

Public School Week Observance Planned

The Texas public schools, which observed their 115th birthday Jan. 31, have changed so much in recent years you wouldn't believe it.

That is, you wouldn't believe it unless you paid them a visit.

Texas Moms and Dads, always welcome at their local public schools, have a special invitation to visit during the week of March 2-6. This is the 20th annual observance of Public Schools Week in Texas.

Parents are invited to visit Slaton High School anytime during the week, according to principal M. W. Kerr. Special open houses are scheduled at junior high and Stephen F. Austin from 7:30 to 9 p.m. Monday, report

principals J. D. Perkins and Virgie Hunter.

West Ward will have an open house Tuesday from 7:30 to 9 p.m., including a special musical presentation in the cafeteria.

School officials point out that parents are welcome to visit anytime, and especially during Public Schools Week.

In his proclamation, Gov. Preston Smith said, in part: "Our goal is to make Texas public schools the finest in the nation. To achieve this, our citizens are urged to take an active interest in the school systems and to cooperate with their school boards, superintendents, principals and teachers."

Texas school administrators, teachers and students are getting ready to show their fellow townspeople what's new in the modern schoolhouse of 1970.

Visitors can be on the lookout for some of these possibilities: --New kinds of school-day schedules (flexible, modular, or modified traditional).

--New staffing patterns (team teaching, cooperative teaching differentiated staffing).

--New teaching personnel (teacher aides, supervisors).

--New instructional equipment and materials (audio tapes, overhead projectors, television, films, filmstrips, driver education simulators,

"newspapers in the classroom").

--New teaching techniques (field trips which take the classroom out into the community, or bring "expert witnesses" from the community to the classroom).

"Team teaching" is just what the name implies: The teaching of a subject to a class by several teachers working together, rather than one alone. About this method, one Texas teacher said: "I used to be very traditional, but I made a complete about face when I saw how some of the new methods of teaching English brought results. The change was worth the effort. Teachers can do so much more as a team

than they can do individually."

Many Texas school systems, both large and small, have found that "teacher aides" can make great contributions to the school program. These classroom assistants are not trained to teach, but they are invaluable for such time-consuming tasks as giving tests, grading papers, running duplicating machines; securing, setting up and operating audiovisual equipment; assisting in libraries and labs; keeping order while teachers work individually with students, and in many other ways limited only by the resourcefulness of the teacher and teacher aide.

You don't need an engraved invitation to visit the public schools any time, but they'll be expecting you March 2-6.

MR. & MISS SHS--The student body at Slaton High elected Rushing and Patty Neill as Mr. and Miss SHS for school year. Both are seniors. Patty is the daughter of Neill and Dennis is the son of Mrs. M. J. Rushing. Favorites were elected and are listed in a story on page 6.

Top Youth Leader To Appear Here

Deadlines Near, Candidates Shy For Local Races

With the filing deadlines just a week away, there were still some open spots on the City of Slaton and Slaton School District election ballots this week.

There are three terms expiring on the school board, and only one candidate has announced to date. Jake Wendel, tv and appliance dealer, filed last week.

Terms of city commissioners expire in Wards 2 and 4, with no candidates announced for Ward 4. Otis Neill filed for re-election in Ward 2, after the Rev. Johnnie Moore became the first candidate.

Filing deadline in the school election is Thursday, March 5 at 5 p.m. Deadline on the city election is Friday, March 6 at 5 p.m.

Election dates are April 4 for the trustee election and April 7 for the city election.

SPORTS BANQUET HEADLINERS--Two special guests at the Tiger Club's annual All-Sports Banquet last week visited with officers of the sponsoring organization following the event. Left to right: Coach Buddy Fornes of McMurry, guest speaker; Jerry Don Sanders, Texas Tech's great kicking specialist; Glen Akin, retiring president, and Ken Henderson, incoming booster president.

Dr. Walter Kerr, founder and director of the National Youth Foundation, will make a special appearance at Slaton High School Friday at 1 p.m. with interested parents invited to attend the school assembly.

Dr. Kerr, an internationally-known youth leader from Tyler, is being brought to Lubbock by the Lubbock chapter of the National Association of Women in Construction. He will be principal speaker at a banquet Friday night at the Red Raider Inn for construction industry leaders.

Kerr, an entertainer, lawyer and minister, will make two school appearances -- at Lubbock Estacado Friday morning and at Slaton High Friday afternoon. His message to youth is one of motivation, to inspire them to be stronger and to be mentally capable of meeting today's challenges.

A native Texan, Dr. Kerr and his family reside in Tyler, which is the national headquarters of his Youth Foundation. Purpose of the Foundation is to help the youth of America achieve the highest degree of character development and citizenship responsibility.

Kerr has been an entertainer, lawyer and minister. He spent a year in New York City working professionally in radio and theater. Even today, he is considered by many to be one of the finest guitarists and ballad singers in the country. He served as a consultant for Cecil B. DeMille in the making of "The Ten Commandments" motion picture.

He prepared for law at the University of Texas and entered law practice at Lufkin, later joining the legal staff of the Governor of Texas. It was from this position he was called to the ministry.

Throughout his 21 years as a Methodist minister, Dr. Kerr distinguished himself in many ways as a dedicated man of God. He held pastorates in Austin, Robstown, Kerrville and Tyler. He resigned his pastorate at Tyler that he might give full time service to youth.

Dr. Kerr's book, "Child by Child We Build A Nation", set out the need and the legislation for the Texas Youth Development Council. He was chairman of the Council for six years under two governors--Gov. Buford Jester and Gov. Allan Shivers. He has held several national posts in youth work and was a delegate to the International Youth Conference in Stuttgart, Germany.

