropriate low income range
may apply at the office of the
Housing Authority, 420 E.

ject was finally announced re-

MRS. SPARKMAN WINS GRID CONTEST, 3RD TIME IN ROW

otherwise, Mrs. Kelly Spark-

The Slatonite.

R. J. Moore also missed
four games, but gets only an
honorable mention because he
was too far off on the tie-
breaker score.

Mrs. Sparkman, wife of jun-
ior high coach Joe Sparkman,
did it again last week, captur-
ing first place in the weekly
football contest sponsored by
Slaton firms. It marked the
third week in a row that she
has won the \$10 first prize.

Twelve entrants picked 19
of the 24 game winners. Joe
Sparkman missed only two high
school games and even picked
the Lorenzo - O'Donnell tie
game! However, the Southwest
Conference teams put him out
of the running.

It's a record for The Slatonite
Football Contest, and one that
may not soon be equalled--

This being National Newspaper Week, we thought it only fitting to pay tribute to our schools for giving Slaton youth an opportunity to learn about journalism. The page will be a feature of The Slatonite every other week and all the stories are written by the SHS staff. The class sponsor is Mrs. Helen Kerr who is shown above with three members of her staff. They are Paul Payne, assistant editor; Kathie Mitchell, editor; and Debbie King, business manager. WEATHER FINALLY CLEARS

Third Bale Is Produced Here

It was cotton-popping weather
around Slaton the past week as
dry, sunny weather, with tem-
peratures climbing in the 90's,
stopped an extended wet spell
and allowed cotton bolls to start
opening.

seed.

Virgil Smith and Jack Burkett
had previously brought in the
first and second bales for the
area, and received \$100 and \$50
awards from the Chamber.

High temperature the past
week was a warm 96 degrees
recorded Saturday. The mer-
cury climbed above 90 every
day since last Friday. Lowest
minimum was a 57-degree
reading Monday morning.

Although the extended streak
of wet, damp weather is ex-
pected to effect the cotton crop,
some farm observers still think
the production will be greater.
This is because there are more
standing acres this time of the
year than last season. More
acres were planted in cotton
and less in this area has been
hailed out.

And, with the good weather,
came the third bale of cotton
from the Slaton trade area,
George Harlan, who farms south
of Slaton, was producer of the
premium bale Monday after-
noon. He will receive a \$50
cash award from Slaton Cham-
ber of Commerce, and earned a
50-cent per pound premium at
Slaton Co-Op Gin for the bale.

Harlan ginned three bales
Monday and three more Wed-
nesday. The third bale weighed
an even 300 and came from
about 1700 pounds of seed cot-
ton. It came from Acala 3080

Former Cub Scouts who are
still within this age group are
especially encouraged to attend
the meeting. Slaton's Rotary
Club is sponsor for the pack.
Parents of the boys interested
in the program are urged to at-
tend the meeting as they will
have to give their permission
for their sons to join the pack.

Porter, who is relatively new
to Slaton, moved here from
Lubbock 11 months ago with his
family. He and his wife have
one daughter, Lisa, who is 2

home in Plaza Apartments.

A recent statewide survey of
hospitals and ambulance ser-
vice firms showed many com-
munities face "a serious crisis"
in the field of emergency
transportation and treatment.
It was reported last week by
Charles E. King, director of the
State Health Department's
division of disaster health and
medical services.

A group of volunteer fire-
men agreed to serve as at-
tendants on a trial basis. Head
said the number of men who
have first-aid certificates is
small at this time, however.
The big flaw in the volunteer-
attendant operation is that it
takes valuable time to man the
ambulance when an emergency

Slaton officials are ap-
parently a step ahead of many
communities in planning and
initiating a well-equipped am-
bulance service.

ambulance when an emergency

With the announcement that
the local funeral home was
forced to discontinue emer-
gency ambulance service, the
city commission formulated a
plan to provide the vital ser-
vice through the police depart-
ment. The commission also
secured volunteer ambulance
attendants from the Slaton Vol-
unteer Fire Department.

Tiger Club Sets Light Bulb Sale

The city purchased a new
vehicle last month and, with
help from Englund's on con-
tribution of equipment, the am-
bulance was put in "first-
class" readiness. Chief Walter
Head reported this week that
the ambulance has made 16 calls
since going into operation the
first week of September.

Slaton Tiger Club will
sponsor a Light Bulb Sale next
Tuesday, beginning a door-to-
door sales canvass at 6 p.m.
in the east part of town and
7 p.m. in the west part of town.

Club president Glen Akin an-
nounced that Carroll McDonald
is project chairman. Members
of athletic teams at Slaton High
School will aid in the door-to-
door sales.

Among the findings of state
officials, according to a United
Press International report,
were:
--At least 13 Texas counties
and several cities have no am-
bulance service.
--Increasing numbers of fun-
eral homes are getting out of the
business forcing many com-
munities to turn to police, fire-
men, volunteers, or ambulances
serving other areas which are
sometimes a considerable dis-
tance away.
--Special equipment con-
sidered essential by health
authorities is not available in

The pre-packaged bulbs, with
8 bulbs in several popular sizes,
will sell for \$2. Proceeds from
the sales will be used by the
adult booster organization to
promote the school's athletic
program.

A special meeting of Slaton
City Commission was held
Tuesday afternoon with com-
missioners accepting and clos-
ing the tax rolls.

Commissioners approved a
tax roll of \$20.7 million --
down slightly from last year.
The tax rate remains the same,
as does the assessed value. The
rate is set at \$1.75 per \$100
assessed value, or 50 percent
of the total valuation.

With the assessed valuation
at \$10,381,990, the anticipated
revenue will be \$181,684. This
revenue is down about \$3,000
from last year. The drop was
credited to property that has
been donated to churches the
past year, and it is exempt
from the taxes.

Adoption of a city sales tax
probably kept the tax rate from
increasing this year. The city
anticipates some \$50,000 to
\$65,000 in revenue from the 1
percent city sales tax.

In other business, the com-
mission approved payment of
street seal-coating work, passed
a resolution commending H.
M. (Bud) Englund for his help
in setting up the city's am-
bulance service, and held an
informal policy meeting with
all members of Slaton Police
Department.

The city resolution extended
appreciation to Englund for con-
tribution of equipment and sup-
plies for a new ambulance, and
for his time and effort in
helping the city to initiate the
service.