He served as Director of Friendship and Understanding for the 1964 Olympics in Tokyo. Dr. Kerr holds the Silver Beaver and the Silver Antelope awards from the Boy Scouts of America, and has been awarded the National Leadership Award from the Freedoms Foundation in Valley Forge.

Top Athletes Honored At All-Sports Banquet

Larry Moore, Don Smith, Clifford Summar and Marilyn Davis drew special football and basketball recognition, and McMurry Coach Buddy Fornes spoke of the "will to win" to highlight the annual All-Sports Banquet here Thursday night.

Four other athletes were cited for academic achievement, and Tiger Club president Glen Akin presented certificates of appreciation to "big boosters" of the club. The booster organization sponsors the banquet to honor all athletes

at Slaton High School.

Senior athletes whose names will be added to permanent trophies at high school were: Moore, most valuable football player; Don Smith, "Fighting Tiger" (110 percent effort); and Summar and Davis, outstanding basketball players.

A new plaque for athletes with top grades saw a tie for both boys and girls. Marilyn Meeks, junior, and Cynthia Akin, soph, were recognized along with senior Jimmy Rogers and junior Terry Mosser.

Awards were presented to the athletes by Athletic Director Ernie Davis, coaches Gay Ivy and Kenneth Housden, and mas-

ter of ceremonies Speedy Nieman.

Coach Ivy presented plaques of appreciation to KCAS Radio and The Slatonite for their support of the girls' teams. The Tigerettes presented a plaque to Dan Davis as their "No. 1 Fan".

The banquet drew 107 athletes and about 160 guests and fans. Special guests included Jerry Don Sanders, Texas Tech grid star who has been drafted by the Cleveland Browns; school principals, and the high school cheerleaders.

Akin introduced new Tiger Club officers for 1970-71. They include Ken Henderson, presi-

Junior Stock Saturday

The Junior Livestock Show will be Saturday in the Evans Gym with the 4-H Club members vying for trophies and ribbons. The show, scheduled to start at 1 p.m., will feature a barrow show, according to Slaton High vocational agriculture teacher, Mr. J. W. Kerr. He expects about 80 barrows along with a few gilts and a few ewes.

The show will be Bobby Joe Boyd, swine producer. Trophies are provided by Supreme Feed, Slaton Co-Op and Citizens State Bank.

The show comes at an appropriate time for the observance of National Livestock Week, Feb. 21-28.

Parents are invited to attend the show, the first time at Evans Gym since Slaton Future Farmers building panels and preparing for the annual Lubbock stock show.

It is reported that 11 of the FFA members leave Sunday for Houston to show their barrows. He added that Glen Akin are helping carry the barrows to Houston.

The chapter has already made shows at El Paso. The chapter took trophies to San Antonio last week. After the Houston show, they will go to the annual Lubbock stock show.

Topic of conversation around Slaton has concerned reports of a "rock" held in Yellowhouse Canyon on weekend. News releases were this week to some news media, so plans are apparently "for real."

To advance publicity, the "rock" will draw some 15 famed rock hoppers. Local citizens are more concerned with the dissident hippies such as the coffee shop, reminding of the rattlesnakes in the canyon, suggestion for the event: "Yellowhouse Rattlesnake Feed".

School board member Bettye Swanner will host an internationally-themed leader at the high school assembly. We heard Dr. Walter Kerr chamber of commerce banquet ago, and he has an inspirational youth and adults alike.

Minister's Wife Leads Rewarding Life

BY LAVON NIEMAN

"Being a minister's wife is the life for me", says Mrs. Johnnie Moore, wife of the pastor of Slaton's First Christian Church. "Before Johnnie went into the ministry 10 years ago, he had been a newspaper publisher, railroader, bookkeeper, insurance salesman and a few other titles. . . but none were rewarding like the profession he's in now".

You know right away that Rev. Moore's work as a minister "rubs off" on his wife. Raised in a Christian home where all her friends were always welcome, Mrs. Moore enjoys company.

She often hears "Poor you, you have so much company", but she is quick to admit she loves people, in fact they're her favorite hobby. "That and being a preacher's wife and a homemaker are my hobbies", she says.

The Moore moved to Slaton four years ago from Plains where they owned and operated a newspaper and Rev. Moore ministered to two church congregations.

They have four children, Cheryl, 15; John David, 13; Melody, 11; and Tim, 7. Four children is enough to keep a homemaker busy, but Mrs. Moore also teaches a kindergarten class, is study director for Christian Women's Fellowship, sings in the choir (she has directed it in the past), is serving on the state nominating committee for CWF state officers (she'll be attending a meeting in Dallas next month), is Slaton's president of the Texas Association of Hospital Auxiliaries, and is apt to be making Rev. Moore's calls when he is out of town or ill.

When we visited Mrs. Moore, she was stirring up a birthday cake for John David who turned

13 on Feb. 20. The recipe she was using is being shared with our readers. She said it was given to her by Mrs. Marion Hodge. And those who visit her often know she usually has a Glen Campbell album playing . . . which she did that day.

Signed by the State Health Commissioner and authorities of the Texas Water Utilities Association, the certificate of competency is awarded only to those utility plant operators who have successfully demonstrated their skill and knowledge in modern principles of plant management.

To qualify for certification, a plant operator must have accumulated a prescribed amount of actual work experience. He must also have attended both regional and statewide short schools at which the techniques of water treatment and waste water disposal are taught, and must have passed an examination given by State Health Department sanitary engineers.

State law requires that at least one operator per shift be certified for competency by health department engineers, but many operators seek certification on their own time and

Girl Scout Cookies Go On Sale Friday

Girl Scouts of Slaton and the Caprock Council will begin their annual cookie sale tomorrow, Feb. 27, according to Mrs. Clarence Voigt, Slaton Neighborhood Cookie chairman.

While girls are selling cookies, they will wear their Girl Scout uniforms or pins.

Profits from the sale are to be divided between the local troops and the Caprock Council. The Council profits will go into buildings and improvements at Camp Rio Blanco.

Camp Rio Blanco, located northeast of Crosbyton, is a summer camp available to troops throughout the entire 18-county Caprock Council.

A two-week campership will be awarded to Girl Scouts who sell 350 boxes of cookies or more, and girls selling 100 boxes

will receive a "cookie champ" patch for their uniform.

Certificates of honor will be presented to girls who sell 25 boxes of cookies.

Five kinds of cookies will sell for 50 cents a box: mint, assorted sandwich, butter flavored shorties, peanut butter, and pecanettes.

Approximately 6,000 girls will be making sales pitches in 18 counties in behalf of their annual cookie drive.

Summer sessions at Camp Rio Blanco begin in June, with each session based on the Girl Scout program in the out-of-doors. Camp activities include crafts, hikes, swimming, singing, campfires, cook-outs, nature study and star gazing. Six sessions are scheduled for girls of the various age groups.

COOKIE SALES BEGIN--Three Slaton Girl Scouts, Karla Kendrick, Raynie Hardisty and Roxanne McDonald are displaying three flavors of Girl Scout cookies that will go on sale tomorrow in Slaton. Slaton Girl Scouts hope to sell over 100 cases of cookies (SLATONITE PHOTO) this year.

'THE AUSTINITES'

By Geron Stricklin, Becky Taylor, Gloria Torres, Rita Travis and Valenda Sadler

All the fourth and fifth grade children enjoyed Valentine parties Feb. 14th at Stephen F. Austin School. Everyone had lots of "goodies" to eat. A special feature in Mrs. Hill's room was a magic program performed by David Davis.

Sylvia Nino and Donna Charters have checked out of school. Donna went to Sundown and Sylvia moved to Crystal City. Kenneth Sharpe and Valenda Sadler replaced them in Mrs. O'Neal's room. We always welcome our new students. Another new person in our school is Charlotte White from Abilene. She is in Mrs. Edwards' room.

Sylvia Estrada made a hurried weekend trip to Brownsville via San Antonio. She brought some very interesting pictures of that city to share with the children.

Mrs. Edwards' group is

studying the Hawaiian Islands, and Friday Mrs. Hunter is showing her slides of the islands to them.

Judy Coffield, Mike Tumlinson, Manuel Medrano, Debbie Sikes, Chip Outlaw, Quinton Farley, Christi Poer, Jean Carnes, Sheila Woodson and Melody Moore entered the Spelling Bee at Junior High Monday. Debbie Sikes won third place. Congratulations, Debbie, we are very proud of you.

Timmy Bourn is back in school after an appendectomy. Steve Wood spent the weekend in Alpine with his father, who is attending school there. Mrs. Wood and Elland went, too.

Miss Dutton, one of the fourth grade teachers, has been absent a day and a half due to illness.

According to Gloria Torres, the reporter from Mrs. Morgan's room, "the clever and intelligent" students are the ones who obey their teacher and bring in all the assignments.

We are very proud of our new aquarium. The children have brought several different kinds of fish.

Roxanne Schuette, Cardell Fields and Joe Hartley saw the Harlem Globe Trotters play in the Lubbock Coliseum recently. The boys are learning to play California kick-ball and the girls are learning to play soccer. P.E. is one of our subjects.

Nursing Home News

BY BOBBIE GREER

The past week proved to be a very enjoyable one for us all. On Wednesday Mrs. Virgie Hunter played the piano at her usual time. She is always good. Then the Ladies Auxiliary played their monthly round of bingo with the residents. Winners were Chester Hill, Mary Sides, Minnie Gilliland, Dora Scudder, R. E. Tumlinson, Alice Baker, Noble Cummings, Sarah Benton, Olla Shockly, Lottie Geer, Marty Mercer, Nora Carnes, Bertha Walker, Jess Eckles, Bertha Watson and Annie Peterson. I believe 16 residents played bingo. Five auxiliary ladies provided the bingo party entertainment.

Then our Valentine Party was a great success with Rev. Johnnie Moore, pastor of the First Christian Church, doing magic tricks. We all enjoyed him and hope he will be back soon. Thanks to Vicky Tumlinson and the FHA girls for our decorations. They decorated with red and white streamers, red angles, hearts and some of the cute wall decorations. The FHA Chapter provided cookies made like red hearts and the home furnished red punch and candy hearts.

Others helping with the party were Mrs. Darla Earwood and the Girls Auxiliary from the Westview Baptist Church. These girls have been a great help to our home. They gave the residents lovely table centerpieces that they had made, and decorated the doors with hearts.

Mrs. Dora Scudder won the Valentine flower arrangement when her name was drawn. Ronald Woolver presented the Sunday worship services and the residents enjoyed his message.

Mrs. Kate Nieman returned to the nursing home after being a patient in Mercy Hospital for quite some time. We're glad to have her back.

Gifts have started coming in for the auction sale on Friday, Feb. 27. We appreciate everyone's interest in this and want to remind those who are donating gifts to be auctioned should tag them with the name of their firm. Mrs. Bobbie Hogue is working real hard on this project and you can see the posters she has made around town. Coy Biggs and Ted Melugin will be the auctioneers for the sale. They will be donating their time, and we hope for a large turnout of people.

Those who would like to donate items for the auction should take them to the home before Feb. 27. Proceeds from the auction will be used to buy material for crafts and parties for the residents.