The resolution closed: "The
City of Slaton does hereby ex-
tend its sincere appreciation to
H.M. (Bud) Englund for his
valuable services performed,
and do commend him to the en-
tire citizenry of Slaton for his
efforts on behalf of his fellow-
man."

Otis Neill, with agreement
from the commission, told
members of the police force
that the commission would
stand behind them 100 per-
cent in the correct perfor-
mance of their duties.

Asked for any comments,
patrolmen mentioned the lack
of adequate street signs and
stop signs in the city, as well
as some of the bad street con-
ditions. One patrolman also
mentioned the operation of
"cafes" in the east part of
town, pointing to establish-
ments which operate without
a license. He said most of the
problems in that area stem from
these places.

Mayor David Hughes and
three commissioners were pre-
sent for the special session.
Rudy Dominguez, Ward 4, was
absent again. The entire police
staff attended the meeting along
with City Judge Arvin Stafford.
Also present were City Sec.
Alex Webb, Constable Allen
Meurer, and Jim Newhouse.

Slaton Step Ahead On State Ambulance Crisis

arise. Ideally, of course, the
police force could have these
attendants on duty -- but this
means more manpower and
more funds.

But, while Slaton still has a
few problems, a United Press
International report from Aus-
tin says that lack of am-
bulance service, or inadequate
service, is endangering the
lives of many Texas accident
victims and others needing
quick medical attention. In ad-
dition, the report says many
cities face rising charges for
ambulance services.

Among the findings of state
officials, according to a United
Press International report,
were:
--At least 13 Texas counties
and several cities have no am-

Looks Help

Select foods that look good and taste good together when planning your breakfast menus. For instance, bright-colored strawberries, blueberries or fresh peaches look good to eat on crisp, ready-to-eat cereal.

Buy Quality

It's always wisest to think in terms of quality, not quantity. This is especially true when you buy paint. Your best paint buy is always a quality paint, made with quality raw materials, manufactured by reputable companies and sold through reliable dealers.

The Civic and Culture Club met in the home of Mrs. B.H. Crandall last Wednesday with Mrs. R. H. Todd serving as co-hostess.

Mrs. H. V. Wheeler gave the president's greeting and read a poem, "My Purpose" by Henrietta Heron.

After the club collect was read in unison and yearbooks were distributed, each member told of the things she had done during summer vacation. Refreshments were served from a tea table to Meses. H. E. Anderson, Kenneth Davies, M. L. German, R. C. Hall, T. C. Martin, Bruce Pember, A. L. Saage, Fred Schmidt, R. L. Smith, R. E. Switzer, and Wheeler.

The next meeting will be Oct. 22 in the home of Mrs. R. L. Smith.

OES Hosts Friendship Night

Friendship night for the Slaton Chapter 585, Order of Eastern Star, was held at the Slaton Club House Tuesday evening with Worthy Matron Juanita Bailey as master of ceremonies.

Guests were greeted by officers of the Slaton Chapter who were dressed in formal attire. Red love cups of friendship on a star were the identification badges, showing chapter, location, and member's name. Long festoons of greenery dotted here and there with red roses and pyracantha were the decorations on the tables. A gold star surrounded by red roses was used for the centerpiece for the presiding officers' table.

A salad supper was served to more than 60 guests from Lubbock, O'Donnell, Tahoka, Brownfield, Petersburg and Slaton.

Miss Mary Helen Champton, Worthy Advisor of the Slaton Assembly Rainbow Girls, furnished music during the dinner hour. Members of the Slaton assembly and Rainbow Girls gave a clever skit called "Saturday Night at the Movies". Those participating were Tom Longtin, worthy advisor-elect; and Charlotte Sammons, dressed as Shirley Temple Black, who served as announcer and master of ceremonies; Elena Paschall and Jane Tucker were dancers; Debbie Green and Connie Rinney, background music; and Luellen Chaney, Lindy White, Cindy Paschal, Susan Ford and Becky Culver portrayed the audience.

Members from each chapter were introduced.

Tea Honors Girls State Representatives

Mrs. Glen Payne served as hostess last Tuesday at the club house for a tea honoring the girls who attended Girls State this year. The tea was given by the Slaton American Legion Auxiliary.

The serving table was decorated with a centerpiece of red and white roses, and a poppy arrangement of drift wood. The girls' scrap book was also displayed.

Each of the four, Mary Frances Browning, Dianne Kenney, Georgia Geer and Patti Neill, gave a report of the 10 day's work in government at Girls State. They were presented certificates from the American Legion Auxiliary, and they in turn gave a gift to Mrs. Gerry Schmid.

Mrs. W. E. Klein, 19th District Girls State chairman, had requested that these representatives be given an opportunity to report their activities at Girls State to the various civic clubs and men's organizations, and in school programs during the coming year.

Out of town guests included Mrs. David Vigness and daughter, Margaret, Nan Hutson and Mrs. Klein, all of Lubbock.

CSB Salutes

We hate to admit our mistakes, but Citizens State Bank this week salutes its "cracked-up" meteorologist, BILL N. BALL. Our famed weather expert is pictured here recently as he looked over his synopsis facsimile and broadcast another forecast of dry, sunny weather -- after rolling up his pants to wade to the station. But, as the imprecise, impertinent, impassive, immodest and implicit Mr. Ball once said (if he said it once, he said it a thousand times): "When I'm wrong no one forgets, and when I'm right, no one remembers."

CSB admits that its weather expert did predict dry, sunny weather, and that it did finally arrive. We recognize and salute Bill N. Ball, and leave him with this thought for the day:

"I had rather be hissed for a good verse than applauded for a bad one."

Health Official At Rotary Meeting

Wilma Silvius, Lubbock City-County Health Department, explained the benefits and the administration of the State Crippled Children's program when she appeared as guest speaker for the Slaton Rotary Club last Thursday in the Clubhouse.

Mrs. Silvius explained that anyone can refer children to the agency, which receives some Federal funds. The program covers any crippling condition or defect. Damage must be repairable, however, and no custodial care is provided. The speaker also pointed out that St. John's Clinic provides free examinations to children every three months. She commended the service provided by the clinic.

Total, 2,335. Average number of copies each issue during preceding 12 months -- 2,300.

Mrs. Silvius stated the biggest problems faced by the crippled children's agency concerned parents and transportation. She added that apparently too many parents with crippled children did not know about the agency. Others don't meet appointments with transportation mentioned most frequently as reason.

She also added that education of less fortunate citizens is of prime importance. "We can't shrug off diseases that are prevalent in the other part of town," she said, "because anything that people are in one part of town affects the entire community."