Feb. 17-24

Mrs. Noble Cummings celebrated her 90th birthday Friday. Many friends visited here and she received a letter from Governor Preston Smith congratulating her.

Two of our residents, Mrs. Dora Scudder and Mrs. Mary Meeks are patients in Mercy Hospital. We wish a speedy recovery for them.

STARS—Athletic Director Ernie Davis poses with two of his football All-Sports Banquet, after the pair had been named for top honors. Larry Moore, big Tiger fullback, took the "most valuable player" award, Don Smith, backer, was recipient of the "Fighting Tiger" award—signifying 110 percent

AND BASKETBALL STANDOUTS—Coach Kenneth Housden and Coach Gay Ivy pose with the players named as the outstanding basketball athletes at the sports banquet last week. Clifford Summar received the boys' award, while Marilyn Davis took the girls' top award as well as the free-throw award. Both are seniors.

GOOD GRADES, TOO—A new award presented at the athletic banquet the past week recognized a boy and girl for the best grades while earning a varsity letter. It wound up in a tie on both sides of the trophy. Left to right are senior Jimmy Rogers, sophomore Cynthia Akin, senior Marilyn Meeks and junior Terry Mosser.

Marilyn Davis Tops Tigerette Scoring

Marilyn Davis closed her record-breaking career with 622 points for the Tigerettes this season. She averaged 23 per game, and posted a fine 23-7 record.

Miss Davis won the team's "outstanding player" award at the All-Sports Banquet last week. She has been named to the all-district team for three straight years.

Coach Gay Ivy will have her other forwards returning next season, Junior Marilyn Meeks tallied 514 points this year to rank second in scoring, and Sue Brake was third with 343 points. Meeks averaged 17 points a game, and Brake averaged almost 14 per contest.

Senior guard Jan Griffith led the team in rebounding, grabbing 160 off the boards in 30 games. Davis was next with 141, followed by Debbie Greenfield with 83, Brake with 80, Shirley Hightower with 59, and Patty Neill with 50.

Miss Davis, a top prospect for the state All-Star game, hit 178 of 266 free shots for a 66.9 percentage. Miss Meeks hit 55 percent, or 164 of 298. Davis had five games where she scored 30 or more points, with 35 as the tops against Spearman.

Moore Cited On South Plains Dream Team

Larry Moore, high-scoring Slaton Tiger cager, has been named to an honorable mention berth on the All-South Plains AAA basketball squad.

The triple A all-star team, announced by the Lubbock Avalanche Journal, is dominated by Lamesa and Dunbar cagers. Lamesa Coach O. W. Follis, who has compiled a 567-153 won-lost record with the Toradoes, was named coach of the year.

Lamesa and Dunbar each placed three on the 13-member team. Canyon had two players with Brownfield, Fort Stockton, Seminole, Snyder and Tulla landing one each. Dunbar, in the same zone with Slaton, placed Glen and Ernest Davis and Marc Wilson.

Moore, who also made honorable mention on the All South Plains football team, was among nine players who drew honorable mention.

ed for most of the other points. Junior JaNette Gass tallied 89 points and sophomore Cynthia Akin had 47—both playing in about half of the games.

SANDERS MEETS SANDERS—Slaton High gridder Allan Sanders (right) got a thrill in meeting and chatting with Jerry Don Sanders, Texas Tech grid star, at the All-Sports Banquet here last week. The two are not related. The Tech star has been drafted by the Cleveland Browns, while the Tiger athlete will be a senior next season. (SLATONITE PHOTO)

Up in the Air

BY ROGER EVANS
Slaton Municipal Airport
What do you want to do when you're 75 years of age?

Roy Schlemeyer decided he wanted to learn to fly a helicopter, so he came up to Slaton from Odessa the past week and started taking lessons.

Not many people can handle a helicopter the first time at the controls, but Schlemeyer did just that. He came by it naturally, however, as he started flying in 1912.

I had the opportunity to visit with him for a while, and he's one of the most interesting men you'd ever want to meet. After barnstorming around the country for several years, his good friend Paul Braniff talked him into joining him and another man in a business that is known today as Braniff International Airlines.

Schlemeyer was the first pilot for the airlines, which had a flight from Tulsa to Oklahoma City about 1925 in a Stinson aircraft. He went on to become the first multi-engine pilot for American Flyers, known today as American Airlines.

Schlemeyer also claims the distinction of soloing Wyley Post. Gliders also interested him and he flew his first glider in 1921. He is still active as a glider instructor and also builds acrobatic airplanes in his shop in Odessa.

Rogers Places At Brownfield

Cold weather cut short Slaton High's first track action Saturday at Brownfield, with only one team member making the trip.

Jimmy Rogers, a senior letterman, placed second in the long jump with a leap of 20 feet, 7 1/2 inches. Coach Gene Franklin decided not to take the full team in the cold weather after only a week of workouts.

Lawton, Okla., won the meet with 79 points and Big Spring was second with 76. There were 23 teams in the first meet for the area. Snyder was third, followed by Dumas, Brownfield, Idalou, Denver City and Levelland.

The Tiger track squad is scheduled to participate in the Colorado City Track Meet Saturday.

Entries Needed For VB Tourney

The Slaton Classroom Teachers' Adult Volleyball Tournament for men and women will be held March 9-14 in the Slaton High School Gym.

Entry deadline is March 2 and any team is welcome to enter. A \$5.00 entry fee should be sent to Pat Wright, 1380 W. Lynn, Slaton, Tex. 79364 or call 828-5374 after 5 p.m.

Mrs. Kaye Passmore's seventh grade art classes have made posters advertising the teachers' tournament. These are on display all over Slaton.

LETTERS to EDITOR

Dear Editor:
A great big thanks to all you Slaton folks for buying so much Camp Fire candy from us. We hope you enjoyed it and will want more next year. You have enabled all three of us to go to Camp Fire camp this summer, by helping us sell 175 boxes of candy each. We think this slogan is very appropriate: "The Nicest People Live In Slaton."

MUSTANG ROUND-UP

BY SHARON HERZOG

Last week was a very busy one around Wilson High School. It started with an exciting donkey basketball game on Tuesday.

The game was sponsored by the athletic department and the proceeds go toward the purchase of a gym set, or weight machine. Spectators enjoyed the game, and the riders will remember it for a long time.

After much waiting, and continuously asking the coaches about the situation, football players finally received their well-earned jackets Friday. The boys will welcome cool weather so they can show off the pretty all-leather coats.

The annual All-Sports Banquet was held Friday evening. Master of ceremonies was Dee Bowman of KCAS Radio. Awards for basketball and football were given at the banquet.

Coach Joe Downey presented the girls' basketball awards to Karla Moore, most points scored, and Quana Ortega, most outstanding player. Coach Terry Harvick announced the boys' awards. They went to Brad Moore, high pointer, and Ronnie Anders, most outstanding.

Coach Al Mitts distributed the football awards. Steve Brieger was recognized as high scorer, and Frank Lopez won the "Fighting Heart" award. Karen Hobbs and Suzy Mc-

Cormick provided entertainment at the banquet.

Guest speaker for the banquet was John Niland, Dallas Cowboy star. After the banquet, he gave autographed pictures to the fans.

Basketball season came to a close last weekend with a B-team tourney in O'Donnell. Wilson's teams both won third-place trophies. The boys downed New Home, 50-36, then lost to Plains by 43-22. Danny Crowson led scorers with 23 and 20 points in the two games. The Wilson girls opened with a 19-15 win over O'Donnell, then lost to New Deal by 26-23 and to Sands by 39-27. Kathy Coleman, Rene Kahlick and Tarrie Steen led Wilson's scoring.

TEXAS PUBLIC SCHOOLS WEEK

March 2-6, 1970

What makes Texas schools so special? They're special because Texas Public Schools educate your children, and that should make them important to you.

It's for that reason that Texas educators and Texas Masons all across the state work together to promote Texas Public Schools Week. This year, the dates are March 2nd through 6th.

Make it your business this year to show an active interest in your child and his school—and to find out first hand what your tax dollars are doing for the education of your children.

Mark your calendar now: Texas Public Schools Week . . . visitation March 2nd through 6th at a school near you.

COLUMN 1---

(Continued from Page 1)

the week as Lanny watched. Naturally, Lanny still points out that his catch was a record, but his dad was pleased to show him up on the Falcon trip, Howard reports the Farmers' Gin group brought home plenty of fish, despite some bad weather during the week. The gin party included 48 men from Slaton.

If you think some of the ad writers come up with clever phrasing these days, consider

this coffee advertisement from the "Public Adviser", published in London more than 300 years ago:

"In Bartholomew Lane, the drink called Coffee, which is a very Wholesome and Physical drink, having many excellent virtues, closes the orifice of the Stomach, fortifies the heat within, helpeth Digestion, quickeneth the Spirits, maketh the heart lightsome, is good against Eyesores, Coughs, Colds, Rhumes, Dropsy, Gout, Scurvy, King's Evil and many others, is to be sold both in the morning and at three in the afternoon." What that copywriter could have done with freeze-dried instant coffee!

Drive Launched

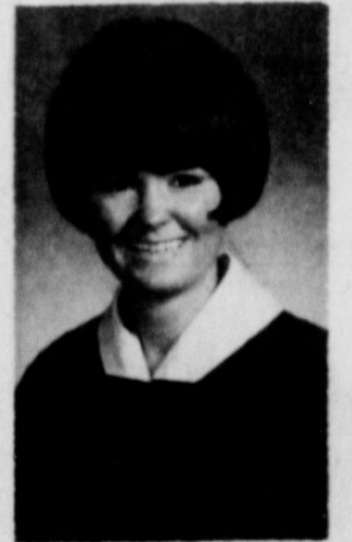

The Young Homemakers are sponsoring a drive to landscape the new CHS school grounds. In doing so, they are asking the help of the high school classes, organizations and local businesses. The whole purpose of the drive is to make our school more beautiful. The landscaping plans are being designed by Tom's Tree Place. Any size donation toward these trees will be accepted, and all are appreciated.

ALL-DISTRICT BB All-district basketball teams were selected by other school coaches, and are as follows: All-District Girls: Judy Dunn, forward and Brenda Jones, guard. Honorable Mention: Roxann McCuiston, Suzie Kahlich, and Vicki Potts. First Team Boys: Emmett Cardenas, Second Team Boys: Steve Louder, Congratulations!

PIRATES END SEASON Cooper defeated Plains 50-42 in the final game of the season. Steve Louder led the Pirate Charge with a total of 19 points. Emmett was second in scoring with 14 points. The Pirates out-rebounded the Eagles 44-27. Emmett led with 17 rebounds, followed by Dale Wimmer, with 10. The winner Plains gave the Pirates position of third place in District play. Cooper ended the season with a 5-5 record, and Seagraves won the championship.

DOUG GRIMSLEY Doug Grimsley, who was born Sept. 25, 1951, lists his favorite teacher as Mrs. Harry and his favorite subjects are drama, lunch and basketball. His favorite song is "Shtan". While attending CHS, he has been active in football 2 yrs., basketball 2 yrs., entertainment for Halloween Festival 2 yrs., FFA 1 yr., office 2 yrs., library and second place in the CHS Pageant in 1968-69.