Clinton Eastman was program chairman for the week. President J. S. Edwards announced that nine Rotarians attended the inter-city meeting in Lubbock the previous week. Several visiting guests and one visiting Rotarian was introduced at the club's regular weekly luncheon meeting.

COOPER NEWS

By BRENDA, CINDA & LINDA

A lot of spirit was displayed last Friday in the gym during the weekly pep rally. A guest speaker, Phil Tucker, was introduced by Sputter Thomason who arranged his visit to Cooper. Mr. Tucker is an All-American football player from Texas Tech, and gave an inspiring and challenging pep talk.

Captains of the Pirates for last week were Doug Wuensche and Woody Key who each added a brief speech. Members of the Crew Club yelled their loudest with the freshmen outdoing the upperclassmen, thereby earning the privilege of ringing the Victory Bell at the game. The bell was presented to the school by the Pirate Booster Club. Singing of the school song marked the end of the spirited rally.

Cooper won the game, winning 47-8 over Anton.

In July after the program was first initiated here in December, 1964. Approval of federal funds of \$903,500 was announced in October, 1965.

One big problem around the 35 duplexes is the lack of paved streets, with the area almost being impassible during wet weather. Paved streets had been planned to the units, but property owners in the area protested a street-paving program -- claiming the cost would

not increase their property value, or claiming inability to pay.

The apartments are located in southeast Slaton -- between 2nd and 7th streets and between Jean and Edwards. The Housing Authority is directed and operated by a board of five commissioners, headed by H.E. Anderson.

The local authority has a 40-year loan on the project with payment guaranteed by the federal government.

McAllister On Lions' Program

State Rep. R. B. (Mac) McAllister was guest speaker for the regular weekly luncheon meeting of the Slaton Lions Club Monday at the Community Clubhouse.

McAllister spoke briefly of the recent session of the Legislature and answered questions from the members. The first-term legislator said his job was "the most difficult I've ever attempted," but also called it gratifying and interesting.

McAllister told Lions that the influence of lobbyists is much over-rated, and he defended members of the Legislature on the whole as honest, sincere and dedicated men. He also had praise for Rep. Delwin Jones of Lubbock, who he said was highly respected in the House.

The representative called on citizens to support their elected officials insofar as is possible. "Mr. Nixon will be our president for a few years, and though I am a Democrat, I think we should write him a letter and pledge our support for the best interests of this Nation."

Glen Akin presided over the weekly meeting, and O. G. Ni-

man was program chairman. Broom sale chairman Weldon Self gave a report on the annual project, which netted about \$140.

Tax Man Sam Sez

Most folks work for a salary and have their income tax withheld. It's easy to forget to include that extra income that you receive from your saving account, dividend on your stock, \$15 for helping Joe Jones, and similar items. It saves a lot of embarrassment, delayed refunds, and problems with your income tax in general, if you keep a simple record of all such income throughout the year.

In this way you don't forget to report all of your income and you don't get a letter from Internal Revenue's computer telling you that you forgot to include your dividends from

Fitzgerald In S-Fe at Amarillo

On Jan. 1, 1965, Fitzgerald was appointed assistant superintendent at Carlsbad, N.M. Transferring in that capacity to Newton, where he became superintendent, Jan. 1, 1966. Due to the temporary nature of his assignment, Fitzgerald does not plan to bring his wife, Joy, and three of their four children living at home, to Amarillo.

IT TAKES **2** YOUR CHAMBER OF COMMERCE AND YOU!

A time for optimism... the beautiful weather, the anticipated yield of area crops and the future prospects for this community, Slaton indeed holds the promise of a bright future.

Current assets should be valuable as the future unfolds. Slaton has the double asset of being on major highways and rail lines. This will be of continuing and growing importance. The prospect of US 84 being designated as a southward extension of Interstate 27, now from Amarillo to Lubbock, is encouraging.

Perhaps the most important single factor on Slaton's future lies in our closeness to Lubbock. The labor supply that Lubbock claims can be used by Slaton. This will be a very important factor as future industrial prospects analyze Slaton. We will be able to attract more and larger industries than other towns our size due to our closeness to Lubbock.

Most "prospects" industries demand urban advantages such as higher educational and varied entertainment facilities. These same industries also prefer a small community for the living situations of their employees. Slaton, by meeting the criteria of education, entertainment, transportation and labor, is in an excellent position for future growth.

Many other factors point to a bright future. Slaton is fortunate that Lubbock industry is coming out the Slaton Highway. Many Slatonites work in Lubbock and as the future unfolds, more Lubbock industrial workers will be residing in Slaton. Another factor in Slaton's favor lies in the Buffalo Lakes and canyon areas. The present and future plans for this area will be a real plus factor for the future.

Now, for a mental game, suppose for a minute that you are an evaluation man for XYZ Industry and you are looking for a plant location. You are concerned primarily with the profit potential offered by Slaton. Such items as markets, transportation, taxes, labor and utilities will concern you. In our mental game, let's assume that you are satisfied with these factors.

SLATON'S SEVENTH GRADE TEAM pictured above are suited out in their new black football suits. Coach for the 29 boys is Joe Sparkman. It looks like a winning season for the team as they now hold a 3-0 record. Junior Tigers Win, Lose Tuesday Games

lost a 22-6 decision. The two teams played at Tahoka next Tuesday, with the first game set for 5:30 p.m. Abernathy scored in the second quarter to take an 8-0 lead in the 8th grade game. The visitors drove for another in the third period, then added the final tally early in the fourth period for a 22-0 lead. Slaton's only score came on a 75-yard pass play from J. Ray Basinger to Ray L. Basinger. The try for points failed with 3 minutes left in the game. Ricky Becker and Steve Bourn made outstanding defensive plays. Greg Sokora was an offensive standout.

The 7th graders, who have scored 88 points in three games to nothing for the opposition, took a 20-0 lead at halftime. Slaton fumbled at the Abernathy 1 in the first period, but a blocked punt gave them another scoring chance in the second quarter. Kelly Copeland hit Bobby Hightower with an 11-yard pass for a 6-0 lead. Slaton took over again on the Abernathy 5 when a fourth-down snap from center went over the kicker's head. Ronnie Smith carried in for the score. Minutes later, guard Jim Alba grabbed a pass which was deflected and ran 20 yards for a score. Copeland ran for 2 points and a 20-0 lead.