ITEM: The best indicator for keeping track of your weight is an honest look at yourself in a full-length mirror. You should be able to tell if you've gained a few pounds or if your weight is about right.

ITEM: If you're hiring a professional painting contractor, there are some things you should do before he starts work. Move furniture into the center of the room. Dust walls and wash greasy or dirty areas with detergent and water. Move all clothes out of books out of bookcases, and take down draperies and blinds. By preparing in advance, you'll save unnecessary labor costs.

TROPHY FROM FALCON--Farmers' Gin annual was held at Lake Falcon last week with 48 Slaton on the excursion. Adams To Head Scout Campaign

Bill Adams, Slaton's Oldsmobile - Pontiac dealer, has been appointed local chairman for the Boy Scout annual Sustaining Membership Enrollment campaign to be held in March.

Adams pointed out that this campaign will represent the second year of a new method of securing funds for the operation of the operation of the Scout Council. Previously an annual finance campaign was held in the fall of the year. Under the current plan, the financial supporters of the council are enrolled as annual Sustaining Members, and support Scouting in a financial way much the same as others give of their time and effort on behalf of the scouting program.

Funds raised through the membership effort will be used to underwrite the budget of the South Plains Council, Boy Scouts of America, a 20 county area in West Texas.

The South Plains Council uses the funds secured to provide essential services to local Scout groups. Included in the services are the organization of new Cub Packs, Boy Scout Troops, and Explorer Posts; the operation of Camps Post and Tres Ritos; training courses for Scout leaders; area wide activities including camporees, courts of honor, Boy Scout Week celebrations; operation of the Scout office as a service center for the 20 county area; and a staff of trained executives who work with local Scout and community leaders as advisors in the operation of the Scouting program.

The local chairman will soon appoint members of a steering committee for the campaign. These people will be responsible for the membership enrollments, publicity, audit, and special memberships.

MRS. TOMMY WILKE

Senior Play Scheduled Mar. 5

Hello, out there, whoever and wherever you are today! It has been kinda cold, damp and dreary here at Southland today. The weather is dreary and my mood is dreary, due to the

fact that it was "Income Tax Paying Time" today! Wow! A trip to the income tax office is worse than a trip to the dentist, and you know how bad that can be! (ha)

Mr. and Mrs. Billy Lester, Edmund and Yours Truly attended the Bi-district basketball game between Post and Dimmitt which was held in the Shallowater gym last Tuesday

night, Feb. 17. Post won the game, 53-43. Mr. and Mrs. Robert Long and Cathy attended the Donkey ballgame which was held in the Wilson gym on Tuesday night, Feb. 17. They said it was real funny. I've never been to one myself.

NEWLY WEDS

Congratulations to Mr. and Mrs. Ernest Hooks on their marriage Feb. 14 in the Friendship Baptist Church at Close City. Mrs. Hooks is the former Kathleen Smith. She graduated from Southland High

School in 1963.

CONGRATS

We would like to extend a great big "Congratulations" to Mrs. Helen Cornish who received the "Woman of the Year" award at the Post Chamber of Commerce banquet that was held recently. We think that she richly deserve it!

Say, I notice that we have two presidents among our former Southland residents. Kenneth Callaway is president of the Post Jaycees and Fred Myers is president of the Post Chamber of Commerce. Congratula-

tions, guys!

BABY SHOWER

Mrs. Bill Dodd was honored with a "pink and blue" shower in the home of Mrs. Jack Myers Tuesday afternoon. Hostesses for the occasion were Mrs. Harman Havis, Mrs. Donald Pennell, Mrs. Pat Taylor and Mrs. Jack Myers.

Dan Eckert and a friend spent the week-end here in Southland visiting with his folks and friends. Mrs. Alice Martin has returned to our fair community after spending two months in

California. While in California she visited with her son and family, Col. and Mrs. Jack T. Martin in Merced, and her daughter and family, Mr. and Mrs. Roy B. Underwood in Pat-aluma. She also visited with Mr. and Mrs. Clarence Neukincher and Mrs. Ada Pick-ett, all of Oakley, Calif. The three women have been friends since all were young girls. Mrs. Alice Martin's sister, Mrs. Nora Billingsley, of Lub-bock, fell a couple of weeks ago and broke several ribs and she is having a pretty difficult

time of it. We hope that all goes well. Mrs. Billingsley will be out and about too long. HAS SURGERY Hubert Taylor surgery at Methodist last Thursday. He is well and it is hoped until he will be recovered. May God grant recovery. Mr. and Mrs. Taylor visited with Mr. and Mrs. Billingsley.

There has been quite a bit

Evangelist Is Rotary Speaker

The Rev. Ed Robb, Methodist evangelist, and Gene and Bobbie Moore, singers with the evangelistic team, were special guests at the regular weekly luncheon meeting of Slaton Rotary Club last week.

Robb called the church "the guardian of freedom" and declared that "the pulpit has had more influence on our lives in America than any other single factor."

He also pointed to the many by-products of Christianity. "The Rotary Club, Boy Scouts and other such organizations exist and prosper where the church is strong."

Commenting briefly on politics, Rev. Robb said the real danger of the radical left, "after the minority groups disrupt our free processes, is that it could lead to a right-wing dictatorship."

Gene Moore and his wife Bobbie sang several songs for the Rotary group, including several verses of "How Great Thou Art," one of their popular recordings.

The Rev. Bruce Parks was program chairman for the week.

J. S. Edwards presided at the regular club meeting. He announced that the club is planning an appreciation dinner for the Slaton Police Department and the Volunteer Fire Department.