In the third period, Craig Nieman scored on a 24-yard run, and Copeland added the two points. Frank Love finished the scoring by going over from the 2, then running for the extra points. Chris Williams, J. D. Moore and Tony Leake were strong on defense.

churches, parks, other recreational areas, golf course, airport, hunting - fishing, etc. As you analyze Slaton for the employees of XYZ Industry, you won't be thinking in terms of your leaders making changes. Your attitude will be based on the community as it is on the day of your inspection. You will gain an overall impression of community pride and attitudes. This you can get by visiting in the stores, talking with the man on the street and by visually inspecting the business and residential areas. Your evaluation is complete, based on your experience and a detached objective analysis. Will the XYZ Industry locate in Slaton?

Retail Sales Rise in Area

Retail sales in the Lubbock Metropolitan Area rose from \$289.3 million in 1963 to \$324.3 million in 1967, an increase of 12 percent, a report of the 1967 Census of Business reveals. The report, just issued by the U. S. Department of Commerce's Bureau of the Census, covers Standard Metropolitan Statistical Areas. The metropolitan area for Lubbock includes all of Lubbock County, Jewell Ward. The mishap occurred Saturday evening at the intersection of FM-400 and the US-84 service road. Ward was driver of one vehicle, and driver of the other vehicle involved was Billy L. Arnold. Damage to the cars was estimated at about \$1,500. A minor accident was reported last Thursday on S. 6th street when vehicles driven by C. R. Bain and Deborah J. Biggs were in collision. Minor damage was reported.

Retail trade in this SMSA area meant jobs for 10,350 men and women (excluding proprietors) and a yearly payroll of \$37.4 million. In the census year 1967, the area's eating and drinking places had sales of \$17.7 million; gasoline service stations, \$22.6 million; auto dealers, \$72.1 million; and general merchandise stores, \$57.9 million. Of the total retail sales, the city of Lubbock accounted for \$296.6 million, while other towns in the metropolitan area had \$27.7 million.

FREE ENTERPRISE

NEWSPAPERS HELP PEOPLE PROSPER

This is National Newspaper Week (October 5-11) and we feel proud to take our bows along with the rest of the Nation's newspapers.

The function of a newspaper in informing and entertaining people is well known. But not many think of newspapers as a business, a manufacturing business that is one of the finest examples of free enterprise at work.

A paper must make a profit to survive. It depends upon advertisers who use newspapers in order that their own businesses can make a profit. It depends upon newspaperboys who often are entering upon their first business venture and who are most assuredly interested in making a profit for themselves.

The entire newspaper industry is based on the enterprise system and the American public has benefited tremendously. Thousands of newspapers exist in the United States and their independence almost guarantees freedom of the press.

We're small, but we have a large pride in being a part of the newspaper business.

Noel Loomis Dies, Was Western Writer, Son of Slatonite Founder

Noel M. Loomis, 64, a well-known writer of western novels and son of a former Slatonite publisher, died several weeks ago in San Diego, Calif.

He was the son of the late L. P. Loomis, founder of The Slatonite in October, 1911. Loomis was a native of Wakita, Okla., and began his career as a printer at the age of 9 on his father's paper in Slaton.

Loomis was the author of more than 50 books and 400 short stories. He was a past president of the Western Writers of America, which cited his "Short Cut to Red River" as the best Western novel of 1958.

Sometimes called "Hot Lead", Mr. Loomis wrote on a Linotype machine rather than a typewriter. He contended he could think better on a Linotype.

Mr. Loomis was stricken with a brain tumor a few days before the start of a writers' workshop which he had directed at San Diego State College. He had taught English at the college since 1958.

He was survived by his widow, a son, a daughter and four grandchildren.

No Squeeze

At one supermarket in West Germany a housewife cannot squeeze the tomatoes, rummage through a pile of steaks, compare the weight of one carton of eggs with another, or haggle over the price of bacon. The supermarket is fully automated and everything is displayed behind glass.

Cotton is cool.

many ambulances, or has been "bolted down" by attendants who refuse to mess with the live-saving devices.

Some attendants are literally pulled off the street and put to work; others have only limited and inadequate training in proper treatment for persons whose lives are in their hands.

Slaton's basic rate for ambulance service is \$15 for sick calls and \$25 for emergency runs. UPI reports the basic rate is \$22.50 in Dallas but will go to \$32 on Nov. 1. In the East Texas town of Newton, residents who formerly paid an area funeral home \$5 for in-town calls, now must pay \$20 for an ambulance call by the local hospital. Fees

range from \$25 to \$75 in Houston.

The crisis in ambulance service was brought about by federal wage and hour legislation in 1966, forcing operators to pay attendants \$1.60 an hour and overtime after 40 hours a week.

Since the new rules went into effect, growing numbers of funeral homes have been discontinuing emergency ambulance service. Thirty-nine Texas cities are now subsidizing ambulance services outright and 117 others have had to turn to police and fire departments.

Being Positive

"But let him ask in faith, with no doubting, for he who doubts is like a wave of the sea that is driven and tossed by the wind." - James 1:6

If you would win, approach everything you do with a positive attitude. Whatever your task, say "I can do it," and believe that you can until you have exhausted every possible avenue of effort.

If trouble follows your footsteps do not despair, rest by the side of the road and wait for the waves to engulf you. Meet your problems with a strong attitude and with a strong faith. Faith and hope are the source of continuing strength.

Pray for the strength you need, and pray with confidence, secure in the knowledge that God will never desert you.

only 112 for the Tigers. Slaton rushed for 127 yards, but gave 71 back to the fierce charge of the Lamesa line.

Slaton almost stopped the first Tornado scoring drive, and did stop the second drive as the first quarter ended with the visitors having only a 7-0 lead. But the roof fell in on the Tigers in the second period, with two quick scores in the final 2 minutes of the quarter shooting Lamesa out front by 34-0 at halftime.

The Tigers' only score came early in the fourth quarter when quarterback Terry Mosser connected with halfback Alan Fondy on a 34-yard touchdown pass. The Tors already had a 53-0 lead at that time, but the Tigers were still battling.

The victory left Lamesa as the only undefeated, untied team in big District 3-AAA. Snyder, which had previously tied Estacado, knocked off the Dunbar Panthers.

The Tornado defense was so tough that Slaton put together two consecutive first downs only three times in the ball game. One of those came with the aid

of a penalty, and the other came on the touchdown play. The Tigers had 9 first downs--7 in the second half--to a total of 23 for Lamesa.

And, the Tors had the "number" of Slaton's big fullback, Larry Moore. He picked up 54 yards on 18 carries, but had a minus 14 to net 40 steps for the night. Fondy netted 23 yards on 7 trips. Mosser wound up with a minus 29 yards after being caught by the hard-rushing Lamesa line several times.

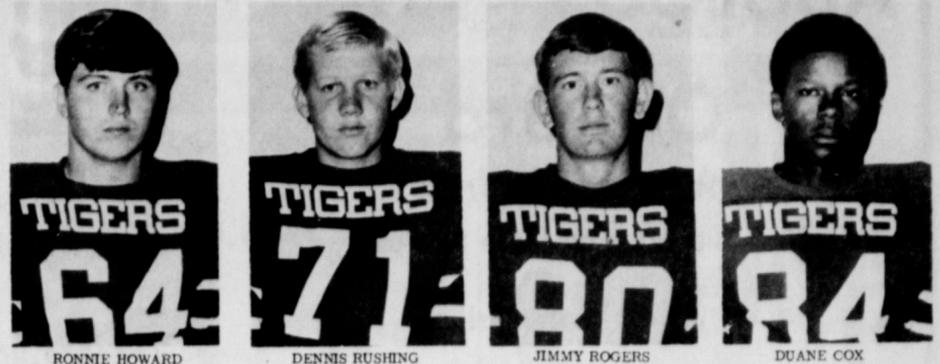

Lamesa registered seven scores on runs and three on pass plays. Fullback Aaron Manuel tallied twice on runs of 1 yard; tailback Bonnie Williams scored from 39 yards out; fullback Cecil Davis went 59 yards; halfback Richard Vaughn dashed 63 yards; Floyd Jenkins caught TD passes of 35 and 25 yards; halfback Ron Hester ran 3 yards; quarterback Ricky Corley ran 25 yards; and Corley passed to halfback Jerry Beatty for 12 yards. Lynn Hilberry, a big tackle, kicked six points.

The Tors capitalized on every Tiger miscue, moving in for scores after blocking a Slaton punt, recovering two fumbles and intercepting a pass. Slaton had only one scoring threat besides the touchdown drive, moving to the Lamesa 21 in the second period before Lamesa held. A 12-yard run by Fondy and a clipping penalty against the Tors helped get the Tigers that far.

Slaton won the toss and chose to receive the opening kickoff. Schuette returned the kick 23 yards to the Tiger 36. Moore hit the line three times for 6 yards, and Fondy punted. Slaton got a 15-yard penalty when the punt receiver signaled a fair catch and was hit. From their own 46, Lamesa moved nine yards in three plays, then went for the first and made it with a yard to spare on fourth down.

Two plays later, Williams broke off right tackle, cut to the sidelines and raced 39 yards for the first score. The Tigers ran three plays after the ensuing kickoff and punted again.

Lamesa then drove from their own 39 to the Tiger 6 in 13 plays, but the Slaton defense held on a fourth-down play at the six. It was three plays and another punt for Slaton, and Lamesa returned the kick to the Tiger 34. The Tors made it this time in eight plays, with Manuel crashing over from

Freshmen Lose 18-6 Decision

A speedy Plainview freshman team showed more polish and experience in capturing an 18-6 win over the Tiger freshmen here last Thursday afternoon.

for Slaton for 26 yards and almost broke all the way. The Tigers had to hand the ball over on the Tornado 48, however, after failing to make a first. On the Tors' second play, Englund rapped the quarterback with a strong blow, causing him to fumble and Rushing recovered on the Lamesa 46.

The Tigers then went all the way in five plays for their only score. Farrell got 7 yards and Moore added 9, then Moore lost a couple. Mosser's long pass was almost intercepted, but a third-down pass to Fondy lit up the scoreboard. Fondy made a great diving catch in the end zone on the 34-yard play. Allan Sanders' kick was good, but the score was 53-7.

Another fumble set up Lamesa on the 25 moments later. Slaton had held the Tors and took over on their 46. Mosser lost 6 trying to pass, then was hit for another loss of 15 and fumbled the ball. Lamesa recovered on the 25, and Corley covered that distance on the first play. It was 59-7 with 3:17 left in the game.

The frustrated Tigers went to the air in attempt to move again, but a halfback pass by Akin was intercepted by Vaughn on his 45-yard line and returned to the Tiger 10. Lamesa drew a 15-yard penalty back to the 25, but Corley lofted a pass to Jenkins in the end zone for the final tally.

Slaton scored first when Dana Fenley dashed 15 yards in the second quarter of play. A 25-yard pass play from quarterback Steve Nieman to halfback Steve Ethridge sparked the drive.

Plainview came back with three long-distance scoring plays in the second period. End sweeps of 21 and 60 yards accounted for two touchdowns. The visitors scored on the final play of the first half, when a back broke 37 yards on a reverse.

There was no scoring in the second half. Defensive standouts from Slaton included Curtis Woolver, Kenny Schuette, and Ethridge.

The freshmen play Abernathy at 5 p.m. today.

WOULD YOU BELIEVE?--Injuries often "sideline" football players, but it's a little unusual for a coach to be on the injury list. Tiger assistant coach Doc Mize slipped in the field house and broke his arm prior to the season's first game. It was a painful break and he's just now getting in a laughing mood about it. (SLATONITE PHOTO)

Junior Varsity At Abernathy

Slaton's junior varsity Tigers lost their first contest of the season at Lubbock last Thursday, taking a 32-6 defeat at the hands of the Estacado JV.

Slaton stayed close in the first period, as Jackie Ford scored on a 35-yard run. Estacado scored twice on runs of 85 and 35 yards by Russell Coleman. He also added a 15-yard scoring run in the second period.

Estacado tallied on a 30-yard pass play in the third period, and Ronnie Peagues dashed 85 yards for the final score for Lubbock.

Slaton's JV goes to Abernathy for its second game at 7 p.m. today.

Let's Count Our Blessings

The weather sure has been beautiful this past week, hasn't it? We are all hoping that it stays this way for the next two months, but if it doesn't, then we still have a lot to be thankful for. Even though we have oodles of weeds in the crops around here, at least we still

have a crop. So, let us all count our blessings instead of trying to find something to be discontented about!