Several visiting Rotarians and guests were introduced at the luncheon. Pat Edwards was presented as "Junior Rotarian" of the month.

Mercy Forever
 "Oh give thanks to the Lord of Lords; for his mercy endureth forever."
 —Psalms 136:3

Down through the centuries, the lives and fortunes of average citizens have been subject to the will of kings and emperors. We often read in history books of "good" kings and "bad" kings. Those fortunate enough to live in a land ruled by a kind benefactor and a wise leader were envied by those in neighboring countries who were not so blessed.

The world today is not without dictators. Many people are oppressed. One cannot say if the day shall ever come when all men will be considered "free."

We can, however, be grateful that the mercy of the one "master of the universe" still endures. As we pursue the course of our daily lives, we should be grateful that God sent His Only Son into the world to show by example God is merciful forever. Therein lies the greatest hope of all mankind.

EDITORIALS

There is an old saying, "You never miss the water until the well goes dry," that parallels perfectly the role our parents play in relation to us, their children. We tend to take them for granted and in doing so, we don't often stop to think how wonderful our parents are.

It is sort of like Linus' "security blanket" knowing our parents are there in the background always ready to lend their support when we are in trouble, or if everything seems to go wrong - as it will occasionally, we know we can turn to them for hope and reassurance.

Parents are human, too, and get tired and cross, just as we do. Sometimes they will scold and forbid certain actions, but they are always acting in what they think is our best interest because they love us and want us to lead a good life. I guess that's the greatest thing about our parents--the three one-syllable words "they love us." In doing so they have given us the best gift a person can give.

So, let's remember all that our parents mean to us and try to show our appreciation for their care and love, and let's give back to them the only thing they really want from us and the one thing that will give them the greatest pleasure--our love.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Operational plans for the High Plains diapause boll weevil control program took shape in Lubbock Feb. 4 at a meeting of the nation's top entomologists, members of the program's Technical Advisory Committee.

Ed Dean, Field Service Director for Plains Cotton Growers, Inc., instigator and coordinator of the huge control effort, said "With the exception of a re-evaluation of the treatment to be accorded specific areas within the control zone and some minor refinements that may be made to meet changing conditions, the program will be carried out in much the same manner as in 1969."

Objective of the program since its inception in 1964 has been to prevent the cotton-devastating boll weevil from migrating into the vast cotton acreages of the High Plains. "And no one can argue that the program has not been successful," Dean stated, "so our Advisory Committee sees no call for major changes."

The control method in use hits weevil infested cotton fields along the edge and just below the Caprock which borders the heavy cotton producing areas of the Plains on the East. Three rapid-fire applications of low volume Malathion are laid down at five to seven day intervals beginning in early September to interrupt the weevils reproduction cycle.

These are followed by treatments with the same insecticide on a 10 to 12 day schedule until early November to kill weevils that survived and have entered the diapause stage, the condition they achieve late in the season to permit survival through the winter.

At least 12 and possibly 14 counties will be involved in the 1970 control program. All or part of the cotton acreage will be sprayed in Hall, Briscoe, Motley, Floyd, Dickens, Garza, Crosby, Kent, Lynn, Borden, Dawson and Martin counties. The decision as to which acreage will be sprayed in a given county is based on whether weevils in that part of the county pose a serious threat to the 25-county High Plains area the program was designed to protect.

For example only weevil infested fields in the extreme northern part of Martin county will receive treatment.

Spraying may be done also in Andrews and Gaines counties where scattered weevil populations were discovered late in the 1969 season. It is not yet known whether weevils in this area overwintered there or were strictly migratory. To get this information, some 200 pheromone (sex attractant) traps will be spaced around fields in Andrews and southern Gaines county to detect early Spring emergence of weevils from hibernation, if any.

If it is found that overwintering did occur there, additional traps will be installed in early Spring to catch all possible weevils as they emerge. But if surveys reveal that all weevils were not caught, plans are to hit the area with two doses of malathion before the pest begins laying eggs. Egg laying begins at about the time cotton squares become 1-3 grown.

Entomologists explain that special attention is being given the Andrews and Gaines area because they think weevils to the South of the Plains may pose a threat even greater than those to the East. They point

out that there is an abundance of Shinnery Oak and other favorable hibernation sites in those two counties and that similar patches of cover are found all the way up into Bailey and other northern counties.

Dean said extensive surveying of areas subject to early weevil infestation will begin in all counties about mid-July to delimit the control zone for 1970. Until these surveys begin it is difficult to estimate the total acreage that will be involved," he noted, "but we are guessing the base acreage in the control zone will be approximately the same as the 227,000 acres in the 1969 program."

Asked about the aggregate acreage that might be sprayed through the season in 1970, Dean said it is probable there will be a substantial increase over last year when about 765,000 acres were sprayed.

"We had a shortage of funds for the program last year and were forced to prematurely stop spraying in many areas below the Caprock," he explained, "and we are anticipating a larger Federal appropriation this year that will permit us to carry out the full program."

The control effort is jointly financed by the Federal Government, cotton producers in PCC's original 23 counties and the Texas Department of Agriculture. Cotton producer funds and those from the TDA are matched by the Federal Government.

Producer contributions to the program in 1964 were 50 cents per bale, dropped to 40 cents the next three years, to 25 cents in 1968 and came back to 30 cents in 1969.

Dean said the decision on the rate of producer participation for 1970 has not yet been made.

Federal appropriations for each of the years 1964, 1965 and 1966 came to \$1 million. By 1967 the program had proven so effective that the base control zone was reduced from the original 300,000 acres down to about 117,000 and the appropriation was cut in half, to \$500,000.