TO BIG BEND

Guests in the home of Mrs. W. P. Lester recently were Mrs. G. E. Davis, a sister, and Miss Kathleen Elmore and Miss

Irene Elmore from Grandview. While the ladies were here visiting, they made a trip into the Big Bend country where they spent several days. Another lady from Grandview, Mrs. Maud Pitts, spent one night in the Lester home.

VISIT COLORADO

Mr. and Mrs. Willie Becker have returned from a 10-day visit in Colorado where they visited Mr. and Mrs. Joe Blyth in Denver and Mr. and Mrs. Floyd Foerster and children in Monte Vista, Colo.

AT RETREAT

Sherri Wilke attended the North West Texas Luther League retreat which was held at Ceta Glen this past weekend. Approximately 60 youth and sponsors attended.

YOUTH GET-TOGETHER

The Methodist and Baptist churches of Southland sponsored a "get-together" for all the youth in this community

this past Sunday evening. A weiner roast and fellowship was held at 6:00, followed by a time of devotions which was led by Rev. J. H. Sharp, pastor of the Methodist church. Mr. and Mrs. Johnny Flanagan played the guitar and sang several special songs. Approximately 25 young people attended along with several adults. I think that this was a fine thing, and maybe another "get-together" can be held in the near future.

Guests in the home of Mr. and Mrs. P. W. Crawford and Debbie on Sunday were Mr. and Mrs. Donald Wayne Crawford and James Crawford, all

of Lubbock, Mr. and Mrs. Jim Hamaker of Wolforth and Mr. and Mrs. Dee Hodge of Leveland.

Guests in our home on Sunday were David Wessel and friend, Susan, from Texas Tech, Mr. and Mrs. Aubrey Bryan from Farmington, N.M., Mrs. Delmar Wilke, Angie and Cheryl from Wilson, Mrs. Marcus Wilke from Slaton, Mrs. Larry Wilke from Lubbock and our number two son, Darrell from Texas Tech.

COUPLE INJURED

Was so sorry to receive the news that Mr. and Mrs. F. L. Ward of this community was

involved in a car-pickup wreck on Saturday. It happened just after they came under the overpass and turned toward Southland. A car coming from Wilson hit them, causing the wreck. Mrs. Ward is in fair condition in the West Texas Hospital in Lubbock and Mr. Ward was treated and released. May God be with this couple in their time of need.

Isaac Hopper's brother and sister-in-law were involved in a one-car wreck recently when they hit a cow on the highway near Spur. Hope all goes well with this couple.

FOOTBALL

Cooper Romps Over Anton

Fullback Rick Smith, an all-state candidate, and quarterback Jack White sparked the offensive show as the undefeated Cooper Pirates rolled to a 47-8 victory at Anton Friday night. Smith had more than 200 yards rushing, with 142 of the steps coming on four touchdown runs. The Pirate fullback tallied on runs of 6, 22, 34 and 80 yards.

Smith set the pace with two scoring jaunts in the first period, then White took over in the second quarter. The quarterback scored on an 8-yard run, then hit touchdown passes to Emmett Cardenas and Gilbert

Martinez of 28 and 11 yards. White galloped for his other two scores in the third period and ran for a two-point conversion. Martinez added three points by kicking.

Anton's Bulldogs got on the scoreboard in the final quarter when quarterback Tom Gilbert tossed a 5-yard pass to end James Holmes. Later in the period, guard Dennis Hill dropped the Cooper signal caller in the end zone for a safety. Anton is 0-3 for the season.

Cooper, now with a 3-0 record, travels to Wolforth Friday night for a contest with the tough Friendship Tigers of 4-AA.

Band Sports New Uniforms

The Slaton High School Tiger Band received new uniforms this year. The new uniforms, which were worn for the first time Sept. 13 at San Angelo, consist of black coat and pants with white overlay. The black is accented with red trim.

The uniforms have been an effort of the band for the past few years. The previous uniforms have been used since 1957 and were in bad need of repair. The band purchased new hats last year. The approximate cost of the new uniforms and hats was \$100 per uniform.

Historian Displays Swords in Assembly

Nearly 50 swords and daggers were viewed by Slaton High School students in assembly Sept. 17, when Dr. Ellis Pierce, an historian, master swordsman, and coach, presented the program.

Dr. Pierce presented an adventuresome picture of life in early colonial America. His display of over 50 swords, cutlasses, daggers, and dueling articles were vividly explained and demonstrated.

Dr. Pierce has had over 44 years of fencing experience. He is presently "Maitre d'Armes" of the Westmoreland Fencing Club of Pittsburg, Penn.

Wilson Wins 13-12 Thriller at Sundown

The Wilson Mustangs remained undefeated after capturing a thrilling 13-12 victory over the Roughnecks at Sundown Friday night.

Freshman quarterback John Fields passed for both touchdowns, and Dan Stone's conversion kick turned out to be the winning margin.

Wilson will host the Meadow Brocs in another non-district

game Friday night. The stands remained full until the final gun at Sundown as the two teams staged a defensive thriller. Steve Bednarz led the Mustang defense with 15 tackles, followed closely by Frank Lopez and Stone.

Sundown opened the scoring in the second quarter on a 10-yard run by halfback Eddie Eberhart. The point try failed. Wilson countered in the second period when Fields passed to Steve Meador on a 50-yard touchdown play. Stone's kick gave Wilson a 7-6 advantage.

With only minutes left in the first half, Fields passed to Steve Brierger on a 7-yard touchdown play. Eberhart scored again for Sundown in the third period on a 35-yard pass play. The Mustang defense rose up to stop the extra-points attempt, however, and hold on for the victory.

First downs were about even in the contest, and Wilson had a slight edge on total offense. The Mustangs had 141 yards rushing and 79 passing, compared to 135 rushing and 56 passing for Sundown.

Longhorn Rally Nips Southland

The Southland Eagles carried a 6-0 lead into the fourth quarter Friday night, only to see the Loop Longhorns rally for a 20-6 victory.

Loop blocked a Southland punt and moved 34 yards to tie the score. A little later, Loop took the lead on a 29-yard pass play. The Longhorns scored again with about a minute left in the game on a 65-yard run.

Southland had taken the lead in the first quarter on a 2-yard touchdown run by Stanley Abshire. Loop fumbled the ball twice within the Southland five-yard line.

The defeat was the third in a row for the Eagles. Loop is 2-1 for the season.

Larry Lockridge and Ray Valdez were defensive standouts for Southland.

Southland will host the Gall Coyotes Friday night, marking the return of former Eagle coach Bob Dyess to Southland. Dyess was the Eagle coach for a number of years before going to Gall this season.