But beginning in 1968 the weevil opened a new line of attack on the Plains through Lynn, Dawson and Borden counties on the Southeast corner of the area. Defending against the invasion on this new front was responsible for the fund shortage last year and will make necessary the increased appropriation being sought for 1970.

Texas Department of Agriculture's contribution to the program has totaled from \$20,000 to \$40,000 per year, including both cash and personnel and materials.

Top entomologists attending the February 4 meeting were Dr. Perry Adkisson, Head of Texas A&M University's Entomology Department; Dr. Sloan Jones, Head of the Cotton Insect Division of USDA's Agricultural Research Service; Dr. J. R. Brazzel, Head of Methods Development for USDA's Plant Protection Division of ARS; Dr. Dale Bottrell, Research Entomologist at the Texas A&M Research and Extension Center, Lubbock; Dr. Don Rummel, Area Entomologist for the Texas Agricultural Extension Service, and Dr. Ellis Huddleston of Texas Tech's Department of Entomology.

Nutrition Program Comes To Slaton

GROUP TRAINING SESSION---Erma Ashlock, left, is an aid with the Expanded Nutrition Program. Each Friday at 2 p.m., she conducts a class in nutrition at the Slaton Community Center. She is explaining better cooking habits to, left to right, Willie Pleasant, Soto, Clara Mae Conner, Jimmy Rivera, Corina Rivera and Janice Lacy; and Mrs. Lacy and Vila Rivera on the back row.

Over a year ago the Expanded Nutrition Program was begun in Lubbock. Since then it has proved successful and the program has recently been expanded to Slaton on an experimental basis. If enough interest is shown here and if it can be funded, aids will be working here every week.

Erma Ashlock, a trained aid, has been working here a few weeks and held her first community meeting last Friday in Slaton's Community Center located in the Low Rent Housing building recently completed.

Only eight attended the meeting, but it was a start. Mrs. Ashlock hopes to have more women attend tomorrow as she holds another class at 2 p.m.

The Expanded Nutrition Program is a federally funded program to aid urban homemakers in matters of nutrition. The program is operated through the County Extension Service with Mrs. Sam Sanders in charge of the Lubbock County work. Thirty aids have been trained and on the payroll since the program began a year ago. Each is expected to reach at least 50 women with information on nutrition and to train as many as possible.

This group of aids is capable of helping people in the lower income groups to understand the importance of nutrition and to make the best use of their food dollar.

The ENP aids help homemakers learn to read recipes, to use kitchen utensils, or to make substitutes when they are not available. Many homemakers have never used a recipe. They cook what their mother cooked and do not understand the terminology used or the measuring utensils needed. Also, they often do not have more than one or two pans or bowls. One woman confessed she had never known what a measuring cup was when she saw it in the grocery store.

When homemakers obtain the needed equipment or substitute cans and bottles for the measuring cups, they must then be taught to compute fractions. Some homemakers do not know how to use the commodity foods they receive and this is one reason they should seek the help of ENP. This can be done by attending the Friday meetings or call Mrs. Ashlock at phone number 828-3395.

"Many of the commodity foods are more difficult to prepare than packaged goods from the grocery," says Mrs. Ashlock. "However, their nutritional value is high and these women must be taught to use

the commodities they receive so that any money they have for food can be spent for fruits and vegetables which are not received from donated foods." Many homemakers do not understand the nutritional value of serving fresh fruits and vegetables. Even though they receive commodities, they prefer to buy prepared foods which are easier to serve and they do not have money left for fresh supplies. The aids have been able to help the homemakers learn to use the flour which they had thought was not usable. They teach the use of seasoning in the instant potatoes, beans and other commodities. They learn to make salads and other dishes from the instant potatoes. The instant non-fat milk received with donated foods is difficult to mix, and many homemakers do not understand the value of milk in a diet so they refused to use it.

Among the donated foods each month are flour, lard, butter, dry milk, cheese, canned meat and fruit and vegetables, rice, corn meal, rolled wheat or oatmeal, canned milk, peanut butter, beans and corn grits. The packages often do not include recipes and only scanty information on preparation. Un-

familiar foods like corn grits often are not used by the homemakers since they don't know what to do with them. Others are used infrequently or not at all because the family does not like the only way the homemaker knows to prepare it. During the year since its beginning, the Expanded Nutrition Program has a full-time enrollment of 1,112 homemakers for individual visits. The ENP conducted 92 adult group meetings with 600 homemakers attending and 127 youth group meetings with 1,337 attending. Including migrants, the ENP worked with 6,496 families last year. During January, weekly group meetings were doubled to accommodate homemakers.

In Lubbock there are now 13 groups meeting each week at community centers, churches and private homes. A program that will appeal to teenagers is in the planning stages and the ENP hopes to quadruple teenage attendance.

Each week the ENP sends out circular letters to women enrolled in the program. The one-page letters include useful information about nutrition, recipes and items that are inexpensive on the market at the time. The letters are well received. Often, an aid

Do you need a new cotton herbicide?

Were you disappointed by the way your pre-plant herbicide worked the last couple of seasons?

Have new weeds been cropping up in your cotton? Carelessweed, annual morningglory or cottonweed?

Would you like to save the cost of spraying solid, and just be able to band a herbicide right behind the planter?

And would you like a chemical that did away with the expense of incorporation?

And moreover, would you like to

rotate to sorghum or follow with cotton.

Any "yes" answer is reason enough to check out Caparol®, the pre-emergence cotton herbicide you can band right behind the planter. The cotton herbicide that controls problem weeds like carelessweed, annual morningglory and cottonweed. Without incorporation.

Check it out for yourself. Try Caparol. This one won't disappoint you.