Annual Staff Asks for Best

Slaton High School's annual staff starts out this year with a new rule. The staff, headed by co-editors Susan Cagle and Cissy Blevins, won the third place trophy for their layout design at the Yearbook Workshop at Texas Tech last summer. This accomplishment further assures a successful year for the staff.

The annual staff and school photographers attended Journalism Day at Texas Tech on Saturday, Sept. 20, after which they attended the Texas Tech-Kansas football game in Jones stadium.

Kathie Mitchell Named Editor Of Tiger's Cage

Slaton's High School's journalism department elected the Tiger's Cage staff members Sept. 8.

The staff includes Kathie Mitchell, editor; Paul Payne, assistant editor; Debbie King, business manager; Marilyn Meeks, Laura Lynn Basinger, and Mike Peterson, sports writers; Sandra Blevins, Judy Gilmer, and Penny Johnston, feature writers.

Others chosen were Terry Mosser, Glenna Smith, and Gaylon Barkley, ad salesmen; Danny Boyd, circulation editor; Teddy Kidd, exchange editor; Glenda Davis, Rebecca Ratliff, and Frank Chapa, reporters; Larry Witt, typist; and Jimmy Magouirk and Debbie Breed - love, copyreaders.

Mrs. M. W. Kerr is the Tiger's Cage sponsor this year. The staff plans to print 13 issues of the newspaper, this year. The Slatonite plans to run the senior interviews on other pages, and this will enable the staff to write more school news on The Tiger's Cage page.

The top students will take part in the Interscholastic League Contest.

Tigers Tackle Matadors Next

Lamesa came, saw, and conquered Slaton's outclassed Tigers by a score of 66-7. Lamesa proved too much for the Tigers as they showed a powerful attack which took apart Slaton's small but tough defense. After this game Lamesa looks like the cream of the crop in District 3-AAA.

The Tigers never gave up, but Lamesa's speed and strength was too much. Slaton's only score came in the fourth quarter when Terry Mosser hit Alan Fondy on a 34-yard pass. Allan Sanders kicked the extra point.

Slaton hopes to get back on the winning track against Lubbock Estacado Saturday, Oct. 4 at Lowrey Field in Lubbock at 2 p.m.

Slaton's record stands at two victories and one defeat while Estacado stands 2-0-1. The tie game at the hands of Snyder 7-7. Estacado is currently ranked sixth in AAA state poll.

Nowadays, police release arrested juveniles to their parents. That is, if they can locate the parents.

EDITORIALS

Today in this modern and highly technical world, our school and its activities seem so small, so insignificant; but have you ever stopped to think where you would be without it or where it would be without you?

Nine months out of the year school is basically your own little world; but stop and think, "How much time, how much of myself do I alone give to my school and its activities?" It is not enough to just go to school every day and never know what is really going on and even worse not to even care.

There are numerous activities here in Slaton High School that you don't have to be smart, popular, or even talented to participate in. When one hears a person say, "I can't do this or that," everyone wonders how do they know if they have never tried.

Your school is not only something to be proud of but, more important, something to have an interest in. This year go out and join an organization or at least support your school's activities because if you don't care about your little world, who will?

SCHOOL CHIEF, SIX NEW TEACHERS ON SHS FACULTY

The SHS faculty has acquired six new teachers and a new superintendent this year. J. C. McClesky was hired as our new superintendent of schools in August to replace Dr. P. L. Vardy. Mr. McClesky, his wife Aline, and son Billy moved to Slaton from Shamrock where he had been chief of schools for nine years. Mr. McClesky has attended Texas A&M and received his Master's Degree from Midwestern University.

Mrs. Mary McClesky is one of our new teachers at SHS who plays golf as her hobby. She has attended Texas Tech University where she was graduated with Bachelor of Arts and Political Science Degrees.

Mrs. McClesky enjoys our small school atmosphere and also enjoys teaching here. She teaches Algebra I, Algebra II, geometry, and trigonometry.

A new face in our English Department is Mrs. Mary Whittington from Richardson. She was graduated from Texas Tech University where she earned her Bachelor of Arts Degree in history. Mrs. Whittington prefers a small school like SHS and enjoys teaching here very much.

A popular new teacher around SHS is ROTC Commander, Sergeant L. B. Winters. The Sergeant enjoys teaching at SHS, and he is especially proud of his 106 ROTC boys. At the present Sergeant Winters is working on his L.B.B. Degree at Texas Tech, which he will receive next year.

Our new SHS speech teacher

is Mrs. Donnie Gillis from Alamogordo, New Mexico. Mrs. Gillis was graduated from Wayland College and has been teaching for five years. She enjoys our small school and the friendly SHS students.

A new coach is with our football team this year; he is Coach Jackie Steward from Snyder. Coach Steward is a graduate from Sul Ross. He likes any sport and enjoys going to athletic events. He also takes interest in hunting and fishing.

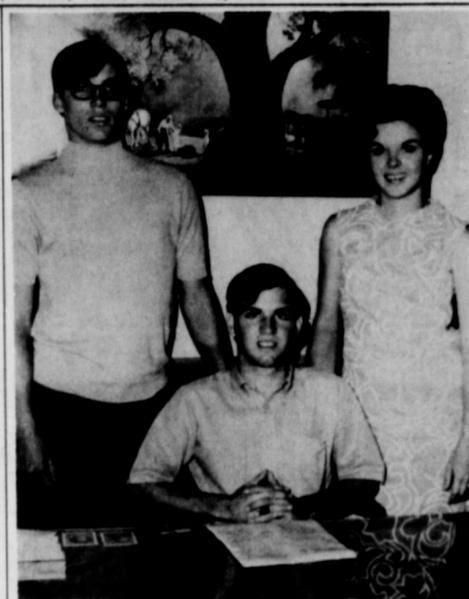

Georgia Geer Heads Pep Squad

The 1969 Pep Squad consists of 40 school-spirited members. The officers are Georgia Geer, president; Linda Thomas, vice-president; and Cissy Blevins, secretary-treasurer.

Their uniforms are black pleated skirts with white blouses, red vests, and black ties.

The Pep Squad will be led by six enthusiastic cheerleaders -- Dee Dee Carter (senior) head cheerleader, Judy Eblen (senior), Cindy McWilliams (junior), Glenna Smith (junior), Cynthia Akin (sophomore), and Loretta Dillon (freshman). Their new uniforms this year are black, low-waisted jumpers with big box pleats stitched in red.

Mrs. Audean Nowell sponsors the group.

Tigers Start Season With Only Eight Lettermen From Last Year

The Slaton Tiger Varsity opened the 1969-70 season with a meager inheritance of only eight lettermen from a 4-6 team, but an outstanding junior varsity crop brightens the outlook.

Size is the main problem with only four boys over 185 pounds. They are Larry Moore, 212; Tom Hargrave, 200; Allen McDonald, 198; and Dennis Rushing, 195.

Other members of the varsity include: Quarterbacks: Terry Mosser, 150; and Walter Simmons, 140. Fullbacks: Larry Moore, 212; Don Smith 170; and Ismael Ledesma, 160. Halfbacks: Nicky Farrell, 170; Allan Fondy, 165; Bruce Schuette, 170; Frank Self, 160; Glenn Akin, 145; and Joe Johnson, 160.

Centers: Charlie Geer, 165; and Allan Sanders, 150. Guards: Louie Scott, 180; Ollie Rainwater, 160; Ronnie Howard, 170; Ted Dixon, 150; Gary Cook, 155; and Dick Davis, 155.

Coaches are Ernie Davis (McMurray), Eugene Franklin (North Eastern Louisiana), Doc Mize (Texas Tech), Jackie Steward (Sul Ross), Kenneth Housden (WTST), Joe Sparkman (Texas Tech), and R. G. Copeland (NTSU). Managers are Frank Menzel and Leland Kuykendall.

The freshmen have played two games this season, winning against Tahoka and losing to Plainview. The Slaton freshman and junior varsity combined their teams against Tahoka's combined team to win 16-0 here Sept. 18. Steve Nieman scored in the second quarter and Randy Davis ran for the extra points to give Slaton a 8-0 lead. Davis ran for the extra points to give Slaton a 8-0 lead. Davis scored again in the fourth quarter, and Jackie Ford ran for the extra points.

The freshmen will play at Abertnath today at 5 p.m.

SHS LEADERS

You Dig The S.C. ?

What is the Student Council; how does it work? Who are the representatives and officials? These questions have been asked by a number of students.

The Student Council is the governing body of the school; it raises money to sponsor activities to aid the enjoyment of the students and teachers at Slaton High School. All decisions are made by majority ruling. The only person who can veto a plan is M. W. Kerr, the Student Council sponsor.

The representatives come from the individual classes. In early September right after school starts, two additional students are added from each class by elections. The seniors have eight representatives; the juniors, six; the sophomores, four; and the freshmen, two.

The group is headed by Gaines Teague, president; Charlie Geer, vice-president; and Patty Neill, secretary-treasurer. Other council members include: seniors, Marilyn Davis, Darlene Hlavaty, Jimmie Rodgers, Dickie Jones, Clifford Summar, Nicky Farrell, and Georgia Geer; juniors, Kathie Mitchell, Glenna Smith, Glen Akin, Mario Avila, and Cindy McWilliams; sophomores, Cynthia Akin, Randy Davis, Marsha Bednarz, and Gary Dillard; and freshmen, Lana Dickson and Steve Nieman.

The Student Council is in charge of all elections at SHS, plans the school assemblies, and plans all Western Day activities. Past projects include purchasing furniture and carpet for the main office, the teachers' lounge, and the counselor's office.

The Council purchased and installed the sign in front of the school, the trophy case in

the front lobby, and the Tiger pep pennants seen each Friday morning on the campus. Their main project was securing the Victory Bell from the Santa Fe Railway Company and the construction and painting of the trailer and the bell.

Class Officers Named Under New System

A new system of electing student officials has been developed at Slaton High School this year. It is now a system of voting by secret ballots only, and not in front of the entire class. New class officers and Student Council members were nominated Sept. 4, and elected the next day.

The senior class officers are Lonnie Kuss, president; Robert Englund, vice-president; and Dianne Kenney, secretary-treasurer. Senior student council representatives are Nicky Farrell, Darlene Hlavaty, and Georgia Geer.

The juniors selected Frank Self, president; Terry Mosser, vice-president; Jane Webb, secretary; and Kathie Mitchell, treasurer. Student council representatives are Cindy McWilliams and Mario Avila.

The sophomores named Tommy Walters, president; Floyd Kitten, vice-president; and Cynthia Akin, secretary-treasurer. The student council members are Marsha Bednarz and Gary Dillard.

The freshmen named as president, Mike Lewis; vice-president, Paul Martin; and secretary-treasurer, Cathy Riney. Freshman student council representatives are Lana Dickson and Steve Nieman.

Class sponsors include: freshman, Mrs. Happy McClesky, Miss Faydel Barrett, and Miss Donnie Gillis; sophomore, Ernie Davis, Mrs. Velma Figley, and Jackie Stewart; junior, Mrs. Saleta Duff, Mrs. Roberts Johnson, and Kenneth Housden; senior, Eugene Franklin and Weldon Mize.

Honor Society Elects Officers

The National Honor Society elected officers for the 1969-70 school year at a meeting held Sept. 26.

The officers are: Pat Edwards, president; Jimmie Rogers, vice-president; Darlene Hlavaty, secretary; and Marilyn Davis, treasurer. Their sponsor is Mrs. M. G. Davis.

The Honor Society is a new club at SHS, starting only last year. It is an organization for students with a high scholastic standing, who are active in school activities and interested in the school and its well-being.

2 FFA Students Win at Fair

Two Slaton High School FFA students won prizes last week at the Panhandle South Plains Fair Livestock Show. They were Gary Cook and Glen Akin, both juniors.

Gary Cook showed the Reserve Grand Champion of a Berkshire Junior Spring Gilt hog. He also won first and second place in the junior show; in the open show he won a fourth and a fifth. With his Poland China Junior Spring Gilt hog he won third and fourth in the junior show; and in the open show he won fifth and sixth.

Glen Akin won third place in the junior show and sixth in the open show. This was won by his Berkshire Junior Spring Gilt hog.

Fish Lead Enrollment

A recent census survey showed the total enrollment of Slaton High School to be 460.

The freshman class was the largest with 126. They had 67 girls and 59 boys, being the only class to have more girls than boys. The sophomores fell next in line with 55 girls, 62 boys, and a total of 117.

The juniors had 113 in their class, consisting of 53 girls and 70 boys. The seniors turned out to have the smallest class, with 46 girls, 58 boys, and 104 altogether in their class.
